## Chapter 6 Wendy' s revenge.

Because she went to the hospital. She was already late for the tuition for half an hour.

In order to make up for her mistake, she told to the child that this tuition was free.

When she left the student's house, the sky was dark.

She went back to school by bus.

In the dorm, there was only Gill there.

Gill looked at her, but somehow her expression was not good.

"Gill. Move out of the room." Wendy said coldly.

She went to her desk, and sat down to open a book.

"Why?" Gill walked near Wendy. "Wendy. I did nothing wrong. Gorman slept with me for he liked me. As you can't give him what he needs, why not just let him go? He doesn't like you now. I'm his lover now."

Closing the book, Wendy stood up with a cold and distant look. "Sure, you can give him what he wants. Because I'm not a whore. Besides I have already gave up him. I said I don't want him anymore. As for you, we can't live together in a same dormitory anymore."

"Really? Then you could move out. I won't listen to you."

Wendy sneered, "Alright. You would better not regret it."

She then just sat down and opened the book to continue her exercises.

Gill clenched her fists and glared at her. But she also said nothing and returned to her bed.

Next day, gossips went around the whole school that Wendy's roommate should have seduced her boy friend Gorman. What's more the girl and Gorman were caught in the bed by Wendy.

After the class, Wendy was about to leave but Gill rushed to her from outside. She cried and shout to her, "Why do you do this? I like you so much. But why do you frame me on the Internet?"

Wendy held her book with a cold face. She stood up. " Seeing you two in the bed really hurts me. I was sad and painful. But I still like you. As you said, you could give Gorman your body which I couldn't, so I gave up him. Then why should I frame you on the Internet? I have already given him to you, what else do you two want me to do again? "

Wendy wiped her tears and sidestepped Gill to leave.

Gill was shocked to find that Wendy was a dog that did not bark but only bite directly.

Now the truth was revealed by them, by the victim directly.

Then Gill be titles as the biggest bitch of San Diego University.

After all, Wendy was not only a good student but also the school beauty queen in the San Diego University.

Before everyone joked that Gorman must have saved the galaxy in his former life, so that he could win Wendy's heart.

But now everyone said that Gorman might be blinded by the starlight at the same time in his former life, so that now he actually gave up Wendy for Gill.

Wendy left the office. When she was thinking if she needed to rent a room, her cell phone suddenly rang.

It was Henson.

But why did he call me again?

She was annoyed to pick up the phone. "Hello, Mr. Charles."

"Yes, it's me."

"Now is not the tutoring time yet. So what does Mr. Charles want?"

"The weather is good."

Wendy looked up... A little cloudy.

"Ugh ...right." What could she say?

"I remember you said that she would come to wash my car after the rain stopped."
