

## Mr Han 271

### Chapter 271: I'll Stay Here to Accompany You

Lu Qi became anxious, "Director Sun, don't waste time for my sister. She—"

"Isn't she your older sister? Why is it that as soon as you came, you've not said a single good thing about her?" Sun Yiwu raised his eyebrows.

Lu Qi stiffened, then laughed dryly, "How... how can I say anything in defense of her? She's done something wrong, it's something that cannot be denied."

"Miss Lu, just wait over at the side first, we still have a few scenes to film," Sun Yiwu said coldly.

Then the assistant director instantly went to find the actors.

Lu Qi could only wait at the side, as there were no chairs there for her to sit she could only stand.

After standing there for more than an hour, when the actors finally started to take a break to practice their lines, Lu Qi instantly went to find Sun Yiwu, "Director Sun, my older sister hasn't come yet, she really can't make it."

"Why exactly can't she make it?" Sun Yiwu looked at her, seeming to be smiling, but yet not smiling.

However, Lu Qi could not tell at all and was just thinking of taking over Lu Man's place. "It's not that she can't make it, it's just that she regrets agreeing to film. She feels that filming this movie is too much hard work and that it's too dangerous, she's scared of getting injured. After all, she had never acted before, it was just that initially she felt that acting seems quite good, but when it came to the real thing, she backed out."

"Who are you talking about?" Lu Man's voice suddenly sounded from behind Lu Qi.

Lu Qi turned around abruptly as if she had just seen a ghost, and saw Lu Man standing right behind her.

Han Zhuoli was even by Lu Man's side!

Lu Qi could no longer differentiate what she should be shocked about first.

Should she be shocked as to why Lu Man was here or should she be shocked about why Han Zhuoli would follow Lu Man here!

"Why did you come?" Lu Qi shouted in shock, not caring to hide her lie anymore.

Lu Man looked like she was smiling but at the same time, it was like she was not smiling at all. "I'm in the film. Of course, I have to come. On the other hand, why are you here? Just now, you were saying things like I'm not coming, I got scared, what's the meaning of that?"

"I..." Lu Qi was indeed very thick-skinned and instantly changed her stunned expression into a smile.

"I'm here to visit you at work. Older sister, I knew that you were coming to film, so I especially came over to see you. Furthermore, you don't have any experience with acting while I've acted for so many years already, I can help to give you tips."

Lu Qi tugged Lu Man's hand. "If you have anything you don't know, you can feel free to ask me, there's no need to be polite and since you don't have experience with acting, I'll just stay here so that I can teach you properly."

Lu Qi's schemes were very good, she could stay here to accompany Lu Man, and if Sun Yiwu felt that Lu Man really could not make it, then with her acting experience, comparing the two, he would definitely feel that she was much better.

At that time, it was very possible that he would directly use her to replace Lu Man.

Lu Man pulled out her hand from Lu Qi's hand, her face unreadable. "There's no need, the director is here, if there's some issue with my acting, of course, the director will teach me. Unless you think that you are more qualified compared to Director Sun to teach people? And you know even more about how to act for this movie?"

"Of course not!" Lu Qi's face changed, and she vehemently denied it, "Older sister, don't randomly say things, I've never said that before!"

"Since it's not true, then what's the use of you staying here?" Lu Man said sarcastically.

"I'm staying here to keep you company," Lu Qi forced herself to smile.

Lu Man smiled back. "Instead of staying here to keep me company, why don't you go back to see your father and mother."

"What do you mean?" Lu Qi said, unhappy, "Older sister, how could you say that? Isn't my dad your dad as well? You say it like you don't have any relationship with him, that's too unfilial isn't it!"

"Then you should quickly go back, your dad and mom are in the police station right now, they're going to be detained for quite a while."

## **Chapter 272: I Want To Become A Fan Of Lu Man**

"Impossible!" Lu Qi's expression changed. "You're lying to me right!"

"What's the use of lying to you about that? Why don't you use your phone and check online? it's probably on the news now."

Seeing that Lu Man was pretty confident about it, Lu Qi skeptically took out her phone and searched, in the end, she really did find that it was actually trending on Weibo.

The trending news said that Lu Qiyuan and Xia Qingyang tried to imprison Lu Man illegally and thus were brought to the police station.

Seeing all the harsh scolding on the comments, reprimanding Lu Qiyuan for being inhuman and also castigating Xia Qingyang by saying that although she was a step-mother with no feelings for Lu Man, it was still too much.

"I want to become Lu Man's fan, even upon being constantly framed and schemed against by these two vile, inhumane things, she is still able to hold on till now, it really isn't easy."

“She wants to film and enter the entertainment circle? Could this be just a publicity stunt? To publicize her debut in the entertainment circle?”

“Whether it is or not, the fact that Lu Qiyuan and Xia Qingyang are inhuman is unquestionable. Solely because of this, I will support the *Greedy Wolf Operation*, I hope that Lu Man will suppress Lu Qi.”

“You!” Lu Qi was so furious that she was about to faint.

How did she not think of that?

In the morning, Lu Qiyuan and Xia Qingyang had gone to trap Lu Man and prevent her from coming here, yet somehow Lu Man had still appeared here, it was obvious that Lu Qiyuan and Xia Qingyang did not succeed.

“That’s your father! How could you wrongly accuse him like that?” Lu Qi accused angrily.

Han Zhuoli said to Sun Yiwu impatiently, “Director Sun, can any random person just come to the film set?”

Sun Yiwu understood and gave a look to Xu Fenglai.

Xu Fenglai instantly called security and pointed at Lu Qi, “Take those strangers away!”

The security officers instantly hurried over, grabbing Lu Qi’s arms, one on each side.

Lu Qi screamed angrily, “What are you all doing? I won’t leave!”

Xu Fenglai walked up, and said, not at all polite, “To prevent the information about the movie from leaking out, random people are not allowed in. You should leave now.”

The security officers stayed quiet and did not bother with Lu Qi’s screams and escorted her out.

Lu Qi shouted at Xiao Yuan, “Are you blind? Quickly pull them away from me!”

But Xiao Yuan was already carrying Lu Qi’s handbag in one hand, while her other hand was pulling Lu Qi’s luggage bag, how could she bother with that. She could only follow Lu Qi to leave the place.

After the security officers chasing Lu Qi and Xiao Yuan out, they returned.

Lu Qi was so enraged that she gave Xiao Yuan a tight slap. “You just watched as I was dragged out by those people, you don’t know how to help!”

It was then that Xiao Yuan could not bear it anymore and threw her luggage on the floor. “I’m your assistant, not your slave for you to hit and scold! I don’t want this month’s salary, take it as if I worked for free for this half month, you can consider my half month’s salary as your savings since you don’t have any work. I would really prefer that I don’t get to earn money anymore over having to continue serving you! You’re such a big star, I can’t serve you!”

Seeing Xiao Yuan walk away, Lu Qi angrily yelled, “Come back, come back here now!”

This horrible girl was leaving her stranded here, how could she return home now!

Yet not only did Xiao Yuan not stop, but she also increased her walking speed, wishing she could fly away at this instant.

Meanwhile, at the film set, embarrassed, Lu Man apologized, "I'm sorry, I've troubled you all."

"No worries, it's good that you finally came here," Sun Yiwu did not mind, and furthermore, with Han Zhouli himself present there, he did not dare to mind.

Upon seeing that Han Zhouli actually accompanied Lu Man to the filming location, Sun Yiwu felt that he had underestimated Lu Man's importance to Han Zhouli.

He had never really seen any big CEO treat his girlfriend so well — traveling such a long distance to drop his girlfriend at the filming location — when they were just dating.

South Yunan was much further than the suburb hot springs from B City.

### **Chapter 273: His Girl Had Such A Domineering Nature**

"Lu Man, we still have some scenes left to film, even though there aren't any scenes for you yet, it's better for you to stay here at the film set and familiarize yourself more." Sun Yiwu spoke very politely to Lu Man.

"Since it's like that, I'll return now," Han Zhouli told Lu Man.

"Why are you in such a hurry? Won't you stay here for the night before returning?" Han Zhouli had already spent more than half a day by accompanying her here and the sky was almost dark now.

Han Zhouli really did want to stay, he even wanted to stay in the same room as Lu Man but he

"I have an important meeting tomorrow, so I need to rush back tonight," Han Zhouli explained.

"If I knew that earlier, I won't have let you bring me here, Xiao Chen could have brought me, that way you would not have needed to rush back," Lu Man knew that this man's eyes were probably going to be bloodshot soon.

"If I didn't bring you over myself, I wouldn't have felt relaxed." Han Zhouli touched the hair on Lu Man's head.

Lu Man had always felt that she was a very independent woman, but in front of Han Zhouli, she would always turn into a young girl, relying on him and behaving a girl who was younger than 22 years old.

When Lu Man walked Han Zhouli out of the film set, Xiao Chen was already waiting next to the car.

"I'll come to see you when I'm free," Han Zhouli tucked a strand of her hair behind her ear and sighed, "I don't feel safe leaving you here all alone."

"I won't let myself be bullied, anyway, don't I have you? They already know about our relationship and won't dare to bully me," Lu Man tilted her head and looked at Xiao Chen, who instantly turned around to face his back at them.

Lu Man could not help but smile and walked into Han Zhuoli's embrace, raising her head, she rested her lower jaw lazily on his chest, full of reliance.

"I'll miss you, if you can come here to see me, I'll be very happy. But don't make tire yourself out just because you want to see me. Don't let it be like today where you brought me over but need to rush back although it's already dark. Only come over when you are really not busy," Lu Man instructed.

Yet, she felt that this man was probably not even listening.

Of course, Han Zhuoli was not listening, seeing Lu Man's heart ache for him, he just blissed out, his heart feeling warm and itchy.

When he looked at this film crew, he saw that there were many men and few women.

Although he trusted Lu Man, he did not trust those men.

His girl was extremely beautiful, if those men were to fancy her and start bothering her, what was he supposed to do?

"I'll leave now." Han Zhuoli could not bear to part, looking at Lu Man's face, he could not bring himself to move away and lowered his head to kiss her on her lips twice. "The condition of this place doesn't look very good, if you're missing anything just tell me, I'll instantly have people send it over. Soon, I'll have people send a heater, an induction cooktop as well as a small pot. The temperature difference here is quite big here, it will be cold at night, so when you're in the room, if you are not tired, prepare some soup for yourself."

Han Zhuoli suddenly smacked his forehead. "How did I not think about it first, no problem, I'll have a cook come over tomorrow so that you won't need to make a soup. I'll have her make some nourishing soup every day and since you might not be used to the food here, so I'll have her make it according to the B City taste."

Seeing Han Zhuoli nag, Lu Man felt that he suddenly became an old naggy woman, who was not assured of leaving her here alone.

If it were not for the fact that the meeting tomorrow morning really could not be canceled, he would definitely not leave.

Lu Man smiled brightly as she heard him instruct her about multiple things, and suddenly her white hands grabbed his shirt collar and pulled him down, she then tiptoed and lifted her head to kiss him on the lips.

Han Zhuoli's words were cut off, and he raised his eyebrows, how did he not notice before that his girl had such a domineering personality like that of a CEO.

#### **Chapter 274: She's Young Master Han's Mistress?**

When their lips finally separated, Lu Man suddenly licked Han Zhuoli's lips.

Han Zhuoli's lips were numb for a while, he then suddenly hugged Lu Man tightly. "Is it that you don't want me to go?"

"Of course not!" Lu Man smiled slyly. "It's to make sure you remember to think of me after you go back."

"How can I forget you, little vixen," Han Zhuoli teased, then he lowered his head and kissed her fiercely. After taking a deep breath, he said helplessly, "I really have to go. If there's anything, give me a call, don't be scared of troubling me. Even when I'm in B City, I can lend a helping hand."

"Alright." Lu Man smiled slyly like a fox. "Don't worry, with a backing like you, how could I not make use of it?"

Han Zhuoli scratched her nose, no matter how much he could not bear to part, he forced himself to leave.

Lu Man kept watching till the car left her vision, only when she could no longer see it, Lu Man returned to the film set.

It was the first time she would be apart from him for so long, and this made her heart feel empty and numb.

Lu Man rubbed her chest. Before she started dating Han Zhouli, she was alone and had no one for her to rely on.

At that time, she was not this fragile or emotional, it was just that after she started dating Han Zhuoli, relying on him became a habit and now he had become a part of her life that she could not get rid off.

When they were together, she did not feel that way, but now that they were apart, she instantly felt like she was missing something and felt incomplete and lonely.

Only after having sorted out her emotions, Lu Man returned to the set and stood by Sun Yiwu's side to learn.

Xu Fenglai, who earlier had misunderstandings towards Lu Man, cleared his misunderstanding and was now very polite to Lu Man.

He hurriedly had people get a foldable chair for Lu Man.

Although such a foldable chair was a very ordinary thing, on the film set, it was only something the eminent actors could use.

The fact that the rest of the actors had benches was already quite good.

"Alright, stop! Take a break!" Sun Yiwu yelled.

"Director Sun!" Just then, a clear and delicate voice was heard.

"Shuangshuang, you're here, is your makeup done?" Sun Yiwu asked.

The stylist at the side nodded. "Everything is done."

“Alright, then after Xiao Yu finishes resting, as the next scene is of you two, you can go find him to practice first.”

“Alright,” Bai Shuangshuang delicately replied, and before leaving, she took a look at Lu Man, and then went to find Yu Yanshu.

Holding the script, Yu Yanshu was reading the next show. His assistant gave him a bottle of water and put an electric heater beside his legs for warmth.

“Brother Yu.” Bai Shuangshuang walked over, used her lower jaw to point towards Lu Man. “Who’s the person sitting next to Director Sun? I’ve never seen her before! She’s sitting in such a good seat and event next to Director Sun’s side, doesn’t only Brother Zhang has such good treatment?”

“It seemed like she’s the new third female lead taking over Lan Jiexin’s place,” Yu Yanshu explained.

Bai Shuangshuang made an unhappy ‘tch’ sound, “She’s just the third female lead, doesn’t she know the rules? She’s sitting next to the director, Brother Zhang hasn’t even left yet! That too she’s even sitting on such a big chair!”

It had always been like that while filming, although the foldable chairs were not worth much money, not anyone could sit in it. It was according to a person’s importance and position, only the main lead could occupy that seat, moreover, it was a special seat, even if the main lead was busy shooting a scene, leaving the chair empty, no one else could have that seat.

Yu Yanshu took a look at Bai Shuangshuang and instantly knew what she was thinking, thus he then kindheartedly said, “She has some good background, just now she was brought over here by Young Master Han of the Han Corporation himself.”

When Bai Shuangshuang heard that, she was shocked. “What? She’s Young Master Han’s Mistress? I’ve never heard of it before! Isn’t it that Han Zhuoli has never got close to any female celebrities before? I’ve never heard of him getting close to anyone.”

### **Chapter 275: She’s A Newcomer, What Right Does She Have To Be Treated Like An A-Lister**

“That I don’t know, perhaps it’s someone the Han Corporation is planning to nurture.”

Bai Shuangshuang sneered, “No matter how much emphasis is being placed on her, she’s still a small celebrity, why would Young Master Han bring her here personally? I think it’s just that Han Zhuoli came to meet Director Sun, and so just brought her along since it’s on the way.”

“No matter what, don’t provoke her,” Yu Yanshu reminded.

Bai Shuangshuang pouted. “Alright.”

“Brother Yu, Sister Shuangshuang,” a supporting actress Zhao Lebin spoke in a low voice, “I heard that she doesn’t have any experience at all, she’s not from the entertainment circle and has never acted before.”

When Bai Shuangshuang heard it, she was unsatisfied, "What right does she have? Letting a layman act, I really don't know what Director Sun is thinking."

"Enough!" Yu Yanshu glanced unpleasantly at the actress who just came. "Director Sun naturally has his own reasons for doing so, just act your part well."

"I'm not gossiping about her," Zhao Lebin explained, feeling wronged, "It's just that I feel it is a bit unfair, we are all working so hard, and we got such a small character with great difficulty. She's just a newcomer with no experience at all, what right does she have to get such an important character as soon as she enters?"

This was exactly what Bai Shuangshuang was thinking in her heart.

Yu Yanshu said, "I trust Director Sun's eye for people, he's not someone who will let actors take the back door."

Bai Shuangshuang thought unhappily, *of course, you don't think anything much of it, you're already a famous star now, successfully having moved on to be a movie star from a television star.*

The fights between actresses had nothing to do with him.

Zhao Lebin pursed her lips, not saying anything further, but she was still unhappy. Just now, Sun Yiwu was so polite to Han Zhuoli, how could it be that Lu Man did not get in through the back door.

\*\*\*

After Bai Shuangshuang and the rest finished filming the last night scene, the crew called it a day and returned to the hotel.

The small city was too small and had yet to open up to tourists, thus there were not many good hotels.

There was only one hotel that could barely be considered a four-star hotel among the other hotels. The other hotels were just two to three star small hotels with plain furnishing.

Since the four-star hotel did not have enough rooms, and there was also the budget constraint, besides for Sun Yiwu and his assistant, only the eminent actor Zhang Shuidong and the currently popular actor, Yu Yanshu, could stay in this hotel, while others needed to stay in the three-star hotel one street away.

The car that carried the crew first sent them to the four-star hotel, and Lu Man got off the car after Zhang Shuidong and Yu Yanshu.

Bai Shuangshuang sneered softly, *this girl really did not know anything.* "Lu Man, we don't stay in this hotel. The Lan Jiexin who was acting in your role before stayed with us in the hotel a street away."

Taking out her phone, Lu Man verified the information. "It's correct ah, I am really staying in this hotel."

"This hotel has no more room," Bai Shuangshuang stretched out her, wanting to pull Lu Man back.

"Hurry come back up, don't be so ignorant."

Lu Man was indeed staying in this hotel, and Xu Fenglai was waiting for Lu Man but upon seeing that Lu Man had not come, he returned to see what was going on.

Seeing that Lu Man was being bothered by Bai Shuangshuang, he understood all too well the fights between these small celebrities.

Fighting for roles, fighting for lines, fighting for places. Bai Shuangshuang definitely could not stand it that Lu Man, a newcomer was staying in a better place than her.

“Assistant Xu, didn’t you say that there were no more rooms here?”

Annoyed, Xu Fenglai frowned. “A room was made available just today.”

“Then why aren’t you letting me stay in it? I have more experience than her! She’s a newcomer, why does she the privilege of staying in a better place than me, what right does she have to be treated like an A-lister,” Bai Shuangshuang argued, dissatisfied.

### **Chapter 276: An Old Lady And A Middle Age Rich Lady**

“It’s because Lu Man lent a helping hand, if it was not for Lu Man, we would not have been able to start filming today,” Xu Fenglai said in a low voice, “Bai Shuangshuang, don’t make things worse, if you cause Director Sun to come here, then at that time, it won’t be good for you. Lu Man’s filming schedule for these days is completely set by Director Sun.”

Bai Shuangshuang’s hand dropped down and her facial expression changed.

She had really underestimated Lu Man.

Xu Fenglai then helped Lu Man check-in.

Sun Yiwu told Lu Man, “Regarding your scenes that will shot tomorrow, as long as you come before noon it’ll be fine, although your scenes are in the afternoon, we need work on your makeup and hair styling. Tomorrow, the filming will be on the temple on the mountain.”

Lu Man then bade goodbye to Sun Yiwu and returned to the room, where she found that the heater that Han Zhuoli was talking about had already been prepared by the hotel.

Lu Man gave Han Zhuoli a call, but her call could not connect through, probably Han Zhouli was still on the airplane.

Thus she could only send Han Zhuoli a message, to tell him that everything was good here.

Looking at the time, Xia Qingwei was also asleep already, so she also sent a message to Xia Qingwei, telling her not to be worried.

The next day, Sun Yiwu specially had his assistant He Mengmeng fetch Lu Man from the hotel.

The small city was not big and there was only one temple. After they left the hotel, they could see the temple on the mountain.

Lu Man followed He Mengmeng to the bottom of the mountain and since the mountain was not high, there was no ropeway.

Also, the people in the small city in South Yunnan were all very devoted, everyone who came was on foot, climbing up the mountain to the temple.

There were stone staircases on the mountain.

By the time Lu Man and He Mengmeng managed to climb halfway up the mountain, He Mengmeng was already so tired that she was panting. "The rest of the crew climbed up in the early morning to start filming, the older brother who is in charge of filming even had to carry the heavy equipment, and the gaffers in charge of lightning had to carry the big lights. I really do not know how they managed to climb up there, even when I'm climbing without carrying anything, I'm already so tired."

Taking out her phone, Lu Man looked at the time, "We still have quite a lot of time, do you want to rest for a while?"

He Mengmeng shook her head. "Nevermind, I'm scared that once I rest, I wouldn't want to continue climbing up."

"Then let's strive on."

Seeing that Lu Man was not at all out of breath, He Mengmeng asked in shock, "Don't you feel tired?"

"I normally train my body, so I feel that it's still alright," Lu Man raised her head to see how much higher they had to climb. "I saw the filming schedule, we have to film up there for quite a few days, can you continue doing it if you're like this?"

He Mengmeng sighed. "I don't have any other way, I'm in this line, so no matter how much I cry I still have to continue climbing up."

Lu Man grabbed He Mengmeng's arm. "I'll pull you, it'll make it easier for you."

He Mengmeng was shocked. "Miss Lu, you're really nice. Honestly, I've never seen such a celebrity before."

"I'm not a celebrity," Lu Man smiled and said.

After the two had climbed for a while, Lu Man was shocked to see the two people sitting on the stairs in front.

An old lady was sitting down, and next to her was a middle-aged lady with outstanding aura but who looked very cold.

The two of them did not look like they were people from the small city, while what they were wearing was clean and simple clothes, they did not look cheap.

Moreover, their aura indicated that they did not belong to this small city, and instead, they seemed to belong to an old, rich, aristocratic family.

That old lady was pressing the heel of her foot, calling out "aiyo aiyo,". When she saw Lu Man and He Mengmeng walk over, she took a look at Lu Man, before lowering her head to press on her foot again, "Aiyo, aiyo."

While the old lady was lowering her head to press her foot, her arm secretly hit Shen Nuo's leg.

Shen Nuo's eyes twitched, then with a poker face, she looked at Lu Man.

### **Chapter 277: Little Girl, Quickly Carry Me On Your Back**

It was just that her gaze was heavy and very direct, and even if Lu Man wanted to pretend that she did not feel it, it was just impossible.

"What happened?" Lu Man went up and asked, "Is there anything you need help with?"

The old lady raised her head to look at Lu Man. "We heard that the temple here is very good, so we came from a faraway just to pray. Who knew that my old arms and legs are no good anymore, after coming up halfway, I sprained my foot. We can't go up, but we also can't go down either, what are we supposed to do!"

Lu Man was confused, why was the old lady kept staring her in the face.

"Do you want me to help you contact your family members?" Lu Man asked, unsure.

"This little girl..." Old Madam Han looked at her like she was looking at someone dumb. "Don't you see that my daughter-in-law is just here! Only two of us came here this time! Furthermore, if I wanted to contact a family member, don't I have a phone already?"

"Old Lady, your temper is too bad already!" He Mengmeng went up to them, "She's helping you out of kindness, how can you be so rude!"

The Old Madam Han went quiet, she originally wanted to test Lu Man, but who knew that she would be too forceful and would not be able to control her attitude well.

Before she came here, she had found out that Lu Man had come here to act, and that she was going to act in Director Sun Yiwu's film.

At that moment, Old Madam Han was a bit suspicious as to whether Lu Man had schemed to get close to Han Zhuoli so that she could enter the entertainment circle and reach her goal of becoming a celebrity.

Hence, Old Madam Han hurriedly brought Shen Nuo to come to this small city in South Yunnan, wanting to see what kind of person Lu Man was with her own eyes.

Just now when they were sitting here, she had heard Lu Man cheer He Mengmeng on.

Thus, somehow Old Madam Han reluctantly felt that this girl did seem to have some good qualities too.

When Lu Man walked in front of her, she saw Lu Man's gaze sizing her up.

Old Madam Han gave a cold laugh in her heart, *this little girl, as expected, she is full of schemes!*

Seeing Lu Man's reaction, Lu Man surely knew that they were not ordinary people.

Lu Man pulled on He Mengmeng, shaking her head.

"Then let me help you call the police," Lu Man said again.

“This little girl, why are you wasting the police’s time? You want the police officers to make a trip here just because of my sprained foot? They have more important things to do!” Old Madam Han unhappily educated her.

Lu Man: “...”

So what exactly did this old lady want her to do to satisfy her?

He Mengmeng pursed her lips, saying unhappily, “I’ve never met an old lady who is still so rude even when people are helping them? Are you here to cause trouble? How long have you sat here for? I’ve not seen a single person help you at all. Lu Man was helping you out of goodwill, yet you’re still so rude, how could you be like this!”

Old Madam Han was depressed, everyone always praised her for her good temper and said that she was very logical!

This time, just to test Lu Man, she did not even care about her image.

Was this easy for her? She was already sacrificing so much for her grandson!

Shen Nuo quietly watched Old Madam Han act from the side.

At the time, when Old Madam Han wanted to come, she initially did not agree, but she was threatened by Old Madam Han that if she did not follow her, the old lady would come by herself.

How could Shen Nuo not be worried?

So she had no choice but to go along with her.

At this moment, seeing the old lady being so depressed she could not help but speak up, “Why don’t you carry the old madam up.”

“What?” He Mengmeng was displeased, “There’s a long distance, it’s already hard enough climbing empty-handed, much less to say having to carry someone. We can help you call someone to send you down, is that alright?”

“We’ve made an appointment with the Buddhist Abbot, we can’t go down the mountain,” Shen Nuo’s face was cold as she spoke.

Old Madam Han waved her hand at Lu Man, “Little girl, quickly carry me on your back, the faster I get up there, the faster the problem will be solved.”

### **Chapter 278: What a Coincidence, My Boyfriend’s Grandmother Also Has The Surname Zhou**

“Lu Man, when you go up, you still have to film action scenes, it will be very tiring,” He Mengmeng said.

Lu Man sighed. “But we can’t just leave this old lady here.”

Lu Man rolled up her shirt sleeves and then walked in front of the old lady. “I will carry you up.”

After saying that Lu Man turned around, her back facing Old Madam Han.

Shen Nuo helped Old Madam Han up on Lu Man's back.

Don't look at how old the lady was and had a small stature, and not looking fat at all, she was really quite heavy.

As Lu Man piggybacked the old lady up the mountain, she staggered a few times, stumbling forward but managed to steady herself.

Nervous, Shen Nuo quickly went forward to help steady her and the old lady, even the old lady was so scared that she broke out into a cold sweat, "Are you okay? ah! You're so young, but why do you have so little strength? You need to work out and train your body properly!"

Seeing Lu Man's frail arms and legs which did not have much energy, the old lady felt that she had to nourish and train Lu Man's body properly, otherwise, how would Lu Man have her grandchildren?

Just as the old lady finished thinking that, she hurriedly went "*Pei! Pei!*" in her heart.

She had yet to accept Lu Man, why was she already thinking about Lu Man giving birth to her grandsons!

She had to stop herself!

But just like He Mengmeng had said, even without any burdens, climbing the mountain was already quite tiring, much less to say climbing while carrying such a heavy old lady.

Although Lu Man did train daily and had a martial arts background, there was a certain limit to her stamina.

After climbing for a while, beads of sweat formed on Lu Man's forehead sweat, and even her hair stuck onto her forehead.

By now, her back had also started to sweat, and the Old Madam Han who was being piggyback ride by Lu Man instantly felt it.

Old Madam Han had come here to test Lu Man and not to abuse her. Thus, when she saw that Lu Man's face was a bit pale, she felt bad. "Little girl, how about you put me down?"

All this while, Lu Man had been gritting her teeth and climbing upwards, and right now she really did not have much energy to speak.

After taking a deep breath, Lu Man barely managed to open her mouth, "Didn't you sprain your foot?"

Old Madam Han suddenly realized that she had forgotten this excuse. "I can let my daughter-in-law carry me."

Shen Nuo: "..."

This old lady was really out to make life difficult for her daughter-in-law.

"It's alright, I think your daughter-in-law has even less energy," Lu Man said.

Shen Nuo felt really apologetic to Lu Man, in her heart, she was insulting the old lady for coming up with this horrible idea, so she helped Lu Man support the old lady in order to reduce the burden on Lu Man's body.

When He Mengmeng saw that, she also hurried up to help, before this, she did not think that she could do this.

Instantly, Lu Man became more relaxed.

After climbing for a while, Lu Man finally had the energy to speak, so she asked the old lady, "What's your surname?"

Old Madam Han replied nonchalantly. "My surname is Zhou."

Anyway, Lu Man did not know her and as long as she would not mention this to Han Zhouli, it would be alright.

Lu Man went "oh," then smiled lightly, "What a coincidence, my boyfriend's grandmother also has the surname Zhou."

At that moment, Shen Nuo suddenly staggered and her grip loosened, making Old Madam Han's entire weight to fall onto Lu Man and He Mengmeng.

Thus, Shen Nuo hurriedly went forward to support them.

Old Madam Han scolded in her heart, this horrible boy, why did he tell her everything!

"It's really quite coincidental," the old lady said guiltily, thankfully, Lu Man could not see her expression right now, otherwise, everything would be exposed.

"It is quite coincidental," Lu Man casually said, the corner of her lips curved upwards slightly for some reason.

When Old Madam Han saw Lu Man's expressions, she thought, *this girl is too sly!*

Lu Man was smiling like a fox.

Could it be that she knew her identity?

"Actually, looking at you, you seem to be around the same age as my boyfriend's grandma." Lu Man asked, "How old are you?"

### **Chapter 279: The Old Lady Was Tricked By Lu Man**

The old lady felt more and more guilty, this little girl couldn't have really found out something, right?

Where exactly did her grandson manage to find such a little girl, she was so sly!

"Why are you looking at me like that! I'm still young, I don't have a grandson as old as your boyfriend!" Old Madam Han said guiltily.

Shen Nuo: "..."

She kept feeling that the old lady was falling into a trap set by Lu Man.

As expected, she then heard Lu Man say, "I didn't say anything about my boyfriend's age, how do you know that he's quite old?"

"..." In her heart, Old Madam Han scolded Lu Man several times. "You don't look too young, you must be probably around 26 to 27 right? Then your boyfriend must also be around the same age, or even older."

Lu Man: "..."

This old lady's mouth was so poisonous.

"I'm just 22," Lu Man adjusted the old lady so that she was higher up on her back.

The old lady was too heavy and kept sliding backward slowly.

While they were speaking, Lu Man finally managed to carry the old lady to the top of the mountain.

She finally let out a breath of relief and put the old lady down, Lu Man's legs were so tired that they were trembling.

"Little girl, your body is really weak, you have to train more when you go back," the old lady felt that Lu Man was too weak.

Her grandson had been single for 30 years, his pent-up frustration must be shocking!

At that time, what if the little girl's physical fitness was too bad and she couldn't stand it?

*Pei!*

Why did she think about Lu Man giving birth to her grandchildren again!

She had yet to accept Lu Man!

She repeated once again in her mind, *I don't accept her!*

He Mengmeng pursed her lips unhappily. "How can you be like this? Earlier, you kept ordering her around and now that Lu Man finally managed to carry you up here with much difficulty, instead of saying thank you, you are picking on Lu Man, isn't this too much!"

The old lady went "hmph!" at He Mengmeng. "Young girl, you don't know anything about respecting elders!"

Right now, He Mengmeng was close to crying out of anger due to this old woman, and thus Shen Nuo hurriedly stood in front of the old lady, "You are called Lu Man? Thank you."

Seeing Shen Nuo act, Old Madam Han who was behind Shen Nuo thought that her daughter-in-law's acting skills were quite good, able to act like all of this was real.

Just as Lu Man was about to open her mouth, the Buddhist Abbot brought some other monks and hurriedly walked over.

"Han—"

Before he could finish that sentence, Old Madam Han instantly cut him off. "Master Abbot!"

Suddenly, the old lady's foot was no longer painful, and she ran towards the master abbot with agility.

Lu Man: "..."

At that instant, He Mengmeng mouth became an "O" shape. "Didn't this old lady sprain her foot?"

After saying that she turned her accusatory gaze onto Shen Nuo.

Shen Nuo put her hand on her forehead: "..."

This old lady only cared about acting in the beginning and did not care about continuing her act till the end!

She then laughed dryly towards Lu Man and He Mengmeng. "My mother-in-law's ability to recover is quite good, haha."

Lu Man: "..."

He Mengmeng: "..."

"Thank you so much, let's meet each other again if we have the chance," after Shen Nuo finished saying that, she hurriedly went to find the old lady like she was trying to escape.

This old lady really kept making her daughter-in-law get into awkward situations!

"We should go too," Lu Man told He Mengmeng.

The two of them then went to the back of the mountain, and the more He Mengmeng thought about the incident, the more she felt that something was wrong. "Lu Man, don't you find that the old lady just now was quite strange? Even though her foot was alright, she still insisted on you carrying her. Also, she kept stuttering as she spoke and her words didn't match up with her actions, she wasn't honest, everything she said was a lie."

He Mengmeng scrunched up her nose, she had never seen such a sly old lady.

Lu Man smiled. "Anyway, we've already dropped her off, there's no need to think anymore."

"That's right." He Mengmeng felt that it was very logical. "Anyway, we won't be meeting her in the future."

"Who said we won't meet her again?" Lu Man smiled. "Perhaps we might still meet her in the future."

## **Chapter 280: The Director Did Not Even Say That, You Should Just Give Up**

"We can still meet her again?" He Mengmeng was shocked. "Her daughter-in-law just said thank you and did not even leave a contact. How would you meet her again?"

"I'm saying that they are here to pray to Buddha, and we are here to film, since the small city is not very big, perhaps we could meet again," Lu Man smiled and explained.

He Mengmeng patted her chest, "Such an unreasonable old lady, I don't want to meet her again."

The two of them then went to the film set to report for the day to the film, where Xu Fenglai had already arranged make-up artists to help her with her make-up and costume for the shoot.

Currently, Lu Man needed to first catch up with the scenes of the earlier third female lead.

Fortunately, not many scenes had been filmed by the earlier third female lead before she was injured.

Since all those scenes were non-action scenes, Sun Yiwu explained the scenes to Lu Man, wanting her to try.

It just happened that Bai Shuangshuang had just finished filming her part and saw that Lu Man was intently looking at the script in her hand. Her mouth twitched as she sneered to Yu Yanshu, "They have found such a newcomer who will probably have a lot of NGs, wasting everyone's time!"

"She hasn't even started acting yet, why are you in such a hurry to jump to conclusions?" Yu Yanshu was a bit impatient.

Wasn't it just because Lu Man was a newcomer and as soon as she joined the cast, her role was more important than Bai Shuangshuang?

Bai Shuangshuang was unsatisfied and displeased, feeling that Lu Man had luck but no skills, and was totally unsuited for such an important role.

Yet no matter which industry, it was the same; it was just that in the entertainment circle, the luck factor had increased.

There were some newcomers who suddenly became famous overnight and earned a lot.

But there were even more people who did not even get the opportunity to film and were still struggling for fame.

In this circle, not just acting skills or looks, even luck mattered a lot. It was just that Lu Man was extremely lucky, so what was Bai Shuangshuang unsatisfied about?

She was just not as lucky as others, what right did she have to be unhappy about it?

There were many people with better luck than Lu Man, would she be jealous of each and every one of them?

Yesterday, Yu Yanshu had been patient and persuaded her, but today, he was really annoyed.

"A newcomer with no experience acting, you say that she will act well? I don't believe it!" Bai Shuangshuang turned around to go and find Lu Man.

At that moment, Sun Yiwu had finished explaining the scene, Lu Man took a deep breath as now that she was about to film, she was feeling a bit nervous. "Director, I'll go try."

Knowing that she was a newcomer, Zhang Shuidong smiled and encouraged, "Don't be nervous, I'll lead you, just follow my pace."

"Alright," Lu Man smiled, still a bit anxious.

Zhang Shuidong got into position, and Lu Man followed him. Bai Shuangshuang walked to Lu Man's side, and said in a low voice, "I'm warning you, don't drag us down!"

Lu Man looked at her, this woman had already treated her like an enemy yesterday, and today, it was even more obvious.

Strange woman.

Lu Man laughed coldly in her heart, she was scared of a lot of things, but she was the least scared of such people.

"The director hasn't even said that yet, why are you saying that?" Lu Man said coldly.

"Ha! You're just a newcomer, it's too early to be arrogant! If you give too many NGs, then even Director Sun won't give you face!" She would berate her until Lu Man ended up in tears.

Lu Man had originally been nervous, but after being chided by Bai Shuangshuang, anger welled up in her heart.

She would really act well, especially to embarrass Bai Shuangshuang!

"Action!" Using a loudspeaker, Sun Yiwu shouted.

They officially started to act, and Zhang Shuidong got into his position, with the camera focussing on Lu Man, "The operation this time, there is only one rule, protect yourself well. I know that you don't care about anything, not even your own life. But right now you are a part of our operation team, your life is no longer only yours. There are people who are affected by it."

Lu Man expression changed a bit, her cold expression fell apart a bit and her gaze moved.

After a short while, she replied coldly, "Alright."
