

Mr Han 2841

Chapter 2841: Who Knew That They Would Be So Wrong

“feel that I can’t eat with them alone.” Even the older Young Master Han had to admit defeat when facing Han Zhuoli’s insane bragging.

[really can’t take it.” Han Zhuoling’s voice sounded pitiful. “So I am thinkin;

“Thinking of calling me to bear it with you?” said Shi Xiaoya, laughing.

She did not feel angry to be dragged in by Han Zhuoling. Instead, she felt Han Zhuoling was adorable!

“No way. How can I share my troubles with you?” Han Zhuoling denied seriously. “I just need you to give me some courage. With you, I can have the courage to face the coming bragging.”

Shi Xiaoya was speechless. *.”

“Fine, I will come now.” Shi Xiaoya looked at the time. It was the traffic peak time during break time. It was not that time yet, so traffic should be better. “I should be able to arrive by 12.”

“Dont rush here. Safety is your priority,” instructed Han Zhuoling. “It’s fine to arrive later. Worse comes to worst, we will just let Zhuoli and Lu Man eat first. We can arrive later.”

He could even listen to less of Han Zhuoli’s bragging that way.

Han Zhuoling felt that it was pretty good to be slightly late.

Shi Xiaoya agreed and left the house.

However, what made Han Zhuoling sad was that Shi Xiaoya still arrived before 12.

The people of the Han Corporation knew Shi Xiaoya.

Because she was the makeup artist who belonged to the Han Corporation.

Before she had her own workshop, her office was also in the Han Corporation.

Even after she had her own workshop, the workshop still belonged to the Han Corporation.

From time to time, she had to come back to the Han Corporation to have meetings.

So the employees of the Han Corporation were familiar with her.

They just did not expect that in the blink of an eye, Shi Xiaoya would become the wife of the Han Family’s oldest son.

‘When Shi Xiaoya was in the Han Corporation, they had not heard about it.

They felt that Shi Xiaoya was really low-key.

It was the perfect example of “A wise person keeps a closed mouth.”

They had never seen Shi Xiaoya showing off. Usually, when she ate and talked with the female employees, she was just a young lady who had a good personality and loved to laugh.

They did not expect that she had such a huge support behind her.

Shi Xiaoya even became Han Zhuoling's wife.

The female employees of the Han Corporation had been warned by others from the day they joined to not think that they were Cinderella, hoping to be with Han Zhuoli and Han Zhuoling just because they thought they looked decent.

This was for their own good. If they wanted to keep their jobs, they should work responsibly.

The company did not forbid office romances, but there was an exception for those few from the Han Family.

There were also people who were very confident in their own charm and who were ambitious. They just had to try despite all the warnings.

All of them ended up crying waterfalls as they packed their things and were kicked out of the Han Corporation.

With so many lessons from the past, even those who had this idea also gave up and did not dare to think of it anymore.

Everyone thought that Han Zhuoli and Han Zhuoling were not willing to find love in the company, as if they were hares who did not eat the grass around their burrow.

Han Zhuoling got together with Shi Xiaoya.

This was still alright as Shi Xiaoya's workshop was only under the Han Corporation. She was not completely considered as an employee of the Han Corporation.

Han Zhuoli was even worse. He got together with Lu Man, who was an employee of the Public Relations Department back then.

'What happened to not finding a girlfriend among the female employees in the company?

Not only did she become a girlfriend, they even got married!

Chapter 2842: He Really Did Not Want This Younger Brother Anymore

This made the single and beautiful young women in the company beat their chest and stamp their feet as they suffered.

They should have kept to their word when they said they would not look for a partner among the female employees in the company.

Even if they found others, the women would not have felt so regretful.

So now, when the female employees saw Lu Man and Shi Xiaoya, they had mixed feelings.

Shi Xiaoya did not understand the mixed feelings of the female employees.

'When she met the ones she knew on the way, she even greeted them heartlessly.

In that manner, she went all the way to Han Zhuoling's office.

On the way there, she was seen by many people.

'The managers of the various departments also knew her.

They thought about what these two brothers were planning.

One brought his wife to work, so the other felt lonely seeing it. Was that it?

Everyone could imagine the scene of these two brothers eating together.

One would brag about his wife's pregnancy while the other would brag about his marriage.

They did not need to talk about the same thing, they just had to show off.

It was like only they had wives in the whole world.

The roar of anger in the hearts of the managers could not be heard by Han Zhuoling.

Upon hearing a knock on the door, he said, "Come in."

Right after that, he heard the door opening.

When he heard the footsteps, Han Zhuoling knew who it was.

He could not be more familiar with Shi Xiaoya's footsteps.

'When he raised his head, he saw Shi Xiaoya enter with a smile on her face.

Han Zhuoling's heart, which was cold because of Han Zhuoli, was immediately warmed by Shi Xiaoya.

He stood up rapidly, went around the office desk, and stood in front of Shi Xiaoya.

"You came." Han Zhuoling carried Shi Xiaoya up.

Shi Xiaoya's feet left the floor and she had to cling onto his waist with her arms around his neck.

Han Zhuoling carried Shi Xiaoya and sat down on the couch. In this position, Shi Xiaoya sat on Han Zhuoling's lap.

"You don't know how bad Zhuoli is," Han Zhuoling said to Shi Xiaoya. The older Young Master Han was hurt.

"It's fine." Shi Xiaoya held her laughter in.

She had never seen Han Zhuoling like this.

What did Han Zhuoli do to force Han Zhuoling into this state?

“We also just got married.” Shi Xiaoya comforted him. “If we have to show off...”

Saying this out loud herself, Shi Xiaoya felt embarrassed and blushed.

After all, this did not suit her personality.

She was always humble, or else her fellow employees would not think that she had an ordinary family even after she was in the Han Corporation for so long.

For Han Zhuoling, she tried her best and said, “We won’t lose.”

Knowing her personality, he did not expect Shi Xiaoya to say this.

Han Zhuoling could not stop himself from smiling. “Lucky I called you over.”

If not, how sad would it be for him to face Han Zhuoli and Lu Man alone?

Han Zhuoling had the confidence now. He even wanted to be intimate with Shi Xiaoya now.

It was fine even if they just kissed without doing other things.

It was rare that Shi Xiaoya came.

Unexpectedly, Han Zhuoli called.

Han Zhuoling was speechless. “...”

Han Zhuoling picked up and heard Han Zhuoli say, “Brother, I’ve made a reservation. Let’s go.”

“Okay,” answered Han Zhuoling while nodding, “See you at the hall.”

After speaking with Han Zhuoli and hanging up, he relayed it to Shi Xiaoya..

Chapter 2843: He Was Trying to Show Off First?

Han Zhuoling felt regretful that he could not speak more to and be intimate with Shi Xiaoya.

The two tidied up their slightly messy clothes and left the office together.

Coincidentally, they met Han Zhuoli and Lu Man in the elevator.

Han Zhuoli even froze. He did not expect Shi Xiaoya to come.

Surprised, Lu Man pulled Shi Xiaoya. Han Zhuoli also said, “Big Brother, why didn’t you say that Sister-in-law is coming too?”

Han Zhuoling pulled Shi Xiaoya into his arms. He had successfully pulled Shi Xiaoya away from Lu Man.

Lu Man was speechless.

She could not stop her mouth from twitching.

Han Zhuoling was extremely selfish.

With him here, she could not even hold Shi Xiaoya's hand.

Han Zhuoli immediately held Lu Man's hand.

Why would Lu Man find another woman when he was here?

To Han Zhuoli's question, Han Zhuoling said, "We just got married, so if we had the chance, we would rather spend 24 hours with each other every day."

Han Zhuoli was speechless.

What was going on?

'Was he trying to show off first?

"and Xiaoya is going to enter a crew soon. After that, she can't come out easily, so Xiaoya declined all her work to be with me during this time," said Han Zhuoling as he raised his chin proudly.

Look at his wife, not only was she unwilling to be separated from him, she even declined all her work to be with him.

Did Han Zhuoli have this?

Han Zhuoli was speechless.

Lu Man's mouth twitched. Han Zhuoling was fine previously. Why did he change all of a sudden?

She could not help but turn around to look at Han Zhuoli.

He must have been triggered by Han Zhuoli, right?

She also felt that Han Zhuoli crossed the line when he showed off today.

Han Zhuoli just paused, smiled, and asked, "How long will Sister-in-law be with that crew?"

"probably three to four months," said Shi Xiaoya.

Actually, shooting the movie was not the longest stage of a movie production.

It was the things after the shooting, like the final color editing, cutting, and special effects, that took the longest.

After the shooting, Shi Xiaoya's job would be done.

Han Zhuoli stuck his chest out. "Our Man Man is different. She's always with me at home."

Han Zhuoling was speechless. "

Shi Xiaoya was speechless. "..."

Lu Man felt that if these two brothers continued to brag, they might start to fight.

Luckily, the elevator reached the first floor.

'When the doors opened, the company's employees saw that Han Zhuoli and Han Zhuoling were both here, and they had a bad feeling all of a sudden.

The rumors of the two brothers bragging to each other the whole afternoon had already been spread throughout the company.

Even the supervisors of the departments would take another route upon seeing them. It could be imagined how fierce it was.

These two had currently brought their wives. This scene

Thus, wherever Han Zhuoli and Han Zhuoling appeared together, there would not be anyone from the Han Corporation within 10 meters.

Once the four had exit the building, everyone let out a sigh of relief.

They did not know how long they had to endure it.

Han Zhuoli's and Han Zhuoling's meal together was a battlefield.

The two were not talking the same language at the dining table.

They did not have any intention of supporting each other at all.

They each bragged about their own things.

They took turns to brag.

They did not need each other to talk.. The most important thing was the competition!

Chapter 2844: Her Smile Froze

"Man Man is having such a hard time being pregnant. I feel that no matter how much I take care of her, it's not even a hundredth of what she's going through," said Han Zhuoli.

"Tonly found out how good marriage is after getting married to Xiaoya," said Han Zhuoling with a cold expression.

"Tfeel so sorry for her every time I remember that Man Man has to go through this for another seven months," said Han Zhuoli.

Han Zhuoling smiled. "We're different. We don't have kids now, and we take this chance to be in our own world with each other."

Han Zhuoli chuckled. "I have already figured it out. After Man Man gives birth to this child, we won't rush to get another child. We have to wait until five or six years when we're older. Or else, if there are too many kids, my love life with Man Man will be disturbed."

Han Zhuoling held a cup with his left hand, naturally showing the wedding ring on his ring finger. "Xiaoya's and my wedding has been scheduled. I must organize a grand wedding for Xiaoya."

Shi Xiaoya was speechless. "

Lu Man was speechless. "..."

Listening to their heated battle made them full.

They had finally lasted until the end of the difficult lunchtime.

Soon after Lu Man and Han Zhuoli returned to the office, Han Zhuoli got a call from Mo Jingcheng.

Hearing that it was from Mo Jingcheng, Lu Man thought that it might be related to Lu Qiyuan's case, so she also paid attention.

When Han Zhuoli finished talking to Mo Jingcheng and hung up, he saw Lu Man's face full of expectation.

Han Zhuoli said, "It's about Lu Qiyuan. Jiang Yujie's brother is proven to be innocent and will be released. As the situation was very severe, Lu Qiyuan got 20 years for the framing and for bribery."

Lu Man let out a sigh.

With Lu Qiyuan's age, when he was released, he would be almost 70 years old; he would not be able to do any tricks.

As for Jiang Yujie, Lu Man no longer contacted her.

Jiang Yujie definitely knew about Jiang Huaizhou being released.

Right now, the Jiang family must be busy picking Jiang Huaizhou up, so Lu Man did not trouble them further.

Besides, it was already handled, so it did not matter much whether Lu Man contacted her or not.

If she contacted Jiang Yujie, Jiang Yujie would definitely talk about returning the favor.

But actually, she did not help because she wanted Jiang Yujie to return the favor.

Besides, this was just a piece of cake for her.

The person who put in a lot of effort and made many sacrifices was Jiang Yujie herself.

She was worried that contacting Jiang Yujie would make Jiang Yujie remember the terrible past.

Actually, Lu Man hoped that Jiang Yujie could completely throw away the past. It might not be possible to forget the past.

However, she could at least look forward, bury the past, and never mention it again.

That way, she could walk forward. She did not want Jiang Yujie to remember things that she did not want to remember just because she saw people or things who were related to her past.

It was good to completely break off from the past.

So when Lu Man thought about this, she did not contact Jiang Yujie.

Unexpectedly, Jiang Yujie took the initiative to contact her.

“Lu Man, my older brother is coming out. We’re on the way to pick him up.” Jiang Yujie’s voice was filled with excitement.

“I just heard about this too,” said Lu Man, smiling. “Congratulations. From now on, your family will be reunited. Don’t think about the past anymore.”

But Lu Man did not see that when Jiang Yujie heard this, her smile froze and she felt a little bitter.

Chapter 2845: He Might Not Even Be Able to Spend Peaceful Days Without Being Bullied

“Mhmm, I know,” said Jiang Yujie softly.

After hanging up, Jiang Yujie looked outside the window and sighed.

Her older brother was proven innocent and was saved.

Lu Qiyuan also got the punishment he deserved.

However, she could not just forget her past.

No matter the reason, to others, she had been Lu Qiyuan’s mistress before.

She saved Jiang Huaizhou.

But she did not know how to face Jiang Huaizhou.

She did not know how to face her past.

Before she even met Jiang Huaizhou, she already felt ashamed.

She already made a decision in her heart, but Mr. Jiang and Mrs. Jiang did not know yet.

The three of them arrived at the entrance of the prison.

‘They were impatient and looked forward to it, so they could not help but look inside.

Even if they could not see anything, they still could not stop looking.

Finally, after they’d waited for a while

‘The gate in front opened slowly.

‘They saw a young adult walk out from inside.

The shirt he wore was one that Mrs. Jiang had sent him not long ago. It was so that when he came out, he would have new clothes to wear.

He could bid farewell to the past and start fresh.

Jiang Yujie saw Jiang Huaizhou and her vision became blurry.

Jiang Huaizhou didn't change much, but he was skinnier now.

His hairstyle was now a buzz cut.

Looking at him, the lines of his facial features were more obvious than before, and he looked tougher.

His innocence had finally been proven.

But after going through all this, the handsome young man of before could never return.

Jiang Huaizhou looked calmer and was even a little quiet.

Jiang Yujie did not know what he had experienced in prison.

Jiang Huaizhou might not tell her either.

Jiang Yujie also knew that he could not have had a good life in a place like that. It would be good enough if he had not been bullied.

It might not have been possible to have peaceful days without being bullied.

"Huaizhou!" Mr. Jiang and Mrs. Jiang went forward.

'When Jiang Huaizhou saw them, he shook with excitement. Soon after, the three were hugging each other tightly.

"It's good that you're out, good that you're out," said Mrs. Jiang, crying.

'Mr. Jiang was not good with words, and he was used to being a strict father, so he did not say much, but his eyes were red.

Jiang Huaizhou released the two and looked at Jiang Yujie, who was watching him from the side.

Mr. Jiang saw this and said, "Huaizhou, you were released this time all thanks to Yujie."

'Mr. Jiang did not tell Jiang Huaizhou what means Jiang Yujie had used.

'Mr. Jiang felt that the past was in the past.

Jiang Yujie had made such a huge sacrifice, so why should he reveal her scars?

Jiang Yujie was unwilling to mention the past too, so they just pretended it did not exist.

What was the use of saying all that?

It was enough just to remember Jiang Yujie's sacrifice.

If they told Jiang Huaizhou, Jiang Yujie would definitely feel uncomfortable.

Jiang Yujie did not want Jiang Huaizhou to know as well.

Before they came, Jiang Yujie even told them to not tell Jiang Huaizhou what she had done.

She knew that Jiang Huaizhou would not look down on her because of this.

However, she was scared that Jiang Huaizhou would blame himself and not be able to get over it.

Jiang Yujie wanted to save him and give him a good life. She did not want Jiang Huaizhou to suffer and not get over it, trapping himself after he got out and found out about her.

So Mr. Jiang promised.

He was not scared that Jiang Huaizhou would suffer, but he was afraid that Jiang Yujie would not get over it herself.

Chapter 2846: A Genius Since Childhood

This was not a glorious thing even if it was for the sake of saving Jiang Huaizhou. Did Jiang Yujie not mind at all?

No, she did mind.

So she had asked Mr. Jiang to hide it.

Mr. Jiang knew this clearly. He did not feel that Jiang Yujie was embarrassing, but he had to consider Jiang Yujie's feelings.

However, he could not just hide away Jiang Yujie's effort.

So he said to Jiang Huaizhou, "In order to save you, Yujie suffered a lot and took a lot of risks to obtain the evidence."

Tears welled up in Mr. Jiang's eyes. "Back then... it's because we did not trust you enough. Even after we gave up, Yujie did not give up and kept believing in you.

"She even argued with us because of this. When we doubted you, she stood on your side. And she was not just speaking empty words, she really put in the work. Since you got into trouble, she had been thinking of solutions and finally saved you," said Mr. Jiang, full of guilt.

"Dad," called Jiang Yujie hurriedly. "It's a good thing that Brother is out now. We don't need to care about other things."

"Yes, we don't need to care about other things," said Mr. Jiang to Jiang Yujie, meanings hidden in his words.

Jiang Yujie understood.

She opened her mouth as her eyes became red.

"Dad, I know," Jiang Huaizhou said softly as he turned around and looked at Jiang Yujie.

Jiang Yujie did not really want to meet Jiang Huaizhou's gaze.

Mr. Jiang gave a meaningful pat on Jiang Huaizhou's shoulder. "Huaizhou, you just have to remember that Yujie sacrificed a lot to save you. Take good care of her and don't let her down, Don't let anyone bully her."

"Of course," said Jiang Huaizhou.

After saying that, Jiang Huaizhou went to Jiang Yujie.

Jiang Yujie gave a short smile and said, "Dad, Mom, Brother, let's get in the car quickly. Let's go home first."

"Yes, yes, go home first," said Mrs. Jiang.

"Dad, I can drive back, so you can talk to Big Brother," Jiang Yujie said to Mr. Jiang.

Mr. Jiang was the one who drove there.

"It's fine, let me drive," said Mr. Jiang, smiling, "You should rest."

As they were getting in the car, Mrs. Jiang naturally sat on the front passenger's seat.

Jiang Yujie could only sit behind with Jiang Huaizhou.

Luckily, Mrs. Jiang had a lot to tell Jiang Huaizhou, so she did not stop talking.

"prepared some food, all of which you love. I made a table full of food for you tonight," said Mrs. Jiang.

"Okay." Jiang Huaizhou nodded.

He turned to look at Jiang Yujie. "Yujie, it has been hard for you these two years."

Jiang Yujie shook her head. With Jiang Huaizhou sitting beside her, she felt more secure. "It's nothing. With you here, our family will only get better and better."

Mrs. Jiang and Mr. Jiang actually felt a little worried.

Even though Jiang Huaizhou had been framed, many people would misunderstand the fact that he went into jail.

People would not care that he was framed, and how many would believe him?

It would definitely be difficult for Jiang Huaizhou to find a job outside.

But he was still so young, and his personality would not allow him to waste his life doing nothing.

They did not know how many obstacles he would have to face going forward.

Jiang Huaizhou had been a genius since childhood. He was also handsome, so he was always popular with the girls.

Ever since he entered school, there had been countless people who liked him.

However, Jiang Huaizhou always prioritized his education..

Chapter 2847: They Did Not Want Any of That

He was a genius since he was young, graduated from a famous school, and even found a good job.

Before he was framed by Lu Qiyuan, Jiang Huaizhou's life was going smoothly and he was in high spirits.

Because of this, Jiang Huaizhou also had his own pride.

But all of these were ruined by that rat Lu Qiyuan.

He had destroyed Jiang Huaizhou, and now, he had even destroyed Jiang Yujie.

In the near future, after Jiang Huaizhou had gone through all these setbacks, it was uncertain whether he could still return to being that high-spirited youth.

Mrs. Jiang sighed in her heart secretly, worried for Jiang Huaizhou's future.

comment

But she could not say these now.

It was a good thing that Jiang Huaizhou had regained his freedom, so she should not talk about these things that would ruin the mood.

Jiang Huaizhou was finally out, and no matter what, he should rest at home for a while to recover.

After all, it was uncertain how much he had suffered in prison.

Future matters should be left for the future.

Jiang Huaizhou looked outside the car window. He had finally come out after two years of not having freedom, but it felt like a lifetime.

B City, a city that he had not left since he was young, suddenly seemed strange to him.

Although B City went through drastic changes, it had only been two years, and it was not like Jiang Huaizhou could not recognize it at all.

"This is not the road we used to take to go home." Jiang Huaizhou thought for a while and asked, "We moved?"

Before Jiang Yujie could say anything, Mrs. Jiang said, smiling, "Yes, we moved."

She explained, "Now that you're back, the rooms of our house are not really big enough, so we moved to a bigger place. However, we're still renting it for now. Once we have sold our original house, we will buy a second-hand house that is slightly bigger."

Although Mrs. Jiang said the reason was because the house was not big enough, Jiang Huaizhou knew that it was because his parents were worried that the neighbors would talk bad about him.

'When he and Jiang Yujie were home, they were able to live in that house.

Although it was a little cramped, everyone had their own space.

'Mr. Jiang and Mrs. Jiang shared a bedroom.

His original bedroom had been given to Jiang Yujie.

After all, Jiang Yujie was a girl and needed more personal space.

Then, they created a separate space in the living room, built up walls and a door, and placed a small single bed and a desk for Jiang Huaizhou.

There was enough space for this family of four.

Now, they suddenly said they had wanted to move, and it was because they were afraid that people would talk bad about Jiang Huaizhou behind his back.

It was still that same reasoning; he was framed, but not everyone would be kind enough to believe that.

Obviously, there would also be kind people.

They would also sympathize with Jiang Huaizhou sometimes, comforting him.

But though it might be out of good will, it would be uncomfortable to reveal his scars again.

So it was better if they simply moved.

Good will or bad will, they did not want any of that.

Because Jiang Huaizhou did not know about what had happened to Jiang Yujie, he did not know that the reason Mr. Jiang and Mrs. Jiang moved was also because the neighbors all knew about Jiang Yujie and Lu Qiyuan.

'They were scared that if Jiang Huaizhou heard about this, he would overthink.

At the same time, it was bad for Jiang Yujie.

Finally, they could reunite as a family.

They could not force Jiang Yujie to not return home just because of those gossips.

So, after Mr. Jiang and Mrs. Jiang discussed it, they decided to live in the house that Jiang Yujie rented.

'When Jiang Yujie first rented the house, she was very thoughtful..

Chapter 2848: She Would Not Even Need This Room

The house they rented was a house with three rooms.

One of them was for Jiang Huaizhou.

The four had finally reached home. Although this house was rented, as long as it was a place with family, it was home.

Before entering, Jiang Huaizhou was stopped by Mrs. Jiang.

Mrs. Jiang took a wormwood leaf, burned it in a bowl, and asked Jiang Huaizhou to step over it.

“Wormwood leaf gets rid of bad luck, and so does stepping over a burning bowl. With the two together, we can get rid of all the bad luck of the past,” said Mrs. Jiang.

Jiang Huaizhou smiled and cooperated.

After that, Mrs. Jiang was finally relieved. “Alright, we’ll be good from now on.”

“Come in and have a look. This is a house rented by your sister. It has three rooms, and you and Yujie can each have a room. We don’t have to be cramped like before,” Mr. Jiang said, smiling.

“Yujie, bring your brother around to have a look. After he has looked at the rooms, if your brother is not tired, the two of you can take a walk around the compound to familiarize your brother with the environment,” said Mrs. Jiang, smiling, “I will start to prepare dinner.”

“Tam not tired,” Jiang Huaizhou said to Jiang Yujie. “Bring me to my room first, then we’ll take a walk around here.”

“Okay.” Jiang Yujie nodded, smiling. First, she brought Jiang Huaizhou to look at the master bedroom, the kitchen, and the two toilets.

The living room and the dining room could be seen in a glance, so it did not require close examination.

“This is my room,” said Jiang Yujie.

Jiang Yujie’s bedroom door was closed, so Jiang Huaizhou smiled and asked, “Can I take a look?”

After pausing for a while, Jiang Huaizhou said, “But you’re all grown up now, so I can understand if you can’t let me see.”

“It’s nothing.” Jiang Yujie felt that there was not anything that could not be seen, so she opened the door. “Actually, my bedroom is really simple.”

Because it was last minute, she had not been staying here for very long.

So Jiang Yujie’s bedroom was still very simple. The things that she liked were not placed inside yet.

They were going to stay here for a long time, and then it was going to be their home.

However, Jiang Yujie still did not plan to place many of her own things here.

Because she could not use any of it.

Very soon, she would not even need this room.

Jiang Yujie felt suffocated inside and she secretly sighed.

She pretended as though nothing was going on as she smiled and said, “My room has nothing special to see.”

As it was too simple, whatever was placed in the room could be seen with a glance.

With a single glance, every corner could be seen.

Jiang Huaizhou did not say anything else, then Jiang Yujie closed her bedroom door.

“Your room is here,” said Jiang Yujie, pointing at the door opposite.

Mr. Jiang and Mrs. Jiang had the master bedroom, which was the biggest, so it took up some space and was not really near their room.

Jiang Yujie’s and Jiang Huaizhou’s rooms were second bedrooms and were smaller, so the two rooms were positioned near each other.

Jiang Huaizhou opened the door. There was all the necessary furniture inside. There was even a computer and a television.

Jiang Huaizhou looked at Jiang Yujie, confused.

Jiang Yujie explained, “Because this house is rented, the furniture was given by the landlord. I think it’s a bit of a waste if I bought new furniture. The landlord’s furniture can’t be thrown anyway. This was rented last minute, we still have to move in the future, and it will be bothersome if we have too many things of our own that we can’t bring with us. That’s why I didn’t renovate.

“However, we’re still staying here and we just make do with everything,” said Jiang Yujie. “So I decorated these and added a little more stuff.

Chapter 2849: Subconsciously, They Stood Pretty Close to Each Other

The television, for instance, had been mounted on the wall by Jiang Yujie.

As the room was not huge, she had to make use of the limited space.

So she bought a long, narrow, and white desk and placed it by the wall right below the television.

As it was long and narrow, it did not take up much space. It was just perfect to place a laptop on.

The laptop on top of the desk was also bought by Jiang Yujie for Jiang Huaizhou.

“Although we’re renting this house, it still has to look somewhat like a home,” Jiang Yujie said, smiling.

“This is excellent.” Jiang Huaizhou looked at everything in front of him.

Jiang Yujie had made their home cozy.

Even a tiny, cramped place was already good to him.

“We still have your books, but it’s in our old house. We didn’t have time to move them here,” said Jiang Yujie.

Jiang Huaizhou paused for a while and said, “There’s no need to rush with those books.”

He could not make use of them now.

Even if he was framed, he could not go back to his original job.

He had to find another job himself.

But after this experience, he knew that he had no chance to work in one of those government branches.

Even an ordinary company would not hire him.

Even if he furthered his studies or took more exams, it would be useless.

The books that he had used to prepare for his exams were useless now.

However, Jiang Huaizhou did not say it out loud.

Jiang Yujie knew Jiang Huaizhou's thoughts.

She felt bitter inside.

Lu Qiyuan destroyed Jiang Huaizhou's life.

He was once an outstanding and high-spirited young man.

Although she thought this way, Jiang Yujie did not dare to express this.

She smiled immediately. "How is it? See what else is lacking and we can go and buy it, either tonight or tomorrow. Or we can wait until after you have rested for a few days."

"These are already enough. You're very thoughtful, and I can't think of what's lacking right now," said Jiang Huaizhou, smiling.

He sized up the setup of the room one more time. He was in jail for two years.

However, his aesthetics had not changed.

These were still how he liked things.

With one glance, he knew that it was done by Jiang Yujie herself.

Mr. Jiang and Mrs. Jiang knew what he liked, but with Mr. Jiang's and Mrs. Jiang's aesthetic standards, his bedroom would not be the way it was now.

Jiang Huaizhou smiled and looked at Jiang Yujie. His smile was warm and sincere.

"When I... entered jail, you had not even graduated university," said Jiang Huaizhou. "

's regretful that I could not see you graduate, wearing your bachelor gown. From the moment you graduated until you started working, our family has depended on you alone. These two years have been hard for you."

Jiang Yujie smiled and shook her head. "It's not hard. I just feel regretful that you didn't see me graduate. But thinking positively, at least you're alright now. There are good days waiting for us in the future. Now that you're here, you definitely won't let me have a hard time."

“Of course,” said Jiang Huaizhou instantly.

From the moment he found out that he was coming out and there would be no more accidents, he had been thinking about what he could do when he came out.

He definitely could not find another good job.

He was still a genius, so he thought of a few solutions.

He made a plan for each solution and chose the most suitable one.

So now, Jiang Huaizhou already had a plan in his heart.

Now, there were only the two of them in the bedroom. Subconsciously, they stood pretty close to each other..

She could almost feel the heat radiating from his body. It was extremely hot.

Jiang Yujie secretly took two steps back. Her face was feeling too hot, and she was afraid that her face would be too red, so she did not dare to raise her head.

Avoiding Jiang Huaizhou’s gaze, she said, “There’s still some time until dinner. Want to take a walk around the area to familiarize yourself?”

“Okay.” Jiang Huaizhou nodded, smiling.

Jiang Yujie turned around immediately and walked ahead.

‘When they reached the door, she heard Jiang Huaizhou call her from behind, “Yujie.”

“Hmm?” As Jiang Yujie answered, she did not think much and subconsciously turned around to face him.

Unexpectedly, in front of her was pitch blackness.

Jiang Huaizhou had come and hugged her.

Jiang Yujie was frozen from surprise and was just hugged by Jiang Huaizhou.

His body still had the scent of the wormwood leaf, which clung to him at the door. On his body, it smelled fresh.

Jiang Yujie shook. Her eyes were wet and she could not make a single noise.

Her heart was in pain as a bitterness emerged inside abruptly.

Jiang Yujie did not dare to cry. She closed her eyes and tried her best to ensure that her tears did not come out.

“I am sorry for you,” said Jiang Huaizhou.

Jiang Yujie froze. Jiang Huaizhou said this as if... as if he knew something.

The color in Jiang Yujie’s face faded.

But in her heart, she thought that it was impossible.

After all, before Jiang Huaizhou was released, they wanted to prevent Lu Qiyuan from bringing trouble.

So Mr. Jiang and Mrs. Jiang did not dare to go out of the house, not to mention visit Jiang Huaizhou.

Besides, Mr. Jiang and Mrs. Jiang had also promised her to not tell Jiang Huaizhou.

Jiang Yujie believed that Mr. Jiang and Mrs. Jiang would not secretly tell Jiang Huaizhou.

If only because they did not want Jiang Huaizhou to feel guilty and blame himself, they would not tell him.

Jiang Huaizhou did not hug her for long, He let go off her and saw that Jiang Yujie’s face was a little pale.

Unsure of why, Jiang Huaizhou asked immediately, “What is it? Do you feel unwell?”

Jiang Yujie shook her head.

Seeing that there was nothing strange with Jiang Huaizhou anymore, she felt that she was overthinking.

Jiang Huaizhou placed his palm on the top of her head and rubbed it. He said, “Now that I am here, you don’t have to work so hard anymore.”

Jiang Huaizhou sighed and said, “I just came out and may not be able to find a good job. However, I will try my best to share the burden. I won’t let you wait for too long. I will definitely support this family and will never let you work so hard again.”

“Okay.” Jiang Yujie nodded, smiling.

“Huaizhou, you...” Mr. Jiang suddenly opened the door and entered.

Jiang Huaizhou’s hand was still on Jiang Yujie’s head.

At this moment, he did not have time to think much. Out of instinct, he immediately put his hand down.

So when Mr. Jiang entered, he saw the process of Jiang Huaizhou putting his hand down.

And he was extremely fast too.

He saw that the two were even standing quite close to each other.

He could not help but to size up the two of them.

“Dad.” Jiang Huaizhou felt that Mr. Jiang’s gaze was not right, so he immediately called to Mr. Jiang.

It was as if Mr. Jiang’s gaze was saying that there was something between Jiang Yujie and him that others could not know.

During these two years, Jiang Yujie had supported this family by herself.

And only Jiang Yujie had believed in his innocence and had not given up on saving him.

Actually, even if he'd had to wait three years, four years, or even longer, or until he was already released to be proven innocent.

Jiang Huaizhou would still have been happy.
