

Mr Han 1011

Chapter 1011: How Did You Know About This Place?

"If it were not for the fact that Lu Man had said there would be benefits to investing in The Performer, Qi Qi wouldn't have come to tell you about it. Ha, if Lu Man feels there is a benefit, then she should help you invest a bit," Xia Qingyang said before pressing her lips together.

Lu Qiyuan's car was stopped in front of the gantry.

The security officer came over and asked, "May I ask which household you are here to find? Do you have permission?"

Lu Qiyuan stated Xia Qingwei's house number.

The security officer was about to call Xia Qingwei when Xia Qingyang blinked and said, "Just say that Mr. Han and Mrs. Han are here."

Xia Qingyang did not know who Lu Man's in-laws were, but Lu Qi had said before that the surname of the younger brother of Lu Man's fiancée's was Han.

The security officer had originally been very polite, and in that moment, his facial expression changed. "Who exactly are you? I've seen Mrs. Han before."

Old Mrs. Han and Shen Nuo had come multiple times already, and the security officers had long learned to recognize them.

Lu Man had directly passed them the card to enter the neighborhood; they would not be stopped at all.

"No, I'm saying—"

Without waiting for Xia Qingyang to explain anything else, the security officer immediately called Xia Qingwei's house's intercom.

The security officers could directly call the intercoms of the houses.

Lu Man went to pick it up, and the security officer told them about what was happening at the doorway.

"Alright, thank you, I'll go over and take a look," Lu Man said.

The security officer went over to Lu Qiyuan and Xia Qingyang to say, "May I bother you two to wait at the side to make way for the car behind?"

"I won't make way. I'm here to find someone, why aren't you letting me in?" Lu Qiyuan said angrily.

"Madam Xia did not tell us that there would be guests today. For the security of the residents here, we can't randomly let in unknown cars," the security officer said.

"Look at the car I'm driving! I'm driving this kind of car, what can I go in to destroy?" Lu Qiyuan hit the steering wheel in anger. "You still aren't letting me in?"

"I'm sorry, the rules of our neighborhood is like that. May I invite Sir to move your car away?" The security officer was not at all moved.

“Then I won’t leave! I’ll just block the way! If you don’t let me in, the cars behind don’t need to think about entering!” Lu Qiyuan said loudly.

The truth was, there was no car behind at all.

Over here, the cars were separated. The residents’ cars directly entered through the carpark entrance.

Only the cars from outside needed to go through the security officers.

At this time, there were no other guests here to visit. There was only Lu Qiyuan here blocking the path.

The security officers were also trying to be safe.

“Then you can stop here.” The security officer was also feeling too lazy to bother with him.

Not long after, Lu Man hurriedly came over.

Seeing that it was Lu Qiyuan’s car, what else did she not understand?

“I’m sorry, I caused trouble for you all,” Lu Man told the security officers upon coming over, ignoring Lu Qiyuan.

Lu Man had always been especially polite and pretty with a good temper, and she naturally was very likable.

The security officer smiled and said, “It’s nothing, it’s my duty.”

Lu Qiyuan got down from the car. “Lu Man, you really grew up so fast, even knowing how to move houses secretly!”

Xia Qingyang pointed inside the neighborhood. “You have money already! You bought a house worth 20 million yuan, but the problem your dad’s company met with, you ignored!”

“Let’s talk about all this after we go in!” Lu Qiyuan said. “Hurry and tell him to let us in!”

Lu Man looked at them coldly. “How did you know about this place?”

“Don’t worry about how I know!” Lu Qiyuan said. “You are my daughter, I know where you live. Isn’t that very normal?”

Lu Qiyuan said gloatingly, “I’m telling you, Lu Man, don’t even think about getting away from me in this lifetime! No matter where you move to, I will know about it!”

Chapter 1012: Investigate

Lu Man raised an eyebrow. If he really knew about such things, then he should also have known that she had already moved to stay with Han Zhuoli.

Hearing what Lu Qiyuan said, she roughly had an idea already.

She turned her head to tell the security officer, "In the future, I'll need to trouble you even more. If they come, don't let them in. There's no need to ask us about it anymore. These two people, we don't welcome."

"Alright." The security officer nodded.

Their neighborhood was famous because of the privacy. They place residents as the number one priority and kept the privacy of the residents as their topmost concern.

This sort of thing, they were already used to.

"And this person..." To be prepared for everything, she found Lu Qi's photo. "If she comes, don't let her in either."

The security officer looked careful. After confirming it, he nodded. "Alright."

Lu Qiyuan would not say how he knew about this place, and so Lu Man did not continue wasting time with him and turned around and left.

Lu Qiyuan started to yell from behind. "Lu Man! Come back!"

"Lu Man, how can you be so unfilial?" Xia Qingyang also called out.

"Madam, Sir, if you make any more trouble here, we'll call the police," the security officer said coldly.

Lu Qiyuan saw that he really could not enter and sat back into the car before driving the car to leave.

"Are we going to leave it like this?" Xia Qingyang was reluctant.

"Of course not!" Lu Qiyuan said angrily. "If it weren't for her, *The Performer* would not have flopped, the company would not have lost money, and Qi Qi would not keep getting scolded by netizens. Even while knowing that the Lu Corporation is sponsoring *The Performer*, she still did this. I have yet to settle the debts with her!"

Xia Qingyang's eyeballs turned, and she suddenly said, "Could it be... she's doing it on purpose? Because she knows that the Lu Corporation is sponsoring *The Performer*, she purposely tried to ruin it?"

Zhi—

Lu Qiyuan suddenly stopped the car, his eyes both red as he looked at Xia Qingyang. "If it is like that, I won't let her go!"

Lu Man returned back home, and Xia Qingwei asked her about the situation.

"It's Lu Qiyuan and Xia Qingyang. They somehow got the news that we moved here," Lu Qiyuan said in a low voice. "I already told the security officers to never let them in. There's no need to tell us, just directly stop them from entering."

"How did they know that we live here?" Xia Qingwei's facial expression changed.

Lu Man shook her head. "I'll make a phone call."

Lu Man called Zhou Cheng. "Big Brother Zhou, I need to ask you to help me investigate something."

"Go on."

"I want to know who Lu Qiyuan had interacted with recently. There's no need to investigate for long, just check the things that happened during the New Year holiday," Lu Man said.

"What did he do this time?" Zhou Cheng asked.

"He came to my mom's house, so I want to know how he knew about this place," Lu Man said. "With his personality, if he'd found it out earlier, he would have come earlier, so he definitely has not known for long."

"Right, so it has to be something that happened during the New Year holiday," Zhou Cheng agreed.

"Perhaps he interacted with someone, or it could have happened through mail or something."

Zhou Cheng did an analysis and said, "I know about this now, I'll help you investigate."

"Thank you," Lu Man said with a smile.

"What is there to thank me for? You're being too polite," Zhou Cheng said while also smiling, then hung up the phone.

Lu Man told Xia Qingwei, "I had Big Brother Zhou go and help investigate. There should be a conclusion very soon."

"He kept bothering you two like this?" Wang Juhuai asked in a low voice.

"He's mainly been bothering Man Man," Xia Qingwei explained helplessly. "Now that Man Man has means, he keeps wanting to come and take advantage of her."

Chapter 1013: He Dares to Despise You?

"Really shameless." Wang Juhuai smiled coldly.

Lu Man looked at Wang Juhuai seriously. "Uncle, if you stay with my mom, it is very possible that you will often meet such situations in the future. We can ignore Lu Qiyuan, but as long as he's still alive, he will think of ways to make trouble for us. He wants to make use of me, and I will never agree, so he'll think of ways to use my mom. These things, can you deal with them?"

"I understand what you mean." Wang Juhuai looked at Lu Man. "Don't worry, I'll protect Xiao Xia. If he dares to come, I won't let him go easily."

Wang Juhuai's words were enough.

In the afternoon, Zhou Cheng replied, "Our people hacked into Lu Qiyuan's computer and found that he received an anonymous email. The email told him your house address and sent the photos of the entrance of your neighborhood. There were even photos of Madam Xia entering and leaving the housing estate area."

Lu Man was both shocked and angry.

Zhou Cheng continued, "Through that email, we found the person who sent it."

Zhou Cheng was quiet.

"Who is it? Do I know them?" Lu Man instantly felt that something was not right.

"It's Han Dongping," Zhou Cheng said in a low voice. "This thing is a bit serious, we need to report it to Young Master Han."

"Alright." Lu Man nodded. "Thank you so much."

After exchanging a few more sentences with Zhou Cheng, she hung up the phone.

Xia Qingwei and Wang Juhuai both looked over.

Lu Qiyuan said in a low voice, "It's Han Dongping who told Lu Qiyuan."

"Han Dongping?" Xia Qingwei was extremely angry. "What does it have to do with him? What right does he have to do that?!"

Old Mrs. Han and the others often came to find her and were not unfamiliar with her address.

If Han Dongping wanted to know about it, it was very obvious how he found out.

"Because he's not satisfied with me," Lu Man said coldly. "So he directly told the address to Lu Qiyuan, hoping Lu Qiyuan would come and cause trouble."

Xia Qingwei was both angry and not able to understand. "Even if you have Lu Qiyuan to come and make trouble, what else can he do? Could it be that him making trouble would cause you and Zhuoli to break up?"

"I also don't really understand the way he's thinking. Could it be that he wants Lu Qiyuan to make a lot of trouble and embarrass us, thinking that this would cause the two elders to change their opinion and not agree to let Zhuoli marry me?" Lu Man raised an eyebrow.

But when it came to who Han Zhuoli wanted to marry, actually, no one could interfere.

Lu Man finally understood why the two elders had always despised Han Dongping for being dumb.

This sort of thought process was indeed hard for normal people to understand.

After Wang Juhuai heard that, what else did he not understand?

It was obvious that Han Dongping was not satisfied with Lu Man's family background and wanted Han Zhuoli to marry a woman with a good family background, and so, he schemed behind their backs.

Because his own marriage had been schemed against by people, causing him and Xia Qingwei to not have been together, Wang Juhuai hated things that interfered with others' marriage.

"He dares to despise you?" Wang Juhuai instantly darkened. "Why doesn't he see what kind of horrible person he is himself?!"

“You two wait for a while,” Wang Juhuai said, then took out his phone.

Xia Qingwei and Lu Man both found it strange when they saw that Wang Juhuai was calling someone.

The phone call went through, and Xia Qingwei and Lu Man heard Wang Juhuai say, “Mayor He, it’s me, Wang Juhuai.”

“Mr. Wang!” Mayor He said in surprise. “Hello, hello.”

“It’s like this, before this, you invited me to participate in the Municipal Dinner. Originally, I was planning on going back to America, but my recent schedule has changed and I don’t plan on going back any time soon. Is there still a place for me?” Wang Juhuai asked.

“There is, there is. If Mr. Wang can come, of course there will be!” Mayor He said as he smiled.

“Originally, I had kept a space for you, thinking that you might somehow find time, but I did not think that it would really happen.”

Chapter 1014: Be Their Backer!

“Thank you.” Wang Juhuai smiled and said, “I’m grateful to you for giving me face.”

“Hahahaha.” Being able to invite Wang Juhuai over, Mayor He was also very happy. “Then see you there.”

“See you there,” Wang Juhuai said with a smile.

After hanging up, he told Xia Qingwei and Lu Man, “After I returned to the country, Mayor He invited me to participate in the Municipal Dinner next Friday night. But because I originally planned on going back after celebrating the New Year, I did not agree. Since I’ve decided to stay here for the long-term, there will be time.”

“And it just so happens that Han Dongping would also be there at the Friday night dinner.” Wang Juhuai looked at Xia Qingwei and Lu Man. “You two should come with me.”

Wang Juhuai’s reason for doing this was obvious. He wanted people to know, Lu Man was not someone who had a good background. She was not a pitiful thing that her own father did not want.

She still had him, Wang Juhuai!

Xia Qingwei was also not a divorcee and a single woman who had nothing.

She had him, Wang Juhuai!

He wanted everyone to know that Xia Qingwei was the woman Wang Juhuai liked, the woman he would be willing to support with all he had!

With him there, he wanted to see if Han Dongping still dared to look down on Xia Qingwei and Lu Man and say these things!

Xia Qingwei and Lu Man were both smart people and instantly understood Wang Juhuai’s meaning.

Lu Man felt that her two eyes were a bit wet. Wang Juhuai liked Xia Qingwei, but to Wang Juhuai, she was not an important existence.

Lu Man never thought of wanting Wang Juhuai to treat her like a daughter. It was enough that he treated Xia Qingwei well.

Being able to see her and not feeling awkward, being polite to each other, maintaining a certain amount of respect, that was enough.

She had Han Zhuoli to dote on her, and she did not need to worry about others.

Lu Man had been prepared for this for a long time.

But Wang Juhuai shocked her, and her heart was warmed.

Whether he had the heart to do it or if it was just for Xia Qingwei, the fact that he could treat Lu Man well for Xia Qingwei's sake, the fact that he had such a heart for her, was already very touching.

Lu Man wanted to laugh. She had not managed to get fatherly love from her biological father and, instead, got it from a man with no relations to her at all.

Wang Juhuai was really treating her well because he loved Xia Qingwei. He was treating her as a junior, or even as a family member.

Lu Man blinked to try to dispel the wetness in her eyes.

Xia Qingwei also felt her throat ache and her lower jaw tremble a bit.

Lu Man breathed in and said, "Uncle Wang, it's enough that you would bring my mom there. It's not appropriate for me to go."

"You treating my mom well, you wanting to tell them that you two are together now, that, for my mom, is a good thing. But if I go, it'll be inappropriate. Who am I? You haven't become my stepdad yet. Just you dragging us mother and daughter along will cause people to talk. They'll be talking about me and my mom behind our backs."

They'd be saying that they, the mother and daughter pair, had managed to hold on to Wang Juhuai with much difficulty. Xia Qingwei had yet to marry Wang Juhuai yet was hurrying to bring her daughter out as well.

Lu Man was totally able to guess what these people would say about her.

If Han Zhuoli was there, her going with Han Zhuoli would be another thing.

But with Wang Juhuai alone, it was not suitable.

Wang Juhuai was about to say it won't be but stopped.

He realized that what Lu Man said was right. There was really that possibility.

Xia Qingwei also nodded. "However, I've never participated in this sort of event. It's better for me not to go."

“How can you not?” Wang Juhuai said. “I’m doing this to let people know that you are the future Mrs. Wang. The concerns Lu Man has and the reason she is not going is very logical, but you are the main character. How can you not go? Even if it’s just for Lu Man’s sake, you must go.”

Chapter 1015: A Little Later, a Few More Regrets

Xia Qingwei was a bit stunned. When did she become the main character?

But one of Wang Juhuai’s sentences hit Xia Qingwei’s heart directly.

Even if it was just for Lu Man’s sake, she also needed to go.

Xia Qingwei was not someone who liked being in the limelight. She was used to being low-key, but for Lu Man, this time, she decided that no matter what, she could not appear weak.

Xia Qingwei nodded her head heavily. “Alright, then, I’ll follow you there.”

However, what was with the future Mrs. Wang?

“It’s a dinner on Friday night, right?” Lu Man asked.

“Yes.” Wang Juhuai nodded.

“Mom, you don’t have any suitable clothes, right?” Lu Man said.

Xia Qingwei noticed only then that she really didn’t seem to have any.

She’d never had the chance to participate in this sort of events, and naturally, she’d had no occasion to need such clothes.

“Let’s go, I’ll bring you to shop and find a suitable dress for you,” Lu Man said.

“Alright.” Xia Qingwei agreed very readily.

Going with Wang Juhuai to participate in a gala dinner, she could not embarrass Wang Juhuai, and she needed to make Lu Man look good as well.

So she very readily agreed.

She changed her clothes, took her bag, and came out.

“I’ll go with you two.” Wang Juhuai had also changed his clothes and was excited to go.

Xia Qingwei laughed. “Us two girls shopping will be very troublesome. What will you do even if you follow us?”

“I’m going to be in charge of swiping my card,” Wang Juhuai said. “Furthermore, I want to go shopping with you.”

“...” Lu Man said helplessly, “Then aren’t I going to be the third wheel?”

“No, no,” Wang Juhuai hurriedly said. “I’m in charge only of using my card to pay. What is currently fashionable for women right now, I have no idea, so what Xiao Xia looks good wearing, you have to be in charge of judging.”

And so, the three of them went out together to buy clothes.

Wang Juhuai parked the car, and Lu Man brought Xia Qingwei to the boutique to look around.

Wang Juhuai very understandingly followed behind, leaving space for Lu Man and Xia Qingwei.

Seeing how Lu Man was holding on to Xia Qingwei's arm and chatting with her, he was following behind like a little assistant.

Yet he was still smiling. He was very happy with this and was not feeling like anything was wrong at all.

Xia Qingwei smiled at Lu Man, patted the back of her hand, and exclaimed, "I haven't shopped with you in so long."

"In the future, if there is a chance, then I'll leave it to Uncle Wang," Lu Man said, teasing.

Xia Qingwei glared at her, embarrassed. "You even dare to tease your mom!"

"I'm not teasing, I'm serious. Mom, Uncle Wang is really not bad," Lu Man said in a low voice. "I did not think that he'd treat me well because he loves you. He is taking every chance to be with you, even coming with you for shopping."

"How could he not like you? If he treats you badly, I won't agree to being with him!" Xia Qingwei said in a low voice.

"Yes, yes, I know. But in fact, I have always been mentally prepared as long as he is good to you. To demand that he be kind to me as well is too much. After all, people have their own selfishness." Lu Man laughed and said, "But Uncle Wang can do this. I am really surprised and moved. This shows that he really loves you. Otherwise, why doesn't he mind me at all?"

Xia Qingwei also smiled happily. "Yes. That's why I don't regret my decision."

"Mom, you need to keep a hold on a good man. You've already missed each other for over 20 years, don't delay it any longer. If you're a bit later, there'll be more regret," Lu Man said in a low voice.

Xia Qingwei was moved by her words and could not help but turn back to look at Wang Juhuai.

Wang Juhuai did not look impatient at all and was still looking at her with deep emotions even when she was not looking.

Chapter 1016: Going to Get a Marriage Certificate

Because of that, when Xia Qingwei turned her head back, Wang Juhuai's expression was not able to change in time and it was seen by Xia Qingwei.

Xia Qingwei was stunned, his gaze strongly hitting her heart.

Wang Juhuai smiled warmly at her, and Xia Qingwei suddenly stopped.

Lu Man let go of Xia Qingwei's arm at a suitable time and stood by the side.

Wang Juhuai walked over, finding it strange. "What is it?"

“Juhuai,” Xia Qingwei called.

Wang Juhuai heard that her voice was trembling a bit and instantly frowned. “What is it?”

Xia Qingwei shook her head and said, “The me right now, are you still willing to marry?”

Wang Juhuai was stunned and stood there, his whole body in a daze, his face with a dumb look, as if it had been turned to stone.

Lu Man looked up, unable to bear watching anymore.

She’d seen how Wang Juhuai’s reaction time was normally quite fast. Why did he become dumb at this sort of important time?

But Lu Man was also a bit shocked. She did not think that Xia Qingwei would be so direct.

She had just convinced her a bit, and Xia Qingwei had turned around to propose marriage.

Xia Qingwei pressed her lips together, knowing that Wang Juhuai was stunned but pretending to be angry. “Since you aren’t willing, then let it be.”

“No, no, no!” Wang Juhuai finally reacted and hurriedly grabbed Xia Qingwei. “I... I was shocked, I... I’m too happy!”

Wang Juhuai was extremely happy. “I did not think that you would suddenly... you know that I want to marry you, even in my dreams. I’ve thought about it for over 20 years, and I am now with you after so much difficulty. My biggest wish is to marry you,” Wang Juhuai said, his eyes all red.

“I did not think that you would suddenly agree. Although I kept saying that you are my future Mrs. Wang, I knew that you have concerns in your heart, so I thought I would still need to wait.” Wang Juhuai’s eyes were painful, and his throat was constricting.

Xia Qingwei looked at him. He really wanted to marry her a lot.

Even though he could marry whatever kind of woman, he wanted to marry a woman who was already quite old.

This man was really quite dumb.

“It’s Man Man who reminded me and told me, we’ve missed over 20 years already. I don’t want to delay it anymore. If it’s a bit later, there could be more things I miss. Before this, I was too close-minded. We did not get together very easily. I do not want to have any regrets, I do not want to miss you again. Nobody knows what will happen in the future. I don’t want to miss it again because of some accident in the future. We don’t have a third 20 years to wait,” Xia Qingwei said with a smile as tears were rolling in her eyes.

“But a proposal... this sort of thing, it should be me who does it.” Wang Juhuai’s eyes were red as he laughed.

Xia Qingwei rolled her eyes at him. “Don’t you do one every day?”

Wang Juhuai: “...”

When he thought about it, that was right.

His quota for today was already used up. If Xia Qingwei wanted him to propose, he had to wait for tomorrow.

So today, Xia Qingwei decided to do it herself.

Wang Juhuai could not help but be excited. He hugged Xia Qingwei, buried his face in her shoulder, and took a deep breath. "I'm really very happy."

He was so happy, his voice was trembling. "Let's... let's go get our marriage certificate now! It's the seventh day of the New Year, they should be working already."

Lu Man: "..."

Wang Juhuai was someone who'd stayed in America for a long time, but he sure was very aware of when the Civil Affairs Bureau was open.

Xia Qingwei blinked and asked, "Are we not buying clothes anymore?"

Chapter 1017: You Are Too Shameless!

Lu Man thought in her heart that her mom was really great, being able to remember to buy clothes at this sort of moment.

"Wait until we are done with getting the certificate before we come and buy clothes," Wang Juhuai said. "Anyway, it's still early."

Xia Qingwei thought that that was true.

On the other side, Lu Qiyuan and Xia Qingyang had left helplessly.

On the way back, Xia Qingyang said, "Right, the Municipal Dinner on Friday night, I don't have suitable clothes to wear. Let's go to a boutique now and find a suitable dress to buy."

Lu Qiyuan said impatiently, "Why do you only know how to buy things? Your clothes at home have already taken up a whole room. You can't even wear all of them even if you wear one each day, and you're still buying!"

"Those are already last season," Xia Qingyang said. "The Municipal Dinner on Friday is a big event. A lot of rich people and officials are bringing their wives, so I can't wear old clothes to embarrass you. At this sort of event, it's always you men grouping together to discuss work-related things. We women are grouped together and have nothing else to talk about except jewelry, clothes, fashion trends, that sort of thing. Their eyes are sharp, they can tell how much my clothes and jewelry are worth with one look."

Xia Qingyang pressed her lips together. "If they're cheap, the one who'll be embarrassed is you. They will talk behind our backs. Is our family so poor now to not even have new clothes?"

Lu Qiyuan felt more and more annoyed as he listened, and he was about to step on the gas to increase the speed when Xia Qingyang suddenly screamed sharply.

“Why are you so startled?! I’m driving!” Lu Qiyuan was extremely angry.

Xia Qingyang pointed outside the car window. “Look at the roadside, isn’t that Xia Qingwei? She’s hugging another man!”

When Lu Qiyuan heard that, he instantly turned his head and looked.

As expected, it was Xia Qingwei, standing by the roadside and hugging a foreign man.

And Lu Man was actually smiling as she watched them, not stopping them at all!

Really a shameless mother and daughter pair!

Xia Qingwei was already so old. To actually hug a man in public, so shameless! Did she think she was still young?

If they were young and hugging together, that was just what love was like. It would feel good looking at them.

When they’re already so old, it would only be disgusting to people’s eyes!

Lu Qiyuan stopped the car by the side of the road, got down from the car, and rushed over towards Xia Qingwei. “Xia Qingwei! You are too shameless!”

Xia Qingwei and Wang Juhuai were both shocked.

Wang Juhuai’s reaction was faster. He hurriedly protected Xia Qingwei behind his back, and in the mess, he remembered to pull Lu Man over and protect her behind his back as well.

Just that action of his warmed Lu Man’s heart totally.

Lu Man hurriedly reminded him in a small voice, “He’s Lu Qiyuan, my mom’s ex-husband.”

As for “Dad” or whatever, Lu Man was too lazy to say it.

If she said it, it would cause Wang Juhuai to feel awkward. That was no good.

Lu Qiyuan was actually not far from them, and upon hearing Lu Man’s words, he pointed at Lu Man and scolded, “I’m your dad! Can you simply call my name? You’re actually helping your mom to seduce other men!”

Thinking about how Lu Man was standing by the side just now and was smiling happily, Lu Qiyuan was extremely angry.

Wang Juhuai looked at how Lu Qiyuan looked like he wanted to hit people as soon as he came near and directly grabbed Lu Qiyuan’s wrist, throwing him harshly away.

Just looking at Lu Qiyuan’s attitude towards Xia Qingwei and Lu Man, it was obvious what kind of days Xia Qingwei and Lu Man had lived with the Lu Family in the past.

Wang Juhuai’s heart ached, and he was extremely angry as he looked at Lu Qiyuan.

“Crazy!” Wang Juhuai really wanted to hit his face!

It was rare that they were so happy today, and Xia Qingwei had agreed to marry him with much difficulty. The atmosphere was so good, but Lu Qiyuan just had to make trouble at this time.

Chapter 1018: I'll Beat Him to Death

1

“You’ve already divorced her for over ten years, don’t act like Xiao Xia did something to let you down,” Wang Juhuai said angrily, pointing at Lu Qiyuan. “You found a mistress at that time and ditched Xiao Xia because of such a woman, not caring about how she was doing for over ten years and even abusing Lu Man. How can you now have the face to scold Xiao Xia?!”

The streets were very bustling, and there were quite a lot of people.

They had originally thought that Xia Qingwei was having an affair even though she was already at that age.

Yet who would have known that it was a horrible man being strange, even having the face to blame his ex-wife who had been divorced from him for more than ten years!

Even for ordinary couples, when they divorce, both have the right to marry again. What more when he’s the one who had an affair first and even abused the daughter his ex-wife left?

This sort of *sshole dared to come and blame his ex-wife on the streets?

What a joke!

“Trash!” Wang Juhuai scolded.

“Things concerning us husband and wife, what do they have to do with you?!” Lu Qiyuan said, extending his neck stiffly.

Wang Juhuai noticed that Lu Man wanted to argue back. He hurriedly stopped her and told Lu Qiyuan himself, “You’ve been divorced for over ten years already!”

No matter what, Lu Man was still Lu Qiyuan’s daughter.

If she was disrespectful to her father in public, Lu Man would be scolded by people.

“Get out of the way!” Wang Juhuai placed his arm around Xia Qingwei’s shoulders, protecting her in his embrace while protecting Lu Man behind him.

In shock, Lu Man looked at Wang Juhuai’s back that was not considered wide. Her whole heart was moved.

It was the first time she was being protected by someone who was like a dad.

This person, Xia Qingwei did not like wrongly.

“Who are you to cut into this?!” Lu Qiyuan came over, wanting to pull on Lu Man.

He could see that Wang Juhuai was very protective of Xia Qingwei, but Lu Man was his daughter. Even if Wang Juhuai liked Xia Qingwei, he would not treat the child Xia Qingwei had with another person as his own, right?

So, he decided to start from Lu Man.

Who knew that just as he had just moved, Wang Juhuai would directly throw a punch at Lu Qiyuan's face?

There was a loud knocking sound, and the fist hit Lu Qiyuan's cheekbones. Lu Man felt pain just hearing it.

Lu Qiyuan fell on the floor, stunned in disbelief for a second, then hurriedly climbed up to return the favor.

Wang Juhuai smiled coldly. "I've wanted to punch you a long time ago!"

The woman he treasured so much was hurt by Lu Qiyuan and treated badly.

The woman he wished he could dote on, Lu Qiyuan did not know how to treasure.

One should not be fooled by how Wang Juhuai was a musician and was doing art. Despite looking very weak, he was much stronger than Lu Qiyuan.

Lu Qiyuan seemed quite great, but actually, he just looked strong on the outside.

Wang Juhuai rushed up and started to beat up Lu Qiyuan.

"*sshole! Who asked you to bully Xiao Xia?! Son of a b*tch!"

"How could you dare to bully her so much?!"

"You're not even worthy of her! You're worthy of a horrible woman like Xia Qingyang!"

Xia Qingyang was so angry at the side, her face turned ugly.

Wang Juhuai was the man she liked when she was young. Being verbally attacked by a man she once liked, a man she still had a bit of feelings for, how could she stand it?

But Wang Juhuai had never actually been trained before, and he was hit back twice by Lu Qiyuan.

"Juhuai! Juhuai, stop fighting!" Xia Qingwei went up to pull him away but did not know where she should start from, scared that he would lose out to Lu Qiyuan because Wang Juhuai was worried she would get hurt when she interfered.

"Stop! Stop fighting!" At that moment, the police hurried over and pulled the two apart.

Xia Qingwei hurriedly came to stop Wang Juhuai, not letting him rush forward anymore.

"What are you stopping me for? That *sshole, I'll beat him to death!" Wang Juhuai said angrily.

Chapter 1019: Blow on It More?

Xia Qingwei sighed and said, "What if your two hands are hurt because of the fight? Hitting this kind of horrible man and ending up hurting your hand, it's not very worth it."

Lu Qiyuan originally was hit by Wang Juhuai until his whole face was grimacing. Hearing what Xia Qingwei said, he instantly felt the wound on his face become even more painful.

Wang Juhuai was happy and took the chance to say, "Now that you've mentioned it, my hand is a bit painful."

He looked at Xia Qingwei. "Help me rub it a bit."

Xia Qingwei could not help but take a look around in embarrassment. Seeing that Lu Man was looking somewhere else, she knew it was obvious she was giving them the chance to do it.

Xia Qingwei held Wang Juhuai's hand.

The joints of his hands were red, and there were a few wounds. When he said it was painful, he was not lying.

"Blow on it more?" Wang Juhuai said.

"..." Xia Qingwei said in a small voice, "We are in public."

"What are you scared of? It's just blowing," Wang Juhuai said.

Xia Qingwei did not know what to do with him. His act of protecting her and Lu Man just now made her feel very moved.

Xia Qingwei felt that she would probably find it hard to reject Wang Juhuai's requests in the future.

So she held his hand and blew lightly at his injury.

Lu Qiyuan looked at Xia Qingwei's gentle actions, the heartache showing clearly on her face.

He did not know why, but Lu Qiyuan's heart felt uncomfortable. He felt that it was more and more annoying to his eyes the more he looked at it.

In the past, very long ago, Xia Qingwei also treated him that gently, but now, she was treating another man like that.

Actually, from the start, he already knew that Xia Qingwei's heart had someone else in it.

But he did not mind. He thought that such a good woman was worth him cherishing her.

As long as he worked hard, she would treat him well whole-heartedly.

But he realized, it was easy to think of that but hard to do it.

He was often very suspicious, feeling that Xia Qingwei could not forget the man in her heart.

He did not know who that man was. Later on, he heard in bits and pieces Xia Qingyang talk about Xia Qingwei and that man. Although he did not know the identity of that man, he was very jealous of him.

He kept suspecting that Xia Qingwei was still remembering that man in her heart and not loving him whole-heartedly.

He kept suspecting that Xia Qingwei actually did not love him at all and was only doing her duty as a wife. Even though she never cheated on him...

Even though she treated him really well, giving up a lot, for him, for the family, for his career...

He was still not satisfied. He just felt that Xia Qingwei did not love him.

Furthermore, there was Xia Qingyang, who would speak of some things between Xia Qingwei and Wang Juhuai in the past, and Xia Qingyang's brainwashing of Lu Qiyuan started from that time.

Every time Lu Qiyuan looked at Xia Qingwei, he remembered how much she had loved a man before.

After he married Xia Qingwei, Xia Qingwei was always good-tempered, doing all kinds of things without complaining. No matter how hard it was, she never complained.

When the finances in the family was not good, even though she suffered, she took it with a smile.

Like she treated everything mildly.

The more he saw that, the more Lu Qiyuan felt that Xia Qingwei did not love him.

Because of that, he slowly moved towards Xia Qingyang, who treated him like the only one.

He wanted a woman who loved him with her whole heart, who had no other man in her heart.

What he wanted, Xia Qingyang could give.

As to after the divorce, the Lu Man that Xia Qingwei loved deeply, he did not like either.

Xia Qingwei loved her first love, loved her daughter, but did not love him.

What right did Xia Qingwei have to love Lu Man but not him?

Because of that, the more Xia Qingwei cared for Lu Man, the worse he treated Lu Man.

Chapter 1020: Are You Leaving or Not?

But now, Xia Qingwei's expression was gentle as she helped to blow air on Wang Juhuai's wound, and it pierced Lu Qiyuan's heart.

Once, when he returned home after a tiring day, Xia Qingwei also treated him like that.

She was even more gentle, more caring, helping him do everything he needed.

But later on, he could not enjoy it anymore.

Now, though, he actually saw Xia Qingwei treating another man like that.

Lu Qiyuan lost it, and he suddenly told Wang Juhuai, "Do you know she has always liked a man?"

Xia Qingwei paused, and Wang Juhuai looked towards Lu Qiyuan.

Lu Qiyuan smiled coldly, full of malice. "She can't forget that man until now. Even if she is with you, she won't like you whole-heartedly. Her heart beats for another person. Don't you feel uncomfortable about that?"

Wang Juhuai was stunned, and so was Xia Qingwei.

She did not know that Lu Qiyuan knew about that.

After marrying Lu Qiyuan, she'd sealed Wang Juhuai away in her heart.

Wang Juhuai was the regret she'd had her whole life, a thorn in her heart, and it could not be removed.

Who didn't have a first love that they could not forget?

But since she was married to Lu Qiyuan, she treated him well whole-heartedly. Otherwise, it would have been unfair to him.

She was confident she had never let him down.

Xia Qingwei looked at Xia Qingyang and understood in her heart.

It was probably that Xia Qingyang had used this method to slowly seduce Lu Qiyuan, right?

The light in Wang Juhuai's eyes was flashing and moving. How could he be bothered with caring about Lu Qiyuan?

He could not control the excitement in his heart and looked towards Xia Qingwei.

Xia Qingwei's face turned red in embarrassment. "Are you going or not?"

Remembering the official things they wanted to do, Wang Juhuai hurriedly nodded. "Of course we're going! Let's go!"

Lu Qiyuan found it strange. Was this person dumb?

He had already said all that just now, but he did not mind at all.

Only Xia Qingyang at the side was very clear and could not help but yell in her heart, *The f*ck, this is Xia Qingwei's first love, the man she was always unable to forget!*

If you tell that to him, wouldn't he be extremely happy?!

Wang Juhuai was about to go when the police said, "You are all not allowed to leave. After making a mess of the public order, you need to follow us back to the police station."

They did not think that just as they were about to get their marriage certificate, such a thing would happen.

Wang Juhuai originally swore that Lu Qiyuan was his enemy and felt irreconcilable hatred for him.

When they reached the police station, they realized that they were going to the city bureau.

The area they had been fighting at just now just happened to be in this area.

Lu Qiyuan, Xia Qingwei, and Wang Juhuai had been separated into two cars just now.

When they met again after getting down from the car, Lu Qiyuan pointed at Lu Man. “Lu Man, let me ask you, you dealing with *The Performer*, is it that you cannot stand the Lu Corporation doing well?!”

Lu Man raised an eyebrow. “*The Performer’s* viewership ratings not being good, why does it matter to you? At the start, when I dealt with *The Performer*, the Lu Corporation was not the main sponsor of *The Performer*. The main sponsor at that time seemed to be Wei Feng, right?”

Lu Man smiled. “When the Lu Corporation became the main sponsor, I no longer treated *The Performer* as something important. Why would I waste time and thoughts to deal with them? *The Performer’s* viewership ratings being horrible, causing the Lu Corporation to have to pay the cost of the investment, that’s related to *The Performer* not having good viewership ratings. Don’t blame everything on me.”

Xia Qingyang instantly said, “If you hadn’t invited Sun Yiwu and Ji Cheng to snatch viewership ratings, how could *The Performer’s* viewership ratings have become so bad? Even though you knew Qi Qi is also in the first episode, you refused to let her do well!”

“What a joke.” Lu Man laughed coldly. “Naturally, I need to work hard for my own career. Could it be that to let Lu Qi be outstanding, I mustn’t use whatever ability I have?”
