Chapter 2201: Only You Know How to Talk

“Exactly,” another person said. “Although Jiang Yujie is one too... other people have the right to say that, but this Madam CEO doesn’t. Be it with taking shortcuts or seducing other people’s husbands, she is way more vicious than Jiang Yujie.”

“Hah, at least Jiang Yujie still has a job of her own,” the person beside them said. “When she became a mistress back then, before she married CEO, she did not even have a job of her own. Back then, the exposé on the Internet said it all. At that time, Xia Qingyang came to live off of her elder sister. Even her living expenses were given to her by her elder sister.”

“Tsk, tsk.” The other person tsked. “Then this right now is really her karma. I can’t say that Jiang Yujie did brilliantly, but I at least don’t pity Xia Qingyang. She was the one who snatched someone else’s husband first with evil intentions, so she shouldn’t blame another third party for snatching her husband away again.”

“What third party? Jiang Yujie is at most a fourth party. Xia Qingyang is the real third party.”

“Right, right.”

These people spoke in very hushed tones and were at the other end of the corridor.

Lu Qiyuan naturally did not hear them.

But he heard Xia Qingyang’s words loudly and clearly.

“Shut up!” Lu Qiyuan bellowed in anger.

He took big strides over and yanked Xia Qingyang over at once. “What are you causing a ruckus for!”

“What am I causing a ruckus for?” Xia Qingyang yanked her elbow out and shook off his hand. “Can you possibly not know what I’m causing a ruckus for? I didn’t expect that out of all the women you could find, you actually chose one that was right by your side!”

On the other end of the corridor, an employee sputtered out in a hushed giggle and said in a low voice, “What’s there not to expect? Wasn’t she the woman who could not be any closer to him back then? She was his younger sister-in-law.”

“You only know how to talk!” The colleague beside her was so entertained by her.

“Don’t spout rubbish here and ruin a young lady’s reputation!” Lu Qiyuan shouted sternly.

“Yo! Lu Qiyuan, when did you become a gentleman? You can even spare a thought for other people’s reputation? Just say you’re protecting that little lover of yours! You make yourself sound so high-minded.”

Xia Qingyang’s face subconsciously trembled, as if her facial nerves had become dysfunctional.

“At this point in time, you’re still thinking of protecting that little sl*t’s reputation!” Xia Qingyang screamed angrily. “I really don’t know how that little sl*t has bewitched you, actually making you so protective of her!”

Lu Qiyuan was an utterly selfish and self-centered person. He only thought about himself.

No matter what happened, the first thing he did was to first secure his own interests.

But this time, he actually protected Jiang Yujie first.

This gave rise to a strong sense of danger in Xia Qingyang.

Even when she was young, Lu Qiyuan had never been so protective of her!

“Watch your mouth! Don’t embarrass me here!” Lu Qiyuan bellowed.

“If you find it embarrassing now, then you shouldn’t have done something to be embarrassed of!” Xia Qingyang totally went all out.

“Jiang Yujie and I have nothing going on! She’s a young lady, she won’t be able to withstand your vilifications,” Lu Qiyuan said furiously. “Before you made a ruckus, Jiang Yujie and I were originally innocent, but how do you think she can continue coming to work after this? How is she supposed to interact with her colleagues?”

Lu Qiyuan said, “You have always been overly suspicious since before. Whenever I come home, you will quarrel with me, to the point where I even became scared of going home. I am scared of your temper. You keep making a ruckus unreasonably like a shrew!”

Although his words would not make everyone completely believe that he and Jiang Yujie were innocent, at least some people would start to doubt the truth of what Xia Qingyang had been haranguing him about earlier on.

Chapter 2202: Really Know How to Judge the Hour

“I keep making a ruckus?” Xia Qingyang burst out laughing and said sarcastically, “Lu Qiyuan, you don’t have to deny it. I didn’t take out the photos to save face for you, but I have many photos of you and Jiang Yujie with me!”

When everyone heard that, their eyes instantly lit up.

Previously, Lu Qiyuan’s words had made them somewhat doubt the truth of Xia Qingyang’s words.

But now that they heard Xia Qingyang say that, they felt that she might really have something in her hands.

They did not expect that Jiang Yujie, who usually looked so pure and innocent, would actually have such deep schemes.

Xia Qingyang saw Lu Qiyuan’s thunderous expression, but he could not speak a word for a moment, and instantly, a thought came to her mind. “Do you want to see them? I brought them with me today! I wanted to give you face at first and didn’t want to take them out. But you insist on denying it to the end, so I can’t just let things slide.”

Lu Qiyuan laughed in anger. “Xia Qingyang, what right do you have to stand here and say all of these things?”

“What right do I have?” Xia Qingyang pointed to her chest and said, “Just based on the fact that I am your wife, your original spouse!”

“You are not. My original spouse was Xia Qingwei.” Lu Qiyuan snorted. “Don’t forget, you were a mistress yourself. What right do you have to come and berate other people?”

“You!” Xia Qingyang did not expect that Lu Qiyuan would say that of her.

For a moment, Xia Qingyang did not know how to retort.

“Dad!” Lu Qi rushed over and hugged Xia Qingyang’s elbow. “How can you say that? You saying that hurts Mom’s heart so much!”

“You are here too?” Lu Qiyuan looked at her mockingly. “When your mom came over to make a scene, you didn’t think of stopping her? You let her come to the company to make a scene and cause such a huge commotion?”

“If you don’t want me to make a scene, don’t do things to let me down!” Xia Qingyang said.

“Get out of here!” Lu Qiyuan shouted. “Don’t stay here and continue being an embarrassment!”

“I’m not leaving!” Xia Qingyang just sat down on Jiang Yujie’s seat and said, “I’m not only not going to leave today, but I also intend to come here every day until Jiang Yujie comes!”

Xia Qingyang scoffed and said, “I don’t believe she can just not come to work all the time? I have all the time to waste on her. I want to see if she can afford to waste her time!”

Lu Qiyuan stared at her, then shifted his gaze to Lu Qi. “You think this too? You’re in support of your mom continuing to make a scene here?”

Lu Qi’s gaze flickered, then she said to Xia Qingyang, “Mom, since Jiang Yujie didn’t come today, why don’t we leave first? There are so many employees in the company, they still need to work. Dad needs to work too.”

A glint of mockery flashed across Lu Qiyuan’s eyes.

This daughter of his, she really knew how to judge the hour.

Was it precisely because Lu Qi was ever so discerning that, back when he was lying in the hospital after a stroke, she could collude with outsiders to transfer his assets out?

Xia Qingyang saw Lu Qi giving her glances, so she pretended to compromise and said, “I can leave, but we have to have a good talk. We will talk about it now!”

Lu Qi had been spot on that Jiang Yujie was really that vixen.

Ever since then, Xia Qingyang had regained her confidence in her.

And she even felt that, previously, when Lu Qi talked about Xia Qingwei, she might not really have been setting her up.

Anyone would have their moments of misjudgment.

Lu Qi then said to Lu Qiyuan, "Dad, no matter what, you should still have a proper talk with Mom. Mom came to make a scene, and she's somewhat at fault for that. But it is because she cares about you. You don't know, but after Mom found out about this, she cooped herself up at home and did not even eat, could not even sleep. If not because she had been forced to her extreme, she would not have charged right over to the company."

Chapter 2203: All the Tricks She Played Before

Lu Qiyuan mocked her in his heart.

Cared about him?

More like cared about his money!

Lu Qiyuan lowered his head. He saw Xia Qingyang sitting on Jiang Yujie's seat and felt as if Jiang Yujie's seat got dirtied by Xia Qingyang.

No matter how he looked at Xia Qingyang now, he really felt annoyed and disdainful of her.

"Okay." Lu Qiyuan wanted to make Xia Qingyang go away first.

After Xia Qingyang caused a ruckus today, he really embarrassed himself big time!

Hence, the three of them left.

Those employees who were hiding at the corner to watch the show all quickly ran away, deeply afraid that Lu Qiyuan would see them.

After the three of them left the company, they did not find some cafe or any similar place.

It was really because Lu Qiyuan was very afraid that Xia Qingyang would suddenly go crazy and kick up a fuss such that everyone would know what the matter was.

Besides, given Xia Qingyang's crazy and unstable temper, Lu Qiyuan was really quite scared of her.

Hence, the three of them just sat in Xia Qingyang's car to have a chat.

"What do you want to talk about?" Lu Qiyuan asked coldly.

"You still ask me what I want to talk about?" Xia Qingyang said angrily.

"Xia Qingyang, watch your attitude. I am talking to you calmly now, I don't want to quarrel with you. If you keep screaming and shouting at me like a bursting firecracker, then there's no need for us to talk," Lu Qiyuan warned coldly.

Xia Qingyang gritted her teeth. She took a few deep breaths and finally suppressed her anger forcefully. "Okay, I'll have a good chat with you."

Xia Qingyang directly took out a pile of photos of Lu Qiyuan and Jiang Yujie taken by the private investigator and threw them on Lu Qiyuan's lap. "These photos are evidence! Just now in the company,

in front of those employees, you made things sound so nice. But there are no outsiders now, you don't need to pretend anymore. Let's be honest with each other. Just admit to it."

Lu Qiyuan took up the photos to have a look. The more he looked, the paler his face turned.

He did not even know that while he and Jiang Yujie were interacting with each other like usual, their photos were being taken.

It was only in the bedroom that they did not take photos of them.

"These photos, I have copies with me, and the private investigator has them as well. There are too many copies of them, so you don't need to think about how to destroy them," Xia Qingyang said.

Lu Qiyuan gritted his teeth and then asked, "What do you want?"

"Break up with her, and fire her from the company. Then I will take it as if nothing happened before. We will continue with our lives as we should," Xia Qingyang said.

"And if I don't want to?" Lu Qiyuan raised his eyebrow and said, "Since the photos are all here, then I will be honest with you too."

Lu Qiyuan said, "I've had enough of living with you. I cannot ask for a divorce because Yujie also told me that she had no intention of ruining our marriage, and she doesn't want to take your place either. And you are already so old. If we really get a divorce, you won't have a good life anymore.

"It's unusual that Yujie thought so thoroughly for your sake, so you should stop making a ruckus. Just be Mrs. Lu properly, and what's yours will still be given to you. The life you have been living so far will not change either." Lu Qiyuan continued, "If you are afraid that your status is being threatened, just like how you'd replaced Xia Qingwei back then, you don't have to worry about that.

"Because Yujie does not have such thoughts at all," Lu Qiyuan said.

Xia Qingyang was so furious that she almost could not breathe. Her chest felt extremely stuffy, and she pounded hard on her own chest a few times.

This dumbf*ck Lu Qiyuan, he really believed Jiang Yujie's nonsense!

Did he forget that she too had said the same thing to him back then?

The things that Jiang Yujie said were all tricks she had played before!

But she could not use her own past to explain either, lest it gave Lu Qiyuan even more reason to justify himself.

Chapter 2204: Then Let's Just Get a Divorce

Xia Qingyang just felt extremely stuffy and suffocated.

She did not know how Xia Qingwei felt back then.

But she was really furious now!

Xia Qingyang gritted her teeth as she said menacingly, "All those nonsense that she said, you actually believe them!"

"Even if she is lying to me, I will control her well. I won't let her threaten your position. After all, back then, I had already been tricked once." Lu Qiyuan looked at her mockingly and said, "I won't let myself be tricked again."

Xia Qingyang was so enraged that her chest started to hurt.

He actually said that he married her due to being tricked!

In the past, he did not say that.

In the past, when he married her, who knew how happy he was?

"Great!" Xia Qingyang was so furious that her face started to tremble in rage. Her facial features started contorting as a result. "Now that you have a new girl, you even think that marrying me was like falling for a trick.

"If I still let you both continue to be together and be a Mrs. Lu only in name, then I will be the dumb one! You've already stopped going home because of her. How long have the two of you been together that she could already have such a tight grip on you? As time passes, you might just forget what you have said right now! Won't she replace me then?"

What kind of rotten character Lu Qiyuan had, she only knew too well.

It was precisely because she knew too well that she succeeded in seducing him and pushing out Xia Qingwei.

Seeing Jiang Yujie's scheme, it looked as if she'd figured out Lu Qiyuan's character as well.

She really underestimated Jiang Yujie.

She had just entered the company not long ago, yet she actually came to understand Lu Qiyuan so thoroughly already.

Lu Qiyuan scoffed and said, "Why do you think I don't go home now? You have to know clearly that I didn't like to go home first, and that was how I ended up together with Jiang Yujie. Before Jiang Yujie, I did not even think of finding someone outside. It's because you kept being overly suspicious and accusing me of something I didn't do, always suspecting me.

"The moment I come home, you just keep quarreling with me and not giving me a bit of peace and quiet. I don't want to quarrel with you. All we quarrel about is the same old sh*t. No matter what I say, you just refuse to listen or believe me." Lu Qiyuan laid his hands out and said, "Fine, then I won't say anything more. I won't come back home anymore. Is that a no still? You refused to give me some peace and quiet, so I went out to find my own peace and quiet.

"I'd rather stay alone than go back and listen to you scream and shout," Lu Qiyuan said. "You resent me for not going home, but you never even considered, why do I not go home? You don't find blame with yourself, the fault always lies with other people.

“At my loneliest moment, I saw the good in Yujie. This has nothing to do with her being young and pretty. At my age, I don’t care about youth and prettiness anymore. What I care about is the heart.”

“Bullsh*t!” Xia Qingyang would not believe his nonsense!

Lu Qiyuan minced his lips and scoffed before saying, “Yujie is gentle and considerate. She will never be as shrewish as you, shouting and screaming at me. She always thinks of me first and is considerate towards me. She never made me worry or upset about things that happen at home. She can give me warmth and calm, and she can help me to really relax after I get tired from working.

“Compared to when I’m at home with you and your hysterical screams, what she gives me is akin to heaven.

“So, if you want me to break up with her and go back and live that kind of quarrelsome life every day with you, that’s impossible!”

“Fine.” Xia Qingyang was not afraid at all. “If you don’t agree, then we can get a divorce. I don’t need Jiang Yujie to fake considerateness for me. Saying things like I’m old and won’t be able to live well after divorcing you, I don’t need her to be so ‘noble.’”

Chapter 2205: Going Crazy from Thinking About Money

“Okay, you said it. Then let’s get a divorce.” Lu Qiyuan was equally decisive about it.

Anyway, he had long had enough of her.

Previously, when he said that she could still be Mrs. Lu and he would not give her a single cent less than what she deserved, that was the truth.

But if he could really divorce her and not need to provide for her, not need to give her money...

Wouldn’t that be just perfect?

He could save on that money!

Saving on a part of his expenses and burdens, wasn’t this ideal?

Lu Qiyuan almost wanted to laugh.

But right after that, he heard Xia Qingyang say, “We can get a divorce. I will have my lawyer contact you.”

Lu Qiyuan felt that something was off when he heard that. He frowned and said, “What do you mean?”

Xia Qingyang scoffed and said, “What do I mean? If I get a divorce, I want you to leave the marriage with nothing to your name.”

“Leave the marriage with nothing to my name? You must be dreaming!” Lu Qiyuan said angrily. “I think you are going crazy from thinking about money!”

“I’m not dreaming. You can just wait for my lawyer to contact you. Don’t forget, you are the party in the wrong in this marriage,” Xia Qingyang said. “You are the one who committed adultery first. I have the evidence on hand. Even if we see each other in court, you won’t get any benefits from that.”

Back then, when Lu Qiyuan divorced Xia Qingwei, Lu Qiyuan was also in the wrong.

But how could that era be as convenient as it was now?

What private investigators, what stalking to find evidence? All those things did not exist.

And at that time, Xia Qingwei did not have her own money to pay for these things, so Lu Qiyuan definitely had an extremely strong upper hand.

Hence, though it was clearly Lu Qiyuan's fault...

Because of the wide disparity in their wealth, Xia Qingwei ended up being the one who left the marriage with nothing credited to her.

But things were different now.

Xia Qingyang had long been guarding against Lu Qiyuan, so she had money in her hands too. Enough to play around with all these things.

"Good, good, good!" Lu Qiyuan was so furious that he started nodding repeatedly. He laughed from Xia Qingyang's agitation. "I'll be leaving the marriage with nothing, huh?"

Lu Qiyuan scoffed and said, "I want to see how exactly you will make me leave the marriage with nothing to my name! I want to see how capable you are! Why did I take a liking to a thing like you!"

After saying that, Lu Qiyuan got off the car. He forcefully slammed the door, making the whole car shake for a moment.

Lu Qi really did not expect that during the course of their chat, things would actually end in divorce.

"Mom, you're..." Lu Qi almost cracked in panic.

She took in a deep, deep breath while trembling.

She exhaled that breath while she trembled.

She felt anxious about her future, as well as felt anger towards this matter.

"How did you manage to bring up the topic of divorce when this was clearly a good thing that could have been advantageous to you initially?" Lu Qi asked.

If Xia Qingyang got a divorce from Lu Qiyuan, even Lu Qi's relationship with him would be diluted by a level.

With the position of wife empty, could Jiang Yujie let go of this opportunity?

As long as Jiang Yujie married Lu Qiyuan, given Jiang Yujie's abilities and methods, wouldn't it be just a matter of time before she gave birth to another child for Lu Qiyuan?

It would be fine if it was a daughter. But if it's a son, she would really have no hope at all!

Even if it was a daughter, with Jiang Yujie around, Lu Qiyuan would also treat that newborn daughter with greater importance and not care about Lu Qi anymore.

She would become the second Lu Man!

If Jiang Yujie continued to sway him through pillow talk, she might end up in an even worse state than Lu Man did back then!

Just given how badly Xia Qingyang beat up Jiang Yujie this morning, could Jiang Yujie not bear a grudge?

Xia Qingyang did not even consider all these things and just casually said the word “divorce.”

The scenarios today were originally very advantageous for Xia Qingyang.

Even if Lu Qiyuan did not go back home afterward and Xia Qingyang only retained her status as his wife in name...

Chapter 2206: They Can Forget About Living Well

Could Xia Qingyang not use the chance to ask for benefits and conditions from Lu Qiyuan in exchange?

If he gave her what she wanted, she would give him peace of mind!

If not, she would come to the office to make a scene every day and cause more trouble for Lu Qiyuan!

But Xia Qingyang never considered any of these things!

At this moment, it was Lu Qi who began to feel so angry that her chest started to hurt.

She pressed her palm over her heart, her fingers clenching hard on her chest.

She kept taking deep breaths to stop herself from screaming out loud.

But Xia Qingyang did not feel Lu Qi's anger at all. She said gloatingly and confidently, “What are you scared of? I have the evidence with me. Like I told him, he's the one in the wrong. Either we mediate in private and he satisfies my conditions or we will see each other in court.

“If we go to court, he won't be able to escape so easily,” Xia Qingyang said confidently. “He won't go bankrupt and leave with nothing in his name, but he still has to lose some flesh and blood and feel the pain!

“He's so arrogant and gleeful about it, he really thinks I can't do anything to him.” Xia Qingyang scoffed. “Don't worry, I will never let him and that vixen get a single bit of benefit at all. They can forget about living well!”

Lu Qi just felt tired in her heart. She closed her eyes and heaved a long, deep sigh before she said, “Even if we go to court, there's no way that he will be left with nothing. At most, they will just make the judgment to give you a little bit more money. As long as the company is around, this won't have any impact on him at all. We aren't done transferring his company's assets out. The moment you get a divorce, we will be forced to stop the transfer.”

If the He family could no longer gain any benefits, who knew how they would react?

Especially now that she was no longer the favored little daughter. If Jiang Yujie gave birth to a child, Lu Qiyuan's assets would probably be inherited by Jiang Yujie and her child.

She would have no part in that.

If he could not gain any benefit from her, what would He Zhengbai think?

Lu Qi knew very clearly that He Zhengbai had abandoned Lu Man back then precisely because he felt that Lu Man was of no utility to him anymore.

Even though she knew this, she still chose to be with He Zhengbai, because she had the confidence that everything in the Lu family would ultimately be hers.

She and He Zhengbai were on equal footing with mutual advantages to be gained from each other. They made use of each other, so no one was on the losing end.

That was why she did not care about what was more important to He Zhengbai.

Anyway, the things that were important to him, she had all of them.

But the moment Xia Qingyang divorces Lu Qiyuan, everything would be different.

Even if Lu Qiyuan was old and could no longer make Jiang Yujie pregnant...

As long as Jiang Yujie finds a way to capture Lu Qiyuan's heart, his future assets would still be inherited by Jiang Yujie first.

Lu Qi's calculating schemes were rattling away.

No matter how she calculated, she knew she would not be able to get any benefits.

If that's the case, why would He Zhengbai still continue to be with her?

He Zhengbai did not need her, but she still needed the He family!

She could not be abandoned by the Hes!

She already gave so much to them.

"Then whatever's left, won't that be easily taken by that sl*t Jiang Yujie?" Lu Qi reminded her.

But this reminded Xia Qingyang of something else. "Oh, right. Back when you looked for He Zhengbai to help transfer those assets, just where did they all go? They are still under your name, right?"

Lu Qi paused for a brief moment, and a glint flashed across her eyes before she said, "Of course. I'm not stupid. If I didn't put it under my name, how can I feel assured?"

"Good." Xia Qingyang nodded. "After I get a divorce, we still have that to live off of."

Great, now they were back to talking about the divorce.

The mention of this made Lu Qi angry.

Chapter 2207: Police Report

Now that Xia Qingyang had brought it up, Lu Qiyuan seemed to have every intention to go through with it as well.

Even if she persuaded Xia Qingyang to bow down and apologize to Lu Qiyuan now, Xia Qingyang was at the top of her anger and would not agree anyway.

Lu Qi could only let today pass and wait for tomorrow, when Xia Qingyang would have calmed down a little more, before she talked to her properly about it again.

Lu Qiyuan returned to the office.

The people who were originally in the meeting had already left.

They guessed that even if Lu Qiyuan came back, he probably would not be in the mood to continue with the meeting.

And he left with Xia Qingyang to talk. Who knew how long they would take?

They could not just sit there and wait.

Even if they waited until Lu Qiyuan came back, he probably would not want to see them.

Even the employees on that level all hid from Lu Qiyuan, not daring to appear in front of him.

They were afraid that they would bear the brunt of his rage.

After all, they had just witnessed a massive family fallout scene.

It was really extremely exciting.

So when Lu Qiyuan came back, not a single person looked at him.

This also made him quite satisfied.

Although he knew that the whole company knew about what had happened just now, at least no one was being annoying about it in front of him.

Lu Qiyuan entered his office and called the police.

At the same time, he looked for a lawyer. He wanted to sue Xia Qingyang, Lu Qi, and He Zhengbai for embezzlement and illegal transfer of his company's assets.

If he wanted to sue, he would sue them all together.

And Lu Qiyuan did not let even Lu Qi off, the youngest daughter that he had doted on all this time.

Ha!

Lu Qiyuan scoffed.

Lu Qi was the one who was unloyal and unfilial to him first. Why should he spare her?

After settling these matters, Lu Qiyuan then thought of Jiang Yujie.

This was such a coincidence. Xia Qingyang came to find trouble with Jiang Yujie today, but Jiang Yujie had taken leave and was not around.

He did not think Jiang Yujie was playing tricks, but he actually guessed that it might be that Xia Qingyang had already gone to find trouble with Jiang Yujie first.

Hence, he gave Jiang Yujie a call.

Jiang Yujie allowed the phone to ring for a very long time before she answered in a weak and weary tone.

“Yujie, what happened to your voice?” Lu Qiyuan immediately asked. “Are you crying?”

“No.” Although Jiang Yujie said that, her voice trembled and choked a little. She sounded a little depressed, as if she’d cried until her nose was blocked.

“What do you mean no? Your voice sounds really off to me. Tell me honestly, what exactly happened?” Lu Qiyuan asked.

“I’m really fine. Didn’t I just take leave today? It’s because I have a bit of flu and don’t feel very well. That’s why my voice is a little off,” Jiang Yujie said in a low voice.

But the more she denied and refused to admit it like this, the more Lu Qiyuan felt that there was something going on.

Jiang Yujie really knew Lu Qiyuan’s thoughts like the back of her hand.

“I don’t believe it.” Lu Qiyuan sounded really domineering.

He paused for a moment before he said, “Just now, Xia Qingyang came to the company to look for you. Although you weren’t around, she still made a huge ruckus here.

“Yujie, tell me honestly, did Xia Qingyang go and find trouble with you?” Lu Qiyuan said. “Don’t be afraid and don’t have any misgivings. If there’s anything, I’ll stand up for you.”

“I...” Jiang Yujie sounded as if she still had misgivings.

But Jiang Yujie’s attitude made Lu Qiyuan all the more certain.

“She went to find you,” Lu Qiyuan said very certainly. “Did she hit you? Did you get hurt? If not, you won’t have taken a leave today.”

“I’m fine,” Jiang Yujie said.

“Yujie! Are you treating me like an outsider?” Lu Qiyuan just got baited in like this step by step. “Are you at your parents’ place now?”

Chapter 2208: What’s Going On?

“Mm,” Jiang Yujie replied.

She did not say much, but every sound was tinged with helplessness and grievance.

This made Lu Qiyuan’s heart ache so much. He immediately said, “It’s not convenient for me to go to your parents’ place.”

Especially since Xia Qingyang just went to kick up a huge fuss today.

How could Jiang Yujie's parents let him in?

"You come home, let me take a look at you," Lu Qiyuan said.

Jiang Yujie was silent for a long moment before she said, "The car you gifted me... Mrs. Lu smashed it. My face had also been beaten until it's swollen, so it's not convenient for me to go out right now."

Jiang Yujie continued, "She came to my house early in the morning. She took a megaphone and shouted downstairs, so all the neighbors in our vicinity heard it. Even if my face were fine, I... I still don't dare to go out..."

Through the phone, Lu Qiyuan could hear her trying her best to suppress her sobbing tone and control her voice.

If Jiang Yujie had just cried and started wailing, Lu Qiyuan's heart might not have ached so much for her.

But the more Jiang Yujie suppressed herself and kept quiet even when she had grievances, choosing to just swallow it back down, the more Lu Qiyuan's heart ached for her.

Jiang Yujie was so weak and gentle, how could she be a match for Xia Qingyang?

And Jiang Yujie had always felt guilty towards Xia Qingyang.

Xia Qingyang had kept forcing her to a corner, beating and scolding her, but Jiang Yujie would not even fight back.

And even if she wanted to fight back, she might not have even been able to.

Just hearing Jiang Yujie say that made Lu Qiyuan's heart hurt. "How about this? It's not convenient for me to go, so I'll send someone to fetch you. The car will be parked right below your house. When it arrives, I'll give you a call. You can get into the car immediately. No one will see you."

Jiang Yujie did not reply for a very long time.

Lu Qiyuan felt a little anxious. "Yujie?"

He then heard Jiang Yujie reply, "Okay."

On this end, Lu Qiyuan sent someone to fetch Jiang Yujie while he went back to the villa first.

Anyway, he'd already let everyone watch a good show today. He did not feel like staying in the office anymore.

Even if those people did not dare to look at him, he also knew that they were definitely laughing at him deep down.

He'd just choose not to see them so he would feel less troubled by it.

At this moment, Xia Qingyang had just returned home with Lu Qi.

The two of them had just sat down and were discussing what to do afterward.

But not long after they started discussing, the doorbell rang.

The helper auntie at home turned on the surveillance cam, saw the police standing outside the door, and got a shock.

She immediately turned on the speaker and greeted, "Officers, hello?"

"Hello." The police officers flashed their identity cards at the camera for the auntie to see clearly and said, "We received a police report that Mrs. Xia Qingyang and Miss Lu Qi are suspected of embezzlement and illegal transfer of company assets. We want to bring them back to assist with investigations. Please cooperate with us."

The auntie was dumbstruck. "Oh, oh, okay."

The police officers were doing their duties, so she naturally did not dare to stop them.

She opened the door for the police officers and went to the living room, calling out anxiously and helplessly, "Madam, Young Missy, there are police officers outside."

The two people did not hear what the auntie had said to the police officers at the entrance foyer, so they did not really care about it.

"Why are the police coming to our house for nothing?" Xia Qingyang frowned and did not think of anything bad.

The auntie said uncomfortably, "I heard... heard those police officers say just now that someone sued... sued you two, for illegal... transfer of assets or something."

Anyway, the auntie did not really understand what they said either.

But she could tell, it was no small matter.

Xia Qingyang's heart skipped a beat and she turned to look at Lu Qi.

Lu Qi's face changed as well. The two of them could not help but connect this matter to themselves.

"What's going on? Why would there be police officers coming over?" Xia Qingyang asked anxiously. "No, why would there be anyone suing us?"

Chapter 2209: I Do Want His Money, but He Wants My Life

The two of them were both stunned now. They were so shocked that their minds turned blank, and they were not able to think properly at all.

"You... you, quickly, give He Zhengbai a call," Xia Qingyang urged Lu Qi.

Lu Qi nodded frantically and quickly searched for her phone in her bag.

But the more she panicked, the worse she became at doing something.

Taking her phone was such a simple thing, but her hands were trembling so much that she could not grasp it properly, so it was stuck in her bag.

She finally pulled it out from her bag after much difficulty.

Her fingers trembled as she called He Zhengbai, but no one answered for a very long time.

At this moment, the doorbell to the door of the house also sounded. The police had entered.

“How is it?” Xia Qingyang asked urgently.

Lu Qi’s face turned pale. She shook her head as she said, “No one answered.”

Xia Qingyang’s eyes rounded so widely as she glared and said accusingly, “Don’t tell me he ran away!”

“No... It can’t be.” Lu Qi felt so nervous that her face was twitching uncontrollably. “He might just be busy, so he didn’t hear it.”

But not being able to contact him at such a critical moment still made them feel anxious and uneasy.

Xia Qingyang did not believe the excuse that Lu Qi came up with.

Actually, even Lu Qi herself did not believe it.

Just as the two of them were getting more and more anxious, the police officers came in.

There were three of them.

“Mrs. Xia Qingyang, Miss Lu Qi,” a police officer said, “someone is suing you for illegal embezzlement and transfer of the Lu Corporation’s assets. Please come with us to assist with investigations.”

Xia Qingyang stood up instantly and asked, “Police officer, is there some misunderstanding? The Lu Corporation is my family’s company. Why would we transfer our family’s company assets? Aren’t that company’s assets our own? We don’t need to do anything.”

Lu Qi also stood up and hugged Xia Qingyang’s elbow as she said to the police, “Yeah, who’s the one suing us? This is too ridiculous.”

“You two are only suspected of it now. We have to investigate once a case is filed. This is what we need to do,” the police officer said. “It’s only an investigation, we are not confirming the charges against you.

“Please cooperate with us.”

Could they not cooperate?

They could not run anyway.

The two of them could only follow them and leave.

The two of them could not even sit together. Each of them sat in a separate car.

At the same time, Lu Qi could not contact He Zhengbai at all. In fact, he had been taken away by the police as well.

That was why Lu Qi could not contact him.

The only advantage he had over Xia Qingyang and Lu Qi was that, once He Zhengbai was taken away, the He family immediately hired a lawyer for him.

Meanwhile, Lu Qi and Xia Qingyang reached the police station. The two of them naturally were not people who did not know anything, so they also requested to only speak after their lawyer arrived.

They had to investigate since the case was filed, but they could not detain them either.

Because they were just suspects for now.

When Xia Qingyang and Lu Qi found out that it was actually Lu Qiyuan who'd gathered the evidence to sue them, they instantly became unsettled.

After the two of them came out, Xia Qingyang was still in a daze.

She was so angry that she started shaking. "No wonder when I brought up divorce, Lu Qiyuan looked so calm and secure. He was not worried at all. So he had long prepared for it."

Xia Qingyang scoffed mockingly. "He was waiting for me to do this! Lu Qiyuan is really something! At the most critical moment, he could forsake his kin.

"My relationship with him as husband and wife of more than twenty years means nothing to him at all!" Xia Qingyang laughed as her heart turned cold.

That laugh sounded more like a cry.

"He can let go when he said he wanted to," Xia Qingyang said. "He was clearly the one who committed adultery. When I want to divorce him, he turned around and sued me. I do want his money, but he wants my life!"

She was already so old. If she went to jail because of such a serious crime, how was it different from sentencing her to death!

Chapter 2210: A Tiger, Though Cruel, Will Not Devour Its Cubs

She might as well go and die, better than suffering in there.

But actually, this husband and wife had no right to speak of the other.

Back then, it was Xia Qingyang who'd seized the chance when Lu Qiyuan suffered a stroke to transfer his assets out first.

Lu Qiyuan only committed adultery and betrayed her afterward.

Xia Qingyang attempted to use divorce to gain Lu Qiyuan's assets right after that.

To take revenge on Xia Qingyang, Lu Qiyuan took out his ultimate weapon of suing her following that.

These two people exchanged blows one after another, neither willing to back down.

The two of them were the same, neither had the right to accuse the other.

"And you, he actually did not even let you off. If he wants to sue, he can just sue me, but you are his biological daughter!" Xia Qingyang said furiously. "A tiger, though cruel, will not devour its cubs, but he sued you as well! This man, he never had a heart to begin with!"

“Back then, when he treated Lu Man like that, I even gloated secretly, feeling that he treated us well because we were capable, that that was why we could capture him around our hands tightly,” Xia Qingyang said. “But looking at it now, how was he doing that for us? He’s simply plain selfish!

“He could abandon Xia Qingwei who’d endured hardship with him in the past. Xia Qingwei was so ill that she was on the verge of death, but he didn’t even bat an eye. He could be so heartless to Lu Man. Back then, it’s all well and good that he could do that to them, but how could he do this to us today?” Xia Qingyang had disappointment and hatred all over her face.

“Isn’t he and that vixen Jiang Yujie together now? I want to see how he will treat that vixen in the end!

“Given how crafty Jiang Yujie is, it’s best if Lu Qiyuan could be bitten back by her. That will be even better!”

Lu Qi also did not expect that Lu Qiyuan would actually sue her as well.

This matter was done by her and He Zhengbai, as well as by Xia Qingyang. The three of them did it together.

Even then, shouldn’t he close one eye for his own daughter?

Could he really bear to do this?

She really wanted to know, when Lu Qiyuan was deciding that he would not let her off as well, whether he hesitated even a little bit at all.

“Auntie, Qi Qi.” At this moment, He Zhengbai also came out of the police station and even had a lawyer accompanying him by his side.

Xia Qingyang and Lu Qi’s lawyer also arrived at this moment.

“Come, let’s go to my place first and analyze this,” He Zhengbai said. “Let’s not panic for now. At such a moment, the more we panic, the easier we will make a mistake and the easier they will find us out.

“What we need to do now is to first calm down and carefully analyze things to find a solution. This Lawyer Huang whom my family hired for me specializes in defending financial crimes. He is very experienced. Let’s leave first, sit down and calm down, and hear what Lawyer Huang thinks.”

After He Zhengbai said that, Lu Qi calmed down quite a lot.

He Zhengbai was in the same boat as them now.

And even the whole He family was.

The moment something really happened to them, the He family that was backing them might even be implicated.

The moment the He family was implicated, this matter would become even more serious.

The Hes would suffer even greater losses.

So they did not want to see anything happen to them either and would definitely save them.

That was what Lu Qi thought, so she became much more assured.

But Xia Qingyang remained uneasy. Since she had no choice, so she could only see what He Zhengbai had to say.

Lu Qiyuan was in the villa and waited until Jiang Yujie finally came.

Jiang Yujie almost could not step out of the house.

She had rushed out of there.

When she rushed out, she even heard Mr. Jiang shouting behind her, "If you're still going to look for that man, don't acknowledge us anymore!"
