

Mr Han 2851

Chapter 2851: Not Worthy

This had nothing to do with his freedom nor the time he was in prison.

It was because she believed in him. It was because she could prove that he did not commit a crime and that he was innocent.

It was fine no matter how long it took.

'When Mr. Jiang and Mrs. Jiang did not believe him and had given up on him, only Jiang Yujie had persisted.

It was Jiang Yujie who saved him.

So he could not let Jiang Yujie be hurt by a gaze like this.

While Jiang Huaizhou called out Mr. Jiang, he took a step forward and blocked Jiang Yujie.

However, Jiang Yujie still saw Mr. Jiang's gaze.

She tasted bitterness in her mouth.

'Was Mr. Jiang suspicious of her and Jiang Huaizhou having a relationship that they could not tell others?

Or was it because Mr. Jiang was afraid that she would rely on him and threaten him as he owed her that favor?

Even if she really had any strange affection towards Jiang Huaizhou.

'With how she was right now, she was not worthy of him.

Could it be because of this... that Mr. Jiang was unwilling to let her have any relationship with Jiang Huaizhou?

He felt that she was not worthy of him?

Jiang Yujie looked down, blocking her gaze that showed that she was hurt.

Mr. Jiang froze and immediately took back his gaze that was sizing them up. Feeling guilty, he closed his eyes.

Jiang Huaizhou's face turned dark as he frowned. "Dad, what is it?"

How could Mr. Jiang say that he felt that Jiang Huaizhou and Jiang Yujie had been staying a little too long in Jiang Huaizhou's room?

Actually, the two did not stay for long. They only had time to say a few sentences.

It was because Mr. Jiang was oversensitive.

Jiang Yujie misunderstood him.

'Mr. Jiang was oversensitive not because of Jiang Yujie and Lu Qiyuan.

He was always like this.

After all, Jiang Huaizhou and Jiang Yujie were not related by blood.

It was still fine when the two were young.

As Jiang Yujie became a teenager, Mr. Jiang became worried.

He was afraid that the two would develop a different kind of relationship after being together for a long time every day.

After all, they were both outstanding, they were always together every day, and they were close.

If it was so, he would feel sorry towards Mrs. Jiang.

Mrs. Jiang trusted him and Jiang Huaizhou.

But Jiang Huaizhou and Jiang Yujie

No matter what, it would be the girl who'd suffer and be taken advantage of.

How could he face Mrs. Jiang?

So, since then, Mr. Jiang had been secretly observing Jiang Huaizhou and Jiang Yujie carefully.

Luckily, the two children were reassuring.

It seemed like it was just a simple relationship between a brother and a sister.

Then, Jiang Huaizhou went to university and lived outside.

He rarely came home and did not spend a lot of time with Jiang Yujie.

It was only at that time that Mr. Jiang really felt at ease.

Then, Jiang Yujie also went to university and Jiang Huaizhou started working.

One was busy in university and was living in the campus accommodation.

'The other was busy with work.

The chance for the two to meet at home had been extremely small.

So Mr. Jiang felt completely at ease.

'Who would have expected Jiang Huaizhou to experience such an unexpected disaster?

'When Mr. Jiang heard that Jiang Yujie sacrificed so much to save Jiang Huaizhou.

He was extremely shocked.

He did not expect Jiang Yujie to make such a huge sacrifice to save Jiang Huaizhou.

Even blood-related siblings would not be able to do that.

'Mr. Jiang was grateful to Jiang Yujie and also felt sorry for her.

However, he was also worried that between these two children... a relationship different from that of siblings had developed while he did not know.

He had been at ease for so many years, and now he was worried again.

In his eyes, Jiang Huaizhou was his son and Jiang Yujie was his daughter..

Chapter 2852: Unwilling to Stay Alone

They were both his children.

Even if they were not blood-related, to him, they were blood-related.

In his eyes, the two of them were brother and sister related by blood.

He could not imagine, not to mention accept, the two of them developing this kind of relationship.

Even if they were not blood-related, their family names were still Jiang.

So, Mr. Jiang could not help but worry.

He was even oversensitive.

He saw that the two were talking in the room and did not come out, so he could not help but overthink.

Then he pushed the door open.

But after calming himself down, he knew that what he did was wrong.

He also saw that hurt expression of Jiang Yujie behind Jiang Huaizhou.

Mr. Jiang said hurriedly, "It's nothing. I just wanted to ask Yujie to bring you downstairs to take a look."

Mr. Jiang smiled. "Yujie, bring your brother nearby to take walk and familiarize himself. I asked your mom, she said that there are still another two hours until dinner."

Jiang Yujie bit her lips. Mr. Jiang had covered it.

However, Jiang Yujie still did not feel good inside.

She thought about it and was worried that she would not have this chance in the future.

She should value the chance she had to spend time with Jiang Huaizhou.

In the future, she.

Jiang Yujie sniffed secretly and raised her head, asking Jiang Huaizhou with a smile, "Big Brother, are you tired now? Want to rest for a while?"

Jiang Huaizhou smiled as he shook his head. "Nope. I feel energetic. I want to take a look around."

He had been trapped inside that square-ish place. Whenever he raised his head, the sky would be in a frame.

After staying inside, he found out how valuable the sceneries, which he had been used to seeing and would not take another look at before, were.

Now, he was out and free.

Last night, as he knew that he would be free today, he was so excited that he could not sleep.

However, he still felt energetic.

It was as though he was greedy to see everything outside. Everything that came with freedom.

So he was not exhausted at all.

He was even unwilling to stay alone. He did not want to close his eyes.

Jiang Yujie did not know Jiang Huaizhou's thoughts, but since he said that, Jiang Yujie answered, "Okay."

Jiang Yujie brought Jiang Huaizhou to have a walk around the compound for around half an hour.

Jiang Huaizhou did not bring up Mr. Jiang's behavior just now.

He could not explain it, and he would only make it more awkward if he explained.

It was better to just let it go.

Jiang Yujie brought Jiang Huaizhou to walk around the compound for half an hour, showing him the mini-mart and other similar stores in the compound.

Then, the two exited the compound and walked around nearby.

Near the compound, there was a hospital and a huge shopping mall.

The shopping mall had a cinema with decent facilities.

It was good to have a walk in the mall if they had nothing to do.

As they were scared that Lu Qiyuan would bring them trouble, Mr. Jiang and Mrs. Jiang had not dared to go out of the house and had not come to the mall yet.

Today, they picked Jiang Huaizhou up.

Mr. Jiang and Mrs. Jiang could also feel at ease and walk around.

Seeing that it was almost time, the two returned home.

They came out of the elevator and immediately smelled the smell of food from home.

It was the familiar smell of Mrs. Jiang's cooking.

Even if the seasonings were the same, if a different person handled it, the taste and the smell of the food would still be different.

Jiang Huaizhou and Jiang Yujie were used to Mrs. Jiang's cooking; they knew with one sniff that it was the smell of food from their home.

Jiang Huaizhou took a few deep breaths. Feeling nostalgic, he said, "It's been so long since I tried mom's cooking, it smells so good."

As he was talking, they entered the house.

Mrs. Jiang heard that and said immediately, "Then eat more tonight. It's all your favourite food.."

Chapter 2853: Why Are You So Eager to Say This Now?

Mr. Jiang probably regretted his previous behavior.

So he did not have that expression that looked like he was carefully observing and worried about what was going on between the two of them.

Instead, he wore a bright smile.

"Back so soon?" said Mr. Jiang, smiling.

It was like he was not worried about the two hanging out alone anymore.

Jiang Huaizhou smiled. "We guessed that Mom must be almost done with cooking, so we hurried back and made it in time.

"We just came out of the elevator when we smelled the familiar smell of food," said Jiang Huaizhou, smiling.

comment

He had not eaten food from home in two years.

How could the prison food be good?

He ate to not starve.

'When they thought about this, Mr. Jiang and Mrs. Jiang did not feel good in their hearts.

Jiang Yujie helped to bring the food to the table. "Come, eat more."

After two years, he was finally eating the food at home again. It felt rare and made him cherish it.

Jiang Huaizhou lowered his head as he ate. He almost cried when he took his first bite. Luckily, he held it in.

After the meal, Mrs. Jiang brought the fruits to the table.

'Mr. Jiang thought for a while and hesitated before asking, "Huaizhou, in the future... what are your plans?"

Mrs. Jiang pulled Mr. Jiang, complaining, "He just came back. Why are you so eager to say this now?"

"He had suffered so much and is finally home. He should rest for a while. He can also take this time to think about it carefully. There's no need to rush, take it slowly," said Mrs. Jiang. "Don't stress him out."

Jiang Huaizhou was in a difficult situation.

Jobs could not always be found.

It was hard even for ordinary people to find a good job, not to mention Jiang Huaizhou.

Embarrassed, Mr. Jiang nodded. "I was too impatient. Huaizhou, I didn't mean to rush you. Don't be stressed out."

"Yes," said Mrs. Jiang. "Your dad and I have savings, and the retirement pension is also enough. The money that you saved when you worked previously has been kept and not touched by us. It's not a small amount."

Mrs. Jiang knew Jiang Huaizhou's pride, so she said, "If you don't want to use our money, your own money is enough. Our family is doing pretty well now; you don't have to give us money for living expenses like you used to."

Jiang Yujie suddenly stood up.

'Mr. Jiang, Mrs. Jiang, and Jiang Huaizhou were all surprised and confused as their gazes followed Jiang Yujie.

Jiang Yujie went back to her bedroom.

Mr. Jiang looked at Mrs. Jiang strangely. Because of what happened in the afternoon, Mr. Jiang still felt unsettled and a little guilty.

He was afraid that Jiang Yujie was still unhappy.

Jiang Huaizhou said, "I'll go take a look."

"Okay." Mr. Jiang and Mrs. Jiang nodded at the same time.

Jiang Huaizhou had just gotten up when he saw Jiang Yujie coming out.

Seeing that he got up, Jiang Yujie felt strange. "Big Brother, where are you going?"

Seeing that there was nothing wrong with Jiang Yujie, Jiang Huaizhou shook his head and sat back down. "Nothing. Why did you go back to the room just now?"

Jiang Yujie sat down, extended her arms, and opened her palms. In her hands was a bank card.

Surprised, Jiang Huaizhou looked at her.

“Big Brother, this card is for you,” said Jiang Yujie.

At first, she wanted to give it to Jiang Huaizhou alone.

She did not want to show it in front of Mr. Jiang and Mrs. Jiang.

She thought that Jiang Huaizhou would definitely not accept it, so it would be better for her to persuade Jiang Huaizhou in private.

However, after seeing Mr. Jiang’s gaze, she was afraid that Mr. Jiang would misunderstand if she entered Jiang Huaizhou’s room alone.

And it would take more than a while to persuade Jiang Huaizhou successfully.

Chapter 2854: Heart Was Moved

So, after giving it a thought, Jiang Yujie felt in the end that it was better to show it in front of everyone.

“What are you doing?” asked Jiang Huaizhou, surprised.

“This is what I have saved when I worked previously. It’s not much, but it should help a bit,” said Jiang Yujie. “I was thinking that in your situation, it might be hard to find a good job. Those that accept you won’t be too good. However, it’s a waste of talent if you found an ordinary job, such as waiting tables or washing dishes.”

Jobs like cleaning, waiting tables, or even physical jobs like carrying bricks would not care too much about Jiang Huaizhou’s past.

“You graduated from a famous school and always had excellent grades. Even when you started working, you’re outstanding. It’s a waste of talent to have you doing physical work. Besides, you’re clearly innocent. Why do you have to bear this kind of consequence for something that you did not do?”

Jiang Yujie said, “Your grades were always excellent. You’re smart, quick-minded, and skillful.”

Jiang Huaizhou’s previous job had a lot of competition.

It was not an exaggeration to say that only one was chosen among tens of thousands of people.

Even with such fierce competition, Jiang Huaizhou could successfully be hired.

Besides, he could gain the respect of his superiors in just a short time of one year.

If Lu Qiyuan had not framed him, Jiang Huaizhou’s future could have been unlimited.

His ability was clear to see.

“I just think that, with your skills, why do you have to work for others? Why don’t you start a business yourself? With your ability, it’s definitely possible to start your own business, and you can definitely make it big,” said Jiang Yujie.

Jiang Yujie had thought about this since the beginning.

Before Jiang Huaizhou told Jiang Yujie about his suspicions, Jiang Yujie had already wanted to earn money for Jiang Huaizhou.

‘When he was released, he could use this money to start a business.

Because it would be impossible for him to find a job.

Now, Jiang Huaizhou came out earlier than she originally thought he would.

So she had not earned the amount that she wanted to in the beginning.

Luckily, because she was with Lu Qiyuan, she did not touch her own salary at all.

So the amount of money that she had saved was not bad.

“Yujie...” Jiang Huaizhou’s heart was moved.

“Keep the money that you have earned,” said Jiang Huaizhou. “I have said before that the money and the house of the family belong to you. I am a man. Whatever I want, I can earn the money for it myself. Even today, this sentence still stands.”

Jiang Yujie would not accept any explanation and just put the card in Jiang Huaizhou’s hand. “Big Brother, don’t fight with me. I have saved this money anyway. It was because I wanted to save money for you to start a business that I had the motivation to keep earning and did not dare to spend any. Are you going to let my past effort go to waste?”

“How is it wasting? This money won’t run away. You saved it, so it’s still with you,” said Jiang Huaizhou.

Jiang Yujie pursed her lips and said, “Big Brother, how about this? If you don’t want to use my money, then I will buy your shares. Is that okay? Consider it my investment in you.

“Te never had any skills or insight for investments, so I did not invest. However, when it comes to you, I believe my eyes and believe in you even more. I know that you will definitely not let me suffer a loss. I believe in your ability. If it’s you, then it will definitely be successful,” said Jiang Yujie.

Jiang Yujie smiled and her eyes curved. “I may not be good in investments, but you’re good. I think that investing in you is the safest and steadiest investment I will ever make in my life..”

Chapter 2855: You Won’t Let Me Suffer Losses, Right?

“Twon’t need yours,” said Jiang Huaizhou. “I am not putting on a tough front. Besides, you heard Dad and Mom. My previous savings were not touched at all.”

He’d thought about saving everything at home for Jiang Yujie.

He could work for the things he needed.

So when he was working, other than the money he used to spend on the family's living expenses and to save for Jiang Yujie's tuition fees, he used the money left to invest.

Luckily, his judgment was pretty good.

'When investing, there would always be profits and losses, so there were also times when he made losses. However, most of the time, he made profits.

comment

The money that was saved was a lot more than his salary.

After Jiang Huaizhou entered jail, he gave his bank card and password to Mrs. Jiang.

However, to avoid arousing suspicion, Mrs. Jiang had never touched his card, not to mention checking the amount of money in the card.

She thought that it could serve as a foundation for Jiang Huaizhou's life after he came out of jail.

So his money could not be touched.

They spent quite a lot of money getting a lawyer for Jiang Huaizhou back then; most of it was paid by Jiang Huaizhou himself.

However, they still did not win the case in the end.

The amount of money left was not too little.

Jiang Huaizhou was unclear how much was left as he had not checked it yet.

Mr. Jiang and Mrs. Jiang were obviously more unclear.

So now, Jiang Huaizhou said, "If my savings are not much, then I will create a business in line with my savings. I won't use your money."

Hearing what he said, Jiang Yujie could only say, "Big Brother, if you want it to be this way, can you treat it as me lending you money? If you lost money, you just need to give me back the amount that you lost. However, if you made profits, treat it as me buying your shares. You can just give me the dividends."

Jiang Yujie smiled and said, "Anyway, I think that you will definitely make profits and won't make losses. It's perfect. If you make money and give out dividends, I can earn money without doing anything every day. I can just count my money at home every day. I don't have to go to work, nor do I have to serve other people. I can go out and play when I am bored and shop while I am out."

Seeing that Jiang Yujie's mind had painted such a wonderful scene and her small face was filled with joy, Jiang Huaizhou could not help but smile.

Seeing that he smiled, Jiang Yujie let out a sigh of relief. "Anyway, I am not asking you to take advantage of me. It's for you to earn money for me, to make me a boss. Big Brother, you won't let me suffer losses, right?"

“Of course,” said Jiang Huaizhou immediately.

Jiang Yujie’s eyes glowed. “Big Brother, so you agreed?”

“Mhmm.” Jiang Huaizhou nodded.

If he continued to decline, he would be disappointing Jiang Yujie.

Obviously, Jiang Huaizhou knew that Jiang Yujie was just finding an excuse for him to accept her money.

It was naturally better to have more starting capital. That way, more things could be done.

Since Jiang Yujie said this, Jiang Huaizhou could not decline.

However, he thought in his heart that he could not fail no matter what.

This was money that Jiang Yujie had put in a lot of effort to save. He could not just lose all of them.

He accepted the card, but he would only use it if he had no choice.

He treated it like he was keeping it for Jiang Yujie.

However, he would still give out dividends to Jiang Yujie.

Even if Jiang Yujie did not give a single cent, how could he not give Jiang Yujie some if he had earned money?

However, Mr. Jiang honestly thought that Jiang Huaizhou was really going to use Jiang Yujie’s money, and he became anxious... “Huaizhou, how can you use Yujie’s money? Yujie, to help Huaizhou, you already... already...”

Chapter 2856: What Was This?

Mr. Jiang said in agony, “Already sacrificed so much. How can he take your money?”

Jiang Yujie froze. The smile that Jiang Huaizhou gave her froze, then it slowly faded.

She could have any expression.

She lowered her head. Her throat was blocked and she could not speak.

Jiang Huaizhou said, “Dad, I won’t let Yujie suffer. Trust me. Besides, Yujie is not giving me money, she’s lending it to me. I am not just taking it.”

He said this to prevent Jiang Yujie from really giving him the money, just like what Mr. Jiang had said.

comment

‘What was this?’

As she did not believe Jiang Huaizhou back then and had given up on such a simple thing, Mrs. Jiang had always felt guilty towards Jiang Huaizhou.

Jiang Yujie saved Jiang Huaizhou, but that was between Jiang Yujie and Jiang Huaizhou.

She could not treat Jiang Yujie's favor for Jiang Huaizhou as her own.

That was two different things.

Jiang Yujie's sacrifice was huge. How could she take it as a mother?

Besides, Mrs. Jiang felt that she had to make Jiang Huaizhou remember the good in Jiang Yujie.

Jiang Yujie's sacrifice could not be wasted.

Even now, just by thinking about it, Mrs. Jiang's heart would be in agony.

Even if it was for Jiang Huaizhou, she was unwilling to let Jiang Yujie make such a huge sacrifice.

It was because of this that all the more, she could not feel that she had done Jiang Huaizhou a favor just because of Jiang Yujie's sacrifice.

Mrs. Jiang got up and, after a while, she took out a box.

She opened the box, and there were a bank card and a passbook.

"Dear, this is our family's savings from these two years," said Mrs. Jiang, "We have spent all the money before for Huaizhou's litigation. This is the money we saved again in these two years. Although it's not much, it can be of use. Many a little makes a mickle.

"Our previous savings were not much as you two kids were not working, We could not save a lot. These two years, Yujie has started working and does not need us to pay for anything, so we saved the money. After calculating, it's almost the same as the money we saved previously for more than a decade."

Mrs. Jiang placed all of these on the coffee table and moved them in front of Jiang Huaizhou.

"Huaizhou, take these. And this..."

Mrs. Jiang took out another card. "This is what you gave to me for keeping back then. I haven't touched the money inside, so I am returning it to you."

Jiang Huaizhou only took his own card. "This card is for you. It's for you to live a life."

"Our retirement pensions are enough. After Yujie started working, we don't need to worry, so where can we spend your money on?" said Mrs. Jiang. "I was thinking that after you came out, you won't be able to find a suitable job for a while. These can support you, whether you want to start your own business or rest for some time. This money is your driving force, so I kept it and didn't touch it."

Jiang Huaizhou only took his own card. Mrs. Jiang was his stepmother.

However, there was nothing to discuss regarding that.

Because she was afraid that he would feel bad, she had treated him even better.

"can just take back what's mine," said Jiang Huaizhou. "Keep what's yours for retirement, just in case. If there is something wrong, this can be used as an emergency fund."

Mrs. Jiang said without caring, "If there's something wrong, can you and Yujie not care?"

Jiang Yujie backed up Jiang Huaizhou and said, "Mom, you and Dad should keep this money. It's not that we won't care.."

Chapter 2857: Declined

"I have given all my savings to Big Brother. If he wants to start a business, the money he needs is all inside. They are not current assets, so they can't be turned over immediately. When the time comes, only then would the two of us have to worry."

It was not easy for Jiang Huaizhou to say this.

So Jiang Yujie helped Jiang Huaizhou say it.

Mrs. Jiang heard this and thought that it was reasonable.

The money that she had saved was indeed for them to use after they had retired.

When they got older, their legs would not be as deft, and they would not be able to do much chores.

comment

They could not let the kids take care of them, so they would not bother their two children at home.

They would use this money to find a good nursing home and stay there.

As people get older, they would definitely have sicknesses. They would suffer from sicknesses and pain constantly.

This money could be used for treating them.

It was already difficult for young people to live a life, so they did not want to become their children's burden.

However, the two had not told Jiang Yujie and Jiang Huaizhou about this thought.

If they had said it, the two would definitely disagree.

No matter what, they would not think that their parents were a burden.

After Mrs. Jiang thought for a while, she discussed with Mr. Jiang softly, "Dear, how about... we wanted to sell that house of ours anyway. After selling it, let's not move houses. I think staying here is pretty good too. The rental here is not a huge burden on us. At least, in the short term, it's less of a burden than moving to a new house.

"Even if we are to buy a new house, and the money we get from selling our previous house is enough for a downpayment, we still have to take a loan for the rest of the payment. Currently, taking a loan will put too much of a pressure on our family," said Mrs. Jiang.

If Jiang Huaizhou wanted to start a business, he needed money.

Besides, Jiang Huaizhou also said that the house was for Jiang Yujie.

So they could not ask Jiang Huaizhou to pay.

Now that Jiang Yujie had quit her job and had given her savings to Jiang Huaizhou, she did not have any salary for the time being.

'When Jiang Yujie found a job again, the pressure would all be on Jiang Yujie. Mrs. Jiang also felt sorry for her daughter.

"Let's wait until our family's situation improves, then we can think about buying a new house," said Mrs. Jiang. "As for now, the money that we get from selling that house of ours can all be given to Huaizhou."

Surprised, Mr. Jiang looked at Mrs. Jiang.

Mrs. Jiang said, "Yujie believes in Huaizhou, and so do I. Around our old house, I'd like to know, whose kid is as outstanding as our Huaizhou?"

"If Huaizhou's and Yujie's savings are not enough, then add in the money we'll get from selling the house. We are just an ordinary family, we don't have the capability to provide a great headstart for our children." Mrs. Jiang sighed. "Huaizhou has the capability, but he's held back by our family."

"Mom, don't say that," said Jiang Huaizhou immediately.

Mrs. Jiang shook her head. "So I think that we should give whatever we can. We don't have much savings now, but luckily, we have a house."

Mrs. Jiang smiled. "It is considered as having a little background, right?"

She asked Mr. Jiang, "Dear, do you think this is fine?"

Mr. Jiang obviously had no objection.

This was helping Jiang Huaizhou after all.

Mr. Jiang just did not expect Mrs. Jiang to help Jiang Huaizhou to this point, and he felt sorry.

Jiang Huaizhou declined. "That can't do. That house is for Yujie. Besides, the house is our family's foundation.. How can you guys not have a home of your own when you're older?"

Chapter 2858: The Place Where He Touched His Heart Also Became Hotter

Mr. Jiang was speechless.

Mrs. Jiang shook her head, saying, "Don't think that way. We have thought it through. As long as our family is here, anywhere can be our home. No matter what, you siblings will ensure that we'll have a place to stay, right? Besides, although this house is rented, I am pretty satisfied with staying here. This

environment and the size, aren't they all better than our initial place? We have thought about improving our living environment and moving to a new house.

"Now, it just means that we're moving later," said Mrs. Jiang. "Besides, Yujie believes in you and so do I. With your ability, how can you let us stay in a house that is not our own?"

Seeing that Jiang Huaizhou did not say anything, Mrs. Jiang smiled and said, "However, don't give yourself too much pressure. Even someone like me, who does not know about anything, knows the difficulty of starting a business. It's not just all talk, nor can you be successful just because you have a plan.

There are many people who want to be successful, but aren't there only a few who actually succeeded?

"Don't rush it. Take it one step at a time. Slowly and steadily, everything will change for the better one day," said Mrs. Jiang. "So don't stress yourself out. Don't think that because we have no house, you have to succeed quickly. I know a phrase, 'Haste makes waste.' It's better to take it slowly so we won't be so worried.

"I don't wish that our family can be very wealthy. As long as you are all fine, then it's fine for me." Mrs. Jiang sniffled. "Anyway, we're not in a rush, so don't stress yourself out. You can use five years or ten years, then move us to a huge villa. At that time, it won't be about getting a loan to buy a small house.

Don't you think so?"

"Okay," answered Jiang Huaizhou.

Since Mrs. Jiang already said this, Jiang Huaizhou would not argue further, so he agreed.

That night, the four said goodnight to each other.

Jiang Huaizhou returned to his own bedroom and lay on his soft, comfortable, and huge bed as he let out a sigh, cherishing this moment.

Only after experiencing that kind of life in prison could he cherish his current life more.

He did not wish for immense wealth. He even cherished these ordinary days.

But tonight, his whole family supported him.

They almost dug out everything their family had to support him; this made Jiang Huaizhou unable to continue this ordinary life.

Faced with his family's support and hope, he must also be diligent to not fail them.

Jiang Huaizhou closed his eyes, and his heart felt warm when he thought about what Jiang Yujie said tonight.

He placed his hand on his heart. After a long time, his palm became gradually hotter; the place where he touched his heart also became hotter.

ee

The next day, Jiang Huaizhou told Jiang Yujie his plan.

He already had a plan.

Without his family member's and her support, and only depending on Jiang Huaizhou's money in his own card, the progress would have been slower as he would have had to take it slow.

However, he had the support of his family, so he could speed up.

Jiang Huaizhou first checked the leftover money in his own bank card.

It was a lot more than he expected.

"You also said that I am great in investments. When I was inside, I didn't have an understanding of the current situation. However, it can't be compared to being outside, where the news updates are much faster. So during these few days, I plan to understand the news and analyze it, then I will start testing the waters," said Jiang Huaizhou..

Chapter 2859: Did Not Show Any Abnormalities or Signs on the Surface

"I will try it with my savings first to see if my ability has worsened. If I still have the skills, I plan to start an investment company," said Jiang Huaizhou.

Jiang Yujie was smart and good with studies; she was quick to learn anything.

Or else, she would not have been in a famous school, nor would she have been able to make Lu Qiyuan take such a huge fall.

Lu Qiyuan was plotted against by someone closest to him while in his own territory.

However, no matter how smart she was, she had areas where she was not good at.

Jiang Yujie was not good at being an investor.

'Whether it was choosing foundation and stocks or trading gold, in all of which she'd have to manage her own risks, Jiang Yujie was not good at them.

So usually, she only used her own money to buy the bank's wealth management products, which did not require her to manage herself.

Although the interest rate was lower, it was at least simpler.

So Jiang Yujie really did not understand what Jiang Huaizhou was saying.

She just knew that Jiang Huaizhou was skillful in this area.

Knowing that Jiang Huaizhou had a plan and had already started to act on it, Jiang Yujie became relieved.

She thought that she could leave peacefully after seeing Jiang Huaizhou having a successful start.

So in these few days, Jiang Yujie used the excuse of finding a job to slowly pack her luggage.

She only took a little at a time and put it in her shoulder bag, which had a huge amount of space, before leaving.

She secretly filled her luggage with things that she needed.

However, at home, Jiang Yujie did not show any abnormalities or signs on the surface.

After Lu Qiyuan got into trouble, the one who was most affected was not Lu Man but Lu Qi.

It wasn't until this was on the news that Lu Qi found out Lu Qiyuan was in jail.

Which meant nobody could help her regarding her divorce with He Zhengbai.

Even if the He family had had second thoughts because of Lu Qiyuan, they would not have any from now on.

He Zhengbai was really going to divorce her.

Lu Qi used the excuse of being inconvenienced as she was shooting a film with the production crew to delay going through the divorce process with He Zhengbai.

Now that her part was done, He Zhengbai immediately came to prompt her.

She could no longer delay it.

Besides, He Zhengbai still had those pictures of her.

Lu Qi knew that if she did not care, she could hold on and not divorce.

If He Zhengbai really wanted to divorce her, he would probably go all out and reveal the truth that he was married to Lu Qi. Even if he had to go through the legal process, he would divorce her.

And with the pictures that He Zhengbai had, if they had to go through the legal process, the consequence to her would not be good.

After Lu Qi pondered for a long time, she realized that she did not have anyone to depend on.

After thinking for a long time, she still decided to discuss with He Zhengbai.

Even if she had to divorce him, she had to gain some benefits for herself.

'Whatever she could fight for, she would.

So, Lu Qi went to He Zhengbai's house straight away this afternoon.

Back then, when the two had just gotten married, before she lived in the He residence, He Zhengbai had arranged his old apartment for her to stay in.

And the He family also bought another house for He Zhengbai.

It was uncertain whether they did it on purpose to anger her.

'When they got married, Lu Qi had already told He Zhengbai that she did not want to stay in that apartment.

She had complained that the apartment was not big enough.

He Zhengbai did not allow her to move, saying that it was up to her whether she wanted to stay here or not.

Who would have expected that He Zhengbai would not come home and would pretend that he was single while flirting outside?

The new house that the He family had bought for him was a huge mansion.

Although it was not a villa, the size of it was on par with that of a villa.

Chapter 2860: He Must Be Tired of Living

The only difference was that it did not have its own entrance and courtyard like a villa.

This made Lu Qi furious.

She and He Zhengbai were a couple, but they lived separately.

He Zhengbai was living in a mansion while she lived in a shabby apartment.

Lu Qi felt that the money that the He family used to buy the mansion was partly given by the Lu family.

Lu Qi would never forget that the He family took a huge amount of money from the Lu family.

However, she forgot that she cooperated with the He family to take the money.

She knew where He Zhengbai's new house was, so she went to his new residence.

But when she arrived there, she remembered that she did not even have the access card.

Thus, she could not enter.

Lu Qi sat in the car and took out her phone, wanting to call He Zhengbai.

Unexpectedly, just as she took out her phone and found He Zhengbai's phone number, she saw the gate open from inside.

Right after, she saw He Zhengbai walking out with a woman.

She knew this woman.

This woman was also a daughter of a rich family.

It was almost at the same level as the He family.

Lu Qi thought mockingly about how the He family wanted to climb the ladder to be a more powerful family.

But they could not do it.

If Lu Qi remembered correctly, this woman was the second daughter of the family who ran the Yimei Corporation. Her name was Sun Jingfei.

She had already heard previously that He Zhengbai and this Sun Jingfei were getting close.

It seemed like he was chasing Sun Jingfei to marry her and have connections with the Sun family.

Lu Qi felt that the He family was really good at thinking of good things.

He Zhengbai was married to her, and He Zhengbai's older brother got married even earlier.

He Zhengbai was chasing Sun Jingfei because the He family wanted He Zhengbai to marry Sun Jingfei.

However, the position of He Zhengbai's wife was already taken by her. No matter what He Zhengbai did, he could not have any result with Sun Jingfei.

She was thinking that the He family was getting bolder and bolder; they even dared to lie to the Sun family.

If everything was exposed, Sun Jingfei would become a mistress.

'Was the Sun family willing to have such a bad reputation?

Lu Qi was filled with hatred and pleasantness at the same time.

She hated He Zhengbai's cruelty, hiding his marriage and flirting around outside while she could not go out at all.

However, she was also pleased that she had another leverage over He Zhengbai, which could force the He family to spare the rat to save the dishes".

After all, He Zhengbai paired up with Sun Jingfei publicly, so all the outsiders thought that the two were a couple.

Even if they were not, they had feelings for each other and were in that ambiguous stage of a relationship.

He Zhengbai was so high-key, so if Lu Qi exposed their marriage, the Sun family would not let He Zhengbai off the hook.

He dared to make the daughter of the Sun family a mistress?

'The Sun family was not the same as the Lu family.

Back then, when the He family was against the Lu family, the Lu family had suffered a downfall and was in a bad place.

'And Lu Qiyuan was coincidentally sick in the hospital, so he had no time to care.

The He family also had inside help from Xia Qingyang and her.

So the He family was successful.

However, the Sun family was at its prime right now. How could the He family anger them?

So Lu Qi was happy that she could have a leverage over He Zhengbai.

Because she was careless, she had given He Zhengbai the chance to take those pictures.

'When Lu Qi saw He Zhengbai and Sun Jingfei together, she stopped calling.

She gave up that thought and switched on her camera. Through the car window, she clicked a few times, capturing the scene of the two together.

Lu Qi even made sure the background was clear, proving that this was He Zhengbai's residence.
