Chapter 2181: Putting on an Act for Whom

Just then, Lu Qi came out of her room and saw her mother. "Where are you going, Mom?"

Xia Qingyang replied as she grabbed her car keys, "The agency called. Your dad's matters have been uncovered. I'm going over."

Xia Qingyang said as she headed out, "I'm curious which little vixen is so shameless!"

It did not occur to Xia Qingyang that she was also a shameless vixen back then.

Lu Qi got interested too, saying, "I'm going with you, Mom."

"What are you going over for?"

"You're so easily riled up. I'll have to be there to stop you!"

Lu Qi walked over. "Even if you really want to exact revenge on that vixen, we have to plan it well and not be impulsive! I'm afraid you'd be too rash."

Xia Qingyang thought about it and, seeing that Lu Qi already knew about it and there was nothing to hide, agreed.

Thus, both went to the agency.

They entered the director's office.

The director handed over the information they'd found. "This is where your husband and his mistress are staying."

"You should recognize his mistress," the director said. "It's his secretary, called Jiang Yujie."

"It's really her!" Lu Qi burst out. "I wasn't wrong about her!"

Xia Qingyang took out the information to read it.

It included pictures of Lu Qiyuan and Jiang Yujie together, taken by the director's assistant and mentee.

The two, getting off work, headed straight from the office and directly to a date.

There were also pictures of them socializing with business partners, then returning to the villa after that.

There were also a few pictures showing scenes from the villa's living room on the first floor and from the balcony, which had the curtains undrawn.

Their interactions were captured through the windows.

In the pictures, Lu Qiyuan was extremely attentive and doting towards Jiang Yujie.

His looks towards Jiang Yujie were also extremely gentle.

A Lu Qiyuan who was in love again looked as if he was glowing, and he actually looked a lot younger.

They were very touchy even in the living room. Even on the road at night, they appeared extremely close.

Needless to say, they'd be much closer usually with the curtains drawn.

Seeing her husband giving all his gentleness to another woman made Xia Qingyang so furious that she almost ripped the photos.

"Alright!" Xia Qingyang's finger poked hard on Jiang Yujie's face.

"Lu Qiyuan refuses to go home now and is so impatient towards me, yet he spends all his time with this b*tch!" Xia Qingyang fumed.

"Just like you said, this sl*t is obviously dishonest, only putting on an air of innocence. Putting on an act for whom?! What a sl*t!

"Looking like a pure white lotus when in reality, she's a shameless hussy, willing to submit to this old jossler for money!"

Ignoring the director's presence, Xia Qingyang turned to Lu Qi and said, "Is Lu Qiyuan a fool? He got tricked by this young lady. And look at his face, smiling with his face full of wrinkles. Does he really believe that such a young one would feel love for him?"

"She's young and pretty. If she really wanted a proper relationship, wouldn't she find someone her own age? Does being with him really mean she likes old guys? When girls say they like mature men, they mean guys like Zhang Shuidong, not actual old men."

Chapter 2182: Could He Be Wanting a Divorce?

Xia Qingyang breathed heavily in anger. "Does he think he's still a young man? Jiang Yujie's only after his money. Can't he tell?"

When she was young, Xia Qingyang stole the man from Xia Qingwei.

But Xia Qingyang felt that Lu Qiyuan was still young back then—not only was he rich, but he was also handsome.

Hence, Xia Qingyang had tackled Lu Qiyuan in the name of love.

Even if she liked his money, at least Lu Qiyuan was attractive based on his looks alone, and Xia Qingyang claiming to love him for his person rather than his money was still somewhat convincing.

Lu Qi noticed that Xia Qingyang was going to continue speaking. Though Lu Qiyuan's affairs had all been dug out by the director and there were no secrets here, Xia Qingyang shouldn't continue babbling.

Lu Qi quickly pulled on her hand and pinched hard, stopping Xia Qingyang.

Otherwise, it wouldn't just be Lu Qiyuan's matters, even her own doings would be exposed to others.

Feeling the pain and seeing Lu Qi's expression, Xia Qingyang quickly shut her mouth.

"Thank you," Lu Qi said to the director. "This information is enough. We'll be going, then."

The director politely rose and sent them out.

When returning, they boarded Lu Qi's car.

She's afraid Xia Qingyang wouldn't be able to control her temper and cause an accident on the road.

Xia Qingyang was still fuming, gritting her teeth and stomping her foot.

"Ha! Lu Qiyuan at least still came home once a week before, but ever since he called and blamed us for making a ruckus at Xia Qingwei's kid's 100-day celebration, he gave up on coming home." Xia Qingyang raged, "He's been staying with that hussy as if that's his home!"

Xia Qingyang suddenly turned to Lu Qi and grabbed her arm. "Say, he couldn't be wanting a divorce, could he?"

Incidentally, Lu Qi was driving, and Xia Qingyang's sudden grip caused her to turn the steering wheel, almost sending them onto the next lane.

Most importantly, the lane beside theirs was full of fast cars.

There was no space for another car to squeeze in.

The moment Lu Qi's car started turning, urgent honking started sounding from the other lane.

Lu Qi got a scare and quickly righted the steering wheel, barely avoiding an accident.

A driver from the lane rolled down his window as he drove and scolded Lu Qi. "You crazy? Don't you know how to drive? Die if you want to, but don't drag others with you!"

With a steely face, Lu Qi turned and roared at Xia Qingyang, "What are you doing, Mom? Can't you see I'm driving? Do you want to die and allow Dad to be with that vixen openly?"

Xia Qingyang was originally furious and was also scared.

She's afraid Lu Qiyuan would really divorce her.

She's not like before. She's old now and was a pretty face no longer.

Her temperament no longer suited Lu Qiyuan's tastes.

Ha!

What nonsense.

He was just sick of her.

Otherwise, if he liked her, he'd have accepted every bit about her and liked them all.

Lu Qiyuan's getting impatient and sick of her.

How could she compete with some young innocent girl now?

She had no chance of winning.

She'd never divorce Lu Qiyuan. At least, not now.

Chapter 2183: Fell for the Same Tricks

This had nothing to do with her status as the official wife, nor anything to do with loving Lu Qiyuan.

It's purely because she hadn't completely shifted all of Lu Qiyuan's assets to her name.

How much she stood to lose if they divorced!

Xia Qingyang was both sulky and furious, feeling the weight of both emotions.

And worse, she got yelled at by Lu Qi, so she thought that Lu Qi also reckoned Lu Qiyuan wanted to divorce her to marry that hussy blossomed.

Instantly, Xia Qingyang burst into tears with a loud wail.

"I'm angry and I'm scared, and you still wish me dead?" Xia Qingyang cried.

"Mom, don't be unreasonable! How could I want you dead?" Resigned, Lu Qi parked the car by the curbside.

"It's because your actions just now were too dangerous. I know you're angry, but you can't treat both our lives carelessly! It's that vixen and Dad who's wrong, yet you're the one who's gonna be hurt first? What's with that?" Lu Qi said helplessly.

"What's more, I've said it before. That Jiang Yujie is obviously someone devious!" Lu Qi said.

"What's the point of saying this now!" Xia Qingyang fumed. "The point now is, how do we deal with Jiang Yujie! That hussy who dares to steal what's mine! She isn't stealing my man, she's stealing my money!"

Xia Qingyang said coldly, "I bet her ambitions aren't small. How can anyone be satisfied with just being a mistress?"

Back then, that was what she'd said to Lu Qiyuan—that she was satisfied as long as she was with him, no matter her status.

And she couldn't fight with Xia Qingwei too, since she's her sister. She'd already stolen her man, she couldn't steal her position too.

She'd even strongly insisted for Lu Qiyuan to not say it; she feared her sister would be upset.

Wasn't that the same exact tricks she'd used?

What fearing Xia Qingwei would be upset, etc., etc.?

She couldn't wait to kick Xia Qingwei away and take over her position.

This move was merely an advance in the guise of a retreat.

Letting Lu Qiyuan assume she'd bear anything for him, that she didn't care for anything else but him.

Her love was for him, not for that position and status.

And step by step, she'd made Lu Qiyuan feel apologetic towards her.

Then she gave birth to Lu Qi, and she used her to make a fuss.

One day, it'd be about some kid bullying Lu Qi, the next day, it'd be about someone seeing Lu Qi through colored lenses.

Slowly but surely, Lu Qiyuan felt he was doing Lu Qi wrong too.

Lu Man was the legitimate child, enjoying all its privileges.

But Lu Qi was despised, and so stressed that she didn't even dare venture out.

Every time he went back, she'd question him, asking why they said she didn't have a daddy.

Why they said her mom was shameless.

Hearing these types of questions many times made Lu Qiyuan increasingly apologetic towards Lu Qi.

Lu Qiyuan's logic at that time was that, since Lu Man was already the legitimate child, and since he didn't have any love towards Xia Qingwei, a divorce wouldn't affect Lu Man's reputation while he could still give Lu Qi a proper family.

So she wouldn't be mocked by others.

And hence, Xia Qingyang got what she wanted.

In reality, any mistress who didn't want to become the official wife was a failed mistress.

Because of her own experience as a mistress, Xia Qingyang knew Jiang Yujie's thoughts very well.

They were all the same—everyone knew the truth!

She could even assume Jiang Yujie would definitely use the same method to hook Lu Qiyuan.

After so many years, Lu Qiyuan was still falling for the same tricks!

Chapter 2184: Impressive Means

"I won't let her off, I'll never let her off!" Xia Qingyang stared intensely at Lu Qi. "I want that shameless hussy to get her end! I don't care about Lu Qiyuan, but she's trying to squeeze me out of my position and replace me. Dream on!"

"Tit for tat!" Xia Qingyang said fiercely. "He doesn't care about me at all and is probably thinking about how to divorce me."

"But I haven't gotten all his money, so divorce is a no-go!" Xia Qingyang was so agitated that spittle went flying. "Divorce? Only if he's going out penniless!"

"And we shall see what that sl*t can get! Ha! Forcing herself to service an old man and giving up her body, yet gaining nothing in return! That's the best outcome!"

"Wait until I get my hands on all his assets, then he can divorce me for his real love all he wants! I want to see if Jiang Yujie would still be the same when he's penniless!" Xia Qingyang sneered.

Lu Qi questioned, "Mom, you know how to proceed?"

“Aren’t I thinking about it now?!” Xia Qingyang replied frustratedly. “Though we know where they’re staying, it’s useless to go there! Creating trouble for that hussy?”

Xia Qingyang considered for a moment before saying, “Why don’t we... hire a few people, kidnap that sl*t and r*pe her? Even if Lu Qiyuan pities her, it’d only be pity and he wouldn’t want that used woman anymore.”

“Mom, don’t be rash!” Lu Qi got a shock; Xia Qingyang was too brazen.

“People who’d accept such jobs aren’t any good people.” Lu Qi subconsciously lowered her voice.

Both were in the car and there was no one else here, so no one could hear their conversation.

But Lu Qi still lowered her volume guiltily.

“We can’t offend such people, nor can we handle it when things get outed. Who knows if they’d keep their word? Of course, I reckon those people won’t care about keeping their word in the first place. What if they went back on their word and exposed us?” Lu Qi still had her wits with her.

“Moreover, even if they took our money and did the deed, what if they got arrested and didn’t keep their mouth shut? If we’re exposed, it’d be a terrible crime!

“We haven’t officially dealt with Jiang Yujie before, so we don’t know her and her methods. But based on how long she’s been with the company and how she’s already managed to sink her claws into Dad so firmly, it means she’s no simpleton.

“She’s young and pretty, but aren’t there many other young and pretty ladies out there? There are many immoral women out there. Jiang Yujie’s not the only one,” Lu Qi said. “But Dad has never kept a mistress before. Why’d he fall just for her?”

“She’s only just joined the company yet she’s managed to attract Dad’s attention. The company has many other attractive women, and they’ve surely tried seducing Dad, but to no avail. But she just came, and she succeeded. This means that she has impressive means.

“If we’re going to harm her, it’s best if we succeeded. I’m just afraid of her biting back.” Lu Qi continued, “Just look at that Xia Yixin. Not only did she sabotage herself, but she also dragged her family down with her. Did she do the dirty work herself? No, she got someone else to do it. But the person got arrested, and she too couldn’t escape the punishment.”

Chapter 2185: Actually Spending Her Money!

The Lu Qi of the past might not have had such sensibleness.

But Xia Yixin’s incident had just happened and the furor was not yet over.

Until now, the Internet was still abuzz with discussions about it.

It naturally seared into Lu Qi’s memory.

She really didn’t dare to go against the law at this juncture.

“We have to first get a hold of Jiang Yujie’s situation,” she said.

“Right.” Xia Qingyang’s brain worked quickly at this moment. “Let’s go back to the agency and have them check Jiang Yujie’s family situation! I don’t believe her family’s as shameless as Jiang Yujie.”

“That’s right!” Lu Qi nodded her agreement.

Therefore, both u-turned and headed back to the agency to have them do a background check on Jiang Yujie.

It’s an easy check.

The company had her details.

Plus, when they had followed her before, they had tracked her to her home.

It’s an old residential area.

It’s like a huge compound. They knew the family’s goings-on, how many members there were and what their occupations were—even some of their relatives were known.

Hence, the agency used only a day to check Jiang Yujie.

Upon receiving the agency’s report, Xia Qingyang decided to wake early and bring Lu Qi to Jiang Yujie’s parents’ home.

Based on the report, Jiang Yujie usually did not stay at home to travel more conveniently for work.

Of course, now, it’s so she could cohabit with Lu Qiyuan.

But coincidentally, she went home to visit her parents on Sunday and stayed the night.

And today’s Monday, so she’d travel directly from her parents’ home to the company.

According to the report, Lu Qiyuan had bought her a car for her convenience.

It’s not some expensive car, just a normal 200k car.

But wasn’t 200k money still?

In Xia Qingyang’s eyes, all the money Lu Qiyuan had spent on Jiang Yujie was actually her money!

She had long since viewed Lu Qiyuan’s wealth as hers.

Early on a Monday morning, Xia Qingyang woke at 5 AM.

She and Lu Qi usually slept until 9 or 10 in the morning.

Now that Lu Qi’s up as well, both headed towards Jiang Yujie’s parents’ home.

When they reached the building, it was only 6 AM.

Because they were early enough, the roads were not jammed.

But the residents were all up and about by this time.

The youths did not appear much, as they need not wake so early to go to work.

But the aged all came out for their activities, from exercising, to tai-chi, to square dancing. They were everywhere.

There's a small square in this residential area, and the top level had some playground facilities, as well as simple gym equipment.

The residents and young children typically had their activities there.

Many elderly uncles and aunties woke early for the market too.

The market's a ten-minute walk behind the building.

Hence, Xia Qingyang couldn't see them at this timing.

However, it's bustling over here.

The cold of the dawn brings the lively air of the masses. The beauty of commonness overflows in this ordinary residential area.

It's just that Xia Qingyang and Lu Qi couldn't feel this beauty at all.

They looked at these people busying about in disdain, feeling that they were scurrying about and working hard for life, waking early in the morning to bargain with the vendors just for a few yuan's difference.

Chapter 2186: Who Would Want a Loose Woman Like Her

They were really extremely pitiful.

The two glanced at them in disdain and contempt. Xia Qingyang took a megaphone out from the car and walked over to the entrance of the building where Jiang Yujie's parents lived.

Lu Qi was wearing sunglasses. She quietly stood a few steps away.

Xia Qingyang's shrewish demeanor still made her feel a little uncomfortable.

She could not adjust to her role for a moment.

She still had the baggage of being a celebrity, so it was very difficult for her to be a shrew together with Xia Qingyang.

It would really be quite difficult for any other normal rich madam to go all out like Xia Qingyang could.

They would at most go up the doorstep and bang it or make a fuss.

But to go all out without caring about her image like Xia Qingyang could, it really boiled down to her character back when she was young. The shrewishness deep in her bones had never changed.

Xia Qingyang cleared her throat. The passersby who saw her stance came over to look curiously.

When there was drama going on, people would all be energized and interested.

Xia Qingyang saw that the crowd was about enough, so she shouted as loudly as she could into the megaphone, "Jiang Yujie! You shameless sl*t. You seduced my husband to become a mistress kept by him. You ruined someone else's family, you are so shameless, you! Pei[1]!"

"Jiang Yujie, come out! I know you're home!" Xia Qingyang screamed. "You shameless thing, you seduced my husband, who is an old man! Aren't you just after his money? You can even do such a shameless thing, and you're still hiding? What are you hiding for! Come out!"

"Aren't you shameless to the core? Yet you're still afraid of seeing other people?"

Xia Qingyang did not just scream at Jiang Yujie, she also said to the crowd that was getting bigger and bigger, "All you neighbors, you all know Jiang Yujie, right?"

There were many old uncles and aunties here, some who were about to go and buy groceries, and some who had already returned from grocery shopping.

Anyway, when they saw all this commotion, they all stopped in their tracks and did not do anything else.

Some people nodded. "Jiang Yujie, we know her. She stays in this building above. She's a pretty good daughter. She is young and pretty and has been very hardworking in her studies since she was young. She seems to have found a pretty good job now. She's quite an honest child, don't spout nonsense and ruin someone's daughter's reputation. She still has to find a partner."

"Find a partner?" Xia Qingyang scoffed mockingly. "Who would want a loose woman like her! She did find a pretty good job. The company where she works is owned by my family! She works as a personal assistant for my husband, yet she ended up crawling into his bed!"

"See, she doesn't dare to come out now! I didn't wrong her!" Xia Qingyang looked around and saw the car that Lu Qiyuan had gifted to Jiang Yujie instantly. "This car, it was gifted to her by my husband!"

"Jiang Yujie, you little prostit*te, do you think earning money is pretty easy?! Spread your legs wide open and you get a 200,000 yuan car," Xia Qingyang said.

These uncouth words made some shy people's faces redden at the same time when she said that.

Jiang Yujie naturally heard it at home.

She had just woken up and preparing to tidy up.

Her dad was about to go downstairs to buy breakfast.

He was just about to go out when he heard Xia Qingyang's ruckus.

It was so loud, it reverberated loud and clear from the ground floor up.

Anyway, their floors were not high in the first place. There were only six floors in total.

Even without a megaphone outside, a shout could still be heard loud and clear.

Xia Qingyang was letting all the buildings around them hear as well.

"What's going on?" Mrs. Jiang frantically ran over to look for Jiang Yujie. "Yujie, downstairs... what she's shouting downstairs..."

Jiang Yujie's face turned pale. She instantly ran over to the window to look down.

Chapter 2187: How Can I Believe You!

She saw Xia Qingyang standing below, surrounded completely by neighbors from all around the neighborhood, more than half of whom were known by her family.

Xia Qingyang was standing down below and mentioning how Lu Qiyuan had gifted her a car.

Mr. Jiang's face darkened and he rushed over again.

"What's going on? That woman downstairs is spouting nonsense!" Mr. Jiang said. He then rushed to the toilet in a rage and took a mop out.

He was about to take the mop down to settle scores with Xia Qingyang.

Jiang Yujie held him back. "Dad, Dad, you... don't rush down just like that."

"It's fine! Even if I hit her and the police arrest me, I want to protect my daughter's reputation!" Mr. Jiang said.

He thought that Jiang Yujie was afraid that he would suffer and stopped him because of that.

But Jiang Yujie still did not let him go.

Mr. Jiang then noticed that something was wrong and looked at Jiang Yujie.

Seeing how she hesitated and minced her words, Mr. Jiang suddenly threw the mop aside and said, "Don't tell me whatever that woman downstairs is saying is the truth?"

"Dad, I have never done any shameful deeds," Jiang Yujie said. "Please trust me."

"How can I trust you!" Mr. Jiang said angrily. "You went to ruin someone else's family!"

"She deserves it!" Jiang Yujie shouted. "Back then, she also became a mistress and chased away her husband's first wife so she could marry him. This is happening to her because she snatched someone else's family. She's not a good person herself, yet she still has the cheek to talk about me?"

If this were someone else, she might not have used such a method.

But the other party was Xia Qingyang, so Jiang Yujie did not feel bad about it at all.

Anyway, she was not a good person at all.

Just take it that this was karma for Xia Qingyang.

"That first wife was even her biological elder sister! She snatched her elder brother-in-law and chased her biological elder sister out of the house. And before that, her biological elder sister had been taking care of all her needs because her life had been tough, but she actually bit the hand that fed her."

"But this doesn't give you a reason to break up someone's family!" Mr. Jiang said furiously. "Even if she's not a good person, does that mean you can go and ruin her family and become a mistress? And that one is an old man. He's even older than me, right?!"

“Now this whole place knows that you became the mistress of an old man and ruined someone else’s family. How can I and your mom go outside and face other people now? When we see other people, how can we lift our heads up?!” Mr. Jiang was so enraged that his eyes reddened. “We will all have to be pointed at and scolded by others. We’ll get criticized behind our backs!”

Jiang Yujie cried and shook her head. “Dad, believe me, I have my own reasons!”

“No reason is worth you becoming the mistress of someone!” Mr. Jiang said angrily. “Tell me, are you attracted to his money? We are poor and can’t give you a good life. But as a person, you should be decent and righteous!”

“If you want to think of it that way, then so be it!” Jiang Yujie did not explain her side. “In any case, I have my own reasons for doing this. It is not because of money. Even if I lead a very simple life and don’t earn so much, I will be content as long as I can get by.”

“Then why did you do this?” Mr. Jiang said furiously.

Jiang Yujie said it’s not because of money?

But when he asked her for the reason, she refused to say it.

How was Mr. Jiang supposed to believe her?

“Anyway, I have my own reasons,” Jiang Yujie said. “One day, you will both know.”

“You...” Mr. Jiang was so angry, he bent over and picked up the mop he had just thrown on the ground. He wanted to use it to hit Xia Qingyang at first, but now, he wanted to use it to hit Jiang Yujie.

“Dad!” Mrs. Jiang quickly stopped him.

Even if he disapproved of it, that was his own daughter!

Mr. Jiang was at the top of his rage. He really wanted to give Jiang Yujie a good beating.

Chapter 2188: I Am the One with the Least Right to Blame You Both

“This is our child. If there’s anything, we can always talk it out and teach her,” Mrs. Jiang said. “The child is already grown up, we can’t hit her anymore.”

“We can’t teach her anymore! You heard what she said just now too! She won’t listen to us teaching her at all!” Mr. Jiang said furiously. “When a child is grown up, we can’t discipline her anymore!”

“But I can’t let her disgrace the name of my family! I’ve lived here for decades, and I’ve never been so ashamed!” Mr. Jiang said furiously. “I am the one who doesn’t know how to teach my children. I didn’t teach them well. She’s grown up now, but she doesn’t rely on her own work to live decently and actually went to become someone else’s mistress!”

“And she’s still so indignant about being a mistress, thinking that that woman downstairs is no big deal. She thinks she’s not in the wrong?” Mr. Jiang raised the mop and said, “Let go! I will beat her to death today! Lest she goes out and harms other people!”

Mr. Jiang said angrily, “Other people will criticize me for not knowing how to teach my daughter!”

“Yujie has been so obedient since she was young and never did anything bad.” Mrs. Jiang refused to let go. “She definitely has her own difficulties this time.

“Yujie, say something! Explain what your difficulty is, or do you want to wait until your dad beats you to death?” Mother Jiang said anxiously. “Did your boss force you to do this?”

Xia Qingyang had said it loud and clear downstairs, that Jiang Yujie became her boss’ lover.

“Did you meet with sexual harassment at work?” Mrs. Jiang asked.

Mr. Jiang’s face was pulled in a tight, grim expression. “Tell us. If that’s the case, then even if we have to go bankrupt, Dad and Mom will still seek justice for you!”

“Then what about my elder brother?” Jiang Yujie said. “Back then, he said he didn’t accept any bribes, but why didn’t you believe him? Why didn’t you try your best to defend him against his lawsuit?”

“He’d committed a crime. Was I supposed to cover up for him?” Mr. Jiang said angrily.

“You don’t believe him, but I do,” Jiang Yujie said.

“You think we never tried before? We looked for a lawyer, but the lawyer said he couldn’t win the case either! What makes you think we didn’t try before?” Mr. Jiang said.

Jiang Yujie did not say a word.

It was not that they did not try; they just did not try until they went bankrupt from doing so.

“Yujie, our family still needs to make a living. To fight the lawsuit for your elder brother, we’d exhausted our family’s savings, but we still didn’t win. At most, it would only have reduced his sentence.” Mrs. Jiang cried as she said, “As long as we could save him, we could even sell our house, no problem. The problem was, we clearly knew we wouldn’t win. We couldn’t just use everything we have to play ducks and drakes with.

“And we still had you in our family. You still had to go to school and you still have to marry someone in the future. We can’t have nothing left at all when it comes to you.”

“But I don’t care for that! You both never asked me if I wanted any of those. My elder brother couldn’t be saved, and this was all left to me in exchange for my elder brother going to jail. I can’t accept this!” Jiang Yujie cried.

Mr. Jiang inhaled deeply. “So for so many years, you have always blamed us.”

“How can I blame you both? You both just wanted to treat both children equally. If this had happened to other families, if the parents spent everything just to save another and failed in the end, the one left behind would probably feel some resentment.

“Since I was young, you both have always treated me and my elder brother equally. So, the person with the least right to blame you both is me.” Jiang Yujie sniffled.

At this moment, Xia Qingyang was still berating her at the top of her lungs.

Her words were sounding worse and uglier.

Jiang Yujie turned and wanted to go downstairs.

“What are you going down for!” Mrs. Jiang got a shock.

Chapter 2189: She Will Suffer If She Does This

“I will go down to confront her. I can’t let her go on talking like this downstairs,” Jiang Yujie said. “She’s just a rogue shrew! She doesn’t need to work anyway. Believe me, if I don’t go down, she can go on for the whole day downstairs!”

“Don’t go downstairs. She won’t let you off,” Mrs. Jiang persuaded. “Let’s just close the door and ignore her! Today, tomorrow, as long as she comes, we will stay at home and not go out! Even if she comes and knocks on our door, we also won’t open the door. Anyway, we have everything at home, we won’t be affected even if we don’t go out.”

“You also know to not let her keep going on like this. You also know to care about your reputation?” Mr. Jiang pointed at Jiang Yujie and said, “Then why did you have to do this!”

“You just don’t believe in me,” Jiang Yujie said plainly. “Just like how you didn’t believe in elder brother back then..”

“You...” Mr. Jiang’s finger trembled as he pointed at Jiang Yujie. “You still say you don’t blame me deep down?”

“You think I didn’t feel terrible when your elder brother went to jail back then? It’s just because we are people in the lowest social status and are powerless!” Mr. Jiang said in agony. “That is also my son. He had been brilliant in his studies since he was young, and he was so outstanding! Won’t I feel sad?”

“Feeling sad is one thing. I’m saying that you just don’t believe that elder brother had been wronged,” Jiang Yujie said.

“How can I believe him? The evidence is all there!” Mr. Jiang said.

“We are your children, you watched us grow up. You should trust our character. Even if we don’t say anything, you should still trust us. What we need is not just for you to find a lawyer, go bankrupt, or any such material support. What we value even more is your trust in us.”

Jiang Yujie took a deep breath and said, “The kind of trust where no matter what outsiders say, you both will still trust us. You are the people closest to us. You both also understand us more than those outsiders. You both are the people who understand us best in this world.

“But you both don’t believe in us,” Jiang Yujie said. “Even if the whole world doesn’t believe us, you both have to!”

“Elder brother is in jail. He doesn’t think about anything else except the fact that you both don’t believe him. In your eyes, he is actually a person who would accept bribes.” Jiang Yujie sniffled and said, “Don’t talk to me about evidence.

“Even if the evidence is right before my eyes, as long as my elder brother denies it, I will believe him.”

Mr. Jiang looked at Jiang Yujie deeply and said, "So, you are telling me now that even if that woman has come here to make a ruckus downstairs, we still have to believe you?"

Jiang Yujie did not say anything.

"So this time, you were wronged?" Mr. Jiang asked again.

Jiang Yujie shook her head and said, "How can that be? It's true, I did become her husband's lover. But I have my reasons. It's not related to all those reasons you are thinking of, or what everyone else is thinking of.

"I didn't do it for money, or for all the benefits that everyone else thinks I did it for."

"Then what is it for? Tell us!" Mrs. Jiang said anxiously.

Jiang Yujie did not say a word.

Mr. Jiang said angrily, "You keep telling us to trust you, but you just refuse to tell us the reason. How are we supposed to trust you! Have you ever spared a thought for us!"

Jiang Yujie laughed mockingly. Xia Qingyang's scoldings rang out by her ears once again.

Jiang Yujie's expression turned cold and she suddenly turned around.

Before Mr. Jiang and Mrs. Jiang could stop her, she had already left.

Mrs. Jiang quickly said, "Quick! Quick, follow her! She will suffer if she does this. That woman, I can tell she's a shrew with one look. She won't just quarrel with Yujie."

Chapter 2190: Deserve It

"I won't go!" Mr. Jiang said coarsely. "I can't afford to embarrass myself like this!"

"No matter how embarrassing it is, that's not as important as our daughter!" Mrs. Jiang was also angry. "You keep talking about embarrassment, but you have already embarrassed yourself. Even if you don't go, do you think they won't talk bad about you?"

"You won't go because of your pride, but I will!" Mrs. Jiang said angrily. "Face is all that matters to you!"

"Yujie is right, actually. Back then, it is because we did not trust Huaizhou enough. Back then, just for that bit of face of yours, you did not even want to see Huaizhou. You did hire a lawyer for him, but that lawyer was not capable at all! You just hired one to ease your conscience.

"You refused to see him, saying he made you lose face, that he made you unable to step out of the house. Face face face. All you talk about every day is your face!" Mrs. Jiang was still worried about Jiang Yujie.

So she did not say much and just hurriedly chased after her after leaving him with this line.

Jiang Yujie was already downstairs at this moment. She calmly said, "Mrs. Lu."

When Xia Qingyang saw Jiang Yujie, she threw the megaphone aside and ran up to slap her.

“You shameless prostit*te, you finally want to come out now?” After Xia Qingyang slapped her, she grabbed Jiang Yujie’s hair at once and pulled it backward, making Jiang Yujie show her face.

Jiang Yujie was young, so she was not strong.

Although Xia Qingyang lived like a rich man’s wife for so many years, she had been extremely shrewish in her younger days, just that she pretended to be very weak in front of Lu Qiyuan.

In reality, she was extremely strong.

After living a few decades of a luxurious life, her fighting prowess was not as strong as it had been back then.

But she had her foundations, so Jiang Yujie was still no match for her.

She could only have her hair grabbed and scalped pulled by Xia Qingyang.

Jiang Yujie screamed in pain, her tears coming out at once.

“Mrs. Lu, what are you doing!” Jiang Yujie screamed in pain.

“What am I doing? I want to let the neighbors take a good look at the sl*tty face of a vixen!” Xia Qingyang pulled Jiang Yujie’s hair back and pulled her head up to show all the neighbors who were crowding around.

Jiang Yujie could only let Xia Qingyang drag her backward.

Xia Qingyang purposely dragged her very forcefully, making Jiang Yujie’s head tilt backward until she was unable to move properly. With her hair being pulled, she almost collapsed on the floor.

But when she lost balance and almost fell onto the ground, her hair was still in Xia Qingyang’s grip.

The force yanked on her scalp at once, making Jiang Yujie feel as if her scalp was about to tear apart.

She stumbled and staggered. Being dragged by Xia Qingyang, she could only support herself with the heels of her feet.

“It’s her! She refused to come out just now!” Xia Qingyang pulled her up to all the neighbors crowding around to let them all take a good look. “At my age, I am not afraid of embarrassment. If I really cared about my face, I would give my husband away to the mistress for free!

“Am I not allowed to be a shrew? If I don’t behave like a shrew, my family’s assets will all end up in the hands of this sl*t! Every sister out there, by my judge! If this happened to any of you, would you spare the vixen?”

Xia Qingyang exclaimed loudly, “I’d already thought about it. If she did not dare to come out and see me, I will have come here every day to make a fuss. I don’t believe she could have stomached it! It’s fine even if she doesn’t stay here, I’ll have made a fuss with her parents!

“Her parents brought up such a shameless sl*t who seduced someone else’s husband. They deserve it if I pestered them!”
