

Mr Han 2911

Chapter 2911 Blindly Confident

But in the end, Lu Qi was still his daughter whom he had loved for 20 years.

In the past, he was really devoted to Lu Qi, giving every good thing to her.

In the same degree that he was good to Lu Qi, he was terrible to Lu Man.

It seemed that in Lu Qiyuan's heart, he could be nice to only one person.

If he was nice to one person, his heart would not be able to contain another person, so he must treat other people badly.

He was good to Lu Qi, so he treated Lu Man terribly, ignoring her and treating her harshly.

To Lu Qi, this was a blessing.

Everything good at home was given to her, and with Lu Man as a comparison, it was more obvious that Lu Qi was spoiled, showing her superiority.

It was because he was so good to her in the past that Lu Qiyuan was having mixed emotions now.

Regarding Lu Qi's death, other than feeling that she deserved it, he also felt a little sad.

After all, she was the daughter whom he adored.

He felt lost in his current emotions.

However, Lu Qiyuan was not affected like Xia Qingyang was.

After all, he did not have any feelings left for Lu Qi. After feeling disappointed, he continued to think about how he was going to last through prison.

In the end, he was still a selfish person who only thought about himself.

From the beginning to the end, he did not ask about her funeral affairs after Lu Qi had died.

He also did not ask about how Xia Qingyang was.

RE

Lu Qiyuan was still strong and alive in prison while Jiang Huaizhou's career was beginning to see light.

After more than a month of putting it into practice, it was proven that his investment insight had not worsened.

Jiang Huaizhou did not rush to take action. He understood and analyzed the current situation first.

After trying things out a few times and discovering that it worked, he invested all his savings into it.

In the end, he gained a substantial amount of profits.

This gave him more confidence to continue his plan.

He had some form of results and had earned quite a bit.

So he could make life at home more comfortable.

However, as he was about to start a company, he could not live lavishly immediately.

But at least, from how things looked at present, that old house of theirs would not need to be sold.

So he did not need to touch the money from that old house.

However, he still had to use Jiang Yujie's money.

After all, he did need some funds.

But unless he had no other choice, he would not touch Jiang Yujie's money.

Even if he did not touch it, however, he would still give out dividends to Jiang Yujie.

Jiang Huaizhou was still pretty confident in his own ability.

However, he was not blindly confident.

While he was in prison, he did not have any hope.

He wanted to come out after getting through the prison term.

However, he did not expect that Jiang Yujie would rescue him earlier.

But no matter what, he had the experience of going to prison.

He had also thought about how hard it would be for him to have a fresh start.

He did not expect to get back on his feet so quickly because of his family's support.

He could start a new career.

Jiang Huaizhou did not expect that his start after he was released could be so good.

He did not experience the difficulties that other people had experienced.

This was all because of a family who supported him and Jiang Yujie.

Every time he thought about these, Jiang Huaizhou felt warm in his heart.

He had not told his family about him earning quite a bit of money.

He planned to give his family a surprise today.

Today, he invited his family to a restaurant for a meal. It was to celebrate having a fresh start after he was released and having a good beginning, which gave him hope.

At the same time, he also bought a gift for his family using the money that he had earned. .

Chapter 2912 Only a Few Yuan

Obviously, he would not spend all of his money.

He still had to keep some for his next plans.

If he dared to spend it all, his family would not be happy as well.

Jiang Huaizhou bought his gifts for Mr. Jiang and Mrs. Jiang, then looked for one for Jiang Yujie.

He entered a store and saw a tiny heart necklace made from red coral at the counter.

The tiny red heart looked exquisite and cute.

The necklace did not look eye-catching, but when he saw this beautiful red color, Jiang Huaizhou thought about Jiang Yujie's snow white skin.

She would look gorgeous wearing this tiny red heart.

"Sir, which one do you want to look at? Shall I take it out for you to have a look?" said the shop assistant, smiling while walking over.

Jiang Huaizhou was fair-skinned and handsome, and he gave people a good first impression.

Jiang Huaizhou pointed at the tiny red heart through the glass. "I want to take a look at this."

"This is the classic style of our brand," said the shop assistant. "It seems really ordinary, but in reality, it looks amazing and chic when worn."

The shop assistant took out two necklaces from the cabinet.

There were two sizes of the red heart on the necklaces.

"But most people will choose the smaller one as it is exquisite and cute," said the shop assistant.

Jiang Huaizhou was a little surprised that the shop assistant would recommend the smaller one.

After all, the bigger one was a lot more expensive than the smaller one.

Jiang Huaizhou held the two necklaces up and looked at them. He wondered whether the smaller one was too tiny and not eye-catching enough.

It seemed like the shop assistant had seen through his concerns, so he placed both the red hearts on the back of his hand.

"You can compare it this way," said the shop assistant. "This is a collarbone necklace, so after it is worn, the tiny red heart will be right in the middle of the collarbones."

Jiang Huaizhou imagined it for a while. Jiang Yujie's collarbones were beautiful and refined.

Once this tiny heart was placed at the edge of her collarbone, the contrast between the red and the white would be vivid.

Then he felt that it suited Jiang Yujie.

On the other hand, the big red heart did not have the feeling of being cute and exquisite.

So in the end, Jiang Huaizhou still bought the tiny red heart.

Then, he carried the gifts for Mr. Jiang, Mrs. Jiang, and Jiang Yujie to the restaurant where he had a reservation and waited there.

That restaurant had a good reputation and environment. Its price was also acceptable.

He even reserved a private room that was just big enough for the four of them.

After Jiang Huaizhou had waited in the room for a while, Mr. Jiang, Mrs. Jiang, and Jiang Yujie arrived.

Mr. Jiang and Mrs. Jiang had actually not eaten outside in many years.

The two were not even willing to eat at food stalls or small restaurants.

They felt that that money was better off used to cook something for themselves as it was cleaner and cheaper.

Mrs. Jiang even calculated the cost of buying the ingredients, the gas, the peanut oil, the seasonings, and such, and she found out that it was a lot cheaper than eating at small restaurants outside.

So no matter how tired and busy the two were sometimes, they would not eat outside just to make things easy.

After Jiang Yujie graduated and started earning money, she brought the two out to have a meal once.

In the end, the two calculated the money that was wasted and thought that it was better to eat at home.

Mrs. Jiang's cooking was also delicious.

This and that were all much better at home.

Whenever they ate a dish, Mrs. Jiang would say, "I can cook this too. Don't eat this outside; when you want to eat this, I will cook it for you at home."

Or she would say, "Isn't this just fried vegetables? In restaurants, it costs dozens a plate. At home, it only costs a few yuan."

Chapter 2913 It Was Better to Sit Down

They would keep saying such things while having the meal.

Even Jiang Yujie would not be able to take it.

She was good-hearted and wanted to bring the two out for them to relax and enjoy.

Who'd have expected that this meal would be frustrating for Jiang Yujie and would not make Mr. Jiang and Mrs. Jiang feel at ease?

They felt distressed with every bite they took.

So Jiang Yujie did not dare to take them out for meals anymore.

So many years after that incident, this was their first time eating out.

And it was at a restaurant that had such a good environment.

From the moment they entered the restaurant, Mr. Jiang started whispering to Mrs. Jiang, "How expensive is this place? Why does Huaizhou not know how to save money?"

This is a time for him to start a business. How can he come out to waste money?"

Jiang Yujie was really worried that the two would say that to Jiang Huaizhou when they entered the room later.

After all, Jiang Huaizhou was excited to have a meal with them. It would affect his mood if Mr. Jiang dampened his enthusiasm the moment he entered.

In the end, before Jiang Yujie could warn them, the two had entered the room already.

Then she heard Mr. Jiang say, "Why did you want to eat out all of a sudden? With one look, I know that this place is expensive. You're starting a business, so how can you waste money?"

Jiang Huaizhou chuckled without minding it and said, "That's because I made a profit from my first big investment. Before that, I kept trying to understand the current

situation. After testing the waters a few times, I found out that it's not bad, so I tried it out with a big one. The profit this time let me know what I'm doing.

"After all, it's the first time that I had such a good result, so I wanted to treat you guys to a meal to celebrate," said Jiang Huaizhou.

"Even so, you didn't have to go to such an expensive restaurant. You can tell us and we'll prepare at home. It's all the same," said Mrs. Jiang.

"It's different. This is Big Brother's good gesture, not wanting you guys to busy yourselves. If we ate at home, you would have to cook since Big Brother doesn't know how.

How can that be considered a treat? Is it counted as a treat if he just paid for the groceries?" said Jiang Yujie.

"But this is too wasteful," muttered Mrs. Jiang.

"Mon, it's a good thing that Big Brother has earned money. This means that it will only get better from here," said Jiang Yujie. "This is a nice gesture. Besides, we've already

made reservations. It's useless to say anything now. It's better to sit down and enjoy.

“And it’s just this one time. Big Brother has earned his first profit and this is memorable. So we have to come out and celebrate. He won’t celebrate every time he makes a profit.” Jiang Yujie gave Jiang Huaizhou a look. “Brother, am I right?”

Jiang Huaizhou nodded instantly. “Yes, this is just a gesture. Dad, Mom, stop rejecting it and sit down. Let’s have a meal together. Mom is always busy every day. You should rest today and give yourself a holiday.”

Mrs. Jiang finally agreed.

But after Mr. Jiang sat down, he said, “Even then, you didn’t have to reserve a private room. It’s the same if we ate in the hall.”

Jiang Huaizhou sighed. “Dad, if we eat here, it’s just the four of us; we can say anything openly and will feel more at ease.

“Dad, it’s my bad. When I was in prison, you guys suffered outside, so you’re thrifty and are reluctant to spend money.” Jiang Huaizhou continued, “Don’t worry, I am not lavish. But I will come out once in a while to regulate my life. Dad, Mom, I am not feeling arrogant just because I earned some money, forgetting who I am. Don’t worry, our days will only get better from now on.” .

Chapter 2914 Hope You Will Like It

“Okay.” Mr. Jiang reluctantly accepted it.

Mrs. Jiang also agreed, but it still pained her heart.

Jiang Huaizhou was suddenly stressed. He did not know whether he would be reprimanded if he gave them gifts.

However, he already bought the gifts, so he could not waste them.

Extremely perturbed, Jiang Huaizhou took out the gifts for Mr. Jiang and Mrs. Jiang.

He bought a silk scarf for Mrs. Jiang and a belt for Mr. Jiang.

“Dad, Mom, I was unfilial and made you guys worried for me even though you’re so old,” said Jiang Huaizhou. “I consider this my new life now that I’ve come out. It’s like being reborn, starting everything from scratch. I

am lucky that this beginning is going smoothly.

“To me, this is a very memorable moment,” said Jiang Huaizhou. “These gifts are for you guys, and I bought them with the first money that I have earned after getting a new life.”

Mrs. Jiang said in distress, "This... this is too expensive. We don't actually need any gifts. It's fine as long as you guys are well."

"Yes. Why did you waste this much money?" added Mr. Jiang. "It's good enough to save it for you to start a business. Don't start spending lavishly after you have earned money."

Jiang Huaizhou sighed and said, "It's not lavish. I planned it. I took out some money for gifts from the money that I have earned. This is nothing compared to the money that I have earned. The rest of it will still be used

for starting a business. I didn't spend lavishly just because I have earned some money.

"Dad, Mom, please accept it. Just do it so I can feel better," said Jiang Huaizhou in frustration. "I was not with you guys these past two years and even made you worried. Now, our lives will only get better."

Mr. Jiang and Mrs. Jiang finally accepted it.

Jiang Yujie did not dare to ask about her gift after seeing that both their parents had received gifts.

She was afraid that if she said something, Mrs. Jiang would scold her.

She might say that she was being immature, asking Jiang Huaizhou for a gift at such a time.

However, Jiang Yujie's thoughts were all in her eyes.

Jiang Huaizhou understood everything just by taking a glance.

Jiang Huaizhou smiled. This little girl's eyes had always known how to speak.

"And here is yours." Jiang Huaizhou gave Jiang Yujie the gift.

"What is it?" Jiang Yujie was curious.

"Open it and take a look now," Jiang Huaizhou said as he smiled.

"Can I?" said Jiang Yujie, surprised. "Can I open it now?"

"Of course," said Jiang Huaizhou. "It's for you anyway. Open it now and see if you like it or not."

He paused and said, "I hope you like it."

He went on, "When I saw this, I thought that it suited you. You will look good wearing it. See if you like it or not."

Jiang Yujie did not say that as long as it was from Jiang Huaizhou, she would definitely like it.

No matter what it was.

Jiang Yujie opened the box and saw that a necklace was lying inside.

The pendant of the necklace was a tiny red heart.

Jiang Yujie knew this brand and had always liked this design, thinking that it was delicate and beautiful.

Although it was not something that was really expensive, it was a worldly possession.

Jiang Yujie felt that she should save whatever she could save. It was not something that she needed anyway.

So she did not buy it.

She did not expect Jiang Huaizhou to give her this necklace.

Jiang Yujie held the necklace up. "I've been eyeing this necklace for very long. I like it, but I didn't buy it."

Chapter 2915 She Smiled, Then She Started Crying

This clearly meant that she liked it a lot.

Upon hearing that, Jiang Huaizhou let out a sigh of relief. "Then that means I bought the right one."

"I really like it," said Jiang Yujie, smiling. "Brother, thank you. This is beautiful."

The shirt that Jiang Yujie was wearing today did not have a huge collar, but it could show her collarbone.

Jiang Huaizhou saw this and said, "Shall I help you put it on?"

The two sat next to each other.

Jiang Yujie nodded and turned around, showing her back to He Zhengbai.

She moved her long hair in front, showing the thin and beautiful curve of her nape.

Jiang Yujie's neck was slender; when she lifted her hair, there was that beautiful curve.

On her snow-white skin, there were a few strands of black hair left behind. They looked like ink on her fair skin.

Jiang Huaizhou took the necklace and put it on her. Inevitably, his fingertips touched the skin of her nape.

The parts of her nape that were touched by him turned pink.

The touch of his fingertips was also smooth and fine.

Watching the scene between these two, people's eyes would be blessed, and they would think that they suited each other so much.

But Mr. Jiang was frightened as he watched from the opposite side.

These two were too suited to each other.

"Okay," said Jiang Huaizhou, smiling. "Turn around. Let me see how you look."

Jiang Yujie lowered her head and touched the tiny red heart hanging between her collarbones, then she positioned the tiny red heart right in the middle.

After she positioned it nicely, she turned around.

Jiang Huaizhou's gaze fell on the tiny red heart between her collarbones.

It was exactly like what he imagined.

Jiang Yujie's skin was white, and together with the tiny red heart, she looked gorgeous.

Jiang Yujie felt that as Jiang Huaizhou's gaze landed on her, the skin between her collarbones felt a little hot.

She felt uneasy and moved the red heart, covering the burning skin below it.

"How is it? Does it look good?" asked Jiang Yujie.

It was as though Jiang Huaizhou's answer was really important to her.

Jiang Huaizhou smiled as he nodded earnestly. "It's beautiful. It suits you a lot."

Jiang Yujie touched the tiny red heart between her collarbones. Her fingertips were a little hot.

She smiled, and as she was smiling, her thoughts seemed to have drifted far away.

She lowered her eyes. Jiang Huaizhou could not see the expression in them.

Jiang Huaizhou did not think too much.

After ordering the dishes, the four ate together.

Luckily, Mr. Jiang and Mrs. Jiang had self-control and no longer said anything about how eating outside was too wasteful.

It was impossible that Jiang Huaizhou would let them know how much this meal cost.

However, while they were on the way back, Mrs. Jiang could not hold it back and said, "Next time, if we can eat at home, let's eat at home. It's pretty good to eat at home too."

Jiang Huaizhou did not refute Mrs. Jiang's words. Instead, he smiled.

When they got home, after Jiang Yujie tidied up, she went inside her bedroom.

Now, both she and Jiang Huaizhou were old.

To avoid suspicion and to stop Mr. Jiang from overthinking, it was not good for the two to always stay together.

Jiang Yujie sat on the bed, touching the tiny red heart between her collarbones with her fingertips. Then, she looked in the mirror.

The life that Jiang Huaizhou had restarted was at least smooth in the beginning.

She once told herself that after she saved Jiang Huaizhou, she would leave.

However, after Jiang Huaizhou came out, she was reluctant to leave.

She told herself to wait. Jiang Huaizhou was only just starting his business, and it would be too difficult. She could stay to help, or else Jiang Huaizhou would not be able to

do all the work by himself.

If she abandoned Jiang Huaizhou during the time when he needed help the most, she would not be at ease.

Once Jiang Huaizhou had a smooth beginning and once she saw that he had a good start, she could leave in peace..

Chapter 2916 Inconvenient for Me to Stay Any Longer

But she knew this was just her excuse.

Because she couldn't bear to leave, she kept finding reasons to stay.

But she knew she had to leave.

Excuses were just that, excuses.

In her heart, she knew she couldn't lie to herself anymore. She didn't wish to leave yet, and she'd keep making up excuses to let herself stay.

Until she had exhausted all options.

Jiang Yujie felt she shouldn't continue like this.

She had to leave.

Otherwise, her holding on without end would make everyone feel worse.

She was afraid Jiang Huaizhou would come to know her past deeds, the ones she couldn't face.

Mr. and Mrs. Jiang keeping mum was not enough.

As long as she was living in B City, it was likely to bump into someone who knew what she had done.

And with Jiang Huaizhou's improving career, he was bound to meet more people, among which someone would have known her.

How could she face Jiang Huaizhou at that time?

It's better for her to leave. Even if Jiang Huaizhou found out the truth then, at least she wouldn't have to face him and the subsequent consequence, nor would she have to know that he knew.

She might be burying her head in the sand, but she didn't know what else to do.

Moreover, every time she saw how Mr. Jiang got anxious like he was facing an enemy whenever she and Jiang Huaizhou got physically closer...

Jiang Yujie thought it was time that she left.

Hence, Jiang Yujie kept tossing and turning on her bed, unable to fall asleep.

Every time she closed her eyes, all she could think of was the life she had with Jiang Huaizhou.

She pinched the small red heart between her fingers, as if grasping her heart within her palm.

Jiang Yujie heaved a long sigh.

A sleepless night.

The next day, she left as usual.

But she went to Shi Xiaoya's office to grab her luggage. Because she had nowhere else to go.

There were many old neighbors at the Jiang family's original home, and tongues wag.

It'd be bad were her actions to be seen and told to her family.

With no other choice, she had turned to Lu Man.

She asked if there was anywhere for her to put her luggage. Even if temporarily. It's much cheaper than booking a hotel room for such a long duration. Lu Man had seen her at her lowest. Hence, Jiang Yujie had nothing to hide from

her.

Lu Man was tight-lipped. She'd never spill secrets that weren't hers.

So Jiang Yujie trusted her fully. She told Lu Man her plans.

"You finally got your brother out, and now you're leaving? Have you ever considered your brother might feel guilty?" Lu Man asked.

No matter what, the thought of a girl alone and far away from home was rather heart-wrenching.

Jiang Yujie had already suffered so much.

Now that Jiang Huaizhou was finally freed, Lu Man thought Jiang Yujie could relax at last.

Who knew so many things had happened?

"I'll just say I'm working overseas," Jiang Yujie replied. "I won't let them feel guilty about me. It's inconvenient for me to stay at home any longer.

"Firstly, I'm scared my brother would find out what I've done in the past. Though Mom and Dad won't say a thing, someone in this city is bound to know what happened, and I can't guarantee my brother can be kept in the dark forever."

Chapter 2917: It's Your Own Choice

Translator: Atlas Studios Editor: Atlas Studios

“Once he knows the truth, I’d have nowhere to hide. I know he won’t despise me, but I’ll hate myself, and I won’t be able to face his guilt towards me.

“I know I may be being selfish by leaving. My brother will only feel more guilty afterward. But I really... really can’t worry about these things anymore. I... I just want to relax for once, not face all these...

“Moreover, as long as I’m around, my dad will always be afraid I’d get too close to my brother,” Jiang Yujie said.

Lu Man was surprised. “Why?”

Wasn’t it... good for siblings to have a good relationship?

Did he wish the siblings would hate each other and not see each other forever instead?

Jiang Yujie smiled. “Since I already told you so much, I don’t mind telling you more. My brother and I aren’t true siblings. We’re a stepfamily. After my father died, my mom brought me along and remarried my current dad. So my current dad is my stepfather.

“Because I don’t have any blood relations with my brother, after we grew up, they... especially Dad, they were afraid we’d have inappropriate feelings for each other,” Jiang Yujie said.

“Now that Brother is back. Dad’s worry has grown even more, I wanted to move out originally, it’s only that my brother might disagree. I was scared he’d think he’d stolen my place in the family and had forced me out. Anyway, it’ll just create more problems, so it’s better for me to go travel. I can treat it like a holiday and tell my family I’m working overseas.”

Jiang Yujie’s decision made Lu Man recall how she told the same lie to Xia Qingwei to not let her worry in her previous life.

Those were different circumstances, though.

Lu Man sighed. “I can give you a place to put your luggage. As for where you’re going, you can choose not to say. Because if you tell me and your family comes searching for you, I won’t keep your location a secret. To me, them seeking you out means [should let you all have a chance to talk it out.

“Of course, it’s just my own assumptions,” Lu Man said. “This is your private matter. What you choose and do is your own choice.”

“Thank you.” Jiang Yujie nodded with a smile, grateful that Lu Man told her everything and gave her a choice.

“Then... I just need a place for my luggage” Jiang Yujie said.

She’s keeping her whereabouts from Lu Man then.

Jiang Yujie continued, “I haven’t thought of where to go eventually. I’ve only bought a plane ticket to Dali, but that’s certainly not my final destination, As for how long I’m staying there and where I’m going, I have no idea yet,”

She didn’t mean to hide it from Lu Man.

But Lu Man didn't mind whether Jiang Yujie did it on purpose.

She wasn't a close friend of Jiang Yujie whom she had to spill every secret to,

The place Lu Man mentioned to Jiang Yujie was actually Shi Xiaoya's office.

It was only a luggage space.

Jiang Yujie wasn't staying there.

Lu Man gave Shi Xiaoya a heads-up.

She didn't mention Jiang Yujie's matter, only saying that Jiang Yujie wanted to borrow a space in the office to place her luggage temporarily. .

Chapter 2918 Where Are You?

Shi Xiaoya didn't question it and agreed readily.

Hence, Jiang Yujie went to Shi Xiaoya's office and took her luggage today. "Thank you so much for letting me put my luggage here for such a long time," Jiang Yujie said, embarrassed.

"It's nothing much, don't mention it," Guo Yujie said with a smile.

Shi Xiaoya had declined all work and was with Han Zhuoling.

So only Guo Yujie and a few others were at the office.

Jiang Yujie thanked her again and left with her stuff.

She called for a taxi and headed to the airport.

The moment she stepped into the airport, a feeling arose within her, one that said she had to return home now.

She felt as if she wouldn't return anymore the moment she stepped in here.

Jiang Yujie stood by the airport entrance and turned around.

She couldn't see the whole B City from here.

She hadn't left B City for real and she already couldn't bear to depart, as if her family was already far from her.

She couldn't turn back anymore.

Jiang Yujie sighed, her eyes red-rimmed.

She was uncertain about her future, having no inkling of what to do.

And who knew what was waiting for her?

Jiang Yujie sniffed, gritted her teeth, and turned resolutely.

Since she had already made her decision, she shouldn't feel regret or hesitate.

Just like when she chose to approach Lu Qiyuan.

She had set her mind to it; she shouldn't be leaving any way out.

Jiang Yujie used her ID to get her boarding pass, and after checking in, she went to the security check.

After that was over, there was still over 40 minutes before boarding.

The flight was at 12:30 PM.

Jiang Yujie could only wait patiently.

She fidgeted with the necklace on her collarbone. This was probably Jiang Huaizhou's last present to her.

She could take nothing else with her, but this necklace, she had to bring along.

She'd never take it off in her life.

The broadcasting system announced it was time to board the plane.

Jiang Yujie went to queue. After boarding, she settled in her seat by the window.

Jiang Yujie looked at the time. Fifteen more minutes before the flight.

She decided to videocall Mrs. Jiang.

Jiang Yujie didn't dare to contact them after arriving in Dali.

She was afraid they'd zone in on her location using her location status.

She could only make use of the 15 minutes to briefly tell them.

After reaching Dali, she would change all her ways of contact.

After a long while, Mrs. Jiang picked up.

"Mom, are you eating?" Jiang Yujie asked.

"That's right." Mrs. Jiang smiled and said, "With your dad and brother."

Seeing Jiang Yujie's strange background, Mrs. Jiang asked, "Where are you?"

"I..." Jiang Yujie opened her mouth but paused. After a moment, she said with much difficulty, "I'm going on a business trip for some time. Actually, it's not exactly a business trip. The company sent me to work overseas for some time, and it's going to be quite a long time. I'm not sure when I can return."

"So... I'm already on the plane, about to depart," Jiang Yujie said.

During the previous month, Jiang Yujie had left home early every day, secretly moving her luggage out.

Claiming she was looking for a job.

And then saying she found one.

So she went out every day without arousing her family's suspicion.

In the video, Mrs. Jiang was shocked.

Chapter 2919 You're Not Lying to US, Are You?

It took her quite a while before recovering. "Young lady! This is such a big thing and you didn't tell us? You're already on a plane and going before telling us! You... this child!"

Mrs. Jiang was beyond angry. "I'm sorry, Mom," Jiang Yujie said. "Do you even care about us! This is such a big issue and you didn't even discuss it with us!" Mrs. Jiang fumed. Jiang Yujie forced back her tears and choked on a sob before saying, "I didn't want to agree at first. If I was the only child left in the family, I wouldn't go for sure, but isn't Brother already back? I don't have to worry that there'd be no one taking care of you, so I can work without worries."

Jiang Yujie sniffed, saying, "I just want to get more experience while I'm young and have more development opportunities. And going overseas... earns a lot more."

"Doesn't B City have more opportunities? So many top talents from all around the country come to B City for development. How much opportunity is that! And you're going the opposite way? Do the other cities offer as many opportunities as B City?"

"Mom, I've already given my agreement to the company. There's no chance now to regret it," Jiang Yujie said.

"Then why didn't you tell us earlier? Why only now? There wasn't even a hint before!" Mrs. Jiang raged.

"Wasn't I afraid of you guys disagreeing?" Jiang Yujie said.

Mr. Jiang's face then appeared behind Mrs. Jiang in the video.

"But where are you going? For how long?" Mr. Jiang asked.

Jiang Yujie was stuck momentarily before saying, "I'm not sure how long, it's up to the company. As to where..."

"Don't tell me you don't even know where you're going? Where's your flight to?" Mr. Jiang questioned lowly.

Jiang Yujie quickly bluffed, "To G City!"

"Is it?" Jiang Huaizhou's voice rang out.

Jiang Yujie then saw Jiang Huaizhou appearing behind Mrs. Jiang and beside Mr. Jiang. "Give me your company's number, I'll call them for details. Since you aren't willing to share, I can only ask your company." "Brother!" Jiang Yujie quickly called out. "Since when do family members call companies for information?" "Then tell me the truth, where are you going? Did you leave because of me?" Jiang Huaizhou questioned.

“Never! Brother, don’t think that way. I... I naturally wish to stay in B City more and have the whole family together. But I’m grown now. I have to plan for myself. Isn’t it good to gain experience and see the outside world when one is still young?” Jiang Yujie said.

Mrs. Jiang almost believed her words.

But not Jiang Huaizhou.

There were too many loopholes in Jiang Yujie’s words.

“Brother, the plane’s gonna take off soon. The air stewardess is asking me to end the call,” Jiang Yujie said. “I’m hanging up.”

“Wait!” Mr. Jiang called out. “You’ll contact us when you land, right? Allay our worries. You’re alone at a foreign place so far away, a young lady at that. How can we be assured?”

“Mmm,” Jiang Yujie agreed noncommittally. “Will do.”

She didn’t dare look at the three faces in the video.

Mr. Jiang frowned. “You’re not lying to us, right? Yujie, what’s going on?”

Chapter 2920 Are You Planning to Never Return?

Jiang Yujie knew her lies were weak and couldn’t withstand being poked at.

She didn’t want to worry her family. Hence, she only informed them right before going.

But in the future, after she kept refusing contact with them, won’t they suspect something?

Jiang Yujie sighed before finally saying, “I just want to take a breather.

“I... I just want to relax and throw everything away, explore other places.” Jiang Huaizhou might not understand her words, but Mr and Mrs. Jiang did.

Both knew the business trip was just an excuse.

Jiang Yujie only wanted to escape the past, take a breather, or even start anew.

Mrs. Jiang couldn’t get a word out. Even though Mr. Jiang moved his lips, he couldn’t say anything against it either. If this was the reason, he couldn’t make Jiang Yujie return.

“But you didn’t have to leave so hurriedly,” Mr. Jiang said lamely.

The force behind his words had weakened.

“Dad, Mom, take care of yourselves,” Jiang Yujie said.

“What are you saying! Are you planning to never return?” Mrs. Jiang instantly shot back.

“Of course not! It’s just that I’ll not be around to take care of you guys at this time, so it’s just a reminder,” Jiang Yujie said as she smiled.

“Also, you have to listen to Brother. You both can’t be so stubborn anymore. Frankly, you’re both getting older and aren’t as quick-thinking as youngsters, so listen to Brother more no matter what. Don’t let him worry about you while he’s setting up his business.”

“Listen to yourself, we’ll certainly listen to your brother,” Mrs. Jiang replied. “Like we’re both young children.”

Jiang Yujie quickly smiled in apology. “I spoke wrongly. Anyway, I’m assured with Brother around.”

“Then... where are you going? You’ve got to tell us, right?” Mrs. Jiang pressed.

“I’m not sure yet. I’m traveling wherever my legs take me. It’s my first time traveling like this, without a destination or plan, just following my heart. I just want to do everything based on my own will for once,” Jiang Yujie replied. “But where are you going now? You’ve got to rest somewhere, right?” Mrs. Jiang questioned.

Jiang Yujie was silent for a moment. “Mom, stop asking, please. You guys don’t have to find me. Don’t worry, really.”

“How can we not worry with you being like this?” Jiang Huaizhou said in a low voice.

Jiang Huaizhou found it strange. Mr. and Mrs. Jiang were against Jiang Yujie going overseas at first.

How come both stopped arguing against her with just a few words?

He felt that there must be something about Jiang Yujie that their parents knew but not him.

“If I say it, will you come and find me?” Jiang Yujie asked back.

The three became silent.

Even Jiang Huaizhou.

He would find her, obviously.

She’s alone outside. How could he not worry?

Jiang Yujie smiled in understanding. “So I’m not telling you. I just want to explore on my own. Regarding some things I have to think through, you guys won’t be able to help.

“Moreover, Brother’s just setting up his business. He needs to focus. How can I let him be distracted from his career just to find me?”

Jiang Huaizhou frowned. “I won’t be distracted. No matter where I am, I can work as long as I have a computer and a phone.”
