

## Mr Han 141

### Chapter 141: At That Moment, Only Lu Man and Han Zhuoli Were Inside and There Was A Pin Drop Silence In the Room

Just now when Han Zhuoli said that he was discussing things with him in the Artist Department, Manager Hao found it weird, what did they discuss?

However, Han Zhuoli was the big boss, so whatever he said was right.

Han Zhuoli agreed totally. "It's good that you have this kind of self-awareness, so in the future you can stop calling me Big Brother Han, no matter how intimately you call me, I still don't know you."

Dai Yiran: "..."

Dai Yiran whole face was contorted, Han Zhuoli had said that yesterday, and now he was saying it again today.

And it was right after she had mocked Lu Man.

"Next time, after work, don't linger around in the company," Han Zhuoli was impatient.

Dai Yiran widened her mouth in disbelief. "Big, CEO, what I said just now, did you not hear? She seduced her superior, and ruined the fair competition rules."

"Which superior was seduced by her?" Han Zhuoli raised his eyebrow and asked.

Lu Man felt that when Han Zhuoli asked that question, he had straightened his back a bit.

It could not be that he wanted Dai Yiran to say him, right?

Dai Yiran's face turned red, of course, she did not dare to say Han Zhuoli, but she also did not dare to say Wu Lize.

Arousing people's suspicion was one thing, but for it to come out from her mouth; that was not good at all.

"It's just Lu Man's own wishes, she did not manage to," Dai Yiran said grudgingly.

"If you have evidence, then hand it up, the company will not let people who do such things get away. If there is no evidence, and it is just pure assumptions, the company also does not tolerate these kinds of actions," Han Zhuoli stared at Dai Yiran seriously.

This was the first time ever since Dai Yiran entered the company that Han Zhuoli had met her eyes, but Dai Yiran did not want this kind of gaze on her at all.

"Do you have evidence?" Han Zhuoli asked sternly.

"I... I..." Dai Yiran stuttered in fright, her whole palm was full of sweat, her heart pumping wildly under the kind of stress Han Zhuoli was giving her.

She had witnesses, and that was Ye Xuanxuan.

But Dai Yiran was not dumb, besides the fact that Ye Xuanxuan was not there, even if she was present there when the case would be brought in front of Han Zhuoli, Ye Xuanxuan would definitely not have the guts to admit this.

“I’ll find evidence.” In the end, Dai Yiran could only say this sentence, which was not at all trustworthy.

Manager Hao spurted in his heart, shaking his head, thinking in his heart that Wu Lize was unlucky to have a person like Dai Yiran come to his Public Relations Department.

In the future, it was likely that the Public Relations Department did not have a day of peace.

Dai Yiran had been totally embarrassed by Han Zhouli and did not want to stay anymore. and if it was just Han Zhouli present there, no matter what she would have stuck to him and bothered him as anyway Lu Man needed to stay behind to work overtime.

However, behind Han Zhuoli there was Manager Hao, hence Dai Yiran left, with an ugly expression on her face.

She had barely walked a few steps out of the Public Relations Department when she saw Ye Xuanxuan hiding near the washroom not far from the Public Relations Department, and her two hands were holding the door, extending her head towards this side.

“Ye Xuanxuan!” Dai Yiran was furious upon seeing her hiding there and called her while gritting her teeth in anger.

As Ye Xuanxuan had heard the whole conversation in the office just now, she was scared upon hearing Dai Yiran call her, fearing that she would be dragged by Dai Yiran to be a witness.

Instantly Ye Xuanxuan’s facial expressions changed, and she turned her head around and ran away.

However, Dai Yiran was so angry and anxious that she chased after her. “Don’t run, come with me to explain everything clearly to Big Brother Han!”

When Ye Xuanxuan heard that, she ran even faster.

In the end, Dai Yiran could not catch up to her and was full of hatred towards Ye Xuanxuan.

\*\*\*

Meanwhile, Han Zhuoli looked dismissively at Manager Hao. “There’s nothing else for you to do, you can end work now.”

“...” Manager Hao was very clever, his eyes sliding over Lu Man’s face. “Alright, alright, I’ll leave now.”

As soon as Manager Hao left, the office completely quietened down.

The large open office was very wide and had a lot of space, but at that moment, only Lu Man and Han Zhuoli were inside and there was a pin drop silence in the room.

**Chapter 142: I Did Not Know That You Like Me So Much**

Han Zhuoli lowered his head to look at Lu Man, a hint of a smile on his face.

Lu Man really could not tell how much Han Zhouli had heard from what she had said to Dai Yiran.

But seeing his look of not being able to hide his smugness, it seemed that he had heard quite a bit.

“Admire me, like me?” the corner of Han Zhuoli’s lips curved out, it was obvious that he was extremely pleased as the smile radiated even from his dark eyes.

The corner of Lu Man’s lips trembled, could she say that she purposely said it to anger Dai Yiran?

*Who knew that he would hear it.*

“I did not know that you like me so much. Why didn’t you tell me? Telling outsiders but not telling me, that’s not good,” Han Zhuoli raised his hand to rest on top of Lu Man’s head, rubbing it, full of affection.

“...” Lu Man almost choked, she wanted to deny it and explain why she had said that but now she really did have some feelings for him and her heart was really moved.

However, it would seem like something was wrong if she did not explain.

Just as she was going to open her mouth to explain, the hand that was originally on top of her head suddenly moved to the back of her head, pressing against it and bringing her closer to him. Suddenly, Lu Man’s lips were kissed by him.

Lu Man was so stunned that she stood still in Han Zhouli’s embrace not knowing how to respond to his sudden attack.

Her whole body seemed to be sitting on his arm when Han Zhouli pushed her further up and carried her in his arms.

After a few seconds, Han Zhouli put her down on the office desk.

Again, her lips were totally covered by Han Zhuoli, and he sucked and stirred so much that she felt like her teeth, lips, and tongue were no longer hers and completely under the control of Han Zhuoli.

Han Zhouli’s breath was getting heavier and heavier as he left traces on her lips and teeth.

Meanwhile, his two long and muscular hands were pressed on either side of the desk totally trapping her.

After quite a long while, Lu Man felt that she did not even have the energy to sit, and almost wanted to lie on the table, sensing that Han Zhuoli steadied her back and brought her into his embrace.

Lu Man’s legs were spread on either side of his tall muscular body, and this posture made Lu Man so embarrassed and awkward that she did not know what to do.

As for at how bold she had been during her first chance meeting with him, actively taking off her clothes and kissing him.

Those actions were all forced by her circumstance, she desperately needed to, hence there was nothing she would not do.

However, the truth was that in both her two lifetimes, she was still a virgin, and never had a man or tried such a position.

Hence, at this moment when she truly experienced it, she was very embarrassed.

After kissing her for a while, Han Zhuoli lessened the strength he used to kiss her, his tongue and hot lips rubbing against her soft ones, and there was a slight curve of a smile. "I accept you liking me, there's no need to like me in secret anymore."

Lu Man: "..."

Even though he was the one who had said he liked her, now it was as if she was the one who had always liked him in secret.

*This person was really shameless.*

Han Zhuoli could not suppress his happiness, he had finally caught this little fox in his trap.

"Now that your heart already has an answer, there's no need to wait till Saturday," Han Zhuoli brought Lu Man into his embrace again.

Lu Man felt that she was almost getting squashed by him already, why did he have to keep squeezing her into his embrace?

She pushed him lightly, her face red, and this light push was finally noticed by Han Zhuoli, and he loosened his grip a little.

Upon lowering his head, Han Zhouli saw that Lu Man's face was completely red as if it would now start dripping blood and could not stop smiling at all.

Then he bent his waist forward, lowering his head furthermore and started kissing her everywhere on her face, from her eyebrows to the tip of her nose, from her eyelids to her cheeks, from the bottom of her ears to the tip of her ears, he did not let any part of her face get away.

Lu Man breathed in the minty smell of his which was now on her body as if she had been totally tainted by the smell on him.

After a while, Lu Man let out a breath of relief, her heart was feeling much more relaxed now.

Earlier she had still been conflicted as her heart was really moved by Han Zhuoli, but she was cowardly and did not dare to take that step of getting into a relationship again.

### **Chapter 143: My Girlfriend Has Too Much Work, Let Me Help**

As for the words she had said to provoke Dai Yiran, they were probably what she truly felt in her heart.

Now that Han Zhuoli had heard it; it was like fate.

It was as if fate had helped her make a choice.

Since it was like that, then why not just follow this path shown to her by fate.

Even if it was a forced choice, her heart seemed to be more inclined to it. Moreover, she felt really relieved and a lot more relaxed, even letting out a breath of relief.

As for Han Zhuoli's kiss, she no longer avoided it.

It was just that her mouth and her face had been kissed till they were a completely numb, hence Lu Man finally could not help but push him away. "I still have work to do."

Seeing that Lu Man did not try to distance herself from him Han Zhuoli raised his eyebrow, looking extremely happy.

He then put Lu Man down and took a look at the documents on the desk. "Why do you have so many? I wanted to ask you on the phone just now that why is it that the others have all left and you are the only one still here."

Lu Man twitched her mouth. "Didn't I just come? There's a lot of work I need to familiarize myself with."

She knew that Ye Xiaoxing was purposely making life difficult for her, trying to curry favor with Dai Yiran.

As for the other colleagues, no one came out to stop her and all choose to watch the show.

The first reason was that they did not want to be busybodies, and the second was because they really did not like her and thus were happy to watch her be bullied.

"You have so much work to familiarize yourself with, but Dai Yiran doesn't?" Han Zhuoli asked, not happy at all.

However, Lu Man did not care. "I know, you feel that they are purposely making life difficult for me, but I don't feel that way. Letting newcomers in a department familiarize themselves with this kind of work is not a new or useless thing. After sorting these out for a day, it can be said that I now have a better understanding of this job. Also, as for the past cases the Public Relations Department has dealt with before, there were some good cases, so I took note of it and I have been inspired by it. It would be a loss to not even take a look at these documents."

Listening to Lu Man, Han Zhuoli became more and more proud, his girlfriend was this outstanding.

She was still so young, and even though she was the youngest in the whole company, she was the most willing to improve and the most mature.

No matter what kind of problems or obstacles she met, she could still find hope in them and change it to become something that was beneficial to her.

There was so much approval and pride in his eyes that Lu Man was a bit embarrassed.

Actually, she had never felt that she was very outstanding.

In her past life, there had never been someone who looked at her with such approval, even in this lifetime, Han Zhuoli was the first one.

Han Zhuoli gaze made Lu Man feel that he saw her as an extremely outstanding and brilliant person.

Hence, Lu Man felt that Han Zhuoli was probably being affected by his private emotions.

Later on, Han Zhuoli took out his phone and ordered takeaway, then he called Zheng Tianming, "Go to my office and bring my laptop to the Public Relations Department."

After hanging up the call, he saw that Lu Man was looking at him, shock clear on her face.

"My girlfriend has too much work, let me help," Han Zhuoli smiled lightly and explained.

Lu Man criticized in her heart, if people found out that Han Zhuoli had stayed behind especially to work overtime to help finish these things with her, they would probably be so scared that they would not dare to give her so much work anymore.

Not long after, Zheng Tianming brought Han Zhuoli's laptop.

His gaze shifted between Han Zhuoli and Lu Man. "CEO."

After he passed the laptop to Han Zhuoli, he saw Han Zhuoli pull a chair over to sit next to Lu Man.

The good thing was that the office desk was wide and big enough for the two of them to sit together and use it.

Zheng Tianming's gaze then landed on the stack of documents on Lu Man's office desk. "These are—"

However, without needing to wait for Lu Man's explanation, Zheng Tianming managed to figure out by himself. "I'll talk to Wu Lize tomorrow."

#### **Chapter 144: At That Moment, His Long Arms were Like Long Chains, Tightly Trapping Lu Man**

"There's no need," Lu Man rejected. "I can solve this problem by myself."

Zheng Tianming looked towards Han Zhuoli, it was better to use Han Zhuoli's attitude as the deciding factor.

"Listen to Lu Man," Han Zhuoli said.

Since his girl wanted to solve it herself, he would let her solve it herself, and all he needed to do was look out for her more at the side.

Only then did Zheng Tianming give up, quickly leaving so as not to disturb Han Zhuoli and Lu Man's couple time here.

\*\*\*

With Han Zhuoli's help, Lu Man's work speed was as fast as the speed of light.

After her work was done, Han Zhuoli drove Lu Man to the hospital.

When the car was finally parked properly in the hospital parking lots, Lu Man took a look at the time and saw that it was already 9:40.

At this time, Xia Qingwei was most probably already asleep. As when it was almost time for everyone else to end work, she had given Xia Qingwei a call and told her that she needed to work overtime. Moreover, she had also told Xia Qingwei not to worry and not to wait for her.

“Then I’ll leave now,” Lu Man was still in a bit of trance as she removed her seat belt.

Just like that, she had gotten together with Han Zhuoli and suddenly became his girlfriend?

It was as if all of this was a dream.

She muttered in her heart that later on, she needed to go and hide in the toilet and give herself two slaps, to see if she was dreaming.

In her past life, Han Zhouli was like a god. It was as if he was in a completely different world than hers and she could only make use of the internet to find news about him.

While his clothes were fresh and bright as he stood under the spotlight and receive the world’s respect, she was in jail and could only see him through the short time allotted for entertainment every day.

But now, she was actually together with him.

It was as if the life she had lived ever since she was reborn was all part of a dream, a dream that she did not want to or dare to wake up from.

However, although still in her daze, just as Lu Man was about to open the car door and get out, she was suddenly pulled back.

“What are you thinking about, that made your state of mind like this?” Han Zhuoli lowered his head and looked at the rare sight of Lu Man looking dazed.

The little fox from before seemed more like a rabbit right now.

As Lu Man lowered her head, her gaze fell on the hand he was using to grasp her arm.

She suddenly reached out, poking the back of his hand twice. “I’m thinking about whether I’m dreaming right now.”

The light was not switched on in the car, and there was only the faint light from the street lamp and the light from the moon shining through the darkened windows.

When Han Zhuoli looked at her face that was slightly lowered, beautiful and vivid, his heart was moved.

Suddenly Han Zhouli adjusted his seat back and then he grabbed Lu Man with his long arms, making her sit on his legs.

At that moment, his long arms were like long chains, tightly trapping Lu Man, keeping her in this little piece of heaven, his embrace.

Moreover, it was very dark and there was practically no light in the car and Han Zhouli’s minty scent encompassing her, it was on her clothes, her skin, it was everywhere.

When Lu Man lifted her head slightly, she was able to see his sculpted jaw.

Suddenly Lu Man felt a bit restless and wanted to kiss him.

Before, when she was dating He Zhengbai, she had never experienced this kind of feeling, wanting to get intimate with her partner.

However, with Han Zhuoli, she seemed to have become a pervert, not minding being the active one at all.

Just as she was thinking about it, a dark shadow fell across her head.

The next second, her lips were being kissed by Han Zhuoli.

“Don’t look at me like that, otherwise, I really will eat you up,” Han Zhuoli sucked on her lips, and said seductively.

Just now, when she had lifted her head to look at him her eyes were so bright and the restlessness in them made him invoked a desire of wanting to eat her up.

Of course, Han Zhuoli could not resist and decided to first eat up her small mouth before talking.

Lu Man’s lips were totally engulfed by him and were so hot; it was terrifying.

Suddenly, her lips felt painful as Han Zhouli had bitten her.

#### **Chapter 145: If It Hurts, That Means It Isn’t a Dream**

Lu Man looked at him, surprised. He could kiss her, but how could he bite her!

Still nibbling on her lips, he laughed lowly and quietly.

His voice rang like metal and jade hitting on each other. His breath blew lightly on her lips and almost slithered its way into her mouth.

“Does it hurt?” Han Zhuoli squinted his eyes happily.

“Why don’t you give it a try too?” Lu Man immediately bit him too.

However, Han Zhuoli did not feel any pain at all. She had used only a little amount of force as if she was afraid of hurting him.

“If it hurts, that means it isn’t a dream.” Han Zhuoli caved in and kissed her lips adoringly.

His embrace was so tight, yet so hot.

His chest and elbows were as hard as rocks.

When he kissed her, he was so serious, and the touch felt very realistic.

When he bit her, the pain was real too.

Lu Man knew that this was not a dream, but she still felt uneasy.

Perhaps it was because she was too unfortunate in her previous life, so once she received this little bit more of luck, she was rather terrified.

Finally, after Lu Man’s lips and tongue were all numb from his kiss, he released her.

Then Han Zhuoli drove the car to the entrance of the hospital block again and lowered his head, looking at his current state. He sighed, resigned, "With my current state, it doesn't seem appropriate to meet Auntie."

Lu Man turned and took a look at him, "..."

The tent in his pants was indeed too big. It was bulging and tenting. Lu Man eyes burnt and she quickly looked away.

Suddenly the temperature in the car rose steeply.

Lu Man was completely flustered and hurriedly opened the car door as if she were running away. "I'll head off first then, bye bye."

Even after getting off the car, through the dark car window, she could still feel Han Zhuoli's heated gaze chasing after her closely.

Lu Man's heart was racing furiously. When she darted into the hospital, she almost lost her balance.

Meanwhile, Han Zhuoli waited for Lu Man's figure to leave completely from his sight, then let out a dotting smile.

He then lowered his head and looked at his current state. Feeling resigned, he sighed again.

Why couldn't he just resist Lu Man?

\*\*\*

When Lu Man returned to the hospital room, Xia Qingwei had already laid down on the bed.

When she heard the sound of the door opening, Xia Qingwei looked towards her. "Man Man, you're back."

"Mom, why aren't you asleep yet?" Lu Man walked over. "I thought I told you not to wait for me."

Xia Qingwei sat up slowly. "I don't do much in the day either. I've been lying down for an entire day already, so I don't feel very sleepy now either. As you had not returned till now, I was thinking about you."

Since only the both of them were in the hospital room right now Lu Man changed her clothes right there.

Xia Qingwei asked, "Why are you so busy when it's just the second day of work? Are you being bullied by your colleagues?"

"No, don't worry. It's just that I didn't specialize in that particular field. It was really all thanks to luck that I've managed to get hired by the public relations department. That's why I'm trying to familiarise myself with all the previous cases and learn from them. I can't be a burden to the others," Lu Man explained.

"You're right." Xia Qingwei did not suspect her. "Besides, Xiao Han is there too. He'll definitely not let you get bullied."

Lu Man felt strange. Xia Qingwei had only met Han Zhuoli twice, why did she trust him so much?

\*\*\*

The next day, Lu Man went to the office. As expected, Ye Xiaoxing handed her another stack of files once again.

Ye Xiaoxing and Dai Yiran both had a smug look on their face as if what they were doing could use up all of Lu Man's time such that she would not have the time to think about the proposal for Du Lin's case at all.

However, to them, it may be considered as menial work, but to Lu Man, all these files were important learning opportunities.

Moreover, she was not specialized in their field and had some gaps in knowledge and skills. Hence, these files were perfect for her to gain a lot more insight in this field within a short span of time.

However, before Ye Xiaoxing and Dai Yiran could be smug for long, Zheng Tianming brought another stack of files over.

#### **Chapter 146: If She Can Do It, Why Can't You?**

Everyone was surprised. Zheng Tianming was the CEO's private assistant. Why did he come over to deliver files over personally?

What was in those files? Why were they so important!

Moreover, there were so many of those important files!

Lu Man watched as Zheng Tianming walked towards Dai Yiran's desk under everyone's surprised and curious looks and placed the entire stack of files which were piled even higher than Lu Man's all on Dai Yiran's desk.

"Xiao Zheng from the Secretary Office is on leave today and we are short-handed. I've asked Manager Wu and found out that because you're new here, you're still familiarizing yourself with the work in the public relations department and you're pretty free. So I'll borrow your help today. Please help to deal with all these files, thanks." Zheng Tianming was even sweating from moving all those files over.

Who knew where he found so many files.

Today, when the CEO arrived in the morning, he ordered Zheng Tianming to find some unimportant but trivial and time-consuming work for Dai Yiran to do.

Zheng Tianming instantly understood that the CEO was trying to get back at them for Lu Man.

Nevertheless, Lu Man had already said that she could handle it on her own and refused to let the CEO intervene.

However, while the CEO could not intervene in her work, he could intervene in Dai Yiran's work.

They really thought that the CEO would let them off for bullying Lu Man?

But this did cause a lot of trouble for Zheng Tianming.

Where could he find so many files and work?

The CEO's Secretary Office was always efficient and fast with handling the files, they dared not have any delays.

Besides, were there even any unimportant files or work in the Secretary Office?

Resigned, Zheng Tianming headed straight for the Archives Room. He dug out old files that various departments had done years ago which had long since been addressed and were unimportant for Dai Yiran to do them once more.

Looking at the pile of documents before her, Dai Yiran knew that Han Zhuoli was intentionally making things difficult for her.

However, she did not think that it was because of Lu Man.

Lu Man seducing Han Zhuoli? That she could believe.

But Han Zhuoli liking Lu Man?

Over her dead body.

There were plenty of women who liked Han Zhuoli. How could he possibly like a woman who was so ordinary and plain like her?

Dai Yiran looked down on Lu Man. She had never even considered Lu Man as a love rival.

She only felt disgusted when Lu Man seduced Han Zhuoli.

With her standards, she didn't even stand a chance!

She had never treated Lu Man as a rival who could compete with her on equal footing.

Dai Yiran purely thought that Han Zhuoli wanted to give her a warning for what happened last night.

"There are so many files. How can I possibly finish them?" Displeasure was written all over Dai Yiran's face.

She had come to Han Corporation solely for Han Zhuoli, not for work.

These people also did not have any common sense, did they not know who she was? How could they even treat her as an ordinary employee?

How could she ever possibly be the same as those people?

"Haha," Zheng Tianming laughed. "I honestly have no choice. There are only two new employees in the entire company and it just so happens that you don't have any specific job scope or work to do since you're new. You guys are the least busy, but Lu Man seems to already have her own pile of files to do."

Zheng Tianming glanced at Lu Man's desk. The truth was laying there, plain as day.

Thankfully the CEO had the foresight and did not need to make a trip down himself.

However, Han Zhuoli was afraid that if he ordered the public relations department directly, they would pretend to follow orders but behind his back, they would still push all the work to Lu Man.

Therefore, he got Zheng Tianming to go down personally to ensure the matter is taken care of properly.

“I see that you aren’t doing any work right now, so I’ll leave these to you.” Zheng Tianming patted the files.

Dai Yiran pursed her lips unhappily. “Who said that I don’t have any other work? I still have to prepare for that proposal.”

Zheng Tianming frowned. “You have to prepare for that case, and so does Lu Man. I don’t see her putting off any of the work though. If she can do it why can’t you?”

### **Chapter 147: To Think That I Thought We Were Friends. You Don’t Even Want to Help Me with This Small Favor.**

Dai Yiran was so furious that she almost scolded him. Was Zheng Tianming an idiot?

How could he compare her to Lu Man?

Moreover, he sounded as if she was the one who could not compare to Lu Man.

Did he even know that she didn’t come here to work at all?

How dare he use all this excuse of work to order her around!

“Alright, since you’re here at Han Corporation, you should do your work properly. If you’re thinking of having any special treatment, then you can jolly well resign and go somewhere else where you can receive special treatment. There’s no such thing here at Han Corporation.” Zheng Tianming was getting annoyed and patted the stack of files. “I’m very busy, I can’t keep wasting my time here. The CEO needs all of these so don’t mess up.”

After speaking, Zheng Tianming strode out.

Even though Dai Yiran picked up one of the files unwilling, she remained inefficient, slow and had barely finished anything until the afternoon.

While Lu Man was completing one file after another, Dai Yiran was taking her own sweet time and dawdling — she was as slow as a turtle.

Meanwhile, the others were just watching both of them and although they did not say anything out loud, they were very surprised.

Was Lu Man not tired?

She was like a robot, continuously and systematically finishing her work. She was very concentrated and focused on her work, not taking even a single break at all.

Previously, they were rather unhappy with Lu Man. However, looking at her focus and determination while working hard, they could not help but change their perspective towards Lu Man.

During the afternoon break, Ye Xiaoxing walked over. "Yiran, shall we go for lunch?"

Ever since Dai Yiran had joined them, she had treated them to lunch everyday and the food was exceptionally good too.

This way Ye Xiaoxing could save her lunch money and also take photos to show off to her friends.

Since wherever Dai Yiran brought them for lunch was always a very grand place.

"What lunch! I can't even finish my work!" Dai Yiran was full of anger. She then picked up a file and threw it angrily on the table. "Who is that Zheng Tianming! How dare he ask me to do this work!"

Ye Xiaoxing thought, *"If you aren't here for work, then why are you here for?"*

Moreover, Han Corporation had no obligation to pay her to do nothing.

Suddenly, Dai Yiran paused and smiled as she looked at Ye Xiaoxing, "Xiaoxing, do me a favor."

Goosebumps appeared on Ye Xiaoxing skin from the way Dai Yiran looked at her. From Dai Yiran's expression, Ye Xiaoxing could clearly guess what Dai Yiran wanted her to do, but she did not want to agree to her request.

"Can you help me finish all these, hmm?" Dai Yiran smiled at Ye Xiaoxing.

"Haha," Ye Xiaoxing laughed dryly as she took two steps back. "I still have a lot of things to work on, I might even have to do overtime tonight."

"They may seem like a lot, but they are all very simple. If we work together, they will be done really quick." Dai Yiran held onto Ye Xiaoxing's hand enthusiastically. "I'll treat you to lunch."

What could a lunch possibly do?

Ye Xiaoxing still did not want to agree.

Dai Yiran's face turned sour. "To think that I thought we were friends. You don't even want to help me with this small favor."

Ye Xiaoxing smiled rigidly. Earlier she did suck up to Dai Yiran even when she knew very well that Dai Yiran did not think highly of her at all.

"It's not that I don't want to help, but I honestly have too much work to do," Ye Xiaoxing said uncomfortably.

Dai Yiran replied unhappily, "If you help me out, I'll bring you to Qi Lin Resort to relax and enjoy. We can stay there for two nights, enjoy the hot springs, and there's even food from all around the globe. Anyway, it's all up to what you want to do, I'll take care of it all."

Ye Xiaoxing was a little moved by her words. She really could not spare to spend her money on such kind of stuff. Moreover, she could not even afford to stay there for a night, let alone spend money at that resort.

"We are friends, there's no need to exchange all these gifts." Ye Xiaoxing smiled, "I'll help you."

Dai Yiran smiled sarcastically, "Don't worry, if you help me, I promise you will be rewarded rather handsomely."

Since she had to fork out money anyway, Dai Yiran did not stand on ceremony with Ye Xiaoxing either. She immediately shoved all the files to Ye Xiaoxing. "Zheng Tianming has specifically ordered that Brother Han wants all these so you can't mess up."

### **Chapter 148: There's a Virus in Here**

The documents were too heavy putting a lot of pressure on Ye Xiaoxing's elbows, but then thinking about being able to have fun at the Qi Lin Resort, she looked at the pile in her arms and gritted her teeth in resignation.

"Since there are so many files, I guess I won't be heading out for lunch. Didn't you say you will treat me for lunch?" Even Ye Xiaoxing did not stand on ceremony with Dai Yiran.

Dai Yiran nodded. "What do you want to eat? I'll order some take-out."

"Sushi then, since I can eat while working and it's convenient too," Ye Xiaoxing ordered.

Dai Yiran laughed sarcastically to herself. What? Convenient? Ye Xiaoxing was just taking advantage of her.

She just wanted whatever that was the most expensive.

Nonetheless, she really did not mind this small sum of money. Moreover, Ye Xiaoxing did not have much foresight and she looked exceptionally ugly while eating.

When Lu Man returned from Han Zhuoli's office, she saw Ye Xiaoxing on the computer, working hard. Her desk was piled with the files that were originally on Dai Yiran's desk. Lu Man could not help but laugh a little.

Indeed, one was willing to hit, and the other was willing to get hit.

As expected, when office hours were up, Dai Yiran finished her work on time.

However, in a blink of an eye, it was going to be Thursday tomorrow. They had to submit the proposal on Du Lin's case by tomorrow afternoon latest, yet Dai Yiran still had not done much.

Could it be that Dai Yiran really wanted to compete fairly, and she had misjudged Dai Yiran?

Lu Man eyebrows scrunched up slightly. If Dai Yiran wanted to do anything, today or tomorrow morning was her last chance.

\*\*\*

Just like that, in a blink of an eye, it was Thursday.

In the morning, Ye Xiaoxing could not help but look towards Lu Man frequently, while Dai Yiran occasionally looked in her direction slyly.

It was then that Lu Man knew that Dai Yiran was up to no good.

Around noon, Lu Man saw Dai Yiran fidgeting subconsciously and immediately knew that they were planning to execute their plan at noon.

The corner of Lu Man's lips quirked up. She wasn't rushing to leave and was still working on her computer.

However, Dai Yiran and Ye Xiaoxing were both hungry. They wondered, *"Exactly when will Lu Man leave?"*

What was the point of pretending to be hardworking now!

After almost everyone had left the office, Lu Man closed the encrypted file and switched off her computer.

By the side, Dai Yiran saw her cautious behavior, and huffed obnoxiously.

Did she think that would work?

She will kick Lu Man out of this company today!

Then, Lu Man looked around her desk and checked it, as if there might be something hidden quietly in a corner.

Dai Yiran's heart skipped a little and thought that thankfully she could keep her expression neutral, if not Lu Man might really figure something out.

Yet who knew that Lu Man would actually be that cautious.

Once Lu Man felt that everything was fine, she walked out of the office slowly.

Taking advantage that there was no one around, she went to Han Zhuoli's office.

Ye Xiaoxing was looking about at the entrance of the office. When she saw that Lu Man had gone far ahead, she then walked back, rubbing her empty stomach. *"Does she really have that much work to do? She's only been here for a few days, yet she's always the last one to leave for lunch, as if she's really passionate about her job or something. Who's she putting up this show for?"*

Dai Yiran snickered a little. Wasn't Ye Xiaoxing the one who gave Lu Man all those work?

Ye Xiaoxing seemed to have realized that and rubbed her stomach, her tone changed. *"I'm starving, let's order something quickly."*

*"We'll eat after we finish our work."* Dai Yiran took out a pen drive from her bag and handed it over to Ye Xiaoxing. *"Go and insert this into Lu Man's computer CPU."*

Seeing it, Ye Xiaoxing's expression changed immediately. *"What's this?"*

*"What are you afraid of? There's a virus in here. Once she switches on her computer, the files in her computer will immediately be sent to mine while her computer will get a virus attack, and everything on it will be deleted."* Dai Yiran was smug and pleased with herself. As she thought about how Lu Man's

hard work of all these days would dissolve into nothing and how all her work would go down the drain, it made her extremely happy.

#### **Chapter 149: Help Me to Keep an Eye out, Don't Let Others Notice.**

It would be impossible for Lu Man to survive this!

“Will this... this affect the other computers? The office's computers are all connected over the network, if other computers get affected too, then the damage would be too great.” Once Ye Xiaoxing knew about Dai Yiran's plan, she was a little taken aback in fear.

This matter was too serious, it would be terrible if they were caught.

Since Dai Yiran had her big shots supporting her so she would be fine, but as for Ye Xiaoxing, she would be dead.

And by that time, no one would be able to save her.

Dai Yiran pulled a face and spoke unpleasantly. “Why are you so cowardly? Why would it affect other computers? I've spent a huge sum to hire a famous hacker to make this specifically for me such that, it will only affect Lu Man's computer. Once Lu Man switches on her computer, everything inside will be destroyed, what else could it affect?”

“Is that so.” Ye Xiaoxing still felt rather uneasy and afraid.

However, Dai Yiran still waved the pen drive in her face, “You, go, plug this into the back of Lu Man's computer CPU.”

The office computer's CPU had two USB ports at the front, and another two hidden at the back. If they plugged it in at the back, Lu Man would surely not notice it.

“Why am I the one who has to do it?” Ye Xiaoxing hurriedly took a big step back. “It would be fine if you were the one to do it, right? There's no one else in the office right now, I... I'll just help you keep a lookout.”

Right after that, Ye Xiaoxing turned around and sprinted towards the door.

However, Dai Yiran immediately stretched her hand and grabbed Ye Xiaoxing back. She smiled coldly at Ye Xiaoxing's flustered face. “Ye Xiaoxing, you and I are both in the same boat right now. Do you think that having me plug in the pen drive while you keep your hands out of it by just watching from the sidelines, you can get yourself away from this? As if you had nothing to do with it too? If anything were to happen, even if you were just keeping a lookout for me, you'd still be considered as an accomplice.”

Ye Xiaoxing anxiously got out of Dai Yiran's grip. “You... how could you do this? To think that I treated you as a friend!”

“Friend?” Dai Yiran scoffed. “Aren't you just sucking up to me, thinking of taking some advantage of me and gain some benefit out of this? Why are you even pretending? You know it, and I know it too, we're

both just not speaking it out loud even though we both know the obvious truth, that's all. At a time like this, don't spout all these useless words."

Ye Xiaoxing's face blushed furiously. She had never expected Dai Yiran to treat her very genuinely or sincerely.

However, for her to say all these hurtful words so straightforwardly, Ye Xiaoxing felt as if her face was ruthlessly peeled away by Dai Yiran, thrown onto the ground and trampled on.

"Fine, you don't have to feel embarrassed." Dai Yiran said impatiently, "Take this and insert the pen drive into the CPU of Lu Man's computer. That way, both of us would be stuck in this together. I'll not be afraid of you ratting me out, and likewise, you don't have to worry about me doing the same either. The two of us are bound together."

"I... I won't do it!" Ye Xiaoxing shook her head vigorously. If they were to get caught, she would be finished.

"Even if you don't want to it, you still have to! If not I'll tell the others that you were the one who did it!" Dai Yiran's features suddenly turned frightening.

Dai Yiran forced the pen drive into Ye Xiaoxing's hands. "Weren't you sucking up to me earlier, trying to get some benefit from me? Now is the time for you to prove your worth. Insert this into Lu Man's computer CPU and you are one of us. If anything happens, I can protect you. If not, you're finished now!"

Ye Xiaoxing was honestly filled with regret right now.

If she knew this would happen, she would not have sucked up to Dai Yiran no matter what and would have definitely kept her distance.

"You have to keep your word!" Ye Xiaoxing felt angered and wronged, her eyes were all red.

"Of course."

Then, Ye Xiaoxing took the pen drive and walked to Lu Man's desk. "Help me by keeping an eye out for anyone coming towards the office, don't let others notice us."

Dai Yiran pursed her lips. She walked to the door, took a look, turned around and said, "There's no one, hurry up."

### **Chapter 150: Do Whatever You Have to Do to Your Heart's Content. I'll Be Watching Your Back**

Ye Xiaoxing's hand was trembling out of fear. After much effort, she finally inserted the pen drive into the back of the CPU of Lu Man's computer.

Then she stood up and looked around, seeing that no one was looking she let out a sigh of relief.

At that moment, Dai Yiran walked in. She held onto Ye Xiaoxing affectionately and said with a smile on her face, "Xiaoxing, from today onwards, you are a true friend of mine. What do you want to eat for lunch? It's my treat."

Now it was impossible to order delivery anymore, they had to leave quickly, if not, with only the two of them in the office, it would appear more suspicious once their plan is executed when Lu Man switches on her computer.

Ye Xiaoxing was choked by Dai Yiran's disgusting behavior, but since she was already in the same boat as her and could no longer get out, she directly named a very expensive restaurant.

Dai Yiran was in a good mood now, so she agreed readily.

Meanwhile, having finished her lunch, Lu Man was sitting idly on the sofa in Han Zhuoli's office with chin resting on her hand. "Can I stay here for a bit? You can busy yourself with your work, you don't have to mind me."

"Sure, you can stay for as long as you want." Han Zhuoli was surprised. He scooted over and scooped Lu Man into his arms. "You finally have some conscience and can't bear to part with me?"

Lu Man: "..."

What could she possibly say to that?

To be honest, she was actually creating an opportunity for Dai Yiran. She wanted to see what tricks Dai Yiran had up her sleeve.

But after what Han Zhuoli said, if she was to say the truth, it would completely ruin the atmosphere.

Lu Man only hesitated for a second but Han Zhuoli kept staring at her even harder, causing her stress to intensify.

"Am I wrong?" Han Zhuoli asked, his eyes narrowed.

"..." Lu Man hurriedly nodded. "Of course not, you were right."

"Why do I feel like you're just paying lip service to pacify me?" Han Zhuoli saw Lu Man's sly behavior and instantly knew that she did not mean what she said.

"No I'm not!" Lu Man hurriedly denied.

Han Zhuoli looked at her closely for quite a while that Lu Man started feeling a little sheepish. Then, he pointed at his lips. "Kiss me then."

Lu Man: "..."

*Quick! Everyone, look here! Han Zhuoli behaves this way in private.*

Han Zhouli's image of a male idol seemed to be crumbling.

"Hurry up." Han Zhuoli stretched out his long arm and carried Lu Man onto his lap.

Lu Man held onto the collar of Han Zhuoli's shirt tightly and closed her eyes. Throwing caution to the wind, she kissed him lightly on the lips.

Just when Lu Man was about to move back, Han Zhuoli suddenly grabbed onto the back of her head and immediately pushed her forward, forcefully pressing his lips onto hers. "It was such a light peck. How could that be a kiss?"

Right after stopped speaking, his tongue immediately started tangling with hers.

As he kissed her, Han Zhuoli sighed mentally. Every time he kissed Lu Man, it never felt like it was enough. Once he embraced her, he never wanted to let go.

His palm moved from the middle of her back to her waist, fondly stroking the side of her waist. Lu Man's tummy flinched. The spot where he was caressing although not bare and covered by her shirt, was hot and trembling.

Han Zhuoli felt that the little lady in his arms right now was so obedient that he could not help but to caress her continuously.

In his arms, she was just so thin and small. Unwillingly, Han Zhuoli moved his arms back. "Speak up. What's exactly going on?"

"Hehe," Lu Man giggled. "You're not busy?"

"I'm not that busy today." Han Zhuoli looked sideways at her, squinting his eyes. "You have to submit the proposal regarding Du Lin's case this afternoon right? You're so free now?"

"I've prepared the proposal long ago." Lu Man told him truthfully about her suspicion towards Dai Yiran. "I have to create an opportunity for her, no?"

"You're so naughty." Han Zhuoli tapped the tip of her nose.

Dai Yiran thought of creating a trap for Lu Man?

Lu Man had long since created one, waiting for Dai Yiran to fall right in!

"You're pitying her?" Lu Man looked at him coldly.

Han Zhuoli smile fell. "Even if I pity anyone, it's you."

He lowered his head, burying his face into the crook of her neck, taking in her scent. "My heart aches that she is causing so much trouble for you requiring you rack your brain to play around with her. Never mind, do whatever you have to do to your heart's content. I'll be watching your back."
