

## Mr Han 1021

### Chapter 1021: You Were Being Tricked by Her All Along

“Right!” Xia Qingyang said. “You should be like that! What right do you have to exceed Lu Qi? Furthermore, she is your younger sister. That’s what you should be doing!”

“Bullsh\*t!” Xia Qingwei did not think that Xia Qingyang would actually say that in front of her.

It could be seen how badly Lu Man had been bullied before.

“Lu Qi doesn’t have any ability, but she still wants to be famous is counting on Lu Man’s help? What sort of thing is that?!” Xia Qingwei said coldly. “Xia Qingyang, do you feel that your whole life is not comparable to mine? Is that why you’ll be very happy if you see that my daughter is not doing as well as your daughter? But let me tell you, this whole lifetime, you never been as good as me, and your daughter has never been as good as my daughter. In this lifetime, she will never be as good as my daughter!”

Xia Qingwei was normally very gentle. When she said that suddenly, even the police were shocked.

What Xia Qingyang hated the most was Xia Qingwei saying that she could never be compared to her.

She herself could not be compared to Xia Qingwei, and neither could her daughter to Lu Man.

Xia Qingyang suddenly asked Wang Juhuai, “Did you know about this side of her? Normally, she pretends to be gentle and someone who doesn’t want to fight, but now, she accidentally showed her true colors, didn’t she?!”

Xia Qingyang gloatingly smiled and told Wang Juhuai, “Her expression and words, do you still like them? You finally know now that you’ve always been tricked by her!”

“I like it,” Wang Juhuai said, not hesitating at all. “Whatever she’s like, I like it. Furthermore, she’s only like that to b\*tches like you. What she said about you is not wrong. How am I being tricked? She did not trick me.”

Xia Qingyang was extremely angry.

Wang Juhuai actually called her a b\*tch!

Furthermore, was there something wrong with Wang Juhuai?!

Xia Qingwei already behaved like that, but he actually felt that what Xia Qingwei did was great. Was he dumb?

Xia Qingyang suddenly said, “Lu Man, is it possible that you purposely tricked Lu Qi and caused the Lu Corporation to invest in The Performer?”

“Oh, so now that you made a loss, you want to blame it on me?” Lu Man mocked. “I’m just saying, you lost only 40 million yuan, yet you’re acting like you’re going into bankruptcy. You aren’t embarrassed saying that you invested in The Performer, but I feel embarrassed listening to it. If you have the ability to, go and say it in front of Ge Guangzhen, see if Ge Guangzhen would agree that you’ve invested in The Performer. It’s just 40 million yuan, and you want to say you’ve invested in his show? Don’t you know

that Xing Ke Station helped to add in a lot of money after? The Lu Corporation being the main sponsor is a joke. Only you feel that you are good,” Lu Man said as she smiled coldly.

“You!” After Lu Qiyuan was mocked by Lu Man, he felt very embarrassed.

Lu Man was even laughing at him mockingly now and looking down on him!

Just as he was about to explode, they heard a voice say, “Lu Man?”

Lu Man turned around and saw Gu Nian walk over.

Gu Nuan was Chu Zhaoyang’s wife.

Before this, she was a member of the criminal investigation team. After that, she resigned and became a member of the “thorny” intelligence department.

Although she was no longer a police officer, she would often come back to see her old colleagues.

And the police station did work together with the “thorny” intelligence department and would often meet up to work together.

The police officers who’d brought in Lu Man and the rest recognized Gu Nian, and they all stopped.

Gu Nian greeted everyone, and then came in front of Lu Man. “You guys are here because of...?”

Xia Qingwei explained in a soft voice, “I had a fight with my ex-husband.”

Gu Nian understood. “You are Lu Man’s mother, right? Hello, Auntie, I’m Gu Nian, Chu Zhaoyang’s wife.”

“Hello.” Xia Qingwei was surprised, not expecting that there would be such a relation.

Gu Nian looked at Lu Qiyuan before her and said, “Don’t worry, I’ll ask my colleagues to let you go.”

## **Chapter 1022: Being Made Dumb Because of His Foolishness**

“Thank you so much,” Xia Qingwei said with a smile.

Actually, it’s not even something big. It was just an ordinary fight.

So, after having them sign, they first let Lu Man and the rest leave.

As for Lu Qiyuan, he was kept behind.

“They can all leave, but why can’t I leave?” Lu Qiyuan questioned. “Are you doing illegal dealings?”

The police officer frowned and said, “You have a prior case.”

Lu Qiyuan remembered just then that before this, he and Xia Qingyang had gone to Xia Qingwei’s previous home to make Lu Man unable to join the *Greedy Wolf Operation* team to film. He had locked the two in the house and refused to let them leave.

Because of this illegal imprisonment, the police had arrested him.

With his prior criminal history, their situation now became more serious.

His fight on the streets just now was not something very serious, but he should not hope that he can leave as easily as Wang Juhuai did.

Gu Nian was waiting at the doorway for Lu Man and the rest.

Seeing them come out, Gu Nian felt more at ease.

"Thank you so much for this," Lu Man said. "If not for your help, I don't know how long we'd have needed to stay here."

"It's nothing much," Gu Nian said with a smile. "This is?"

"I'm Wang Juhuai, Lu Man's mother's fiancée. If we had not needed to come to the police station, we would have gone on to the Civil Affairs Bureau to get a marriage certificate as planned," Wang Juhuai automatically said.

Xia Qingwei: "..."

This Wang Juhuai was really...

Was he scared that people would not recognize their status?

Gu Nian was confused by Wang Juhuai's words, but she finally heard the main point, and her face was full of happiness as she congratulated them, "So you are Mr. Wang. Congratulations, Uncle, Auntie. This is really a great thing."

Gu Nian saw that Lu Man was also very happy. It seemed like she got along quite well with Wang Juhuai.

Anyway, even if they got along only in an ordinary way, there was still Han Zhuoli.

Xia Qingwei could finally find her own happiness.

Gu Nian was truly happy for her.

"Hahahaha!" Wang Juhuai was extremely happy. "I'll treat you to wedding candy after!"

Xia Qingwei was about to be made dumb because of his foolishness.

"Alright, I'll wait for it," Gu Nian said as she smiled. "If you don't give it to me earlier, I'll have to visit you to ask for it."

"You're welcome to." Wang Juhuai totally looked like a good host.

They were about to be married, and he was very happy.

"You guys still have things to do, so I won't disturb you anymore. It just so happens that I needed to go to the Criminal Squad next door." After that, Gu Nian said goodbye to Lu Man and the rest.

Lu Man and the other two then headed to the Civil Affairs Bureau.

And on Lu Qiyuan's side, when the police finally released him, Lu Man and the rest had already reached the Civil Affairs Bureau for a long time.

\*\*\*

In the afternoon, Wang Juhuai and Xia Qingwei finally received their warm and new, just-out-of-the-oven marriage certificate.

Even as he received the marriage certificate, Wang Juhuai kept feeling that it was unreal and kept confirming if he and Xia Qingwei had really gotten their marriage certificates.

From getting their marriage certificate to walking out of the Civil Affairs Bureau, Wang Juhuai kept looking at his marriage certificate and smiling dumbly.

Lu Man said in her heart, *Mom herself is right there, but you aren't looking at her and keep smiling dumbly at the marriage photo. Isn't that dumb?*

As he smiled and smiled, the corners of Wang Juhuai's eyes turned red.

He finally... finally married Xia Qingwei!

Wang Juhuai turned his head to look at Xia Qingwei, then wiped his face. "It's been more than 20 years, and I finally married you."

It was a promise that had been late for more than 20 years. He had once promised her he would marry her.

Although he arrived very late, in the end, he managed to do it.

Xia Qingwei's nose wrinkled, and she could not control her tears from flowing out.

She could not help but nod. "I... I'm your wife..."

When she saw that scene from that time so many years ago, she had stopped wishing she could marry him.

### **Chapter 1023: Biological Daughter**

After marrying Lu Qiyuan, she had thought that this whole lifetime, she would not have any more interactions with him.

She did not think... she did not think that she would actually get the chance to marry him.

Lu Man looked at Xia Qingwei crying, and she could not help but also cry.

It was not just because Xia Qingwei and Wang Juhuai were finally together.

She thought about how, in her past life, Xia Qingwei had died very early.

And Lu Man, until death, did not know that Xia Qingwei had had a lover she was deeply in love with.

In their past life, they did not even get the chance to meet again.

She did not know if, in her past life, Wang Juhuai knew that Xia Qingwei had passed away very early on or not.

The two of them had really missed each other in their past life, separating when they were young, and really did not have any chance to be together, not even meeting until death.

It was all because of her, because of her foolishness in her past life. She was not only harming herself but also Xia Qingwei and Wang Juhuai.

The good thing was that in this life, the two of them were finally together.

Lu Man could not help but miss Han Zhuoli a bit.

Seeing Xia Qingwei and Wang Juhuai together, she also missed Han Zhuoli.

After sending Wang Juhuai and Xia Qingwei back home, Lu Man returned to the villa.

No matter how much Xia Qingwei and Wang Juhuai tried to get her to stay, she did not do so.

“No matter what, it’s your marriage day today, and tonight is your marriage night. I’m not that ignorant. Today is such an important day, and I don’t want to be your third wheel,” Lu Man said as she smiled.

“This child!” Xia Qingwei was so angry that she laughed. She really did not know what to do with Lu Man.

Wang Juhuai was very grateful to Lu Man.

If it were not for her convincing, Xia Qingwei would not have thought it through so quickly.

And throughout the whole thing, Lu Man did not oppose to Xia Qingwei and him being together; she tried to get them together every chance she could.

She really hoped that Xia Qingwei would be happy. It was fine even if he didn’t treat Lu Man extremely well as long as Xia Qingwei was happy.

But the more she was like this, the more Wang Juhuai’s heart ached for Lu Man.

Furthermore, Lu Man was Xia Qingwei’s daughter, someone Xia Qingwei loved. How could he be unhappy with her?

As long as it was someone Xia Qingwei loved, he naturally would also love them whole-heartedly.

Because of her, Xia Qingwei had thought it through and agreed to marry him.

Wang Juhuai promised to treat Lu Man like his biological daughter.

Anyway, he had no child, and Lu Man was so good.

So what if she was Lu Qiyuan’s child?

Lu Qiyuan did not treat Lu Man like a daughter.

Since Lu Qiyuan did not want to be her father, then he could.

He just needed to treat Lu Man as Xia Qingwei’s daughter—just Xia Qingwei’s daughter, with no relation to Lu Qiyuan.

Thinking about what Lu Man had said, that tonight was their marriage night, Wang Juhuai could not help but feel excited.

Lu Man waved at them and sat in the car. Xiao Guo sent her home.

Lu Man wanted to tell Han Zhuoli about this development as quickly as possible.

The good thing was that Han Zhuoli's business trip this time was also in Asia, so the time difference was not big.

Lu Man returned home, changed her clothes, and cleaned up. Her whole self was relaxed and comfortable as she video-called Han Zhuoli.

Not long after, Han Zhuoli picked up.

"Are you busy now?" Lu Man asked with a smile.

"Yeah..." Han Zhuoli took a deep sigh and switched on his back camera to let her see the documents all over the table.

"Aiya, so busy. I won't bother you, then," Lu Man hurriedly said in shock.

"Wait!" Han Zhuoli hurriedly stopped her. "You aren't allowed to hang up!"

Lu Man stopped, and Han Zhuoli said, "I just wanted to let you see. If someone else had looked for me at this time, I would say that I'm busy, but since it's you who looked for me, of course I'm not busy."

"I don't want to disturb your work. If you finish your work earlier, you can rest earlier," Lu Man said.

#### **Chapter 1024: Can't Manage to Contact Him**

This man... even at home, he would always work until it was very late.

And now, he was out on a business trip and brought his work to the hotel.

The truth was that he really did not have much personal rest time.

"If I don't speak to you for a bit, I won't have the heart to work," Han Zhuoli said, smiling gently.

His low voice came out of the phone, and when Lu Man heard it, she missed him more.

The voice in the phone was still a bit lacking in realness, and it could not be compared to him in person.

"I don't have anything else to tell you except that my mom and Uncle Wang had gotten their marriage certificate," Lu Man said.

Han Zhuoli almost fell off the sofa.

He felt worried instantly.

Wang Juhuai had only just come back and he had already gone to get a marriage certificate with Xia Qingwei. He was really fast!

But look at him and Lu Man—they had yet to get their marriage certificate!

Lu Man could see what he was thinking and could feel his anxiousness through the screen.

“It’s almost our turn soon, just two days from now,” Lu Man said as she smiled. “I can see you then, and we can also get our marriage certificate too.”

“If I’d known earlier, I would not have listened to Old Mrs. Han, insisting on waiting for the ninth day of the New Year,” Han Zhuoli said anxiously. “The two of us could have gotten a marriage certificate a long time ago.”

“I was only telling you about my mom and Uncle Wang’s situation, and look how anxious it made you.” Lu Man laughed.

Han Zhuoli thought in his heart, of course he would be anxious.

Marrying a wife was not easy.

“Have you missed me?” Han Zhuoli asked her.

“If I hadn’t missed you, would I be so anxious to tell you this situation as soon as I found out?” Lu Man pouted. “Even if I’m missing you right now, you won’t come back anyway.”

“I’ll try my best to come back earlier.” Han Zhuoli frowned. “No, I’ll go back tomorrow night.”

“...” Lu Man persuaded him, “I’m happy that you will come back earlier, but let me say it now, you can’t rush so much that you don’t sleep much at night to work just so you can come back early.”

“Alright.” Han Zhuoli nodded. “Actually, the ninth day of the New Year was just a date I roughly estimated. This time, things have been going quite well and I should finish by tomorrow. You don’t need to be worried.”

With Han Zhuoli’s promise, Lu Man felt more at ease.

The two of them chatted for a while more, neither wanting to hang up.

It was Lu Man who did not want to disturb Han Zhuoli’s work, and in the end, she could only hang up reluctantly.

\*\*\*

Since Han Zhuoli said he would come back, Lu Man began to do a countdown.

She was not even able to sleep when she lay on the bed.

She had finally reached the next day. By right, Han Zhuoli should be coming back today.

After all, Han Zhuoli had said from the get-go that he would be coming back on the ninth day, and when he said he would come home earlier yesterday night, it could only be brought forward to today.

However, even after she’d been waiting from the morning to the afternoon, then to nighttime, she did not see Han Zhuoli come back.

Lu Man gave him a call, but he did not pick up.

Lu Man could not help but feel a bit worried, not knowing if something had happened to Han Zhuoli outside.

Because no matter how busy Han Zhuoli was, he would definitely pick up her phone call.

When he could not pick up, he was probably on the plane.

Lu Man thought about it. Perhaps Han Zhuoli was on the plane.

But when she called again after a long while, he still did not pick up.

At 11 at night, Auntie He persuaded, "Man Man, don't worry, Sir is definitely fine."

Auntie He comforted her, "It must be that he's busy with something right now and it is inconvenient for him to pick up the phone. It's already so late, you should rest earlier."

But Lu Man was not comforted at all. She kept feeling like Han Zhuoli not picking up her phone call was something that was very out of the ordinary.

Lu Man asked Auntie He again, "Did Zhuoli tell you what time he'll be back today?"

### **Chapter 1025: Surprise and Scare**

Auntie He shook her head.

Lu Man then asked Butler Xiao Wang, and Butler Xiao Wang smiled and said, "Even if Sir wants to tell someone, he would definitely tell you first. Why would he tell us and not you?"

Lu Man thought about it and agreed. She was worrying too much.

When Lu Man returned to the room, she was really so worried she could not sleep. In the middle of the night, she was flipping about on the bed.

She did not know what time it was. Outside the window, it was all dark.

She seemed to hear some sound in the house. It seemed like the opening of the door and sounds of light footsteps.

Because she was not asleep and kept thinking of Han Zhuoli, she noticed those sounds.

Lu Man felt around for her phone at the head of the bed; it was already 3:10.

Lu Man suspected that it was because she was too worried about Han Zhuoli and became very suspicious.

But she still stood up to take a look. Butler Xiao Wang and Auntie He were at home, so she was brave and was not very scared.

She was worried that if it were a robber, they would be shocked by the sound of her footsteps. Lu Man did not even dare to wear slippers and went out barefooted.

Lightly going downstairs, she just happened to see a tall and lean person walk towards the staircase.

Seeing her, that figure was stunned and stopped on the spot.

Lu Man rushed up without thinking. "Zhuoli!"

Han Zhuoli broke out in a cold sweat, shocked by her.

It was totally dark. There was no light in the house at all, and she could not see anything below her feet. For her to actually rush over like that even though she was still on the stairs...

What if she missed a step?!

Han Zhuoli hurried up. After rushing up the stairs in a few steps, he hugged her before Lu Man started jumping.

His palm hit her butt strongly. "It's the middle of the night. I just came home—do you want to scare me to death?!"

"It's so dark. You can't even see where you are stepping and you dare to rush over? You are still on the staircase! This cannot be compared to the daytime, so it'll be easy for you to fall and get hurt!" Han Zhuoli angrily used all of his force to hug her in his embrace and rub her head. He did not think about how he had, with much difficulty, rushed back early and how she had given him such a big gift, a gift that had set his heart racing in fear.

It's a good thing to have a beauty in his embrace, but this sort of scary embrace made him feel a bit cold. He could not stand this sort of thing.

Lu Man pressed her lips together and was about to say something when she was interrupted by Han Zhuoli. "Don't say something like because I'm here, you trust that I'll catch you. Let me tell you now, this sort of sweet talk is no use in this situation! Even if you think that, you still can't do something like this!"

Lu Man: "..."

Alright, this man was now so confident that he was able to say anything.

He was even laying out the words that she could say. What else could she say?

But Han Zhuoli finally came back, and her uneasy heart finally felt better.

Thinking about that, Lu Man was extremely angry.

She first used her force to hit his chest. Anyway, it was very muscular, and her heart did not ache at all now.

But after that, she used her two hands to hold Han Zhuoli's face and heavily kissed his lips.

"You came back at this time, why didn't you tell me? I gave you a call at night. By right, you shouldn't be on the plane at that time, so why did you not pick up my call? You made me so worried. I was scared that something has happened to you."

After Lu Man said that, she hugged him tightly.

Although she'd received a shock today, it allowed her to know that for her, he was a much more important person that she had thought he was.

Because she was worried, her heart felt very uneasy and unable to bear any possibility of losing him. Even if it was just her imagining things, she could not accept it.

### **Chapter 1026: Not Picking Up My Call on Purpose?**

Han Zhuoli could feel her worry. And now, as Lu Man was hugging him very tightly, he could feel that she was still trembling.

Han Zhuoli's original anger disappeared, and he started to blame himself. "I'm sorry, I wanted to give you a surprise at the start. I did not think that I would scare you."

Lu Man hugged him, using force to press her face onto his chest. "So you were purposely not picking up my call?"

Han Zhuoli suddenly felt guilty. "Cough. I did not think that you would be so worried. I just thought that I should first not pick up your phone call since I'll arrive home around this time and you would already be asleep. I planned to quietly sneak in, and when you wake up in the morning, you could see me."

Lu Man: "..."

Haha, this man was thinking very romantically, but the ending was different from what he had imagined.

"Why are you learning how to surprise me? Do you have nothing better to do?!" He was going too far, alright?!

Lu Man glared at him fiercely.

Han Zhuoli: "..."

"I won't dare to, I won't dare to, I won't dare to do it in the future," Han Zhuoli hurriedly said. "In the future, I'll definitely pick up your phone call, no matter what I'm doing, and I will definitely tell you beforehand when I come back."

"Haha," Lu Man laughed mockingly twice. "That's what you told me in the past, so I believed it."

Han Zhuoli: "..."

This time, he had really shot himself in the foot.

Originally, he'd wanted to surprise her, but he had scared his little girl completely.

It also caused the words he said in the past to become untrustworthy.

"I swear," Han Zhuoli hurriedly said. "Really, in the past, no matter whether I was in a meeting or something else, I picked up your phone call instantly and I never kept anything from you, right? I went too far this time, it's a special case, it doesn't count."

Lu Man knew that in the past, whenever she called and asked him if he was busy, when he said no, he was always lying to her.

Because he did not want her to feel bad and to cause her to feel worried about calling him, scared that she would disturb him.

So even though she knew he was tricking her, she could not help but grab hold of it and refuse to let go.

Because this was the man's goodwill.

Lu Man did not feel concerned about this anymore. Instead, she felt that his body was a bit cold.

"Hurry back to the room to rest," Lu Man said.

He had rushed home overnight, and he was actually very tired.

Actually, it was her imagining things and scaring herself. Han Zhuoli was actually quite innocent.

When she thought of it like that, Lu Man felt that she was making a big fuss over nothing and blamed herself in her heart.

Han Zhuoli did not let go of her. He threw his luggage at the doorway and carried her to return to the room.

As soon as they entered, Han Zhuoli reached out to switch on the light by the door.

The bedroom lit up instantly.

Lu Man was a bit unused to it and covered her face. She hid in Han Zhuoli's embrace for a long while before opening her eyes.

Suddenly, she realized something was not right. "We made so much noise, but Butler Xiao Wang and Auntie He both did not come out. Did you tell them?"

Han Zhuoli: "..."

He had originally thought she did not notice.

There was no need for him to say anything. Just from the guilty look on his face, Lu Man already knew the answer.

She puffed up her cheeks and went "hmph!"

Han Zhuoli laughed. This little girl's temper was quite big.

He lowered his head to kiss her lips, giving her things to do, preventing her from thinking about other things.

"You only know how to be angry at me. Don't you miss me?" Han Zhuoli asked as he kissed her lips.

"I missed you—missed you to death!" Lu Man hugged him. "If I didn't miss you, would I be angry?"

Lu Man smiled and automatically went to kiss him.

But they only kissed lightly for a while before separating.

**Chapter 1027: Being Pressed On Until He Was Numb**

Han Zhuoli was just about to chase her back, but Lu Man happily accepted his kiss and said, "Look at the time now. You rushed back overnight, don't you know what tiredness is? Hurry and change your clothes and sleep."

Han Zhuoli was indeed a bit tired, but she was in his embrace, and he could not bear to sleep.

"When the sun rises and we wake up, let's go and get our marriage certificate." Lu Man's words caused Han Zhuoli to totally be obedient.

He hurried to change his clothes and clean up.

Because he was too tired, he did not want to bathe. He simply warmed his hands and legs and went to bed.

Alas, because Lu Man was going to be Mrs. Han when daylight came, he was so excited that he could not sleep.

After a while, he realized that Lu Man still seemed to be unable to sleep.

He was holding Lu Man in his embrace, and he lowered his head to kiss her eyes. "You can't sleep?"

Lu Man was so happy that she almost rolled around in his embrace. "Yeah. When I think about how in a few hours, we can go and get our marriage certificate, I feel happy."

"Today, when Mom and Uncle Wang went to get their marriage certificate, I was looking from the side, very envious. I wrote down the whole process," Lu Man said as she smiled, her soft voice exuding happiness that could not be hidden. "I did not think that they would get their marriage certificate earlier than we would."

Although it was she who convinced Xia Qingwei, she was shocked thinking about it.

Wang Juhuai and Xia Qingwei were actually so direct, doing it after they said they would.

They had been reunited for only a few days, yet they actually directly went to get their marriage certificate.

This quickness made it really hard for people to react in time.

Han Zhuoli listened to Lu Man talk a lot and was not annoyed or sleepy at all.

He kept smiling and listened to her speak while hugging her in his embrace. It was like he was hugging his whole universe, and he was very satisfied.

When he got tired of hugging her from the side, he lay flat and let Lu Man lie in his embrace.

In the end, unknowingly, Lu Man got tired of speaking and, as she spoke, she fell asleep first.

Outside the window, the sky was already slightly bright.

Han Zhuoli turned his head to look at the time. It was already 5:15. After three more hours, the two of them could wake up and prepare to leave.

He lowered his head to look at Lu Man, who was lying in his embrace. The cheek on one side was pressed until its shape changed, and her mouth was pouting like a little piglet.

Han Zhuoli laughed and evilly pinched the tip of her nose.

She was unable to breath, so Lu Man naturally opened her mouth.

She looked a bit dumb, which was rare.

Han Zhuoli laughed and lowered his head to kiss her pouting lips.

Then, Han Zhuoli slowly closed his eyes and just fell asleep while holding Lu Man.

Perhaps because she kept thinking about getting their marriage certificate, even though she'd slept very little, Lu Man was actually not sleepy when she woke up at 7:00, having slept less than two hours.

She really wasn't sleepy at all.

Lu Man woke up, her eyelids blinking as she rubbed herself into Han Zhuoli's chest and realized that something was wrong.

All along, she had actually been lying on Han Zhuoli's body as she slept. She had not moved at all, and Han Zhuoli did not put her down either.

She did not know if he was pressed on until he was numb.

Lu Man came down from Han Zhuoli's embrace.

When she moved, Han Zhuoli woke up.

Just when he was about to turn and pull her back into his embrace, Han Zhuoli's face stiffened.

He was pressed on, pressed on until he was numb...

Lu Man: "..."

"You're numb?" Lu Man had no vision to see him with.

"..." Han Zhuoli quietly nodded. Having such a situation happen in the morning could make people quite speechless.

Lu Man could not help but laugh. This situation was too funny.

"Who asked you to keep hugging me and to refuse to let me go? You're already sleeping, wouldn't it have been fine to let me down?" Lu Man said as she massaged him.

### **Chapter 1028: Car Hijacking**

After the numbness, there came the piercing bone discomfort. Han Zhuoli dealt with it. He could not embarrass himself in front of Lu Man.

"I wanted to hug you," Han Zhuoli said.

Lu Man looked at the handsome and a bit childish man and could not help but laugh. Turning around, she kissed his lips.

When Han Zhuoli was no longer numb, the two of them got up, cleaned up, and ate breakfast. It was around 8:30 when they finished.

Han Zhuoli rushed Lu Man to hurry out.

"How long did you sleep for?" Lu Man asked him.

"Around the same as you." Han Zhuoli changed his shoes.

"I did not sleep much, though," Lu Man said. "You aren't allowed to drive, then. You didn't even rest enough."

"Don't worry."

"No, you can't." Lu Man did not allow it. "Driving when you are tired is too dangerous."

"Xiao Chen sent me back in the middle of the night. He's probably not feeling much better right now," Han Zhuoli explained.

"There's still Xiao Guo," Lu Man said. "Originally, you were supposed to come back today. I was planning on going to the airport to fetch you, so I had Xiao Guo come over to fetch me. But it turned out that you came back suddenly in the middle of the night. I did not have the time to tell Xiao Guo he does not need to come. He'll probably be arriving soon."

Lu Man had just said that when Xiao Guo called, showing that he was already there.

And so, Han Zhuoli and Lu Man went out to go to the Civil Affairs Bureau, and when they said this, the two of them were especially happy.

Han Zhuoli even especially gave the family house a call. "Grandma, we are going to get our marriage certificate now."

"Have you already arrived there?" Old Mrs. Han was even more anxious than Han Zhuoli.

"Not yet, we just left the house. I'm just reporting to you now, alright?" Han Zhuoli's words were full of happiness. As he was someone who was about to be married, Han Zhuoli's waist was very straight, and there was a gloating feeling in his words.

"Alright, alright, alright. Hurry and go get it. After you get it, bring it back!" Old Mrs. Han said.

Old Mr. Han was listening from the side, speechless. "..."

Han Zhuoli hung up the phone, then called Han Xijin and Shen Nuo. "Mom, Man Man and I are going to get our marriage certificate today. Our schedule today is that after we finish getting the certificate, we will go to the family house in the afternoon. At night, we will return to my mother-in-law's place."

"Must it be so troublesome? I heard that Xiao Xia and Wang Juhuai had also gotten their marriage certificate yesterday. We can take the chance to invite them to the family house together so we can all celebrate," Shen Nuo suggested.

Han Zhuoli thought in his heart—Wang Juhuai and Xia Qingwei had just gotten their certificate yesterday yet Shen Nuo already knew about it; she really was quite informed.

Shen Nuo sneered and explained, “Do you think I specifically went to find out? There’s no need to at all. Wang Juhuai was like you, but he’s boasting after he got his marriage certificate. You are already starting to boast before you even got the marriage certificate.”

After getting his marriage certificate yesterday, Wang Juhuai had instantly called Han Xijin.

That was why Shen Nuo heard about it so quickly.

Han Zhuoli discussed the suggestion with Lu Man. Feeling that that sounded good, they decided to just do that.

As they finished talking on the phone, the two of them got on the car.

“CEO!” When Xiao Guo saw him, he was shocked.

Lu Man smiled and said, “He came back in the middle of the night, earlier than expected.”

Xiao Guo then asked, “Then are we directly going to the Civil Affairs Bureau?”

“Right.” Lu Man nodded.

Xiao Guo drove the car out of the neighborhood.

A gray SUV immediately followed.

There were nine other people in the SUV.

One of them asked, “Are you sure Lu Man is in the car?”

“I’m sure. The person who gave us the task provided the photo. It’s exactly the same as the car in front, and I just saw the driver drive the car in alone. He was fetching Lu Man,” the driver said.

### **Chapter 1029: The Target Is Lu Man**

They could not enter the neighborhood and could only wait outside.

To protect his privacy, all of Han Zhuoli’s car windows were tinted such that people outside could not see inside.

So they all did not know that Han Zhuoli was also in the car.

“According to the information given by the person, Han Zhuoli is out for a work trip these last few days and will reach B City airport only in the morning today. With Lu Man leaving so early, it could be that she’s going to fetch him from the airport,” another person said.

“Follow them. Whether she’s going to the Civil Affairs Bureau or the airport, stop her halfway!” a person who looked like the leader said.

At that moment, in Han Dongping’s office.

His assistant Liu Shangke walked in. "CEO, based on the information, the people Dai Yiran had sent out are already following Lu Man's car."

"That's good." Han Dongping nodded. "Finally, something that gives satisfaction. Before this, I'd told Lu Qiyuan Xia Qingwei's address, but in the end, that useless being could not do anything. This time, I told Dai Yiran about Han Zhuoli being on a work trip and how Lu Man might directly go to the Civil Affairs Bureau to meet Han Zhuoli, and Dai Yiran finally did something good."

He did not know why Dai Yiran had sent people to stop Lu Man, but Dai Yiran would definitely not let Lu Man marry Han Zhuoli.

"Although Dai Yiran is dumb, she is more useful than Lu Qiyuan with this sort of thing. She is no longer suitable to be a daughter-in-law of the Han Family. Let her be useful for the last time," Han Dongping said coldly.

Xiao Guo was driving when he realized something was wrong.

"CEO, we are being followed," Xiao Guo said, very certain. "It's that gray SUV behind us. The car number is..."

Han Zhuoli turned around and instantly saw the car Xiao Guo was pointing out.

Han Zhuoli instantly made a phone call. "Help me check a car plate number."

Han Zhuoli reported the car plate number.

After hanging up, Han Zhuoli instructed Xiao Guo, "Have people gather."

"Alright." Xiao Guo instantly opened the car DVD screen and pressed a few times to send a signal.

"Make them follow us at a distance. Don't let them catch up, but don't let them lose us," Han Zhuoli instructed. "I want to see just who it is who's tired of living."

"Alright." Xiao Guo followed Han Zhuoli's instructions and kept them following at a distance.

It can be seen that Han Zhuoli assigning Xiao Guo to Lu Man was really for Lu Man's safety.

Han Zhuoli and Xiao Guo did not expect it, but the car behind seemed to be a bit professional, almost catching up to Xiao Guo a few times.

Forget about making it such that they couldn't catch up while also not lose them—they almost caught up.

Xiao Guo's face looked serious, and he was concentrating with all his might to deal with them.

Han Zhuoli's face darkened. He did not dare to imagine, what if it was only Lu Man here and he was not there today?

Xiao Guo's ability alone was limited. If he was caught by the people behind, what was Lu Man to do?

Han Zhuoli was suddenly shocked.

That's right, their goal was actually Lu Man!

Han Zhuoli thought that the other party's target was him. After all, this sort of threat was not rare for him to meet.

Now, he realized that he had actually gotten it wrong, assuming that the other party's target was definitely him.

He forgot that based on the original plan, he should not be at B City at this time. He was supposed to reach B City airport at around 10:30.

And at this time, based on the other party's understanding, there should only be Lu Man in the car.

They did not know he was also in the car.

Because of that, their goal was actually Lu Man!

### **Chapter 1030: Thankfully, Han Zhuoli Was There**

After thinking that through, Han Zhuoli felt an anger in his heart that could not be compared to anything.

Before this, thinking that the other party's target was himself, Han Zhuoli was angry that Lu Man had been brought into this by him.

But now, he knew that they were actually aiming for Lu Man.

Han Zhuoli was even angrier than when he thought he was the target.

Who was the one who was targeting Lu Man, and why?

Even though he was Han Zhuoli, he could not come up with an accurate target at that moment.

It was really that... Lu Man had really offended quite a lot of people during this period of time.

There were quite a lot of people whom Lu Man had offended at work, and naturally, there were also people who did not want to see them married.

Han Zhuoli thought of Han Dongping, as well as those people in the entertainment industry whose careers were not going very well because of Lu Man.

But it was not the time to think about this. Xiao Guo said happily, "CEO, everything is already prepared."

Han Zhuoli nodded and instructed, "Slow down, let the cars from behind stop us. I want to see what they want to do. When they get down from the car and come near us, have everyone surround them!"

"Yes!" Xiao Guo instantly passed down the message.

With Han Zhuoli there, he felt that the situation was under control.

If Han Zhuoli had not come back earlier and there was only Lu Man in the car, he alone was definitely not a match for so many people, and he would have been anxious.

Even Han Zhuoli felt scared thinking about it.

If he were not here and Lu Man was alone, that result... he did not dare to imagine!

Han Zhuoli protected Lu Man in his embrace, and at that moment, Xiao Guo followed Han Zhuoli's instructions, slowly pretending that he was being caught up to by the car behind.

Finally, the car behind saw the opportunity and rushed up.

The car suddenly turned horizontally in front of them, forcing Xiao Guo to stop.

After that, Han Zhuoli saw eight of them get down from the car; the driver did not get down.

Those eight people hurriedly rushed and came over to pull open the car door.

Alas, the car door could not be pulled open from the outside.

"Did you think that if you lock it from the inside, it can't be opened?" someone said while waving his hands. "Brother, let's go! We must snatch Lu Man away today!"

"Alright!" everyone responded.

In the car, they saw that the eight people had actually taken out from behind their waist a long bat.

"Lu Man is also a celebrity. Even though she is just a small-time celebrity, we brothers normally can't even touch one! Now that we've met one, we need to properly try how a celebrity tastes," one of them said while smiling slyly.

Han Zhuoli was extremely angry in the car; he was about to go crazy.

And then, he heard another person say, "Hahahaha, we have nine people. I wonder if Lu Man can stand it."

"Why would you care if she can stand it or not, huh? Why? When did you learn how to treasure women?" another person joked.

"That's right, the customer has said that we can play with her however we want to. It's fine as long as we play until she is injured and no one would want her anymore," someone said. "It's rare that we got such a good job. With money and a woman, why do we need to care so much?"

Even though Lu Man was being protected in Han Zhuoli's embrace, she could not help but shudder.

The words of the people outside were really too disgusting, causing Lu Man to uncontrollably shiver, for goosebumps and her hair to stand up all over her body.

"Hey, who said I'm treasuring women? I'm just curious," someone said. "When the time comes, let's compare who can make her feel like dying of pleasure."

When Han Zhuoli heard that, the vein in his forehead popped out.

Just hearing the disgusting words of the men outside and imagining those images were very scary to Lu Man. She began to shiver in Han Zhuoli's embrace and kept trying to bury herself in it.
