

Mr Han 2601

Chapter 2601: I Was the Secondary Matter?

A shimmer rippled across Shi Xiaoya's eyes as their corners narrowed into seductive slits, bringing about a surge of lust.

Shi Xiaoya's stare caused Han Zhuoling's thoughts to become heated again. Then he heard Shi Xiaoya say, "I, a living person, am right here, yet you don't use me. Instead, you insist on using my hand? You even want to train it?"

Han Zhuoling: "..."

That was right!

He really was a fool!

It was an extraordinary circumstance today, and that was why he had had no choice but to let Shi Xiaoya use her hand to help him.

Otherwise, why would he ever use her hand normally?

Seriously...

"This makes me think of a joke," Shi Xiaoya said.

Han Zhuoling raised his eyebrows. "What joke?"

"A girl asked her male friend, 'I'm here, yet you're playing games? Are games that fun?' The male friend said, 'Of course the games are more fun than you are.'" When Shi Xiaoya finished talking, she could not help but laugh.

Han Zhuoling: "..."

He truly was such a fool just then!

Han Zhuoling wrapped his arms tightly around Shi Xiaoya's waist. "You're even laughing at me?"

Seeing him move so close to her, Shi Xiaoya suddenly became nervous again. "Nope."

Han Zhuoling smirked. Did she feel afraid now?

Well, it was too late!

"You reminded me just in time. It wasn't actually very satisfying when you used your hands earlier. When we return home tonight, I must be properly compensated for that," Han Zhuoling said.

Why should she be compensating him for that?!

It was not as if she had made him unsatisfied!

"However, why did you think of coming to look for me today?" Han Zhuoling asked with a smile.

Shi Xiaoya had not told him beforehand that she would be coming to the Han Corporation for work-related matters today because she had wanted to give him a surprise.

At this moment, Shi Xiaoya was still sitting on Han Zhuoling's thighs.

Han Zhuoling was hugging Shi Xiaoya like she was a small child. There was a slight blush on her face as she tried to go back down to a normal sitting position.

However, Han Zhuoling would not let her go and instead enclosed her with his arms. "You're not allowed to go down."

After a pause, he added, "Don't move about."

These three words made Shi Xiaoya recall the "Stop moving" that Han Zhuoling had said previously.

She was afraid that the rubbing of her body against his would light another fire in him.

So she became well behaved and truly stopped moving about.

"Why did you come over?" Han Zhuoling asked again.

"I came over for work-related matters, so I took the chance to come and see you as well," Shi Xiaoya said.

Han Zhuoling felt kind of angry but also found it laughable. "I was the secondary matter?"

Shi Xiaoya smiled in embarrassment, her lips pursed.

She locked her hands coquettishly around Han Zhuoling's neck. "I wanted to give you a surprise. That's why I deliberately didn't tell you I was coming over for work."

Her soft fingertips drew circles on his nape, spiraling around and around.

Every circle gave him goosebumps.

As she drew those spirals, Han Zhuoling's pupils gradually darkened.

His urge had not been satiated at all. So now that she was teasing him so carelessly, he was suddenly finding it a bit hard to bear.

At this time, he heard Shi Xiaoya say, "I just came here by chance to do a surprise attack and see if you're well-behaved at work and if there's anything I don't know about."

"How badly can I behave?" Han Zhuoling's eyes darkened further, and he pinched Shi Xiaoya's waist. "I'm about to die on you."

His dark gaze along with this line of speech... Shi Xiaoya's face suddenly became so flushed that she did not dare look at him anymore.

This man!

Why was he suddenly saying such a thing?

Seriously...

Shi Xiaoya felt that her whole body was about to heat up.

Han Zhuoling saw Shi Xiaoya's reaction and smirked. Then he kissed the corner of her lips.

Shi Xiaoya's ears became completely red.

She did not dare continue to stay here with him.

Her hand was useless right now, so if he were to become unable to bear it any longer, he would do her instead..

Chapter 2602: What a Coincidence

Struck by a bright idea, Shi Xiaoya said hurriedly, "I'm hungry."

How could she possibly keep her simplistic intentions hidden from Han Zhuoling?

Han Zhuoling's face showed that he clearly understood them. As Shi Xiaoya stared at his face, she felt very guilty.

"Let's go get something to eat," Han Zhuoling said, deciding not to scare her anymore.

As expected, Shi Xiaoya let out a sigh of relief and hurriedly climbed down from Han Zhuoling's thighs.

"What should we have for lunch?" Han Zhuoling asked her.

"I want to eat barbecued meat. It's just that the heavy smell sticks to you," Shi Xiaoya said.

She did not have many work-related matters to deal with in the afternoon, but Han Zhuoling still had to work.

"Sure," Han Zhuoling said. "I know a place nearby that exhausts the smoke out pretty well. Our clothes won't smell after we're done eating."

The moment Shi Xiaoya heard that, she immediately said happily, "Then quickly, take me there."

Han Zhuoling grinned and held her hand before they left together.

"If you already knew about it, why didn't you take me there earlier?" Shi Xiaoya grumbled.

"Don't we need to go one restaurant at a time? I brought you to a different restaurant last time. It wasn't time for this one then," Han Zhuoling explained with a smile.

Han Zhuoling did not have much of a desire to seek out good food. However, knowing that his girl was a little foodie, he would make note of restaurants he heard others compliment or ones he had had work lunches at and found to be pretty good.

It was because he wanted to bring Shi Xiaoya out to eat again.

The two people chatted and laughed as they walked to the elevator doors.

Han Zhuoling pressed the elevator button, and before long, the elevator doors opened.

However, the person who walked out of the elevator made the two people blank out at the same time.

It was Lian Qingyin.

Lian Qingyin was currently with the manufacturing department's Manager Zheng.

The two people did not expect to see Han Zhuoling and Shi Xiaoya there the moment they walked out of the elevator.

Lian Qingyin was extremely happy and automatically ignored Shi Xiaoya. She felt that this meeting was due to the fate she shared with Han Zhuoling.

Otherwise, why would she so happen to encounter him the day she came over to discuss work matters?

Lian Qingyin hurriedly said with pleasant surprise, "Zhuoling, what a coincidence."

Han Zhuoling's brows knitted together. He did not give a response.

Manager Zheng asked with a calm and collected expression, "What's going on?"

Having just heard Lian Qingyin call Han Zhuoling so intimately, Manager Zheng wanted to comment that things were truly as Lian Qingyin had said—she did have a really good relationship with Han Zhuoling.

However, Han Zhuoling's expression was unexpectedly unsightly. It was like he did not have much of a relationship at all with Lian Qingyin.

Manager Zheng felt there was something strange about this, so he said honestly, "CEO Lian came over to discuss a collaboration on a film."

When Lian Qingyin was overseas previously, she worked at a filmmaking company.

Presently, the domestic market was getting bigger and bigger. In particular, the Han Corporation had even acquired a Hollywood company that made films and television series.

Naturally, it was impossible for Lian Qingyin's company in Hollywood to ignore the Han Corporation's continually growing presence while they did not advance any further.

Additionally, Lian Qingyin's company felt they had very good prospects in the domestic market, so they established a subsidiary company here.

They specialized in targeting the domestic film market, so they hoped to collaborate and invest with some domestic entertainment companies to make some major blockbuster films on an international scale.

Lian Qingyin's company had sent her over specifically to be in charge of the domestic negotiations.

How could Lian Qingyin not have seized such a good opportunity?

Now, Lian Qingyin could make the decisions regarding all collaboration and investment matters for both the domestic subsidiary as well as the main company overseas.

Lian Qingyin could make the decisions completely on her own as to how much they would invest and who they would collaborate with. After that, she just needed to report it to the general headquarters.

As such, Lian Qingyin took advantage of the convenience that came with her position and immediately went to the Han Corporation.

She wanted to seize the opportunity to collaborate with the Han Corporation so that she could interact with Han Zhuoling a lot.

“After we finished talking about business, CEO Lian said that she’s old schoolmates with you and that you have a very good relationship.. She wanted to come over and greet you,” Manager Zheng said.

Chapter 2603: Dreaming

“Therefore, I accompanied CEO Lian to come and see you,” Manager Zheng said.

Lian Qingyin said immediately after Manager Zheng finished talking, “It is such a coincidence. I didn’t expect that I would see you the moment the elevator door opened. It’s as though you have been especially waiting for me.”

Shi Xiaoya’s face darkened.

No one else was as shameless as Lian Qingyin.

Especially waiting for her?

How shameless could she get!

She actually had the nerve to say that!

As Manager Zheng listened, he felt that something weird was going on.

Ever since Lian Qingyin saw Han Zhuoling, her attitude had become very weird.

She never greeted Shi Xiaoya nor even paid any attention to her.

And now, the way she was talking to Han Zhuoling... made it seem like there was something going on between him and her.

However, Han Zhuoling was already in a relationship with Shi Xiaoya.

Everyone in the company knew how loving Han Zhuoling was to Shi Xiaoya. There was no way Han Zhuoling would have any feelings for Lian Qingyin.

This meant that Lian Qingyin was just engaging in wishful thinking. She was the one who wanted something to happen between her and Han Zhuoling.

As Manager Zheng thought about this, he felt immense regret.

If he had known, he would not have brought her to see Han Zhuoling.

Like this, not only had he offended Han Zhuoling, but he had also offended Shi Xiaoya.

And it was all because of Lian Qingyin!

As the manager of the production department, Manager Zheng had to deal with many sly and cunning people, yet he lost against Lian Qingyin today.

He felt himself holding a deep grudge against Lian Qingyin.

He had analyzed numerous people. Looking at the current situation, he knew that he had been used by Lian Qingyin. Now that he had calmed down, he regained his ability to apply sharp judgment of people.

Manager Zheng observed Lian Qingyin's reaction. As he watched, he couldn't help but think that Lian Qingyin was not normal.

However, she still looked normal.

Manager Zheng shook his head. As of now, he needed to prove his innocence. He must make sure not to displease Han Zhuoling and Shi Xiaoya.

"Miss Lian, don't give it too much thought," Han Zhuoling said coldly. "Only my family members can make me wait outside my office."

Han Zhuoling continued, "And Xiaoya is my family."

Lian Qingyin refused to listen, however. She was hyperfocused on the fact that she saw Han Zhuoling the moment the elevator door open, which indicated that they shared a fate together.

If it wasn't because of this fate, why would she and Han Zhuoling be classmates for so many years?

If it wasn't because of fate, why would Han Zhuoling get a divorce during the time she returned to the country?

It was all because of this fate that they shared together.

As for Shi Xiaoya, she was just an obstruction between her and Han Zhuoling. She was just the item to test her relationship with him.

Many years in the future, she and Han Zhuoling would reminisce about this past. It would be part of that little act of romance that she and Han Zhuoling would do together.

She would act like a kid as she says to Han Zhuoling, "Back then, when you were in a relationship with Shi Xiaoya, I was watching from the side and very much hurt."

Han Zhuoling would then pamper her and say, "That was me being a fool and not waiting for you. But in the end, we still crossed paths and did not miss each other."

Shi Xiaoya would just be part of this act of romance done by her and Han Zhuoling.

She would be mentioned a few times and never be mentioned again.

Shi Xiaoya would become their past and would be completely forgotten.

Han Zhuoling and Shi Xiaoya had no idea that Lian Qingyin was dreaming.

If Han Zhuoling knew, he would say, "Since your dream is so beautiful, go home and keep dreaming. Dream forever."

However, at this moment, Han Zhuoling heard Lian Qingyin say, "Zhuoling, since we met, why don't we eat lunch together?"

Han Zhuoling felt grossed out by Lian Qingyin's way of doing things.

The grossest thing was not Lian Qingyin's delusional thoughts towards him but the fact that she ignored Shi Xiaoya. It was as though Shi Xiaoya was not in front of her at all..

Chapter 2604: Don't You Care About Our Past Relationship?

Han Zhuoling did not even give her any respect. "I'm not free. I have to eat with my fiancée."

"Fiancée?" Lian Qingyin was stunned.

She looked at Shi Xiaoya.

What fiancée?

Wasn't she Han Zhuoling's girlfriend?

Since when did she become his fiancée?

Lian Qingyin's unconsciously looked at Han Zhuoling's and Shi Xiaoya's clasped hands.

She finally saw the ring on Shi Xiaoya's middle finger.

"You guys... you guys are engaged?" asked Lian Qingyin.

At first, Han Zhuoling did not feel the need to answer her, but since there were people who knew her thoughts, Han Zhuoling felt that he needed to make it clear so that she could understand.

"Yes. I have been engaged with Xiaoya for quite a while," said Han Zhuoling.

Who would have known Lian Qingyin would recover so quickly from the shock?

She smiled. "But it wouldn't stop us from having a meal together, right?"

Shi Xiaoya was not angry anymore.

Because she thought that Lian Qingyin was ill.

Han Zhuoling forced a smile out of anger.

He ignored Lian Qingyin, turned his head, and asked Manager Zheng, "You told me she came to our company to talk. What did she want to talk about?"

Manager Zheng saw that Han Zhuoling was boiling with rage.

When he saw this, his calves started to give way.

But he still built up his courage to answer Han Zhuoling, "CEO Lian is the representative of Men Xue Film Industry. She came today to discuss matters regarding cooperative investment with us."

Han Zhuoling nodded, then he said to Manager Zheng in front of Lian Qingyin, "Contact the headquarters of Men Xue Film Industry and tell them that if they want to collaborate with the Han Corporation, ask someone else to come. If Lian Qingyin is the one in charge, then the Han Corporation will not collaborate with them. Let them know this is from me."

He was worried that Manager Zheng would be too courteous when passing the message, so he said, "Tell them in those words."

"Yes," replied Manager Zheng immediately.

Lian Qingyin's expression changed. If Han Zhuoling asked someone to pass this message to her headquarters, who would not know that she did something wrong to Han Zhuoling?

But did she do anything wrong?

No!

However, others would not think so; they would only think that Han Zhuoling would not partner up with Men Xue because of her.

Men Xue asked her to be the person in charge in the country because they valued her connections here.

But if she could not complete her first task, not only would it be apparent that she was not able to use her connections, but Men Xue's collaboration would also fail because of her. She might even lose her position.

One job was not important to her.

However, she chose this job to work in the same circle as Han Zhuoling.

If not, she would have gone to handle her family business; why would she work under someone and endure others' judgemental faces?

What made Lian Qingyin saddest was Han Zhuoling's thoughts, which he had revealed.

He did not care about their relationship in the past and wanted to shame her by destroying her path.

She thought about him wholeheartedly. Why would he do this?

She had many competitors at the headquarters.

It was not an easy path.

She had finally beat the others to become the person in charge in the country. She did all of that just to have more chances to interact with Han Zhuoling.

She even hoped to give more benefits to the Han Corporation.

If not, why would she seek out the Han Corporation first when there were so many film companies in the country?

It was all because of Han Zhuoling!

She did this for Han Zhuoling, but this was how Han Zhuoling treated her.

“Zhuoling, what are you doing?” Lian Qingyin’s face was filled with sadness.. “Why do you... not care about our relationship in the past?”

Chapter 2605: Delusional

Now, even Manager Zheng thought that she was mentally ill.

“Since when did I have any relationship with you?” said Han Zhuoling coldly. “Are you delusional?”

The hurt look on Lian Qingyin’s face grossed Han Zhuoling out.

He said to Manager Zheng, “Send her out. Don’t let her come again; as long as it’s her, do not give welcome.”

“Yes,” said Manager Zheng. “I didn’t know she was lying to me before.”

Han Zhuoling said in a deep voice, “I’ll allow it only this once.”

“Yes!” Manager Zheng was finally relieved.

The fact that Han Zhuoling said this meant that he would not look further into this matter.

“CEO Lian, please,” said Manager Zheng to Lian Qingyin.

“I’m not going. I want to be together with you,” said Lian Qingyin to Han Zhuoling.

Han Zhuoling’s face turned so dark that it was terrifying. He had never seen someone so shameless.

“If you don’t leave, I will ask security to throw you out,” said Han Zhuoling.

Since he had already decided that he would not partner up with Men Xue as long as Lian Qingyin was here, obviously, he would not be polite with Lian Qingyin either.

Obviously, Lian Qingyin did not want to be so humiliated as to be thrown out by security.

Han Zhuoling then pulled Shi Xiaoya to another elevator.

After the doors of the elevator had closed and the elevator had descended...

Manager Zheng said to Lian Qingyin, “CEO Lian, you too...”

Han Zhuoling had left, so there was no point for her to stay.

With a moody expression, she entered the elevator.

Until the elevator had reached the first floor, Lian Qingyin did not speak another word to Manager Zheng.

Clearly, she thought that Manager Zheng was of no use to her so she did not want to say anything to him.

Manager Zheng also did not want to say anything to her.

Since Han Zhuoling had expressed his hatred towards Lian Qingyin clearly, Manager Zheng also did not need to be polite with Lian Qingyin.

There was no chance for the two to be partners.

Even if they did collaborate, the representative that Men Xue sent would not be her.

Then, they reached the first floor.

Lian Qingyin would not leave just before, but now, she could not even wait for the doors of the elevator to open fully.

It had only opened a little and she had already turned sideways to squeeze out.

Manager Zheng felt weird and was worried that Lian Qingyin still had tricks up her sleeve.

Then, as he followed her out of the elevator, he saw that Han Zhuoling and Shi Xiaoya had already reached the entrance in front.

Lian Qingyin chased after them, trotting in her high heels.

Manager Zheng thought that something bad would happen, so he followed her to stop her in case she tried to do anything.

But Lian Qingyin was left behind the whole time and did not do anything else. Manager Zheng had no reason to stop her.

After Lian Qingyin had left the company, there was no reason to stop her at all.

The order that Han Zhuoling gave him was to send Lian Qingyin out.

Now that Lian Qingyin had left, Manager Zheng did not have anything else to do.

But little did he know, after Lian Qingyin had left and gotten into the car, she followed after Han Zhuoling's car.

She followed Han Zhuoling and Shi Xiaoya to a barbeque restaurant nearby.

Han Zhuoling and Shi Xiaoya were unaware that Lian Qingyin was tailing them carefully.

The barbeque restaurant did not have any private rooms; they only had rows and rows of tables.

The chairs were very tall and the tables were also a lot shorter than tables in normal restaurants.

The barbeque grill was positioned lower in the middle of the table while a smoke ventilator hung on top of the grill.

Shi Xiaoya thought, maybe it's because the grill was positioned lower than grills in other restaurants.

Before the smoke came all the way up, it was already sucked out, so they would not be stained with any smell.

Unexpectedly, after they had been seated for a while, they saw Lian Qingyin sit at the table next to theirs..

Chapter 2606: Why Are You So Selfish

Shi Xiaoya felt grossed out. How would they eat now?

Initially, everything was great and she had wanted to eat barbecue. However, the moment she saw Lian Qingyin, she lost her appetite.

"Let us go to another restaurant," Shi Xiaoya said to Han Zhuoling.

They did not own the restaurant, so they could not kick Lian Qingyin out.

Yet Lian Qingyin actually had a facial expression that seemed to be saying, "What a coincidence!" The moment Shi Xiaoya finished her words, she spoke. "Zhuoling, I can't believe that you are here! Such a coincidence."

Lian Qingyin stood up and took the seat beside Han Zhuoling before saying, "Let's eat together, shall we?"

Han Zhuoling stood up. His face darkened and it looked terrifying.

Lian Qingyin shivered internally. She was scared of the way Han Zhuoling looked.

However, she thought more about how handsome he looked even when enraged.

At this moment, Lian Qingyin looked at Han Zhuoling with an expression that seemed to be saying that she was wronged by him.

She just wanted to eat with him. How could he be so fierce?

She did not do anything wrong.

Shi Xiaoya couldn't bear it anymore as she said, "Miss Lian, please have some self-respect."

Lian Qingyin blinked in astonishment. "What did I do? Why did you tell me to have some self-respect? What did I do wrong now?"

"You are not welcomed here with us," Shi Xiaoya said coldly. "We did not invite you to dine with us at the same table. You followed us to this restaurant, but we cannot do anything about that. Since we do not own the restaurant and we did not build the road, we can't control which restaurant you go to or which road you drove on."

The corner of Lian Qingyin's mouth curved up slightly as she felt proud of herself.

Indeed, she had the nerve to follow them blatantly and even sit at the table next to theirs because she knew that they would not be able to do anything about it.

She had thought this through. If Shi Xiaoya could not tolerate her behavior anymore and asked her to stop following them...

She could say that the road belonged to everyone and that Shi Xiaoya had no right to tell her which road she should be on.

If Shi Xiaoya told her not to eat here, she had a good argument prepared as well.

She could say that they did not own the restaurant and had no right to control her choice of restaurant.

Yet, unexpectedly, Shi Xiaoya said those words, saving her the trouble of uttering them.

Therefore, Lian Qingyin said proudly, "I am glad you know."

Shi Xiaoya felt so angry that she started laughing. "It is true that we cannot control all those things. However, we are the ones dining at this table. We do not welcome you joining this table, so please leave it."

Lian Qingyin showed an expression that said, "How can you be so unreasonable?" At the same time, she said, "How can you be like this? I just wanted to eat here and you won't let me? How can you be so selfish!"

Lian Qingyin looked over at Han Zhuoling and said, "Zhuoling, how can you like a woman like this?"

"She is right," Han Zhuoling said coldly. "You have been shamelessly calling me Zhuoling and grossing me out to the point that I can't even eat. We did not invite you over to our table to eat with us. Go eat at another table. We don't care which. Just don't stay here and be an eyesore.

"Also, who I like has nothing to do with you. Who are you to judge Xiaoya? You can't even be compared to a strand of her hair."

Lian Qingyin could not believe what she had just heard. She shook her head and said in pain, "How... can you say that? I just wanted to eat with you."

Han Zhuoling refused to waste any more words on her. He called the waiter over and said as he pointed at Lian Qingyin, "This person keeps harassing us. Is your restaurant not going to do anything about this?"

The waiter hastily apologized to Han Zhuoling and quickly said to Lian Qingyin, "Dear customer, if you did not come with them, please return to your table.."

Chapter 2607: You Guys Are Being Such Big Bullies

"I know them, so how can this be considered harassing?" said Lian Qingyin. "I am his old classmate. This is just a reminiscence between old classmates. It's not like we are strangers."

The waiter was having a hard time. Han Zhuoling scoffed. "I don't know this woman. I don't know where this mentally ill person came from; she's delusional and thinks that she knows me."

"Zhuoling, how can you say that?" Lian Qingyin to the waiter, "He's Han Zhuoling. See, I do know him."

"We don't know her," said Shi Xiaoya. "My fiance's picture and name often appear on the news. It's normal for him to be recognized by other people. This woman might be a crazy fan who can't differentiate between imagination and reality, so she keeps saying she knows us."

The other customers in the store were also watching. Suddenly, they heard someone say, "It sure is. There are fans who are crazy, saying they have some sort of relationship with their idols and even stopping the idols from getting married."

"Yes. There were some who committed suicide because of their idols. Some even tried to commit suicide to force their idols to stay single because their idols were getting married."

"What did those idols even do? They are so unlucky to have to deal with those maniacs."

"All of that was shown in the news, and I was surprised there are people like this. I didn't think I would be able to see one with my own eyes."

These customers did not talk loudly.

But there were some who were close enough that Lian Qingyin vaguely heard some of the things they were talking about.

Lian Qingyin was furious inside, but outside, she was crying. "You... don't talk nonsense. I know him! I really do! We were classmates!"

Someone could not watch anymore. There was a lady who had just wanted to eat here with her boyfriend. She said loudly, "So what if you really know him? He's eating with his girlfriend, and you just have to ruin that. How can he have any peace? He kept ignoring you, so don't you know what kind of attitude he has towards you? You insist on grossing people out. Such a lowly person!"

"What did you say?" Lian Qingyin stood up aggressively and rushed towards that lady as if she wanted to use violence.

The lady had spoken up for them, so how could Shi Xiaoya just watch on the sidelines? She rushed over straight away.

Han Zhuoling was faster than her and pulled Lian Qingyin backward.

The lady who spoke up got scared by Lian Qingyin, and her boyfriend pulled her over to protect her.

That lady said angrily, "You're mental! I think you should go to the hospital and get your brain checked! Such a maniac!"

"This is terrifying! This woman is crazy!"

"Why is there a maniac in this restaurant? Hurry up and call the cops!"

"Call the cops! Hurry up and call the cops! Take her away! She almost hurt someone just now!"

“Absolutely! This is a barbeque store, with charcoal fire everywhere; if something bad happens, it won’t be a small injury.”

The restaurant manager came out hurriedly. He saw that the situation was very chaotic, so he spoke about calling the cops immediately.

“You... you guys are being such big bullies!” screamed Lian Qingyin, full of hurt, and ran out.

The customers finally let out a sigh of relief. Without a maniac, they could finally eat in peace.

Shi Xiaoya went to thank the lady and apologized to everyone for disturbing their meals.

The customers were reasonable and said, “This is not your fault, don’t take it to heart. Whoever has to deal with that maniac is bound to break down. But you guys are probably going to be bothered by her again..”

Chapter 2608: Hospitable

After this whole mess, Shi Xiaoya completely lost her appetite.

And so, the two left.

Shi Xiaoya was still worried that Lian Qingyin might be hiding nearby and would be following them again.

The customer at the restaurant was right. It was indeed annoying to have to deal with such a maniac.

“Why don’t we go back to your office and order some food?” Shi Xiaoya asked.

“Okay.” Han Zhuoling nodded.

The two got into the car and went back to the company.

Han Zhuoling looked at Shi Xiaoya with tired eyes. “Sorry, it’s all because of me.”

He was the one who had attracted this maniac.

Shi Xiaoya did not mind. She was disgusted by Lian Qingyin but did not have anything against Han Zhuoling.

“It is not your fault,” Shi Xiaoya said.

Han Zhuoling’s eyelids felt heavy. How could he let Lian Qingyin gross people out?

For now, he decided to think about what he would do about this later.

The two returned to the company and ordered some food.

Tong Chunian and Zheng Tianming went to eat, so they did not know Han Zhuoling and Shi Xiaoya had returned after being gone for a short while.

“What work do you have in the afternoon?” asked Han Zhuoling while waiting for their food.

"I don't have anything in the afternoon," said Shi Xiaoya.

It was music to Han Zhuoling's ears. "Since that's the case, you should stay here for the afternoon."

Shi Xiaoya shook her head immediately. "How can I do that? You're working here, so how is it reasonable for me to stay here?"

"Why is it unreasonable?" asked Han Zhuoling.

"I would disturb you. Also, Secretary Tong has to come in and report his work to you sometimes; if I am here, it would be so awkward," said Shi Xiaoya.

"I have a bedroom inside. If you're worried about disturbing me, you should have fun inside and sleep when you're tired. If you miss me, then come out and see me," said Han Zhuoling. "But of course, I would rather you stay here with me, because then, when I am working, I can see you if I just raise my head."

Han Zhuoling said sweetly, "I have been wanting this for very long. When I am tired of working, I can look at you and my exhaustion would disappear."

Shi Xiaoya laughed. She had become a tool to get rid of exhaustion?

Then she heard Han Zhuoling say, "If you didn't have a job, I would have made you follow me every day. Then I would be able to see you during work. How nice."

"..." Shi Xiaoya did not know what to say anymore. "Fine. If I won't disturb you, then I will stay here."

As the two of them agreed, the lunch Han Zhuoling had ordered also arrived.

Shi Xiaoya's hand was still not very strong, so she could not hold her chopsticks steadily.

When she tried to take food with her chopsticks, her hand would shake.

She could not hold it properly, and the food dropped when her chopsticks loosened up.

Shi Xiaoya was extremely embarrassed. It was so embarrassing to not be able to eat properly.

However, Han Zhuoling knew clearly why her hand was shaking.

Han Zhuoling felt very guilty inside.

Had it not been for him holding on to Shi Xiaoya's hand and not letting go previously, Shi Xiaoya's hand would not be shaking so vigorously.

So Han Zhuoling was diligently taking food for Shi Xiaoya.

If Shi Xiaoya did not refuse, Han Zhuoling would feed her.

In the end, Shi Xiaoya insisted on using a spoon, so Han Zhuoling only needed to put food in her bowl.

She scooped some rice and ate it with the other dishes.

When afternoon came, Shi Xiaoya stayed in Han Zhuoling's office.

Because Han Zhuoling wanted to be able to see her when he raised his head.

Unable to do anything, Shi Xiaoya could only agree. If someone came into the office, she would go into the bedroom.

In the meantime, Han Zhuoling asked someone to prepare some snacks and drinks.

Shi Xiaoya was playing while eating, and she felt cozy.

But due to the fact that she was not doing anything, she would feel tired even if she was just playing around..

Chapter 2609: Outrageous

Shi Xiaoya still ended up sleeping in the bedroom.

It was finally the end of the working hours. Fortunately, Han Zhuoling didn't need to work overtime.

Shi Xiaoya recalled that she had not visited Lin Liye for a long time. And so, the two went to see Lin Liye.

But they did not expect to see another pair of high heels at the entranceway.

The shoes were designed for young people. It was not the style that Lin Liye would wear.

Han Zhuoling didn't care about fashion, so he naturally did not remember the style or design.

However, when Shi Xiaoya saw the shoes, she thought they looked familiar.

Her brows furrowed, and she remembered that Lian Qingyin was wearing the same shoes.

It couldn't be that someone just so happened to come see Lin Liye wearing the same shoes as Lian Qingyin!

However, if it was Lian Qingyin...

Haha, then this would really be a coincidence.

Shi Xiaoya had yet to tell Han Zhuoling what she had discovered when Lin Liye heard them coming and went to the door. Lin Liye looked at them as though she had met her saviors

She breathed out a sigh of relief while hastily saying, "You guys are finally back. If you hadn't arrived, I would have had to call you."

"What happened?" Han Zhuoling asked as he saw Lin Liye's expression. He then looked at the pair of women's shoes on the ground.

"A Miss Lian, who claimed to be your old classmate, came to visit," Lin Liye whispered.

Lin Liye cast a glance at Shi Xiaoya and glared at Han Zhuoling as she said, "When were you friends with a female classmate? Why did I not know about it!"

Through the conversations with Han Zhuoling's old classmate, Lin Liye could tell that the old classmate was into Han Zhuoling.

If it was before Lin Liye met Shi Xiaoya, Lin Liye would be happy about this.

She would think that though Han Zhuoling looked cold and scary, someone like him could still attract girls.

And so, she wouldn't worry about his relationship problems.

But currently, Han Zhuoling and Shi Xiaoya were in a happy relationship. There was obviously no need for another girl to appear.

Lin Liye was not happy at all. She was only worried.

"You better solve this issue! It's outrageous for a girl to appear out of nowhere!"

What if Shi Xiaoya got mad about this?

She really liked Shi Xiaoya. Even if she didn't, Shi Xiaoya was still a kid that the members of the Shi family loved and adored.

She had promised the Shi family that she would treat Shi Xiaoya well.

The promise had been made not too long ago. How could they make Shi Xiaoya mad?

When Han Zhuoling heard from Lin Liye that it was a certain Miss Lian, he looked very angry.

When Lin Liye saw Han Zhuoling's expression, she knew that Han Zhuoling was acquainted with that girl.

It was probably a complicated relationship. Immediately, Lin Liye's face looked unhappy.

If there weren't any guests, she would have taken off her slipper and slapped Han Zhuoling with it.

Han Zhuoling was already in a relationship with Shi Xiaoya, yet he was still getting involved with other girls?

Outrageous!

Shi Xiaoya whispered to Lin Liye, "Ma'am, we both know Miss Lian. It is not Zhuoling's fault. It's just that Miss Lian is too..."

Shi Xiaoya didn't even know how to finish her sentence.

In her opinion, only one phrase—sick in the head—could best describe Miss Lian.

Unfortunately, one cannot reason with a maniac.

For example, Wang Qianyun had a crush on Han Zhuoli and attempted to harm Lu Man.

However, Wang Qianyun knew that Han Zhuoli did not like her.

Because Wang Qianyun knew that, she did not blatantly follow Han Zhuoli. Instead, she hid away and planned secretly.

When Xia Yixin was pestering Han Zhuoling, they were able to fight back with mere words.

Yet Lian Qingyin was truly sick in the head..

Chapter 2610: It Sounds So Strange

She's extremely stubborn

She kept on following them; she either could not feel anything or did not want to feel anything.

Whatever words of rejection they used, she did not seem to understand.

She kept on saying the same reply, saying she wanted to reminisce with Han Zhuoling and asking what was wrong with that.

It was as if she was never wrong, it was always other people who were unreasonable.

They did not even think for a moment that Lian Qingyin would come to their house.

Han Zhuoling frowned. "She is pestering me like a maniac."

"It's like she's tailing us," added Shi Xiaoya.

Lin Liye drew a sharp breath out of shock. Shi Xiaoya suddenly remembered something and said, "Auntie, do you remember seeing the photos of Han Zhuoling when he was still in school at the family home?"

"I remember. What about them? Was she in the pictures?" Lin Liye responded quickly.

Shi Xiaoya nodded. "It's what I mentioned before. In every photo, there is always the same girl hiding in the corner and looking at Zhuoling. She's in every photo. That's her."

Lin Liye took a breath. She was not sure whether it was as simple as liking someone and wanting to destroy people's relationship.

Lin Liye thought she was a pervert!

When she thought about how she let Lian Qingyin come in and sit here for so long, a chill was sent down Lin Liye's spine.

"How long has she been here?" asked Han Zhuoling.

Lin Liye counted. "Almost two hours. When I heard the doorbell and turned on the door phone, I already saw her. She seemed very courteous, saying that she was your classmate and had just returned from overseas, so she came to visit. She even brought gifts. Her courtesy was excellent."

Perhaps Lin Liye took too long to respond. Lian Qingyin only knew that someone came, but she didn't know who came back.

But if it was a guest, it should not be that quiet; they would be very loud at the entrance.

So Lian Qingyin's instinct told her that maybe Han Zhuoling came back.

Nobody came even after she'd been waiting so long, so Lian Qingyin thought that they were talking bad about her at the entrance.

But she was more afraid that Han Zhuoling learned that she was here, making him turn around and leave without entering.

So Lian Qingyin could not sit still any longer; she could not leave without seeing Han Zhuoling.

She did not care that she was a guest at someone's house. She rushed to the door.

She saw that Han Zhuoling was still there and she was overjoyed. "Zhuoling, you're back!"

This sentence sounded so strange.

Even Lin Liye looked at Lian Qingyin, weirded out by her.

This made Lin Liye think that this would be what a wife would say to her husband when he returned home.

Even though she had that feeling, she had not been able to see anything bad from looking at Lian Qingyin.

She could not think that someone was off just because she felt strange.

People would say that she was overthinking.

But besides that, Lin Liye had still felt that something was not right.

She found out what was wrong very quickly

From the start to the end, Lian Qingyin did not care about Shi Xiaoya at all.

If it was not for Shi Xiaoya's presence, just by looking at Lian Qingyin's actions, Lin Liye would think that Shi Xiaoya was not there.

Lin Liye frowned, and her face darkened.

Lian Qingyin smiled at Han Zhuoling. "Zhuoling, I was here to see Auntie. I didn't think that you would be here. We were just talking about you."

Lin Liye smiled coldly. "We didn't actually talk about anything. I was just listening to Miss Lian talking about things that happened when she was still in school.."
