Chapter 1241: Sending for Identification

"I'm coming back! I'll just go out for a while, I'll be back real quick. Mom, you must definitely make the pork trotters for me to eat!" Han Zhuofeng had already walked out of the door as his voice drifted through the house.

Han Zhuofeng drove straight to the Han Corporation.

"Big Bro!" Han Zhuofeng charged right into his office.

He did not expect the managers from the various departments to be in Han Zhuoli's office.

Han Zhuoli glanced at the things in Han Zhuofeng's hands and said to the managers of the various departments, "You all can go back first. I have some matters to attend to right now. I'll find another time to discuss this with you all again."

Everyone started packing their things and left the office.

Han Zhuofeng closed the door and said, "Bro, I got all the stuff."

"That's fast." Han Zhuoli did not expect Han Zhuofeng to suddenly be so lightning-quick in his actions.

"The sooner the results are out, the sooner we can resolve this problem. We can really only be assured whether or not he is a descendant of the Han Family after getting the results," Han Zhuofeng said. "I brought my elder brother's toothbrush over. This cup has Han Linkai's saliva. Quick, send it over. Stop working already."

Han Zhuoli: "..."

"You should come with me," Han Zhuoli said. "Send it to the identification center. I'm afraid the results won't be out so soon though," Han Zhuoli said.

"Alright." Han Zhuofeng nodded. He brought the things as both of them headed to the identification center.

After they submitted the items, a report of the results can be published only after one week.

This was in part because of Han Zhuoli as well, so the report could be produced faster.

Or else, they would have to wait even longer.

After coming out of the identification center, Han Zhuofeng could not raise his spirits no matter what.

Han Zhuoli patted him on the shoulder. "Wait for the results. I hope I'm the one who made a mistake."

Han Zhuofeng lowered his head and said despondently, "Although this is what I hope for as well, I know very well that you might actually be right."

Han Zhuofeng looked up at him and said, "Previously, I did not pay attention to the things going on at home, that's why I did not know anything. However, after hearing what you said today, I went back and carefully observed Xia Yixin. She really isn't just simply being protective of her child."

Han Zhuofeng clenched his fists and visibly shook with anger.

Both of his elder brothers were like idols to him.

They were the elder brothers who held up the sky before him so that he could do whatever he liked willfully.

Han Zhuoling was a strict person who only cared about work usually and seemed aloof and unfriendly.

However, he cared about his family more than anyone else.

His elder brother could not suffer such a humiliation!

Han Zhuoli patted Han Zhuofeng's shoulder and said, "Bear with it for a while more."

Han Zhuofeng nodded. "I know."

When Han Zhuofeng returned home, he acted like he usually would and did not reveal anything unusual.

Three days after Han Zhuoling and Han Linkai's things were sent to the identification center, Lu Man finished school.

Zheng Yuan and friends dragged Lu Man along to watch a movie. It was a superhero movie that had just premiered in cinemas. "It's the hottest film out there right now. Almost all the showtimes were sold out up 'til now. Let's go and watch together."

"Full house? Are their ticket sales that good?" Lu Man asked.

"Aye, the three of us went to the publicity event out of courtesy, so the organizers gave us a few tickets for free. It just so happened that the date for the tickets is today. We gave a few tickets to our family members and reserved one for you," Han Leilei said.

"Thanks a lot!" Lu Man said as she smiled. Anyway, Han Zhuoli was busy recently and did not have time to keep her company, so she went along with Zheng Yuan and friends.

After they watched the movie, the night had come.

When the four of them came out of the cinema, Lu Man received a call from Han Zhuoli.

"You're out?" Han Zhuoli could hear the noise in the background on Lu Man's end.

Chapter 1242: Lu Man Took Out Her Phone, Zoomed in the Camera, and Took as Many Pictures as She Could

"Yeah, I just went to watch a movie with Zheng Yuan and the girls," Lu Man said. "Why?"

"Nothing much. Just wanted to tell you that I'm working overtime tonight and will come back a little later. Don't wait for me to have dinner," Han Zhuoli said.

“Oh.” Although Han Zhuoli was busy recently, he always came home for dinner. Now that he suddenly said he was not coming home for dinner, it sounded a little strange.

“Even if you want to stay in the company to work overtime, you should remember to have dinner. Don’t you forget it when you get busy,” Lu Man reminded him.

Han Zhuoli’s chuckle could be heard over the phone. “I’ve already asked Zheng Tianming to order takeouts. Don’t worry, it’s healthy food.”

“That’s good, then,” Lu Man said. “Come back soon.”

“Alright.”

After Lu Man ended the call, Zheng Yuan and the girls stared at her enviously. “Young Master Han even calls you to tell you whether he’s coming home at night?”

“Isn’t this very normal? Don’t married couples do that usually?” Lu Man always thought that this was a very normal thing to do. Was it not?

Pan Xue sputtered out in laughter. “How would we know! Who would get married so early like you!”

Lu Man: “...”

Han Leilei said, “But we also feel that it would be normal for average married couples. However, your husband is Young Master Han! Yet both of you behave like a normal married couple and talk about normal topics like these.”

“If not these, what else are we supposed to talk about?” Lu Man laughed and said, “Even if he is Young Master Han, he is also my husband. As long as we are husband and wife, there would be no difference. This is how everyone lives.”

Lu Man thought about it and said, “Let’s not talk about this. Anyway, since he’s working overtime tonight, let me treat you all to dinner to thank you for treating me to the movie.”

“Yay, great! It’s rare that we get to be treated by a rich young lady like you,” Pan Xue said with a laugh.

Lu Man was truly a rich young lady now, not because of Han Zhuoli, but because of her own films and activities, which had earned her a handsome income.

This mall was pretty famous and had many popular restaurants in it.

Hence, they casually picked one restaurant and the three of them went in to eat.

After they were done eating, Xiao Guo came over to fetch them. Lu Man sent off Zheng Yuan and the girls first before letting Xiao Guo drive her home.

Lu Man would look out of the window when she had nothing to do. Right at that moment, the car passed by an average-looking chain hotel by the roadside.

She saw a man and a woman walking out of the hotel.

The woman actually looked a lot like Xia Yixin!

Lu Man did not have time to think and asked Xiao Guo to stop the car first. "Xiao Guo, stop the car! Stop the car!"

Whether it was Xia Yixin or not, she could think about it after the car was stopped.

It was better to be safe than sorry.

Lu Man did not dare to confirm, not because she saw Xia Yixin together with a man.

It was because this hotel was not eye-catching at all.

A 300 or 400 yuan a night chain hotel would probably not look like a place that Xia Yixin would step foot into.

Lu Man took out her phone, zoomed in the camera, and took as many photos as she could.

The more she looked at it, the more she was convinced that it was Xia Yixin!

However, the man beside Xia Yixin was not Han Zhuoling.

The man beside Xia Yixin held on to Xia Yixin's elbow, as if the two of them were talking about something and seemed to have a close relationship.

Of course, Lu Man could not hear what they were saying.

That man had his arm wrapped over Xia Yixin's shoulder, and he suddenly gave her a kiss on her cheek.

Xia Yixin did not reject it, and her face was all smiles as she was being coy with him.

"It's hard on you tonight, you even had to come to this shabby hotel," Chen Zefeng whispered in Xia Yixin's ear.

"It's nothing. I was the one who suggested this anyway." Xia Yixin smiled coquettishly. "The people in my social circle all frequent those five-star hotels. If we went to those places, the chances that we'll meet someone I know will be too high. We might as well come here. They would surely not come to this place."

Chapter 1243: Don't Let Her Go!

Xia Yixin hugged Chen Zefeng around the waist. "You're the one who suffered. You especially flew over from Europe. I missed you so much."

"I missed you, too, or else I wouldn't have come all the way here." Chen Zefeng planted a kiss on Xia Yixin's lips and said, "But you guys are really not going to go back?"

Xia Yixin pouted and said, "Isn't it all because of that nasty old madam of the Han Family? She kept insisting that she missed her grandchild and just did not want Han Zhuoling to leave. I've been trying to convince him to go back. I don't believe that that work robot can stay for long in the country!"

"It's best to go back," Chen Zefeng said. "Although I can come over as well, B City is still the Han Family's turf. Furthermore, you guys know more people here, so it's very easy to be discovered by others. It's better to go back to Europe. Han Zhuoling is so busy with work, he won't have time to care."

The mention of this made Xia Yixin angry.

Han Zhuoling, that work robot. He did not even seem to have that urge that most men had, as if he gave it all to his work.

Or else, she would not have become so lonely as to end up with Chen Zefeng.

She did not understand. Was she not pretty?

Was her figure not good enough?

How could Han Zhuoling not be moved by her at all?

Yet Han Zhuoling indeed did not have any problems in that aspect.

This was something she knew for sure.

Xia Yixin thought about it as she turned to look at the road.

When she glanced sideways, she immediately saw someone who seemed to be taking pictures of her.

Xia Yixin had a guilty conscience to begin with, so she would panic the moment there was any sign that something was amiss and get all uptight.

When she saw this, she immediately got a shock and shuddered.

Regardless of whether she was being too paranoid or not, Xia Yixin still shouted, "Who's there?!"

Chen Zefeng immediately looked over. "What's wrong?"

"Someone's taking pictures of us!" Xia Yixin said as she ran over.

Lu Man immediately slumped back onto her seat and said, "Xiao Guo, start the car!"

Xiao Guo had been on alert all along and sped away as soon as Lu Man spoke.

"I didn't see wrongly, that person was really taking pictures of us!" Xia Yixin's face turned ghastly white. She clutched Chen Zefeng and ran as she said, "Don't let him go away!"

Xia Yixin did not see who the person taking pictures of them was. She did not even know if it was a man or a woman.

"If he took pictures of us, he definitely recognized me! We're doomed if we're exposed!" Xia Yixin was scared and anxious as her face turned pale.

"I remembered the car plate number!" Chen Zefeng said. He then immediately led Xia Yixin to the car and sped up.

"It's in front!" Chen Zefeng said as he sped up to catch up.

Xiao Guo saw them from the rearview mirror and said to Lu Man, "Madam, don't worry, they won't be able to catch up."

As he said that, the car passed through the traffic in a series of twists and turns to distance them from Chen Zefeng's car.

Xiao Guo was someone who could shake off even professional stalkers, so Lu Man was not worried.

The man whom Xia Yixin had an affair with could not possibly be a pro in this field.

Lu Man sent the pictures she had just taken to Han Zhuoli first. He was working overtime right now, so she did not call him to disturb him.

Even though she had confidence in Xiao Guo, Lu Man still decided to send him the photos first just in case.

Right at this moment, Lu Man heard Xiao Guo say, "The other party is a professional."

Lu Man turned around and saw that, indeed, Chen Zefeng's car was slowly getting close to them.

"What is going on?! Could it be so coincidental that Xia Yixin's lover is also a pro in this field?" Lu Man almost cursed.

Why did she have to be the one running into all these coincidences?!

"Quick, catch up!" Xia Yixin said agitatedly as she sat on the passenger seat.

Chapter 1244: I'll Find You First

"Don't worry, they won't be able to get away," Chen Zefeng said smugly. "I'm from the Interpol, after all."

Although he was based in a different country, when it came to professional skills, each had their own capabilities as well.

Xiao Guo had been a little careless at first. He thought that the other party was just an average guy and did not expect him to have some skills.

He raised his focus and became serious. "Madam, fasten your seatbelt and mind your safety! Judging from the other party's driving skills, he seems like a professional police officer."

Lu Man immediately fastened her seatbelt. She did not expect Xia Yixin's lover to actually have some skills.

She frowned as she thought about it. Xia Yixin had always been living with Han Zhuoling in Europe.

She was afraid that she had been thinking too much and wronged Xia Yixin.

But now, it looked like Han Linkai was really not a child of the Han Family.

If her guess was correct that Han Linkai was not a child of the Han Family, judging from Han Linkai's birth date, Xia Yixin and Han Zhuoling should still have been in Europe back then.

Before that, they had not returned for a very long time either.

It was highly possible that Xia Yixin got pregnant with Han Linkai when she was in Europe.

It meant that Han Linkai's father also lived there.

She did not know, however, if this man was Han Linkai's father or another lover that Xia Yixin found.

If it was so coincidental that Xia Yixin's lover had been him all along and he was Han Linkai's father, then based on Xiao Guo's guess, he was probably a police officer in Europe or someone in the detective line of work.

Seeing that Lu Man still had the mind to think of these things, she was really not worried.

She trusted Xiao Guo's skills.

Right at that moment, Han Zhuoli called.

Lu Man answered, "Zhuoli."

"You took the pictures?" Han Zhuoli asked.

"Yeah. I was going home after parting with Zheng Yuan and the girls. When I passed by that hotel, I saw a person who looked like Xia Yixin, but I was not sure, so I let Xiao Guo stop the car and took some pictures. When I looked at the pictures, I saw that it was really her," Lu Man said.

She saw Xia Yixin cheating and was so shocked that she was at a loss for words. What more Han Zhuoli, who was Han Zhuoling's brother? He must have surely felt worse seeing that.

Disgust was not even enough to describe it.

"Xia Yixin and that man are chasing after our car now, so I sent the pictures to you first just in case," Lu Man explained.

"Let Xiao Guo turn on the GPS, I'll go and find you guys," Han Zhuoli immediately said.

"You're done with work?" Lu Man asked.

"It doesn't matter whether I'm done, I'll have to find you first." Han Zhuoli had already stepped out of the office.

"Are you worried about Xiao Guo's standard?" Lu Man was clearly at ease.

"That's not the problem. If I was worried, I would not have assigned him to you. I just can't be at ease if I'm not there personally," Han Zhuoli said.

Lu Man smiled sweetly and said, "Alright."

Afterward, Han Zhuoli heard Lu Man telling Xiao Guo to send their location to Han Zhuoli.

Han Zhuoli immediately called Xiao Chen to set off to where they were.

Lu Man sat behind and did not dare to show her face, lest Xia Yixin recognized her.

She only dared to slump back against her seat and take a quick peek outside.

Although the other party could not catch up, they were following closely behind and maintaining a close distance with Xiao Guo's car.

Xiao Guo frowned and said in a serious tone, "The other party is not catching up on purpose. He wants to know where we are going."

Lu Man thought about it and said, "They probably think we're reporters or something like that."

Lu Man wanted to let Xiao Guo shake them off completely, but she suddenly had an idea. "Don't let them catch up, but don't let them lose us either. The other party is a pro, so this might be hard. Can you do that?"

Chapter 1245: I Want to See If You Really Dare

"I can," Xiao Guo answered confidently.

At the back, Chen Zefeng scoffed. "Looks like the skills of the person in front is around this much. But it's not bad too that he can persevere for so long under my chase. It's pretty rare for a common man to do that."

Chen Zefeng was full of confidence in himself and did not think much of Xiao Guo at all.

"I'm going to be serious now," Chen Zefeng announced proudly when he saw that the car had already driven onto a road with fewer cars and stepped on the accelerator to race forward.

Seeing that, Xiao Guo suddenly switched into the adjacent lane, sandwiching their car between two cars.

Chen Zefeng sped up to follow beside their car and said to Xia Yixin, "Turn and see who the other party is. Can you recognize him?"

Just as Xia Yixin was about to turn to look, Xiao Guo suddenly slowed down to tail after Chen Zefeng's car.

Chen Zefeng's face turned ugly as he scoffed. He knew he had been tricked.

He was a professional police officer. How could he embarrass himself like this?

Chen Zefeng just reversed his car. Seeing how these two people were driving so stubbornly and fighting with each other, all the other cars around them did not dare to get close either.

Chen Zefeng seized the chance to drift and wanted to bump against Lu Man's car.

How would Xiao Guo not expect such a trick?

Almost at the same time, he suddenly increased his speed and sped up in front of Chen Zefeng's car, causing Chen Zefeng to miss and almost bump against the curb.

At the same time, Xiao Guo pulled a distance between him and Chen Zefeng's car.

Chen Zefeng slammed the steering wheel hard before speeding off to catch up again.

His face was pale and stiff. He had been played by Xiao Guo twice; he had long forgotten that Xia Yixin was by his side and started driving recklessly.

Xia Yixin had her seatbelt fastened, and her hand was holding on to the car handle as she was being shaken left and right. How would she even dare to bother about what the person in front looked like?

No matter how much Xiao Guo was trying to drive safely for Lu Man, the car was still not stable.

Luckily, Lu Man was slumped against the backseat and clutched at the chair for her life with her seatbelt on.

At that moment, Xiao Guo received a signal from Xiao Chen.

Xiao Guo immediately perked up as he said, "Madam, Young Master Han is here!"

The moment he said that, Xiao Guo suddenly reversed the car at great speed.

"Madam, brace yourself. I am about to ram into the car at the back," Xiao Guo said. "Xiao Chen will block them from behind!"

"Okay." Lu Man took in a deep breath as she began to feel anxious. However, she still clutched at her seat in a composed manner.

Xiao Guo would naturally not let Lu Man get injured.

After he reversed at great speed, Chen Zefeng noticed and still thought that Xiao Guo was just faking it, so he was not scared at first.

"I want to see if you really dare!" Chen Zefeng muttered as he sped ahead.

However, seeing that the car in front had no sign of slowing down with the boot of the car not even tilting to one side at all, Chen Zefeng chickened out.

He reduced his speed immediately and started to reverse the car.

However, the two cars were already very close to each other now.

There was no time to wait for Chen Zefeng to stop the car, change gears, and back away.

"Madam, be careful, it's coming!" Xiao Guo would definitely not take Lu Man's safety as a joke.

If they rammed into them upfront, Lu Man would definitely get hurt.

At this critical moment, Xiao Guo suddenly drifted and let the corner of the car boot bump against Chen Zefeng's car.

The car spun on the spot before changing direction to charge towards Chen Zefeng's car with the car facing front this time around. He stepped on the accelerator again and charged forward directly.

Chen Zefeng was horrified and finally got scared. He immediately stepped on the accelerator as he reversed the car in panic.

It was too late for him to turn the car around now.

Just when he was reversing, he saw through the rearview mirror another car appear, and it was charging straight at his car.

Chapter 1246: Busybody

Chen Zefeng immediately changed direction and the car charged right through the roadside into the bushes before crashing into a tree, forcing the car to a stop.

Xia Yixin was knocked forward and backward and shaken in all directions inside the car. Her head had also slammed against the glass car window.

Her head was knocked quite a few times because of this.

Xia Yixin got knocked about until her head was pounding with pain and becoming muddled.

Suddenly, the back of the car banged against a tree. Even if Xia Yixin had her seatbelt fastened, she was still knocked until she fell forward and knocked her head hard against the storage compartment in front.

Xiao Chen and Xiao Guo both stopped the car. Before getting off the car, Xiao Guo said, "Madam, don't get off for now!"

Lu Man nodded and finally sat up.

Xiao Guo and Xiao Chen got off the car quickly and rushed towards Chen Zefeng's car. They yanked the car doors open and dragged Xia Yixin and Chen Zefeng out.

Han Zhuoli did not bother about those two at once. He first went over to Lu Man's side.

He opened the car door and saw that Lu Man's hair was a little messy. It was obvious that she struggled during the car chase.

"How are you? Did you get hurt anywhere?" Han Zhuoli asked anxiously.

Lu Man was more or less in shock from the ordeal earlier and was still a little fazed.

"Man Man! Man Man!" Han Zhuoli got scared by Lu Man. He immediately unbuckled her seatbelt and helped her out.

After she got some fresh air, Lu Man's head finally cleared up a little. The first thing she saw was Han Zhuoli's worried face.

"I'm fine." Lu Man smiled at him and clutched his hand.

However, Han Zhuoli could still clearly feel the coldness in her palms.

Her hands were already so cold yet she still said she was fine.

"Scared?" Han Zhuoli asked.

"I'm good." Lu Man smiled. "This is my first time experiencing such a thrilling situation, so I'm a little shocked."

Previously, when they were collecting their marriage certificate, they were also chased, but that had not been as close or as thrilling as this was.

Furthermore, with Han Zhuoli around to protect her the whole journey, Lu Man did not feel scared at all.

However, this time, she was the only one sitting at the back. Han Zhuoli was not by her side, so she felt a little scared.

Lu Man clutched Han Zhuoli's hand tightly. "I didn't get hurt, not a bit. Xiao Guo was considerate of my safety."

It was just that she still had a bit of lingering fear and did not dare to leave Han Zhuoli.

“The next time something like this happens, don’t risk it yourself,” Han Zhuoli instructed in a low voice.

On the way here, his heart was on tenterhooks, deeply afraid that she would get hurt.

Lu Man nodded her head obediently. “I didn’t expect that man to be a pro. Who would have known that Xia Yixin’s lover actually had such skills? If I had, I wouldn’t have taken the risk either.”

Han Zhuoli checked Lu Man all over again and confirmed that she was really not hurt before bringing her back to his car.

On the other side, Xiao Chen and Xiao Guo tied up Xia Yixin and Chen Zefeng, who’d had their heads knocked quite hard, and dragged them into the car.

Xia Yixin had already seen Han Zhuoli and Lu Man just now.

She never expected that the person who’d seen her this time was actually Lu Man!

Xia Yixin threw a death glare at Lu Man.

Of course, she would not be able to see Lu Man.

Lu Man was sitting in Han Zhuoli’s car at that moment. The windows of the car were tinted black, so Xia Yixin could not see through the car window at all.

However, she still glared with hatred at Lu Man.

How did she offend Lu Man? Why did Lu Man want to set her up like this?!

Lu Man could just mind her own business, so why was she such a busybody?!

No matter what she did, this concerned her own family and was between her and Han Zhuoling.

It was not as if she cheated on Han Zhuoli or something. Lu Man just had to be a busybody and ruin her life!

Chapter 1247: What Kind of People He Picked

Xia Yixin’s mind was in a mess.

Her heart was filled with hatred for Lu Man.

Yet at the same time, Xia Yixin’s heart was also filled with fear and worry for the future.

This matter had been discovered and it was Lu Man who’d discovered it.

Han Zhuoli already knew about it, and she and Chen Zefeng were now caught by Han Zhuoli’s men. It was impossible for Han Zhuoli to keep this matter from Han Zhuoling.

If Han Zhuoling found out, she did not want to think about what was awaiting her.

A divorce would happen for sure. Han Zhuoling would never forgive her.

Han Zhuoling did not love her anyway!

Xia Yixin's only hope now was Han Linkai. At least they still did not know about Han Linkai's identity.

As long as he treated him like a child of the Han Family, she still had benefits to reap!

However, Xia Yixin's mind was in a mess right now, filled with thoughts about all sorts of possibilities and endings. In the end, she could not come up with any plausible idea of an ending and her mind was about to explode thinking of all this.

In the end, she was shoved into the car together with Chen Zefeng by Xiao Guo and Xiao Chen.

Seeing the hate in Xia Yixin's eyes, Lu Man asked Han Zhuoli, "Where are we bringing them?"

"To see Big Brother," Han Zhuoli said. "Zhuofeng and I have already taken samples of Han Linkai and Big Brother's DNA for an identification test. The results would only be out in two days. I wanted to wait until the results were out before saying anything. Before this, we only suspected it and did not dare to confirm anything because we did not want to wrong her. What if Han Linkai was really the exception in the Han Family? Hence, we decided to keep this from Big Brother first and not tell him.

"But now, we directly caught Xia Yixin and her lover. With your pictures as evidence, we don't have to worry about Han Linkai first and wait for the results. However, as for Xia Yixin, we cannot let her continue staying in the Han Family." Han Zhuoli explained his plans to Lu Man. "We don't have to tell the elders for now. I'll call Zhuofeng and Big Brother over first and settle this matter."

Han Zhuoli held Lu Man's hand and said, "I'll send you home. You should stay out of this now."

Han Zhuoling would not blame Lu Man for this, but Han Zhuoling was still not familiar with Lu Man. With Lu Man around, he did not know if Han Zhuoling would feel even more emotionally attacked.

For Lu Man's own sake, it was better for him not to get her involved.

Lu Man nodded obediently. After an intense car chase, she really did not have any more energy left.

Han Zhuoli drove her home first.

On the way there, he called Han Zhuofeng and Han Zhuoling.

After hearing what he said, Han Zhuoling was very calm. He was not angry nor shocked, as if this did not concern him at all.

"Just bring her back home to my parents' house," Han Zhuoling said calmly.

"Is that appropriate?" Han Zhuoli did not expect Han Zhuoling to be so direct. "I am afraid this would be too much of a shock to the elders, so I was thinking we could settle this privately by ourselves."

"My mom is strong; she should be able to take it," Han Zhuoling said. "As for my dad..."

Han Zhuoling laughed scornfully. "Xia Yixin was the person he picked in the first place. It would be good to let him have a look and see exactly what kind of people he picked. Dai Yiran was such, and so is Xia Yixin."

Although he was in Europe previously, Han Zhuoling had also heard of Dai Yiran.

Haha!

These were the kind of women Han Dongping had picked.

Han Dongping had reason to pick his wife.

But why did he pick one for Han Zhuoli?

It would be good to use this chance to give a tight slap to Han Dongping's face and let him have a good look at what kind of taste he had in judging people!

Although Han Zhuoling did not think that Han Dongping would doubt his own judgment because of this, he still would not let this chance go.

Chapter 1248: Couldn't He Tell?

Han Zhuoli suddenly understood Han Zhuoling's motive.

He was using his own marriage to deal Han Dongping a blow, to stand up for him and Han Zhuofeng.

This was their Big Brother.

When Xia Yixin got exposed, Han Zhuoling's first reaction was not to air grievances and complain for himself. Instead, the first thing he wanted to do was to seek justice for Han Zhuoli.

"Brother." Han Zhuoli was moved.

"..." Han Zhuoling scoffed and said, "Don't say any more rubbish. Just bring them over."

Han Zhuoli laughed silently.

Han Zhuoling was quite an awkward person too.

He was clearly being nice to you yet he would not say it out loud and would not want to hear you express your gratitude. He would insist on acting aloof and nonchalant.

Who knew how this character of his came about.

It was a good thing he and Han Zhuofeng had never been disdainful of Han Zhuoling since they were young.

Or else, given his character, he would really have had no friends.

Han Zhuoli then informed Xiao Chen and told him to move to a different location and bring them directly to Han Dongping's house.

After Xiao Chen answered, he thought in his heart how exciting this was playing out.

Han Zhuoli sent Lu Man home. Once Lu Man stepped into the house, Han Zhuoli carried Lu Man up in his arms.

Lu Man was startled and exclaimed, "Don't you need to go to Big Brother's house?"

"Let's take a look at you first," Han Zhuoli said as he carried Lu Man back to the bedroom.

He had not taken a good look at her outside, so Han Zhuoli was still not assured.

Now that they were back home in a well-lit room, Han Zhuoli checked her all over thoroughly again.

From her fingernails to her toenails, he did not leave out a single detail.

He even unbuttoned her shirt to see if she got any scratches on her skin.

If he did not have serious matters to deal with and definitely would not think of “that,” Lu Man would have really thought that he was up to no good.

“Alright, alright.” Lu Man hastily clutched her shirt. At this rate, she was really going to be undressed from head to toe.

Although both of them had been intimate before, she still felt especially shy letting him just check her body like this.

“Big Brother and Zhuofeng are still waiting for you. Uncle and Auntie would probably be shocked by their appearance with no one to give an explanation. You should quickly go and take a look,” Lu Man reminded him.

Once Han Zhuoli was sure that there was nothing wrong with Lu Man, he said, “Are you okay being on your own at home?”

“There’s Auntie He and Butler Xiao Wang around too. I’ll be fine.” Lu Man clutched her shirt and stood up. “On the other hand, you are the one who should be careful while driving. I know you’re angry, but you have to focus when driving. Don’t think about the things that make you angry, and don’t make me worried too. I’ll be waiting for you at home. When you’re done settling the matter, come home immediately.”

Lu Man instructed him all at once and Han Zhuoli agreed to everything she said.

His heart was filled with rage because of Xia Yixin at first.

He felt aggrieved for Han Zhuoling and felt indescribable disgust towards Xia Yixin.

However, with Lu Man caring for him, the rage in Han Zhuoli’s heart unknowingly dissipated.

He smiled gently and nodded. “Don’t worry, I’ll come home as soon as I can. Don’t wait for me, you can sleep first.”

Although he said that, Lu Man would still worry about him if he did not come. How could she sleep then?

She only agreed to assure him and did not know whether Han Zhuoli really believed her.

Of course, Han Zhuoli did not. He knew his lass’ temper too well.

However, he did not say much and left the house hastily.

Han Zhuoli arrived at Han Dongping’s house.

When he opened the door, he saw Xia Yixin and Chen Zefeng lying on the floor.

Han Dongping's face was aghast. When he saw that Han Zhuoli finally came, he asked in a fit of rage, "What exactly is going on?!"

Lin Liye slowly and quietly inched away from Han Dongping.

He was still asking what was going on at this point?

Could he not tell?

Chapter 1249: Sowing Discord in Our Family

Both Han Zhuofeng and Han Zhuoling were home tonight.

When Han Zhuoling received Han Zhuoli's call, he went to Han Zhuofeng's room to tell Han Zhuofeng about this.

Han Zhuofeng almost went crazy.

That day, when he went to get Han Linkai's and Han Zhuoling's DNA tested, he was already fuming with rage.

With ample evidence this time around and with Han Zhuoling in the know, Han Zhuofeng almost exploded with anger.

Yet Han Zhuoling remained so calm and composed, as if he was not the one involved in this.

Han Zhuofeng did not know how to vent his anger.

He came out together with Han Zhuoling.

Lin Liye and Han Dongping already went back to rest. Both of them knocked on the door to wake Lin Liye and Han Dongping up.

Lin Liye came out in her pajamas with a sleepy face and asked, "What's wrong? It's the middle of the night."

Han Zhuofeng did not know how to explain it to Lin Liye.

As for Han Dongping, he did not even want to look at him.

Xia Yixin, that slut, was picked by Han Dongping.

Han Zhuofeng only felt tired having such a father like that at home.

"Mom, Xia Yixin is having an affair and was caught by my brother on the spot. He is sending someone to bring them over now," Han Zhuofeng said.

"Isn't your brother here?" Lin Liye did not react fully and asked Han Zhuoling, "You went out tonight?"

"It's Zhuoli," Han Zhuoling said. "He caught Xia Yixin and her lover."

"Wait, what did you just say?" When Lin Liye was listening to Han Zhuofeng just now, she was not fully awake yet. If she was, she would not have mixed up Han Zhuoli and Han Zhuoling.

Hearing Han Zhuoling's words now, she became wide awake and her body started breaking out in a cold sweat.

Lin Liye even wondered if she was still dreaming.

"You didn't hear wrongly. Xia Yixin is having an affair," Han Zhuoling said calmly. "She should be on the way here now."

Lin Liye only felt her head spin as she clutched her forehead and her body started swaying.

Han Dongping quickly supported her, but Lin Liye pushed him away.

Xia Yixin, that daughter-in-law of hers, was chosen by Han Dongping.

Look at what she'd done now!

Han Zhuoling did not like her and his marriage was not blissful.

Lin Liye always felt that as long as Han Zhuoling liked his wife only just a little, perhaps he would not put all his energy on work.

Hence, Lin Liye had always hoped that Han Zhuoling could find a person he truly loved.

It was so he could put his heart on something else rather than focusing all his energy on work like a robot.

However, he still married Xia Yixin in the end. Han Zhuoling's life did not undergo any good change.

It was fine if Xia Yixin was willful; she could just bear with it as a mother-in-law.

However, Xia Yixin actually betrayed her son and did something so disgusting!

This disgusting person was found by Han Dongping.

Lin Liye would even feel disgusted whenever Han Dongping touched her now. She would rather lean against the side of the door than let Han Dongping support her.

If not for Han Dongping, Han Zhuoling's life would not be so horrible!

How could his marriage be such a mess?!

She had such a fine, outstanding son, yet he had been humiliated by that woman!

Even if they get a divorce, Han Zhuoling would not have trouble finding another wife.

However, the reason for his divorce would not sound good at all. No matter what, he would still become a divorcee. His wife's position would still have been once occupied by a slut like Xia Yixin.

It would leave a stain in his life.

Han Zhuofeng immediately supported Lin Liye. "Mom."

He also could not be bothered with Han Dongping.

How could Han Dongping not sense his wife's disdain for him? His face turned pale and he said, "Could there be some misunderstanding? You believe whatever Han Zhuoli said? He might be spouting nonsense to sow discord within our family."

Chapter 1250: You Really Disgust Me

"That's right." Han Dongping was becoming even more certain of this. "He knows you want to stay in B City and not go back to Europe, and he feels threatened. He's afraid that you will fight with him, so he purposely came to sow discord because he did not want to see you do well."

"Enough!" Lin Liye shouted.

Han Dongping stared at Lin Liye in disbelief.

Lin Liye had always been very gentle and had never gotten mad at him before.

In this house, he, Han Dongping, had always been the head of the family.

But Lin Liye actually shouted at him just now!

"You are the one sowing discord between these brothers! These three brothers have such a good relationship. They support and take care of each other, but you really can't stand the fact that they have a good relationship, huh? Usually, whenever Zhuoling is far away in Europe, Zhuoli would always be the one helping out Zhuofeng whenever something happened to him or if he needed help, even fulfilling his duty as an elder brother in place of Zhuoling." Lin Liye screamed angrily, "In the future, when we're no longer around, the three of them will be the only ones left to support each other! You don't look upon them well and even tried to sow discord between their brotherhood! What thoughts are you harboring?!"

"I'm more aware than you are about what kind of a person Xia Yixin is! Everyone in the house is more aware of it than you. Perhaps you knew, but you just refuse to admit that you are wrong! Xia Yixin is the one who's done wrong, yet you're pushing the blame on Zhuoli. Han Dongping, you really disgust me!"

"You!" Han Dongping pointed his finger at Lin Liye's nose with a hideous look as he glared at her, his eyeballs about to roll out of his sockets. That fierce look made it seem as though he was about to hit her at any moment.

Indeed, Han Dongping stretched out his hand and wanted to drag Lin Liye over.

Han Zhuoling sheltered Lin Liye behind him just in time and stared at Han Dongping calmly.

Han Zhuofeng also stood beside Han Zhuoling against Han Dongping.

Both sons had grown up and were tall and reliable. Han Dongping was no match for them.

"You don't believe it now. You can talk later when Xia Yixin and that man come," Han Zhuoling said coldly.

Lin Liye was shielded behind Han Zhuoling. Seeing her son's tall, reliable, wide and solid back, she teared up and her eyes reddened.

Han Zhuoling was the real victim here. He should be the one who was most angry. However, he still wanted to protect her right now and stood up to Han Dongping calmly.

The responsibility of the eldest in this household was too great.

“Enough!” Lin Liye came out from behind Han Zhuoling.

She stood in between her two sons.

With her two sons standing beside her to protect her, she did not need to be afraid of anything.

“The person who should be the angriest about this is Zhuoling. The one who got hurt and got humiliated is also Zhuoling. What are you making a ruckus for?!” Lin Liye pointed at Han Dongping in rage.

“Hmph, just divorce that kind of slut. There’s nothing else that needs to be said!” Han Zhuofeng said angrily.

“This matter has not been checked clearly. Why do you need to divorce her?!” Han Dongping said agitatedly to Han Zhuofeng as his face turned pale.

The person who should be raging the most was Han Zhuoling, but he was the most composed person here.

He did not rush to reply to him and took out his phone to show the pictures that Han Zhuoli sent him earlier to Han Dongping and Lin Liye.

“Although it was nighttime, Xia Yixin is still your daughter-in-law,” Han Zhuoling said to Han Dongping. “You should be able to recognize her.”

In the picture, Xia Yixin was being hugged by Chen Zefeng, and they were walking out of that plain-looking hotel.

Lu Man had taken quite a few pictures. Han Zhuoli did not have the heart to pick and sieve through the pictures before sending them over. He just forwarded all the pictures Lu Man had sent to him to Han Zhuoling.
