

Mr Han 2901

### **Chapter 2901 I Beg You, Let Me Go!**

The “person” in front lowered its head slowly, inching closer to his face.

That face was hideous and scary.

The features of the face were melted. One eye was above while the other was beside the nose. The nose was crooked and the nostrils could not even be seen.

The bone in the nose was visible.

There was no upper lip, and the lower lip was filled with scars and blisters, showing the gums inside.

There were no teeth left.

A hand extended towards him slowly.

Its face was almost sticking to He Zhengbai’s face.

The most terrifying thing was that there were eyeballs in those eye sockets.

A liquid that smelled like petrol kept dripping from the eye sockets.

He Zhengbai was so horrified that he even held his breath.

If he could open his eyes, his eyeballs would probably have popped out right now.

He knew who this person in front of him was.

It was Lu Qi!

It was the dead Lu Qi!

He Zhengbai felt that his heart was going to stop.

He wanted to scream, but he could not make a single sound.

Not only could he not make a single sound, but his throat also hurt from trying to open his mouth.

He Zhengbai wanted to scream for help and call in people from outside.

However, he could not make any sound.

Where were the people?!

Where were the people?!

He Zhengbai’s tears almost flowed out.

Was... was this Lu Qi?

Lu Qi... Lu Qi was already dead!

Although he passed out during the explosion, right before he did so, he saw Lu Qi die in the flames with his own eyes.

That sample house was completely destroyed by the explosion. It was impossible that Lu Qi was still alive.

So what was this thing?!

He Zhengbai did not even care about the pain in his throat. Using all his strength, unmindful even if his throat broke, even if he spat blood, he wanted to scream for help.

But it still did not work.

He had tried so hard, but he still could not make any sound.

It seemed that the thing in front of him knew his intentions.

It suddenly opened its mouth before him.

The corner of her mouth broke open, moving the skin beside it.

Suddenly, a piece of skin dangled down.

Past her mouth, He Zhengbai could see that there were no teeth inside.

The inside of her mouth was black, and a foul stench was mixed in with the smell of petrol.

“Let go of me!”

“I beg you, let go of me!”

He Zhengbai moved his mouth. As he could not make a sound, he wanted to let her see the shape of his mouth clearly.

However, he could not even open his mouth now, so how could she know what he was saying by looking at the shape of his mouth?

But it was as though she knew.

The hand, which was full of wounds and blisters, was placed on his neck suddenly.

He Zhengbai quivered.

His neck was clearly covered in bandages, but he could still feel her bone-chilling coldness seep through the bandages and to his neck.

“Do you know who I am?” the person asked suddenly.

He Zhengbai opened his mouth, showing that he could not talk.

The person smiled creepily. “But you already guessed it, right?”

He Zhengbai’s pupils dilated.

“You’re scared now that you know? When you killed me, you were very bold!” said the person. “You took the chair and used it to hit me continuously. The leg of the chair even broke, but you still did not let me go.

“You enjoyed hitting me, right?” The person tilted her head and inched closer to him. “You think that you’re very capable, right? You chose to burn me because you felt that it won’t leave any trace, right?”.

### **Chapter 2902 How Is a B\*tch Like You Still Alive?**

He Zhengbai’s mouth was trembling.

Lu... It was Lu Qi...

But how could it be Lu Qi?!

She was already dead!

“Yes, I am dead,” said Lu Qi creepily. “But I died unjustly. I was burned to death by you, and the explosion ruined my whole face beyond recognition.”

Lu Qi came nearer to him. “Look at my face. I looked so good before.”

While Lu Qi was talking, her face suddenly changed.

Her features also moved.

The hideous and uneven blotches and blisters all disappeared. It became Lu Qi’s white and smooth face again.

It still looked beautiful.

The terrifying look also disappeared.

However, He Zhengbai’s fear was not reduced at all.

It was even more terrifying to look at Lu Qi’s beautiful face now.

He felt strangely frightened.

“But I died such a miserable death and I now look like this!” When Lu Qi finished speaking, her face changed again.

It returned to the look from before, in which all the features were melted together.

“What do you want to do?!”

He Zhengbai wanted to say that, but he could not make a sound.

Suddenly, liquid dripped from Lu Qi’s eyes onto He Zhengbai’s face.

The smell of petrol became stronger and stronger.

“He Zhengbai, for you, I sacrificed so much and put in so much effort, but you wanted to kill me for some benefits!” Lu Qi’s voice was stern.

“If you didn’t want to give money, you should have just said so! But you simply killed me straight away! He Zhengbai, you won’t die an easy death!

“Yes, you’re indeed not dying an easy death now.” Lu Qi smiled, tearing her skin and showing her flesh.

There was a liquid that smelled like petrol leaking from her mouth and dripping onto He Zhengbai’s face again.

“Look at yourself now. Are you in pain?” Lu Qi tilted her head into a weird angle.

Her head and her neck were at a right angle.

“You’re in agony and everywhere hurts, right? You don’t even dare to move, right? It hurts even to blink, right? You can’t even open your mouth?” Lu Qi smiled cruelly.

“These feelings, I had all of them when I was being burned by the fire,” said Lu Qi. “But I only suffered for a while. It’s gone when I died. Unlike you, who’ll have to bear the pain constantly.”

He Zhengbai was shivering from fear. Lu Qi mentioned every one of his conditions. He was hateful and frightened.

“As long as you don’t die, you will continue to suffer like this. This is your punishment.” Lu Qi looked at He Zhengbai’s face carefully.

“But I can’t tell, is it better for you to die or to live in suffering? Letting you die like this is letting you off too lightly. However, if you live, although you’ll be suffering, I’ll still feel that it’s not enough to appease my anger.

am already dead, but how is a b\*tch like you still alive?”

Lu Qi held He Zhengbai’s neck. “Should I let you die?”

He Zhengbai trembled even more.

“Oh, right, perhaps I can let you suffer more before letting you die, then I will kill you. That way, I will kill two birds with one stone,” said Lu Qi as she held He Zhengbai’s neck more strongly.

He Zhengbai could clearly feel the coldness from her hand.

The bandage rubbed against his neck and the wounds on it.

He Zhengbai was in so much pain that tears jumped out from his eyes.

“But it’s such a waste of time to let you suffer bit by bit. I can’t wait anymore,” said Lu Qi. “I want to kill you now.”.

**Chapter 2903 Can You Feel the Despair I Had Right Before I Died**

“Tell me, why did you wake up? How can you wake up? How can you live? You should die a painful death!” Lu Qi held He Zhengbai’s neck and shook it while tightening her grip.

He Zhengbai was already in agony even without anyone touching him, let alone when someone was holding him and rubbing against him.

He Zhengbai could not scream.

However, his tears flowed like a river.

“Let go of me!”

“Let go of me!”

He Zhengbai cried. He could not speak. He could not even show a look of begging even if he wanted to.

His whole face was covered in bandages, so his expression could not be seen.

His eyes could not open, so his begging look was blocked by his eyelids.

He Zhengbai only had one thought: it was better that he died now.

Lu Qi pulled the oxygen mask away from his face and choked him hard.

He Zhengbai felt that he could not breathe and that his whole body was in pain from the burn.

His eyes even rolled back.

He Zhengbai wanted to raise his head and grab Lu Qi’s wrist.

However, he could not move his hand at all.

Lu Qi let out an evil laugh. “Now, you finally know the feeling of not being able to resist!

“Back then, when I was in that sample house, I was the same. I was being beaten to a pulp by you, but I had no strength to resist. Just because you’re a man, you’re stronger than a weak lady like me. You’re so capable!

“Can you feel the despair I had before I died?”

He Zhengbai could feel it. He was in despair.

Lu Qi suddenly opened her lips, showing her bloody mouth, and pounced on He Zhengbai.

He Zhengbai froze, unable to move.

Only the slits between his eyelids and his lips could be seen; no reaction was discernible.

However, it seemed like his whole body was frozen, without any life.

The machine by his bed that showed his vitals suddenly displayed a smooth, straight line on the screen.

There was a long beeping sound.

It was then followed by frantic noises of footsteps from the corridor outside.

The doctor rushed in with the nurses.

Other than He Zhengbai, who was lying on the bed and whose heartbeat had stopped, no other people could be seen.

The doctor immediately checked on He Zhengbai.

Then, he tried one last time to save him.

However, it was futile.

Yang Lin had set up a foldable bed in the corridor to rest on.

At this time, Yang Lin could only think about He Zhengbai's safety, so she did not care about her own comfort.

She did not care about having to sleep in the corridor.

At midnight, Yang Lin was sleepy and half-awake.

When she heard the sudden noise of footsteps, Yang Lin remembered He Zhengbai and woke up instantly.

She saw that the doctor and nurses indeed went into He Zhengbai's ICU ward.

Yang Lin immediately looked inside through the tiny window on the door.

She saw the doctor and nurses inside stop their efforts to save him.

Then, the nurses covered He Zhengbai's body fully.

Yang Lin's heart dropped.

Losing all strength, she leaned on the wall.

Yang Lin could not even feel the coldness of the wall.

She stared blankly at the door of the ward.

Tears rolled down from her eyes.

When the doctor and nurses came out, Yang Lin rushed over instantly.

"My son... my son... what happened?" asked Yang Lin, grabbing the doctor.

"I am sorry," said the doctor softly. "The patient couldn't make it."

"How can it be..." Yang Lin collapsed on the floor, unable to accept this result..

#### **Chapter 2904 Are You Still Human**

Everything was going well, and then her son was just gone all of a sudden.

He Zhengbai was still so young, how... how could he die?

Yang Lin sat on the floor, crying. "Try to save him again, save him again! My son can still be saved, he can still be saved!"

"Save him again! He is still so young!" Yang Lin pulled on the doctor's white coat. "Maybe he can still be saved! Don't give up so quickly! Try again, try again!"

"Sorry, but we did our best," said the doctor. "I am sorry for your loss."

With difficulty, the doctor pulled out his white coat from Yang Lin's hands.

Yang Lin wanted to continue pestering him, but she was stopped by the nurses.

The nurses could not do anything. They could only comfort Yang Lin.

When Yang Lin finally accepted this truth, she gave He Qingyang a phone call.

"Zhengbai... is dead..."

When He Qingyang heard this news, his first reaction was to let out a sigh of relief.

Like this, the police would have no clues and would not be able to trouble him anymore.

However, what followed after was the sadness of losing his son.

However, He Qingyang was not as emotional as Yang Lin.

He was sad, but he was prepared.

During this time, it actually became easy to accept.

He lost his youngest son, but he still had his eldest son He Zhongsong.

"I will head over now and call Zhongsong over too," said He Qingyang.

Yang Lin burst into loud sobs. "Why are you so calm?! It's Zhengbai, our son, he is dead! It's because of you! You forced him to go! Now it's all good, even the troublesome Zhengbai is dead! That Lu Qi is a scourge! She's

already dead, but she still had to take away Zhengbai's life!

"How nice would it have been if she died by herself! She just had to drag Zhengbai down! When she was alive, she did not help Zhengbai a single bit, but when she died, she had to drag others down! I hate her! I hate

her!"

He Qingyang heard how noisy she was during the call and asked immediately, "Where are you now?"

"I am at the hospital! Where else can I be?" said Yang Lin, wailing.

"In which part of the hospital are you making so much noise?!" asked He Qingyang softly. "You are yelling so loudly, aren't you scared that others will know?"

He Qingyang! Are you still human?! Zhengbai died so miserably and painfully! Look at what he became from the burns! You can still worry about others knowing right now?!" Yang Lin was filled with rage.

f you're afraid that others will know, you shouldn't have forced Zhengbai! Now you're scared? Your son is dead but you don't feel anything. You don't feel sad and only think about your own matters."

"What nonsense are you talking about?! How can I not be sad about Zhengbai dying?! Stop yelling! Let's talk when we arrive," said He Qingyang.

Yang Lin pursed her lips in disappointment. After talking for so long, He Qingyang was still afraid that people would know about him from her yelling.

"Don't worry, I am not you. You would rather betray Zhengbai to save yourself, but I won't betray you," said Yang Lin weakly.

"When did I betray Zhengbai?" He Qingyang was unhappy. "I know that Zhengbai died, and in such a painful way. You're suffering inside and can't accept the truth now. You want to vent your anger towards me? Sure.

But you can't accuse me of something I didn't do.

"Zhengbai is also my son. I had hopes for him. How can I not be sad about him dying? But you keep attacking my wound. You're able to release your anger, but what about me? Am I allowed to feel better?"

## **Chapter 2905 I Want to Visit Xia Qingyang**

"Heh." Yang Lin sneered in disappointment. "You really think I don't know? When the police asked your assistant to accept the investigation, he specifically asked you for your opinion. You really think I don't know

about that phone call? You think you deceived me?

"You asked him to push all the responsibility to Zhengbai. You were thinking that because Zhengbai is severely injured, even if he didn't die, he won't be able to recover in a short time. If he died, then it would be better,

you can push all the charges to him with no worries. You can use anyone for your own sake!

"You would go to any lengths when dealing with others, but I didn't expect you to be so ruthless even to your own family. Every one of us in the family, we have to prioritize your benefits first, isn't that so?

"Don't worry, I won't tell others about this." Yang Lin was afraid that she had pressured He Qingyang and made him impatient, which might cause him to attack her.

Yang Lin had found out that the person she slept with was such an evil person.

The human heart was really scarier than a ghost.

After living together with He Qingyang for a few decades, she had finally seen his true colors now.

But Yang Lin would rather not have seen it.

At least then, she would not be so terrified.

After finding out He Qingyang's true colors, she was always fearful, unsure of when she would be betrayed by He Qingyang.

Could she continue living this life?

"Zhengbai is no longer here, I can't lose you too. It's just that this matter disappointed me," said Yang Lin. "If I can go back in time, I would definitely stop Zhengbai from doing this. As long as he is alive, everything else

can be slowly planned."

He Qingyang sighed. "I will be there soon."

wee

He Qingyang and He Zhengsong arrived at the hospital. There was no need to mention how they were with Yang Lin.

Anyway, He Zhengbai was already dead.

The only family members left were here. Even if Yang Lin had resentment, she could not ask He Qingyang to die with He Zhengbai, who was already dead.

So the matter regarding He Zhengbai was left unresolved.

Yang Lin was the saddest over He Zhengbai's death.

Although she complained, she had still chosen to sacrifice He Zhengbai.

Lu Man heard that He Zhengbai did not make it and died in the end.

Lu Man kept quiet for a while.

Han Zhuoli thought that Lu Man was a little sad because of He Zhengbai's death.

Unexpectedly, after being silent for a while, Lu Man said, "I want to visit Xia Qingyang."

Han Zhuoli was confused, so Lu Man explained, "In the past life, I was framed and went to jail. As my mom was not well, I asked Tang Zi to take care of her and to hide the fact that I was in jail, telling her that I was sent

overseas for eight years, unable to come back.

"Whether my mom believed it or not, at least it gave her hope. She could look forward to each day as she waited for me to return. She could have a source of hope and support to ensure she took care of her own body,"

said Lu Man.

"However, just when I was about to come out, Xia Qingyang brought Lu Qi along and went to my mom, telling her that I wasn't away for work but was in jail because I killed someone. My mom was shocked and she

became sick, causing her to pass... pass away..." Lu Man's eyes were bloodshot.

"Even if my mom is fine in this life, I can't forget the pain from the past life. I had finally gotten out of jail, and I went to find my mom the moment I came out. However, I was told by the neighbors that my mom was

dead. They told me how my mom had died."

## **Chapter 2906 Absolutely Evil**

"Two lives have passed, and I still can't forget." Lu Man heaved a long sigh. "Now, our roles were unexpectedly switched. In the past life, they were so nice as to tell my mom about me being in jail. Now, Xia Qingyang is

in jail and separated from the outside world. How can I keep her in the dark?"

Lu Man put away her thoughts and raised her head to look at Han Zhuoli. "Do you think I am very bad?"

"How is this being bad?" Han Zhuoli pulled Lu Man up. "You're being good-hearted by telling Xia Qingyang about it. How can she not know?"

Not only did Han Zhuoli say this, but he even had an expression saying that she was a kind lady.

Lu Man's mouth twitched, and she felt embarrassed.

She wanted to visit Xia Qingyang because she wanted revenge, so it could not be counted as being good-hearted.

Who would expect Han Zhuoli to be so supportive?

And Han Zhuoli even felt that this could not be delayed. He dragged Lu Man with him and headed out.

At the entrance of the jail, Han Zhuoli and Lu Man entered together.

Lu Man did not stop him.

Anyway, no matter which side it was of her, whether it was good or bad, Han Zhuoli had seen it all.

She had nothing to hide from Han Zhuoli.

And she had also told Han Zhuoli about her intention for coming here.

Later, no matter how she behaved, Han Zhuoli would not be surprised.

The two arranged to meet Xia Qingyang.

The two sides were separated by glass.

At first, Xia Qingyang still did not know that it was Lu Man who came to visit her.

She thought that it was Lu Qi.

Ever since she entered prison, except at the start when Lu Qi came two times, Lu Qi had never visited her again.

It was impossible that Xia Qingyang was not sad.

Honestly, she was disappointed in Lu Qi.

Days passed, but she still did not see Lu Qi.

Xia Qingyang had given up and stopped having hope.

Unexpectedly, the prison guard told her that someone was here to see her.

Xia Qingyang felt excited, thinking that Lu Qi came.

She was even smiling as her face glowed.

Lu Qi did not forget about her.

It must be because Lu Qi had been too busy, so she could not come.

Without her, nobody was around to help Lu Qi, so it must be hard for Lu Qi to be all alone outside.

She should have understood Lu Qi more.

When she arrived full of joy, she found out that the one who came to see her was not Lu Qi but Lu Man and Han Zhuoli.

Xia Qingyang's face darkened immediately. With a disheartened expression, she wanted to go back.

The prison guard stopped her. "What are you doing?"

"I don't want to see them," said Xia Qingyang with a gloomy expression.

"It's visiting time now. If you are unwilling to see them, then you will have to return to doing labor," said the prison guard.

Xia Qingyang weighed out the options and decided that she was unwilling to do labor; it was good to rest for a while as well.

So, with a long face, she sat in front of that glass.

She took the phone that hung there and asked rudely, "What are you doing here?"

Lu Man also took the phone and put it to her ear. "There's something I must tell you."

Lu Man raised her eyebrows. "I thought that since you are here, you are likely separated from the outside world, receiving late news about what's going on. I'm being good-hearted by coming here to tell you about

something."

Xia Qingyang sneered. "How good of a heart can you have?!"

Lu Man pursed her lips and said, "I am here to tell you that Lu Qi is dead."

Xia Qingyang glared at Lu Man. "What did you say?! Don't talk nonsense! Lu Qi is well and alive. How dare you curse her to die? Absolutely evil!".

### **Chapter 2907 You're Lying to Me**

"Why would I lie to you about this? Lu Qi is dead. She was burned to death in a fire. The fire even reached a gas tank, causing an explosion. You can imagine how miserable Lu Qi's death was."

Xia Qingyang trembled. "No! Impossible! Gas tank? Heh!"

Xia Qingyang sneered. "This is such an outdated thing. Why would Lu Qi go to a place with gas tanks? You don't even have a script when you want to lie."

"I won't lie to you about this. This has caused a huge commotion out there; it's even on the social news. Lu Qi had been walking on the edge of the entertainment industry for many years and had not been on the

trending searches since. However, because of this, this news became one of the trending searches.

"Actress Lu Qi died in a fire," said Lu Man.

"You guys are provided with newspapers, right? Just wait until you look at the newspaper or when you surf the web during a time you're allowed."

Lu Man spoke with certainty, seeming as though she was not afraid that Xia Qingyang would go and check.

Xia Qingyang was not so sure anymore.

"No... no..." Xia Qingyang shook her head continuously as she kept telling herself that.

"However, Lu Qi did not die in an accident but was murdered by someone," said Lu Man. "Do you know who killed her?"

"Stop talking, I don't believe you! I don't believe you! I won't believe your words!" Although Xia Qingyang said this, she still held the phone, not putting it down for even a moment.

Lu Man knew the true thoughts in her heart just by looking at her reactions.

"It's He Zhengbai. Lu Qi had no use for him anymore. You used entering prison as a condition to make He Zhengbai marry Lu Qi. However, Lu Qiyuan did not care about Lu Qi anymore. The He family could not gain any

benefits from Lu Qi, so they began to despise the fact that Lu Qi took the position of He Zhengbai's wife, being an obstacle in He Zhengbai's future. It also became a reason they could not find another daughter of a rich

family.

“So the He family members treated Lu Qi harshly, and He Zhengbai had been with Sun Jingfei outside for a long time. He Zhengbai told the public that he was single and was not married, publicly drawing a line between

him and Lu Qi. In order to marry Sun Jingfei, he had to divorce Lu Qi.

“But Lu Qi was not easy to send away; obviously, she had to ask him for benefits. He Zhengbai was unwilling to give Lu Qi any benefits, so he decided to burn her to death. In the end, the fire even caused a gas tank to

explode. The whole house exploded, and Lu Qi died in that house.

“Xia Qingyang, it’s your good son-in-law who killed your daughter himself.” Lu Man leaned forward towards the glass. “You sacrificed so much and entered jail just to let Lu Qi marry He Zhengbai. But you didn’t expect

that your actions would push Lu Qi into a pit of fire.

“If she had not married into the He family, Lu Qi wouldn’t have been bullied so harshly, and she wouldn’t have died in the end.” Lu Man leaned back on the chair and relaxed. “However, don’t worry, the harsh treatment

that Lu Qi received from the He family would never be even a tenth of what I had experienced with the Lu family. So, actually, it’s not a big deal. Think about what I experienced, then take out a tenth, then you would be

pleased.”

“You’re lying to me, you’re lying to me!” Xia Qingyang growled furiously.

“Heh!” Lu Man chuckled. “You don’t believe me now, but just wait for tonight’s newspapers.”

The news from before had been suppressed all this while.

But today, He Zhengbai had also died..

## **Chapter 2908 Everything on Here Is True?**

As such, Lu Qi’s matters could not be suppressed anymore.

So it became a trending search.

If this continued, it would be on the news tonight.

Lu Man just wanted to tell Xia Qingyang about this.

Now that she had said it, she had no other intentions.

So Lu Man did not say anything more to her.

She put the phone back.

Xia Qingyang put it back in despair.

Her gaze was straight, but it was blank.

Even if Lu Man was standing right in front of her with a glass in between them, it was as though Xia Qingyang did not see her.

She turned around and walked back.

Sadly, Xia Qingyang's body was very healthy and she had no sickness, so she could not die from the anger.

Lu Man looked at Xia Qingyang's staggering figure from the back, but she did not feel soft-hearted at all.

Xia Qingyang felt this way for Lu Qi. In the past life, when Xia Qingwei heard similar news, she could not imagine what pain it must have caused her for her sickness to be triggered, causing her to die.

When it came to Xia Qingyang, she had no thoughts about doing to others what you want others to do to you.

She only knew that she had to exact revenge!

When Xia Qingyang returned, she kept waiting for the break time in the afternoon so she could read the newspapers.

When it was finally that time, Xia Qingyang immediately found the evening paper for that day.

Her hand trembled as she prepared to look for news regarding Lu Qi on every page of the newspaper.

Unexpectedly, the moment she took the newspaper, she saw a bolded and stirring title on the headlines of the front page.

"Once-famous actress died in fire."

Xia Qingyang started trembling. Her heart felt cold and her mind went blank.

Then, she finally gathered some focus to look at the content.

The article said, "Actress Lu Qi, who played the main character in 'Woman Schemes;' 'Royal Concubine,' and other movies, was confirmed to have died in a fire in a sample house right beside Jincheng Garden on the

night of the 23rd. The sample house had huge hidden dangers as it even had a gas tank used for cooking. The fire detonated the gas tank, causing an explosion..."

Xia Qingyang was in no mood to continue reading the rest.

She was in distress, not knowing what to do.

She threw the newspaper down, got up, and walked a few steps before returning to take the newspaper on the table to the prison guard.

“Everything on here is true?” Xia Qingyang was now suspecting that Lu Man had had this newspaper specially printed and sent here to deceive her!

With Han Zhuoli’s power, this could definitely be done.

Xia Qingyang would rather believe this than believe that Lu Qi was already dead.

After she entered, other than the two times that Lu Qi came to visit in the beginning, Lu Qi never came again.

And Xia Qingyang was not stupid.

In here, she could actually think things through.

Her entering jail was probably a trap that He Zhengbai and Lu Qi had set up.

It was so she could take the rap for He Zhengbai’s crimes.

While she was outside, there were a few times when Xia Qingyang had noticed how unreliable Lu Qi was.

She remembered that she had already been betrayed by Lu Qi a few times.

She also felt disheartened before, knowing that she could not rely on her own daughter.

However, no matter what, Lu Qi was still her daughter.

Every time, she told herself to watch out for Lu Qi and not to be strung along by her.

But at the last minute, she would forget the words of warning that she told herself.

Every time she got too excited, she would only think for the good of Lu Qi and would do anything.

It was all to let Lu Qi have a good life..

## **Chapter 2909 I Don’t Believe It!**

She entered this place resolutely.

But after calming down in here, she realized that it was Lu Qi who had put her in here.

In order to marry He Zhengbai, Lu Qi had used this as a trade and put her in jail.

Lu Qi was even willing to sacrifice her own parents to reach her own goal.

Time passed slowly while Xia Qingyang was in prison, and it was as though she could not see the end.

She thought about how much she had sacrificed for Lu Qi, but Lu Qi did not even come to visit her.

She could not help but feel disheartened.

But she did not expect Lu Qi to die with her none the wiser.

And she died such a terrible death!

Now, she no longer felt disheartened, she only felt heartbroken.

She grabbed the prison guard and asked, "Did... did someone switch the newspaper?"

The prison guard was confused. "How can a newspaper that was sent in be switched? What's the use of switching newspapers? This is today's evening paper!"

"Impossible! Impossible!" Xia Qingyang held on to the prison guard. "It's Lu Man and Han Zhuoli. They sent in a fake newspaper to crush me!"

The prison guard knew about the relationship between Xia Qingyang and Lu Man, so she understood Xia Qingyang's words.

She said, "Would they do such a troublesome thing just to crush you? Since you know that Han Zhuoli has this power, then you should know there are easier ways available to him. Why would he use such a tortuous

way?"

However, Xia Qingyang would rather believe that this was done by Han Zhuoli and Lu Man.

The prison guard looked clearly at the news that Xia Qingyang was pointing at and said, "The news on this newspaper is true. There was already news about it on the internet two days ago."

"No, I don't believe it!" Xia Qingyang had an expression full of despair.

She wanted to find Lu Qi once she had gotten out of jail.

She wanted to reunite with Lu Qi.

Lu Qi also said that she would wait!

When the prison guard saw Xia Qingyang's state, she pitied her.

She sighed and said, "Come with me. Because you're a special case, I allow you to search it online."

The prison guard brought Xia Qingyang to the computer room.

The computer room was opened for an hour every week so that the criminals could learn some computing knowledge.

Once they were out, they would have some skills. They would at least not be clueless about everything and be behind the times.

There was no computer class today, so the prison guard made an exception to open the computer room for Xia Qingyang.

"Search it online yourself. If you think that Han Zhuoli and Lu Man specially printed a newspaper just to get on your nerves..." The prison guard wanted to comment about how egotistical she was.

Did she know how troublesome this was?

However, she remembered that Xia Qingyang had lost a daughter.

The prison guard also pitied her.

“Check it online yourself. There are so many news articles. Han Zhuoli can’t switch every single one of them for you,” said the prison guard.

Xia Qingyang turned on the computer.

The computer was slightly older, so it was still the heavy, boxy type.

It also took a long time to turn on.

After a while, it finally did.

The computer only had Explorer as its browser.

Xia Qingyang clicked on it immediately and searched the keyword “Lu Qi.”

Before she even typed the word “fire,” she saw the many related searches automatically drop down from the search box.

Among them were “Lu Qi fire,” “Lu Qi died in explosion,” “Lu Qi’s death,” and others.

After only “Lu Qi” was typed, all the related searches were about Lu Qi’s death.

Xia Qingyang randomly picked one and saw that a few famous web portals had news related to Lu Qi’s death.

Xia Qingyang clicked the website that she always used to check the news..

## **Chapter 2910 Nothing to Do with This Life**

When she saw the text of the article, she found that it was almost the same as what was written on the newspaper.

“No! No!” Xia Qingyang got up, absentminded. She did not close the webpage or turn off the computer. She just went out in low spirits.

The prison guard did not have the time to worry about the computer. She followed Xia Qingyang and contacted her colleague to turn off the computer.

Once she saw that Xia Qingyang had made her way back, she stopped focusing on her.

She did not expect Xia Qingyang to go crazy.

Whenever she met someone, she would ask, “Say, Lu Qi is dead, is it real?”

Whether it was a prison guard or a cellmate, whenever she saw someone, she would ask them this.

She asked every prison guard and cellmate.

And she did not just ask one time. Those who were lucky were only asked once.

Most people were asked more than three to four times.

Xia Qingyang's roommate was the unluckiest.

Ever since Xia Qingyang returned, she kept asking her roommate.

The roommate's effort to answer her a few times was futile; it was as though Xia Qingyang did not hear her answer. Xia Qingyang continued asking without stopping.

She did this until her roommate was so irritated that she was about to break down, so the roommate went to the prison guard.

The prison guard saw that Xia Qingyang was not in a good state, so she sent Xia Qingyang for a checkup.

Who would have expected that Xia Qingyang had really gone insane?

Lu Man did not tell Lu Qiyuan about Lu Qi's death.

It was because that man was a selfish man like Lu Qi.

Because of Lu Q's betrayal, for a long time now, Lu Qiyuan and Lu Qi had stopped contacting each other.

He probably did not recognize Lu Qias his daughter anymore.

Even if she told Lu Qiyuan, it would not affect him.

And Lu Man was unwilling to look at Lu Qiyuan's face, so she did not go to see him.

After a few days, she heard about Xia Qingyang going insane in prison.

After that, Lu Man stopped paying attention to things related to them.

"Among my enemies in my past life, two are dead and one has gone crazy. Finally, I have received closure." Lu Man sighed after hearing about this news.

Han Zhuoli held her hand while placing his other hand on her bulging stomach.

"You had a chance to do it all over again, to choose a completely different life from your past life. You have done it. Actually, since long ago, you already have nothing to do with them, and they can't hurt you anymore."

Since she was reborn, she had to get rid of her past trauma.

Finally, with the death of He Zhengbai and Lu Qi, and with Xia Qingyang going mad, Lu Man had finally gotten out of it.

"Mhmm." Lu Man nodded. "I think that now their matter has ended, from now on, I won't think about my past life anymore. I will focus on this life. Whatever happened in my past life has nothing to do with this life."

From now on, she was truly starting a new life.

Lu Man did not tell Lu Qiyuan about Lu Qi.

However, Han Zhuoli still asked someone to tell Lu Qiyuan. He did not go himself.

He was busy taking care of Lu Man, and how much dignity did Lu Qiyuan have to be worthy of Han Zhuoli seeing him himself?

Lu Qiyuan was not his proper father-in-law.

In prison, Lu Qiyuan heard about what happened to Lu Qi and He Zhengbai.

He had mixed feelings.

He wanted to laugh, because this was Lu Qi's and He Zhengbai's punishment!

He was so good to Lu Qi, but that ingrate plotted against him with other people.

Now, it was good.

She did not listen to him and betrayed him; in the end, she married a bad person.

She suffered a lot with the He family, and in the end, she could not even save her own life..
