Chapter 2811: How Should I Know?

His wife was already used to it. As long as he did not let her know, she did not care.

So the director felt strange. Who was this thing done for?

Lu Qi's face was pale. "All the rooms in the hotel need room cards. How did that person barge in?"

"How should I know?" The director was also furious.

If he had not messed around with Lu Qi tonight, he would not have experienced such an unlucky incident!

But Lu Qi still dared to yell at him!

However, Lu Qi's question reminded him of something.

The director went to the front desk of the hotel to ask.

However, the hotel denied that they had given other people the room card.

This hotel was very ordinary.

Because it was a hotel near the film company where they were shooting, it was not very high-class.

The hotels near the film company were all pretty ordinary.

Even the hotels that claimed to be five-star were actually four-star and were not excellent.

It was fine to stay here during filming.

The hotel would not admit anything no matter what and the director could not hand the person who barged into their room over, so in the end, nothing was done.

The director could only suffer.

Lu Qi did not dare to come with the director to ask.

If she did that, everyone would know what she was doing with the director.

So she waited in the room.

When the director returned with a down-and-out expression, Lu Qi asked immediately, "So how did it go?"

"The hotel doesn't want to admit anything, so what can we do? They won't even let us see the surveillance footage," said the director softly.

Obviously, the hotel did not let them see it.

If they did that and a stranger really rushed into the room, the hotel had to take full responsibility.

So the hotel could only insist that they did not give anyone the room card.

They also predicted that the director would not want to make things complicated, or even call the police.

So the hotel insisted on not showing them the surveillance footage. It was useless no matter how persistent the director was.

He did not have anything that could threaten the hotel or make them afraid.

So it ended in a stalemate.

The director came back in low spirits.

“Since he took pictures of us, he will definitely contact us,” said the director. “Even if it’s the paparazzi, they will not post the pictures immediately. They will definitely come and discuss with us first. If we can pay, then they will return the photos to us.

“Now we can only wait and see who plotted against us. The fact that they took those pictures suddenly means that they already know about our relationship and have been planning it for a long time. Or else, why would the timing be so perfect? He got the room card beforehand and took so many pictures while we’re doing it.

“He has planned it so much, so he must have an intention,” said the director softly. “Since he has an intention, he will definitely come and find us.”

Lu Qi did not feel relieved at all because of the director’s words.

However, she could not continue staying with the director after what happened.

She could only walk back to her room, depressed.

She could think of nothing at all and her mind was a mess. She wanted to know who was plotting against then and who was it that they were plotting against.

Was it her or was she just dragged in?

But Lu Qi pondered and thought that with her position now and the unpopular director’s position, nobody would plot against them like this.

Because she could not even think of a suspect, Lu Qi did not even know which direction she should be investigating towards.

Just as she was thinking, her doorbell rang continuously.

Lu Qi frowned. Was it the director?

But they just got into trouble a while ago. Lu Qi thought, was the director not

scared that someone would take pictures if he came again?

He definitely would not want to do that.

If there was anything, it would be the same to contact her through her phone.

Lu Qi was confused as she went to the door.

There was no peephole on the hotel room door, so Lu Qi could only open the door.

Unexpectedly, at the door stood He Zhengbai!

“You” Lu Qi was shocked. Before she could even finish speaking, He Zhengbai pushed the door open.

Even Lu Qi almost fell from the strong push.

She stumbled back a few steps before her feet were blocked by the bed and she fell on it.

She saw He Zhengbai’s gloomy look.

At that moment, Lu Qi found out that behind He Zhengbai was a young man.

He looked a little familiar.

Back in the room of that director, it was in shock that Lu Qi saw He Zhengbai’s assistant.

He Zhengbai’s assistant was holding his phone, and the angle at which he held it blocked most of his face.

In addition, everything happened too quickly; Lu Qi was in fear and panic, so she did not have time to notice the looks of He Zhengbai’s assistant.

So right now, even after less than half an hour, when the assistant reappeared in front of Lu Qi, Lu Qi could not recognize him.

“What are you doing?” Lu Qi stood up.

Seeing that He Zhengbai was being aggressive, she knew that he did not have any good intentions.

Lu Qi also put up her guard.

He Zhengbai sneered, raised his hand, and slapped Lu Qi.

Poor Lu Qi had just stood up and walked two steps towards He Zhengbai, so she

was not close to the bedside.

She was slapped by He Zhengbai and fell backward, hitting her forehead on the bedside.

Luckily, the huge bed of the hotel was wrapped nicely and on top was a thick mattress.

Lu Qi was not knocked out, but she was in pain. Her head was spinning.

Lu Qi got up hurriedly while holding her burning cheek that was just slapped.

“He Zhengbai!

Her glare was sharp. How was she supposed to act tomorrow after getting hit by He Zhengbai?!

“Are you even a man? You hit me!” said Lu Qi angrily.

“Bitch” scolded He Zhengbai, pointing at her.

The assistant went to the door and closed it, stopping anybody from snooping after hearing the noise.

“What did you say?” screamed Lu Qi. “You came here at night and went mad, and you still have the audacity to talk about me? I still have to act tomorrow.

“Act? You still want to act? I tell you, don’t even dream of becoming famous your whole life! I won’t let you act in this show!” He Zhengbai stepped forward and grabbed Lu Qi’s long hair.

He planted another slap on her other cheek, which was not swollen yet.

But this time, He Zhengbai grabbed Lu Qi’s hair.

So when Lu Qi went down, because He Zhengbai was holding her hair, she did not completely fall down.

She just felt a pain as if her scalp was going to be lifted and her hair was going to be pulled out.

Then, He Zhengbai grabbed her hair and threw her back.

Lu Qi had learned the bold and vigorous character of Xia Qingyang. She was not the type to not fight back and let others scold her.

She lowered her head as she screamed in agony.

Seeing that He Zhengbai had thought that he had completely tamed her, making her unable to fight back, she suddenly raised her leg and kicked fiercely below He Zhengbai's stomach.

He Zhengbai wailed and let go of Lu Qi's hair. He bent his back and held the area of pain below his stomach as he crashed on the floor.

Chapter 2813: You Want to Expose Me?

That agony took away the strength from his limbs. It was so painful that he wanted to cry. It was the most painful experience in his life.

He Zhengbai raised his head and pointed ferociously at Lu Qi. "Bitch!"

"You touched me. Don't think of living a good life!" screamed Lu Qi vigorously

He Zhengbai was so enraged that his hand was shaking. "I want to divorce!"

Lu Qi heard this, but she was not afraid at all. "Divorce? If you divorce me, I will spill everything that you did! Aren't you unwilling to admit to the public that you're already married to me, even saying that you've broken up with me? "If you dare to divorce me, I will expose you. I'll say that you're already married to me, but you still pretend to be single, lying to the daughters of the rich. The netizens will not care about it after the hype dies down about you hiding your marriage. However, those daughters of the rich you have lied to and who have their families behind them, will they not care too?"

Lu Qi sneered

Since they were all daughters of big families, who would not have pride?

Even if they would not be in charge of their marriage in the future and they might not get married to the people that they liked, there was nobody who could lie to them and make them mistresses like that.

He Zhengbai's case was not as simple as lying about marriage.

He was playing around with them as if they were idiots. He was also playing with the families of the girls as if they were idiots.

Only He Zhengbai was smart, right?

To such families, this was extremely shameful.

Their daughters were perfectly fine, but they were lied to and became mistresses

Which family would be willing to accept that? However, those who were involved with He Zhengbai would be talked about behind their backs.

To show their innocence, these families would target the He family like crazy, showing that they were also lied to.

After learning the truth, they would be furious.

They were also victims.

Lu Qj sneered. Can you handle this?

Seeing the change in his expression, Lu Qi thought that he was scared. Lu Qi mocked him coldly. "Huh! If you knew this, why did you dig your own grave? Divorce me? You wish!"

Unexpectedly, after Lu Qi finished saying this, He Zhengbai suddenly laughed.

And his laughter was very proud. Lu Qi held her swollen face while looking at He Zhengbai, full of surprise. Looking at Lu Qi now, He Zhengbai only had hatred for her. The Lu Qi now was not good-looking: both sides of her face were swollen after getting hit by him. They were red and swollen, like two big red steamed buns.

They were in symmetry.

Lu Qi had dressed up before going to the director; her face still had makeup.

But because she was hit, her hair was disheveled.

She was like a maniac.

The makeup on her face was heavy as she was messing around with the director.

Now, she had been slapped twice, and there were tears that flowed out because of the pain

As such, her whole face was full of colors, extremely ugly.

But He Zhengbai still could not forget the scene that he saw in the director's room just now. Although the one who went in to take pictures was the assistant, when the door was opened, He Zhengbai also saw Lu Qi and the director together from outside.

He Zhengbai did not have any feelings for Lu Qi. Instead, he felt annoyed by her.

Even if she was willing to go to bed with him, he would not seek out Lu Qi.

However, when he saw that scene, He Zhengbai still felt angry and disgusted.

Being betrayed by Lu Qi, he felt like he was cheated on a lot.

"You want to expose me?" He Zhengbai sneered. Lu Qj saw his reaction, which was completely different from what she imagined, and she froze without saying a single word.

Chapter 2814: Why?

Translator: Atlas Studios | Editor: Atlas Studios

He Zhengbai took out his phone and showed her a picture. "If you dare to expose me, then this picture of you will have to be on the headlines too! It has been so long since a picture that has this type of hype appeared. Every time this type of picture appears, it will be talked about for ten days to half a month. It can't be compared to a normal headline. Think about it carefully."

Lu Qj's expression changed drastically.

She could not care about her fear or avoiding He Zhengbai's attacks.

She dashed forward, wanting to snatch He Zhengbai's phone

But He Zhengbai was prepared, so obviously, it would not be snatched away by Lu Q.

The phone screen clearly showed a picture Lu Qj's and the director's naked bodies facing front. He ensured that Lu Qj could see it clearly.

"You don't need to snatch it. Of course I won't only have this one copy," said He Zhengbai as he raised his leg and kicked Lu Qi down.

The assistant went forward and pressed Lu Qi down, not allowing her to get up.

He Zhengbai squatted down in front of Lu Q and swiped his finger across the phone screen, one by one showing the photos that the assistant had taken before to Lu Q.

There was a front photo of Lu Qi and the director, as well as photos of the two stacking on top of each other.

When the assistant took the photos, he was quite near, and Lu Qi and the director were constantly moving, causing the photos to be blurry.

They were not posing for it after all.

However, Lu Qj's face could still be seen when looked at closely.

Lu Qi struggled for a while and said unwillingly, "He Zhengbai, our marriage is just in name anyway, it's not real. Ever since we got married, we've lived our own lives. You have never lived a single day of married life with me, and we don't even stay together. I thought we already had an agreement. You can live your life and I can live mine."

“You also hid your marriage to date daughters of the rich and bring more benefits to your own family,” said Lu Qi. “I didn’t bother myself about you, so don’t you bother yourself about me too!

He Zhengbai sneered. “I can play outside in whatever way I want, playing women while handling those rich women. But you can’t. You must behave nicely.”

Why?!

Lu Qi did not even have the time to ask, but her expression said everything

“Why?” He Zhengbai pinched Lu Qi’s cheeks.

Lu Qi’s cheeks were swollen from the slap just now, so they hurt even with a light touch

Not to mention being pinched hard by He Zhengbai.

But He Zhengbai let go of her quickly.

Because he felt that pinching her face made his fingers sticky.

The stickiness caused by the combination of her makeup and tears was all on his fingers, causing him to be disgusted.

He Zhengbai threw her face away, looking down on her with scorn. “Because you don’t have anything and have to depend on me to survive.

“Your mom was thrown into jail by you. If not for that, you would have at least had your mom to support you and give you ideas. Your dad’s assets were defrauded by you and given to me. If not for that, you would still have been the youngest daughter adored by your dad.”

He Zhengbai let out an evil sneer. “But now, you have nothing. You did all that to yourself. You had everything at first, but because of yourself, you have nothing now.”

“I did all of that because of you!” Lu Qi glared at him, her eyes widening. “It’s all because of you that I wronged my parents, but I have never wronged you!

“You can even betray the parents that gave life to you. Those two were the closest people in this world to you.”

Chapter 2815: I Was Blind Back Then

Translator: Atlas Studios | Editor: Atlas Studios

He Zhengbai said, "The two of them probably had all kinds of problems and did not seem like good people, but they had never done anything wrong to you. They didn't owe you anything, but you could still betray them without hesitating

"I don't have such a deep connection with you. Of course you will betray me without batting an eye. How can I trust someone like you? You have never wronged me in the past, but with your personality, isn't it just a matter of time?

"Take right now. Aren't you messing with other men behind my back, betraying me?" said He Zhengbai coldly.

"You still wronged me first! For you, I sacrificed so much and lost so much. However, after you have gotten those things, you think that I have no use anymore and threw me aside while finding new people who are of value to you! You already hurt me, so how dare you expect me to be loyal to you?

"You can lead a life of debauchery, being accompanied by sex partners and friends with benefits. Why can't I have fun with other people too? Besides, I've already given you so much! A lot of what your family has belonged to my family! However, you're unwilling to spend a single cent on me to help me in my business.

"Then fine, I won't expect anything from you, because I have already seen through you. I can think of other ways myself. I didn't ask you for help or make you pay for anything. I thought of solutions myself and you dared to hit me!" said Lu Qi furiously.

"Heh!" He Zhengbai laughed out of anger. "You don't have anything now. You're a person who doesn't have any skills or background. I gave you marriage and took care of you. I was already very merciful to you. You're not grateful and

betrayed me!”

Lu Qi did not understand. He did not care about her anymore. It would be better if they lived their own lives.

Whether it was in the entertainment industry or in the circles that their families were in, married couples who did not have feelings anymore and living their own lives each were very common.

Lu Qi saw that He Zhengbai did not treat her as his wife, messing around outside even more than before his marriage.

Of course Lu Qi was angry.

She also had the intention of exacting revenge.

But she also felt that this was an agreement between the two.

She did not expect that He Zhengbai could be so unreasonable; he could mess around but she must stay loyal to him!

What kind of logic was this?!

“So you want to divorce?” asked Lu Qi coldly.

“Divorce secretly and I won’t post these photos,” said He Zhengbai.

Lu Qi scoffed coldly. “If you want to divorce, I will expose that you hid our marriage and planned to deceive others into marriage!”

“It’s no fun beating around the bush like this.” He Zhengbai squinted, looking down on her. “You can tell about our marriage, but these photos will also be seen by everyone. Who do you think will suffer more?”

Lu Qi glared fiercely at He Zhengbai. “He Zhengbai! I was blind back then to have my heart set on you!”

“Yes, you were blind” If she was not blind, how could she be in this state He Zhengbai did not care about Lu Qi’s insult at all.

Lu Qi was just a tool to He Zhengbai anyway. He never had real feelings for her.

Lu Qi was not just blind for liking him but also for betraying her own parents.

She disappointed the only people who would be good to her wholeheartedly.

It was uncertain whether Lu Qi understood the meaning behind He Zhengbai’s

SCorn..

Chapter 2816: Why Do You Make It Sound So Nice?

Hearing He Zhengbai's words, her expression changed. "He Zhengbai, you have no conscience!"

"Heh." He Zhengbai did not care at all and gave her two light pats on her cheek.

Although they were very light, these actions were mocking.

"So are you going to agree to a divorce?" asked He Zhengbai.

Lu Qi lowered her eyes. There was no telling what she thought of.

'When she looked at He Zhengbai again, she became very calm. "Okay, I agree. But I have a condition."

"You still want to talk to me about conditions?" He Zhengbai was so angry that he laughed. He pointed at the photos on the phone. "With this, you still want to talk to me about conditions?"

Lu Qi gritted her teeth. "My pictures are in your hands, so I definitely won't be reckless."

He Zhengbai waited quietly for Lu Qi to continue.

Lu Qi said, "But I am still shooting a show. This was earned by me with a lot of effort."

He Zhengbai sneered. "Why do you make it sound so nice? Didn't you just sleep with a lot of people diligently? After sleeping with so many people, you could only get the role of a small side character."

Lu Qi's face was red from anger.

But her face was already red from the swelling, so nobody could see.

If this was in the past, she would not even have wanted a role like that.

She would not even have wanted to be a supporting female.

The moment she debuted, she was the female lead. She was also not afraid to leave without giving importance to the project.

She was even in three films at the same time.

The directors were not happy?

'The production crew had complaints?

They had to hold it in.

She was famous!

After shooting for a few days, she would need to fly to the event location to attend her advertising endorsements.

She was busy.

She had a lot of glory.

No matter how dissatisfied the production crew was, they had to keep it in.

She did not care how the film was doing and did not worry that she would lose the role if she was not on the production set for two to three days.

Nobody could fight with her!

That time, she was that glorious.

But now, she did not dare to leave the production crew for a low-tier role.

After thinking about the contrast, Lu Qi even felt pity for herself.

“Yes. Anyway, it’s not easy to finally get this role. Even if this character is a nobody, I don’t dare to just leave. You don’t need to mock me,” said Lu Qi coldly.

Her position was different from the past.

In the past, she would not have been able to accept this reality.

However, after Xia Qingyang entered jail, Lu Qiyuan ignored her, and the marriage with He Zhengbai died, she had to face this reality.

‘There were a few times late at night when Lu Qi was drunk at home alone and could not stop thinking about the glory of the past.

The more she missed the glory of the past, the more she could not face the abjection now.

Back then, she had everything she wanted; she was a winner in life.

Tons of people were jealous of her, saying they wanted her life.

‘They were jealous that she was born into a rich family and could enter the acting industry smoothly without any obstacles.

From career to love life, it was smooth and easy.

However, how did she fall into this state step by step?

Her mother was in jail and her father was like an enemy.

She even had to sleep with an unpopular director to get a low-tier role.

Her marriage was basically non-existent.

Her husband was threatening her for a divorce with the pictures of her and other men in bed.

She had no career.

And no love.

She did not have the family that had always made people jealous.

At this moment, Lu Qi wanted to cry her heart out.

“I am just a small character, so I will be done very quickly,” said Lu Qi.

Chapter 2817: True Ignorance

“My tiny request won’t stop you from divorcing me. We’ve been together for so long, you can’t even agree to this?”

“If you let me finish shooting this project, at least I’d have the power to continue in this industry. I can think of ways to keep myself alive and will not disturb you.”

“You’d dare to disturb me?” He Zhengbai sneered. “If you dare to come, aren’t you scared that your photos will be posted?”

“What do you mean?! You’re going to keep using these photos as leverage?” said Lu Qi angrily. “I already agreed to divorce you.”

“As long as we’re not officially divorced, I will not trust you,” said He Zhengbai coldly. “Let’s wait until we get a divorce certificate.”

Lu Qi gritted her teeth without saying anything.

He Zhengbai continued, “Also, after we divorce, keep your mouth shut. If I hear any news about us being married before, I will not forgive you!”

Lu Qi looked at the man in front of her.

He was in love with her in the past, but now, he was unwilling to admit that he was married to her before.

It was like being married to her made him feel shameful.

However, Lu Qi did not have any feelings for He Zhengbai anymore.

Her tone was calm. “I will, I promise.”

He Zhengbai got up and the assistant let go of her.

The two left Lu Qi’s room.

He Zhengbai did not even look at her another time.

Lu Qiyuan had been taken away by the police and it was not going so well for him.

According to the news he had gotten, Lu Qiyuan was a goner this time.

He was able to maintain the marriage with Lu Qi because of Lu Qiyuan.

No matter what, Lu Qi was Lu Qiyuan’s daughter.

After Lu Man and Lu Qiyuan completely fell out, Lu Qi was like Lu Qiyuan's only daughter.

If something really happened to Lu Qi, how could Lu Qiyuan not care?

So Lu Qi was still a little useful to the He family.

But now that Lu Qiyuan was finished, the last of Lu Qi's usefulness was gone.

He did not have to maintain their marriage.

At first, He Zhengbai was afraid that Lu Qi would talk groundlessly outside.

But now, Lu Qi had dug her own grave and he had a hold over her.

It would be senseless for He Zhengbai not to use it.

However, the good mood that he had from breaking free was gone now.

Because his crotch was in pain.

Lu Qi was there just now, so he did not show it.

But even though it was not as painful as at the start, he still did not feel good.

He Zhengbai was scared that he would have some sort of chronic injury from that kick, so his expression was awful.

After Lu Qi sent He Zhengbai away, she closed the door and took out her phone.

At this time, the only person she could think of was Lu Qiyuan.

Obviously, she could not just be strung along by He Zhengbai.

'Whatever He Zhengbai said, she had to obey.

If that was so, He Zhengbai would only keep on benefiting while she would suffer more and more.

Lu Qi called Lu Qiyuan's number.

However, it said that his phone was turned off.

Lu Qi thought that Lu Qiyuan did not want to pick up her call. She did not even know that it was not that Lu Qiyuan did not want to, it's that he could not do it.

ee

Lu Man did not know that though Lu Qi and He Zhengbai had just gotten married recently, they already wanted to divorce.

She had not paid attention to these two people for very long.

'That was because she had forgotten about these two people.

Perhaps this was the real ignorance..

Chapter 2818: Should I Organize a Press Conference Tomorrow?

'What Lu Man had to face now was her three-month pregnancy.

Even if Lu Man was stupid, she could remember this day.

It was such a meaningful day.

But someone remembered it even clearer than she did.

That was Han Zhuoli.

Before sleeping last night, when Han Zhuoli lay on the bed, he was full of excitement.

Lu Man felt strange. She remembered that the next day would be the day she was officially three months pregnant.

However, she did not relate this with Han Zhuoli's excitement.

So Lu Man was confused and asked, "Did something good happen? You're overjoyed."

Han Zhuoli rolled over and pulled Lu Man into his arms while carefully avoiding her stomach.

He was also scared that she would be uncomfortable and out of breath, so he lifted himself up, leaving enough space for her to breathe without pressing into her space.

He was really considerate.

In this kind of careless moment, many people would miss these small details.

But Han Zhuoli always remembered; he had never missed them.

He looked down at the woman in his arms. Even though she was pregnant, she was still like a girl.

Right, Lu Man was not old after all.

Even if she was going to be a mother, he could not deny the fact that she was still young.

Even now, she still had the face of a little girl.

Her complexion did not worsen because of the pregnancy. Instead, it improved.

Her skin was smooth and even glowed.

'When she smiled, her skin looked even fuller. It looked soft, like a white dessert.

Han Zhuoli kissed it and felt that it was sweet and fragrant, but also like it was a glutinous rice cake.

"You'll be three months pregnant tomorrow, officially three months." It was as if Han Zhuoli was speaking about something important; he said it solemnly.

Seeing that Lu Man froze, Han Zhuoli asked, "You forgot?"

“No, how can I?!” Lu Man shook her head vigorously, immediately proving her innocence. “I remember, but I just didn’t expect you to be so happy about this.”

“How can I not be happy?” said Han Zhuoli, smiling. “I kept it in without telling anybody. When you’re three months pregnant tomorrow, I can then announce immediately that we will be a dad and a mom.”

Han Zhuoli was joyful. Even though he pursed his lips and smiled, it could not stop his pride and joy from being seen.

The way his eyebrows danced, Lu Man was afraid that he would immediately announce it to the public at 12 midnight.

Lu Man thought for a while and decided not to remind him.

Looking at how Han Zhuoli was, he did not seem to think that he could announce it once it was past midnight.

What if he really did that after she said it?

He would call everyone, waking people up at midnight. That would not be too good, right?

After that, her soft hands were held by Han Zhuoli.

Han Zhuoli kissed her fingertips, saying, “Although Qian and the others know already, they’re all close to us. There are still many people who don’t know. How do you think we can show that we value our soon-to-be-born child and look solemn?”

“It doesn’t seem formal enough to announce it online. It shows that we don’t attach enough importance to it and are a little childish.” Han Zhuoli rolled back and lay down, not pressing on Lu Man anymore.

Han Zhuoli held his head on one side while touching his chin with another hand. “Should I organize a press conference tomorrow?”

Lu Man was speechless.

Organize a press conference just to announce her pregnancy?

Chapter 2819: Prepare Their Manuscripts for Them

He should not give the journalists a hard time.

It would be hard enough to come out to work now, and they’d still have to be sent here and there by their CEO.

If there was time, it would be better for the journalists to go for bigger news.

“No... no need,” said Lu Man.

She was just pregnant. It could not be considered news-worthy.

To them, it was joyful news, but to people unrelated, they would not feel much.

It was like... whether you were pregnant or not had nothing to do with me.

That feeling.

Han Zhuoli held Lu Man's hand. "Why not? This is such an important thing! This is something serious. The fourth generation of the Han Family is born! Whether it's a boy or a girl, it will be the eldest grandson or granddaughter. Extremely different."

"Think... we can just announce it online. Didn't we just tell Chu Zhaoyang and the others? We didn't tell the elders of their family. Grandma will definitely want to tell this joyful news to the elders herself."

Lu Man felt sorry for Wei Zhigian and the other single people.

They could not blame her for not being loyal to them.

She could not really ask Han Zhuoli to organize a press conference just for her pregnancy.

Wei Zhigian was going to suffer anyway, so he was not lacking that.

"Those who are left are not closely related to us, so we won't need to tell them specifically. It's fine to just announce it online," said Lu Man.

"Besides, organizing a press conference now is actually not as effective as announcing it online. After the press conference, we would have to wait for the journalists to write the manuscripts, then publish them. I don't even know how many netizens watch their news. Probably not as many as our fans. It's

better to just post it ourselves, letting the netizens from the whole country see and give us their blessings. How nice is that?"

Han Zhuoli touched his chin and said, "Actually, I can prepare their manuscripts for them."

Lu Man was speechless.

There would be less work for the journalists.

Han Zhuoli laughed. "Fine. After listening to you, I also feel that a press conference won't be that effective."

Han Zhuoli took out his phone and looked at the time now. It was 9:20 PM.

"After another two hours and forty-eight minutes, I can announce it online," said Han Zhuoli.

Lu Man was speechless.

This man was already thinking about it even without her reminding him.

After that, Han Zhuoli said, "Don't stay up too late. You should sleep early. It's the same to post it tomorrow after you wake up. I will post it after midnight."

"Okay." Lu Man laughed. "Actually, you don't need to stay up either. It's the same if you post it tomorrow with me."

“I can’t wait.” Han Zhuoli looked as though he was rushing. It seemed like he was really in a hurry.

She did not know how he had endured it these past two months.

When they found out she was pregnant, it had already been one month.

So Han Zhuoli had endured for another two months.

Seeing how impatient Han Zhuoli was, Lu Man did not say things like “if they did not post together, stupid netizens would misunderstand.”

But it indeed would happen.

Just like after some public figures announced their relationships.

Even during their partners’ birthdays, if they did not publicly post their birthday wishes at 12 midnight sharp, netizens would speculate whether they had broken up..

Chapter 2820: Made Friends Carelessly

So Lu Man had already thought about it. If Han Zhuoli posted on Weibo at midnight and she fell asleep without saying anything

By tomorrow morning, when she posted on Weibo, people would already be wondering whether their marriage was breaking down.

She felt exhausted just thinking about it.

So Lu Man secretly set an alarm using her phone.

No matter what, she had to wake up at midnight to post it with Han Zhuoli.

She did not care about the opinions of those unrelated.

However, she could not just do nothing when she knew she could avoid the problem, which would cause people to doubt Han Zhuoli’s and her relationship.

She felt awful just by thinking about it.

If another person who had feelings for Han Zhuoli really believed it and came to pester them, this would be a loss.

So Lu Man secretly set an alarm.

But before she could even set it, Han Zhuoli’s phone rang.

Han Zhuoli saw the incoming call. If it was about business, he would go out and talk to avoid disturbing Lu Man.

‘When he saw that it was from Old Mrs. Han, he turned on the speaker and let Lu Man listen.

“Grandma, why are you calling at night?” asked Han Zhuoli after picking up.

Old Mrs. Han’s voice came from the phone. “Tomorrow will be the day Lu Man is officially three months pregnant, right?”

Han Zhuoli did not say a word.

Lu Man was speechless.

Nobody thought that Old Mrs. Han would also remember it so clearly.

“Grandma, you remember it clearly too,” said Han Zhuoli, smiling.

“How can I not?” Old Mrs. Han said. “After Man Man was confirmed to be pregnant, I have been counting. I would mark the calendar day after day.”

“Grandma, do you have any plans?” asked Han Zhuoli.

“I’m just asking you whether you plan to announce it after midnight,” asked Old Mrs. Han.

Lu Man gave Old Mrs. Han a like.

She knew her grandson too well.

“I do plan to do that,” said Han Zhuoli.

“Aiyo, luckily I asked you first,” said Old Mrs. Han. “Don’t be in a hurry to announce it.”

“Why?” asked Han Zhuoli.

He was very impatient.

Old Mrs. Han said, dissatisfied, “I still need to tell my pals.”

She continued in complaint, “If you announce the news first and only then can I tell the others, what’s the point? There’s no surprise anymore.”

Han Zhuoli thought that the pals of Old Mrs. Han might not think it was surprising.

“Fine, then I will announce it later. Grandma, when do you plan on telling them?” asked Han Zhuoli.

Old Mrs. Han said considerately, “I am thinking of telling them this great news tomorrow morning.”

“Tomorrow morning, then I still have to wait for one night?” Han Zhuoli’s tone was filled with disappointment.

Old Mrs. Han said, “I also wanted to tell them tonight, but you know that people sleep early when they’re old. At midnight, people our age are all sound asleep. How can I wake them up?”

“Besides, if I tell them such great news, other than those who are married and have kids like Zhaoyang, those who have single ones like Young Qian in their family will be overjoyed after hearing and won’t be able to sleep. That won’t be nice,” said Old Mrs. Han, her expression full of trouble.

Han Zhuoli did not say a word.

He was unsure whether he should let out a sigh for Old Mrs. Wei, Old Mrs. Zhao, and Old Mrs. Qin as they had made friends carelessly.

Even if they could not sleep at night, would it be because they were happy?
