Chapter 261: Make It Such That She Can't Join The Filming Crew

Xia Qingyang was so proud that she straightened her back and pretended to be enlightened, "What you say has logic, after all, considering their living standards, we can't understand it."

After she finished saying that, she gloatingly brought Lu Qi to leave.

"Wait!" Xia Qingwei took the fruit basket and threw it at them, "Take this back and eat it yourself!"

Enraged, Xia Qingwei was trembling with anger, she lashed out even after closing the door, "What kind of people are they! Assh*les!"

"Mom, don't be angry anymore, they are not worth it," Lu Man convinced her, she was not influenced by the drama that had unfolded just now and continued washing the dishes.

Xia Qingyang and Lu Qi had fallen into the trap set by her, so what was there to be angry about!

Meanwhile, Xia Qingwei sat down to drink a cup of cold water, having finally calmed down with great difficulty, "Right, Man Man, just now when Lu Qi called to ask about your penalty for breaching the contract, I was very scared that I would accidentally expose you. It could not be... it could not be that you really need to pay 10 million yuan if you breach the contract right?"

"Mom, what are you thinking? No matter how excellent director Sun Yiwu is, he can't just randomly decide such things. A 50,000 yuan salary having a 10 million yuan contract breach fee, only Xia Qingyang and Lu Qi are dumb enough to believe it," Lu Man smiled and said, cleaning the bowls that had been washed with a dry cloth and put them away properly, "Actually I have a 200,000 yuan salary and the cost of the contract breach is five times that, so it's only 1 million yuan. However, I definitely won't breach the contract."

Xia Qingwei patted her chest, letting out a long breath of relief, "That scared the h*ll out of me, I really thought that it was unreasonable too. But how come when Lu Qi asked someone she could not manage to find out?"

"It's not that she did not manage to get the information, it's just that with Big Brother Han around, no matter who she asks, the other party will only follow what I say and won't tell the truth to Lu Qi. So when she said she will ask about it, I wasn't worried," Lu Man explained.

Right now, Xia Qingwei really could not be more satisfied with Han Zhuoli as her future son-in-law.

"Man Man you should rest early, tomorrow you need to join the film crew. Although you lied to them about how much you are getting paid and the cost of a contract breach, but the filming is actually risky and difficult. I'm afraid that once you start filming, you won't have time to rest anymore."

"Alright."

Xia Qingyang and Lu Qi returned to the car. As Xia Qingyang thought about it, she felt even more bitter. Lu Qi had nothing to film, but Lu Man, someone with no experience at all was going to film a movie!

“No, even if you don’t take on this film, I still won’t allow Lu Man to film!” Xia Qingyang was unwilling to take it lying down.

“Mom, what do you want to do?” Lu Qi saw that Xia Qingyang seemed to have an idea.

Xia Qingyang smiled evilly, “Didn’t she say that if she breached the contract she needs to pay 10 million yuan? Then let her be unable to join the film crew! Let me see how she can find the money when that happens!”

Lu Qi blinked, then said in surprise, “Right! How did I not think of that, Mom, you’re so smart!”

“At that time, she could not even afford 100,000 yuan of surgery fees, so 10 million would almost ruin her and make her take her own life. At that time, wouldn’t she still need to return to our family? Then we’ll take back all that she owes us!” Xia Qingyang gritted her teeth and said evilly.

Sun Yiwu’s new movie had already finished filming at the other places, and right now, they were filming at South Yunnan and were only left with Lu Man’s parts and some final scenes.

The production company had already bought the plane tickets for Lu Man and Lu Man needed to first take a five-hour plane, and then her crew members would pick her up at the airport, and then she would have to take a two-hour car ride to a small city in South Yunnan.

Although Lu Man would enter the production group in the afternoon, the journey would take more than seven hours, and hence she needed to set off very early.

So Xia Qingwei also woke up early and made a piping hot breakfast for Lu Man.

Lu Man simply ate two small buns and a bowl of porridge before dragging her luggage and getting ready to set out.

Chapter 262: What Right Do You Have To Stop Lu Man From Joining The Film Crew

“Once you reach the airport and meet the people in the crew, give me a call. Also, after you reach your destination and settle down, give me another call,” Xia Qingwei instructed, not at ease.

Although Lu Man had traveled a lot with Lu Qi in the past, she was now traveling alone, hence Xia Qingwei was very worried.

“Alright,” Lu Man smiled and answered, not at all thinking that Xia Qingwei was being naggy, “Before I fly, I’ll also give you a call to inform you.”

“Yes!” Xia Qingwei nodded her head, “Have you taken your identity card, your wallet, and your bank cards? Even if you forget to bring anything else, don’t worry as these are the most important and whatever you are lacking you can buy when you reach there.”

"I've taken them," Lu Qiyuan dragged the luggage and reached the doorway, "Mom, when I'm not at home, you need to take care of yourself. If Xia Qingyang or Lu Qiyuan come here again, don't even open the door for them, let them continue knocking on the door, don't care about them. No matter what the situation is, let me settle it when I come back. If there is a problem, you can go and find Big Brother Han, you don't need to be too polite with him."

"Don't worry, Xiao Han has already instructed me on these things. When you are outside, just focus on filming and take care of yourself, don't let yourself get hurt, there's no need to worry about things at home. If there's anything, I'll give you a call," Xia Qingwei turned around to convince Lu Man not to worry.

Lu Man smiled and went to open the door, but who knew that upon turning the doorknob, it would not turn at all.

She frowned and tried again, but it still did not turn, and when she tried to pull the door open, it would not even budge.

"What is it?" Xia Qingwei asked.

"I can't open the door."

"What's going on?" Xia Qingwei came over and turned the doorknob and pulled on the door, yet did not succeed.

"Mom, listen! Can you hear some kind of sound from outside?" Lu Man put her index finger in front of her lips and lowered her voice.

Xia Qingwei stopped and listened carefully, there were indeed some sounds outside.

Lu Man leaned on the door and looked stealthily through the peephole on the door, and what she saw made her fly into a rage and grit her teeth.

Lu Qiyuan and Xia Qingyang were outside the door, Lu Qiyuan had even brought a few bodyguards who were fiddling with her door.

"Who did you see?" Xia Qingyang saw that Lu Man's expression was not right and pulled Lu Man aside. When Xia Qingyang saw Lu Qiyuan and Xia Qingyang through the peephole, she saw red everywhere and started trembling.

Xia Qingyang raised her voice and yelled, "Lu Qiyuan! I know you are outside, open the door right now!"

"No! Open the door to let Lu Man go to the film location?" Xia Qingyang laughed sarcastically.

At that instant, Xia Qingwei lashed out, "Lu Qiyuan, what right do you have to stop Lu Man from joining the film crew!"

"It's for her own good," Lu Qiyuan said, "If Lu Man wants to act, she can tell me and I'll find resources for her and let her film, there's no need to take upon such a dangerous role. What kind of mother are you, not caring at all that she might get injured while filming?"

Xia Qingwei laughed loudly. “Lu Qiyuan from when did you start caring about Lu Man so much? You just don’t want her to film, you just cannot stand that she is living well!”

“I’m Lu Man’s biological dad, how could I not want the best for her?”

“Don’t call yourself Lu Man’s father anymore, you aren’t worthy! You’re shaming the term father!” Xia Qingwei was seeing red everywhere as if she wanted to kill someone, “Lu Qiyuan, I really don’t understand, why is it that you can’t stand Lu Man living well? You only like Lu Qi, that’s alright, then Lu Man can just act like she doesn’t have you as a father. Lu Man wants to go and film, also it’s just the role of a third female lead, she did not even block Lu Qi in any way, yet you are still stopping Lu Man anyway, not willing to let her live well? We are living our own lives happily and have nothing to do with you all, so can all of you just stop constantly coming here and disgusting us!”

Chapter 263: Can You Be Sure That Lu Qi Is Your Biological Daughter?

“What are you saying? Lu Man is my daughter, why don’t I have the right to care about her?” Lu Qiyuan was displeased, Lu Man was his daughter and she would be his daughter for a lifetime.

“As long as my blood still flows through Lu Man’s veins, she must call me ‘dad’ and listen to me! You want to break off relations with me? Impossible!” Lu Qiyuan gloatingly had an evil smile on his face, “Unless, she totally loses all the blood in her body and no longer has any of my blood in her.”

Basically, he was asking Lu Man to die!

Either she had to die or as long as she lived even if she did not want to, she still had to call him dad!

“Pei 1 ! You shameless thing! Lu Qi is your daughter, but Lu Man isn’t? At that time, I also risked my life to give birth to Lu Man for you! I don’t ask that you do anything for Lu Man, but Lu Man got the opportunity on her merit, don’t block her way! Don’t keep working against her! Why do you insist that she must always give way to Lu Qi? Lu Qi lacks in skills, so why must Lu Man make a sacrifice?”

At that moment, Lu Man finally managed to open the door, but could only open a small gap.

That was because the bodyguards had nailed a thick metal chain outside the door.

Xia Qingyang was enraged and her eyes were red in fury. Upon seeing the shameless couple outside, she suddenly smiled. “Lu Qiyuan I can be sure that Lu Man is your biological daughter. After all, at that time, you were home every day with me. But can you be sure that Lu Qi is your biological daughter? When you were with me, you could not be with Xia Qingyang. At that time, you and Xia Qingyang were still meeting in secret and you could only see her once in a long while. Can you be sure that at that time besides you she had no one else? She had a husband at that time and since she could not stand the loneliness, she had an affair with you, couldn’t she have found someone else because you weren’t with her all the time?”

Xia Qingwei smiled cruelly. “Of course, Lu Qi could be your daughter, but she could also be Xia Qingyang and her ex-husband’s, but she’s more likely to be another man’s daughter. When Lu Qi was born, with your suspicious nature, did you really not think of doing a test? I need to say that Xia Qingyang is really very talented. It’s not wrong that I lost to her, I could not be as shameless as her!”

Lu Man did not imagine that the Xia Qingwei who was usually an honest and upright person with a good temper would have such a poisonous tongue.

Upon seeing Xia Qingwei lash out, Lu Man felt that her own pent up hatred was finally being released through Xia Qingwei!

Through the gap that was as wide as a palm, she saw hatred blaze in Xia Qingyang's eyes. "Xia Qingwei, stop spouting nonsense!"

All along, it was Xia Qingyang who would always anger Xia Qingwei, but this time, Xia Qingyang was really angered by Xia Qingwei instead to the point that she almost went berserk.

Xia Qingwei's words would induce a heart-attack!

Lu Qiyuan was a very suspicious person, and honestly, he could be easily manipulated by what he hears, if anyone even spouts nonsense, he won't hesitate to suspect.

As expected, she saw Lu Qiyuan's expression change.

Xia Qingyang hurriedly hugged Lu Qiyuan's arm, "Qiyuan, don't listen to her bullsh*t! She just hates how well you are treating me and feels unhappy in her heart!"

Lu Qiyuan patted the back of Xia Qingyang's hand, "Don't worry, why would I suspect you?"

When Xia Qingwei saw them acting like that, she was so disgusted she wanted to vomit and shook the door as hard as possible, even pulling the metal chain on the door until it kept ringing, "Lu Qiyuan open the door now!"

"Impossible! You both can just be well-behaved and stay at home, as for food and water, I'll have someone send it over, but Lu Man definitely can't join the film crew," Lu Qiyuan said coldly.

"This is illegal, I will report this to the police!" Xia Qingwei said angrily.

"You can call the police, but by the time the police come and let Lu Man out, she won't be able to make it on time to the flight and would have no way of reaching the filming location on time, ending up breaching the contract!" As soon as Lu Qiyuan thought about the 10 million yuan fee for breaching the contract that Lu Man definitely could not afford, he felt great.

Chapter 264: Police Officer, This Is All A Misunderstanding

Yet, in the end, Lu Man would still ask him for money, making him lose 10 million yuan and this made his heart ache in pain.

But if it could make Lu Man listen to him obediently, it was worth it!

At that moment, he wanted this unfilial daughter of his to know who was the one with the power!

As for the disrespect Lu Man had towards him in the past, he wanted Lu Man to pay!

"So this is your goal!" Xia Qingwei was so livid that she started to laugh loudly, her eyes full of deep contempt.

How could there be such a disgusting person like Lu Qiyuan!

Actually, Xia Qingwei still did not know something that Lu Qiyuan had planned.

At the same time as they had locked Lu Man in, Lu Qi was rushing towards the "Greedy Wolf Operation" set.

Although Lu Qi felt that it was tough and she would earn very little, yesterday when she went back home and thought about it, she felt that she should not listen to Lu Man.

What if Lu Man was just saying it to scare her?

Hence determined, Lu Qi still went to the set.

At that time, since Lu Man would not be there and the crew would not have any other replacement, they would have to give her the role.

So what if she did not know martial arts?

She did not believe that Lu Man really knew martial arts, she was definitely lying to her!

Actually, it was an opportunity to star in Director Sun Yiwu's movie, let alone the third female lead and the 50,000 yuan pay, even if she had to act for free, she would gladly accept it.

"Lu Qiyuan, it's alright that you don't treat Lu Man as your daughter. But if you ruin her future, I refuse to live under the same sky as you!" Xia Qingwei's eyes were full of blood and through the door crack, she roared at Lu Qiyuan.

Right now, Xia Qingwei was apoplectic and full of hatred.

She even regretted that she had been blind to fall for this kind of b*stard back then!

Otherwise, her daughter would definitely not be suffering so much!

"You can bully me, but you can't bully my daughter!" Xia Qingwei yelled furiously.

Xia Qingyang gave a sneer of disdain. "You only know how to shout, you can't do anything but threaten. We have locked you, mother and daughter duo, here and won't let you out. What can you do?"

"We can take you two and make a trip to the police station," Suddenly, a deep and stern male voice rang out from behind Lu Qiyuan and Xia Qingyang.

The two of them were shocked and turned their head back to see a few men who were wearing a police uniform.

The man in the front was very young but had a terrifying aura, it was Mo Jingcheng!

"We are arresting you with the crime of illegal imprisonment." Mo Jingcheng waved his hand, "Take them away!"

"It's a misunderstanding! All of this is a misunderstanding!" Lu Qiyuan hurriedly said.

Whereas, Xia Qingyang hid behind Lu Qiyuan, her face turning white.

When did Xia Qingwei call the police?

This was not right!

Even if she called the police, the police could not come here that fast!

“Yes, police officer, this is all a misunderstanding! We know each other,” Xia Qingyang hurriedly explained, “Inside the house is my elder sister and my step-daughter.”

“Yes, it’s my ex-wife and daughter inside,” Lu Qiyuan also hurriedly tried to explain.

What was this, it was really messy!

Mo Jingcheng already knew the relationship between Lu Man and the Lu Family, but the subordinates under him did not know, hence when they heard it, they felt that Lu Family was too messy.

But very quickly, they figured out the relationship between the people there.

Instantly, they all looked at Lu Qiyuan and Xia Qingyang with despise.

Wasn’t Lu Qiyuan having an affair with his own sister-in-law?

Yet he still had the face to tell this so openly?

If it were them, they would not have said anything and would have lived low-key lives.

This was really shameless!

“We’re just joking with them,” Xia Qingyang laughed in a low voice, “What crime of illegal imprisonment, it’s not... not that serious, it really not that serious!”

“Yes!” Lu Qiyuan turned to talk to Xia Qingwei, “Qingwei, don’t you agree? We are just joking around.”

Just as Lu Man was about to open her mouth and expose their lie, she was pulled back by Xia Qingwei.

Chapter 265: She Hasn’t Even Acknowledged You, Yet You Are Calling Her Mother-In-Law Already

From now on anything to do with going against Lu Qiyuan, she, Xia Qingwei, would do it herself.

No matter what, from an outsider’s point of view, even though Xia Qingwei had divorced Lu Qiyuan, Lu Man was still Lu Qiyuan’s daughter.

If Lu Man directly caused her own dad to go to jail, then people would criticize and scold her for being an unfilial daughter.

So for such things, she, Xia Qingwei, would take the blame!

“Police Officer, don’t listen to their bullsh*t! They want to illegally imprison us!” Xia Qingwei said and took out her phone.

“This is the evidence!” She pressed down on the play button, and Lu Qiyuan’s voice instantly played from the phone.

“Impossible! You both can just be well-behaved and stay at home, as for food and water, I will have someone send it over, but Lu Man definitely can’t join the film crew”

Lu Qiyuan expression changed greatly, he almost lost his head and started stammering, “No no no... it’s not like that! It’s not... not...”

“Bring them away!” Mo Jingcheng ordered coldly.

Even when Lu Qiyuan and Xia Qingyang were handcuffed, Xia Qingyang kept on insisting that it was all a misunderstanding, but no one was listening to her.

At the same time, Han Zhuoli brought bodyguards over and the bodyguards and the police officers shielded Lu Qiyuan, Xia Qingyang from Han Zhuoli.

And thus, the two did not see Han Zhuoli.

Then the bodyguards that Han Zhuoli had brought over instantly went forwards and removed the metal chain, opening the door to let Xia Qingwei and Lu Man out.

“Mom,” Han Zhuoli called.

In the mess, Lu Qiyuan heard that call, and wanted to turn around to see who called Xia Qingwei Mom, but just as he was about to turn around, he was pushed away by someone, “Where are you looking around!”

“Xiao Han!” Xia Qingwei had a face full of surprise, she did not think at such a vital moment, Han Zhuoli would appear here!

“Auntie,” Mo Jingcheng also came up with a smile on his face and greeted her.

Even more surprised, Xia Qingwei asked, “You’re Xiao Han’s friend?”

“Yes,” Mo Jingcheng smiled and nodded before turning around to greet Lu Man.

The last time they had a get-together, Mo Jingcheng was working overtime and thus did not manage to make it.

This was also Lu Man’s first time seeing Mo Jingcheng.

Before this, Mo Jingcheng was also staying in the same hospital as Xia Qingwei, but Han Zhuoli had hidden Lu Man’s situation very well, and hence Mo Jingcheng did not know about it.

“Both of you... thank you, both of you came just in time!” Xia Qingwei was elated.

“Auntie, we still have to trouble you to come with me to the police station, and explain the whole situation in detail, we also need the evidence in your phone,” Mo Jingcheng said.

“Of course, that’s not a problem,” Xia Qingwei agreed but hesitated, “But Lu Man needs to go to the film crew, if she comes along, she won’t make it on time.”

“It’s not a problem, you can just represent her as well. However, although this is illegal imprisonment, Lu Qiyuan and Xia Qingyang’s actions are not enough to be considered a big crime, and we can only imprison them for 15 days at most,” Mo Jingcheng straightaway told that to Xia Qingyang.

“That I know, but as long as I can give them a lesson it would be good enough.” Xia Qingwei nodded her head in understanding before urging Lu Man. “If you go to the airport now, can you still make it on time?”

Lu Man looked at her watch and sighed, “I won’t make it on time, there’s still half an hour for the plane to take off, but even if I rush now, it won’t make it.”

“That’s why I am here,” Han Zhuoli smiled, raising his hand to put it on the top of Lu Man’s head before rubbing it softly, “I’ll send you to South Yunnan.”

Lu Man was stunned.

Not to the airport, he wanted to send her directly to South Yunnan!

So far!

“My mother-in-law is here, so please help me take care of her,” Han Zhuoli told Mo Jingcheng.

Mo Jingcheng’s eyelids twitched, in his heart, he thought, *she hasn’t even acknowledged you, yet you are already calling her mother-in-law, isn’t it too early?*

Han Zhouli was quite thick-skinned, shameless!

“Don’t worry,” Mo Jingcheng’s lips were twitching as he spoke, “After Auntie finishes recording her statement at the police station, I’ll personally send her back.”

Chapter 266: Being Forced To Watch A Public Display Of Affection

“There’s no need, there’s no need,” Xia Qingwei was too embarrassed to trouble Mo Jingcheng, “How can I trouble you, you are so busy, I can just come home myself.”

“Mom, he’s my good friend, there’s no need to be too polite with him,” Han Zhuoli said.

“Right,” Mo Jingcheng smiled and said, “Whenever both Lu Man and Zhuoli are not here if you ever have anything you can just find me.”

“Ah, alright, thank you.”

“Let’s go first,” Han Zhuoli grabbed Lu Man’s hand.

Xia Qingwei hurried, “Right, both of you should leave quickly, don’t delay anymore.”

“Alright, then Mom, I’ll give you a call when I reach.”

Lu Man followed Han Zhuoli and Mo Jingcheng then brought Xia Qingwei to the police station to record her statement.”

“Are we going to the airport now?” Lu Man asked.

“Yes.”

“But I checked just now, the next earliest flight today is 2pm today.” Lu Man had just checked on her cell phone.

“We are taking a private plane,” Han Zhuoli said, “I promise that you can make it on time.”

Lu Man had a scare, just for her to join the crew to film a show, they needed to do so much.

However, since it was her boyfriend who was willing to dote on her so much, she... she was also felt at ease.

Taking a look at Xiao Chen who was driving a car, Lu Man saw that he was very focused.

Thus, Lu Man quickly kissed Han Zhuoli’s cheeks and spoke coyly, “Big Brother Han, you are really good. Thus I’ll accept it with ease!”

It just happened that Xiao Chen was happened to glance at the rearview mirror and saw that scene.

Xiao Chen’s heart felt bitter, he was being forced to watch a public display of affection.

Who asked you to no dare to roll up the partition!

Xiao Chen quietly raised up the partition, reminding himself that from now on, he had to learn from this lesson, as long as Lu Man was in the car, he must raise the partition.

You should care for the single dogs and not flaunt your love in public!

Lu Man: “...”

He had seen it.

She moved backwards in embarrassment, but was suddenly caught by Han Zhuoli, “The partition is already raised up, why are you hiding?”

“I’m embarrassed...” Just after Lu Man finished saying that, she was pulled into Han Zhuoli’s embrace.

“Anyway, he already saw it, even if you are embarrassed now, he won’t know, he’ll still think that we are displaying our affection.” Han Zhuoli looked at her, finding it funny.

This girl, when she was being brave, she was really a seductive vixen.

Yet she still had this kind of moments where she was embarrassed.

This kind of constantly changing person, it so happened that Han Zhuoli loved her to death.

“Wait, let me call someone,” Lu Man pushed him away, not letting him do heat things up.

“At this time, who are you calling?” Han Zhuoli was displeased.

“Lu Qiyuan and Xia Qingyang have been brought to the police station, how could I just let them go like that? No matter what, I need to make Lu Qi’s already bad reputation worse right?” Lu Man smiled evilly, taking out her phone.

“Whatever you want to do, you can just tell me,” Han Zhuoli smiled indulgently.

“No, my friend is a paparazzo, if there’s any news, I always think about him first. It’s hard for him to work in this business, he has to run everywhere no matter the weather, and sometimes, he would be very tired after following someone for a very long time, but in the end, he would get tricked by that person, not getting any news at all. So if there’s any news readily available, I’ll always tell him.”

“Is it that Tang Zi?”

Lu Man did not think he would still remember and nodded her head. “It’s him, before meeting you, he was my only friend. I was ordered around all the time by Lu Qi, running around everywhere for her, not even having the time to take care of my mom. It was Tang Zi, who no matter how busy or how tired he was, remembered to go and check up on my mom, making sure that she’s alright.”

Especially in her past life, she would never forget his help.

If it were not for Tang Zi, Xia Qingwei might not have even lasted through the last eight years.

Chapter 267: Give Me A Wave Of Popularity

It was Tang Zi who had always helped her cover-up and do her filial duty.

“Alright, in the future, if there’s any news, I will try my best to give it to him. You can ask him whether he has any interest in changing line and becoming a legitimate entertainment news reporter, even though it’s also tiring, at least it won’t be as tiring as a paparazzi, requiring him to run around and stay awake at night just for a piece of news,” Han Zhuoli said, “If he’s willing, he can go to Nan Ying.”

The Han Corporation did not have its own media department, but with Han Zhuoli and Nan Jingheng’s relationship, Nan Ying always had a close partnership with Han Corporation.

Compared to a paparazzo, being an entertainment news reporter was more reputable, thus he would be able to stand tall, holding his head high while telling others about his profession.

Lu Man was pleasantly surprised, “Then I’ll ask him.”

Lu Man instantly called Tang Zi. “Tang Zi, have you been following any celebrity recently?”

“Don’t talk about it,” Tang Zi’s voice was hoarse, full of fatigue, “Before this, I heard some news that Wang Lulu is having an affair with a singer who became famous recently, but after following that for more than half a month, I have yet to find any actual evidence. Since it’s been more than a month that I haven’t returned home, when my mom and dad called me they said that they almost forgot that they had me as a son.”

Lu Man could not help but smile, “Don’t overwork yourself, follow the lead only if you can. I have some guaranteed news for you, there’s no need for you to follow anyone, when I tell you, all you need to do is have some people make a trip down there.”

Lu Man then told Tang Zi about how Lu Qiyuan and Xia Qingyang tried to imprison her illegally.

“How are you now?” Tang Zi instantly became nervous.

“There’s nothing wrong with me, otherwise, how could I give you a call.” Lu Man smiled. “They’re already in the police station, even if you go now, you can’t film it. But you can first send out the news, as to how you want to deal with it, you can decide for yourself, after all, you are the professional.”

“You’re trapping me again.” Tang Zi was helpless. “You’re much more professional than me, you easily managed to push Du Lin back to the A-list position.”

“They’ll be held in prison for 15 days, at the time of their release, you can have some people wait for them at the door of the detention center,” Lu Man advised, “Don’t do it yourself, this may not be successful so pass it to someone else and give yourself a break.”

“Alright, don’t worry,” Tang Zi said loudly, “But what should I write for the reason they got held in prison? I can’t implicate you ”

“Even if you bring me into it, it’s alright, it can give me a wave of popularity,” At that moment, Lu Man exhibited her skills as a top public relations professional. “I’m going to act as the third female lead in *Greedy Wolf Operation* and I can take advantage of this to make myself known among the public and it will also help with the publicity for this movie, so it’s quite good for me. When the news about Lu Qiyuan and his wife trying to imprison me illegally comes out, I’ll be the victim, so it will be very easy for me to gain sympathy and pity from the majority of the people.”

“Alright, since you’ve said that, I’ll do it that way!”

“Right, there’s one more thing, do you plan on being a paparazzo your whole life? It’s too tiring and dangerous.”

“What else can I do? I do want to become a legitimate reporter, but they all look down on my paparazzi status, no company is willing to have me.” Tang Zi sighed helplessly.

“As long as you have that thought, it’s alright! Big Brother Han said that if you’re willing, he’ll let you enter Nan Ying as an entertainment reporter.”

“Really? Won’t it trouble you?” Tang Zi hesitated.

“It’s Big Brother Han himself came up with this, how could it trouble me? Since you are interested, I’ll tell him about it, then someone will contact you soon, just wait for a while.” As soon as Lu Man finished saying that, Han Zhuoli suddenly hugged her waist tighter.

This girl had a tone that completely treated him as someone close to her, making him elated.

Not caring that she was talking on the phone, he moved closer to her and kissed the corner of her lips.

Chapter 268: You Are Lu Qi?

Lu Man hurriedly covered her phone, scared that Tang Zi would hear, and when she turned her head around, she saw Han Zhuoli smiling brightly; his smile would make people fall into his trap with a desire to kiss him.

This man was so handsome, it was scary!

Scared that she could not resist it anymore, Lu Man hurriedly said goodbye to Tang Zi.

Just as she hung up the phone, the phone was instantly snatched away by Han Zhuoli.

His elegant hands were like that of an artist's which were supposed to hold a pen or play the piano or paint; however, at this moment, his hands were cupping Lu Man's face as he kissed her lips passionately.

Pressing his lips against her soft lips, he sighed. "I had already decided to respect your choice, but I still feel a bit regretful because I won't be able to see you for quite a long time."

Lu Man just realized that after they became a couple, they had never been away from each other for so long.

Ever since they became a couple, she was already working in Han Corporation and although she would start work early in the morning and leave late at night, not a single day had passed where had not met him.

But now, she would be joining the film crew and would be far away in a small city in South Yunnan.

While Han Zhuoli needed to work in B City, and although she just needed to film the third female lead's parts, it would still take roughly a month's time.

As she thought about not seeing him for so long, even before she reached the location Lu Man started feeling dejected as she could not bear to part with him.

She hugged Han Zhuoli tightly. "I'll miss you."

Han Zhuoli bit on her lips, but did not dare to use too much force as she still had to film and thus did not leave any marks.

"You can try not missing me, if you dare," Han Zhuoli said hoarsely.

Lu Man could not help but curl her lips up and smile. "I'll definitely act seriously with dedication in order to improve skills, that way, I can finish my parts faster and come back to see you."

"Alright, I'll wait for you."

In a small city in South Yunnan, at the *Greedy Wolf Operation* film location.

Lu Qi reached an hour earlier than the scheduled time that Lu Man was originally supposed to reach.

Actually, she could have reached even earlier but the road to the small city was not good, and the transport was not very convenient and with no one to lead the way, just finding where the film crew located at already took a very long time.

By the time she reached the filming location, the sky has already started to darken.

Lu Qi's luggage was all carried and pulled by her newly hired assistant, while she was walking leisurely and empty-handed. All along the way, she kept shouting how tired she was, "What kind of sh*tty place is this!"

“Sister Qi, just endure it for a bit more. As they needed a location that does not have many tourists and locals but still has a natural scenery, they could only choose this remote small city that is out of nowhere,” the new assistant Lu Qiyuan had hired for her, Xiao Yuan, said.

“Shut up! How could I not know this, do I need you to teach this to me?” Lu Qi’s face was black as she scolded.

“Yes, I was too big-mouthed.” Xiao Yuan lowered her head, feeling wronged, her eyes a bit wet.

She really regretted becoming Lu Qi’s assistant, if she had known earlier that Lu Qi had such a personality, she definitely would not have taken up the job.

Not only was the pay low, but she was also constantly berated inhumanely and not respected at all.

After this month, she would just take the salary and leave.

Lu Qi’s face was full of disdain as she continued walking, but suddenly she was stopped by some film crew members. “We are filming here, if you are a fan, please wait for a while.”

“What are your eyes for? You don’t recognize me?” Lu Qi removed her sunglasses.

The crew members frowned and kept looking at her for a long while. Usually, the television show’s editing and lighting effects were too good, way different from that of movies.

In reality, Lu Qi was really not as good looking in real life as she was on camera.

After trying to identify her for a long time, a crew member finally recognized her, “You’re Lu Qi?”

Lu Qi happily raised head high. “You’re right, I want to join the film crew, and discuss a few things with Director Sun Yiwu.”

The crew member frowned, there were a lot of celebrities who knew that Director Sun Yiwu was filming here and would often come up with a reason, hoping to get a chance to meet Director Sun.

Yet celebrities were not fans, as long as they did not overdo things, they could not be stopped.

Chapter 269: My Sister Has Something On And Cannot Make It

“Wait for a while, let me ask,” the crew member said, and took out his phone, just as he was about to make a call someone walked over.

“Is Lu Man not here yet?” Sun Yiwu’s assistant, Xu Fenglai came over to ask,

“No.”

Xu Fenglai twitched her lips and made a phone call, “Have you fetched Lu Man from the airport?”

The crew member who had been sent to fetch Lu Man, Dong Xing, was still waiting at the airport. “Not yet, I checked the flights already, she should have landed half an hour ago as there was no delay. All the other passengers have all come out already, but not Lu Man. I gave her a call but her phone was switched off.”

“How can she be so unreliable!” Xu Fenglai hung up the phone, muttering unhappily.

Since Lu Man was Han Zhuoli’s girlfriend, he did not dare to say anything bad about her, but it could not be helped that he was unhappy.

“Brother Xu,” the crew member called.

Xu Fenglai turned his head to look at him, only noticing Lu Qi now. “Don’t let fans in first, they’re still filming inside, it’s inconvenient.”

Right now, Lu Qi was not wearing sunglasses, yet Xu Fenglai actually did not recognize her!

Lu Qi’s was so furious that she could explode any second now, but Xu Fenglai was not someone she could dare to offend the way she had rebuked the crew member just now.

“Brother Xu.” Lu Qi’s facial expression changed instantly as she smiled sweetly. “I’m Lu Qi.”

The crew member was shocked, this Lu Qi was really two-faced!

She really knew how to treat different people, he twitched his mouth unhappily.

“Lu Qi?” Xu Fenglai finally recognized her. “Miss Lu, why did you come over here today? Are you here to visit someone?”

He remembered that Lu Qi was Lu Man’s younger sister, was Lu Qi here to visit Lu Man at work?

But how come he suddenly recollected that Lu Qi’s relationship with Lu Man was very bad.

Before this, their family matter had been exposed online, and it seemed that there was bad blood between the two of them.

“That’s not it,” Lu Qi smiled sweetly and talked very politely, entirely different from how she was just now. “I’m here in place of my sister.”

“What does that mean?” Hearing that, Xu Fenglai was confused.

“My older sister has something going on and can’t come, so I took her place and came here, of course, we could not delay the show’s filming right?” Lu Qi said sincerely, “I found out that she could make it at the last minute, and since she did not want to pay the penalty for breaching the contract, I could only take her place.”

“She has something going on and can’t come?” Xu Fenglai frowned, a bit suspicious.

Looking at Lu Man, she did not seem so unreliable.

But it was true that he could not contact Lu Man and Lu Man did not even have a manager.

“Yes, sorry, I’ve troubled you all,” Lu Qi’s face was full of sincerity and understanding, “My older sister is just like that, always doing what she wants and does not have much sense of responsibility. All along, she has caused trouble to a lot of people, and each time I and my dad have been helping her clean up the mess she leaves behind. It just that we did not think she would do something worse this time, even daring to stand up Director Sun’s movie.”

Lu Qi frowned and said, "That's why I hurried over, I know that currently your filming schedule is very tight and cannot be delayed anymore. If Director Sun doesn't mind, I can take over my older sister's place. To express my apologies for my older sister, I won't take any pay for this film. After all, this is a mess left behind my older sister."

Lu Qi dared to come over directly to join the film crew because she was sure that at this moment Sun Yiwu would not be able to find anyone else and the filming could not be delayed any longer.

This was not only his problem, but it would also affect other people's schedules, costs of production, advertising and a whole range of other problems.

At the last moment, when they could not find anyone else, they would have to give her the role.

This was simply forcing Sun Yiwu to a dead end, leaving him with a single choice to save the film.

After giving it a thought, Xu Fenglai said, "Come with me first."

He then brought Lu Qi and Xiao Yuan to the film set, and from afar, they saw the award-winning actor Zhang Shuidong and the popular newcomer Yu Yanshu filming an action scene.

Chapter 270: Wait A While More

"Cut!" Sun Yiwu held up a loudspeaker, "Alright, this scene passes."

When they stopped filming to prepare for the next scene, Sun Yiwu raised his wrist to look at the time, upon turning his head he saw Xu Fenglai walking over and asked, "Has Lu Man reached the airport yet?"

"I just wanted to talk to you about that." Xu Fenglai then relayed everything that Lu Qi had told him. "I just asked Xiao Dong, Lu Man should have reached a long time ago, but he did not see Lu Man anywhere and when he tried to calling her, her phone was switched off."

Sun Yiwu was shocked, "Is it that the flight has been delayed?"

"No, the airplane took off on time," Xu Fenglai already had a bad impression of Lu Man in his heart and did not even try to think if Lu Man had faced some difficulty.

However, Sun Yiwu instinctively did not believe it; Lu Man had even thought of a clause in the contract to make sure that that they would not advantage of her relationship with Han Zhuoli for the movie's promotion, wish such meticulous thinking, how could she go against what she had said without any reason?

"Go give Zheng Tianming a call and ask Lu Man's whereabouts," Sun Yiwu instructed.

Xu Fenglai hit his head, he completely forgot that he could ask Zheng Tianming.

He instantly made a phone call to Zheng Tianming, "Assistant Zheng, I want to ask, has Lu Man already left for our filming location?"

"She's already set out, our CEO is himself accompanying her there."

"Oh, alright, I know now," Xu Fenglai was about to hang up.

Just then Zheng Tianming thought of something and asked, "Is Lu Man not there yet?"

"Nope, the ticket for the airplane we had booked for her took off on time and even landed on time, but we did not manage to fetch her," Xu Fenglai did not hide anything.

Zheng Tianming just went 'oh', then smiled and said, "I know about this whole situation, when Lu Man's biased father found out that she was going to your film location, he locked her in her house and did not let her go."

Hearing that, Xu Fenglai's eyebrows were raised, and Zheng Tianming then said, "Our CEO freed Lu Man but she missed the flight that you booked. However, she won't be much late, she would probably reach soon."

"Alright, I know," Xu Fenglai thanked him, and after hanging up the phone, he looked strangely at Lu Qi.

Even Lu Qi found it strange when she saw Xu Fenglai go close to Sun Yiwu's ear, and whisper something softly.

Xu Fenglai told Sun Yiwu all the details that he found out from Zheng Tianming and Sun Yiwu's face instantly darkened.

Sun Yiwu was smart, as soon as he heard it, he could understand what had happened.

Lu Qiyuan had locked Lu Man and Lu Qi was taking advantage of the opportunity to replace Lu Man.

It was just that they were too naïve, thinking that he would let anyone who comes at this moment to act in the film.

He was a director with high standards for quality of work, he wanted to do the best of his ability for the film.

Thus even if he needed to deal with those large costs, he would never choose Lu Qi just because Lu Qi came to offer herself as a replacement!

These people looked down on him too much!

They were taking him for a fool!

Lu Qi saw Sun Yiwu's darkened face but misunderstood.

Thinking that Sun Yiwu was angry at Lu Man, Lu Qi was elated and hurriedly saying, "Director Sun, my older sister is very irresponsible, don't be too upset at her. You can just let me take over. I have experience in acting, and as for the martial arts actions, I will do my best to complete them. It's my older sister fault so I will act without any payment as an apology for my sister's actions."

"Oh?" Sun Yiwu smiled coldly in his heart, before this, he really did not know Lu Qi well and had just thought of her as an actress who was just becoming popular, but he did not think that she would be this shameless!

"It's better to wait a while more, her scenes would only start filming tomorrow, she might reach tonight," Sun Yiwu said.
