

Mr Han 101

Chapter 101: I Won't Let Her Get Away!

"Alright," Ye Xiaoxing quickly left.

Meanwhile, Lu Man had been sitting in Han Zhuoli's office for quite long, yet no one even came to give her a drink.

Although it was a small matter, and it was not that she could not tolerate it, it was just that she was very thirsty right now.

Moreover, she did not know when Han Zhuoli's meeting would be over, also she could not talk about her case with Han Zhouli in a hoarse voice.

Thus Lu Man could only go out to find her way to the secretarial office opposite the CEO office.

It just happened that Ye Xuanxuan's office table was near the door.

"Excuse me, may I have a cup of water to drink?" Standing in front of Ye Xuanxuan's table, Lu Man asked her politely.

Ye Xuanxuan raised her head to look at her once, then lowered her head to continue to file her nails, "I'm busy now, don't you know how to go to the pantry to take water?"

Lu Man frowned slightly, today was just her first day at work, yet because of Lu Qiyuan, everyone in the Public Relations Department had bad impressions of her, but she could understand the reason why.

However, what was with the person in front of her?

She did not even know who she was, so why was she throwing her temper at her?

Lu Man took a peek at her employee ID card and saw that on it was written Ye Xuanxuan.

As Lu Man turned her gaze away and walked out, she heard Ye Xuanxuan quietly mutter under her breath behind her back, "Who does she think she is, that people have to serve her? First of all, she isn't a leader, secondly, she isn't a client, so what right does she have?"

At that moment, Lu Man stopped walking, turning around to ask her, "Did I say or do something rude that violated you, or have I offended you anytime before?"

Ye Xuanxuan was stunned, "Are you talking to me?"

Ye Xuanxuan was furious, *a newcomer dared to go head-to-head with her instead of being meek and not offending anyone?*

"Yes," Lu Man decided that she might as well walk back over and face Ye Xuanxuan, "Today is my first day at work, however, I have never seen you before, so I should not have offended you right?"

"You disturbed my work, and that's offending me already," Ye Xuanxuan refused to believe that Lu Man would really dare to offend her with her being an old employee.

“Work?” Lu Man smiled, “So your job is to file your nails right? I know that now. Later on, when the meeting is over, I’ll go and ask Assistant Zheng, if there’s still any vacancies in this kind of good job, because I want to do it too.”

“You!” Ye Xuanxuan was so angry that she stood up and spoke harshly, “You want to tell on me?”

She came just for one day, and already wanted to tell on her colleagues, did Lu Man even want to continue working at the company!

“I just wanted to ask about some things concerning what I don’t know about my job,” Lu Man smiled slightly, and walked out.

Ye Xuanxuan got really frantic, she was very scared that Lu Man would actually tell Zheng Tianming.

She would not be fired, but she definitely would not be able to escape a scolding.

Moreover, she could not afford to be embarrassed like that!

“Stop right where you are!” Ye Xuanxuan’s voice was much higher in a moment of desperation, almost spreading throughout the entire level.

She made her way around her working table and wanted to chase after Lu Man, but her colleague held her back, “What are you doing? The meeting room is not far from here, and at this moment, all the leaders are there, even if Lu Man really told Assistant Zheng, the most he would do is just scold you a bit. However, if the leaders hear about it, it won’t be just scolding anymore, you don’t want to work here anymore?”

Hence, Ye Xuanxuan abruptly stopped, but she was still not resigned to accepting her fate, “Then should I just let her scheme against me? I really thought too lowly of her, it’s her first day at work and she’s already so arrogant!”

“Don’t you have a lot of chances to bully her in the future? The future is long, so don’t suffer losses here,” her colleague urged.

At last, Ye Xuanxuan was finally convinced, “I won’t let her get away!”

What else could the colleague say?

Moreover, she did not approve of Ye Xuanxuan finding trouble for Lu Man, after all, Lu Man did not offend her first.

Furthermore, the colleague felt that Ye Xuanxuan’s sister really wasn’t anything good, she was very snobbish and could not stand it when others were living well.

She also believed that if Ye Xiaoxing continued being like that, Ye Xuanxuan would end up being implicated by Ye Xiaoxing some day.

Just as Ye Xuanxuan was about to return to her seat, who would have expected that Han Zhuoli’s elder uncle, Han Dongping would bring a 24-year-old beautiful woman into the office.

Chapter 102: She Would Not Be Chased Away By Anyone!

“Mister Han,” As soon as the Secretarial department people saw him, they greeted him.

Although Han Dongping did not have a position at the Han Corporation, he had some shares at the Han Corporation.

Moreover, since he was Han Zhuoli’s elder uncle, whenever he would come here the Han Corporation staff were very respectful towards him.

“This is the daughter of Secretary Dai from our city, she especially came to the company for an internship. Where’s your CEO?” Han Dongping asked.

“The CEO is having a meeting, he’s not in the office,” Ye Xuanxuan quickly said.

“Did I come at the wrong time? Big Brother Han is busy right now,” Dai Yiran said embarrassedly.

“It’s not a problem, anyway you are not an outsider. Since he’s not here, then just directly wait in his office,” Han Dongping waved his hands and made the decision.

However, there was a rule that if Han Zhuoli was not present, no one was to be let into his office.

After all, the office had too many important documents, if anything happened, who would take responsibility?

Furthermore, Han Zhuoli did not like people touching the things in his office when he was not around, even sitting on his sofa was also not allowed.

However, today Lu Man entered, and had broken the rule.

Hence, Ye Xuanxuan and the others felt that if Lu Man could go in, there was no reason why Dai Yiran could not.

Moreover, Han Dongping did not think of himself as an outsider, so he brought Dai Yiran and swaggered into Han Zhuoli’s office.

“Uncle, I’ll wait here by myself. If you have other things to do, you can go and do them,” Dai Yiran said.

“Alright, then you wait here by yourself, I won’t disturb you young people.” Han Dongping said smilingly and then left.

In the meantime, Lu Man took a cup of mineral water from the pantry, and after drinking it, she made a trip to the bathroom.

That was because she did not want to have the urge to go to the washroom while discussing things with Han Zhuoli later as she had drunk too much water. That would be very awkward.

After coming back from the washroom, she helped herself to another cup of water, carrying it back to Han Zhuoli’s office.

On opening the door and seeing Dai Yiran, Lu Man froze at the doorway.

Lu Man felt that she looked quite familiar, but she did not have a deep impression of her.

It could be that she had seen her before in her past life, but maybe she was not someone very important and hence she did not remember her.

What shocked Lu Man was that Dai Yiran was very casual in Han Zhuoli's office.

Moreover, there was no one looking after her, and she was just standing at the side of Han Zhuoli's desk and touching everything.

At that moment, Dai Yiran was holding the fountain pen Han Zhuoli usually used to sign documents, and was touching it like it was a treasure.

Dai Yiran was very fascinated with it and Lu Man just happened to enter when she wanted to kiss the fountain pen.

As Dai Yiran was halfway through her action, she instantly felt awkward and face darkened instantly.

"How can you be so undisciplined, coming in without knocking the door! Don't you know that when Big Brother Han isn't here, he doesn't allow anyone to enter the office? How improper!" Dai Yiran said harshly. Despite being the guilty party, she decided to complain first, entirely unlike her gentle self when she was usually with Han Dongping.

Lu Man raised her eyebrows, finding it funny, *so who was the one who actually took advantage of when Han Zhuoli was not here to break into the office?*

If this woman knew Han Zhuoli's rule, then when she was saying it, why didn't she think about herself?

As Dai Yiran's gaze landed on the cup in Lu Man's hands, she said, "Alright, place the water down and leave. You don't even know how to welcome a guest, pouring a cup of plain water and entering, really—"

Immediately after that, Dai Yiran sneered, unsatisfied, and chased her out, "Leave quickly!"

Lu Man was so angry that she started to find it funny.

Today was such an amusing day, she did not offend anyone at all, but everyone, on the other hand, kept throwing their temper at her, treating her as a pushover.

However, Lu Man did not even say a single word and carried her cup to sit on the sofa.

Anyway, she was following Han Zhuoli's orders, and Zheng Tianming had brought her here personally, clearly stating that she was to wait here, and no one was to chase her away, so she had reason to be here no matter who came!

Chapter 103: Lu Man, Miss Dai Is Waiting Here for The CEO

Dai Yiran looked at Lu Man in disbelief, she was angry and muddled.

Then she opened the door, and pointed at the doorway, "Get out now!"

However, Lu Man sat leisurely, refusing to move and raising her head, she said, "It's the CEO who called me up here and made me wait for him here till he comes back after his meeting."

"Impossible!" Dai Yiran continued to look down at Lu Man, "When Big Brother Han is not here, he doesn't let anyone enter his office."

Lu Man raised her eyebrow, not scared off at all, "Then aren't you in here now?"

"I'm different!" Dai Yiran was very angry.

This woman was so laughable.

How could Lu Man compare to her?

She was the Secretary's daughter and knew Big Brother Han.

"Ha!" Lu Man leisurely drank a mouth of water, "Then did the CEO say himself that you can enter? I'm sitting here with true confidence because I'm someone the CEO personally called there to discuss work, and it was Assistant Zheng who brought me here himself. You can sit here and wait with me, that's not a problem, but you can't indiscriminately chase me out, acting like the company is opened by your family, that's not right."

"Zheng Tianming brought you in? Who is Zheng Tianming? He's just an assistant. I was brought here by Big Brother Han's uncle!" Dai Yiran pointed her finger at Lu Man, "I want you to get out now, either you get out now, or later on, don't blame me for being rude!"

Dai Yiran's yelling voice was so loud that the secretarial office opposite could clearly hear her.

Zheng Xiaoying asked hesitantly, "Should we go in and take a look?"

"What's the use of going?" Yang Fangqi stopped her, "Out of those two, who can we afford to offend? Dai Yiran is the daughter of the Secretary and is brought by the CEO's uncle. Lu Man was brought in by Zheng Tianming, even if we want to mediate, how should we do it? Who do we help?"

Zheng Xiaoying agreed after giving thinking about what Yang Fangqi said. "Dai Yiran is one thing, but what's with Lu Man? What relationship does she have with Assistant Zheng?"

"Who knows," Yang Fangqi shook her head, but prudently decided to stop guessing.

Whereas, Ye Xuanxuan, on the other hand, sneered, "She definitely knows Assistant Zheng from before. Didn't you see how Assistant Zheng purposely came over just to tell us to take good care of her? Assistant Zheng might want to chase her. Lu Man really has a lot of ability."

"Assistant Zheng already gave us instructions, but you still argued with her just now? Aren't you scared that she'll tell Assistant Zheng and Assistant Zheng will come and scold you later?" Zheng Xiaoying casually asked.

Ye Xuanxuan face turned green quickly.

Yang Fangqi looked at Zheng Xiaoying helplessly, *why was this girl always acting like she is lacking brain cells, saying this to Ye Xuanxuan, isn't it going to upset her?*

At that moment, Dai Yiran suddenly rushed to their office doorway with big steps, "I was shouting for such a long time just now, are you all deaf?"

Even Ye Xuanxuan was shocked.

Just now, when she came in with Han Dongping, Dai Yiran's movements and speech were all that of a rich family's young miss.

However, she changed her manners way too fast!

Ye Xuanxuan thought about it quickly, since she had already offended Lu Man, she was sure that Lu Man would definitely tell on her to Zheng Tianming.

Hence, she felt that it was better to take the chance and support Dai Yiran.

With Dai Yiran as her backer, Zheng Tianming could not do anything to her.

So, Ye Xuanxuan took a step up first, "Miss Dai, what's wrong?"

Dai Yiran clicked her tongue, "Who's that? What's with her going into Big Brother Han's office just like that?"

Seeing Ye Xuanxuan rush up, Yang Fangqi's expression was not very good, and she could tell with one look what Ye Xuanxuan's motive was, but she could not bother with her anymore.

If Ye Xuanxuan was willing to jump into these murky waters, then she should just let her go!

However, Zheng Xiaoying did not manage to hide herself quickly but she would definitely not answer Dai Yiran's question.

This coincided with Ye Xuanxuan's wishes, and she hurriedly said, "I'll go take a look."

Following Dai Yiran back to Han Zhuoli's office, Ye Xuanxuan smiled coldly as she darted a glance at Lu Man, before assuming a feigned manner and trying to convince Lu Man, "Lu Man, Miss Dai is waiting here for the CEO, you should come out with me first."

Chapter 104: As Lu Man Turned Her Head, Her Gaze Went past Zheng Tianming and Landed on Han Zhuoli's Face

If it was not for Dai Yiran purposely forcing her into a corner, Lu Man would really not be stubborn to this extent.

She was of the kind who would always respect those who respected her back.

However, at that moment, she had the urge to vomit upon seeing Ye Xuanxuan's face as she put up her act.

"Did Miss Dai have a prior appointment with the CEO?" Lu Man sat unmovingly and asking her a question instead.

“What you said just now is really funny. Why would Miss Dai need an appointment? She was brought over by Mr. Han himself, she is friends with the CEO,” Ye Xuanxuan looked at Lu Man mockingly.

Whereas Dai Yiran smiled and felt proud and very pleased with what Ye Xuanxuan said.

“There’s no need to say anything else. If you don’t have an appointment, then you don’t have an appointment. Whether the CEO wants to see her, we’ll have to wait until the CEO finishes his meeting to talk about it,” Lu Man said coldly, “I still stand by what I said, I’m someone the CEO gave orders to wait here. If the CEO wants me to get out, I’ll not question anyone and just get out silently. I’m an employee here, so what right do other people have to take the place of the CEO to order me around?”

“Lu Man, what’s wrong with you!” Ye Xuanxuan was not happy and reprimanded Lu Man, “Miss Dai is a guest, what is with your attitude!”

“You already said, she’s a guest. A guest should follow the rules of a guest. There’s no logic in entering someone else’s office, and chasing the person’s employee out,” Lu Man frowned as she was uncomfortable on being reprimanded by Ye Xuanxuan, and then stood up.

Immediately, Ye Xuanxuan smiled at Dai Yiran, trying to curry favor with her, “Miss Dai, I’m really sorry, she’s a new employee, so she is very ignorant, I’ll drag her out right now.”

“Drag her out quickly, don’t stay here and hinder my view!” Dai Yiran pointed at Lu Man, “You’re crossing me right? What kind of person are you, you don’t know your place! When Big Brother Han comes out, I’ll have him fire you!”

Meanwhile, Ye Xuanxuan pulled Lu Man out, “Lu Man, are you sensible or not? Even a newcomer would not act like you acted just now! I told you to come out, so you should have come out, what kind of attitude is this! And you even offended Miss Dai? Does it matter where you wait? The CEO had you wait for him to finish his meeting, but did he personally say you should wait in his office? Isn’t it Assistant Zheng the one who brought you in? It’s not the CEO who made you wait inside, you really used a made-up directive to order people around, such a joke!”

“I’m telling you, you can just wait here, but you can’t enter the office again. Look at what happened, ever since you came, you caused the work environment to be so chaotic. Wherever you go, people argue,” Ye Xuanxuan said impatiently, “Just looking at you, how can you even fight with Miss Dai? You don’t even have a little bit of self-awareness!”

At that moment, Han Zhuoli had just come out from his meeting and happened to hear Ye Xuanxuan say those words.

Remembering that Lu Man was still waiting for him in the office, he had forcefully shortened the meeting time by half.

Who knew, he had let Lu Man be bullied right under his eyes.

Hence, Han Zhuoli’s face instantly darkened, and when Zheng Tianming saw it, he thought in his heart, it was over. Ye Xuanxuan’s days in the Han Corporation were over.

“What are you arguing about!” Zheng Tianming walked over, his face dark.

As Lu Man turned her head, her gaze went past Zheng Tianming and landed on Han Zhuoli’s face.

The last time she had met Han Zhuoli, he had a pleasant smile on his face.

However, right now he had a fierce scowl on his face, and his whole body was giving out a cold aura that would scare people terribly.

Even Lu Man's heart started thumping with fright, could it be that she would be fired on her first day of work!

When Ye Xuanxuan heard Zheng Tianming's voice and looked over, she instantly saw Han Zhuoli behind him, and she was so scared she broke out in a cold sweat.

Why was the CEO's meeting over so fast!

In the past whenever Han Zhuoli had meetings, they were never this short.

Suddenly Ye Xuanxuan felt guilty, but upon seeing Dai Yiran's proud and satisfied look, she composed herself.

She believed that with Dai Yiran present there, even if there was a problem, Lu Man would be the one in trouble.

Instantly, Ye Xuanxuan calmed down, settling her heart down.

Chapter 105: My Dad Does Not Know You Either

Obviously, that was what Dai Yiran thought too, she believed firmly that Han Zhuoli's cold face was definitely not directed at her.

"Big Brother Han!" Dai Yiran smiled widely, sweetly calling him, before going forward to welcome him.

As Han Zhuoli walked over with his cold face., Dai Yiran assumed that Han Zhuoli was responding to her, and was even more proud, reaching out her hand, wanting to grab Han Zhuoli's arm.

Yet who knew Han Zhuoli did not stop, and directly walked to Lu Man's side, causing Dai Yiran to grab onto nothing, and her pair of hands were still left hanging in the air, causing her to feel very awkward.

Ye Xuanxuan was dumbfounded.

What was going on?

Didn't Dai Yiran know Han Zhuoli?

She kept calling him Big Brother Han, and upon hearing it, it was obvious that their relationship was not average!

Yet why did Han Zhuoli not even acknowledge her?

Then could Dai Yiran still be relied on? All these thoughts flooded her mind, leaving Ye Xuanxuan perplexed.

"This is the company, not a market, if you want to shout abuses in the street, you can go out and do so!" Han Zhuoli told Ye Xuanxuan coldly.

This was obviously a fiercely directed attack at her making, Ye Xuanxuan tremble with fear., Although she tried explaining, she kept stuttering with fright, “C... CEO, it’s Lu Man’s first day at work and she doesn’t know the rules, when you are not in your office, you never let anyone go in. However, Lu Man not only entered your office but she also randomly started touching your things. When Miss Dai saw it, she asked her to leave, but she refused to listen and was kept acting shamelessly. I... I couldn’t let her ruin the company’s image, so I...”

Lu Man was so angry that she started to find it funny.

Who was the one who shamelessly stayed in the office and refused to come out?

Who was the one randomly touching things in the office?

Suddenly Han Zhuoli gave Zheng Tianming a look that could kill, and Zheng Tianming broke out in a sweat, scolding Ye Xuanxuan in his heart till she was half dead, “I told you just now, it was the CEO who let Lu Man wait for him in the office, how did it become that Lu Man went in herself?”

Ye Xuanxuan was an idiot, she did not even think, if it was really Lu Man who went in herself, and it was not Han Zhuoli’s idea. Then the one who had brought Lu Man in, Zheng Tianming could not escape responsibility, and it would be weird if Zheng Tianming did not go after her.

“CEO, I really did tell them clearly, and even gave orders to prepare drinks and food for Lu Man,” Zheng Tianming had really told them.

However, it was just that Ye Xuanxuan did not take it to heart.

When Han Zhuoli’s gaze landed on the inside of the office, he saw that the coffee table only had half a cup of water, “The secretarial office only pours a cup of water when welcoming guests?”

Listening to Han Zhouli, Ye Xuanxuan’s heart leaped up instantly.

“I went to take the water myself,” It was only at this precise moment that Lu Man opened her mouth, she had been quiet all along.

Hearing her, Ye Xuanxuan’s heart fell back down again, she felt that it was surprisingly nice of Lu Man to help her out of this situation.

Yet right after that, she heard Lu Man say, “I had been sitting in the office for very long but no one came in with anything to drink, and I was very thirsty, so I went to find Secretary Ye. However, Secretary Ye was busy filing her nails at that time, and could not deal with me, so I went to get water myself.”

Han Zhuoli got even furious upon hearing the treatment Lu Man received by his employees.

Instantly Zheng Tianming’s cold sweat actually starting dripping down, how was he to know that Ye Xuanxuan was so unreliable, wasn’t that a trap for him?

If Ye Xuanxuan did not wish to work anymore, she could entrap herself, why was she getting other people into trouble too!

“Big Brother Han, stop blaming Secretary Ye, she also has her own job to do,” Dai Yiran walked over, pushing away Lu Man to stand by Han Zhuoli’s side.

“Who are you?” Han Zhuoli frowned and asked.

Pft!

Could it be that she kept calling him Big Brother Han, but Han Zhuoli did not even know who she was?

Lu Man could not stop her laughter.

Suddenly Dai Yiran’s whole face became green, and she glared fiercely at Lu Man.

She was doing this on purpose! She believed and cursed her in her mind.

“Big Brother Han, you... how could you not remember me!” Dai Yiran refused to believe it.

She was so good looking, how could Han Zhuoli not remember her?

“I followed Uncle Han to the Old Madam Han’s house to eat before,” Dai Yiran said.

She had always been proud of this, after all, not everyone could go to the Han family’s Old House.

Yet who knew, Han Zhuoli’s would scrunch up his eyebrows even more, “My Dad also doesn’t know you.”

Chapter 106: You Must Be Feeling Aggrieved

It was not good of Dai Yiran to randomly say such things. If his mom was to hear it, she would probably make his father kneel until his knees rotted.

“Pft!”

Lu Man really could not control herself and laughed again.

How could Han Zhuoli be so comical!

Furthermore, he was being comical with such a serious face!

Although Han Zhuoli may not be trying to be comical, she found it hilarious when she heard it.

Right now, Dai Yiran’s expression was like she had been choked, her face was reddened. After a long time, she managed to say “I followed your uncle.”

“Oh,” Han Zhuoli nodded, “My aunt didn’t say anything?”

“Pft!” Lu Man turned away, Han Zhuoli was really too much!

“Big Brother Han!” Dai Yiran called embarrassedly, feeling aggrieved, “aunt and uncle had brought me there together, to introduce the two of us!”

Han Zhuoli had an ‘I really don’t remember’ expression on his face, and he turned around to ask Zheng Tianming, “Does Miss Dai have an appointment?”

“No,” Zheng Tianming quickly replied.

“Then why is she here?” Han Zhuoli asked again.

“It’s Uncle Han who sent me here, I’m starting work at Han Corporation today,” Dai Yiran quickly said.

However, Han Zhouli gave an incredulous look to Zheng Tianming, “There’s such a thing?”

“Yes, previously, Mr. Han told you, and you told me to deal with the situation as I see fit,” Zheng Tianming said.

That meant that Han Zhuoli threw the whole thing to him, and Han Zhuoli did not ever ask about it again.

In Han Zhuoli’s eyes, he was already giving a face to Han Dongping, as for Dai Yiran, he really had no impression of her at all.

“Then go report to your assigned department, what are you doing here?” Han Zhuoli was impatient, was something really wrong with that girl?

Everybody: “...”

Why Dai Yiran came, do you really not know?

“Lu Man, come with me,” Han Zhuoli called out her name, and Lu Man immediately followed him, and entered his office together with him.

Afterward, Han Zhuoli closed the door, and Zheng Tianming asked Dai Yiran, “Miss Dai, have you handled your entry formalities?”

Dai Yiran pulled a long face and stiffly said, “No.”

Initially, she had followed Han Dongping and directly came to find Han Zhuoli.

She had initially thought that even if Han Zhuoli did not personally bring her to handle her entry formalities, he would still place emphasis on her, and have people help her to settle them.

Yet who knew that the actual situation would be like this.

However, Zheng Tianming seemed to not see Dai Yiran’s bad facial expression and said, “I’ll go with you to handle them, this way, please.”

Dai Yiran looked at the office door again as she did not want to take it lying down, after that, she hatefully glanced around at Ye Xuanxuan and the rest of the people there.

Her embarrassment today was all seen by them.

Meanwhile, Ye Xuanxuan thought in her heart that it was not good, she had been hoping Dai Yiran would be her backer.

Yet Dai Yiran had already walked away with Zheng Tianming and remembering the dark look cast by Dai Yiran, there was no way she would help her.

Hence, Ye Xuanxuan started to panic suddenly and turned around to grab Yang Fangqi’s arm, “Elder Sister Yang, what should I do?”

“Ha, just now in front of Dai Yiran, weren’t you quite in the limelight? If you have so much ability, how can you not know what to do? If you still can’t find a way, then you can go and find Dai Yiran for help, what’s the use of coming to me?” Yang Fangqi shrugged off her hand.

Earlier she had tried to convince her, but Ye Xuanxuan refused to listen, playing such tricks in front of her, and now that she suffered losses, Yang Fangqi could not be bothered to care about her.

Anyway, now she clearly knew what kind of person Ye Xuanxuan was. Ye Xuanxuan was someone who would rush when it was time to claim credit and would rush ahead not even caring about whatever friendship she had with you. However, on facing a problem, she would run away first and care less about whether you lived or died.

Hence, Yang Fangqi quietly pulled Zheng Xiaoying away too, it was better to have fewer relations with Ye Xuanxuan.

Ye Xuanxuan followed them to enter the office and as she returned to her desk, tears started to drip down her ghastly pale face.

Meanwhile, in Han Zhouli’s office.

“Sit,” Han Zhouli pointed at the sofa, and sat down opposite her, “I’m sorry, you were treated unfairly by my staff. You must be feeling aggrieved.”

“It’s nothing, anyway, I have returned the favor on the spot,” Lu Man was not bothered with what had happened.

Chapter 107: Why Don’t You Call Big Brother Han For Me To Hear?

Han Zhouli smiled upon hearing what she said just now, *this girl really never allowed herself to suffer losses.*

After taking a look at the time, he called the Zheng Tianming, who had just sent Dai Yiran away, to his office.

Due to this, Lu Man thought that they were going to start discussing work, and quickly adjusted her frame of mind.

However, who knew Han Zhouli’s next sentence would be, “It’s the afternoon already, order food for two people, I’ll eat here with Lu Man.”

Lu Man was taken aback, and instantly said, “I can come back after lunch, anyway, it’ll be the same.”

“Ordering food also takes a while, we can discuss first,” Han Zhouli said lightly.

“Then I—” Lu Man opened her mouth to refuse.

Zheng Tianming quickly said, "Lu Man, it is rare for the CEO to remember having lunch on time, so please don't reject his invite. Otherwise, if you leave, once the CEO gets busy with his work, he will not even have lunch."

Lu Man mumbled in her heart, why was it that Han Zhuoli's not having his lunch suddenly became her responsibility.

It was as though she was very important.

Since Zheng Tianming already emphasized that she had to stay, Lu Man could only agree.

Zheng Tianming happily went to order the food, feeling that he could use make amends for previous faults by doing some good services.

"Young—" Lu Man wanted to call him Young Master Han just like before, but thought it was now inappropriate to call him that, "CEO."

"What did you want to call me just now?" Han Zhuoli asked with a smile.

Lu Man felt awkward, "I wanted to call you Young Master Han, I've become used to calling you that."

"I am not used to you calling me CEO," Han Zhuoli smiled and his eyes landed on Lu Man's face, making her face heat up for some strange reason.

"But now that I'm your company's employee now, I must call you that," Lu Man forced herself to meet Han Zhuoli's eyes.

His gaze seemed like it wanted to burn her to ashes, it was scorchingly hot.

"I thought that the two of us, no matter what, can be considered as friends already," Han Zhuoli could not hide his disappointment, "So it was just my own imagination?"

"How could it be," Lu Man's sweat was almost going to drip down, "It's just that I don't dare to be your friend."

Just now, outside the office, Han Zhuoli's fierce look could scare people until their faces were pale.

Thus, now as she listened to him say that she was just unable to accept this sudden change in him.

"Haha," Han Zhuoli laughed softly, "You still have things that you don't dare to do? Why do I feel that you are very courageous?"

Lu Man laughed dryly, "Actually, I don't have a lot of courage."

Han Zhuoli looked at her, with an unknown meaning in his eyes, and said, "Lu Man, didn't you introduce me as your friend to other people? You even said that I'm your friend to your mother and her hospital roommate.."

"..." Lu Man bit the bullet and nodded, "Yes."

"But—" how could this be the same thing?

If she directly told everyone who he was, would it not scare them to death?

She also had no choice alright?

“Moreover, didn’t I lend you 100,000 yuan, and now there’s still 50 000 left with you, right?” Han Zhuoli asked again.

“Yes,” Lu Man nodded.

“Don’t talk about strangers, even a normal friend might not lend you that much amount of money right?” Han Zhuoli asked again.

“Yes,” Lu Man nodded her head honestly.

“So that means that our relationship is even better than that of normal friends, isn’t that right?” Han Zhuoli asked again.

Lu Man: “...”

Right? What was right!

She almost fell right into his trap!

But right after that, Han Zhuoli’s words left her completely baffled and almost made her spit out, “Why don’t you call Big Brother Han for me to hear?”

Lu Man: “...”

Thankfully she did not drink water!

“If I don’t remember wrongly, Miss Dai also called you that,” Lu Man was smiling so widely that her eyes were closed into crescent moons, “So is it that anyone can call you that?”

Han Zhuoli looked at her, and suddenly smiled lightly, his originally fierce eyes were suddenly taken over by starlight, and instantly became more gentle, especially intoxicating and beautiful.

Lu Man was taken aback, she got trapped in the gentleness of his eyes, unable to come out.

Chapter 108: Han Zhuoli’s Eyes Warmed Up Even More And His Smile Deepened, “Then Say It Once For Me To Hear?”

“She was under the illusion that I was fine with her calling me that, but did you even hear me respond to her at all?” Han Zhuoli’s rested his well toned and strong forearms on his separated long legs, and then he suddenly leaned over.

Even though they were separated by a coffee table, Lu Man was still so nervous that her heart skipped a beat.

Although Han Zhouli had just leaned across the table, Lu Man felt as if he was very close to her.

Han Zhouli’s actions had left Lu Man’s mind completely muddled. But now, that she slowly thought about what Han Zhouli said, it seemed like it Han Zhouli really did not respond to Dai Yiran at all.

“How about you call me and see if I respond to you?” Han Zhuoli suddenly lowered his voice.

Upon hearing Han Zhouli's slightly hoarse voice, which felt as if he was seducing her, Lu Man became a complete mess upon hearing his slightly hoarse seducing voice. The fine hair on Lu Man's arms stood up and she had goosebumps all over.

Her legs had completely gone weak and numb, this was the extent to which Han Zhouli's voice affected her.

Yet, compared to his voice, Han Zhouli's expression was very serious.

If it were not for that, Lu Man would have thought he was taking liberties with her.

Although Lu Man opened her mouth, she could find her voice only after a long time, "We're in the company, so isn't it inappropriate?"

"In public, you can still call me CEO, there's no problem," Han Zhouli said. Actually, he had a much bigger wish that Lu Man would call him Big Brother Han in public, but he knew that Lu Man would never do that, "In private, we don't need to be so distant alright?"

However, since Han Zhouli requested her to call him 'Big Brother' in private and not public, Lu Man could only nod and agree, "Alright."

Seeing that Lu Man agreed with him, Han Zhouli's eyes warmed up even more and his smile deepened, "Then say it once for me to hear?"

Although Lu Man opened her mouth and really want to call him that, it was too difficult for her to actually say those words.

Her tongue seemed to be knotted, and no matter how she tried, she could not say it out.

Luckily, at that moment, Zheng Tianming suddenly knocked on the door and entered, "CEO, lunch has been delivered over already."

Displeased, Han Zhouli gritted his teeth, Zheng Tianming could have come at any other time, yet he just had to come in right now and mess with his plans!

"Send it in," Han Zhouli said with a black face.

Zheng Tianming, "..."

Did he do something wrong?

Why was the CEO angry again?

Why was it that today was so rough, he kept doing the wrong things?

Zheng Tianming was about to cry already.

Hence, Zheng Tianming quickly set up the takeaway on the table, and immediately left the room, he did not dare to stay at all to be the third wheel and anger Han Zhouli.

"I'll go wash my hand," Lu Man let out a breath in relief and quickly stood up.

Since the atmosphere just now had, for some uncontrollable reason, become quite ambiguous, she had to go out to calm herself down.

But who knew that at that exact moment Han Zhuoli would say, "There's a washroom in the office, it's over there."

Lu Man: "..."

Lu Man hurriedly went to the toilet as she was too embarrassed to dally for too long and delay Han Zhuoli's lunch.

When she came back, Han Zhuoli went to wash his hands as well.

Yet who would have thought, when Han Zhuoli came back out, he did not sit where he was originally sitting and rather sat beside Lu Man.

Lu Man: "..."

Moreover, she could not purposely change her seat and she did not feel at ease sitting so close to Han Zhuoli.

Han Zhuoli took a pair of chopsticks and passed it to her. Although Lu Man tried her best to avoid his hands, yet somehow, when Han Zhuoli was pulling his hands away, her fingertips still touched Han Zhuoli's fingers.

Suddenly, Lu Man shivered and hurriedly pressed hard on her chopsticks, not daring to look at him.

Therefore, she did not see that Han Zhuoli was caressing the fingers that had touched her.

Although they had touched each other just for a moment, Han Zhouli had experienced an electric current flow through his fingers and could not help but tremble a little.

As for Lu Man, she was so nervous right now that she could only bury her head and eat.

Hence, she did not see that Han Zhuoli spread his legs wide without a trace until they touched her legs.

Suddenly, Lu Man stiffened and used her split vision to secretly look at him and Han Zhuoli seemed to not have noticed that.

She could only stealthily move her legs away, but not long after, Han Zhuoli's legs were again pressed next to hers.

Their interaction was faintly discernible, yet she could still feel the warmth even though they were separated by pants.

Chapter 109: Han Zhuoli Took The Grain of Rice That Had Been On Her Lip Earlier, and Put It Into His Own Mouth

Lu Man was tense, her body stiff and she could only stay still. Moreover, right now she had the chance to interact freely with Han Zhuoli and to be very close to him, thus Lu Man could not control her own heart.

Thus she thought she might as well consider this as treating herself with a little dessert.

“Lu Man,” after the long silence that almost suffocated Lu Man, she could hear Han Zhuoli’s voice next to her ear.

“Ah?” Just as Lu Man turned her head, Han Zhuoli’s finger touched her lips.

She could smell the mint scent on him and when slightly rough fingers brushed past her lips, her lips instantly went numb.

After that, as Han Zhuoli pull back his hand, she saw that there was a grain of rice on one of his fingertips.

“It was stuck to your lips,” Han Zhuoli explained, his facial expression not changing.

Right after that, Lu Man watched with eyes wide as Han Zhuoli took the grain of rice that had been on her lip earlier, and put it into his own mouth.

Suddenly Lu Man’s head had a “boom” sound leaving her stunned and stupefied.

If one could say what happened before was an accident, then what happened just now was not an accident at all !

Who would put a grain of rice that had been on her lips into their own mouth to eat!

This... This is him being a hooligan right!

“Young Master Han!” Lu Man’s lips were trembling as she spoke.

The places that he touched were numb and hot.

“En?” Han Zhuoli was still pretending and had a puzzled expression on his face.

“...” Lu Man said stiffly, “This isn’t appropriate alright?”

“What?” Han Zhuoli asked as if he did not understand what she was saying.

Act!

Continue acting!

“You...” Lu Man took a deep breath, “Young Master Han, do you really lack a grain of rice?”

Only then was Han Zhuoli enlightened, “It is shameful to waste food.”

Lu Man was stupefied by his shamelessness!

Lu Man bit her teeth and decided to just ignore him, lowering her head to quickly eat her own rice. All she wanted right now was to finish eating and be done with this whole thing as soon as possible.

“That grain of rice was especially nice,” Han Zhuoli suddenly said.

“Young Master Han, you—”

“What?” Han Zhuoli’s expression was of confusion as if he truly could not comprehend what Lu Man wanted to say.

Right now, Lu Man really wanted to tell him to conduct himself with dignity. Earlier, she had really thought that Han Zhouli had changed for the better, yet now his actions were clearly of a hooligan, just like before!

“I’ve finished eating, I won’t disturb CEO’s mealtime anymore,” Lu Man had not even finished her rice completely, half of it still left, and suddenly stood up.

“You’ve finished eating?” Han Zhuoli nodded, “Then let’s begin.”

Begin what?

Lu Man was stunned for a while, and later saw Han Zhuoli hand her a document, “Wu Lize has told you everything already, right?”

Lu Man felt like she could not even catch up to his tempo, and nodded woodenly, “Yes, Manager Wu told me that I will be in charge of Du Lin’s publicity. It would be like my internship examination so I can directly skip the internship period.”

Han Zhuoli nodded, “I heard Wu Lize say that you mentioned a plan during your interview, I find it not bad, do you have a detailed plan?”

Seeing that he had begun talking seriously about work, and not doing any more of the things that would cause people to misunderstand, Lu Man finally let out a breath of relief, “Yes, when I went for the interview that day, after I saw Du Lin’s case, I felt that it was quite challenging. Whether the case is assigned to me or not, I wanted to try anyway, so I planned considering that if it were me, how I would do it. Even if the final plan is different from the one I have designed, it will be an enriching experience for me.”

In the meantime, while Lu Man spoke, Han Zhuoli had especially taken Lu Man’s leftover rice and started eating it with big mouths.

“Young Master Han, that’s mine—” it was what she had left-over after eating, with Han Zhuoli eating it, was it not equivalent to him eating her saliva?

“You haven’t finished eating yet?” Han Zhuoli asked as he ate.

“I’ve finished eating, but that’s my—”

“It’s shameful to waste food,” Han Zhuoli had just finished eating the last bite and put the empty container down.

Lu Man: “...”

She had almost believed what he said.

The speed with which Han Zhuoli ate was as if he was scared someone would snatch the food away from him.

Yet even though he was eating so fast, taking huge bites, somehow the way he ate still looked quite good, very manly, but also very elegant at the same time.

Chapter 110: Your Attitude Was Not Enough To Let Them Properly Understand Lu Man's Importance

"Not bad," Han Zhuoli felt increasingly proud of Lu Man in his heart.

The longer he knew Lu Man, the better he understood her, and the more he admired her.

"If it were a normal person, they would probably take it as everything is in order after they had been hired through the interview. They would feel that this case would definitely not be given to them, and will have nothing to do with them. However, they do not know, that opportunities are always given to those who are prepared," Han Zhuoli did not hide his admiration at all, his eyes shone as he looked at Lu Man.

The girl he liked, was absolutely outstanding.

His blatantly admiring gaze made Lu Man's blush in such a way that no verbal praise would make her face this red.

"Wait for a while," Han Zhuoli made a phone call, asking people to take away the food containers and clean the table.

Then, he sat by Lu Man's side and opened the file between the two of them, "Talk about your train of thought."

Lu Man nodded, "I have thought of two plans, but I'm more inclined towards the first one. If both are accepted, we can let Du Lin choose himself, to see which one he is more willing to accept."

Lu Man began speaking systematically about her plan.

While she was in the hospital, she had already written down the two plans. It was just that she did not think that Han Zhuoli would suddenly take this case as a test for her, and hence she had not brought the documents along with her on her first day of work.

The good thing was that even though she did not know beforehand that this case would be passed to her, but with her principle of seizing every opportunity to learn something, she seriously finished planning the program for Du Lin. She even took the time to enhance it making edits over and over again, thus she had every single detail about the plan by heart.

Hence she could systematically explain the complete plan to Han Zhouli without needing the written script and also without missing out any part of it.

From what she said, Han Zhuoli himself could tell that Lu Man had privately put in a lot of hard work.

"Not bad, I'm also inclined towards the first plan," Han Zhuoli nodded, then looked at Lu Man, the look of admiration in his eyes became stronger and stronger.

Even without his help, Lu Man probably could have entered probably Han Corporation based on her own ability.

This was the girl he liked!

Later on, Han Zhuoli called Zheng Tianming in, "Make a call to Du Lin."

"Do you mind telling Du Lin the plan later on?" Han Zhuoli asked Lu Man.

"Of course not, there's no problem at all," Lu Man said.

"You don't need to explain as detailed as you did just now, the two plans are of two different directions, you can just let him understand the gist of it," Du Lin probably did not have that much time to come and listen to the plan either, "Let's see which one he wants to choose."

Not long after, Du Lin picked up his phone.

Then, Lu Man briefly explained the plans to Du Lin, and Du Lin also chose the first plan.

"You can go back now and do up the plan in detail, from now on, you can directly contact Du Lin's manager, Gu Qingfang," Han Zhuoli said.

Although Lu Man did not think that she would be assigned a case to do on her own, she was not at all nervous. To her, this was a challenge, and instead, it made her even more excited.

Thus, she had basically forgotten the weird behavior of Han Zhouli and also the words he had spoken, almost seducing her. The excitement of working on Du Lin's case had made her push aside all the thoughts of Han Zhouli acting like a hooligan again this time.

After expressing her gratitude and saying thanks to Han Zhuoli, she returned to the Public Relations Department.

It was only then that Zheng Tianming became anxious and distraught as if going to be sentenced, and entered the office with a heavy heart.

"CEO," Zheng Tianming put on a long face, "I really gave specific instructions to them, but who knew that Ye Xuanxuan would be so silly."

Zheng Tianming had almost called her an idi*t.

It was fine if s he wanted to die, but why bring him down with her?

"It must have been that your attitude was not enough to let them properly understand Lu Man's importance," Han Zhuoli said, his face devoid of any expressions.

Zheng Tianming said in his heart that he had already personally gone to welcome her, was that still not enough?

Even for customers, if they are not of a certain level, they would not even be welcomed by him, much less an ordinary worker in the company.

It was just that Ye Xuanxuan was an idi*t and could not be helped!

Zheng Tianming was ready to accept his punishment, "CEO, how do you want to punish me?"
