Chapter 2681: How Could This Girl Be So Good?

“No. You didn’t even remember who she was, and even after you knew her feelings, you rejected her coldly. She wasn’t happy about it and tried to hurt me. That’s her fault and has nothing to do with you.

“It’s her who tried to deal with an insignificant matter. She didn’t think it through and thought that she could get you if I didn’t exist. Even you thought that it was disgusting to be thought about by such a woman. This trouble was not caused by you. Let her take the blame for something that she alone did. You don’t need to feel guilty because this has nothing to do with you.”

Han Zhuoling feeling guilty made Shi Xiaoya feel that he had some sort of relationship with Lian Qingyin.

“Okay.” Han Zhuoling smiled.

He hugged Shi Xiaoya tightly.

He let out a long sigh.

How could this girl be so good?

Whenever he thought about the fact that she had almost gotten into trouble at a place that he could not see, he shivered in fear.

He almost lost a woman who was this good.

Shi Xiaoya felt how tense he was. He was so tense that he was shivering.

Shi Xiaoya also hugged him back, as if comforting him. She tilted her head, wanting to kiss him.

But she saw that Han Zhuoling had buried his whole face into her neck.

Only one ear was revealed.

Strangely, it felt cute.

However, Shi Xiaoya’s heart still ached for him.

She did not think that he would have such vulnerable moments.

He looked like a tiger who had hidden itself by covering its face.

Shi Xiaoya could not see his face and could only kiss him on his hair. She saw his ear and kissed it subconsciously.

Han Zhuoling shivered. Even his ear shivered.

When he was touched by her soft lips, the numb feeling drilled into his heart from his ear.

Han Zhuoling’s head was still on Shi Xiaoya’s shoulder, but it turned lazily and he finally showed half of his face.

Shi Xiaoya was caught off guard as they were facing each other at a close distance all of a sudden.

Shi Xiaoya was stunned and held her breath by instinct.

Han Zhuoling's hand was placed on the back of her head.

He exerted some force and Shi Xiaoya's face got even closer.

Han Zhuoling raised his head slightly and kissed Shi Xiaoya on the lips.

After the fear he felt in the afternoon, he only grasped the reality that she was fine when she was in his embrace.

Shi Xiaoya was finding it difficult to breathe, but she did not want to push him away.

She only had one thought now. She hated the fact that she could not be one with him in body.

She only wanted to be buried in his embrace and never be separated.

She hated the fact that she could not be a part that grew on Han Zhuoling's body, so nobody could separate them.

She adored this man so much that she could not bear to lose him.

If anyone was to fight with her for him, she would give her own life to win.

In the past, she did not like this feeling.

She had thought that it was akin to losing herself.

Wasn't it just a man?

She would not want to fight for a man. If a man wanted to leave, there was no way to make him stay.

But now, she knew that Han Zhuoling would not leave and would not wrong her.

However, knowing that someone was thinking about him made her angry.

She even had the idea of hiding him so that nobody could see him.

He was so nice, after all..

Chapter 2682: I'm Worried That It Will Scare You

She kept on burying herself into his embrace without realizing.

The softness was sticking to him closely.

Han Zhuoling's self-control crumbled.

At first, he wanted to take it slow as he did not want his own emotions to hurt her or scare her.

But Shi Xiaoya taking the initiative to be close to him made Han Zhuoling lose his self-control.

"I'm worried that it will scare you," he said.

"Wh..." Her lips were already covered by Han Zhuoling before the rest of the word could leave her mouth.

In the end, she finally knew why Han Zhuoling said that he was worried that it would scare her.

Usually, she would not be able to hold out for a long time in his embrace. Today, she was even more defeated.

She was already fainting in less than half of the usual time she could hold out.

Her legs and arms had no strength, and her legs were shaking vigorously.

Her whole body was shivering.

But Han Zhuoling did not seem to want to stop. It was like there was no end.

Shi Xiaoya vaguely knew that he was affected by what had happened today.

Shi Xiaoya mumbled, "I don't have any strength left..."

Han Zhuoling heard this and hugged her tightly as he kissed her lips.

This time, she even tasted the salty taste of sweat.

Han Zhuoling finally let her go.

However, after a long time of having her legs curled up in one position, when she relaxed, it felt like she was cramping and it was agonizing.

Shi Xiaoya made a noise of pain.

Han Zhuoling asked hurriedly, "Why? Where does it hurt?"

"My legs hurt. They were curled up for too long," said Shi Xiaoya.

Han Zhuoling knew immediately where it was hurting and helped massage her immediately.

After a while, it did not hurt that much.

But Han Zhuoling still hugged Shi Xiaoya tightly, not letting her go.

Even if the air conditioner was turned on, after exercising like this, the sweat on the body was still sticky.

Shi Xiaoya nudged him gently. "We're so sweaty. Isn't it sticky?"

Han Zhuoling would not let go. "I want to hug you like this."

Shi Xiaoya kept quiet.

After a short while, the sweat on their bodies was soon dried by the air conditioner, and it felt smooth again.

Shi Xiaoya did not have the strength to shower.

Han Zhuoling did not have any intention of moving, so Shi Xiaoya did not move as well.

She placed her face on his chest.

Han Zhuoling lowered his head and looked at her calm and beautiful side profile as he thought about the time when they first met.

“Remember when we first met?” Han Zhuoling asked quietly.

Han Zhuoling’s voice was still a little hoarse.

He could not sleep now and did not want to sleep.

Shi Xiaoya thought in her heart that it was impossible for her to forget, so of course she remembered.

“Remember? Of course I remember,” said Shi Xiaoya. “But during that time, I didn’t think that we would get together and be so intimate.”

During that time, she was so afraid of him.

She was nervous when she saw him, let alone when she approached him.

But now, she was in his arms, never leaving.

She would even become like a female tiger for him.

She was willing to show her claws.

When she first met him, people would say that they would be together.

People would say that they looked good together.

Whenever people said these kinds of things, Shi Xiaoya would think that they were out of their minds.

But now, she felt that she was being too stupid because she did not dare to approach him last time.

This was such a good man.

She only regretted that she was too late to meet him and discover how good he was.

Or else, she would have been even happier.

Why would such a good man be with her?

Chapter 2683: It’s So Good to Have Met You in the Past

He wanted to hug Shi Xiaoya and feel her presence to know that she was alright. Then he could be relieved.

Shi Xiaoya raised her head and fell into his gaze.

Shi Xiaoya was stunned. She looked like she was in a trance.

She stared straight at Han Zhuoling’s face.

After such a vigorous exercise, Han Zhuoling’s face still had a faint red color.

It was like his originally cool face had been dirtied with dust.

It was very sexy.

“Now that I look at you and think about the time when we first met, it’s like two different worlds. The past me felt so nervous when I met you.” Shi Xiaoya thought about the past and a feeling of warmth emerged from her heart.

“You were scared of me before?” asked Han Zhuoling.

“I wasn’t scared, I was just nervous,” said Shi Xiaoya. “Don’t you know how cold you look when you don’t smile? That cold and arrogant look was very serious. I didn’t even know how to talk when I faced you and would stammer.”

Han Zhuoling chuckled. That laughter was rolling in his throat and it sounded so good.

Shi Xiaoya raised her head and could see his Adam’s apple, which was vibrating.

She could not help but kiss his throat.

That wet sensation made Han Zhuoling’s throat move fiercely.

Then he heard Shi Xiaoya say, “The me from that time would never have thought that I would...”

Be so intimate like this.

Just lying in his arms, looking at him from such a close distance, talking to him.

And he would love her so much.

She had never thought in the past that he would look like this when he loved someone.

It was absolutely unbelievable.

Han Zhuoling let out a long sigh of satisfaction and hugged Shi Xiaoya even tighter. “I also didn’t think that I would love someone like this one day, that I would put down everything for a girl and want everything good for her.

“When I first met you, I didn’t think that...” But back then, his face had been scratched.

When Shi Xiaoya covered up his wound, her soft fingers had rubbed against his face, and he could feel her faint breathing.

During that time, he had already felt something for her.

Even though it was suppressed, it could not be denied that during that time, his feelings for her were already sprouting.

Or else, he would not have paid more attention to her.

“Luckily, you’re fine today,” said Han Zhuoling. “I don’t even dare to imagine what I would have done if something had happened to you.”

He sighed. "I have never expected to meet such a good girl like you. Originally, I thought that I would live my life coldly and won't fall in love and won't know what it feels like to love someone. When I saw that Zhuoli's and Lu Man's relationship was so good, I didn't feel anything nor understood.

"But I didn't think that the lady who did my makeup out of coincidence would be lying in my arms." Han Zhuoling chuckled in his hoarse voice.

Shi Xiaoya was embarrassed by what he said.

Fate was indeed wonderful. When she faced him in the past, she was so nervous that she could not even complete her sentence.

But now, she was lying in his arms.

Han Zhuoling held her face and kissed her on the lips. "I am grateful that I can be with you. It's so good to have met you in the past. Now that I think about it, it feels marvelous.. How was I able to meet such a good girl like you?"

Chapter 2684: I Don't Like You, I Love You

If he had not been divorced when he met her, it would have been impossible for the two of them.

But fate was wonderful. He had been married for so many years and had not met her.

But he was able to meet her after he got divorced.

He thought that it was a rare fate.

It was fate that made him meet her after he got divorced. It made him single again in order to meet her.

No matter how messy it got, the two of them would always end up together.

Han Zhuoling lowered his head and cherished her as he kissed her hair.

"Thank you for liking me," said Han Zhuoling quietly.

Shi Xiaoya raised her head and said suddenly in a serious tone, "No, I don't like you."

Han Zhuoling was stunned. He did not expect Shi Xiaoya to say this.

However, he did not doubt Shi Xiaoya's heart.

So even if Shi Xiaoya denied it so quickly and so surely, he did not panic.

But he was still curious why Shi Xiaoya did not like him.

How was that possible!

Shi Xiaoya stared at him and kissed his chin. "I don't like you, I love you."

This sentence was gentle and smooth and was as light as her voice.

But it also landed heavily on his heart.

Han Zhuoling suddenly turned and pressed Shi Xiaoya down.

Shi Xiaoya was shocked. "Wh... what? You can't do it again!"

Han Zhuoling laughed.

This little girl had just said something so touching, and right after, she made him unsure of whether to laugh or cry.

"I didn't want to do anything," Han Zhuoling explained resignedly. "But the confession was done by you, so I am panicking."

Shi Xiaoya blinked. What confession?

Immediately after, she understood.

She smiled and said, "When we confirmed that we were dating, wasn't it you who confessed to me first? So it doesn't matter who did it first. You already confessed anyway."

"No," said Han Zhuoling seriously. "No matter when, it must be me who confesses first."

He was being overbearing.

Shi Xiaoya kept quiet and smile stupidly.

Han Zhuoling said with some frustration, "After listening to you, I realized that I have never told you I love you."

Shi Xiaoya thought that she did not need to hear this sentence.

Because all of Han Zhuoling's actions were telling her that.

He was always using his actions to prove that he loved her.

She could see and feel it clearly, so she had never doubted, hesitated, nor felt insecure before.

So obviously, she would not need to keep holding on to him and asking him to express it using words.

Because he had already done everything. It was more realistic and persuasive than words.

But now that he had said it, Shi Xiaoya realized that she had still been waiting for him to say it.

When he said it, she loved hearing it.

It was touching.

A pair of eyes stared at his face seriously, as if drawing his face through her gaze.

Her eyes were so clear, then tears started flowing out.

"Why are you crying?" Han Zhuoling was panicked and kept wiping her tears.

His thumb kept wiping across her face, but it could not wipe her tears dry.

He knew why she cried.

It was because he finally said “I love you.”

This sentence was actually so important to her.

He had been careless and had always been satisfied with how considerate he was..

Chapter 2685: They All Look Like You

But he was actually the most careless. He did not even think about such an important thing.

Shi Xiaoya shook her head and sniffled. She said past her chokes, “It’s fine. I just... just feel that the words ‘I love you’ sounded so good coming from you.

“In the past, I didn’t think that those three words were so pleasant, but when you said them, I think that it is the most pleasant sentence in the world.” Shi Xiaoya tried to hold her tears in, but she failed as she sniffled.

How could someone say the words “I love you” so pleasantly?

“Sorry. I was careless and didn’t say it to you before,” said Han Zhuoling hurriedly. “My heart has felt this way the whole time. I have probably been feeling this way too much that I got used to it. However, I ignored the most basic thing.”

Shi Xiaoya shook her head. “I know. I know even if you don’t say it.”

How could she not know after all he had done?

Han Zhuoling laughed and wiped away her tears. “You know but you still cried?”

“I don’t know why I am like this either.” Shi Xiaoya felt embarrassed and wanted to wipe her tears.

But she was stopped by Han Zhuoling.

He lowered his head and started kissing her cheeks. He kissed away all of her tears.

“Xiaoya, I love you,” said Han Zhuoling. “I had nothing that I was grateful for in my life, but now, I am grateful that I met you. I am not perfect and had been married before. Thank you for not disliking me.”

“Don’t ever say that again,” said Shi Xiaoya seriously. “You’re the best in my eyes; nobody can ever compare.”

Shi Xiaoya nodded. “Just that perfect.”

“Okay.” Han Zhuoling accepted her assurance with a smile.

He lay back down and scooped Shi Xiaoya back into his arms as he let out a long sigh. “Love you so much.”

Shi Xiaoya felt something like a flow of electricity jumping around in her heart.

Those words sounded even more pleasant than before.

Shi Xiaoya moved slightly in his arms and closed her eyes.

Then she mumbled, "I am also very grateful to have met you. In the past, I had never thought about what kind of person I would be with. I had never thought about how my boyfriend would look like. But after getting together with you, I know that he looks like you. My boyfriend, fiancé, and husband all look like you. I can't think of anything else."

Han Zhuoling lowered his head and kissed the corner of her eye.

He let out a sigh of satisfaction. He could not wait for her to be his wife.

As he was thinking this, Han Zhuoling's eyes snapped open.

Noticing his change, Shi Xiaoya, who had her eyes shut, also opened her eyes. "Why?"

"Let's go and sign the marriage certificate tomorrow," said Han Zhuoling.

Shi Xiaoya was frozen.

Han Zhuoling said, "I didn't think it through. After proposing to you, I kept thinking about the wedding, but I forgot that we can sign the marriage certificate first."

He was too careless.

He had not paid attention during his previous marriage. Everything had been done carelessly.

Whatever the Xia family said, he did not care.

He had already agreed with them that it was fine as long as they did not disturb his work.

So he had never dealt with the marriage certificate himself.

Han Zhuoling was still a newbie when it came to marriage.

"So," Han Zhuoling asked Shi Xiaoya, "let's go and sign our marriage certificate tomorrow, okay?"

The first thing that Shi Xiaoya thought was that if they had their marriage certificate, then Lian Qingyin would not have any hope left..

Chapter 2686: A Major Event

Even if Lian Qingyin was very delusional, she could not think that Han Zhuoling liked her if she watched Han Zhuoling get married, right?

Even though Lian Qingyin would not give up that easily even if they had their marriage certificate...

They could at least show Lian Qingyin their attitude.

No matter what she did, nothing would affect their relationship.

"Okay." Shi Xiaoya nodded as she answered readily, "Let's go tomorrow?"

After making a major life decision, Han Zhuoling also felt overjoyed.

The major event was already half done; they only needed to sort out their marriage certificate and it would be considered done.

“Let’s go tomorrow,” said Han Zhuoling with uncontrollable excitement.

The two had decided, but they could not sleep now.

However, they did not speak; they just held each other quietly.

In the end, Shi Xiaoya fell asleep first. After all, Shi Xiaoya’s physical strength was a lot weaker than Han Zhuoling’s.

So even if she was excited, she could not stay up.

She fell asleep without knowing it.

But Han Zhuoling could not fall asleep.

When he thought about how Shi Xiaoya was officially going to be his missus after tomorrow, he could not sleep at all.

With his eyes open, he lay on his side with Shi Xiaoya in his arms. His hand was placed on Shi Xiaoya’s back as he searched for his phone.

He looked from Shi Xiaoya to the time on his phone from time to time.

He thought about why the night was passing so slowly.

Han Zhuoling counted second by second, hoping that dawn would arrive faster so that he could bring Shi Xiaoya to sort out their marriage certificate.

Unconsciously, Han Zhuoling stayed up with his eyes open, and he saw the color of the sky outside the window turn from pitch black to a faint dark blue.

Then he looked at the time; it was already five in the morning.

Two more hours and it would be victory!

Finally, it was seven. Han Zhuoling’s face glowed with his bloodred eyes.

When he saw that Shi Xiaoya was still deep in slumber, he thought that he really made her tired last night.

So Han Zhuoling did not rush to wake her up.

Carefully, he slipped his arm out from under her neck.

His arm had been laid on the whole night and it felt numb.

It only got better after Han Zhuoling massaged it for a while.

He washed his face and took a shower, then put on a neat suit.

When he finished tidying up, he looked into the mirror and his expression turned dark.

Because he did not sleep the entire night, his eyes were bloodshot and his body seemed weak..

Chapter 2687: Could That Be the Same

After Han Zhuoling tidied up, it was already 7:40.

Although Shi Xiaoya was tired, she could hear the sound of Han Zhuoling walking around and tidying up.

Han Zhuoling had already tried his best to lower down the volume, but Shi Xiaoya was remembering something, so she was not in a deep sleep.

She was too sleepy and her brain was not functioning, so she could not remember what it was.

But subconsciously, she remembered that she had something major to do and needed to wake up early.

So she still opened her eyes sleepily with great effort.

After rubbing her eyes a few times, she could finally open them. They felt sore and were stinging.

She could faintly see a figure moving about.

Lazily, Shi Xiaoya was slightly awake but still could not remember.

She turned around and lay on her side. Just then, Han Zhuoling walked in.

“Awake?” Han Zhuoling walked to the bedside.

Shi Xiaoya saw that he was all dressed up and was stunned.

Even though she remembered that there was something major happening, she was still sleepy and could not recall what it was.

She asked, confused, “You’re going to work this early?”

In the past, going to work at this time was already considered late for Han Zhuoling.

But Han Zhuoling had already adjusted his working time back to normal.

He no longer left at around five or six but left normally at eight, and he would arrive at the office before nine.

So upon seeing the time, Shi Xiaoya asked what was up.

Han Zhuoling heard her question and laughed out of anger. He pinched her nose angrily.

Shi Xiaoya could not breathe; she could only open her mouth.

Then Han Zhuoling said, “Did you forget? We said that we would go sign our marriage certificate today.”

Shi Xiaoya’s nose was still being pinched by Han Zhuoling, and after taking a few breaths with her mouth, she woke up completely.

After being reminded by Han Zhuoling, she remembered.

They had discussed that they would get their marriage certificate today!

Shi Xiaoya was now fully awake.

She jumped up. "I was just thinking about it!"

Shi Xiaoya hugged Han Zhuoling immediately. "I thought that there was something big, so I woke up this early.

"Or else, how could I have woken up so early after the exhaustion from last night?" Shi Xiaoya mumbled with her flushed face. "It's just that I just woke up and my brain wasn't thinking. It's not fully awake."

Han Zhuoling looked at her. The red color on the little girl's cheeks was showing through her white skin.

Even though she did not sleep for a long time, clearly, Shi Xiaoya's sleep quality had been good.

Her whole face was moisturized. Even her eyes were glowing because of the moisture.

Her lips were red and pouty. When Han Zhuoling saw her lips, he could not help himself and he started kissing her again.

Shi Xiaoya had forgotten that she was naked.

Initially, she had had a blanket covering her.

However, as Han Zhuoling continued kissing her, he removed the blankets.

Shi Xiaoya did not notice anything wrong until she felt a burning hot palm on her smooth back. This was when she realized what was going on.

There was nothing to be shy about. She had been even more intimate with Han Zhuoling before.

However, at this moment, Han Zhuoling was wearing a suit and looking very professional.

He had even buttoned the first button of his shirt, only revealing the Adam's apple.

His collarbones could not be seen at all.

He was dressed neatly, but she was not wearing anything.

And so, Shi Xiaoya felt very uneasy.

As she was held by Han Zhuoling, she felt so embarrassed that her shoulders turned red.

"I'll go tidy up." Shi Xiaoya nudged him.

Remembering that they had something major to do, Han Zhuoling finally let go of Shi Xiaoya but sat there without moving.

Shi Xiaoya grabbed the blanket and covered herself. She kicked him through the blanket. "Go out and wait. I want to take a shower and get changed."

Han Zhuoling smiled and said as he pulled on her blanket, "We are in this relationship, but you still need to hide from me to shower and get changed?"

"That's still embarrassing," mumbled Shi Xiaoya, blushing. "You're all dressed up, but I..."

She did not have such a big heart to be able to walk around naked in front of him.

Han Zhuoling raised his eyebrows. His eyes narrowed slightly. "It was me who took off your clothes."

Shi Xiaoya was speechless. "..."

"How is that the same?" Shi Xiaoya said angrily.

Frustrated, Han Zhuoling rubbed her head a few times. "Alright, alright."

When would this little girl open up fully in front of him?

If Shi Xiaoya knew what he was thinking, she would tell him that it was impossible that she would walk around naked in front of him. She would be too shy to do so her whole life..

Chapter 2688: A Hint of Decadence

Anyhow, Han Zhuoling went out of the room.

Shi Xiaoya immediately went to shower.

Her legs were still sore. She felt like what a yoga beginner would feel the next day after doing yoga.

Shi Xiaoya did a light makeup rapidly, and when she thought of Han Zhuoling's suit, she took out a skirt of the same colour to wear.

They were going to sign their marriage certificate today and would need to take the photo that would go on the certificate.

So obviously, she had to wear a couple outfit with him.

After tidying up, Shi Xiaoya went out of the bedroom and saw that Han Zhuoling was sitting on the couch in the living room with his eyes closed.

Upon hearing the sound of her coming out, Han Zhuoling opened his eyes.

Shi Xiaoya looked at his bloodshot eyes and said, "I wanted to ask since just now. What happened to your eyes? Did you not rest well?"

He looked overindulged.

This look on his face gave off a feeling of decadence and wildness.

"I did not rest well." Han Zhuoling felt dispirited as he thought about his bloodshot eyes. "When I thought about signing the marriage certificate today, I was so excited that I could not sleep a wink last night."

Han Zhuoling looked at her. "I am not exaggerating, I really did not sleep."

"You stayed up until dawn?" Shi Xiaoya asked in surprise.

Han Zhuoling nodded. Perhaps because he did not have much energy, it felt like he was well-behaved.

"Wait here for me." Shi Xiaoya left for a while.

After a while, she brought eye drops.

"Lie down. I'll drip a few drops of this. It's effective against bloodshot eyes," said Shi Xiaoya. "It can also relieve your eye fatigue."

Shi Xiaoya said, frustrated, "What were you thinking? How can you not sleep the entire night?"

She suddenly thought that in comparison to him, she had been well asleep. Did that mean that she did not see this matter as something of great importance?

"I just wanted dawn to come faster. I couldn't wait and kept looking at the time, wondering why it's not dawn yet," said Han Zhuoling as he lay down with his head on Shi Xiaoya's lap.

Such a mature man also had childish moments like this.

Shi Xiaoya squeezed a few drops of the eyedrop and used a tissue to wipe away the excess that flowed out from his eyes. She made Han Zhuoling close his eyes for a while.

After a few seconds, Shi Xiaoya lowered her head and kissed him in between his eyebrows. "Done."

When Han Zhuoling opened his eyes, the red color in his eyes was almost gone.

However, this could only get rid of the color but could not replenish his energy.

So when they were leaving, Shi Xiaoya said, "I'll drive. You can sleep on the way, so at least you can feel better."

Shi Xiaoya did not know whether to laugh or cry. How could this man stay up the entire night because he was going to sign their marriage certificate?

Han Zhuoling did not decline her offer. It was rare that he could sit in the front passenger's seat and let Shi Xiaoya drive.

Shi Xiaoya set up the GPS and drove following the directions.

Han Zhuoling was indeed exhausted; he fell asleep as soon as he closed his eyes.

It was peak time when the two left and they were caught in a heavy traffic jam.

So they spent quite a while on the road.

Shi Xiaoya parked the car, but she saw that Han Zhuoling was sleeping like a log, so she was reluctant to wake him up.

But if she did not wake him up, this man would be angry.

"Zhuoling," Shi Xiaoya called a few times as she shook him.

“We’ve arrived?” Han Zhuoling asked right after he opened his eyes. His face still had a hint of confusion.

“Mhmm.” Shi Xiaoya nodded..

Chapter 2689: Are All the Rich People So Humble Now?

Han Zhuoling wiped his face. “Let’s go and get our marriage certificate.”

Han Zhuoling had said it in high spirit.

As soon as they had their marriage certificate, he would be able to call her his wife.

Today was not a special day related to numbers like 520 or 1314.

Thus, the queue was considered normal.

Han Zhuoling and Shi Xiaoya were only in queue for a while.

Actually, the two would not have needed to queue up.

Han Zhuoling could have just made a call.

However, the two of them were queuing up here humbly. Neither of them wanted to make it very special; they wanted to be like a normal couple who came to get their marriage certificate.

It was as though they were simultaneously enjoying this simple and beautiful moment.

Finally, it was their turn. The two read the vows seriously.

Even the employee opposite them was surprised.

He had to deal with many prospective husbands and wives every day.

Most of them read the vows as if completing a task; they were not paying a lot of attention.

It made people feel that completing their marriage certificate was just something necessary to fulfill the task of marriage.

However, the pair in front was different. The two came to get their marriage certificate, but they took every step very seriously.

When they were saying their vows, the man spoke every word clearly and seriously.

It was like he wanted to make sure every word of the vow would come true; he was not just saying it for fun.

Just by listening to him, the value of the young lady to him could be felt.

As for Shi Xiaoya, she also read everything seriously. After reading it, she looked at Han Zhuoling.

The two had put their feelings into the vows.

The employee was a middle-aged man. He only looked at the news and at WeChat when he went online. So he was not familiar with Han Zhuoling and Shi Xiaoya.

Only once the two were leaving with their certificate did the middle-aged man come to his senses. Han Zhuoling and Shi Xiaoya sounded very familiar.

“Older Brother Wang, what happened? Why are you in a daze?” asked his colleague Xiao Liu while carrying a cup of coffee.

Xiao Liu had just graduated from university not long ago. Because he was young, he was more familiar with the latest news.

Older Brother Wang said, “I was helping two people sort out their marriage certificate just now. The two were so suited to each other. Both the man and the woman looked so good. Using young people’s words, you would say they’re stunning. Usually, if one was slightly uglier, they would be overshadowed by their other half. It’s so rare that this couple was well-matched.

“I have been here helping so many couples for so long. The only ones I saw who could compare to them were Han Zhuoli and Lu Man from before, who were helped by Lao Xin.”

As a celebrity, Lu Man’s exposure to the public was high, so even if Old Brother Wang did not pay attention to these things, he remembered Han Zhuoli and Lu Man’s name.

Just as he finished, he froze.

“Older Brother Wang, why?” asked Xiao Liu.

“Han Zhuoli, Han Zhuoling... the one who came to go through with the marriage procedures was called Han Zhuoling!” said Old Brother Wang.

Xiao Liu knew him indeed. “The woman was called Shi Xiaoya?”

“Yes, yes, yes. That’s her name,” said Old Brother Wang, nodding.

“My god! The two came to get married without saying anything! So low-key!” After Xiao Liu was done being shocked, he told Old Brother Wang all about Han Zhuoling and Shi Xiaoya.

After listening, Old Brother Wang said, “Are all the rich people so humble now?”

“Hahaha. The eight great families are being too humble. Perhaps once they’ve reached a certain level, they don’t care to flaunt such things,” said Xiao Liu..

Chapter 2690: The Marriage Certificate Was Meaningful to Him

“How did you not recognize them when they were standing right in front of you?”

“You’re right.” Older Brother Wang laughed.

“Aiyo, this is breaking news! Han Zhuoling and Shi Xiaoya came to get their marriage certificate!” said Xiao Liu, full of excitement.

Older Brother Wang did not feel the same way. “They’re just rich people who came to get their marriage certificate. Why is it breaking news?”

“Haih, you don’t know anything,” said Xiao Liu. “Whenever a member of the eight great families starts dating, it’s a big deal. Have you seen any rich person who likes being lovey-dovey as much as them? When they do it, people can’t take it. Usually, they never go online, but when they start dating, it is as if their accounts are fake accounts; we have to look at them being all lovey-dovey. That’s so contrasting to the point where it feels cute.

“I have never seen rich people like them. All the netizens are waiting for Han Zhuoling and Shi Xiaoya to get married,” said Xiao Liu.

Older Brother Wang laughed. “The netizens like them so much? What if they break up?”

“No. Until now, as long as they made their relationships public, members of the eight great families all lasted until the end. There was nobody who broke up halfway. They probably made it public only after they confirmed their marriages.

“Older Brother Wang, if you have time, you can watch the show *Survivor*. It is said that it’s the show in which Han Zhuoling pledged his love to Shi Xiaoya. Whenever the two of them appeared in the show, the scenes are all full of affection.” Once Xiao Liu started talking, he could not stop.

Older Brother Wang smiled and reminded him, “I know you’re excited, but you can’t tell others about this. Don’t forget, as employees, we can’t leak their private matters.”

“I know. Don’t worry,” answered Xiao Liu.

He felt uncomfortable as he could not tell others although he knew such big news.

But he still had to hold it in. Even if he leaked it out anonymously, if Han Zhuoling was not happy about it and found out, he would not be able to keep this cradle-to-grave job.

It would be too easy for Han Zhuoling to find out about him.

Xiao Liu thought about the consequence and extinguished his passion for gossiping.

He paid attention to every member of the eight great families.

He thought about how much those who were not single anymore, including Han Zhuoling, loved showing off their affection.

Han Zhuoling probably wanted to show off his marriage himself. If an unrelated person did it first, he would be very mad.

Xiao Liu shivered. He did not dare to speak about this even more.

Han Zhuoling and Shi Xiaoya entered the car. After Shi Xiaoya insisted, she drove.

She felt that Han Zhuoling did not even sleep much while they were on the way there.

However, Han Zhuoling could not sleep now; he was too excited.

In his hands lay two fresh marriage certificates.

He saw Han Zhuoli showing it off in his house before.

Han Zhuoling was not unfamiliar with marriage certificates.

After all, he had gotten one before.

However, he did not look at it seriously last time.

That time, a marriage certificate was the same as a scrap paper.

When he got it, he threw it in his drawer and did not feel anything.

And now, to him, it was like he had gotten married for the first time.

Even when he pinched the marriage certificate with the tips of his fingers, it felt hot.

He had an indescribable excitement in his heart.

This time, the marriage certificate was meaningful to him.

Han Zhuoling took a deep breath as he opened the marriage certificate..
