

Mr Han 2611

Chapter 2611: Can't Bear the Possibility of Someone Living a Good Life

Lian Qingyin did not sense the coldness from Lin Liye and held her arm affectionately. "When we were still in school, we spent most of our time with them and not with our families. So I decided to talk about things that happened in school to Auntie.

"Knowing your character, I thought you definitely won't talk to your family about what happened in school." Lian Qingyin looked very familiar with them, talking to Han Zhuoling as if they were very close. "Even though it has been so many years and it's a bit too late, I think talking about it and reminiscing is also a pretty warm thing to do.

"Auntie, don't you think so?" said Lian Qingyin affectionately to Lin Liye.

It was as though they were very close to each other after talking for only two hours.

If outsiders were watching, they would think that Lian Qingyin was Lin Liye's prospective daughter-in-law.

Lin Liye gave a fake smile; she really did not want to smile at Lian Qingyin at all.

She was afraid that if she smiled, Lian Qingyin would think that their relationship was very good.

Lin Liye pulled her arm back from Lian Qingyin's hand immediately.

She did not expect Lian Qingyin to hold her so tightly; she only managed to pull it out after a few tries. She took a few steps away from Lian Qingyin.

But unfortunately, the entrance hall was only so big. She could not get very far away.

Lin Liye regretted how she had allowed such a maniac into the house.

It was because Lian Qingyin was too good at acting. She acted like a normal person.

"Actually, Zhuoling's school life was pretty ordinary. Even if you didn't tell me, I know what he was like in school. Also, the other kids in our family also studied at Jixia Academy; even if Zhuoling didn't tell me, the others have told me. Whatever you told me, I already knew. Whatever you don't know, I know them too," said Lin Liye coldly.

Lian Qingyin was shocked. She did not think that Lin Liye would change so quickly.

"Auntie, why... why are you saying that all of a sudden? We were clearly having a good conversation. When I told you those things, you were happy and loved to hear them," said Lian Qingyin.

Shi Xiaoya was the daughter-in-law recognized by their whole family.

Since she already knew Lin Liye's bad intention of wanting to snatch Han Zhuoling away from Shi Xiaoya, Lin Liye would definitely not be good to Lian Qingyin.

Before this, she was being polite, but now that she had to choose, obviously, she would stand on Shi Xiaoya's side.

"I was just being polite. You're a guest; even if I was not interested in your conversation, I could not just shoot you down," said Lin Liye. "Besides that, I simply saw you as Zhuoling's old classmate visiting an elder. Of course I would welcome you.

"But if you have other intentions, I'm sorry," said Lin Liye coldly.

Lian Qingyin's face changed and she glared fiercely.

But she was not glaring at Lin Liye; she was glaring at Shi Xiaoya.

Lin Liye was still the mother-in-law to Lian Qingyin. How could she glare at Lin Liye?

Even if she did not glare at Lin Liye, Lin Liye was still shocked by how sudden her expression changed.

Lin Liye took a step back unconsciously.

Then Lian Qingyin asked, "Auntie, did Shi Xiaoya talk nonsense to you?"

"You tell me!" Lian Qingyin stared coldly at Shi Xiaoya. "Why are you so terrible that you can't bear the possibility of someone living a good life? You're too narrow-minded! I am just visiting Auntie as Han Zhuoling's old classmate.. Why must you ruin even this?"

Chapter 2612: I Don't Give a Shit About You

"Han Zhuoling doesn't have any female friends, but you will still only feel satisfied after you don't allow him to talk to a person of another gender?"

"Miss Lian!" Lin Liye stood in front of Shi Xiaoya. "Xiaoya did not say anything to me. Before you came to my house, I didn't even know you existed. Zhuoling and Xiaoya have just returned and found out that you came to our house.

"If you really identify yourself as a normal classmate, we welcome you. But a classmate will not bring us trouble like how you did. You clearly do not want to just be an ordinary classmate, or did I misunderstand you?" asked Lin Liye coldly.

If she denied it, she would only be Han Zhuoling's classmate, and she would have to keep her distance.

But if she admitted it, it would mean she had other intentions, and all the more she had to keep her distance.

Using a normal mindset, this was what Lin Liye thought naturally.

Unexpectedly, Lian Qingyin said, "Auntie, why do you think that way? I was just visiting as Han Zhuoling's classmate. Why do you all have to think of me as a bad person, thinking that I have evil intentions? You guys... you guys... you guys are being such big bullies.

“I come with good intentions, but you all think of me as a bad person.”

Lin Liye finally understood why Han Zhuoling and Shi Xiaoya had a speechless, disgusted expression when she mentioned Lian Qingyin.

It was very disgusting to meet this type of person.

Han Zhuoling did not try to hide the hatred on his face. Not only was he not hiding it, but he wanted Lian Qingyin to see it clearly.

Sure enough, under his gaze, Lian Qingyin felt terrified.

Then she heard Han Zhuoling say, “We tried not to shame you too much before. If you want to throw away that opportunity, then fine. What classmate? Don’t use this title to gross people out. You’re willing to use this title to gross us out, but I am not willing to look at you.

“No matter what intentions you have, I still think you’re disgusting. No matter how proper your reason is, you can’t lie to us or yourself.

“No matter what you say, my family and I do not welcome you,” said Han Zhuoling cold-heartedly.

“Don’t appear in front of us or even near us. Your presence will only gross me out.”

Lian Qingyin could not hold back her tears.

Her tears started flowing down as she shook her head vigorously.

She could not believe that Han Zhuoling would say this to her.

So cruel.

“Zhuoling, how can you say this...”

“Why can’t I? You gross me out. Why can’t I say that?” said Han Zhuoling coldly.

Was Lian Qingyin not playing the unreasonable card?

Whatever they said, Lian Qingyin could reply to them with “But I’m just...”.

It was as though they were the ones being unreasonable.

Han Zhuoling then used the same trick that she used.

“I’m just...”

“Just my classmate?” Han Zhuoling laughed coldly. “I just hate you. I am not willing to even see you. I don’t give a shit about you!”

Han Zhuoling was really furious, so even curse words came out of his mouth.

This man looked like a cold person, scaring people with just his appearance.

But thinking closely, most people were scared because of his aura.

Before he even opened his mouth, people had already surrendered.

In reality, he had never spoken any curse words or scolded anyone before.

Even with the disgusting things that Xia Yixin did, Han Zhuoling had acted decisively, but he did not say any curse words..

Chapter 2613: Creepy

This was also the first time Shi Xiaoya heard Han Zhuoling curse ever since she met him.

It showed how much Lian Qingyin angered him.

“Now.” Han Zhuoling stepped away from the door and said, “Get lost.”

Lin Liye and Shi Xiaoya both felt that Lian Qingyin would finally leave now.

Han Zhuoling had already said such things.

Unexpectedly, Lian Qingyin cried and shook her head as she said, “I’m not leaving! I’m a guest! Why would you chase a guest away!”

Lian Qingyin wiped her tears and actually turned to go back to the living room.

Shi Xiaoya and Lin Liye hurried over.

They saw Lian Qingyin sitting down on the sofa, smiling as if nothing had ever happened before.

“I’m not done chatting with Auntie yet.” Lian Qingyin pointed to the spot where Lin Liye was sitting previously and said, “Auntie, quick, come and sit down. Let’s continue with our chat.”

Lin Liye was stunned from anger.

Why was there such a person like her!

“Miss Lian, if you continue behaving like this, I will call the police! You are harassing us in our daily lives,” Shi Xiaoya said coldly.

Lian Qingyin gaped in surprise and said, “How am I harassing you all? I just came over for a normal visit like a guest. Auntie was also the one who let me in personally. I didn’t trespass forcefully or stalk her. If you all call the police, you won’t have any reason to make a police report at all. How are you going to get me arrested?”

Han Zhuoling walked over, grabbed her elbow, and started dragging her out.

Han Zhuoling did not care whether Lian Qingyin would be in pain, so he did not restrain the force he exerted at all.

But the creepy thing was, Lian Qingyin actually did not feel pain at all. The expression on her face was really... creepy.

“Zhuoling!” Shi Xiaoya quickly warned him.

Han Zhuoling turned around to look and saw that very incomprehensible look on her face.

She even looked like she... enjoyed it.

She blushed, and when she saw Han Zhuoling look over, she actually smiled bashfully at him and said, "Zhuoling, you..."

She lowered her head, looked at Han Zhuoling's hand that was holding on to her elbow, and looked up at Han Zhuoling again while blushing.

She actually did not find it painful at all. She even seemed to like it a lot.

Han Zhuoling was utterly disgusted by her and instantly let go of her.

Lian Qingyin had acted as if she had no bones or strength in her and had put all her weight on Han Zhuoling's hand.

When Han Zhuoling suddenly let go, Lian Qingyin lost her balance at once and collapsed on the floor.

She looked up, flipped away the hair covering her face, and said, "Zhuoling, look at me!"

She crawled forward, wanting to hug Han Zhuoling's leg.

Han Zhuoling lifted his leg up and kicked her away.

Being disgusted by Lian Qingyin like this, he even felt that his palm had been dirtied.

"You're not leaving, is that it?!" Han Zhuoling asked in a low voice.

After being kicked by Han Zhuoling, Lian Qingyin felt utterly heartbroken. "Zhuoling, yes, I do like you. I like you so much, so how can you treat me like this?"

"I like you so much! I've liked you since we were in school until now." Lian Qingyin felt that her love had been insulted and stepped on by him, and she felt deeply hurt and agonized. "Why can't you see it? Why!"

Han Zhuoling scoffed and did not waste his breath on her. He called Zheng Tianming and said, "Lian Qingyin's father is Lian Shitao, right?"

He had no business dealings with the Lian family and really did not have Lian Shitao's contact information.

"Yes," Zheng Tianming said. "Why did you suddenly ask about the Lian family?"

"Give me Lian Shitao's number," Han Zhuoling said.

Zheng Tianming did not hesitate. After ending the call, he immediately went to find Lian Shitao's number and sent it over to Han Zhuoling..

Chapter 2614: Scheme

Han Zhuoling immediately called the number.

"Hello." Lian Shitao's voice came out from the phone.

"Hello, CEO Lian. I am Han Zhuoling. Sorry to disturb you out of the blue," Han Zhuoling said.

Lian Shitao was stunned. He had actually had no direct contact with Han Zhuoling before at all.

The two of them had not had any opportunity to work together yet.

He did not expect that Han Zhuoling would actually personally take the initiative to call him.

Although he had not interacted with Han Zhuoling before, Lian Shitao also knew that no one would be so lame as to use this method to pose as Han Zhuoling.

Because they would be exposed too easily.

"Hello, hello, Young Master Ling." Lian Shitao tried his best to remain calm, but he still could not help it.

He wondered why Han Zhuoling called him.

Thinking about it carefully, Lian Shitao felt that since he did not have much chance to interact with the Han Family, he naturally would not have done anything to offend the Han Family.

So Lian Shitao relaxed and felt that no matter what Han Zhuoling was looking for him about, it would definitely not be something bad.

"I wonder why Young Master Ling called me..." Lian Shitao asked curiously.

Could it be that the Han Corporation was interested in working with them?

Lian Shitao began to feel expectant.

How could Han Zhuoling not sense the eagerness in Lian Shitao's tone? He still maintained a cold tone as he replied, "CEO Lian, Miss Lian has been pestering me since yesterday and even stalked me. This afternoon, she stalked me and my fiancée to a restaurant and even went to my mother's residence tonight. She's refusing to leave even until now.

"So I want to ask, what exactly does your Lian family want?" Han Zhuoling asked casually. "Miss Lian was rude to my fiancée, came to pester me, and even scared my mother. Did she receive any instructions from home to do this? Does the Lian family intend to scheme against the Han Family now?"

Lian Shitao almost broke out in a cold sweat from fear. "Young Master Ling, what are you saying? I definitely don't have such thoughts at all, and I don't dare to! Anyway, no matter what, I won't send my daughter to do anything."

What could Lian Qingyin go and do?

She did not have that capability either.

“You didn’t?” Han Zhuoling questioned him coldly. “Then why is Miss Lian refusing to leave my mother’s place? We made it clear that we don’t welcome her, yet she still refused to leave. What is Miss Lian’s behavior trying to signal? She scared my mother just now and brought a huge disturbance to us.

“I told her to leave, but she wouldn’t. I tried to drag her away, but she showed me such a disgusting look on her face,” Han Zhuoling said.

“CEO Lian, I’ve never had any connections with Miss Lian at all, but she suddenly came up to me and put me off. I can’t help but think that it’s because you, CEO Lian, had told her something,” Han Zhuoling said in a solemn voice. “If that’s the case, I will have to deal with the problem with your Lian family.”

What problem could there be?

Previously, the Han Corporation did not have any business dealings with them because they had not had a chance to work together yet.

Of course, Lian Shitao also hoped that he would get a chance to work with the Han Corporation.

But since there was no chance previously, there were no relations between them.

Yet now, for some reason, Lian Qingyin had to go and pester Han Zhuoling.

Actually, Lian Shitao could vaguely guess what it was about.

Lian Qingyin used to be classmates with Han Zhuoling at Jixia Academy.

Lian Qingyin then refused to embark on a career that was related to the family business and insisted on joining a film production company.

And she pestered Han Zhuoling the moment she came back.

Lian Qingyin’s intentions could not be any more obvious now.

Lian Shitao did not think this was a bad thing at first.

Lian Qingyin was a little stubborn, and she would insist on doing something the moment she decided on it..

Chapter 2615: What Did He Even Do

Of course, this was the wonderful, biased thought that Lian Shitao had as her father.

But indeed, Lian Qingyin had not shown him some of her abnormal sides at all either.

Her personality seemed very good when she was still in school.

She was diligent in her studies. As long as she scored poorly in one subject, she would try her best to study very hard for it and insist on raising her scores until she was satisfied.

It was the same when she learned dancing, piano, and the like outside of school.

She just devoted all her energy to practicing and did not want to lose to anybody.

At that time, whenever she worked so hard like this, Lian Shitao and his wife would even feel very heartened, thinking that it was rare that their daughter could be so hardworking.

All the more they would not sense that there was anything wrong with her personality.

Now that he had heard Han Zhuoling say that, although he felt stunned, he did not have too deep an impression of it as he had not seen it for himself.

He just felt that Han Zhuoling might be exaggerating.

How could it be so exaggerated?

His daughter was serious and hardworking in whatever she did. She was a little introverted in the past, but after she went out to work, she changed quite a lot.

But she was still not some very extroverted child.

“Young Master Ling, is there some misunderstanding about this?” Lian Shitao asked.

“Whether it’s a misunderstanding or not, you will know once you personally make a trip over here, CEO Lian,” Han Zhuoling said coldly. “With my current patience, I can only hold out for another half an hour at most. If I don’t see you in half an hour, you can go to the police station to see Miss Lian. As for the Lian family’s businesses, you might not have a chance to see them again.”

So what if the Lian family did not have any working relationship with the Han Corporation?

The Han Corporation could still ruin their other businesses.

Lian Shitao suppressed the rage he felt in his heart arduously.

This Han Zhuoling was too much of a bully!

First, he made his daughter sound so horrible; now, he even threatened their family business.

But no matter how angry he was, Lian Shitao still had to hold it in.

Han Zhuoling had already said as much, so Lian Shitao could only say, “I’ll go over right now.”

He did not know exactly what had happened, but Han Zhuoling already called personally, so Lian Shitao naturally had to go over personally.

And who knew what the situation was like over there? Lian Shitao did not dare to call anyone else to go with him.

So he went to Han Zhuoling’s place by himself.

On Han Zhuoling’s end, Lian Qingyin had heard very clearly what Han Zhuoling had said to Lian Shitao.

After Han Zhuoling ended the call, Lian Qingyin asked, “Why must you do this? Why must you treat me like this? I didn’t do anything wrong, and I didn’t do anything to let you down. Why must you threaten my family?”

“What exactly did I do wrong?” Lian Qingyin said aggrievedly. “From start to end, I never went overboard. Previously, I wanted to have a meal with you to catch up on old times, but you refused. Now, I only came to visit Auntie. What’s there for you to be unhappy about?”

“Because I have nothing to catch up with you about, and our family doesn’t like your idea of ‘visiting,’” Han Zhuoling said coldly.

He stared at Lian Qingyin and scoffed, saying, “Catch up on old times? When I saw you at the school anniversary yesterday, I didn’t even know who you were, and I didn’t remember that I had a classmate like you. I didn’t have any impression of you at all. What old times did we have to catch up on?”

Lian Qingyin felt so hurt that she clutched her chest.

From primary school until senior high, they had been classmates for twelve years.

He actually did not have any memory of her at all?

He had been handsome since he was young and got liked by many since primary school.

But at that time, they were just children who did not know any better and only knew how to like a person just for their looks..

Chapter 2616: Do You Know Why?

When she reached junior high and entered adolescence, she had some vague ideas of romance.

Han Zhuoling also grew into a handsome and outstanding yet cold and aloof young man.

Lian Qingyin’s heart gradually landed on Han Zhuoling, unable to be retracted.

At first, her gaze could not help but follow Han Zhuoling around wherever he went.

Wherever Han Zhuoling walked to, her gaze would always be there.

Afterward, she could no longer feel satisfied just from gazing at him.

She would then secretly hide in a corner. Wherever he went, she would hide in a corner nearby, following him around all the time.

When he played basketball, she thought of a way to get into the Basketball Club so that she could pass water and towels to him from the sidelines during matches.

He would utter a word of thanks plainly every time, and she would blush. When she heard him speak to her, she could feel happy for one whole day, and when she went back home, she would feel so excited that she would not even be able to sleep at night.

For elective courses, whatever course he picked, she would pick them as well.

The girls in their class all chose pottery, floral arrangement, art class, dance, etc.

Yet she chose shooting and rock climbing just like Han Zhuoling.

Given that strength of hers, how could she possibly stand it?

She just gritted her teeth and pushed on, all because those were Han Zhuoling's interests.

Until now, Lian Qingyin still did not know that it was precisely because she went wherever Han Zhuoling was that she was present in all of Han Zhuoling's photos when he was at Jixia Academy.

Which made one shudder.

But Lian Qingyin clearly did not think this was something that was really scary.

She had been moved by her own devotion.

After she had been classmates with Han Zhuoling for so many years, Han Zhuoling actually did not have any impression of her at all!

And he completely did not remember that someone like her existed!

She liked him so much and cared so much about him, yet he said all these things to her.

And there were only so many people in their class. Given Han Zhuoling's memory, how could he possibly not remember her!

He just said this on purpose!

Lian Qingyin felt that she understood this point, so she did not feel that sad anymore and even found an excuse for Han Zhuoling.

She said to him with an extremely touched expression on her face, "I know, you must be worried that Shi Xiaoya will be angry, right? So you purposely said you don't have any impression of me and don't remember me?"

Although she had already prepared an excuse for Han Zhuoling, when she said it like this, Lian Qingyin still felt her heart ache.

It was all because of Shi Xiaoya!

It was all because Shi Xiaoya was petty and narrow-minded that she had to suffer so much now.

She even made Han Zhuoling pretend that he did not remember her!

"I know, I understand everything. I won't blame you," Lian Qingyin said, but she cried sorrowfully at the same time.

She then glared at Shi Xiaoya furiously and said, "You woman, why are you so unreasonable? Can't Zhuoling even have one female friend? Can't he contact his past female classmates and his current female colleagues?"

"You even want to interfere with Zhuoling's choice of friends. You look so weak and pampered, yet you're so domineering. Shi Xiaoya, it's no use controlling your man so tightly like this. If he wants to leave you, he will still leave you. The tighter you control him, the farther he will stay away from you!"

“You are delusional,” Han Zhuoling said, feeling utterly disgusted. “Before you appeared yesterday, Xiaoya didn’t even know who you were. Up until now, she has also never spoken a word about you to me, whether it was good or bad.”

Han Zhuoling asked, “Do you know why?”

Lian Qingyin was stunned, but not because of his words.

It was because Han Zhuoling was talking to her.

Han Zhuoling was looking at her.

Finally, she was the only one in Han Zhuoling’s eyes at this moment.

He lowered his head, as if waiting for her to answer..

Chapter 2617: This Troublesome Woman

But how would Lian Qingyin be in the mood to answer him? Her whole heart was now filled with Han Zhuoling.

She stared at him in a lovestruck manner.

Han Zhuoling was utterly disgusted by that gaze of hers and said coldly, “It’s because she doesn’t think of you at all, and she doesn’t need to think of you.”

Lian Qingyin finally regained her senses and heard Han Zhuoling say, “Because you, along with any other woman, don’t pose a threat to her. She doesn’t need to worry at all that I will say a few more words to whoever, because I don’t even want to say a single word.

“As for you, I don’t even want to look at you. If not because you’re pestering us so obsessively that it’s disgusting, I won’t even tell you all these things. Just talking to you makes me feel disgusted.

“Compared to Xiaoya, you are nothing. Are you even worthy of criticizing her? And all those criticisms are just your own imagination. You are not even worthy of her giving you a look and of being treated seriously by her,” Han Zhuoling said coldly.

“No, you’re lying to me!” Lian Qingyin was bent on believing her own logic. No matter what Han Zhuoling said, she refused to believe it. “It’s just because Shi Xiaoya is here, that’s why you refuse to say the truth. I know, I know all of it!

“Don’t worry, whatever you say right now, I won’t believe a single word of it.” Lian Qingyin looked a little crazy as she started smiling in a gentle manner at Han Zhuoling.

Lin Liye: “...”

Was this person crazy!

“Tell me, do you not understand human language?” Lin Liye was fuming. “I have never met someone as shameless yet arrogant as you. You’re a lady, yet you woo a man to the extent of coming to his parent’s house. Zhuoling already said that he doesn’t like you and doesn’t even remember you, yet you still stubbornly refuse to believe it.

“No matter what we say, you don’t believe it. Only your own thoughts are true. Then what else is there to talk about?” Lin Liye scoffed and said, “It’s not just Zhuoling who doesn’t like you. Even I can’t stand you. You want to be my daughter-in-law? Dream on!

“You won’t be able to get past Zhuoling, and neither will you be able to get past me. You don’t believe what Zhuoling says and keep thinking that he’s just saying that because Xiaoya is here?” Lin Liye said coldly.

At first, she was clueless, so she had still treated Lian Qingyin quite politely.

Now, she truly felt that there was a screw loose in Lian Qingyin’s mind, and she did not intend to be polite to Lian Qingyin at all.

This woman, if you treated her politely, she would just get worse.

If you told her the truth, she would not believe you.

There was really no reason to speak of with such a person.

So, Lin Liye decided not to be reasonable anymore.

She did not want to give Lian Qingyin face at all and said, “The daughter-in-law that I acknowledge will only be Xiaoya. As for a woman like you, you can forget about stepping past my Han Family’s door for the rest of your life.”

Lian Qingyin lowered her head, disguising the hatred in her eyes.

She was afraid that the moment she looked up, she would let them see that she looked like she wanted to kill Lin Liye.

Han Zhuoling said he did not like her, but she could blame it on Shi Xiaoya.

But Lin Liye did not need to consider the feelings of anyone else. If she said she did not like her, she was expressing her own thoughts.

And as Han Zhuoling’s mother, as long as she did not give consent, Han Zhuoling would not be able to go against her wishes.

When she looked up again, Lian Qingyin had already hidden her earlier vicious gaze. Her face paled as she stared at Lin Liye pitifully.

“Auntie, you might have some misunderstanding about me. If not... you must have heard someone talk bad about me..” As Lian Qingyin said that, she side-eyed Shi Xiaoya again.

Shi Xiaoya felt so angered that she wanted to laugh.

She could just talk; why did she keep glancing at her?!

Who would not know that Lian Qingyin was hinting again that she had said bad things about her to Lin Liye?

As if she had nothing better to do these past two days except keep gossiping with Han Zhuoling and Lin Liye.

“Auntie, don’t misunderstand me,” Lian Qingyin said urgently. “I will definitely be filial to you and treat you just like my own mother.”

Lin Liye was utterly infuriated. What nonsense was she saying!

“I don’t need you to be filial to me! I have a son and a daughter-in-law. Do I still need you to be filial to me?” Lin Liye almost cursed out loud.

Be filial even!

What the f*ck, seriously!

Did she need her to be filial to her?

What kind of dream was she having!

“Auntie, Shi Xiaoya is here. I can understand that you’re saying all these to save face for her, but you should spare a thought for me too...” Lian Qingyin said pitifully.

Lin Liye rolled her eyes very exaggeratedly, taking deep breaths in rage.

She really felt like making a call to the family home to ask if they could end this crazy person’s family!

She really could not stand it anymore!

At this moment, the doorbell finally rang.

Auntie Liu, who was at home, quickly went to open the door.

She had been hiding at the side all along, but she had also witnessed what had been happening the whole time.

It was really an eye-opener.

In this world, there was actually a person like Lian Qingyin who could make one speechless.

So when the doorbell rang, Auntie Liu literally sprinted to the door as if she was running in a 100-meter race.

No matter who it was, quickly, come and take this crazy person away.

Thinking about it, it was probably Lian Qingyin’s father.

Even if it was not him, Han Dongping would be good as well.

Lin Liye had not moved back in yet.

Unless Han Dongping had a business gathering that really ended too late, he would basically come over here to report every day.

Let Han Dongping come and take a look at what kind of a weird freak Lian Qingyin was exactly!

Yet when she turned on the screen on the intercom, she saw an unfamiliar man standing at the door.

“Hello. You are—?” Auntie Liu asked.

Lian Shitao stood at the gate and said, “Hello. I am Lian Shitao. I came over to ask Lian Qingyin to go back.”

Auntie Liu quickly opened the door for him.

After two minutes, Auntie Liu finally saw Lian Shitao walking in.

She quickly opened the door to the house for him.

Lian Shitao entered with a dark look on his face and saw that the atmosphere in the living room was very tense.

“CEO Lian,” Han Zhuoling said coldly. “Please take Miss Lian away. She utterly disgusts us.”

Lian Shitao’s expression was dark. He then questioned Lian Qingyin, “Why exactly did you come here! What infuriating thing did you do to make people use the word ‘disgusting’ on you!”

How was Lian Shitao scolding Lian Qingyin like this?

He was just using the excuse of scolding Lian Qingyin to actually say that they were kicking up a big fuss for nothing.

What could Lian Qingyin possibly have done for them to react so exaggeratedly and even use the word disgusting?

The person they were talking about was his daughter!

Could Lian Shitao be happy about that?

Of course he had to be sarcastic with them.

Lin Liye scoffed and said, “Why did she come here? Let me tell you why.”

Lin Liye did not find it troublesome at all. Anyway, Lian Shitao already came.

Lin Liye then re-enacted everything that Lian Qingyin had said and done, without leaving out a single word, for Lian Shitao to hear.

Even the words that Lian Qingyin had said before, she also conveyed in the same manner without leaving out a single word.

When she was mimicking Lian Qingyin, Lin Liye did not even care about her own image at all and mimicked what she had done completely. She did not forget to add in her own mockery in the same creepy tone.

To be able to force Lin Liye to behave in this manner, it showed how outraged she had been.

Chapter 2619: Do You Have No Shame?

Lian Shitao's expression turned uglier and uglier as she spoke. He finally managed to hear Lin Liye out to the end before he turned to look sharply at Lian Qingyin.

At first, he just thought that Han Zhuoling was kicking up a big fuss for no reason. Yet who knew, Lian Qingyin really just threw away all her pride here.

"Our Han Family doesn't dare to accept this kind of person. And we already have Xiaoya, so we have no interest in anyone else," Lin Liye said coldly. "CEO Lian, I hope your daughter can conduct herself with dignity. I have never met someone like her who refuses to understand what other people are saying!"

Lian Shitao's face turned beet red.

To be honest, he had really not been pointed to at the nose and scolded by other people until his current age.

Yet the situation today just had to be like this, so Lian Shitao really could not find a way to rebut her at all.

He lowered his head to look at Lian Qingyin and said, "What else do you have to say!"

Lian Qingyin winced, but she still braced herself and said, "Dad, they're too much of a bully. What did I do wrong?"

"I just suggested that we eat together and came over politely to visit today. These are very normal interactions, yet in their eyes, it became me harassing them. Aren't they too much?"

Lian Shitao felt his mind whirring. Lian Qingyin made it sound so simple.

But Lin Liye had already described it so clearly.

Even the words that Lian Qingyin had said, Lin Liye could also repeat them in great detail, and it did not look like something she could fabricate on the spot.

Han Zhuoling said coldly, "CEO Lian, please deal with your daughter. If not, I will do it for you."

Lian Shitao was seething with rage deep down.

No matter what Lian Qingyin did, it was really too much of Han Zhuoling to make a threat like that!

Lian Shitao dragged Lian Qingyin and shouted, "Why are you still sticking around here! They already want to deal with you! Yet you still want to stay? Do you have no shame?"

After saying that, he just dragged Lian Qingyin away.

Being dragged by Lian Shitao, Lian Qingyin could no longer make that disgusting expression which she had earlier.

It was impossible for her to continue staying behind here no matter what, so Lian Qingyin could only leave with Lian Shitao.

Lian Shitao dragged Lian Qingyin into the car. Before Lian Qingyin could speak, Lian Shitao's slap greeted her face first.

"What having a meal, what visiting, you really think everyone is an idiot?! If they don't want to see you, no matter how nice you make it sound, it's no use!" Lian Shitao bellowed. "You've disgraced me so much!"

Lian Qingyin clutched her face. The spot where he had hit her burned in pain. "I do like Han Zhuoling."

Lian Qingyin said calmly, "After I graduated, the field of study I took when I went overseas to further my studies, as well as the career that I chose after I graduated there, was all because of Han Zhuoling. I've liked him for so many years. I worked so hard just to be able to get together with him, to be able to help him, to be able to have the chance to meet with him often within the same industry. Even after he got married, I thought that as long as I can help him and see him, it would be good enough. I endured loneliness and worked hard in my career for so many years.

"Now, we finally have common topics to talk about. I have a reputable position in the company and will be able to help him. So I quickly rushed back. It's probably because the Heavens took account of my hard work and felt moved by it. He actually got a divorce." Lian Qingyin smiled widely in joy, feeling touched at the same time. "Isn't this my chance? To let me stand beside him, and to get together with him. He has the Han Corporation, while I am in an influential position in Men Xue. If the two of us join hands, who else can rival us?"

"I am the one who can truly be of help to him. And Shi Xiaoya? All she does is get benefits from Han Zhuoling.. It has always been Han Zhuoling helping Shi Xiaoya and seeking benefits for her."

Chapter 2620: Who Gave You the Audacity to Boast Shamelessly

"But Shi Xiaoya can't help Han Zhuoling with anything at all. She is of no benefit to him at all.

"But it's different with me. I am truly the only person who will be able to help him." Lian Qingyin seemed to have fallen into a trance as she said that, and her gaze looked a little distant.

Who knew what kind of wonderful scenario she was seeing now in her imagination?

"Han Zhuoling is so smart. He would realize sooner or later that I am the most suitable person for him," Lian Qingyin said. "He has just been blinded for a moment right now. He got betrayed by his ex-wife previously, and he met Shi Xiaoya after his divorce, so he got deceived by her."

Lian Shitao felt as if he did not know this daughter of his, as if he had never understood her before.

But it was true. Lian Shitao was busy with his career. How would he have the time to care about family matters?

The family matters had always been left to his wife to manage.

“What has that got to do with you? Han Zhuoling and Shi Xiaoya are doing fine, so what do you need to worry about? Do you know Shi Xiaoya? And you said Han Zhuoling got deceived by her? Even you said that Han Zhuoling is smart. Is he someone who can be deceived by a woman?” Lian Shitao said incredulously.

Anyway, Shi Xiaoya had the Shi family. She was not some pitiful little soul that could be easily bullied by anyone.

Yet unexpectedly, Lian Qingyin rebutted him right after that and said, “Then why did he get deceived by his ex-wife?!”

Lian Shitao: “...”

On this matter, he actually could not rebut her.

Lian Qingyin continued, “Shi Xiaoya just acted like a foolish kind soul and deceived Han Zhuoling to no end. Don’t all men fall for tricks like hers? But I will definitely expose Shi Xiaoya’s true colors and make them break up. Han Zhuoling will thank me for this. I am the one who is the most suitable for him; he will know it.

“I came back precisely because I want to help him. I am doing this for his sake. I am the only one who’s the most suitable match for him.”

It was the first time that Lian Shitao realized how conceited his own daughter was.

“Does he need you to help and do things for his sake? There are so many more people out there who are much more capable than you. Where did you get the confidence that you are the most suitable match for him? You look down on Shi Xiaoya, but Shi Xiaoya also came from the Shi family.” Which was a little more impressive than their Lian family.

“Who gave you the audacity to boast shamelessly!” Lian Shitao chided coldly.

He could finally empathize a little with how Han Zhuoling and the others had felt.

If Lian Qingyin did even worse things just before, then everyone would have gone crazy.

But what about Lian Qingyin?

She actually felt that Lian Shitao was truly stupid.

At this moment, she stared at Lian Shitao as if she was staring at a commoner.

Lian Shitao understood the look in her eyes and felt a bout of rage get all pent up and stuck in his chest.

What kind of look was she giving him!

“Dad.” Lian Qingyin shook her head, looking really resigned. Why was her dad so stupid and not able to think in a flexible manner?

No wonder the Lian family did not improve an inch under his helm.

If Lian Shitao was even a little more capable, they would have long surpassed the Shi family!

Could Shi Xiaoya even have had the chance to strut around in front of her then?

Lian Qingyin said, “Why can’t you get it? I just need to make Han Zhuoling see Shi Xiaoya’s true colors and let him know that Shi Xiaoya is not the kind of person he likes at all. And me? After I get together with Han Zhuoling, will our family lack benefits from it? Look how glamorous the Shi family is now because of the Han Family. They’re doing much better than they had in the past.

“Tell me, don’t you want to replace the Shi family?” Lian Qingyin asked with a laugh.

“Han Zhuoling already said that if you continue pestering him, he will deal with our family!” Lian Shitao felt that he was about to go crazy.

How did he get such a wastrel for a daughter!
