

Mr Han 1041

Chapter 1041: Is This Someplace You Can Enter?

Even the Han Family had someone like Han Dongping, right?

Some people did not have the right to yet loved to be arrogant.

Wang Juhuai had Xia Qingwei hold his arm. "Don't be nervous, Mrs. Wang."

Xia Qingwei took a deep breath. "Alright."

Wang Juhuai brought her in and walked through the crowd of guests.

Because while Wang Juhuai had come back to the country a few times, he had never shown his face, and although the media had reported about him, there were few guests present who could recognize him.

At that event, Lu Qiyuan and Xia Qingyang were also present.

Xia Qingyang and Lu Qiyuan were not together. She was among the women's group that were chatting about jewelry and boring things.

While she was talking to people, her gaze wandered, and she saw instantly that Xia Qingwei had actually come with Wang Juhuai!

Ha!

This shameless person. Having just reunited with Wang Juhuai, she had already come to participate in this sort of important event with him.

She really took the chance to grab at Wang Juhuai without letting go!

At the same time, Lu Qiyuan also saw them.

Lu Qiyuan did not think that Wang Juhuai and Xia Qingwei would appear here.

This sort of place, is it someplace the two of them could enter?

He did not know what connection they used to be able to appear in this sort of event. Could it be that they were relying on Lu Man or on Lu Man's in-laws?

"Excuse me for a bit." Lu Qiyuan apologized to the three people he was talking to and walked towards Wang Juhuai and Xia Qingwei.

Wang Juhuai mainly was trying to find Han Dongping and brought Xia Qingwei to walk slowly around the banquet hall.

Unexpectedly, Lu Qiyuan actually hurriedly walked towards them and blocked their path.

Wang Juhuai raised an eyebrow. He had yet to meet Han Dongping but just had to see this *sshole first.

"Why are you two here?" Lu Qiyuan asked in a low voice, looking towards Xia Qingwei. "What are you here for? Is this someplace you can enter?"

Xia Qingwei impolitely responded, "What does it have to do with you?!"

This banquet was not organized by him. He was really putting himself forward too much.

“I don’t care what connection you two used to enter the dinner party, but don’t come and embarrass yourself. This dinner party is not a place where someone of your level can come to. Don’t think that just by being able to enter, you can really get to know the guests here,” said Lu Qiyuan in a low voice.

He saw how Wang Juhuai was wearing formal clothes. It really did not seem like what he’d said described their situation accurately.

Lu Qiyuan did not want to admit it, but Wang Juhuai’s aura right now was very suited for the present event, causing one to not feel like he had barely managed to get in through connections. He looked like he was suited for this sort of place naturally with his elegant aura.

As for Xia Qingwei, she was wearing a top and a skirt that looked good. The hem fell just past her knees, the dress tightening at the ends.

Even though she was wearing a skirt, it showed the shape of her legs, which were straight and very beautiful.

Lu Qiyuan did not hide the shock in his eyes at seeing her beauty. He had never seen Xia Qingwei wear such formal clothes before.

He had even forgotten how she looked wearing a wedding dress when the two of them got married.

Everyone who sees this sort of Xia Qingwei would think she was a rich lady.

No one would think that she had been through such hard times before and had almost not been able to cure her illness.

Now she looked good. Her entire person was happy, causing one to be able to tell with one look that she was living very well now and was very happy.

She had always been troubled by the lack of money while being a divorcee for over ten years, but after meeting Wang Juhuai, her whole face showed happiness.

Lu Qiyuan felt very complicated in his heart. He wanted Xia Qingwei to not live well.

It was not that he hated her. It was just that if she did not live well, it would show how good he was.

When she was with him, she had a good life. After leaving him, she was dragged down by the lack of money, which showed how important he was.

Chapter 1042: Something Wrong with Your Brain

Without him, she did not have anything.

Lu Qiyuan had a good imagination, but reality gave him a very strong slap.

Wang Juhuai was really too lazy to bother with this idiot. He coldly said, “Excuse us.”

Lu Qiyuan frowned and continued to stand in their path. “I already said it very clearly, yet you two still insist on staying here shamelessly?”

Lu Qiyuan and Xia Qingyang were used to using their own thoughts to judge people. They were very arrogant and incapable of hearing other people's explanations.

It was like they'd chosen to have selective hearing. No matter how others explained, they refused to listen and only insisted on their own opinion. It was really amusing.

Xia Qingwei was not willing to stoop down to their level, so, normally, she would not bother with them.

But now that Lu Qiyuan was misunderstanding Wang Juhuai so much and even had an arrogant attitude, treating Wang Juhuai as not even being able to compare to 1% of Lu Qiyuan, Xia Qingwei could not stand it anymore.

It was fine for other people to attack her and misunderstand her, but they could not hurt the people that she cared about when she was around.

Like Lu Man, like Wang Juhuai.

Because of that, Xia Qingwei laughed coldly. "What do you mean by 'insisting on staying here shamelessly'? We were also invited here. Or, to be more exact, it was Juhuai who got invited, and I followed him here."

Lu Qiyuan refused to believe it. His features twisted into a cold mockery. "Him? Being invited?"

He impolitely laughed a few times.

Xia Qingwei looked at him disdainfully. "If even you could be invited, then naturally, Juhuai needs to be invited."

Xia Qingwei's gaze gave off a strong sense that she was looking down on him, and it deeply aggravated Lu Qiyuan.

Lu Qiyuan said angrily, "I'm able to come because I'm a successful person with sufficient standing—that's why I was invited. Furthermore, the people present are all famous people in the political and business scene, and they've had important contributions to the development of B City."

Lu Qiyuan looked at Wang Juhuai disdainfully. "You're an ordinary person. What are you here for? You won't even be able to participate in the topics we are chatting about. Did you bring Xia Qingwei to be embarrassed with you?"

Lu Qiyuan told Xia Qingwei, "If you want to participate in this sort of event, you can tell me, I can bring you along. Why do you need to follow him and embarrass yourself with him?"

To bring an ex-wife to this sort of event, what was he thinking?

Was there something wrong with his brain?

Xia Qingwei did not think that much about it. She merely felt that Lu Qiyuan's mental problems were becoming worse and worse.

But Wang Juhuai could understand the meaning in Lu Qiyuan's words, and his face darkened instantly.

Back then, when he had yet to divorce Xia Qingwei, he did not bring her to any important events at all, feeling that she would embarrass him.

Now that they had been divorced for over ten years, he was suddenly saying that. What did he treat Xia Qingwei as?

He had his own wife and did not want to bring her, but he wanted to bring Xia Qingwei instead?

Mayor He's voice rung out. "Mr. Wang."

Wang Juhuai and Xia Qingwei looked towards the direction of the sound. Even Lu Qiyuan looked over.

They saw Mayor He bringing his wife and walking over. From afar, Mayor He's face had a sincere and warm smile. Even Mayor He's wife was also smiling with a hint of admiration when looking at Wang Juhuai.

"Mr. Wang, welcome, welcome!" Mayor He walked over and shook hands with Wang Juhuai, seeming very close as he continuously shook his hand.

"Mayor He, Mrs. He," Wang Juhuai said as he smiled lightly. "Thank you for your invitation."

"It's nothing, it's nothing," Mayor He said happily. "Mr. Wang being able to make it is our blessing. At the start, when we found out that Mr. Wang was coming to B City, I instantly invited you, but it was a pity that you had originally planned on going back to America after the New Year, for a long while causing me to feel that it was a pity."

Chapter 1043: My Wife

"Exactly," Mrs. He said, also smiling. "When I heard my husband say before that Mr. Wang had returned to the country, I was very excited. I have always been your fan, and when I heard that my husband was planning on inviting you to the dinner party, I was extremely happy. I thought I could finally meet my idol in person. Alas, you were planning to return to America after the New Year. I was still considering whether to ask my husband to bring me to visit you privately—being able to meet you once is good enough—but that was only wishful thinking, really. I know that that would also have been very inconvenient."

Mrs. He could not hide the disappointment on her face, but she very quickly smiled again. "I did not think that you would be able to participate in the end. It made me extremely happy. Please take a photo with me later, then give me an autograph."

Lu Qiyuan was very shocked.

This man was actually invited, and he was personally invited by Mayor He!

In Lu Qiyuan's case, it was just the Mayor's secretary who came over to ask if he had time, but Wang Juhuai had actually been personally invited by Mayor He!

Who was he?!

“You’re overexaggerating my talents,” Wang Juhuai said humbly. “Originally, I was indeed planning on returning to America on the seventh day after the New Year, but I did not think that I would reunite with Xiao Xia again, so I decided not to go back.”

“Xiao Xia?” Mrs. He asked in shock.

Xia Qingwei kept maintaining a polite smile by Wang Juhuai’s side.

She did not know Mayor He and Mrs. He, so she did not cut in.

But she did not show any unsuitable behavior at the side and still stayed very polite.

Wang Juhuai introduced them to Xia Qingwei at a suitable time. “It’s this lady, my wife, Xia Qingwei.”

Mayor He and Mrs. He were both surprised. Mayor He asked in shock, “Mr. Wang is actually already married?”

Mayor He and Mrs. He were merely shocked, but Lu Qiyuan was so absolutely stunned that he was stood on the spot, his face extremely stiff.

Xia Qingwei had actually gotten married with this man!

They had known each other for only a short time yet they were already married!

He had been divorced from Xia Qingwei for over ten years and had never thought that Xia Qingwei would marry again.

After all, Xia Qingwei had been single for so long already. Even though she had already become his ex-wife, he had never thought that she would marry someone else.

Before, just thinking about Xia Qingwei marrying again made him feel like he was being betrayed.

But now, Xia Qingwei had actually really gotten married!

And she was now standing by the man’s side, looking happy and shy!

How could she get married?!

How could she get married to another man?!

Lu Qiyuan was extremely angry. His whole body was stiff as he stared at Xia Qingwei and Wang Juhuai.

Wang Juhuai acted like he did not notice and smiled with satisfaction and happiness. “That’s right. I did not think that I would be able to reunite with Xiao Xia after coming back to the country this time.”

“Reunite... So, in the past, you two were—?” Mrs. He asked in surprise, smiling.

Xia Qingwei lowered her head, a slight elegant smile on her face.

Wang Juhuai lowered his head to look at Xia Qingwei, his gaze gentle and attractive.

Xia Qingwei also turned her head, her cheeks slightly red, and gently looked at him. She was very embarrassed, and she quickly smiled at Wang Juhuai. Whether it was her gaze or her smile, it was full of strong liking.

“We were lovers in the past. We separated only because of misunderstandings, and after that, we both had our own marriages. Coincidentally, we both also got divorced,” Wang Juhuai said.

Mrs. He was Wang Juhuai’s fan and knew that he had already been divorced for ten years.

“We’ve both been divorced for over ten years,” Wang Juhuai said.

Mrs. He was shocked. She did not think Xia Qingwei was in that situation as well.

But the two had been divorced for so long before getting back together only now. It must really not have been easy for them.

Chapter 1044: Ignoring

“But we both did not know about each other’s situation,” Wang Juhuai said, finding it a pity. “If I had known that she had already been divorced for so long, I would have come and found her sooner. Thinking about how she had suffered alone in the past ten or so years, I blame myself. Why did I keep hiding? I thought she was married and was with her own family, so I did not dare to appear all that while, not daring to see her living with someone else, scared to disturb her daily life.”

“The good thing was, when I came back this time around, we still ended up meeting,” Wang Juhuai said with a sigh. “Finally, we can be together again. We met each other again with so much difficulty, I naturally won’t return to America. We met only after more than twenty years. It’s our fate. We didn’t want to miss it and delay any longer, so we got married.”

Wang Juhuai was proud and even a bit gloating as he said, “We got our marriage certificate on the seventh day of the New Year.”

Seventh day?

Lu Qiyuan was stunned.

Wasn’t that the day he saw Xia Qingwei and Wang Juhuai hugging each other on the street?!

He did not think that that day, they had actually gone to get their marriage certificate!

Already getting their marriage certificate after being reunited for a short time, Xia Qingwei really was very excited!

Wait, wait...

He’s saying that they were reunited, that they were lovers in the past...

Could it be that the man in front of him was Xia Qingwei’s first love?

This was the first love she had never forgotten!

No wonder Xia Qingwei got together with him.

Lu Qiyuan was extremely angry.

The funny thing was that he still spoke to Wang Juhuai about Xia Qingwei’s first love when Wang Juhuai was the one that Xia Qingwei had never been able to forget.

No wonder Wang Juhuai was so happy when they were talking about it at that time.

He was really like an idiot!

They must be mocking him in his heart!

“Congratulations, congratulations,” Mrs. He said in surprise.

She was more emotional than Mayor He and, upon hearing Wang Juhuai’s words, was truly happy for them. She was touched after hearing about their feelings and fate over so many years.

“Although it’s been many years, as long as you two can be together again, that’s fate,” Mrs. He said.

Lu Qiyuan’s expression was ugly at the side, and his lips were pressed together tightly.

It was a pity that no one was bothering with Lu Qiyuan’s anger.

Wang Juhuai saw it, but he could not be bothered with Lu Qiyuan’s emotions and became angrier and angrier.

Mrs. He said, touched, “I did not think that when Mr. Wang returned to the country, there would be such a big surprise.”

“That’s right.” Wang Juhuai could not hide his happiness.

Mayor He said, “You just said that you would not return to America again. Have you decided to stay permanently in the country?”

“That’s right. Naturally, I’ll be following Xiao Xia. Because Xiao Xia is staying here, I’ll stay here as well,” Wang Juhuai explained as he smiled.

Despite not saying too much, from his attitude, words, and tone, they could see his love for Xia Qingwei.

Mrs. He was very envious while Lu Qiyuan was extremely angry, and he finally remembered a problem. Mayor He and Mrs. He were so polite to Wang Juhuai. Why was that so?

After hearing Mrs. He’s words, he found out she was even his fan.

“Hahaha, no wonder Mr. Wang can come to participate in the dinner party,” Mayor He said with a laugh. “Then thank you so much, Mrs. Wang.”

Wang Juhuai happily heard the title “Mrs. Wang.” That was very nice to hear.

But when Lu Qiyuan heard it, he felt very unhappy.

Originally, she was Mrs. Lu, but now, she’d become Mrs. Wang.

Xia Qingwei was finally able to reach what she wanted and became Mrs. Wang.

Lu Qiyuan was standing there like a see-through person, but even after so long, there was no one paying attention to him.

Mayor He and Mrs. He’s attention was all concentrated on Wang Juhuai. Because of Wang Juhuai, even Xia Qingwei also got their respect.

Chapter 1045: Not Familiar

Lu Qiyuan had participated in this sort of event many times already, but he had never been paid so much attention to. It had always been him going to find Mayor He on his own to chat. Mayor He had never automatically come to find him.

“Mayor He,” Lu Qiyuan finally said, no longer able to hold back.

Mayor He was shocked and only then realized that Lu Qiyuan was there. “Mr. Lu is also here?”

Lu Qiyuan: “...”

He had been standing there for very long already.

Mayor He remembered how, when he came over, he seemed to have seen someone standing in front of Wang Juhuai and Xia Qingwei, as if they were chatting.

Mayor He could not help but look at Lu Qiyuan differently. “Mr. Lu and Mr. Wang are familiar with each other?”

Without waiting for Lu Qiyuan to answer, Wang Juhuai denied it. “We aren’t. I don’t know why he decided to stop me for no reason, saying that this is not a place that someone like me can come to.”

Seeing Lu Qiyuan’s attitude towards Mayor He, Wang Juhuai knew that the former wanted to suck up to the latter.

Wang Juhuai did not want to give Lu Qiyuan the chance.

Without waiting for Mayor He to say anything, Mrs. He expressed her unhappiness.

As a loyal fan of Wang Juhuai, Mrs. He instantly said, “Mr. Wang is a world-famous musician, a violinist, and a composer. He has received many kinds of big international awards. Because of work, he’s lived in America for many years, but he insists on keeping his Chinese passport, and he has always been the pride of our Chinese musicians.”

Lu Qiyuan looked at Wang Juhuai in shock, his eyes full of disbelief.

Wang Juhuai’s greatness was at this level? Perhaps because he did not appear in the media as much as celebrities did, not a lot of people knew what Wang Juhuai looked like.

But most people in the country knew Wang Juhuai’s name.

Because he was a legend—he was the pride of the country people.

As a person from China, there was nothing easier than changing their citizenship so that they could advance internationally.

Yet in the end, he had insisted on using his talent to get the acknowledgment of everyone, to let everyone know the name Wang Juhuai and the fact that he was from China.

As long as it was in a place with Internet access, though perhaps not everyone had listened to Wang Juhuai’s music before, they definitely knew that there was an internationally famous musician who was from China, and his name was Wang Juhuai!

Perhaps he was not as powerful as Mayor He, but as a musician who had an extremely high status internationally within the music world, he was no doubt a national treasure.

Benefits and power aside, his status in the country was extremely high and very special.

The impression Wang Juhuai gave people had always been that he was polite, elegant, and not one to purposely cause trouble for anyone.

It was very rare that he was not giving Lu Qiyuan face at all in front of Mayor He.

But because it was a rarely seen event, it showed that Wang Juhuai really disliked Lu Qiyuan. Was it perhaps because Lu Qiyuan was impolite to him? Or because a long time ago, there was a disagreement between the two of them?

But this did not affect Mayor He, who did not think twice and emphatically stood on Wang Juhuai's side.

To him, Lu Qiyuan was a nonentity!

He was just a small-time businessman. If not for how he had used many connections, he would not even have the right to donate money to their cause!

Mayor He's face was dark as he told Lu Qiyuan, "CEO Lu, this is Wang Juhuai. Mr. Wang's name, you've heard it before, right?"

"Wang Juhuai?" Lu Qiyuan was stunned. He knew only one person who was called Wang Juhuai!

But he did not believe it!

He did not want to believe it!

Seeing Lu Qiyuan's reaction, Mayor He knew that Lu Qiyuan knew who Wang Juhuai was.

Mayor He smiled and said, "That's right. Perhaps you have not seen Mr. Wang himself, but you definitely have heard his name before."

Chapter 1046: Changing Attitude

Lu Qiyuan looked so bad he wanted to die, and he said in a deep voice, "Of people called Wang Juhuai, I only know that musician."

"That's right. Aside from him, who else does not need more introductions and would be recognized after just hearing the name?" Mayor He said with a smile. "This is Master Wang Juhuai."

Wang Juhuai smiled. "I don't dare to be called a Master."

"Haha, Master Wang, you are really too humble," Mayor He said as he continued to smile.

Lu Qiyuan's face showed undisguised shock.

The man in front of him was actually Wang Juhuai!

And Xia Qingwei, his ex-wife whom he had abandoned, actually became Wang Juhuai's wife!

And she was even being doted on so much by Wang Juhuai!

Xia Qingwei did not live badly after leaving him. In fact, she got along better and better!

A lot of people saw how Mayor He and Mrs. He were over there and also came over one by one.

And when they took a look and saw that it was actually Wang Juhuai over there, more and more people gathered.

And Lu Qiyuan was slowly pushed away by them.

He no longer could see Wang Juhuai and Xia Qingwei, who were surrounded, and could only hear the sound of Wang Juhuai proudly introducing Xia Qingwei to people.

"I heard that Mr. Wang is also here?" Han Dongping walked over.

Because of the Han Family, everyone made way for him.

Han Dongping came in front of Wang Juhuai and was just about to speak when he saw Xia Qingwei. After opening his mouth, the words he had wanted to say were stuck in his throat and could not come out.

"You—" Han Dongping looked at Xia Qingwei in shock, his gaze landing on the arm that Xia Qingwei was using to hold Wang Juhuai.

Wang Juhuai said in his heart, He is finally here. He had come here tonight for Han Dongping.

"Let me introduce you. This is my wife," Wang Juhuai said as he smiled.

Han Dongping's heart was already a mess. Didn't Xia Qingwei and Lu Qiyuan divorce a very long time ago?

She seemed to have been single all along!

Why did she suddenly become Wang Juhuai's wife?

Although he had a lot of questions to ask, Han Dongping, who had always thought about how things could benefit him, immediately thought that since Xia Qingwei had become Wang Juhuai's wife, then Lu Man was not a pitiful thing with no background and who was nothing at all.

She now had a step-father who was at the level of a national treasure!

That way, Lu Man being the Lu Family's daughter-in-law as Han Zhuoli's wife was really suitable.

Han Dongping had originally looked down on Xia Qingwei a lot. The first time he saw her in the old family house, he had not thought well of her at all.

But now, he was instantly smiling, his face full of surprise. "I did not think that your wife was actually Madam Xia. Why didn't you say so earlier? You're treating yourself as too much of a stranger."

Han Dongping looked like he was very familiar with Xia Qingwei.

Xia Qingwei kept a smile on her face, not saying anything, and Wang Juhuai's smile was meaningful as he said, "Mr. Han, I've heard about you from my wife and daughter."

Han Dongping went "oh," but his brain was concentrating on Wang Juhuai's words, "wife and daughter."

Those who knew of Wang Juhuai all knew as well that Wang Juhuai was divorced and had no children.

This was as well-known as Wang Juhuai's name.

The wife Wang Juhuai was referring to naturally was Xia Qingwei, and as for the daughter, it was probably Lu Man.

Han Dongping thought in his heart that Lu Man really had good luck. First, she was liked by Han Zhuoli, who doted on her. Then, with Xia Qingwei's marriage, she became Wang Juhuai's step-daughter.

Lu Man was in the entertainment industry, but she did not need Han Zhuoli—she just needed her status as Wang Juhuai's step-daughter and she could do anything she wanted in that industry.

"Secretary Dai," someone called out at this time.

Then they saw Dai Rongcheng walk over. "Master Wang!"

Chapter 1047: Accepting a Student

Wang Juhuai obviously could tell that Xia Qingwei at his side had already stiffened.

Dai Rongcheng's daughter, Dai Yiran, had tried to kidnap Lu Man to stop Lu Man and Han Zhuoli from getting their marriage certificate.

Although Han Zhuoli did not say it in detail, it did not mean that Xia Qingwei could not think anything through at all.

Had Dai Yiran kidnapped Lu Man, what would she have done with her?

Definitely nothing good!

If it was just kidnapping, that would serve merely to delay them from getting their marriage certificate.

Even if they couldn't get it one day, they could get it on another. There were so many days in the future.

But Dai Yiran obviously was not satisfied with making sure they could not get their marriage certificate. Dai Yiran wanted Han Zhuoli to never be able to marry someone else.

That way, the harm towards Lu Man would definitely have been eternal.

If it were like that, there were a lot of possibilities.

Xia Qingwei understood instantly. Thinking about the torture and harm that Lu Man would have had to go through, she almost went crazy.

Dai Yiran not succeeding did not mean that she did not do anything wrong.

And Dai Yiran's father, Dai Rongcheng, had definitely had a hand to play in this.

Seeing Dai Rongcheng, Xia Qingwei remembered Dai Yiran. How could she not hate him?

Wang Juhuai patted the back of Xia Qingwei's hand and politely told Dai Rongcheng, "I don't dare to take the title of master."

Dai Rongcheng laughed and said, "I heard that Mr. Wang came back to the country and got married. Are you planning on staying in B City permanently?"

"I do have the intention to." Wang Juhuai nodded.

Dai Rongcheng was very happy. With Wang Juhuai's status in the international art scene, him staying in B City was already a great thing for B City's politics.

"That is great. Mr. Wang had stayed in America for a long time and would only come back once in a while. You are probably not very familiar with B City. If there is something that you find inconvenient and need help with, just look for us. As long as it is something we can do, B City's government will give Mr. Wang the most help possible," Dai Rongcheng said.

Wang Juhuai was very calm. He knew his own value and, naturally, knew that these things used to express goodwill to him were not things that did not come with conditions. No matter where he was staying, for matters concerning the local government, it's always about having both sides benefit.

"You're being too polite." Wang Juhuai did not fall into Dai Rongcheng's trap.

Dai Rongcheng thought in his heart how he could not tell that Wang Juhuai was an artist at all. He was really scheming, very sly, and slippery like a mudskipper.

"Mr. Wang, my daughter is your fan. She's been learning how to play the violin from a young age, and although she isn't working in a relevant field right now, she has never dropped the violence even once. She has always had a wish to learn from you. Does Mr. Wang have any intention of taking a student?" Dai Rongcheng asked as he smiled.

He had personally asked this while thinking that Wang Juhuai would not reject him.

It was not that he really wanted Wang Juhuai to teach Dai Yiran something. He just wanted to let her be known as his pupil.

When Dai Yiran went out, she could say that she was Wang Juhuai's student, and it would make Dai Yiran seem very important.

"Wang Juhuai's student" sounded so good when said out loud.

And until today, Wang Juhuai had never even accepted a student.

If she could become his first student, that was even better.

It was a pity—Dai Rongcheng had good dreams, but Wang Juhuai said, "I'm sorry. Dai Yiran does not fit my criteria for accepting students."

Dai Rongcheng was happy. "You've heard of my daughter before?"

It was good that he had heard of her before. It looked like Dai Yiran's reputation was already out there.

"That's great, Mr. Wang. You don't have any student as of now. Although my daughter is not doing a job related to music, she's been studying it since she was young and never dropped it. She definitely would not embarrass you. I don't really expect that you'll teach her anything. It's just to use your name. As long as I can tell others she's your pupil, that'll be fine," Dai Rongcheng said.

Chapter 1048: Lu Man Is My Daughter

Xia Qingwei smiled coldly. Dai Rongcheng was really thinking too highly of himself.

But there were too many people there. If any of the others had ever asked that of Wang Juhuai, wouldn't Wang Juhuai now have a lot of disciples?

No wonder Dai Rongcheng would have a daughter like Dai Yiran. He was equally as greedy.

When Xia Qingwei got angry, the hand she used to hold Wang Juhuai's arm with increased its force.

Wang Juhuai said in his heart that his wife had quite a lot of strength. He hurriedly held on to Xia Qingwei's hand without changing his expression, then he patted it to comfort her.

"Secretary Dai, there are so many people here. If others had those sorts of thoughts, then I would really end up with too many disciples," Wang Juhuai said as he smiled. "I don't accept any students if all they'd want to do is to use my name. If I want to take a student, then they'd need to learn from me properly and do well. After they'd learned from me, they have to concentrate on this path. No matter who it is or what their background and identity is, they need to pass my criteria and test."

Dai Rongcheng had been slapped in his face and naturally was a bit unhappy, but he still said, "Then what are the criteria? How about Mr. Wang meet my daughter? And test her on the spot?"

Wang Juhuai smiled. "There's no need."

"Why?" Dai Rongcheng was very unhappy. "Mr. Wang, you refuse to accept my daughter as a student in name, but that's what Mr. Wang wants, and I respect that. But since you mentioned a test, we can follow your requirements, but why don't you agree? I respect you, but I also hope to have the appropriate amount of respect from you."

Xia Qingwei looked at Dai Rongcheng coldly. The father and daughter pair was both equally as unreasonable.

Wang Juhuai smiled coldly. "Secretary Dai, do you know why I know your daughter Dai Yiran's name? She's not a famous person and no one knows her. She's currently working for TV stations but did not attain any achievements or did anything that would make people know of her. Such a person with a lack of exposure and fame, how would I know about her?"

"Haha," Wang Juhuai laughed mockingly. "You are really quite arrogant if you think your daughter should be known by everyone. Even if you think that your daughter is great, there is no need to think so highly of yourself."

Dai Rongcheng was really angry. "Mr. Wang, I respected you and spoke to you politely, but you mocked me and looked down on my daughter. Aren't you going too far?!"

"Compared to what your daughter did to my daughter, how is this little bit considered 'going too far'?" Wang Juhuai said coldly.

Xia Qingwei had originally been angry because Wang Juhuai was being so polite to Dai Rongcheng.

She knew that at this sort of event, this was a must. He could not directly fall out with Dai Rongcheng here, so Xia Qingwei did not say anything and just felt uncomfortable in her heart.

She did not think that Wang Juhuai was actually waiting for Dai Rongcheng here.

Dai Rongcheng paused. "Your daughter?"

Even Xia Qingwei was shocked. Wang Juhuai was talking about Lu Man, she knew.

But she did not think that Wang Juhuai would directly acknowledge her as his daughter.

For her sake, he could accept even Lu Man and protect her like she was his biological daughter.

Xia Qingwei pressed on Wang Juhuai's arm, feeling touched, and could not help but smile.

If it were not for the fact that he needed to deal with Dai Rongcheng, Wang Juhuai really would have wanted to bring Xia Qingwei back now and enjoy how touched she felt at what he said.

Who even cared about Dai Rongcheng?

"Based on what I know—" Dai Rongcheng did not finish speaking and just smiled.

Wang Juhuai did not have his own children.

"Have you heard of Lu Man?" Wang Juhuai smiled coldly. "She's the daughter of my wife, and she is naturally my daughter as well. We are a family."

Chapter 1049: May We Trouble You to Come with Us?

No matter whether Wang Juhuai was saying it just for Xia Qingwei to hear or if he really felt like that, to protect another man's child like she was his own child, Wang Juhuai was really very great.

Dai Rongcheng had thought this mockingly in his heart.

"I have a bit of an impression of Lu Man." Before this, Dai Yiran had once had him talk to the judges of the Chinese Arts Championships to give Lu Man low marks and cause Lu Man to be eliminated. In the end, the judges were the ones who got eliminated and Lu Man became the winner.

Dai Rongcheng still found it strange how, at that time, the Han Corporation would do something so drastic because of a single student.

So it was because of Wang Juhuai.

It was probably that, at that time, Wang Juhuai was already in contact with Xia Qingwei.

Could it be that because of that, Wang Juhuai was refusing to accept Dai Yiran?

Wang Juhuai then said, "And so, the reason I've heard of Dai Yiran's name was that the person behind Lu Man almost getting kidnapped was Dai Yiran. Because of this, why would I take her as a student?"

Dai Rongcheng's expression changed. "Impossible!"

He did not even know of this!

Kidnapping? How could Dai Yiran be so gutsy?!

Wang Juhuai raised an eyebrow. "Just go and ask your daughter, but I think you'd probably have no chance to ask already."

Wang Juhuai had just said that when there was movement at the doorway.

Including Dai Rongcheng, everyone looked towards the entrance and saw five men wearing black suits and a stern face as they walked in.

There was a badge at their collars. They looked around past the doorway, and after their gazes settled on a certain direction, they walked over with their backs straight.

It's the Discipline Inspection Commission!

Seeing these people, Dai Rongcheng and the others' hearts stopped and they became nervous.

They all hoped it was not them being aimed at.

In the end, they saw the five of them stop in front of Dai Rongcheng and Wang Juhuai.

"Mr. Dai, may we trouble you to come with us?" said the person in front coldly while showing his identification.

To speak the truth, the first reaction of Dai Rongcheng right now was to run.

Although he still did not know what the reason was, he already felt guilty.

But Dai Rongcheng controlled this urge and did not turn the situation into an ugly one.

He nodded at and followed them.

Xia Qingwei watched as Dai Rongcheng left. This sudden change caused the original relaxed atmosphere to disappear instantly and become heavy.

No one was still in the mood to participate in the dinner party. Scared that they would be implicated as well, they all started to leave.

Even Mayor He hurriedly left.

Xia Qingwei and Wang Juhuai naturally also left. Wang Juhuai was originally not very interested in this dinner party.

Upon entering the car, Xia Qingwei said in a low voice, "Why did they suddenly come and arrest Dai Rongcheng? Could it be—?"

Wang Juhuai stopped her from speaking and nodded to express that he had the same thoughts.

At that time, in the old family house, Han Zhuoli's subordinates had interrogated the men to find out that Dai Yiran was the perpetrator, and Han Zhuoli had people submit the evidence that Dai Rongcheng had been breaking the law all these years.

Han Zhuoli even used his real name to report it.

Originally, as long as it was reported with their real names, it had to be investigated. What more if it was Han Zhuoli personally reporting it? It was naturally very highly regarded.

And those pieces of evidence were very sufficient. As long as they were checked and found to be real, Dai Rongcheng would definitely not be able to escape being jailed.

At the same time.

In the Dai Family house.

Dai Yiran had been feeling very uneasy these last few days. After that day, those people could no longer be contacted.

She even suspected multiple times that these people had taken her money and ran without doing anything at all.

Chapter 1050: It's the Police

She thought a lot of things, but she did not think that those people could have gotten caught.

Dai Yiran felt that even if they could not catch Lu Man, wouldn't it have been easy for them to escape?

Because of her worrying, she was in no mood to participate in the dinner party tonight. Anyway, Han Zhuoli would not be going.

Actually, what really made her find it strange was that if Han Zhuoli had really gotten his marriage certificate with Lu Man on that day, wouldn't he have announced it publicly?

Back then, it was only an engagement and yet Han Zhuoli had personally posted about it on Weibo.

Because of that, Dai Yiran still hoped that perhaps those people had succeeded.

It was just that before they could reply to her, they'd had to run away hurriedly.

At that moment, the doorbell at home rang.

Dai Yiran did not care. At this time, Dai Rongcheng was still at the dinner party and should not have come home yet.

Mrs. Dai, Li Simin, had gone with Dai Rongcheng to the dinner party.

The helpers at home opened the door and Dai Yiran could hear the voice of the helper. "Madam."

Dai Yiran found it strange. Why did Li Simin come back so early?

She stood up and had walked a few steps when Li Simin entered the door.

"Mom, what happened to you?" Seeing that Li Simin's face was pale, her steps weak, Dai Yiran hurriedly went to help her walk.

Li Simin tightly grabbed Dai Yiran's arm. "Your dad... your dad was brought away by people!"

"What does that mean? What do you mean by brought away by people?" Dai Yiran asked in shock.

"I'm not very clear about the specifics. At that time, I was talking with a few ladies and was not by his side. He was talking with Wang Juhuai when five people from the Discipline Inspection Commission

came and brought your dad away. I don't know what exactly happened. At that time, Mayor He and the rest all did not dare to stay anymore and left," Li Simin said, flustered.

"I wanted to go and see your dad, but they didn't allow me to," Li Simin said. "On the way back, I asked a lot of your dad's colleagues to ask them for help to find out more about it, but no one picked up my call. With him being brought away by the Discipline Inspection Commission, doesn't that mean that it's over for your dad?"

"Of course, right now, perhaps they're just investigating him," Dai Yiran said to comfort her and to also comfort herself. "Let's wait a while more, alright? Which colleagues of his did you ask?"

"Mayor He and the rest," Li Simin said.

Dai Yiran thought for a while and said, "They are scared of getting investigated as well right now and would definitely not dare to interfere. Ha, they normally call my dad their brother and act like their relationship is very good, but at the vital moment, they aren't reliable."

Dai Yiran said, "Mom, do you have any of the contact numbers of my dad's army friends? It seems that he has quite a few who are doing very well. Ask if they have any way to find out more about it."

"Right, right." Li Simin nodded. "I'll go and find those now."

Just when Li Simin was about to go and find the contact numbers of Dai Rongcheng's army friends, the doorbell at home rang again.

Li Simin's whole body was currently very jittery, and she jumped up instantly. "Who could be here at this time?"

"Mom, don't worry. It could be that someone found out about Dad's news and came to tell us," Dai Yiran said and instructed the helpers, "Hurry and open the door."

Who'd have thought that not long after, the helpers would anxiously come back to report, "It's... it's the police!"

Li Simin was like a bird that had been startled by a hunter. Everything could cause her to break down.

"Could they be here to ask us about things concerning your dad?" Li Simin said anxiously. "I don't know anything! I..."

"Mom! Calm down! How can you help dad when you're like that?!" Dai Yiran said angrily.
