

Mr Han 2891

### **Chapter 2891: See How Miserable He Is Now**

“Linguired about it. Judging by the wound, it looks like it’s been torn right off.”

Lu Man took a deep breath. Just listening to it put her in agony.

Lu Man was curious. Zheng Tianming was like Bai Xiaosheng’.

‘Where did he inquire about these things from?

“The police has asked the other residents in the other sample houses, but they don’t know what happened. The original resident of that sample house said that he rented out the house last minute. However, because it’s a sample house and did not have any documentation, he took the money and rented

out the house; he did not even know who it was.

“As for the neighbors around, they only found out after the explosion that night. Before that, they knew nothing, As that sample house was at the end, there was an empty courtyard in the middle, so the sound of the explosion did not really reach there.

“Now, the only person that knows anything is He Zhengbai, but he is still in a coma. It’s unknown whether he can wake up, so everything has to wait for He Zhengbai to wake up.”

“The casualty is confirmed to be Lu Qi?” asked Lu Man.

“Yes. The police tested the DNA and it matched with Lu Qi’s,” said Zheng Tianming. “But Lu Qiyuan and Xia Qingyang are both in jail now, so nobody can collect Lu Qi’s corpse.”

This was tragic.

Seeing that Lu Man was interested, Han Zhuoli said to Zheng Tianming, “Go back and continue to follow up on this matter.”

Zheng Tianming chuckled in his heart and silently said, “Sweet.”

‘When he only just came in to talk about this, the CEO seemed uninterested.

Now, he was requesting a follow-up.

This was such a fickle scum.

After reporting this, Zheng Tianming went out.

However, Han Zhuoli still asked Mo Jingcheng to verify it.

Although he did not leak information regarding cases to others, Mo Jingcheng had nothing to hide from Han Zhuoli, so he shared everything that he knew.

“Currently, the police still think that He Zhengbai is a huge suspect. That’s because, in one of the cloths left on his body, there was a small bloodstain on his pants,” said Mo Jingcheng.

‘Mo Jingcheng did not know that there was actually a huge bloodstain on that pants.

However, as the fire burned a lot of his pants, there was only a tiny stain left.

But it was enough.

“The bloodstain has gone through testing and it belongs to Lu Qi,” said Mo Jingcheng, “We still don’t know under what circumstance was Lu Qi bleeding and why it was on He Zhengbai’s pants. We have to wait for He Zhengbai to wake up.”

He added, “We’re now looking for the person that rented that sample house.”

Knowing the matter between Lu Man and Lu Qi, Mo Jingcheng did not hide anything.

Besides, Lu Man was also considered Lu Qi’s family.

Was giving the family of the dead updates regarding the case a problem?

After hanging up, Lu Man was eating watermelon subconsciously. She looked like she was in deep thought.

Han Zhuoli asked, “Should we go see He Zhengbai?”

Lu Man was still deep in her thoughts, and she only reacted to Han Zhuoli after a while.

Lu Man was confused. “Why should we go see He Zhengbai?”

“To see how miserable he is now.” Han Zhuoli’s smile became a little ferocious.

He thought about how miserable He Zhengbai and Lu Qi made Lu Man in the past life.

It was He Zhengbai’s tum in this life. How could they not take a look?

Lu Man saw that Han Zhuoli was angrier than her. She felt that if they did not go see He Zhengbai’s sorry state, Han Zhuoli would not be at ease.

So she nodded. “Okay. Let’s go see it, then.”

## **Chapter 2892: Everything Was Covered Tightly**

It so happened that she also had some questions in her heart that she needed to be answered.

“Then let’s not delay anymore and go see him now,” said Han Zhuoli immediately.

Lu Man was surprised. So impatient?

Han Zhuoli said seriously, “If his situation is really so dangerous, then he may die anytime. If we’re late and he died, then what do we do?”

Lu Man was speechless.

This sounded fresh and refined.

Thus, with Han Zhuoli's urging, Lu Man did not delay anymore.

The two headed to the hospital.

They arrived at the hospital that He Zhengbai was in. It was Chu Tian Hospital.

'When he was in emergency, he was not sent to Chu Tian Hospital; he was treated nearby.

After saving his life temporarily, the He family transferred him to Chu Tian.

They trusted Chu Tian Hospital's skills more.

In other hospitals, if there were He family members there and they did not want anyone to see He Zhengbai, then it would be troublesome.

However, in Chu Tian Hospital, it was different.

Lu Man was really worried that they would not be able to see He Zhengbai.

'The two arrived at Chu Tian Hospital and inquired about He Zhengbai's ward.

He Zhengbai was severely burned, and he was on the brink of death; he might die anytime.

He was pretty famous in Chu Tian Hospital.

So when Han Zhuoli asked, they knew who he was talking about.

If it was another person, they would definitely not have allowed them to see.

But in Chu Tian Hospital, everyone knew Han Zhuoli. Seeing that it was Han Zhuoli's request, they did not even need the hospital director to tell them to. They naturally brought Han Zhuoli and Lu Man over.

At the same time, they also told the hospital director about Han Zhuoli's arrival.

The ICU ward was not like ordinary wards where people could stay for a long time.

So Yang Lin stayed outside the ward and looked inside through the tiny window, which was a little bigger than the size of a head.

Although she could not really see clearly, it was good to see He Zhengbai.

Looking at He Zhengbai's tragic state, Yang Lin almost cried until she was blind.

She received a call from the police at midnight, saying that He Zhengbai was severely burned and was on the brink of death.

Everything went black and she froze, not knowing what to do.

'When He Zhengbai went to find Lu Qi, he went straight from the He residence.

He was clearly doing well when he left. How could he get severely burned and be on the brink of death?

Yang Lin, He Qingyang, and He Zhengbai's brother, He Zhongsong, arrived at the hospital immediately.

At that time, He Zhengbai was already being treated in the operating theater.

'When He Zhengbai was out of the operating theater, the sky was already bright.

The three He family members did not sleep the whole night. When Yang Lin saw He Zhengbai, her vision went black.

He Zhengbai was covered in bandages, wrapped up like a mummy.

Wherever there was a wound, it was covered.

But from He Zhengbai's head to his toes, everything was covered tightly.

Even his face was covered, including the eyes. Only his two nostrils were exposed, and a tiny slit was opened around his mouth so he could breathe.

It could be seen that even his face was severely burned beyond recognition.

How could his eyes be covered too?

Were his eyes burned too?

While Yang Lin was on the way, she did not expect He Zhengbai's burns to be so severe!

Looking at his state, it was unknown whether his surviving was a good thing or not.

He Zhengbai was fighting for his life and was in agony..

### **Chapter 2893: When She Saw the Two of Them, Her Face Changed Instantly**

Even if he escaped death, he would live in agony.

The pain of the skin being burned and of the rehabilitation.

It was possible that he would not need rehabilitation.

His whole body had been destroyed.

Just by looking at He Zhengbai, they could feel his pain.

Once He Zhengbai woke up, they did not know whether he could bear this agony.

Would he think that it was better to die?

Yang Lin almost cried tears of blood.

The ICU ward could not be entered at will, so Yang Lin guarded the entrance.

Luckily, she still had some common sense and did not fight with He Qingyang in the hospital.

However, in her heart, she resented He Qingyang.

Although it was He Zhengbai who first mentioned killing Lu Qi, he was her son and she understood him too well.

He Zhengbai always talked big.

He said that he could, but if he was asked to take action, He Zhengbai would not have the courage.

There must be people supporting and pushing him, forcing him to do it, and only then would he do it.

And He Qingyang was the person who was supporting and pushing him.

Since He Zhengbai was young, it was He Qingyang who had pushed him to do these cruel things, forcing him to do them.

If He Qingyang had not talked about burning Lu Qi, which had not allowed He Zhengbai to go back on his word... although He Zhengbai was cruel with his words, in reality, he would never do such a dangerous thing.

He Zhengbai loved himself.

He Qingyang and He Zhongsong went to the office and only Yang Lin was there.

Yang Lin was disappointed by the heartlessness of He Qingyang and He Zhongsong.

He Zhengbai was already in this state, but the two were still in the mood to go to the office and take care of their work.

Could the company not survive without the two of them?

Even if the two could not leave, then could at least one of them come?

Could it be that their existence were so important to the company that not even one of them could leave?

If so, whenever the two went on a business trip, why did the company not go into any trouble?

Yang Lin was utterly disappointed.

He Zhengbai was in trouble!

Their own son and own younger brother.

But in the eyes of these two people, there were only benefits.

'When Han Zhuoli and Lu Man came, Yang Lin was looking through the tiny window on the door.

The head nurse, who led the way, said to Han Zhuoli and Lu Man, "It's there."

Seeing Yang Lin, Lu Man already knew.

Before Xia Qingwei and Lu Qiyuan divorced, Yang Lin always came to their house to hang out Xia Qingwei.

She even brought He Zhengbai along, intending to make He Zhengbai and Lu Man a match.

Although they were still young back then, Yang Lin already wanted to let them develop feelings.

After Xia Qingwei and Lu Qiyuan divorced, Xia Qingyang entered the Lu family.

Lu Man became an outsider in the Lu family and was despised.

After that, Xia Qingwei got sick and Yang Lin stopped contacting her.

She even blacklisted Xia Qingwei's contact, afraid that Xia Qingwei would ask to borrow money from her.

Both Xia Qingwei and Lu Man would not come and find Yang Lin.

Yang Lin was immoral in her heart.

However, Yang Lin's action was really disappointing.

After something happened, she immediately broke off the relationship.

'As Yang Lin always went to the Lu residence when Lu Man was young, Lu Man was not unfamiliar with Yang Lin, so she recognized her with one glance.

Seeing Yang Lin leaning on the window and looking inside, she knew that He Zhengbai was not doing well.

'When Han Zhuoli and Lu Man came near, Yang Lin saw them.

She turned her head, and when she saw the two of them, her face changed instantly..

#### **Chapter 2894: It's Not Good to See These Unlucky Things**

"Why are you here?" asked Yang Lin reluctantly. Her eyes were still red.

"To see how badly He Zhengbai has been hurt." Han Zhuoli did not care about Yang Lin's feelings at all.

Yang Lin heard this and knew that they were not good words.

Especially now that He Zhengbai was on the brink of death, Han Zhuoli's words were like a curse on He Zhengbai.

But as far as Han Zhuoli was concerned, he was holding back. He did not say that he was there to see if He Zhengbai was dead, as he was being considerate of Yang Lin as a mother.

This was really hurtful to a mother.

However, Han Zhuoli would not pity Yang Lin.

Besides, He Zhengbai was the perfect example of someone who would not die unless he sought death.

"Go away!" said Yang Lin angrily, her voice shaking. "We don't welcome you here!"

“This is a hospital, a public area. There’s no discussion about who is welcome here,” said Han Zhuoli coldly.

He leaned on the other window and looked inside. He saw that He Zhengbai was bandaged like a mummy; not a single area of skin could be exposed.

Seeing He Zhengbai’s state, Han Zhuoli was relieved.

“Can you see?” Han Zhuoli asked Lu Man.

Lu Man had to hold her stomach so it was not very convenient.

Her movements were not as dexterous as before.

Lu Man shook her head, saying, “I don’t need to see. You can just see for me.”

Han Zhuoli thought about it and nodded. “Fine. You’re pregnant now, and it’s not good for you to see these unlucky things.”

Yang Lin was so furious that her eyes reddened. “You crossed the line! How can you curse others like that?”

Seeing that Yang Lin was being so agitated, Han Zhuoli put Lu Man behind him, afraid that Lu Man would be hurt by Yang Lin.

He dragged Lu Man farther away and then asked her, “Now that we have seen him, shall we leave?”

Lu Man also did not want to stay here longer. After seeing Yang Lin, they could not really curse He Zhengbai viciously, but they did not have any blessings for He Zhengbai.

She nodded. “Let’s go.”

Yang Lin was furious. “Piss off! All of you, piss off!”

“You’re too cruel! My son is on the brink of death, but you’re here to mock him! Why aren’t you the ones who got hurt? You’re better off dead!” shouted Yang Lin angrily, her eyes red.

“That’s because your son did cruel things, so he received this judgment,” said Han Zhuoli coldly.

To him, He Zhengbai was fated to die a bad death.

In the past life, they burned Lu Man to death.

Lu Man also suffered in the flames. She could not even die peacefully.

She was burned by the flames and died in agony.

Helpless.

Endless hatred came out from Han Zhuoli’s eyes.

Even if Lu Man had dragged He Zhengbai and Lu Qi to die with her, so what?

Could that erase everything that He Zhengbai and Lu Qi had done?

'That she managed to drag them to die with her was due to Lu Man's capability.

It was not a reason to forgive He Zhengbai.

Besides, how could He Zhengbai die with Lu Man?

Was he worthy?!

Han Zhuoli's eyes gave out a murderous look, silencing Yang Lin instantly.

In her heart, she was extremely dissatisfied. She even hated Han Zhuoli and Lu Man for coming to He Zhengbai's ward openly and cursing He Zhengbai.

However, before Han Zhuoli's gaze of hatred, which seemed as though they had come alive, Yang Lin backed off and did not dare to speak a word.

She did not understand why Han Zhuoli had so much hatred..

### **Chapter 2895: Someone Who Knew Everything**

When He Zhengbai was with Lu Man, he cheated with Lu Qi and abandoned Lu Man.

Was it such a big deal that Han Zhuoli had to hate him so much?

Han Zhuoli did not want to say too much to her.

He suspected that Lu Qi's death was because of He Zhengbai.

But he would not say it out loud and alert Yang Lin.

'Who knew what the He family would do when they go crazy?

If they hurt Lu Man, then he would regret it.

So he left with Lu Man.

On the way, Lu Man was silent the whole time, as if she was thinking about something.

Han Zhuoli remembered that back at the office, when Lu Man heard about Lu Qi and He Zhengbai, she also went silent for a while.

Now, after seeing He Zhengbai, she was silent again.

"What are you thinking about?" Han Zhuoli asked her.

Lu Man frowned. "I am thinking about Lu Qi's death. The police suspect that it's He Zhengbai who killed Lu Qi. I think so too.

"I am thinking, in the past life, it's He Zhengbai and Lu Qi who caused the fire, wanting to bum me to death. In this life, is it because He Zhengbai and Lu Qi fought and Lu Qi's existence ruined He Zhengbai's benefits, so He Zhengbai killed Lu Qi?"

“I am curious about how Lu Qi got in He Zhengbai’s way such that it made him want to kill her. Although in the end, he did not have a good ending as he was also burned to such a tragic state, this does not prove that He Zhengbai is innocent.

“If [have to say it, I am leaning more towards the theory that He Zhengbai planned to burn Lu Qi to death. However, Lu Qi won’t wait to be burned without resisting. In the process, He Zhengbai was also burned. This can also explain why his ear was torn off. It’s probably bitten off by Lu Qi.”

Lu Man paused. She could not help but think about how she also bit Lu Qi’s ear in the flames in her past life.

Now, it seemed like she and Lu Qi were really sisters.

Even their resistance in their last moments was the same.

“I think so too.” Han Zhuoli nodded. “All that’s left is to find the evidence that this was done by He Zhengbai.”

This was the police’s responsibility.

“Let’s hear from Zheng Tianming about what He Zhengbai has been doing recently to make him think that Lu Qi was in the way,” said Han Zhuoli.

‘When Lu Man heard this, she felt that in Han Zhuoli’s heart, Zheng Tianming was someone who knew everything.

‘The two returned to the Han Corporation.

‘When they were at the entrance to Han Zhuoli’s office, they passed by Zheng Tianming’s space.

Zheng Tianming stood up and was about to greet the two when Han Zhuoli said, “Follow us in.”

Zheng Tianming’s heart jumped, and he wondered if he did anything wrong in his work.

In reality, in all the years that he had followed Han Zhuoli, Zheng Tianming had never done anything wrong in his work.

With uncertainty in his mind, Zheng Tianming followed Han Zhuoli and Lu Man into the office.

Just as the door closed, Han Zhuoli asked, “What was He Zhengbai busy doing previously?”

Zheng Tianming staggered. Han Zhuoli’s question was a little broad.

Zheng Tianming also could not confirm which aspect regarding He Zhengbai was Han Zhuoli asking about.

Seeing Zheng Tianming’s confusion, Lu Man pondered for a while and said, “For example, in terms of relationship? What was he busy doing in terms of his private life?”

Lu Man asked in this way because she knew that He Zhengbai did not have any skills or capability..

## **2896 The CEO’s Character Was Ruined**

Or else, he would at least have had a masterpiece that he could show after being a director for so many years.

It did not need to be a movie that had insane box office sales or viewership ratings.

But at least, it had to be a movie that made people realize that they had heard about the movie when his name was mentioned.

At least it had to be something that people had heard before even if they had never watched it.

“So you directed this movie?” There should be people who said this.

How good this movie was filmed and the results of the movie might not be talked about.

But at least it had to be familiar to people.

There were so many movies that left a great impression on people. Although they did not know the director, they had at least heard about the names of the

movies.

Through the movies, they could find out who the director was.

But He Zhengbai did not have any.

Up until now, his greatest achievements were some online films that few knew about.

The actors were awkward, and the whole film was filled with an awkward atmosphere.

This was thanks to the He family, who kept investing in He Zhengbai.

If not for that, He Zhengbai would not even be able to make these small unpopular films.

The He family had invested a lot and felt that giving money to He Zhengbai was like throwing it into the fire; they could not even see a result.

So they stopped investing in He Zhengbai.

It could be seen that He Zhengbai really did not have the skills. Even his family gave up on his career.

As he did not have any skills, his career had no hope.

So He Zhengbai could only depend on deceiving people’s feelings and marrying them.

It could not be shown to the public.

It was because Lu Man knew that his career could not make it, so she had asked about his relationships.

After Lu Man asked, she saw Han Zhuoli look over.

Although Han Zhuoli knew that Lu Man would not have any unforgettable thoughts about He Zhengbai, this did not stop him from being jealous.

His own wife was trying to hear about her ex-boyfriend's relationships. If he did not get jealous now, was he supposed to get jealous next year?

Lu Man was speechless.

Lu Man immediately explained, "It's because his career is a useless piece of sh\*t. This kind of prick won't try to improve his own capabilities. He will only do some

improper things. When he was with Lu Qi, it's because he saw that Lu Qi was loved by the Lu family. So I am wondering whether he's trying to deceive a daughter

of someone's family."

Han Zhuoli humphed, full of jealousy. "You know a lot about him."

Lu Man was speechless.

It was enough!

Being a little jealous was fine. Don't cross the line.

Han Zhuoli probably got what Lu Man meant from her gaze. Terrified, he moved his gaze from Lu Man's face to Zheng Tianming's face.

Zheng Tianming was speechless.

In front of him, the CEO should at least be more careful and maintain the strong character of a CEO.

Lu Man had not even said anything. She was obviously trying to not embarrass Han Zhuoli in front of Zheng Tianming.

Who would expect Han Zhuoli to feel terrified first?

"What are you looking at? Didn't you hear Man Man's question? Tell her immediately," said Han Zhuoli immediately, hiding his fear.

Zheng Tianming was speechless.

Hehe!

There was no coming back from that.

He would not be scared by the CEO anymore!

Zheng Tianming smiled and said, "According to what I know, He Zhengbai has been pretty close with Sun Jingfei recently."

Seeing Han Zhuoli's and Lu Man's confused faces, Zheng Tianming smiled and explained, "Sun Jingfei is the daughter of the Sun family, which owns the Yimei

Corporation."

Han Zhuoli recognized it.

The Yimei Corporation was still not in the ranks here..

## Chapter 2897 How Did I Get Found Out?

But as the Han Corporation's leader, he had to remember these families.

"The two were simply dating. Although they did not say anything publicly, everyone thinks that they are together. 'There's even news of the two families talking about marriage,'" said Zheng Tianming,

Lu Man understood now.

She did not expect that He Zhengbai's murders in the two lives would be because they had stopped him from getting more benefits through new relationships.

In the past life, she was the one who was in He Zhengbai's way.

He Zhengbai was afraid that she would expose him and Lu Qi.

So He Zhengbai and Lu Qi wanted to burn her to death.

In this life, Lu Qi had no use to He Zhengbai anymore.

He Zhengbai was now with Sun Jingfei, so he felt that Lu Qi was in the way.

So he used fire to burn Lu Qi to death.

Lu Man told them her guess.

As Han Zhuoli knew about Lu Man's experience in her past life, when he heard this, he felt that Lu Man's guess was reasonable.

However, whether or not He Zhengbai would be found out in the end, he had already received his true punishment.

Judging from those injuries, he could not really make it.

Even if he made it, he would suffer in agony.

'That was an even worse punishment than going to jail.

'That night, He Qingyang and He Zhongsong came to the hospital from the office.

Yang Lin told He Qingyang and He Zhongsong about Han Zhuoli and Lu Man coming over.

"What's so important that is happening in the company that both of you have to be there? If at least one of you had been here, Han Zhuoli won't have brought Lu Man here to provoke us!" said Yang Lin angrily.

"They dared to curse Zhengbai in front of me! How evil!" Yang Lin pointed at the door of the ward. "Zhengbai is still fighting for his life inside, and Han Zhuoli brought Lu Man to say that Zhengbai is something unlucky!"

“It must be Lu Man! Back then, she was abandoned by Zhengbai, so she held grudges. Now that she heard that something happened to Zhengbai, she brought Han Zhuoli to ridicule him. She’s so evil!”

“Mom, even if we were here, that’s Han Zhuoli. What can we do to him?” He Zhongsong did not feel embarrassed to say this.

‘They could not do anything to Han Zhuoli.

‘They did not dare to anger Han Zhuoli.

Why could they not admit this?

If He Zhongsong had to say, even if he was scolded by Han Zhuoli, He Qingyang would also have admitted things in fear, afraid of saying anything more to Han Zhuoli.

‘That was because his power was crushing.

Yang Lin complained that they were not there. However, even if they were there, what could they have done?

Yang Lin would just have more company to be shamed with.

“You!” Yang Lin looked at her oldest son ragefully.

‘Today, she truly felt the coldness of the father and the son.

‘To their own son and own brother, they could be so heartless.

‘To them, kinship could not compare to benefits!

Yang Lin felt

pointed and said, “You’ve been here for so long, but you haven’t even asked how Zhengbai is doing?”

He Zhongsong thought that there was no need to ask as He Zhengbai had been burned to that state.

It was uncertain whether he could survive.

“Didn’t you start talking about Han Zhuoli and Lu Man the moment we came?” said He Qingyang. “So we didn’t even have the time to ask about Zhengbai.”

After He Qingyang said this, he received a call.

“What? How did I get found out?” He Qingyang’s expression changed drastically. His face froze.

After pausing for a while, He Qingyang said, “If they investigate you, keep your mouth shut about this!”.

## **Chapter 2898 Is This Appropriate?**

“So you tell them...” He Qingyang gave Yang Lin a glance and walked a few steps to the corner impatiently before saying softly, “Tell them that Zhengbai overrode me and asked you to rent that house. You don’t know

what’s the use of that house as well.

“As you don’t know anything, Zhengbai has not told you about what he wanted to do. You just rented the house, so this is not related to you at all. Even if something really happened, I will definitely give you benefits,”

said He Qingyang softly.

He had to make his assistant feel at ease first, then he promised him benefits.

The assistant also knew that he only went to rent a house. He actually had no responsibility.

And he indeed had just gone to rent a house.

As for what the house was rented for, he did not know.

After all, He Qingyang could never tell the assistant such a huge thing like using fire to kill someone.

The assistant called mainly because he did not know what he should say.

He did not know if he should say that he was ordered by He Qingyang.

If he gave He Qingyang away, he did not know what would be the consequence for him.

Now, he heard He Qingyang giving clear instructions to talk about He Zhengbai straight away.

So the assistant was finally relieved.

Since it was ordered by He Qingyang, it had nothing to do with him.

He Zhengbai had gotten into trouble. The sample house that was rented went up in flames and exploded, and Lu Qi died in the fire and subsequent explosion.

From that, the assistant knew that the intention behind renting this sample house was probably to kill Lu Qi.

During that time, the assistant froze.

He only wished that the police would not investigate him.

He did not expect that he would not be able to avoid it.

So the assistant came to inquire of He Qingyang.

He Qingyang’s words were as good as a confession.

It made the assistant confirm his own guess.

Since it was He Qingyang who made him rent this house, this meant that He Qingyang knew what He Zhengbai would do from the start.

He Qingyang was considered an accomplice.

He did not expect that He Qingyang would betray his own son to protect himself.

He Zhengbai killed someone and he deserved it.

However, the action of He Qingyang betraying his own son to save himself still shocked the assistant.

The assistant was horrified as he listened.

He did not expect He Qingyang to be so cruel.

The assistant could not help but feel afraid.

He Qingyang just betrayed his son straight away. He did not even blink.

He was just a puny assistant; He Qingyang might betray him because of something.

While the assistant was still in the call, he was already thinking about resigning.

It was so terrifying. The assistant did not dare to work for him anymore.

He Qingyang still did not know what his assistant was thinking, and he said to the assistant, "No need to mention me. I don't know anything, and you don't know anything too. You knew nothing about Zhengbai's plans."

"C... CEO," said the assistant, full of uncertainty. "Is this appropriate?"

He Qingyang knew that the assistant was not sure whether they could just betray He Zhengbai like that.

After all, He Zhengbai was He Qingyang's son. He could not just sell him out at will.

The assistant was afraid that He Qingyang was just testing him.

He Qingyang said, "This is what I said. You don't have to worry. You also know that Zhengbai has been injured beyond recognition. We don't even know if he can wake up. You can just push all the responsibility to

Zhengbai. If Zhengbai doesn't wake up, the police can't do anything to him either."

## **Chapter 2899 What Are You Suspecting?**

"Even if he wakes up, he will be severely injured and won't be able to even move in bed. He won't even be able to recover fully. It's uncertain whether he will be able to get off the bed. He's already paralyzed. Will he still

go to jail?" He Qingyang had thought it through.

It was also good that He Zhengbai was in this state.

He could just push everything to He Zhengbai.

Anyway, in He Zhengbai's current state, he would not be able to serve his sentence.

Or else, it would be really troublesome if He Zhengbai backed out completely after he succeeded, and the police started to investigate them.

Hearing what He Qingyang said, the assistant knew that He Qingyang meant what he said.

"Fine, I know what to say now," said the assistant, then he hung up.

After He Qingyang hung up, his expression was plain.

After returning to Yang Lin, he did not mention this to her.

Yang Lin looked at He Qingyang, full of doubts. "What is it? I heard it. What did you get found out for?"

"Nothing, it's work," said He Qingyang unclearly.

"It's not about Lu Qi's case?" Yang Lin looked at He Qingyang, full of suspicion.

If this was before, Yang Lin would not have doubted He Qingyang's words.

However, she witnessed the heartlessness of He Qingyang and He Zhongsong today.

So she really doubted He Qingyang's words, not believing him.

"Of course not," said He Qingyang immediately, frowning. "What are you suspecting?"

Yang Lin pursed her lips.

Of course she suspected that He Qingyang betrayed He Zhengbai for his own sake.

Yang Lin showed her thoughts on her face.

Surprisingly, He Qingyang did not try to come up with excuses.

wk

Given what the assistant said, combined with the bloodstain on the remains of his pants, He Zhengbai was a huge suspect.

As long as He Zhengbai was not awake, he could not be questioned.

However, the police could come for He Qingyang first.

Regarding this, He Qingyang expressed, "My assistant already told me that it's He Zhengbai who went straight to him. Zhengbai overrode me and asked my assistant to run errands for him. Because of me, the assistant

never rejects him."

The police asked, "Your assistant won't even report to you first before helping He Zhengbai run errands?"

As He Zhengbai's father, the police did not believe that He Qingyang was clueless about He Zhengbai's matter.

Who was he lying to?!

“Ever since Zhengbai was still going to school, he has always asked the assistant for help. In the beginning, my assistant would still tell me, but when it became frequent, I told my assistant that as long as it’s not

something big, just do it for him. If the assistant felt that it’s not really a good idea, he would tell me.

“This time, Zhengbai said he wanted to rent that sample house. It’s not something difficult to do, so the assistant agreed without telling me,” said He Qingyang.

The police took a few glances at He Qingyang and asked, “Don’t you feel strange about the reason He Zhengbai wanted to rent that kind of sample house? He’s the son of a rich family. What was he renting that for? Isn’t

it strange? Did the assistant not feel weirded out and tell you?”

He Qingyang said with a serious face, “That’s because Zhengbai is a director. He studied to be a director in the National Film Academy, then he studied postgraduate. Now, he has finished his postgraduate and started

directing movies.

“He’s a director, and shooting films may require various settings. So when Zhengbai said that he wanted to rent a sample house, the assistant thought that it’s for shooting a film. That’s why he did not feel that it was

strange,” said He Qingyang..

### **Chapter 2900 Was This His Hallucination?**

He Qingyang said almost the same thing as his assistant.

What they said matched, so the police could not do anything.

Even if they wanted to accuse He Qingyang of being an accomplice, they could not.

Everything had to wait for He Zhengbai to wake up.

However, He Zhengbai was so severely injured that even if he woke up, he might not be able to speak.

[It was uncertain whether his throat was hurt.

wk

At night, He Zhengbai’s face was still covered by an oxygen mask.

He twitched slightly. His eyebrows and eyelashes had been burned off by the fire.

They could not be seen with all the bandages covering him anyway.

In the dark, his eyelids twitched with difficulty as he gradually opened his eyes.

He was unsure whether the drugs given to him when he was severely wounded caused him to have hallucinations.

The moment he opened his eyes, he could vaguely see a person standing by the bed.

His eyes could not open fully.

His eyelids hurt. The pain felt like he was being burned and cut by a knife at the same time.

He passed out previously, so he did not feel it.

Now that he was conscious, whenever his eyelids moved, he was in agony.

He Zhengbai could not see himself from the perspective of a bystander.

Or else, he would have discovered that although he felt that he was blinking, from the perspective of a bystander, the movement of his eyelids would not be discernible.

This was because his eyelids were swollen; on top of them were wounds left by blisters, which had popped.

They were covered in bandages after ointment was applied.

He thought that he was opening his eyes, but actually, he had just opened a tiny slit.

Whenever his eyelids moved slightly, He Zhengbai felt that it was so painful that he would rather die.

This was excruciating.

Now that he had consciousness, he felt the agony from the burns throughout his whole body.

Now, his body could not even move; it was like every pore on his skin was being burned by fire.

He returned back to the agony of being burned by the huge fire in that sample house.

He Zhengbai wanted to scream, but just as he wanted to make a sound, his throat felt like it was being cut by a knife and was being torn apart.

He could not even make a bit of noise.

He Zhengbai was terrified. What should he do given the state he was in?!

He did not dare to blink, but it was impossible for his eyelids to remain stationary.

Even if he tried to hold it, there would also be times when he could not hold it anymore and he would blink.

Every time this happened, he would be in agony.

He Zhengbai squinted, feeling that someone stood at the foot of the bed.

He Zhengbai opened his mouth but he could not make a sound.

He did not know who was standing at the foot of the bed.

Perhaps it was his mother?

He Zhengbai did not know that Yang Lin was waiting outside the ward right now.

If someone looked inside the ward, they would find out that only He Zhengbai was in the ward.

However, He Zhengbai clearly saw the figure at the foot of the bed.

As his consciousness became clearer, the pain in his body intensified.

But the figure at the foot of the bed also became clearer.

He Zhengbai watched. Suddenly, the figure moved.

The figure was slowly moving towards him.

It was moving really slowly, and its movements seemed strange.

As though it was lame, it limped towards him.

Finally, He Zhengbai saw the figure in front of him clearly.

The person in front was completely black, and amid this blackness, blisters filled the whole body.

When it walked closer, He Zhengbai even smelled petrol.

Was this his hallucination? .
