

Mr Han 2831

Chapter 2831: Your Acting Could Be More Dramatic

After waiting for a while, everyone saw Han Zhuoli's car driving towards the entrance of the office from far.

Then, soon after, they saw Han Zhuoli and Lu Man stride in.

Han Zhuoli held Lu Man's waist, being careful with her every step.

Zheng Tianming's mouth twitched.

Lu Man's stomach was not even big yet; she did not look like she was pregnant at all.

People could not bear to watch how Han Zhuoli was treating her like a pregnant woman with a huge stomach.

It was as though he was afraid that people would not know that Lu Man was pregnant.

Being held by Han Zhuoli like this, Lu Man could not stop her mouth from twitching too.

Ever since she got pregnant, she had already stopped wearing the high heels that she rarely wore.

She was steady wearing flat shoes.

Before they could announce it, Han Zhuoli had not been as serious.

Lu Man whispered, "You don't actually need to hold me. For the past three months, haven't I been walking steadily?"

Han Zhuoli also whispered, "Back then, did you think that I didn't want to hold you? Isn't it because I was scared that I would be too obvious and people would find out? During that time, every time I watched you walk by yourself, my heart was full of concern.

"Now, we no longer need to hide it, so obviously I will take good care of you," said Han Zhuoli as he raised his head and stuck his chest out. People could not bear to look at that proud look.

Even the various supervisors and those in high positions thought that Han Zhuoli's proud look seemed as though he was not going to have a kid but the whole world.

Finally, Han Zhuoli held Lu Man as they entered the Han Corporation building.

It was as though Han Zhuoli had just seen that there were people waiting at the entrance.

He had a surprised and confused expression as he asked, "Why are you all here? What happened that you guys can gather here in such an orderly manner?"

Everyone was speechless.

CEO, your acting could be more dramatic.

Mrs. CEO was clearly a famous actress. Why did she not teach any acting skills to the CEO?

People could not watch Han Zhuoli's terrifying acting.

Everyone thought, "Don't you know about what happened?"

Zheng Tianming even sent an email!

Zheng Tianming's expression stayed the same. He smiled sincerely. "These managers found out that Mrs. CEO is pregnant and have especially come to the entrance to welcome and give their congratulations to CEO and Madam CEO."

"Yes, yes, yes, yes!" General Manager He nodded immediately. "We didn't call the other employees. They're also full of excitement and wanted to come here themselves to congratulate the CEO and the Madam CEO, but we can't let everyone in the company come here. It will be too cramped."

"Yes, and if there are too many people, it will be too dangerous. It won't be good if someone accidentally pushes Madam CEO," said Assistant General Manager Zhao, who was newly appointed. "Although they're not physically here, their hearts are with us."

General Manager He nodded at the side, showing total agreement.

This Assistant General Manager Zhao was newly appointed. Before him, Assistant General Manager Yu was the one who wanted to kick General Manager He out and take the spot for himself.

He was never on good terms with General Manager He.

Because of that, many inconveniences appeared during work.

'Whatever General Manager He wanted to do, Assistant General Manager Yu would disagree.

Even if he could not stop it in the end, he would create many obstacles, making his work not as smooth and wonderful.

General Manager He had wanted to grasp an opportunity to fire Assistant General Manager Yu since the beginning.

Regarding this, the General Manager had to thank Lu Man.

Back then, Assistant General Manager Yu dug his own grave by collaborating with outsiders to make Lu Man suffer. That made him Han Zhuoli's target..

Chapter 2832: Have You Given Your Blessings?

It's true that Assistant General Manager Yu did not get fired right away to prevent people from suspecting that he was taken revenge on at work due to personal issues.

But it gave General Manager He a chance, and it became the start of Assistant General Manager Yu's downfall.

After General Manager He had successfully fired Assistant General Manager Yu, Assistant General Manager Zhao took the spot.

General Manager He had better days after that.

Assistant General Manager Zhao was not an idiot like Assistant General Manager Yu. His chemistry with General Manager He during work was excellent.

Sometimes, there would definitely be disagreements during work.

However, it was not personal.

So General Manager He did not mind. It was very normal.

Seeing that Assistant General Manager Zhao even knew to mention the rest of the employees, General Manager He felt that he was a really kind person.

Han Zhuoli nodded and smiled. "You guys are so considerate."

"No way." General Manager He smiled and said, "When Madame CEO came previously, we did not know about the pregnancy at all. Had we known, we would definitely have limited the employees, preventing them from dashing around."

Han Zhuoli was satisfied and said, "It's not too late to limit them now!"

Everyone was speechless.

'The CEO did not hold back at all.

They could not keep Lu Man at the entrance, so everyone immediately let Han Zhuoli and Lu Man enter.

Even though only the executives and the managers from the various departments came, there were a lot of people.

A group of people followed Han Zhuoli and Lu Man. It looked spectacular.

In the hall, the employees who passed by and the people at the front desk all congratulated Han Zhuoli and Lu Man.

Han Zhuoli nodded. "Looks like you have already seen Weibo. Good job."

Han Zhuoli stopped and asked, "Have you given your blessings on Weibo?"

Everyone was speechless.

Vice President Zhang seized the opportunity to show his presence as he said to Han Zhuoli hurriedly, "CEO, I gave my blessings as soon as possible. I was afraid that there would be too many blessings and you would not see mine. I was afraid that if I gave my blessings too late, I would miss the perfect time."

Everyone was speechless.

Did he memorize the New Year greetings?

Vice President's Zhang's passion was so cheesy that it made everyone sick.

They all elbowed each other secretly.

They even got goosebumps in this hot weather.

Unexpectedly, Han Zhuoli did not think it was cheesy at all. He even nodded. "I felt your blessings."

Lu Man was speechless.

She was a little worried that perhaps Han Zhuoli's style would be like this from now on.

Together with Lu Man, Han Zhuoli walked ahead.

The leaders of the various departments all looked like elites usually.

But now, they were like dogs following their owner. The scene of them sticking so close was unbearable to watch.

Han Zhuoli and Lu Man returned to the office. Lu Man discovered that there were more bolster pillows in the bedroom now. They were randomly arranged on the floor, but it looked extremely comfortable.

"This is for your convenience. You can lean on one of them wherever you are," explained Zheng Tianming. "The carpet is soft, and I saw that you liked to sit on the carpet sometimes, so I placed a few more bolster pillows everywhere on the floor. No matter where you sit, a bolster pillow will be within your

reach for you to grab and lean on."

Lu Man did not expect Zheng Tianming to be so kind. Surprised, she said, "Thank you so much. I didn't think that you were so thoughtful."

Han Zhuoli gave Zheng Tianming an unkind glance.

Zheng Tianming had stolen the chance for him to show his diligence. Was this what a qualified assistant should do?

"Zheng Tianming's eyes twitched and he smiled. "It's all because the CEO taught me well. I watched him too much and know his intentions, so I decided on my own to do thi:

Chapter 2833: Brag Using Her

Han Zhuoli showed a hint of satisfaction, thinking that Zheng Tianming was still a good assistant.

Zheng Tianming did not dare to stay any longer to steal praises from Han Zhuoli, so he left immediately.

Lu Man chuckled. "Assistant Zheng does not have a girlfriend?"

"You want to introduce one to him?" asked Han Zhuoli, smiling.

“Not really. I don’t meet many people now, so there’s nobody suitable that I know. I just think that if a considerate gentleman like Assistant Zheng has a girlfriend, his girlfriend will definitely be happy,” said Lu Man, smiling.

Han Zhuoli raised his eyebrows and thought for a while, then he said, “I don’t know whether he has a girlfriend.”

Luckily, Zheng Tianming did not hear this, or else he would have to complain about Han Zhuoli for being a heartless superior.

Zheng Tianming had served him for so many years, but he did not even know that Assistant Zheng was still single until now.

Han Zhuoli himself had a wife and was going to be a father soon.

He had success in both his family and career, but he did not care more about the poor assistant who had served him.

“If he doesn’t have a girlfriend, it’s such a waste.” Lu Man grabbed a pillow and leaned on it comfortably.

As she leaned on the pillow, she thought about how considerate Zheng Tianming was.

‘When Han Zhuoli entered the meeting room, the company executives and the managers of the departments were already on their seats waiting.

Han Zhuoli sat down in the master seat and said with a calm expression, “Sorry I am late. My wife is pregnant and I didn’t want to leave her for too long.”

Everyone was speechless.

‘They already knew that Mrs. CEO was pregnant. There was no need to say anything more.

“So let’s make the meeting quick. Don’t let my wife wait for too long.” The corners of Han Zhuoli’s mouth curved up as his chin slightly tilted up, and he said proudly, “You know, pregnant women are more sensitive. If she does not see me for a long time, she can’t take it.”

Everyone was speechless.

Their teeth hurt.

Zheng Tianming was speechless.

Hehe. Did Lu Man know that you speak of her like that outside?

The Lu Man he saw just now did not look weak and sensitive at all.

He even said that she could not leave him for too long. He really knew how to give credit to himself.

Zheng Tianming criticized him in his heart, then he said, “Then let’s get the meeting started immediately. This meeting is mainly about a summary of the first half of the year.. Firstly, let’s start from the finance department

Chapter 2834: He Really Wanted to Cry for This Heartless Superior to See Now

'With Han Zhuoli's order, nobody dared to delay any further. They even sped up their talking speed.

After everyone finished, they thought that if they worked harder, they could even work as hosts.

Everyone thought that the meeting was about to end.

Unexpectedly, Han Zhuoli cleared his throat and asked, "Among everyone here, who has the experience of taking care of pregnant women?"

Everyone was speechless.

Most people here were already middle-aged. Their kids were in senior high or almost in university.

Their youngest children were at least in junior high.

The rest of them who were younger were either unmarried or had just gotten married and were busy with their career, having no plans for pregnancy.

It had been so many years for those who had kids. They had long forgotten what it was like when their wives were pregnant.

And those who had younger kids would ask someone else to take care of them because they wanted to succeed in their careers.

'They did not have the experience of taking care of pregnant women themselves.

So now, they could not answer Han Zhuoli.

"You guys don't have any experience?" asked Han Zhuoli.

Everyone was so pressured by Han Zhuoli that they all focused their gaze on Han Zhuoli.

Control your brother!

The older Young Master Han thought that there was no point controlling him. He was also frustrated.

"Nothing," said Han Zhuoli heartlessly. "It's just that Lu Man was curious whether a thoughtful person like you have a girlfriend. She said that your girlfriend must be really happy."

'When Zheng Tianming heard this, he took this chance to say, "CEO, I don't have a girlfriend. Do you want to introduce someone?"

Zheng Tianming hit his chest and promised, "I promise I am not bad."

Han Zhuoli chuckled coldly.

Zheng Tianming was already considerate to Lu Man, stealing Han Zhuoli's chance to be considerate to her, and now Zheng Tianming was even asking him to introduce a girlfriend to him?

If he had the skill to introduce girlfriends to people at will, would he have been single for so many years?

What a joke!

“Lonely have eyes for Lu Man and only her,” said Han Zhuoli righteously. “Introduce girlfriends? Don’t have any.”

Zheng Tianming was speechless.

Then why would he ask him?

Was it for fun?

“Lu Man was curious so I asked. Don’t think too much,” said Han Zhuoli.

Zheng Tianming was speechless.

Hehe.

Han Zhuoli proudly walked straight up with big steps towards the office..

Chapter 2835: He’s Already So Pitiful, How Could I Be So Terrible?

As he passed by the secretarial office, the secretaries came out.

After receiving Zheng Tianming’s email in the morning, they still had not had the chance to congratulate Han Zhuoli.

‘They were going to welcome Han Zhuoli and congratulate him.

‘They had just opened their mouth and did not even have time to say the word when

Han Zhuoli said, “I have to hurry back to my office, Lu Man is waiting for me. She’s pregnant, as you guys know.”

The secretaries were speechless.

Their words were stuck in their throats.

In the end, it was only the oldest secretary, Yang Fangtong, who could stand up to it and be more calm. She said, “Yes. Congratulations, CEO.”

The others also followed along. “Congratulations, CEO.”

Han Zhuoli nodded. “I will give you guys red eggs when the time comes.”

After saying that, Han Zhuoli entered his office.

‘When the secretaries went back, Zheng Xiaoying whispered, “Big Sister Yang, today, the CEO... talks about the pregnancy of Mrs. CEO whenever he has the chance.”

Yang Fangtong gave her a pat on the shoulder. “It’s fine. It’s probably because he could not say anything before. He finally has the chance to say something today and said a little too much. It will probably be fine tomorrow.”

Zheng Xiaoying nodded.

Their congratulations were sincere.

But they could not bear to hear Han Zhuoli repeat it over and over again, right?

Han Zhuoli returned to his office joyfully, feeling prouder today.

Lu Man kept staying in the bedroom.

She was afraid that after Han Zhuoli returned from his meeting, he would need to talk to someone alone about business, so there would be someone returning with Han Zhuoli.

It would not be convenient if she sat in the office outside.

When she saw that Han Zhuoli came back alone, she came out.

Han Zhuoli saw her and said joyfully, "Zheng Tianming said that he's single."

Lu Man wondered why Han Zhuoli seemed a little happy about the fact that Zheng Tianming was single.

Satisfied, Han Zhuoli said, "I finally know how married people feel when they look at single people. I feel superior."

'As someone who used to be single, he probably was like this in the eyes of Qi Chengzhi and the others.

But now, it was different. He could look down on people.

It felt so good!

"_" Lu Man's mouth twitched. "You showed your happiness in front of Zheng Tianming?"

"I didn't do that." Han Zhuoli felt that he was still very kind. "He's already so pitiful, so how could I be so terrible?"

Lu Man nodded, thinking that Zheng Tianming was not too pitiful.

Then, Han Zhuoli said, "When I asked him whether he has a girlfriend now and he said that he's single, he thought that I wanted to introduce someone to him."

Lu Man was startled, and she thought that, obviously, he would say this after Han Zhuoli asked him that.

'Why else would you ask him?

Usually, it was because there was someone suitable around to be introduced.

Unexpectedly, Han Zhuoli said righteously, "I declined seriously."

Lu Man was speechless.

Why?

Han Zhuoli said, "I said that other than you, I don't have eyes for other women."

Han Zhuoli held Lu Man's hand and nodded vigorously. "For real!"

Lu Man was speechless.

If Zheng Tianming was not Han Zhuoli's assistant, he would definitely have hit Han Zhuoli.

Seeing Han Zhuoli looking like he was begging for compliments, Lu Man patted his hand, which was holding her hand. "I know, you're right. Other than me, you can't have eyes for other women."

Han Zhuoli was overjoyed. After receiving Lu Man's recognition and compliment, he felt that he had done a great job..

Chapter 2836: They Did Not Give People a Chance to Survive

Lu Man felt sorry for Zheng Tianming and said, "Then I will take a look around to see if there is any suitable girl to be introduced to Zheng Tianming. Zheng Tianming is not young anymore. He spends his days alone working. That's quite sad."

"Just leave it to Grandma," said Han Zhuoli.

"Hmm?" Lu Man was confused.

Han Zhuoli smiled gently. "You're pregnant now, and it isn't good to think too much. Don't make yourself too tired by finding a girlfriend for Zheng Tianming. Grandma likes to be a matchmaker anyway, and she also knows Zheng Tianming well. How about we leave it to Grandma? She has more experience as well."

Han Zhuoli was high-sounding.

Actually, he just did not want Lu Man to think about Zheng Tianming.

Lu Man could only think of him alone and no one else.

So Han Zhuoli cunningly pushed this matter to Old Mrs. Han.

Lu Man did not think that Han Zhuoli was so petty, and she did not feel it as well.

Instead, she felt that what Han Zhuoli said made sense, so she nodded and said, "You're right."

Poor Zheng Tianming did not even know that not only did Han Zhuoli not want to introduce a girlfriend to him, but Han Zhuoli also did not want to allow Lu Man to do the introductions.

"You should work. I won't disturb you anymore," said Lu Man.

"There's not a lot of work today." Although Han Zhuoli said this, he already went to his desk subconsciously to prepare for today's work.

However, Han Zhuoli realized that he felt more free today.

He did not know that he was free today, but Han Zhuoli was tired.

Everyone was afraid of Han Zhuoli today because of what Han Zhuoli was like during the meeting in the morning.

They were afraid that when they came to report their work to Han Zhuoli, Han Zhuoli would talk about Lu Man's pregnancy to them, not allowing them to leave.

It was extremely frustrating.

It was as though their wives had not given birth before!

Back when their wives were pregnant, they were happy, but they did not cross the line, not allowing people to leave and repeating their wives' pregnancies hundreds of times in a day.

They had to go along with Han Zhuoli and flatter him when he talked about Lu Man's pregnancy.

But when Han Zhuoli started talking, he would not stop for a while.

Even if they went along with him and flatter him, they would run out of words.

Today, the CEO's office was like a tiger's den to the people of the Han Corporation.

Poor Han Zhuoling's workload was strangely increased.

Frustrated, he frowned as he looked at Manager Luo from the finance department, who was reporting to him.

Han Zhuoling did not need to show a stern expression.

He just had to look silently and he was already stern enough.

Poor Manager Luo's legs and stomach were already shaking, but thinking of Han Zhuoli, he still felt that it was better to face Han Zhuoling here.

These brothers were terrifying!

One would talk about his wife's pregnancy to you.

This one was normal, but his cold expression was too terrifying.

"This is not my responsibility. Why did you come here to me without going straight to the CEO?" Han Zhuoling placed the document on the desk.

He squinted his eyes. The older Young Master Han had not been a workaholic in so long, and now he was very unwilling to take on work that did not belong to him.

Manager Luo's legs were shaky as he faced Han Zhuoling's questioning. It was as though his mouth had a muscle cramp; it jerked a few times and he said, "Madam CEO is pregnant and is now in the CEO's office, so I don't dare to disturb them. I thought that this isn't something big, so it's the same whether

it's you or the CEO who deals with it.."

Chapter 2837: Older Young Master Han's Dignity

They were a family anyway.

Everyone knew that the three brothers' relationship with each other was so good that they did not have any grievances at all.

In another company, brothers might have grudges against each other. If one was to deal with the other's matter, he would be suspected of having ulterior motives.

However, this was non-existent among the Han brothers.

Ever since the two brothers stopped being single, they'd been more than happy to give their work to each other.

This was a perfect example of brotherhood.

For instance, back when Han Zhuoling had just returned to the country, he was still a workaholic.

Han Zhuoli was already together with Lu Man.

To spend more time with Lu Man, he heartlessly pushed a lot of his own workload to Han Zhuoling.

Without feeling any stress, he pressured his own older brother who was a workaholic.

He was not worried at all that if Han Zhuoling did too much work for the Han Corporation, his position would be threatened.

During that time, his life as the CEO had been amazing.

Every day, he worked from nine to five, going in and out of work on time.

He was beaming with radiance every day.

But ever since the older Young Master Han got together with Shi Xiaoya, he had also tried to shirk his responsibilities.

He did not want to be a workaholic anymore and returned all the work to Han Zhuoli, causing Han Zhuoli to suffer with him.

Only these two brothers from the Han Family had a relationship where they wanted to give the whole company to each other.

As for Han Zhuofeng, he gave his whole heart to becoming a director and was not interested in inheriting the company.

"Give it to your CEO." Han Zhuoling was unwilling to do Han Zhuoli's work. "I am also busy here!"

He also knew that these people just did not want to listen to Han Zhuoli talk about pregnancy.

However, he had just gotten married and also wanted to hurry home to be lovey-dovey with Shi Xiaoya.

Manager Luo would not go to Han Zhuoli even if he were to die, so he found the courage to say, "Then how about you bring it to the CEO?"

Han Zhuoling was speechless. "..."

This Manager Luo was so pressured by Han Zhuoli that he was bold enough to ask Han Zhuoling to run errands!

It seemed like the older Young Master Han's dignity could not compare to Han Zhuoli's boasting of pregnancy?

"Heh." Han Zhuoling let out a grim chuckle. He raised his left hand and placed it on the bottom half of his face.

His long fingers curved naturally and covered his chin and lips. His second finger was right on his nose. Only his fierce eyes were shown.

Manager Luo felt strange and did not understand what Han Zhuoling was doing all of a sudden.

This pose was too sudden.

Then he saw the shiny ring on Han Zhuoling's ring finger.

Manager Luo obviously saw the wedding ring on Han Zhuoling's left ring finger.

This was not unfamiliar to employees of the Han Corporation.

After all, Han Zhuoling had already been married for a month. Usually, when they saw Han Zhuoling, they would notice the wedding ring on his finger.

But Han Zhuoling's wedding ring was very low-key.

It was an ordinary men's ring, and on top of the ring was a tiny diamond, which was not very eye-catching. It suited Han Zhuoling's humble personality.

Everyone already knew that Han Zhuoling was married, so Han Zhuoling did not say anything.

That ring was so low-key that people would not pay attention to Han Zhuoling's hand.

Now, he let his guard down and he was shone on by the diamond ring on Han Zhuoling's finger.

Manager Luo raised his hand to cover his eyes subconsciously.

Then he remembered that it was Han Zhuoling who was in front of him!

Chapter 2838: I Am Also a Man with Family

All of a sudden, Manager Luo broke out in a cold sweat. He put down his arm immediately and stuck his chest out, standing straight.

"What did you see?" Han Zhuoling moved his ring finger, which the ring was on.

This hint was too obvious.

Manager Luo paused and said, "R... ring?"

Han Zhuoling moved his ring finger again and Manager Luo saw the diamond on the ring twinkle under the sunlight.

It was so shiny.

Then he heard Han Zhuoling say, "This is a wedding ring."

comment

Manager Luo blinked a few times innocently. He knew.

Suddenly, Manager Luo had a bad feeling and wanted to leave.

He did not want to face these two brothers who were married.

It was too terrifying!

"This is a wedding ring." Han Zhuoling raised his chin. "I have only been married for a month and the honeymoon phase is not over yet."

Manager Luo had no words.

"Besides, now I am also a man with family," said Han Zhuoling.

Manager Luo had no words.

So?

'Who was not a man with family?

"A man with family has to leave work on time." Han Zhuoling placed his left hand on the desk and extended it forward.

He probably felt that the position just now was not obvious enough and could not be seen clearly.

Thus, he kindly extended his hand to the side of the table so that Manager Luo could see it clearly.

"Hurry up and give my younger brother his work. Don't delay me from finishing my work so I can go back and be with my wife." Han Zhuoling's face was full of pride as he sat straight up.

Manager Luo had no words.

'Who was not a man with family? Usually, when they worked overtime, did they say anything?

Manager Luo felt exhausted. He'd wanted to escape Han Zhuoli, so he would rather face the pressure of Han Zhuoling's cold expression.

Unexpectedly, after escaping Han Zhuoli's boasting, he was shown a cold face by Han Zhuoling, and in the end, he still could not escape Han Zhuoli.

With his head down and wearing a gloomy expression, Manager Luo took the document and still ended up having to face Han Zhuoli.

"Alright, I will go to the CEO," said poor Manager Luo.

Just as he was about to leave, Han Zhuoling's phone on the desk rang.

Manager Luo took a glance and, coincidentally, it was Han Zhuoli's name on the screen.

Han Zhuoling picked it up and said, "What is it?"

"Brother, want to eat lunch together at noon?" said Han Zhuoli.

Han Zhuoling wanted to ask why Han Zhuoli would invite him for a meal all of a sudden today.

Lu Man had been following Han Zhuoli to the office for a few days and Han Zhuoli had never invited him for a meal during that time.

"Why do you want to eat together?" asked Han Zhuoling.

He could not see that on the other side of the phone, Han Zhuoli was caressing Lu Man's stomach, which was still flat, with a satisfied expression. "Today is the first day of announcing Man Man's pregnancy, so I want to have a meal to celebrate."

Han Zhuoling was speechless. ".."

Hehe!

He knew what Han Zhuoli was thinking.

He said celebration, but he just wanted to show off.

Han Zhuoli was powerful enough to show off to his own older brother now.

"Hmph!"

Han Zhuoling felt that he was also a newlywed, and like Han Zhuoli, he also had good news, so why would he be afraid?

Besides, Shi Xiaoya's pregnancy was just a matter of time.

"Fine." Han Zhuoling nodded, not afraid at all. "It'll be my treat this noon to celebrate this good news."

Han Zhuoli was not going to hold back on Han Zhuoling, After hearing this, he immediately said, "Then as you know, Man Man is pregnant now, so she can't eat many things."

Chapter 2839: Whose Bragging Can You Handle More

"She can't eat too much seafood. She also can't eat anything too spicy even though she likes to eat spicy food. And also..."

Even though it was not good for pregnant women to eat seafood, it also depended on every individual's body. It was not like they could not even eat a little.

Lu Man liked to eat crab. Even though she could not eat crab frequently, it was fine if she ate a bit once in a while.

Han Zhuoli listed down many things that Lu Man could not eat, so many that Han Zhuoling felt nauseated.

This young brat was taking this chance to show off to him!

Han Zhuoling looked at his own wedding ring and felt a little comforted. "You decide the place. You decide the place and I will pay."

Luckily, Han Zhuoli still remembered their brotherhood and did not give Han Zhuoling a hard time as he agreed easily.

Han Zhuoling hung up the call. Seeing that Manager Luo was still here, he said, "See, Han Zhuoli even has time to call me to invite me for a meal, meaning that he's really very free. Why don't you hurry up and give him all the work!"

Manager Luo jumped. He did not dare to stay here for another moment.

These two brothers did not give people a chance to survive.

It could not be imagined what it would be like when Han Zhuoling and Han Zhuoli were eating lunch together.

Sitting together with them would be forcing yourself to die.

Manager Luo immediately went to Han Zhuoli's office.

If he didn't, Han Zhuoli might leave early to make sure that Lu Man was not hungry. He'd then would have gone for nothing.

After finally arriving at Han Zhuoli's office, he entered and saw that Lu Man was also there.

Lu Man did not want to disturb Han Zhuoli and was going back to the bedroom.

She was stopped by Han Zhuoli. "It's boring for you to be alone inside. You can sit here and listen to Manager Luo's report to get rid of your boredom."

Manager Luo did not know what to say. "???"

Han Zhuoli smiled gently. "Lu Man is pregnant, you know, so that's why I brought her to the office. This way, I can watch over her at all times. I don't have to worry that Lu Man will feel unwell at home while I am working during the day."

Manager Luo's expression gave way, and he almost cried.

He knew Lu Man was pregnant, he really knew.

Just in this short afternoon, his ears were already going to drop off from hearing this.

Manager Luo did not know now that when he returned home today, he would also dream of Han Zhuoli telling him about Lu Man's pregnancy.

He would even be speaking in his sleep. "CEO, I know that Madam CEO is pregnant, I really know."

He would even scare his wife, waking her up.

But right now, Manager Luo was still in the office.

After reporting his work to Han Zhuoli, he left the CEO's office weakly.

'When he returned to his own office, the managers of the various departments were already waiting for him at the entrance.

"How is it? What did Young Master Ling say?" asked Manager Lu from the advertising department.

Manager Luo's mouth twitched. 'About this, you should think about it yourself. Do you want to go to our CEO and listen to him talk about Madam CEO's pregnancy and how she could not leave him? Or do you want to go to our Deputy CEO and listen to him talk about him being a newlywed who is currently on the honeymoon phase, which is a good time to be lovey-dovey with Madam Deputy CEO?'

Everyone was speechless.

So he was saying that they could not avoid being shown off to?

Manager Luo said weakly, "Anyway, think about it yourself. Whose bragging can you handle more?"

Manager Luo felt that he really suffered today..

Chapter 2840: Why Do You Want Me to Go There Suddenly

He had been pressured by these people to take the lead and go first.

He did not expect to experience the devastation from two sides.

He was already being very kind to tell them the situation honestly.

Everyone gave it a thought and decided to go to Han Zhuoli.

They were going to be devastated anyway, so they would rather not listen to Han Zhuoling's bragging while facing his terrifying gaze.

They did not even dare to imagine that scene!

Han Zhuoling, who was in the office, knew Han Zhuoli too well.

He also felt that it was too dangerous to eat with Han Zhuoli and Lu Man alone.

Han Zhuoli would not have a conscience and not show off to him just because he was paying for lunch.

So Han Zhuoling was quick-witted and called Shi Xiaoya.

'Wu Mosen's movie was named "Left and Right" for now. It was uncertain whether this would be the final name used when it was released.

The movie 'Left and Right' had already entered its final stage of preparation. The production crew was currently preparing the set in the outskirts of B City.

Everything was made according to the look back then.

The female lead was Yan Zhiqing. It was finally confirmed that Yan Zhiging would be playing this role.

And Shi Xiaoya was Yan Zhiging's makeup artist.

This made Han Zhuoling relieved.

The movie was shooting in B City, so it was convenient for him to visit Shi Xiaoya.

And she was doing Yan Zhiging's makeup. Yan Zhiging would definitely not give Shi Xiaoya a hard time for no reason.

If there was anyone giving Shi Xiaoya a hard time, she could ask Yan Zhiqing for help.

Just thinking about it made Han Zhuoling happy.

Shi Xiaoya would join the crew soon.

After that, she had to follow along to shoot for days and nights. It would not be easy to come out when they were busy.

So during this time, Shi Xiaoya stopped all her work and spent all of her time to be with Han Zhuoling while she still could.

At this time, Shi Xiaoya was at home.

'When she picked up Han Zhuoling's call, Shi Xiaoya felt weird. "Why are you calling me at this time?"

It was not break time yet.

Usually, when Han Zhuoling called her during the day, it would be during break time.

"Have you eaten lunch?" asked Han Zhuoling, smiling.

He always had a cold expression, but the moment he heard Shi Xiaoya's voice, he could not stop smiling and his mood improved drastically.

"Not yet. It's only 11 o'clock, so I am not hungry yet," said Shi Xiaoya.

The Han Corporation's break time started at 12 o'clock. It would last until 1:30 PM during the winter and 2 PM during the summer.

In the summer, they would go off work half an hour late.

It was currently September, and although it was already autumn, the heat in B City was still not gone yet, so they were still using the working time of the summer.

"So can you come and find me at the office?" Han Zhuoling asked.

"Yeah," Shi Xiaoya agreed easily. "But why do you want me to go there suddenly?"

Previously, Han Zhuoling felt that the weather was hot, so he did not want to trouble her.

So during break time, if he had time, he would go back.

If he had to socialize at noon or could not have a break due to work, Han Zhuoling would not go back and would definitely not ask Shi Xiaoya to go to the Han Corporation in a hot day.

So it was rare that Han Zhuoling mentioned it.

When Han Zhuoling heard Shi Xiaoya ask that, he had an indescribable expression. "Isn't today the day Lu Man is three months pregnant and they can tell the public?"

Han Zhuoling's face twitched as he told her what Han Zhuoli did..
