

Mr Han 2871

## Chapter 2871: Like Jumping into a Fire Pit

A girl able to stand up for herself? That's totally his taste!

"Get the h\*ll out of here!" Yang Lin raged.

She couldn't let He Zhengbai strike Lu Qi.

How could He Zhengbai's true colors be exposed before Sun Jingfei?

Hence, Yang Lin moved first. "You've been hanging onto Zhengbai since a long time ago, causing others to misunderstand. And now you're even trying to destroy Zhengbai's chance to finally get married?"

"We didn't speak ill of you to others even when you were pestering Zhengbai. What about you? Is this how you repay us?" Yang Lin's face was one of grievance.

"I've really opened my eyes today." Lu Qi had never seen such a shameless person!

"Your whole family is just a bunch of shameless jerks!" Lu Qi pointed at Yang Lin. "And you were actually good friends with Xia Qingwei since childhood. Because of this, He Zhengbai then met and eventually got together with Lu Man. But when Xia Qingwei fell from grace, you eagerly drew the line

between the two of you, afraid she'd come to you for money.

"You even allowed He Zhengbai to hurt Lu Man like that. He Zhengbai truly inherited his brazenness from you." Lu Qi sneered.

Eyes narrowing, Yang Lin rebuked, "Have you forgotten who made Xia Qingwei fall from grace? Who..."

Who stole He Zhengbai from Lu Man?

But Yang Lin suddenly remembered she was insisting that Lu Qi was the one pestering He Zhengbai.

That He Zhengbai was not related to Lu Qi in any way.

If she said Lu Qi snatched He Zhengbai from Lu Man's hands, wouldn't she be contradicting herself?

So Yang Lin barely stopped herself.

But Lu Qi didn't have any qualms.

Someone had to go down tonight; it's either her or them.

She didn't shy away from the details of what she did.

She could spill whatever the He family didn't dare to.

"Finish your sentence! Why are you afraid to?" Lu Qi sneered, speaking shrilly. "Did you wish to say it was me who stole He Zhengbai from Lu Man? Why? Did you remember what you said previously and realize you'd be contradicting yourself?"

“That’s right, my mom was the third party who pushed Xia Qingwei out of the way, and I did the same to Lu Man.” Lu Qi spoke without restraint.

She looked at Sun Jingfei, raising her brow. “So you’ve got to be careful. This woman can abandon her childhood friend at will and avoid her faster than a dog just because she doesn’t have any more use to her.”

Yang Lin was enraged. Lu Qi was saying she was a dog!

“This man has been lying to you all along!” Lu Qi continued. “All for your family’s money. The He family took all of our family’s money, and now they’re here for yours. If you marry him, it’d be like jumping into a fire pit.

“Twas really blind back then. Had I known he was such a sly bast\*rd, I wouldn’t have taken a liking to him!”

Hearing Lu Qi’s disdain for her son, Yang Lin rebutted angrily, “Who do you think you are, thinking our Zhengbai will like you?”

“Ha! You guys just look in the mirror and reflect upon yourselves first!” Lu Qi scorned.

Lu Qi pointed at He Zhengbai, then at Yang Lin, before saying to Sun Jingfei, “Look at them now! Aren’t they ugly?”

### **Chapter 2872: You’re Really Crazy**

He Zhengbai went to grab Lu Qi. “You, come out with me!”

“No!” Lu Qi raised her head. “I won’t! I will stay here and reveal all the dirty things you did! You dared to commit the acts, but you’re afraid I’ll spill the beans?”

He Zhengbai glared with all his hatred. Everything was going according to plan today, and Lu Qi just had to stir things up.

It was still a matter of debate whether he and Sun Jingfei could still carry on.

He might have been quite a playboy, but those were all flings who weren’t interested in developing a relationship with him.

And those who wished to do so, he didn’t take a second look at.

Therefore, He Zhengbai went through much difficulty before finding Sun Jingfei, this gullible lady. Or so he thought.

How unusual for a gullible woman like Sun Jingfei to come from the impressive Sun family, and she was even hoodwinked to the extent of nearly marrying him!

If he lost the foolish Sun Jingfei, where else could he find another suitable target?

He Zhengbai’s eyes nearly popped from anger. If only he could kill Lu Qi right now!

Marrying her brought him nothing good, and she even dragged him down to this point.

By this time, He Zhengbai had all but forgotten his past relationship with Lu Qi.

He pressed close to Lu Qi, almost brushing her ear. Lowering his voice, he threatened, "Did you forget the photos are still with me?"

Lu Qi tsked. So what if she didn't have the photos?

"Post them! Post them all you want! We'll all just die together! If you dare post the photos, I'll tell everyone you're having an extra-marital affair! We'll both lose face together! Don't even think about escaping!" Lu Qi had raised her voice.

"Stop spouting nonsense already!" He Zhengbai would never admit to this.

Especially in front of Sun Jingfei.

He Zhengbai thought he shouldn't be letting Lu Qi continue making a scene here and started dragging her outside.

"I won't go!" Lu Qi shouted, flailing about to hit He Zhengbai.

She hit his arms and scratched the back of his hands.

Yang Lin was furious and turned to the servants. "What are you all waiting for? Grab her already! Are you waiting for your young master to do it himself?"

The servants were all watching, utterly amused, but they finally reacted when they heard Yang Lin's words. They rushed to catch Lu Qi.

Meanwhile, Lu Qi's anger was through the roof, and her strength became exceptional.

But she was ultimately no match for He Zhengbai and the many helpers.

'They were quickly separated.

Without further instructions, the helpers pulled Lu Qi out of the door.

He Zhengbai couldn't be bothered to explain further to Sun Jingfei before following Lu Qi out.

Even outside, Lu Qi could still shout.

She was not stupid.

Didn't they want her out?

That's fine!

In the house, it's only a matter of the He family and Sun Jingfei knowing what He Zhengbai did.

But outside was different. She could shout for all to hear.

He Zhengbai could only lose more face.

Lu Qi was more clearheaded than ever.

Hence, the moment she went out, she started yelling, “He Zhengbai, you’re shameless! Your whole family is a shameless lot! Marrying in secret and trying to commit marriage fraud? Sun Jingfei, you vixen! How did the Sun family raise you that you’re even eager to become a third party for this bastard He Zhengbai?!”

“He’s yet to divorce, and you’re already thinking of marrying him? You’re really crazy!” Lu Qi shouted at the top of her lungs..

### **Chapter 2873: Dragging You Down Is Also Worth It**

Her voice floated in from the window.

Sun Jingfei could hear it within the villa.

She shook in anger.

“Enough!” Without Sun Jingfei around, He Zhengbai stopped pretending.

He raised his hand and gave Lu Qi one tight slap.

It landed on the side that had been hit before.

The already red and swollen cheek received another blow from He Zhengbai.

The pain was multiplied.

Her face was burning before, and when the strike landed, it felt as if her face would split into two.

Lu Qi covered her cheek but quickly removed her hand when it stung from her touch.

It was impossible to touch due to the pain.

“Haha! You slapped me?” Lu Qi’s cheeks were swollen like a red steamed bun now. “He Zhengbai, did you come to think it’s easy to hit me ever since you slapped me after we got married? Slapping me when and where you want? Are you still a man? Beating a woman?”

“Does Sun Jingfei know how you actually behave? Oh, you’re so used to pretending, Sun Jingfei surely has no idea!” Lu Qi shouted even louder, “Sun Jingfei, you better listen up! He Zhengbai’s got a bad habit of hitting women!”

“He’s got no other ability, so he’s hitting women to get some sense of superiority!” Lu Qi spat. “What scum! Using force against women to feel superior and show your strength, only daring to act up in front of me. Why didn’t you do this against Han Zhuoli? You suffered a setback because of others and came to me to find a sense of achievement and superiority. How f\*cking disgusting!”

“Come and judge, everyone! He Zhengbai not only got married in secret yet still pretended to be single, he even went to cheat with another woman! And now they’re about to marry, he’s going to divorce me!” Lu Qi yelled. “Come and see this disgusting scum, everyone! The He family’s rather prominent, but

who knew they're so underhanded!

"They're really a whole family of scum, bullying me because my parents aren't here with me to support me. A whole family bullying a single person!"

"Enough!" He Zhengbai grabbed Lu Qi's wrist and jerked her over, growling, "You really don't care about those photos?"

"Not one bit!" Lu Qi sneered. "If I'm going down, then so are you! Dragging you down with me is also worth it!"

He Zhengbai could threaten Lu Qi previously because he had her racy photos on hand. As long as Lu Qi wanted to continue her career in showbiz, she couldn't let her already bad reputation sour even more.

A catch-22 situation, that was what it was.

But Lu Qi did not care any longer.

He Zhengbai's face blackened. "Then what do you want?"

Lu Qi curled her lips smugly. "Firstly, you've got to understand your current situation. As long as you want to marry Sun Jingfei and we haven't divorced, I can immediately come out to expose you. You're having an affair while being secretly married, even planning to marry her without divorcing me first.

This involves the Sun family. Even if they know of it already and are willing to play along, it's a different case if it's being done secretly and if it's been exposed.

"If the Sun family got exposed and their reputation was ruined after being dragged down by you, do you think they'd take this blow silently?" Lu Qi sneered.

#### **Chapter 2874: Having Flings Left and Right**

"If that happens, they'd have no choice but to say publicly that they'd been duped by you. Sun Jingfei is innocent. It has nothing to do with the Sun family. It's all the despicable He family's fault and the Sun family is merely a victim. Moreover, after they've said such words, do you think the Sun family would allow the marriage with the He family?"

"They'd avoid you with a ten-foot pole to prevent being dragged down by you." Lu Qi was clear.

He Zhengbai couldn't rebuke her words.

The photos he had were a threat to her.

But he was no goody-two-shoes either.

He Zhengbai had confidently told everyone he was a bachelor previously.

Now, he was having an extra-marital affair, and the third party wasn't someone unknown, nor was she someone he could offend.

The moment he exposed her photos, Lu Qi would let go of all restraints and expose his deeds.

He Zhengbai would gain nothing.

Both were wary of each other and of the evidence they had against each other.

Hence, Lu Qi dared to create such a scene.

“So what do you want?” He Zhengbai growled.

Lu Qi didn't state her conditions hurriedly, instead asking, “You already knew about what I've said, don't you? Just admit it.”

“Whether I admit it or not, can't you just say your conditions and be done with it? Stop f\*cking wasting my time!” He Zhengbai didn't even like listening to Lu Qi speak now.

The corner of Lu Qi lips curled uncaringly. “Admit it, then we'll continue talking. Otherwise, you'll think you have the upperhand, and you'll bargain with me nonstop after I've stated my conditions. It would be meaningless.”

It's hard to imagine. What used to be a sweet couple

Had now become calculating against the other.

He Zhengbai took a deep breath and walked to her car. “We'll have a good talk inside the car. I admit it, and now we're at an impasse. We're both stuck on the same ground. We can discuss anything.”

Lu Qi called him “bast\*rd” in her heart and unlocked her car.

Both entered the backseat. He Zhengbai obviously didn't want to waste any more time.

Since Sun Jingfei was still waiting in the villa.

‘Who knew what she was thinking right now?’

He Zhengbai only wished his parents could calm her down and not let her leave yet.

He'd console her properly after he returned.

“What exactly do you want?” He Zhengbai asked.

“know you have no feelings for me anymore, and I won't delay the divorce on purpose. It wouldn't do us good.”

But He Zhengbai refused to believe Lu Qi was so easygoing. “So? Your conditions?”

“You're pretty smart now, eh?” Lu Qi chuckled.

But half her face was swollen.

Her smile only made her face look even more terrifying.

Extremely ugly.

“Let’s set aside the fact that you’ve cheated my feelings, lied to me, and brought harm to my parents. They’re old already, yet they still landed in jail. You’ve taken so much from the Lu family, yet you refuse to give me a little bit of that money. Such greed is immoral.

“You said I had an affair and made you a cuckold, but that’s because you’ve done it first! Before that, I never thought of doing you any wrong and never did. You were the one instead who kept your marriage a secret, having flings left and right, completely forgetting I’m your wife..”

## **Chapter 2875: Where Do I Air My Grievances Then?**

“You think I’m worthless now, that you marrying me only benefitted me. You refuse to help me, so you started it. All I did was tit-for-tat. If I hadn’t been forced into it, would I have gone and slept with an old man?” Lu Qi fumed.

“Why can you have affairs and be unfaithful to me, and I can’t? You can fool around outside but expect me to be faithful to you?” Lu Qi got more agitated the more she spoke.

What was this impossible dream?

She had said so much.

Perhaps she’s just wishing to raise a small nugget of guilt in He Zhengbai.

Alas, not only did he not reveal any guilt, he even looked extremely impatient.

Hearing Lu Qi say all of this made him annoyed.

Seeing him like this, Lu Qi finally gave up all hope.

“My condition, firstly, is for you to delete all those photos of mine.”

“Deal.” He Zhengbai spoke instantly and without fuss.

Lu Qi knew what He Zhengbai was thinking.

Modern technology was nothing like in those times when analog cameras were used.

Analog cameras in the past had films.

Destroying the films was enough for one’s peace of mind.

But the Internet was so developed now.

He could pretend to have deleted all the images on his phone completely, but who knew how many cloud backups he had?

How could she trust He Zhengbai’s word that he’d completely delete them?

Lu Qi already had a countermeasure in mind, and she said, “I don’t trust you one bit these days.”

He Zhengbai didn’t back down, sneering back, “We’re the same.”

Lu Qi smiled disparagingly. "Divorce? Okay. It'll be the day before you and Sun Jingfei marry."

Lu Qi thought for a moment then added, "If she still agrees to marry you.

"If Sun Jingfei doesn't want to marry you..." Lu Qi smiled. "Then you just wait. Until she agrees to do so, or until you find someone who will, I promise, we'll divorce the day before you register your marriage."

"Impossible!" He Zhengbai's face was stern. "You're too much!"

Divorce the day before he marries?

How could she think of that!

What if she refused?

Then he couldn't get married, and it'd be a whole lot of other trouble.

Now he would have to depend on her goodwill if he wished to remarry.

And if others found out about his relationship with her, then his relationship with another would be an extra-marital affair.

This condition was very disadvantageous to him all around.

How could he agree to this?

"Since I really can't trust you anymore," Lu Qi said, "how can I really believe you've deleted the photos? That there's not a trace left? What if you lie to me, and I trusted you and divorced you, then you turn around and expose the photos? Where do I air my grievances then?"

"So, we'll divorce only on the day before you register your marriage with your girlfriend. By then, if you really dare to post the photos, I'll show the divorce certificates. There'll be a date of registration on it. No matter what, it's impossible for you to have just divorced and instantly meet your true love and marry her the next day, isn't it?"

Lu Qi pursed her lips. "At that time, everyone will know you've had an extramarital affair. As long as you don't post those photos, I won't reveal the certificates."

Lu Qi already expected his reaction.. Seeing He Zhengbai about to speak, she cut in, "I now, you wish to say, what if I don't keep my promise and show the certificates after you get married?"

### **Chapter 2876: It Will Make People Laugh If This Comes Out**

Lu Qi rolled her eyes.

He Zhengbai was such a stupid person, but she was deceived by He Zhengbai and was played around with like a toy.

Actually, Lu Qi just overlooked it. He Zhengbai was not that stupid.

If he was really stupid, he could not have deceived Lu Qi.

Obviously, it was also because Lu Qi was money-minded and valued benefits too much, so she overlooked many things.

However, more importantly, aftering being messed up by Lu Qi, He Zhengbai did not have an upper hand anymore.

He was bound and had too many obstacles. He did not look as confident anymore.

He Zhengbai looked down. Nobody knew what he was thinking about.

Obviously, he could not just go with the flow. It was only Lu Qi's second condition, and it was already too much to handle.

And he did not believe that Lu Qi would only mention these two conditions.

After all, until now, there was nothing related to money yet.

This was not Lu Qi's style.

In He Zhengbai's drooping gaze, a hint of sternness flashed. When he raised his head, he had it hidden already. "You're asking too much to bring it forward by a day. You don't trust me and I don't trust you as well. Since we have leverage over each other, then we should bring forward the day we divorce even more."

He Zhengbai thought for a while and said, "A month earlier, how about that?"

Lu Qi said, "Half a month. We both need to compromise."

He Zhengbai was thinking half a month anyway.

If he'd said that, Lu Qi would have definitely bargained.

So he brought up a time that Lu Qi would definitely not accept.

If he mentioned the first one, Lu Qi would think that the second time was not too unacceptable.

As expected, Lu Qi went for it.

He Zhengbai even showed an unhappy expression. "Fine."

"The third condition," said Lu Qi proudly, thinking that she had the upper hand.

He Zhengbai said unhappily, "Do I have to listen to your conditions all day? If you keep coming up with conditions, then there's no room for discussion! Because there's no way we can discuss about it!"

"Don't be impatient," said Lu Qi. "I only have three conditions. Listen to my last one. If you won't even listen, then we will just lose together."

He Zhengbai gritted his teeth. "Okay, tell me."

"Twant a hundred million," said Lu Qi the moment she opened her mouth.

This really hurt He Zhengbai.

Even if the He family was wealthy, nobody would willingly give out a hundred million, right?

Furthermore, it was for Lu Qi.

The He family was stingy.

They only wanted to receive without giving anything.

Asking them to lose money was like asking for their lives.

“A hundred million; you dared to make this request,” said He Zhengbai.

Lu Qi clicked her tongue. “A hundred million is very little. You won’t give me a little breakup fee when you divorce with me, leaving me nothing from the marriage? With your family’s wealth, if you really make me leave with nothing, it will make people laugh if it comes out.

“Besides, the money that you have taken from the Lu family was more than this,” said Lu Qi. “am kind enough to not ask for a few hundred million.”

Lu Qi did not just simply say a number.

The He family took the Lu family’s money, but they snubbed her. Lu Qi hated it every day and felt extremely regretful.

To her, whatever the He family took was her money!

So of course she wanted it back.

However, she knew that it was impossible to get back everything, so she asked for this number.

### **Chapter 2877: Choose One**

“Impossible.” He Zhengbai’s face darkened. “Lu Qi, don’t demand an exorbitant price. There’s no way I am giving you a hundred million.”

He Zhengbai took a deep breath and said with a face full of pain, “Fifty million.”

Lu Qi knew from the start that a hundred million would not be that easy to obtain.

However, this time, she was definitely not letting it go.

Ignoring the fact that this belonged to her, she had already lost a lot.

Her wanting a hundred million was her making it easy for the He family.

She still had to shoot movies, so she would need a lot of money.

She did not need the house anymore.

Lu Qiyan went to prison, so that villa was empty.

It was under Lu Qiyuan's name.

However, she was Lu Qiyuan's daughter, so this villa would still belong to her in the future.

So she could go back there to stay now.

She could use this money to invest and shoot movies.

With this hundred million, she would not need to kill herself with exhaustion just to find a movie that would cast her.

However, since she had already invested, finding another female lead actress and giving her pay would be a waste.

It would be better to act herself.

Investing would not take a lot of money, but it would use close to half of it.

And if she was the one entering the crew with investments, she could definitely save a lot of money.

The rest could be kept for other investments.

Anyway, with money in her hand, she would not be worried.

According to what He Zhengbai had said, she would only get fifty million.

This bit of money would not be enough for anything!

Lu Qi's face darkened and she sneered. "He Zhengbai, are you trying to send a beggar away? Fifty million? Let me tell you, impossible!"

"I have already taken a step back regarding the second condition. This time, I won't back off no matter what," said Lu Qi.

"If you're not willing to give it, it's fine. I'll give you another choice," said Lu Qi.

He Zhengbai froze, knowing that Lu Qi would definitely not be so nice.

He frowned at her.

As expected, Lu Qi said, "You can choose to make me take a step back for either the second or the third condition. If you choose the second condition, then you must agree that we'll divorce a day before you get married again and you will only need to give me fifty million for the third condition.

"If you don't agree to the second condition, then you will have to give me a hundred million for the third condition. And you have to give the full amount before we divorce. Or else, don't expect me to sign." Lu Qi spread her arms.

"So, you choose. If I have to back off, I can only take one step back and no more than that," said Lu Qi.

He Zhengbai gritted his teeth.

He was not satisfied with both choices that Lu Qi had given him.

Divorcing a day before he would get married was extremely risky.

However, her asking him for a hundred million put him in agony.

Besides, this was not something that he could decide on his own.

The real heir of the He Family was his older brother.

He had to see whether his older brother would be willing to lose a hundred million just to send Lu Qi away.

Thinking about it, He Zhengbai also felt unwilling.

No matter what he did, as long as it was related to benefits, he had to go through his older brother.

That's why he'd been in a rush to find Sun Jingfei, someone with such great usefulness, or else he would have to seek his older brother's approval for everything.

This time, it became He Zhengbai's excuse. "The amount you want is too large, I can't decide on my own. You know that my older brother is the heir of our family. The hundred million that you want belongs to him. He makes the call whether he wants to give it or not."

Lu Qi did not even try to hide her scornful expression.

#### **Chapter 2878: She Really Dared to Say These**

He Zhengbai was enraged by her gaze.

But he still had to hold it in. "I can agree with the first condition on my own, without my family's opinions. However, regarding the other two, I will need to go back to discuss it with them."

Lu Qi sneered. "You're already so old, but you still need to be subservient to others. You can't even make a decision on your own. You have to discuss everything with your family like a mommy's boy."

"Why did I like you back then?" Lu Qi rolled her eyes, showing her disgust.

He Zhengbai clicked his tongue. "Back then, it's you who gave everything to gain me. The one who is stupid is you."

He Zhengbai did not say anything more to Lu Qi and got out of the car.

As long as Lu Qi would not mess things up for now, He Zhengbai had nothing to say to her.

He had to rush back to appease Sun Jingfei.

How He Zhengbai was able to coax Sun Jingfei would not be discussed for now.

Or it should be said that Sun Jingfei made He Zhengbai believe that he had already coaxed her without suspecting anything.

He Zhengbai was even joyful and proud.

He felt that he had found a rich idiot for himself.

After they get married, Sun Jingfei would still be at his disposal.

That time, Sun Jingfei would be all his.

Although Lu Qi had caused a mess, Sun Jingfei still stayed with the He family for dinner.

He Qingyang and Yang Lin tried their best to talk bad about Lu Qi.

They pushed all the blame on Lu Qi.

He Zhengbai became an honest person who had been framed.

“Because of their past relationship, Zhengbai was soft-hearted and did not do anything. Who would have expected Lu Qi to be so ambitious? The lies that she created even deceived herself. She brainwashed herself every day, to the point where she really thinks that she has something with Zhengbai. This

is too disgusting.” Yang Lin’s bold and vigorous look could not be seen anymore; she had a benign face now.

“Twas single last time, so it didn’t matter if I was soft-hearted,” said He Zhengbai. “But since I already have Jingfei now, I can’t be soft-hearted anymore. It won’t be fair to Jingfei otherwise. I can’t let Jingfei be ridiculed.”

Sun Jingfei looked at He Zhengbai with admiration, touched by what he said. She did not even want to eat anymore.

He Zhengbai felt a sense of accomplishment.

He looked back at Sun Jingfei, full of love. “From now on, I won’t let Lu Qi off the hook so easily. If she talks nonsense again, I won’t let her have her way.”

“Yes, that’s what you should do,” said Yang Lin, nodding in agreement.

He Qingyang really wanted to meet the Sun family to make sure this matter was set as soon as possible.

Or else, with that unstable time bomb Lu Qi around, it would be too dangerous.

However, if they set it too early, He Qingyang was worried that Lu Qi would have another trick up her sleeve.

So he did not bring it up for now.

Sun Jingfei knew this clearly.

They did not dare to mention it because they felt guilty.

He Qingyang did not dare to mention it, so Sun Jingfei did not have the intention to bring it up herself.

She could accept this marriage.

However, they had to deal with Lu Qi’s matter first.

She could not just get into this marriage without knowing anything.

After dinner, He Zhengbai sent Sun Jingfei back to her home and returned to the He family's villa alone.

He told He Qingyang and Yang Lin about Lu Qi's conditions.

Yang Lin was so angry that she cursed straight away. "That little b\*tch, she really dared to say these!"

"Hmph, even though it's only her now, she still dared to talk about conditions with our family. Why doesn't she look at what situation she's in right now? Nobody is supporting her and she's all alone. Where did her courage come from?!" said He Qingyang, full of rage.

He Zhengbai had a sinister and ruthless expression. "I also think that we can't agree to her demands.. She's all alone, and she still dares to make us bow down to her?"

### **Chapter 2879: First Thing He Mentioned Was Killing Lu Qi**

"She doesn't know her place at all. We have a whole family, and if our family is controlled by a little girl, won't we be mocked by people?"

He Qingyang was very satisfied with what He Zhengbai said, so he nodded in agreement.

"Then what do you plan to do? Tell us," said He Qingyang.

"The matter of divorce cannot be controlled by her. Having this b\*tch in our family's account book for even one day is our family's shame," said He Zhengbai.

"Obviously, we can't give her the money either." He Zhengbai had a fierce expression. "I feel that if I agreed to her conditions, given her greedy personality, she would definitely think that she is great and has taken control of our family.

"If we are threatened by her, it's the same as surrendering. We are surrendering to a stupid girl like her. Compromising one time means there will definitely be a second time," said He Zhengbai softly. "Lu Qi is the daughter of Lu Qiyuan and Xia Qingyang; her parents are shameless in their own ways. These two people gave birth to a daughter, and the fruit will not fall far from the tree.

"So, there is only one way to deal with this kind of person who is greedy and relentless." He Zhengbai raised his head and looked at He Qingyang and Yang Lin. "That is, to kill them, and then everyone can be truly at ease."

Yang Lin was dumbfounded.

She did not expect that the first thing that He Zhengbai would mention was killing Lu Qi!

No matter how bad Yang Lin was, she did not dare to think about that.

"This..." Yang Lin was a little terrified. "This is not the olden days anymore. In the past, investigative techniques and such were not as advanced as they are now. If you killed someone back then, you could hide it easily."

Besides, among the older generations, who had not killed people before?

They all had.

Nobody was clean.

So Yang Lin was also not an angel.

'When she heard He Zhengbai say this, she was not afraid of the act of killing, nor was she unable to bear it.

She was afraid of dealing with the consequences.

"If we're found out..." said Yang Lin hesitantly, her voice becoming softer subconsciously. "Besides, how are you going to do it? If you do it yourself, it's too risky.

"And if you hire other people to handle such an important task, it's even riskier," said Yang Lin. "If those people are caught, they will betray you without hesitating.

"There was that person called Lian Qingyin. She hired professionals not even to kill but only to create an accident. However, she was still found out. She... she was even killed by that organization." Yang Lin still felt terrified just by thinking about it.

Lian Qingyin's matter was not known by ordinary people, and nobody paid attention to it.

They all thought that an ordinary accident became a disaster.

But the He family had some connections; they knew clearly about the truth behind it.

They even knew how Lian Qingyin died.

They were also quite familiar with Black Market.

Back then, when they dealt with the Lu family, they had also asked Black Market for help.

Black Market even helped them escape successfully.

At first, they thought that Black Market was pretty dependable.

However, Lian Qingyin got into trouble unexpectedly.

After that, they felt that they could not depend on Black Market.

Not only did Black Market not complete Lian Qingyin's task, but they even took Lian Qingyin's life.

This was terrifying.

So they did not dare to anger them.

Nobody was more suited and more trustworthy than themselves.

"But we can't let Lu Qi be so arrogant anymore," said He Zhengbai softly..

## Chapter 2880: Getting Rid of Future Troubles

“Today, she dared to come and mess things up,” said He Zhengbai. “If she hadn’t come, would there be so many complications between me and Sun Jingfei? I already have the leverage to ensure that I can divorce Lu Qi. Everything was all planned up, but nobody expected her to mess it up.

“Today, she dared to ask for a hundred million. If we really satisfied her demands and she saw how easy it was to get benefits, she would get addicted and would be greedier.” He Zhengbai’s expression was gloomy.

“The earliest she managed to bargain before going through with the divorce procedures is half a month before I get married. Even then, if she showed the divorce certificate and people saw the date, they would connect it to my marriage date and know that I cheated.

“Whether the one I’m marrying can really be Sun Jingfei, I will definitely need to find a partner to marry. At that time, my wife and I will definitely not want to face this situation. Once Lu Qi has had a taste of benefits, she will keep using this to blackmail me.”

Yang Lin also thought about this and sighed unhappily.

“How did we get involved with such a b\*tch?” She did not care about taking Lu Qi’s life.

If there was no terrifying consequence, Lu Qi was obviously better off dead.

“Where is Lu Qi staying now?” asked He Qingyang.

“She should be staying in the original villa of the Lu family,” said He Zhengbai. As he wanted to divorce Lu Qi, He Zhengbai had looked into her current situation.

He Qingyang thought for a while and said, “The Lu family’s villa is not suitable. There are too many surveillance cameras, so it will be easy to see who went there during the time of Lu Qi’s death.”

Yang Lin was shocked and looked at He Qingyang. “What? You... you support this idea?”

He Qingyang’s expression darkened as he said, “Zhengbai is right. Lu Qi is greedy, and we can’t keep feeding her arrogance. If we obey her this time, she will think that our family is scared of her and is easy to take advantage of.

“People like Lu Qi bully the weak but are scared of the strong. If we soften ourselves, she will keep on taking advantage of us.” He Qingyang continued, “When it comes to someone like her, we can only deal with it one time to get rid of future troubles.”

“But...” Yang Lin had more concerns. “The risk is too great. If we’re exposed or someone finds out...”

Yang Lin panicked. “This is a crime of murder!”

“Worthless opinions!” said He Qingyang straight away. “If you’re so scared, you won’t be able to achieve big things. Think of the next few decades. Rather than having a ticking time bomb in our family, it’s better to get rid of it straight away.”

He continued, "And this is not as serious as you think."

"So I am too soft-hearted! Which one of you are going to do this? Can you feel at ease if you pay someone to do it? What if we're caught or can't escape?" said Yang Lin, hurt.

"Of course we can't get someone else to do it," said He Qingyang as he turned to look at He Zhengbai.

"You do it yourself."

"Me?" He Zhengbai froze.

He Zhengbai had said it fiercely, as if he was bold, making Yang Lin feel terrified.

However, being requested by He Qingyang to do it himself, He Zhengbai became scared.

How... how could he do it himself?

Luckily, Yang Lin still valued him.

Before He Zhengbai asked, Yang Lin disagreed, "No! How dangerous is that? What if something happens? What if... what if he's found out? Zhengbai will..."
