

Mr Gu 801

## Chapter 801 Child Support

Su Xue naturally knew that the widow next door would never get pregnant out of wedlock. She didn't understand where that young lady had come from.

Actually, that young lady was Qiao Nian.

At that time, the young lady had many scars on her face and her forehead was injured.

At that time, she was a little puzzled. She walked over and was about to ask where the young lady's family was. She didn't expect the young lady to hug her thigh and call her Mom.

At that time, Su Xue hurriedly explained that she was not the young lady's mother, but the young lady refused to listen to anything she said and still called her mother.

In the end, the young lady finally believed her. Knowing that she wasn't her mother, she stood there dejectedly.

Su Xue asked the young lady, "Do you remember where your house is? I'll send you back!"

The young lady shook her head, looking as if she couldn't remember anything.

"Then do you remember your name?"

This time, the young lady thought for a long time before saying, "Nian Nian..."

Seeing the young lady like this, Su Xue knew that she couldn't remember anything.

This young lady was also carrying a school bag. Su Xue opened her school bag, wanting to help the young lady find clues about her family.

When Su Xue opened her school bag, she saw a letter placed at the top.

"Sister Wang, this young lady has already lost her memory. Previously, I've been looking for someone who can adopt her. I heard that you're a very kind person. I want to entrust this child to you. I hope you can take good care of her. Her birthday is on the 16th of August. I have many important things to do now. After I'm done with these, I'll take her away on her birthday next year. There's also a six million cheque I've prepared for you in my bag. This is the child support fee for this young lady. Thank you!"

Six million.

When Su Xue saw the check, her eyes lit up.

Previously, she had secretly embezzled a million yuan of the company's public funds. If she had this six million yuan, she could return the company's public funds and have five million yuan in her private savings!

In the past, Su Xue had heard from others that pies would fall from the sky. This time, she really believed it.

The way Su Xue looked at the young lady changed. It wasn't difficult to raise a child.

With that thought in mind, Su Xue squatted in front of the young lady. A gentle smile appeared on her face as she said, "Nian Nian, Mom won't joke with you anymore. Let's go. Mom will bring you home!"

Then, Su Xue picked the young lady up and brought her back to her house before Sister Wang opened the door.

The young lady seemed to have suffered some major trauma in the past. Not only had she lost her memory, but she was also especially dependent on her.

No matter where she went, the young lady would follow her.

Due to this six million yuan, Su Xue found this young lady very pleasing to the eye.

When she returned to An City again, she brought the young lady back with her.

She told Qiao Shan that the young lady had been picked up in the countryside. She had no parents and felt that this young lady was very pitiful, so she brought her back.

Worried that Qiao Shan wouldn't be willing to adopt this child, Su Xue even made up an excuse.

This young lady's birth chart was very good. She was very suitable to be Qiao Yu's child bride. This way, Qiao Yu's life would be very smooth-sailing when he grew up.

Qiao Shan cared a lot about his son. When he heard Su Xue's words, he acknowledged the young lady without hesitation. To the Qiao family, raising a child was not difficult.

Moreover, this young lady could make his son's life go smoothly. Qiao Shan did not want anything to happen to his son in the future.

After Su Xue filled up the company's shortfall, she used the remaining money as her private savings.

Qiao Nian sat on the sofa. Seeing that Su Xue was silent, her frown deepened. Annoyed, she said coldly, "Looks like you've really fallen for your gigolo. You want to spend the rest of your life with him!"

Su Xue suddenly looked up, her gaze landing on Qiao Nian's face. Helplessly, she compromised. "I'll tell you. I'll tell you everything!"

Su Xue briefly organized her thoughts.

She definitely couldn't say that she embezzled funds, nor could she say that she had already kept a gigolo more than twenty years ago.

It was even more impossible for her to tell Qiao Nian that she had received six million yuan in child support.

At the thought of this, Su Xue sighed and said slowly, "I found you in Soul City!"

Chapter 802 Think About It

Qiao Nian narrowed her beautiful eyes and looked at Su Xue, signaling for her to continue.

She felt that Su Xue would not lie this time. Su Xue would definitely hide some small details, but that was not important. She just had to find important clues. Then, she would be able to investigate the truth.

SoulSpirit City!

When the time came, she would investigate this place carefully.

“After I gave birth to Qiao Yu, I often fell sick because I didn’t take good care of myself during my confinement period. That spring, Qiao Yu was in kindergarten, and I had a bad cold. I didn’t recover for three days. I was worried that I would spread the disease to Qiao Yu, so I wanted to return to my hometown to recuperate!”

Qiao Nian’s expression didn’t change, but her heart softened.

Spring.

She still remembered that Qin Chuan had helped her find information previously. It was indeed spring when she was kidnapped.

This meant that Su Xue wasn’t lying this time.

Qiao Nian listened to Su Xue continue without batting an eyelid.

“That morning, when I was about to go out to buy medicine, I opened the door of my house and saw you standing pitifully at my door. You had many external injuries, and there’s a wound on your forehead that’s still bleeding. You look like you just escaped death!”

Qiao Nian lowered her gaze. She must have been kidnapped back then, which was why she was injured.

However, it was unknown if she had escaped on her own or if someone else had sent her out.

“At that time, I was shocked. I thought you were a little beggar, but you stepped forward and hugged my leg, calling me Mom!” As Su Xue spoke, in order to make Qiao Nian believe that she wasn’t lying, she asked, “At that time, I even told you that I wasn’t your mother, but you thought I was your mother, but you didn’t believe me at all. You even thought that I was lying to you and that I didn’t intend to want you anymore! Think about it, is that true?”

When Qiao Nian heard Su Xue’s words, she frowned, trying hard to recall the past.

Seeing that Qiao Nian believed her, Su Xue hurriedly said, “At that time, we were beside a bamboo forest, and you were carrying a small school bag. Think about it carefully. Is that true?”

As soon as Su Xue finished speaking, some blurry memories flashed across Qiao Nian’s mind.

In a daze, she seemed to see herself standing in the bamboo forest with the young Su Xue.

In that case, Su Xue wasn’t lying to her back then.

However, she still had some doubts about Su Xue’s words.

Qiao Nian didn’t say anything. She just let Su Xue continue.

Su Xue sighed slightly, planning to portray herself as a kind person. She continued, "At that time, you were seriously injured. I didn't want to adopt you at first, but if I hadn't, you might have died. After some thought, I decided to accept you! Anyway, raising another child isn't difficult for the Qiao family!"

When Qiao Nian heard Su Xue's words, a cold smile flashed across her face. She questioned, "Are you that kind?"

When Su Xue heard Qiao Nian's words, her heart jumped to her throat. She had a bad feeling about this.

For some reason, she felt that Qiao Nian seemed to be able to read her mind.

Could it be that Qiao Nian could read minds?

How was this possible?

It was probably just that Qiao Nian had sharp eyes.

Qiao Nian crossed her arms and glanced at Su Xue calmly. She asked, "You adopted me without any benefits? Is this still you?"

Su Xue knew that something was wrong.

Qiao Nian was too smart!

But at this moment, she refused to admit it. Qiao Nian had no evidence anyway.

Su Xue shook her head and said with a serious expression, "What benefits could there be? At that time, your body was covered in injuries, and you were carrying a small school bag. At that time, Qiao Yu was still young, and his health wasn't good either. He often fell ill, so I thought that raising you could be considered a good deed for Qiao Yu. Moreover, at that time, I heard from others that if I found a child bride for my son, he would grow up safely. His life would be smooth-sailing, and there wouldn't be any disasters!"

At this point, Su Xue's gaze fell on Qiao Nian's face. In order to convince Qiao Nian, she said seriously, "Ever since I adopted you, Qiao Yu's health has really improved a lot!"

Chapter 803 Child Bride

Qiao Nian lowered her gaze, remaining silent.

Most people in that era were very superstitious. In order to let their sons have a smooth life, many rich families would find a child bride.

However, Qiao Nian felt that this matter was a little strange, but she couldn't tell what was strange.

Qiao Nian's gaze fell on Su Xue's face. She asked, "At that time, was there a token representing my identity in the school bag?"

"There's no token. At that time, you were wearing tattered clothes and were covered in dirt. You were also injured. How could there be a token?" Su Xue waved her hand and said nonchalantly.

Su Xue wanted to improve her image in front of Qiao Nian. She added, "If it weren't for me, you might have died long ago. As your savior, I don't need you to repay me for saving your life now. Our relationship is even!"

When Qiao Nian heard Su Xue's words, her eyes lit up.

Previously, she had always felt that something was wrong with this matter. Now, she finally knew.

Su Xue was an exquisite self-interested person. She clearly knew that she had narrowly escaped death. Wasn't Su Xue afraid that her enemies would chase after her?

Back then, Su Xue could have casually spent money to buy a young lady to be Qiao Yu's child bride. There was no need to take such a big risk to take her in, who was covered in injuries. Wasn't Su Xue afraid that those people would attack her?

Qiao Nian didn't think Su Xue would risk her life for her.

At the thought of this, Qiao Nian couldn't help but laugh.

Seeing Qiao Nian smile, Su Xue frowned slightly. Puzzled, she asked, "Why are you smiling now?"

With that, Su Xue met Qiao Nian's half-smiling eyes. She had a bad feeling.

Could it be that Qiao Nian had already investigated the truth?

Did Qiao Nian come here today just to make a fool of herself?

At the thought of this, Su Xue's expression gradually turned ugly. She said sternly, "Why are you looking at me like that? I don't even intend for you to repay my kindness. I've already told you everything. Hurry up and leave. I don't want to see you at home anymore!"

"I don't believe what you're saying. Why would you adopt me for the sake of Qiao Yu's health?" After Qiao Nian said that, she paused for a moment and continued, "If I had really escaped death back then, I think you would have run as far away as possible for the sake of your life. Besides, it wouldn't have cost much to buy a young lady in that era. How could you disregard your personal safety just to take care of me?"

Su Xue's expression changed.

Qiao Nian was as smart as ever, but she wasn't on the right path.

No one liked this little girl.

"If I really escaped death, according to your personality, you would probably throw me as far away as possible. You would even leave Soul City for your own safety. You would never bring me back to the Qiao family, let alone adopt me!" Qiao Nian looked at Su Xue with interest and asked, "What made you insist on taking me in? I hope you can tell the truth. If I find out that you're lying, I think you'll definitely have to bear the consequences in the future!"

Qiao Nian exuded a cold and oppressive aura. The entire living room seemed to have gone to the eighteenth level of hell. Su Xue shivered in fear.

At this moment, Su Xue realized that Qiao Nian was really too shrewd. No wonder Qiao Xin was no match for Qiao Nian every time.

Su Xue had wanted to portray herself as Qiao Nian's life savior, but she hadn't expected Qiao Nian to take advantage of the situation.

Qiao Nian was too smart.

Su Xue broke out in a cold sweat under Qiao Nian's gaze. Seeing that it was getting late, she only wanted to get rid of Qiao Nian as soon as possible. She let out a long sigh and said, "You're right. I'm indeed hiding something from you!"

Qiao Nian sat on the sofa, her expression unchanged. Her beautiful fox-like eyes were cold as she waited for Su Xue to continue. She wanted to see what else Su Xue could say.

Su Xue pursed her lips tightly, her expression ferocious. After a long time, she closed her eyes and said in despair, "I originally wanted to help you find your family. You looked very disheveled and I should have sent you to the police station. I could even help Qiao Yu accumulate merit!"

Chapter 804 The More You Say, the More You Lose

Qiao Nian didn't reply.

Su Xue continued, "I began to rummage through your school bag, wondering if I could find some information. If I could send you home directly, your family might even give me some thank-you gifts. If I really can't find them, I'll get the police to help you find your family!"

Qiao Nian felt that this was something Su Xue could do.

"But there's no information in your bag that proves your identity. There's only a check for a million yuan and a letter. The letter says that if I accept a million yuan, I have to adopt you!" When Su Xue said this, she looked like she had given up.

Qiao Nian's expression changed slightly.

One million?

Could it be that someone had specially sent her to Soul City to find someone to adopt her?

She had been kidnapped then.

Who exactly had sent her to Soul City?

Was it her family?

Or a kidnapper?

Or was it her mother?

No, it was definitely not her mother. Then her mother would not have suffered from depression after she knew that she was dead.

Qiao Nian looked up slightly, her gaze landing on Su Xue's face. She asked, "What else did the letter say?"

"Your birthday, and the words 'Nian Nian'! That's why we added 'Nian' when we named you!"

Qiao Nian's frown deepened.

Twenty years ago, a million yuan was indeed not a small sum.

Someone had deliberately placed her at Su Xue's door.

That meant that someone knew that she was in the Qiao family.

No wonder Su Xue didn't dare to leave her behind and brought her back to the Qiao family.

Su Xue really wanted that one million yuan. If Su Xue took the money and left her behind, that person might attack Su Xue.

In that case, Su Xue must have known about this and taken her away.

This was just one of the guesses.

She wasn't sure what exactly was going on.

Or rather, she had been sent to someone else's house. She had accidentally walked to Su Xue's house.

Nian Nian...

That person had actually left her name and birthday behind.

Why was that?

Qiao Nian's frown deepened. Although she had obtained many clues from Su Xue today, these clues were a little too weak and couldn't help her find the truth at all.

At the thought of this, Qiao Nian looked at Su Xue coldly and questioned, "Is it really just a million yuan?"

Su Xue had a bad feeling.

Qiao Nian was too smart. She had only told a small lie, but Qiao Nian had already discovered it.

In any case, only she knew what had happened back then. As long as she refused to admit it, Qiao Nian couldn't do anything to her.

Su Xue said sternly, "It's a million!"

Qiao Nian smiled gently and said, "Where's the money?"

Su Xue frowned. Could it be that Qiao Nian wanted the money back?

How could that be? Once the money was in her pocket, it would be hers. She could never take it out again.

"This one million yuan was used up long ago when I raised you!" Su Xue said calmly.

“Is this money used up to support me?”

Su Xue was speechless.

Su Xue felt that Qiao Nian was too annoying. Most people would stop here and not mention it again.

Only this little b\*tch in front kept mentioning it. She was so annoying.

Qiao Nian didn't seem to see the hatred in Su Xue's eyes. She said calmly, “A million yuan more than twenty years ago isn't a small sum. Even now, it's not a small sum. In terms of the current market, a million yuan is more than enough to raise a child to the age of 18! Not to mention the best food and drinks!”

Seeing that Su Xue's face was turning paler and paler, Qiao Nian continued mercilessly, “When I was young, I didn't have enough to eat or wear. You took a million yuan, but you didn't take good care of me!”

“If it weren't for me, you would have died in the wilderness long ago!” Su Xue retorted mercilessly.

Qiao Nian smiled gently and said, “I believe that if it were anyone else who took a million yuan, they would definitely raise me well and not throw me into the mountains and forests to fend for myself. After all, not everyone's heart is black!”

#### Chapter 805 Rounded Up

Su Xue couldn't breathe from Qiao Nian's words, and her expression grew uglier and uglier. If she had known this would happen, she would have thrown this little b\*tch further away, never to return.

Back then, she was too kind.

Qiao Nian said eloquently, “Let me calculate now. The one million yuan from back then should be three million yuan now!”

As Qiao Nian spoke, she took out a card from her bag and placed it on the coffee table. Smiling at Su Xue, she said, “You only have five minutes to consider. If I don't have an additional three million yuan in my account, we'll go to the police station to discuss your fraud!”

Back then, in order to take away a million yuan privately, Su Xue adopted a child, but in the end, she abandoned that child in the mountains and forests.

Even if the law couldn't punish Su Xue, Su Xue would still be criticized by everyone. Su Xue would also be expelled from high society. There would probably be no place for Su Xue in An City anymore.

When Su Xue heard Qiao Nian's words, her face turned pale with fear.

She didn't understand how Qiao Nian had calculated it. What kind of algorithm had one million yuan turned into three million yuan in the blink of an eye?

She said that it had been more than twenty years since he had adopted Qiao Nian. However, that place was a poor village. What happened more than twenty years ago would definitely not leave any evidence.

Even if she had told Qiao Nian that she had accepted a cheque for a million yuan, there was no evidence. Qiao Nian couldn't do anything to her.

Even if this matter reached the police station, there would be no problem.

However, what Su Xue was most worried about was that if this matter blew up, Qiao Shan would also know that she had received money back then. Perhaps he would find out that she had been having an affair.

Qiao Shan was no longer willing to believe her because she had cheated on him.

It had not been easy for her to ease the tension between her and Qiao Shan, so she could not let Qiao Shan find out about the past.

She still wanted to be Madam Qiao again. As the saying went, old people were better than new people. She could only live a good life with Qiao Shan.

Besides, she couldn't bear to part with her two children.

Although Su Xue was unwilling to transfer money to Qiao Nian, she had no choice but to fork out this sum of money. She wanted to get rid of Qiao Nian as soon as possible. All of this was so that she could marry Qiao Shan again.

Qiao Nian sat there calmly. Seeing Su Xue transfer the money eagerly, she frowned slightly.

Strange. How could someone as stingy as Su Xue transfer money to her so readily?

The sun had risen from the west.

Could it be that Su Xue was hiding something important?

Before Qiao Nian could think clearly, her phone rang. She took it out and saw that there was an additional three million yuan in her account.

Su Xue handed the bank card to Qiao Nian. Frowning, she hurriedly said, "I've already said everything I needed to say. I've returned the one million yuan with interest. We're no longer related. We don't owe each other anything now. Hurry up and leave. I don't want to see you at home anymore!"

"We don't owe each other anything?" Qiao Nian raised her eyebrows slightly, tapping her fingers on the coffee table. With a cold expression, she questioned, "The three million yuan was mine to begin with, and you've ruined my life for the past twenty years. Not only that, but my two children are also dead! How can this be called not owing each other anything?"

When Su Xue heard Qiao Nian's words, she was stunned. She frowned in confusion.

Back then, Qiao Nian had clearly given birth to three children. Why did she only say that she had given birth to two?

No, Qiao Nian had just said that two children were already dead.

Could it be that the remaining child was still alive?

At the thought of this, Su Xue frowned and said, "Actually, when you gave birth back then, I..."

Before Su Xue could finish speaking, she heard footsteps at the door. She turned around and saw Qiao Shan walking in.

Oh my god!

Why was Qiao Shan back now?

Su Xue also glanced at the time on her phone.

Wasn't he getting off work in forty minutes?

Su Xue had wanted to send Qiao Nian away before Qiao Shan arrived, but Qiao Shan had returned so early. She couldn't continue talking to Qiao Nian.

Qiao Nian looked at Su Xue in confusion. Just now, Su Xue seemed to know about her childbirth.

#### Chapter 806 Gritting Her Teeth

Su Xue stood up and walked towards the door with a smile. With a gentle expression, she said to Qiao Shan, "Hubby, you're back early today. I've already prepared dinner. We can eat directly later!"

Qiao Shan nodded and took off his suit jacket. Su Xue hurriedly took it from him and hung it on a hanger.

Qiao Shan walked into the living room. Only then did he notice that Qiao Nian was also there. He immediately frowned and said unhappily, "Why are you here?"

As long as Qiao Shan saw Qiao Nian, he couldn't help but get angry.

This traitorous wretch.

Seeing Qiao Nian, he recalled how Su Xue had sex with that gigolo.

It wasn't easy for him to forget about this, but now he remembered everything.

Not only that, but he had also been made a cuckold and imprisoned. The two black spots in his life had all been brought to him by Qiao Nian.

Su Xue noticed that Qiao Shan didn't look well. Her heart instantly jumped to her throat. With a look of fear on her face, she explained for Qiao Nian, "She's here to get her things today. She'll leave after she's done. Don't be angry!"

However, Qiao Shan couldn't listen to anything. As long as he saw Qiao Nian, he would remember the humiliation he had suffered.

"Get lost! You traitorous wretch! Get lost! I don't want to see you in the Qiao family!" Qiao Shan pointed at the door and said angrily.

Qiao Nian didn't care about Qiao Shan's anger at all. A bright smile appeared on her face as she stood up elegantly from the sofa and said lightly, "I'm here to ask Su Xue for money today. Now that I've received the money, of course I have to leave. You don't have to rush me..."

When Su Xue heard Qiao Nian's words, her expression changed. She shouted, "Qiao Nian!"

Although Qiao Shan didn't like Qiao Nian, when he heard her words, a trace of confusion flashed in his eyes. He felt that something was wrong. "Ask for money? What do you want?"

Seeing that Qiao Nian was about to speak, Su Xue hurriedly said, "Hurry up and take your things and leave!"

Qiao Nian smiled and turned to walk upstairs.

"Stop right there!" Qiao Shan said coldly.

As expected, Qiao Nian stopped in her tracks. She turned back to look at Qiao Shan and smiled sweetly.

Su Xue instantly had a bad feeling.

"You just said money. What money?" Qiao Shan got to the bottom of the matter.

Su Xue hurriedly walked over to Qiao Shan and said, "You heard wrongly. Qiao Nian didn't mention money just now. You must be hungry now. Let me take you to the kitchen to take a look. They are all your favorite dishes!"

Qiao Shan pushed Su Xue away, his expression darkening.

When Qiao Nian heard Qiao Shan's words, she looked surprised. She asked in disbelief, "Oh, don't you know?"

Su Xue tried her best to signal Qiao Nian with her eyes, but Qiao Nian remained unmoved. She had a bad feeling.

"Hubby, don't listen to Qiao Nian's nonsense. Are you tired now? I'll go massage your shoulders, okay?" Su Xue looked at Qiao Shan gently, her eyes filled with love.

However, Qiao Shan didn't even look at Su Xue. He stared at Qiao Nian with a burning gaze and said, "If you have something to say, just say it. Don't keep us in suspense!"

A bright smile appeared on Qiao Nian's face as she said, "When Su Xue brought me home, she collected more than a million yuan in child support fees. I thought you knew about this long ago. I wonder why Su Xue collected more than a million yuan in child support fees? Could it be that she's already raising a gigolo!"

The blood drained from Su Xue's face, leaving her as pale as a sheet of paper.

How did Qiao Nian know everything?

When Qiao Shan heard Qiao Nian's words, his expression instantly darkened.

A million yuan more than twenty years ago was not a small sum.

Back then, when Su Xue got the money, she actually didn't tell him. Perhaps Su Xue had really used the money to keep a gigolo.

The more Qiao Shan thought about it, the angrier he became. So Su Xue had cheated on him so early on.

Good!

Su Xue was truly amazing!

He had really found himself a good wife!

Qiao Shan clenched his fists tightly, the veins on the back of his hands bulging. He turned towards Su Xue inch by inch, his expression darkening. He gritted his teeth in anger!

Chapter 807 Cheap

Su Xue met Qiao Shan's gaze and shivered in fear. She had a bad feeling about this.

Recalling what Qiao Nian had just said, her expression turned even uglier.

Strange, how did that little b\*tch Qiao Nian know that she used the money to keep a gigolo?

Could it be that Qiao Nian had already found out about her past?

This was impossible. Previously, she had used many connections to investigate the whereabouts of the gigolo, but she had never found him.

Qiao Shan looked at Su Xue coldly and asked angrily, "You b\*tch, you're really despicable. Did you find a gigolo in the past?"

When Su Xue heard Qiao Shan's words, her face turned pale. Tears of grievance flowed down her face. She shook her head vigorously and begged, "Hubby, you have to believe me. I really didn't betray you!"

Even if she did, she wouldn't admit it. Anyway, he hadn't caught them in bed.

"Believe you? What else can I believe about you?" Qiao Shan was so angry that his temples were throbbing.

He had never expected Su Xue to have a gigolo outside.

That time, when he saw Su Xue sleeping with someone else, he was on the verge of breaking down.

In his heart, Su Xue had always been a gentle and virtuous woman.

Su Xue would tidy up the house and raise the two children.

Su Xue was the woman who had accompanied him for nearly thirty years.

Although he no longer loved Su Xue, he still had kinship with her.

All these years, he had never messed around with other women outside.

He knew that the reason why the Gu family was able to prosper was because he had been working hard outside and Su Xue had taken good care of the family.

He had initially thought that he and Su Xue were a match made in heaven. The male lead would be external facing, and the female lead would be internal facing. The two of them would never have any conflicts or disagreements.

But now, all of that had changed.

Ever since he found out that Su Xue was having an affair, he found it hard to believe her words.

“Hubby, believe me. I really didn’t have an affair in the past. I have to go to work and take care of you and the two children. How would I have the time to do that?” Su Xue looked at Qiao Shan with teary eyes and began to reflect on herself. “You can’t deny that I was sincere to you in the past because of my previous affair!”

As Su Xue spoke, tears streamed down her face. Her tear-stained face made one’s heart ache.

Seeing that Qiao Shan had been convinced, Su Xue said again, “Hubby, don’t believe Qiao Nian. She was spouting nonsense just now. She just doesn’t want us to reconcile. She doesn’t want us to be together. She wants our Qiao family to be ruined. She’s here to take revenge on our family!”

When Qiao Nian heard Su Xue’s words, she smiled coldly and said, “I’m not spouting nonsense!”

This was a great opportunity. How could Qiao Nian let Su Xue off the hook? She took out her phone and opened the transfer record Su Xue had given her, handing it to Qiao Shan.

However, Su Xue was right. She really didn’t want the Qiao family to be happy, nor did she want Su Xue and Qiao Shan to be happy.

Suppressing his anger, Qiao Shan took the phone from Qiao Nian and saw the transfer record. The other party’s account name was clearly written in it—Su Xue.

Su Xue had really transferred three million yuan to Qiao Nian.

Qiao Shan’s expression instantly darkened.

He had almost believed Su Xue’s words again.

He was simply too stupid.

How could he believe this slut over and over again?

He had been with Su Xue for so many years. He knew very well that Su Xue loved money.

A woman who loved money as much as her life. If she hadn’t done anything wrong, how could she have casually transferred the money to the Qiao Nian she hated the most?

Su Xue must be hiding something else from him.

Qiao Shan’s expression darkened. He recalled how Su Xue had looked in bed with the other man.

Su Xue’s lustful voice echoed in his ears, getting louder and louder.

He, Qiao Shan, had had a smooth-sailing life in the past and had two children.

He was also a successful person. He had brought the Qiao family’s career to greater heights, and the Qiao family was thriving in his hands.

Although his background was average, he had relied on his own efforts to bring the Qiao family into high society in An City.

Chapter 808 Swear

His son was also a famous genius in An City. Now that the Qiao family's company was in Qiao Yu's hands, it had taken another step forward.

The Qiao family was so outstanding. How could there be a scum like Su Xue?

If it weren't for Su Xue, how could the Qiao family have lost all face?

All the hard work he and his son had put in their entire lives had been trampled under Su Xue's feet.

Su Xue heard Qiao Nian's words and looked at Qiao Shan's darkening face. She knelt in front of Qiao Shan and begged pitifully, "Hubby, don't listen to Qiao Nian's nonsense. I really didn't do anything to let you down. Didn't I tell you everything in detail wherever I went in the past?"

"Hubby, please believe me. I really won't do anything to let you down again. I..."

However, before Su Xue could finish speaking, Qiao Shan kicked her to the ground.

Su Xue's expression changed drastically. She looked at Qiao Shan in fear.

Previously, Qiao Shan had hit her in the hotel. She was really afraid that Qiao Shan would use violence on her again.

Su Xue lay on the ground, trembling.

It was all Qiao Nian's fault. If Qiao Nian hadn't spouted nonsense, Qiao Shan wouldn't have hit her.

At the thought of this, Su Xue glared at Qiao Nian angrily. Gritting her teeth, she said, "Qiao Nian, you b\*tch. You're spouting nonsense. How dare you throw cold water at me!"

Qiao Nian shrugged nonchalantly and said calmly, "I just said that I wouldn't call the police, but I didn't say that I wouldn't tell Qiao Shan."

With that, Qiao Nian looked at Qiao Shan gently and continued, "I thought that since the two of you are husband and wife, you would definitely want the other party to be honest with you. Moreover, I was just helping you out of kindness. You don't have to thank me too much!"

When Su Xue heard Qiao Nian's words, her face filled with despair. She watched as Qiao Shan walked towards her step by step. She could feel the anger radiating from Qiao Shan. She hurriedly got up from the ground and kowtowed to Qiao Shan. "You have to believe me. I really didn't use money to keep a gigolo. I used it all on our family's daily expenses. Hubby, if I betray you, I'll be struck by lightning and die a horrible death!"

In Su Xue's opinion, swearing was like farting. It didn't mean anything.

However, Qiao Shan didn't believe Su Xue at all. His mind was filled with thoughts of Su Xue fooling around with other men. The woman he liked the most was using his money to pay for other gigolos.

"B\*tch, you actually lied to me for more than twenty years. Twenty years ago, a million yuan was a huge sum. How dare you take the money to keep a gigolo? Tell me, where did you put this million yuan!"

"Hubby, I really didn't. Just believe me this once, okay? I really didn't betray you!" Su Xue said tearfully.

Bam—

The crisp sound of the slap resounded throughout the room.

Qiao Shan gave Su Xue a vicious slap, causing blood to flow from the corner of her mouth.

“Ah!” Su Xue screamed in pain!

Qiao Shan’s mind was filled with images of Su Xue sitting on that gigolo. His eyes grew redder and redder, and he gradually lost his mind.

He stepped forward and kicked Su Xue hard in the stomach, sending her flying a meter away.

Su Xue’s back hit the pillar hard, and her face turned pale from the pain. She felt as if she was about to die.

Qiao Shan walked up to Su Xue and punched and kicked her.

Regardless of whether there was evidence, he felt that Su Xue had already taken a million yuan to keep a gigolo more than twenty years ago.

The one million yuan from twenty years ago was a huge sum.

At that time, his company only had five million yuan.

At that time, he often felt sad that he had not been able to get an investment.

However, Su Xue was a scheming girl. She used the money to keep other people as her boy toy.

If he had that million yuan back then, the Qiao family would definitely have risen to a higher level.

The more Qiao Shan thought about it, the more hatred he felt. He tightened his grip.

Qiao Nian stood coldly at the side. Seeing Qiao Shan hit Su Xue, her lips curved into a mocking smile.

Regardless of whether Su Xue had cheated on him back then, in Qiao Shan’s eyes, Su Xue had already cheated on him.

To Qiao Shan, Su Xue’s words could not be trusted.

Qiao Nian didn’t want to watch the two of them fight either. She retracted her gaze and walked upstairs, not knowing if the notebook she had hidden was still there.

Chapter 809 Diary

After her sowing discord this time, it was probably impossible for Su Xue to marry Qiao Shan!

This was human nature.

In layman’s terms, cheating either happened or not.

In Qiao Shan’s eyes, Su Xue loved having an affair.

If Qiao Shan hadn’t caught Su Xue cheating on him, even if she had told him that Su Xue had cheated on him, Qiao Shan wouldn’t have believed her.

Before Su Xue was discovered to have an affair, she was a virtuous and kind woman in Qiao Shan’s eyes.

If Qiao Shan had seen Su Xue having an affair with his own eyes, things would have been different.

Qiao Nian felt that it was very likely that Qiao Shan would investigate the one million yuan incident from twenty years ago. She hoped that Qiao Shan could find some new clues. That would save her the trouble of investigating.

Unknowingly, Qiao Nian had already walked to the room she had once stayed in. Qiao Xin had already turned this room into a cloakroom.

She had no status in the Qiao family.

Qiao Nian pushed open the door and looked at the room full of clothes and jewelry. A trace of coldness flashed in her eyes.

She glanced around the walk-in closet. When she used to live here, the walls of the room were tiled, and the floor was tiled for a bathroom.

This room was originally modified from a bathroom.

Now, the entire room had changed drastically. The floor was made of high-quality solid wood, and the four walls were filled with wardrobes. Through the transparent glass, one could vaguely see the clothes hanging inside.

Qiao Nian's gaze finally landed on the ceiling above the cloakroom.

Although this room had changed a lot, its ceiling had not changed. It was still the same ceiling.

Worried that her diary would be discovered, she had hidden it in the ceiling of the cloakroom.

In the eyes of the Qiao family, she was only fit to sleep in the bathroom back then. She was not even treated as a servant.

Qiao Nian moved a stool over and stood on it. She opened the ceiling and took out a wooden box.

She had been worried that her notebook would be discovered, so she had put it in a box with a Luban lock.

If someone deliberately destroyed the Luban lock, it would crack and destroy the notebook inside.

It took a lot of patience to open this Luban lock.

There seemed to be only one Luban lock. If one looked closely, they would discover that it was made of nine Luban locks.

It would take a lot of time for ordinary people to open this Luban lock.

Qiao Nian placed the Luban lock in her bag and returned the ceiling to its original position. Only then did she walk downstairs.

The battle downstairs was still intense.

To be precise, Qiao Shan was dealing damage unilaterally.

It was obvious that Qiao Shan hated Su Xue to the core. He yearned to beat Su Xue to death. Every move he made was ruthless and merciless.

Perhaps it was because Qiao Shan and Su Xue had caused too much of a commotion, but all the servants of the Qiao family rushed over. They wanted to step forward to stop the fight, but they were afraid that Qiao Shan would vent his anger on them. One by one, they stood at the side and could only stop the fight.

Su Xue screamed in pain, refusing to admit that she had cheated on him. She continued to beg for mercy. "Hubby, things really aren't what you think. I really didn't let you down. You have to believe me. I can swear to God that I'll do whatever you want me to do!"

"B\*tch, how can you be so despicable? Do you think you'll die without a man? I'll beat you to death..." Qiao Shan hit Su Xue angrily, his words filled with conviction.

Su Xue's face was bruised and swollen. She no longer looked as elegant as before. Instead, she looked disheveled.

Qiao Nian looked at the current Su Xue without a trace of sympathy. There was only coldness in her eyes. In her opinion, Su Xue had brought this upon herself.

At this moment, Qiao Xin returned from outside. When she saw Qiao Shan sparing no effort in beating Su Xue up, she hurriedly ran over and grabbed Qiao Shan's hand. She cried, "Dad, stop! Stop hitting her! You'll beat Mom to death!"

Qiao Xin hurriedly stepped forward and grabbed Qiao Shan's arm. When she saw that Su Xue was covered in wounds, she was so anxious that tears were about to fall.

However, Qiao Shan's mind was filled with Su Xue, who had cheated on him.

He couldn't understand why Su Xue would keep a gigolo behind his back when he was so good to her and had his heart set on his family.

Chapter 810 Not Worthy of Living!

How could Su Xue treat him like this?

Such a loose woman was not worthy of living!

Qiao Shan was in a rage. He could no longer listen to what others were saying. He shook off Qiao Xin's arm, grabbed Su Xue's hair, and smashed her head against the wall.

"Ah..."

Su Xue screamed in pain.

All these years, she had been pampered. How could she accept this pain?

Seeing that Su Xue's face was covered in blood, Qiao Xin's heart ached so much that tears fell from her eyes. She hurriedly rushed over and shielded Su Xue behind her. She cried, "Dad, you can't hit her anymore. Although Mom has done something wrong in the past, she has already corrected herself and

has been punished. If you beat her to death now, what will you do? What will happen to Brother and me? Dad!”

Qiao Shan gradually came back to his senses. His gaze fell on Su Xue. If he had to sacrifice his life to kill this b\*tch, it wouldn't be worth it!

The anger in Qiao Shan's chest burned. He knew that Su Xue had been trying to please him recently, but when he thought of how Su Xue had once been with another man, he couldn't control the anger in his heart.

Panting heavily, he pointed at the door and said loudly, “Get out!”

Qiao Xin heaved a sigh of relief. She would send her mother to the hospital later. She wondered how long it would take for her mother to recover from her injuries.

With this thought in mind, Qiao Xin helped Su Xue out of the room.

The two of them had just taken a few steps when Qiao Xin noticed that Qiao Nian had also arrived.

Qiao Xin's eyes narrowed slightly. She instantly understood.

Previously, Dad and Mom had been getting along very well. The two of them were about to remarry. It must be because Qiao Nian had come over and sowed discord in front of Dad that Dad had hit Mom.

Qiao Nian was really like a lingering ghost!

Although Qiao Xin yearned for Qiao Nian to die now, she knew very well that she couldn't continue to provoke Qiao Nian.

She wondered what kind of bewitching potion Qiao Nian had fed Gu Zhou to make him listen to her.

Moreover, Qiao Nian had previously cultivated some precious herbs. She was now the dean of a university.

The current Qiao Nian was already so outstanding that she could stand at the top of the entire An City.

She didn't want to provoke Qiao Nian. Firstly, she didn't want Qiao Nian to attack the Qiao family. The Qiao family couldn't take it anymore. Secondly, she didn't want Qiao Nian to target her mother anymore.

A gentle smile appeared on Qiao Xin's face. She greeted Qiao Nian politely, “Sister, you're back. Why don't we have dinner together tonight?”

Dinner?

Qiao Nian felt that Qiao Xin had grown up. She was no longer the little white lotus she used to be.

It seemed that the days ahead would be even more interesting.

“There's no need to eat dinner. After all, I've already cut ties with the Qiao family. If I stay for dinner, your family will probably be full of anger!” Qiao Nian said with a smile. Seeing that Qiao Xin's expression didn't change, she continued, “Also, you don't have to call me Sister anymore.”

Qiao Xin smiled.

Su Xue's face was bruised and swollen. When she saw Qiao Nian, her eyes were filled with cold poison, as if she wanted to cut Qiao Nian into pieces.

A gentle smile appeared on Qiao Nian's face as she smiled at Su Xue.

Su Xue was so angry that she spat out a mouthful of blood and fainted.

"Mom, Mom, wake up!" Qiao Xin shouted in panic. Seeing that Su Xue was still motionless in her arms, she hurriedly called for a servant. "Someone, please send my mother to the hospital!"

Qiao Nian casually walked past Su Xue and Qiao Xin and drove away.

In a panic, Qiao Xin and the servants sent Su Xue to the hospital. Su Xue was sent to the operating theater. Qiao Xin stood guard outside the emergency room alone, her mind in a mess.

At this moment, Qiao Xin's phone suddenly rang.

Qiao Xin took out her phone in frustration. When she saw the caller ID, her expression froze.

Qiao Xin hurriedly wiped the tears off her face. She sat up straight and tried hard to calm herself down before answering the call.

A faint smile appeared on Qiao Xin's face as she greeted sweetly, "Sister Man Man!"

A gentle voice came through the phone. "Xinxin, I'll be arriving in An City today. When are you free? Shall we meet?"
