

Mr. Gu, Your Replacement Bride Is A Big Shot! - Chapter 724 - 724 Let Her Try -

Matriarch Lu looked at her eldest and second sons with a complicated expression. It had to be known that the two of them were usually extremely nervous when it came to matters related to Sugar, but she had never expected the two of them to agree to let Qiao Nian carve Sugar's urn.

Matriarch Lu thought about it seriously. Her gaze landed on Lu Rao and she asked, "Third Brother, what do you think?"

When Song Yu heard Matriarch Lu's words, she knew that Matriarch Lu had already relented. She glanced at Qiao Nian with a complicated expression. At this moment, Qiao Nian was looking at Lu Rao expectantly.

She stood there quietly. If she wasn't wrong, Third Brother would probably agree.

She had a feeling. This was a woman's intuition.

Third Brother was looking at Qiao Nian differently.

Song Yu was puzzled. She didn't understand how Qiao Nian had made her three brothers bow down to her.

It had taken her more than twenty years but she couldn't get her three brothers to dote on her. Qiao Nian had done it.

Lu Rao met Qiao Nian's gaze, then looked at Matriarch Lu and nodded. "Grandma, I think Sister also hopes that her urn will look better. Since Miss Qiao has such skills, let her try!"

When Lu Rao finished speaking, he was a little surprised. He didn't understand why he trusted Qiao Nian without any conditions.

He knew that Song Yu was right. Touching his sister's urn was not a small matter. It would be bad if she violated some taboo. However, when he met Qiao Nian's eyes, he couldn't help but want to believe her.

Qiao Nian's heart, which had been in her throat, instantly fell.

When Song Yu heard Lu Rao's words, she lowered her gaze slightly. Her heart was as empty as duckweed. She had no home to return to and was drifting with the flow.

Seeing that her three grandchildren did not object, Matriarch Lu did not refute.

She sighed heavily. Her gaze fell on Qiao Nian's face and she said meaningfully, "Qiao Nian, it's been hard on you this time. Our Sugar has liked to dress up beautifully since she was young. She must also want her urn to look better."

When Qiao Nian heard Matriarch Gu's words, some images flashed across her mind.

She could vaguely see herself running around in a pile of clothes. Then, she chose the most beautiful one and asked the servants to help her change into it.

The servant brought the carving knife over. Matriarch Lu looked at the cold light emitted by the carving knife and couldn't help but gasp.

"Qiao Nian, Sugar has been afraid of pain since she was young. Be careful later. Don't hurt her!" Matriarch Lu instructed worriedly.

Qiao Nian's hand, which was holding the carving knife, paused for a moment. A strange emotion welled up in her heart.

When she was young, she was also afraid of pain. When she was by her grandfather's side, he often asked her to learn all kinds of things. One of them was carving.

At that time, she often accidentally cut her hand. It was so painful that she cried, but her grandfather refused to let her stop. He even forced her to continue carving. He even told her that she had to have a skill so that she would not starve to death in the future.

Perhaps it was because it hurt too many times, but gradually, she no longer feared pain.

It was always hard to grow up alone, but if one grew up beside their family, they would be doted on endlessly.

If she had not been taken away back then, she might have been protected well like Lu Qi and grown up carefree.

Qiao Nian smiled at Matriarch Lu and said, "Don't worry, I'll definitely carve the urn perfectly. Moreover, I won't hurt the eldest daughter of the Lu family."

Lu Zhu and Lu Nian looked at Qiao Nian's smile and felt a little sad.

Their sister was really too lovable.

Holding the carving knife, Qiao Nian walked to the urn and carefully scraped off the sulfuric acid.

Everyone watched as Qiao Nian carefully carved the urn. No one said anything.

Soon, more than two hours passed.

Qiao Nian engraved a large bouquet of hyacinths on the urn.

Everyone recalled the hyacinth blessing bag Qiao Nian had embroidered. If only the blessing bag hadn't been ruined by Jiang Yue.

The hyacinths Qiao Nian had carved seemed to originally carved on the urn to begin with. It didn't look like it had been repaired at all. All the traces of sulfuric acid had disappeared.

Qiao Nian got the servant to bring the paint over and carefully applied it all.

After Qiao Nian had completely repaired the urn, she said, "It's done."

The others stepped forward and were all stunned when they saw the Lu family's eldest daughter's urn.

The original urn was simple, but after Qiao Nian's modifications, it became more exquisite and bold.

Matriarch Lu looked at the urn and couldn't help but sigh. "Nian Nian is really skilled. I really didn't expect such a fair and delicate hand to be able to carve such beautiful flowers!"

When Gu Zhou heard Matriarch Lu's words, his eyes sparkled with laughter. His gaze fell on Qiao Nian's face.

Matriarch Lu didn't praise people easily. It seemed that Matriarch Gu really liked Qiao Nian's carvings.

Lu Zhu's gaze landed on Qiao Nian's face, and his eyes darkened slightly. His sister must have suffered greatly to be able to master carving.

Previously, he had heard from others that when engravers practiced, they often hurt their hands. His sister was most afraid of pain. She must have suffered many injuries when she was young to be able to carve such a beautiful thing.

Lu Nian looked at Qiao Nian proudly. His sister was the best sister in the world, and the most powerful sister in the world. There was no one who could be compared to his sister.

Song Yu looked at the carvings on the urn and praised sincerely, "It's really beautiful!"

Lu Qi nodded in agreement. When she smiled, her eyes narrowed into a line. She said in agreement, "Sister Qiao Nian is really amazing!"

Seeing that the urn had also become better-looking, the uneasiness in Lu Rao's heart gradually disappeared. He stared unblinkingly at Qiao Nian and smiled. "Thank you."

His sister would definitely like such a beautiful urn.

When Qiao Nian heard Lu Rao's words, she shook her head gently and said, "Consider this my apology to the eldest daughter of the Lu family!"

The sun was shining brightly.

The entire Buddhist hall was illuminated, as if the eldest daughter of the Lu family also liked this urn.

Matriarch Lu glanced at everyone and said, "It's already noon. Let's go for a meal together. Gu Zhou and Qiao Nian, come with us."

Qiao Nian wanted to refuse, but Lu Zhu spoke first. "Thank you, Sister Nian, for carving such a beautiful pattern for the urn. We'll stay for lunch!"

"Yes, you've been busy all morning. Stay for lunch!" Lu Nian said eagerly.

Seriously, Big Brother had beaten her to it again.

He had to talk to his sister more in the future. His sister only had her Second Brother in her heart.

With this thought in mind, Lu Nian silently walked towards Qiao Nian.

Gu Zhou looked at Lu Nian's small actions and did not speak.

Lu Rao, Lu Qi, and Song Yu also spoke up to persuade Qiao Nian and Gu Zhou to stay.

Actually, Qiao Nian also wanted to stay for lunch, but she was afraid that she would give herself away. She wanted to leave after getting what Jiang Yue had left for her.

However, she was too embarrassed to reject their suggestion directly. She could only look at Gu Zhou helplessly.

Gu Zhou had now guessed Qiao Nian's identity. Thinking that Qiao Nian rarely came to the Lu family, he said, "Thank you, Grandma Lu!"

Qiao Nian knew that something was wrong, but she didn't show it on her face. Instead, she smiled faintly.

Old Madam Lu led the way out with the help of Lu Qi and Song Yu.

Lu Rao followed.

Lu Zhu wanted to walk side by side with Qiao Nian, but when he saw that Gu Zhou was on Qiao Nian's left and Lu Nian on her right, he silently followed.

Lu Zhu quickly took a few steps and walked side by side with Lu Rao. He thought to himself that Lu Nian was really too cunning. He had snatched the space beside his sister in advance.

When they arrived at the dining room, Qiao Nian and Gu Zhou sat next to each other. Lu Nian had wanted to sit between Lu Rao and Lu Zhu, but he sat directly beside Qiao Nian.

Seeing Lu Nian's abnormal behavior, Matriarch Gu's expression froze for a moment. She sighed softly and roughly understood why Lu Nian was sitting there.
