

Mr Han 2931

Chapter 2931 You're Not Against Me...

Mrs. Jiang looked at Mr. Jiang, then asked Jiang Huaizhou, "Huaizhou, there's still one thing that we need to be clear on."

Jiang Huaizhou listened.

Mrs. Jiang said, "If Yujie agrees and she returns, then the matter about you guys..."

"You said today that you like Yujie, but you guys are still siblings under the same household register. You..." Mrs. Jiang shook her head. "I am not like your dad, thinking that you guys are siblings and can't be together. However, the relationship that you guys have now is that of siblings. Even if you're stepsiblings, you're still siblings." Jiang Huaizhou took a deep breath and exhaled. "If Yujie doesn't like me, then I will continue to be siblings with her. If she also likes me, I have a solution to make us not siblings anymore."

Mrs. Jiang also knew that they didn't know anything yet and it was useless saying anything more.

No matter what she said, they would be empty words.

"I believe in your capability," said Mrs. Jiang.

"Mom, you're not against me..." asked Jiang Huaizhou, surprised. Mrs. Jiang shook her head. "I am also being selfish. After all, Yujie's past won't disappear. Even if she gets into a relationship or even gets married in the future, this matter will be a bomb that will go off at an unknown time. Once it explodes, how will her other half look at her? The concerns that I have told you just now apply to other people too.

"It's fine if the two make things clear before they get together. As long as the partner can accept it, then they can be together. If he can't, then that's that. Although it's easy to say, this is tantamount to asking Yujie to open her old wounds. And it would not be just once. If that person doesn't accept it, then what about the next person? She would have to reopen that wound. What if he also doesn't accept it?"

"Yujie doesn't know how many times she will have to reopen her wound. It will be unbearable to open it one time, not to mention doing it time and time again. When will her wound heal completely then? I am afraid that Yujie will give up, unwilling to interact with other people again and be involved in relationships. She will spend her whole life alone."

Jiang Huaizhou held his own hands tightly. His eyes were bloodshot.

"Yujie is my daughter and I have to always be on her side. In the future, when I am not here anymore, what will she do if she's all alone? I hope that there will still be someone to accompany her and they can depend on each other.

"Since you already know about this, I don't want Yujie to reopen her wound. If you like her and want to protect her and take care of her, not letting her get hurt, then I... I can accept anything "She has already suffered enough. As long as she can lead a good life, what can I not accept?" said Mrs. Jiang, crying. "Back then, when she was with Lu Qiyuan, we didn't understand her, and we even... even chased her out of the house, prohibiting her from returning and not recognizing her as our daughter.

"When the neighbors gossiped, we felt ashamed. When she needed support the most, I was not by her side." Mrs. Jiang covered her face. "This is something that I regret and can't get over. "Your dad still cares about other people's opinions. He would disregard what happens to Yujie for the sake of others' opinions, for his own feelings. He just wants to get by. But I can't do that. I have already abandoned her once, I will never abandon her again. "No matter what she chooses, as long as that's what she wants, I will support her."

Chapter 2932 Isn't It Just Being in the Same Household Register?

Mr. Jiang looked at her abruptly. "I... I don't..."

Mrs. Jiang took a deep breath and ignored Mr. Jiang. "As long as Yujie can be happy, I can agree to anything. I don't care about people's opinions and how they see me.

"Huaizhou, don't worry. If Yujie can think it through and come back, if she really likes you too, then I will support you two," said Mrs. Jiang. "Isn't it just being in the same household register? I can just divorce your dad."

"You..." Mr. Jiang stared at her in shock.

"Then I will remove Yujie from the household register," said Mrs. Jiang. "That way, the two of you won't have any relationship; you guys won't be siblings anymore. Then, you two can be together."

"Mom..." Jiang Huaizhou did not expect that Mrs. Jiang would even think about this.

Mrs. Jiang smiled. "I said that as long as Yujie can be well, I will do anything. Of course, the condition is that Yujie likes you too."

But Mrs. Jiang had already gone so far as to say this.

Even if Jiang Yujie chose in the end not to be with him, Jiang Huaizhou knew that there would be grudges between Mrs. Jiang and Mr. Jiang

Once divorce was mentioned, it was not easy to erase it.

Mr. Jiang would always remember that Mrs. Jiang had thought of divorcing him.

And if Jiang Yujie agreed, Mrs. Jiang could divorce him anytime. This thorn was now inserted deep into Mr. Jiang's heart.

It could not be removed.

Jiang Huaizhou said to Mr. Jiang, "Dad, I know you might have been hurt by what Mom said today..."

Mr. Jiang froze.

Indeed, Mr. Jiang did not feel happy about Mrs. Jiang's decision.

"But every time you think about this, please think about how this started," said Jiang Huaizhou.

Mr. Jiang's mouth twitched and his shoulders dropped.

Yes. Everything started from saving Jiang Huaizhou.

And his suspicion of Jiang Yujie pushed this to the climax.

So, to speak truthfully, it was the responsibility of the father and the son.

It was him who had hurt Jiang Yujie and Mrs. Jiang.

Even if there were grudges, it was Jiang Yujie and Mrs. Jiang who were supposed to have them.

Mr. Jiang grabbed his hair in pain.

They were a good family. Everything was going well. How did it come to this?

"I know..." said Mr. Jiang weakly.

Mrs. Jiang knew that Jiang Huaizhou was feeling impatient.

She also wanted Jiang Yujie to come back as soon as possible.

She did not want her to drift around outside alone.

Jiang Yujie's situation right now was different from if she was working overseas.

If Jiang Yujie really lived overseas because of work, Mrs. Jiang would not be this concerned.

Mrs. Jiang wiped her tears and sniffed.

She ensured that her voice did not sound strange, then she called Jiang Yujie.

Jiang Yujie was in her temporary apartment that she had rented and had just unpacked her luggage.

She was just about to find something to eat outside.

She did not dare to do nothing now. Since she came to relax, she wanted to move straight away.

If she started moving, she would not think about so many things.

Unexpectedly, just as she was about to go out, she received Mrs. Jiang's call.

She did not use her original phone number anymore.

The number that she used to call Mrs. Jiang was a new number.

Mrs. Jiang used that number to call her back.

Jiang Yujie picked up. "Mom, what is it?"

"Yujie, I remembered that I haven't finished talking to you. What are you doing now?"

Chapter 2933 He Knows Everything

Jiang Yujie paused her plan to go out and returned to the living room to sit down on the couch.

"I was just going to go out to find something to eat," said Jiang Yujie. "Why haven't you eaten?" said Mrs. Jiang, feeling pity. She completely forgot that the three of them here had not eaten as well.

After the incident just now, Mrs. Jiang did not cook.

The three had talked for a long time.

Almost two hours had passed.

It was already past eight o'clock.

They could not care to eat because of what happened just now.

But Jiang Yujie was alone over there. Why hadn't she eaten yet?

"How can you make me feel at ease like this? You're alone over there and don't even know how to take care of yourself." Mrs. Jiang was anxious.

Mrs. Jiang did not turn on the speaker, so Jiang Huaizhou could not hear what Jiang Yujie had said; he could only feel anxious.

But from what Mrs. Jiang said, Jiang Huaizhou could roughly guess what Jiang Yujie had said.

He frowned.

Jiang Yujie explained, "Mom, this is the first time I've traveled to a distant place to live on my own. It was so sudden, but you're already worried."

"How can I not worry when you're alone in such a faraway place?" said Mrs. Jiang anxiously.

"Didn't I just land? I had to unpack and tidy up," said Jiang Yujie. "You know my personality. I can't do other things unless I have tidied up and completed everything. If not, I will keep thinking about it.

"So I planned to eat after tidying up, or else I won't have peace of mind while eating outside, thinking that I still have so many things to do. Besides, after coming back from my meal, I could just rest after I've showered. After being busy for a whole day, I will definitely not have the energy to tidy up.

"I thought that since I have already started, I should tidy everything up in one go," said Jiang Yujie.

JC.

"I have just tidied up and was preparing to go out to eat, then you called me," said Jiang Yujie, smiling

Mrs. Jiang went quiet as she looked at Jiang Huaizhou. He had an anxious look because he could not hear what Jiang Yujie said.

Mrs. Jiang switched to speaker mode.

Afraid that Jiang Yujie would hear their voices, Jiang Huaizhou and Mr. Jiang were careful to not make any noise. Then, Jiang Yujie's voice came from Mrs. Jiang's phone. "Mom, what did you forget to tell me just now?"

Mrs. Jiang hesitated and turned around to look at Jiang Huaizhou.

Jiang Huaizhou supportively nodded at her.

Mrs. Jiang swallowed nervously. Her heartbeat also sped up. "Yujie, Huaizhou... he knows everything..." said Mrs. Jiang hesitantly.

Jiang Yujie froze and blinked a few times.

All of a sudden, her mind went blank and she could not think of anything.

At the same time, she did not know how she should face it.

Her mind was in a mess, so she could not speak for the moment.

Instead, she was letting Mrs. Jiang say what she wanted to say.

Mrs. Jiang nodded and said, "Yujie, we didn't want to tell your brother. It's just that when you left alone so suddenly, your dad and I worried. Your dad was worried that you left because you have seen through his mind."

Chapter 2934 As Long as You're Happy, I Will Support You

Jiang Yujie's mind was completely blank. She heard only a few words of what Mrs. Jiang had said. She probably didn't even understand the gist of what she was saying.

"I heard what your dad said and I was furious, so I argued with him," said Mrs. Jiang. "As we were arguing, we didn't keep our voices down, so Huaizhou heard it. Under Huaizhou's questioning, we could only... tell him."

Mrs. Jiang stopped nervously.

Then, she heard Jiang Yujie's weak and ethereal voice. "Oh. Got it.

"Mom, I am doing well here," said Jiang Yujie, completely ignoring the previous conversation. "Don't worry, I won't overthink and do stupid things. I am doing fine alone and I can take care of myself.

"Mom, believe me. I am not a selfish person. I did stupid things, suffered, and hurt myself. Not living a good life, getting hurt, or even..." Jiang Yujie paused. "If that really happens, I won't mind."

After all, once a person was dead, it was over.

"But how sad would that make the loved ones left behind? For you, I won't let myself get into trouble," said Jiang Yujie. "Don't worry.

"Yujie!" Hearing her say this, Mrs. Jiang was even more worried.

"Yujie, listen to me. If not for what your brother had said, I wouldn't have agreed to let Huaizhou know about you," said Mrs. Jiang.

Jiang Yujie listened silently.

Mrs. Jiang gave Jiang Huaizhou a glance and took a deep breath. "Huaizhou said he likes you. He has always liked you."

Jiang Yujie's fingers, which were holding the phone, started trembling. Her cheeks were a little flushed, but after a while, the red color faded.

"I... I'll let Huaizhou talk to you, okay? This is between you two. Me passing the message will never be as good as Huaizhou saying it himself," said Mrs. Jiang. "But don't worry, I've already expressed my opinion. If you don't like him and only see him as an older brother, then you guys will be siblings forever.

"However, if you like him, no matter what, I will create a condition which can enable you guys to be together openly without anyone criticizing you. I will also support you and will never be against you two.

"I'm telling you this so you don't worry about me," said Mrs. Jiang. "Yujie, my daughter, you have suffered so much and have been hurt so badly. Thus, no matter what you want to do from now on, as long as you're happy, I will support you.

"Yujie, stop hurting yourself because you care about others. As long as you're happy, then it's fine, okay?" said Mrs. Jiang.

"Mom..." It seemed like Jiang Yujie did not expect Mrs. Jiang to say this.

She was so surprised that she did not know what to say.

However, she still did not want to say anything to Jiang Huaizhou.

Mrs. Jiang was right to worry. Jiang Yujie was worried that Jiang Huaizhou only said that he liked her because of guilt.

He was probably worried that it would be hard for Jiang Yujie to start a family because of her past.

Thus, Jiang Huaizhou decided to take responsibility for Jiang Yujie's future.

"Yujie, don't hang up," urged Mrs. Jiang, worried. Jiang Yujie paused for a while and took a deep breath. "Okay." She also wanted to make it clear to Jiang Huaizhou.

She also liked him.

But there was no chance already.

"Yujie!" After hearing her agreement, Jiang Huaizhou spoke out impatiently. "Yujie, you... I know everything."

Chapter 2935 All the Difficulties, Leave Them to Me

"I know..." said Jiang Yujie softly.

"Yujie, I know what you're thinking. I didn't say that I like you just because of guilt. I won't do that. I admit that after finding out what you did for me, I did feel guilty. However, that guilt is not enough to make me lie and say that I like you. This is not fair to you. Such lies would hurt you.

"You have already done so much for me; I can't lie and hurt you because of this. If I did that, would I even be human? I've separated my emotions clearly. There are many ways to pay you back because of my guilt.

“If I don’t like you and feel guilty towards you, I will just treat you as my younger sister. Even if I took care of you my whole life, so what? Even if you reject relationships because of this, those people can’t see the good in you anyway. Even if you don’t date other people and don’t marry, I will take care of you my whole life. Even if I don’t get married and we lived together as brother and sister, so what?”

“If it’s purely to repay a favor, I will choose this method. I will not lie to you and say that I like you. Since when did lying become a way of repaying a favor?” said Jiang Huaizhou.

Jiang Yujie lowered her head. Her tears dropped on her lap.

So this was why she liked Jiang Huaizhou so much.

He had always divided things so clearly. He would not be ambiguous and do things that hurt others.

“It’s because I have said it so clearly that Mom was willing to give me a chance to tell you this and ask you whether you’re willing to tell me where you are. If you are willing to, then I will go to you,” said Jiang Huaizhou.

Mrs. Jiang looked at Jiang Huaizhou, full of gratitude.

Jiang Huaizhou said this for her sake as well.

It was to prevent Jiang Yujie from complaining that Mrs. Jiang had not kept her promise. “I won’t blame Mom,” Jiang Yujie mumbled, understanding what Jiang Huaizhou meant.

Jiang Huaizhou laughed subconsciously.

How could people not like a lady whose thoughts were this transparent?

“I also promised Mom another thing. In the future, we won’t be able to avoid meeting people in our social circles who know about your past, but so what? I don’t care. No matter what those people say, I won’t care, because you’re never the one at fault. Even if people gossip, that’s their fault,” said Jiang Huaizhou.

“But...” Jiang Yujie had just opened her mouth...

When she was interrupted by Jiang Huaizhou. “I also told Mom that if I break my promises one day, then I will be alone forever, without anyone loving me. My career will never bear fruit, and I will have no accomplishments as I struggle at the bottom every day.”

Jiang Yujie had wondered how Jiang Huaizhou managed to convince Mrs. Jiang. But she did not expect him to have said words that carried so much weight.

She knew that Jiang Huaizhou was a very ambitious person.

As he had always been outstanding, he did not allow himself to live without accomplishments.

Having no accomplishments and being unable to do anything was a cruel fate for Jiang Huaizhou.

“That’s why, Yujie, tell me where you are and I will find you,” said Jiang Huaizhou.

“I liked you first,” said Jiang Huaizhou. “So if you don’t like me, I won’t force you. We’d still be siblings. But if you also like me a little, then give me this chance to take care of you.”

He continued, "All the difficulties, leave them to me."

Chapter 2936 Start Fresh

"Whether it's our identities, our future matters, or whether it's people talking about your past, everything you're worried about, leave them to me."

"You will definitely regret it one day," said Jiang Yujie softly.

"You're not me, and you won't know what will happen in the future. How can you be sure that I will regret it one day?" asked Jiang Huaizhou.

"Or is it that you don't trust my character? You think that I will regret it due to gossip and your past?"

He asked, "Yujie, are you looking down on me?"

"No!" said Yujie immediately. "How can I not trust your character?"

If Jiang Huaizhou was not great, why would she like him?

"I don't like you because I feel guilty towards you. I have liked you since the beginning. I didn't dare to let you know because I was afraid that you only saw me as an older brother. I would have scared you away if I told you.

"So I have never dared to tell you." Jiang Huaizhou smiled bitterly. "And after I got into trouble, all the more I couldn't tell you. I couldn't be a burden to you. I had lost my future already, so I couldn't keep holding on to you.

"I know you. If I confessed to you while I was in prison, you would have gotten together with me without hesitation. Because that's what you're like; you always try to give us whatever we want. However, I wouldn't have been sure whether you were just returning the favor or whether you really liked me. "I was also afraid that if I confessed to you, you would only have accepted me as repayment. I know that when you entered our household when you were young, you felt anxious and uneasy. I know that you're always grateful for the immediate acceptance Dad and I have shown. Thus, no matter what we said, you would have accepted it. "However, I didn't want a response out of gratitude or out of repayment," said Jiang Huaizhou. "It has been my hope that you will accept me because you really like me.

"But today, after I heard from Dad and Mom about what you did to save me, I confirmed your feelings for me. At the same time, I felt regretful. I would rather that you didn't like me and did not think about the good things I have done for you. I would rather that you had been more selfish and had not done things that would bring harm to yourself.

"Yujie, I don't mind your past experiences. To me, that's just a dating experience, and I don't feel disgusted. So, look at your past like it's a normal thing, okay?" said Jiang Huaizhou.

Jiang Yujie did not think that Jiang Huaizhou also liked her.

She felt a little conflicted inside.

On one hand, she wanted to believe what Jiang Huaizhou said, that he really liked her and that he did not merely feel so guilty that he wanted to pay her back this way. But on the other hand, she was still a little suspicious. She was afraid that Jiang Huaizhou had said this on purpose to make her believe him.

However, when she heard that Jiang Huaizhou also liked her, Jiang Yujie could not help but feel excited.

Who would not like it when their own feelings got reciprocated?

“Brother, you... Give me more time, okay?” said Jiang Yujie.

“I want to completely get over my past,” she continued. “So I came out to relax, completely get over my past, and start fresh.”

She said softly, “Brother, give me some time, okay?”

Chapter 2937 I'll Wait for You

“I want to recover out here, then I'll go back.”

Jiang Huaizhou took that to mean Jiang Yujie did not accept his confession.

However, he was not in a rush.

He did not think that Jiang Yujie would accept him immediately.

“So how long are you going to stay there? Don't stay for too long and make us worry,” said Jiang Huaizhou.

Jiang Yujie pondered in silence and said, “One year, okay? Give me one year. “After one year, I will go back,” Jiang Yujie continued. “In one year, I will have adjusted myself, and then I will go back.”

“Okay,” Jiang Huaizhou agreed reluctantly. “I'll wait for you.”

“Mhmm.” Jiang Yujie nodded.

“From now on, when you call, don't try to avoid me. Since I already know why you left, you should call home frequently and let us know that you're doing well,” said Jiang Huaizhou.

“Okay.” Jiang Yujie nodded.

Jiang Huaizhou did not talk anymore.

Mrs. Jiang said, “Yujie, hurry up and go eat. You're staying alone out there, you must stay safe. Don't order delivery when it's already nighttime. Delivery food is not healthy anyway, and you're a single girl at home, so it'd be too dangerous. If you meet someone with bad intentions, you will suffer.”

“Okay.” Jiang Yujie nodded. “Mom, don't worry, I will definitely protect myself.” “Haih.” How could Mrs. Jiang not worry? She could only sigh. “If you can get over it earlier, then come back earlier.”

“Alright.”

After hanging up, Jiang Yujie stared blankly at her own phone.

She did not expect everything to be revealed like that.

The thing that she wanted to hide was no longer a secret.

Jiang Yujie exhaled.

Honestly, after learning that Jiang Huaizhou knew, she did feel a chill down her spine.

However, after everything was revealed, she felt relaxed.

She did not have any burden anymore. She did not need to worry that someone would tell Jiang Huaizhou.

Now that Jiang Huaizhou knew everything, she did not need to worry.

However, after talking for so long, Jiang Yujie was no longer hungry.

Jiang Yujie stood up, opened her closet in the bedroom, and took out the clothes that she had unpacked and hung in the closet.

She folded each one and packed it into her luggage.

She packed all her toiletries and daily necessities.

Online, she bought a train ticket to the city nearby.

It didn't matter whether Mrs. Jiang would tell Jiang Huaizhou about her location here.

She could not stay here anymore.

Before she completely sorted herself out, she did not dare to meet Jiang Huaizhou.

In the Jiang family's home.

After ending the call, Jiang Huaizhou asked Mrs. Jiang, "Mom, where is Yujie now?"

"You're still going?" Mrs. Jiang was surprised.

Did Jiang Huaizhou not tell Jiang Yujie that he would give her time?

"I can't have peace of mind if I don't see her," said Jiang Huaizhou. "Even if she wants to relax outside, I want to know where she is. After confirming that she's fine there, I will come back."

Since Jiang Yujie already knew about this, Mrs. Jiang felt that there was nothing that could not be said.

"She's in Dali," said Mrs. Jiang. "But I don't know where she's staying now." "I will go and take a look. Even if I can't see her, as long as I am in the same city, I can feel more at ease," said Jiang Huaizhou.

Mrs. Jiang smiled pleasantly. "Now I am really not worried. You'll take care of Yujie."

Chapter 2938 He Was Not Happy If Lu Man Did Not Do It

Jiang Huaizhou delayed no further. He bought a ticket immediately.

But when he arrived in Dali, Jiang Yujie was already gone.

However, Jiang Yujie did not decline his call.

“You did come to find me. I didn’t guess wrong,” said Jiang Yujie, smiling. “But I have already left Dali.”

Jiang Huaizhou sighed sadly. “Can’t you let me see you once?”

Jiang Yujie shook her head. “Brother, I told you, one year’s time. After the time’s up, I will go back. Give me this time to recover slowly alone.

“Otherwise, since my emotions are not stable yet, it will get messier if I meet you. I won’t be able to think carefully.

“Besides, you still have to work,” said Jiang Yujie. “I will wait for you and also give you a year’s time to see how much your business can develop.”

Jiang Huaizhou understood.

Jiang Yujie was giving him a chance!

Jiang Huaizhou stood in the airport and smiled like an idiot, attracting gazes.

However, Jiang Huaizhou did not care about these looks. “Okay, Yujie, wait for me. I will definitely have good results. One year. Just one year.

“When that time comes and you come back, I won’t let you have a hard time. I will have the power to protect you,” said Jiang Huaizhou solemnly.

“Okay.” Jiang Yujie nodded. “After one year, I will go back. I never go back on my word.”

“Then it’s a deal.” Jiang Huaizhou stood in the airport. He did not even get to see Jiang Yujie.

One year. There were too many unknowns in the future.

Not being able to see Jiang Yujie, Jiang Huaizhou felt empty inside and was filled with uncertainty.

He stood in the enormous airport and looked outside, but Jiang Yujie was already not in this city.

Jiang Huaizhou took a deep breath. He felt frustrated.

In the end, he could only buy a flight ticket to return to B City.

*

*

*

As Shi Xiaoya was joining a production crew soon, she pushed away all her work to be with Han Zhuoling at home.

Finally, the day Shi Xiaoya was to join the crew arrived.

Han Zhuoling's face darkened. He felt reluctant.

"After you're in, you won't be able to come out for a few months." Han Zhuoling felt frustrated inside.

He had just gotten married, and now he would not be able to see his own wife for a few months.

Would this not give Han Zhuoli the chance to show off his affection to him?

And as Lu Man was pregnant right now, Han Zhuoli was feeling arrogant.

He followed Lu Man everywhere, being constantly around her without stopping for even a moment.

He was not even willing to do nothing.

He wanted Lu Man to order him around. He was not happy if Lu Man did not do it.

Before this, Shi Xiaoya was always beside him, so even when he faced Han Zhuoli, he did not lose!

Now that Shi Xiaoya was going to work, she could not be beside him for at least three months.

If Han Zhuoli showed off to him again, he would be fighting alone; it would be too difficult.

"You're not going to come and see me?" asked Shi Xiaoya, surprised.

Was Han Zhuoling that cruel? She would not be coming out, so Han Zhuoling would not go to see her?

"..." Han Zhuoling choked. How could he not go to see her?

"Of course I'll go," said Han Zhuoling with a serious face.

"Then that's fine." Shi Xiaoya could not think of why Han Zhuoling was frustrated.

However, after being reminded by Shi Xiaoya, Han Zhuoling suddenly thought that him going to see Shi Xiaoya was a good choice.

He could use this chance to avoid Han Zhuoli's attack of affection.

Chapter 2939 Look at You Being All Worried

After one had joined a production crew, it did not matter how many of them were single and how many were not.

Anyway, once they were with a production crew, their other halves would not be able to accompany them.

But he could show Shi Xiaoya off to others!

This was killing two birds with one stone.

Pretty good.

As Han Zhuoling thought about this, his tense expression relaxed.

Shi Xiaoya did not know that Han Zhuoling had this idea.

She thought that Han Zhuoling had been convinced by her. In the afternoon, Han Zhuoling sent Shi Xiaoya to the production set.

At the entrance, they saw Yan Zhiqing, who arrived almost at the same time.

Yan Zhiqing got out of the car. Beside her was her assistant, Fang Qiaohan.

“Xiaoya, Big Brother Han,” greeted Yan Zhiqing, smiling

Yan Zhiqing’s greeting of “Big Brother Han” was different from the flirtatious attempts of the other women.

After all, the eight great families were all friends with each other.

Yan Zhiqing was like a little sister to the men of the other families; there was no need to treat each other like strangers.

Yan Zhiqing called Han Zhuoling Big Brother as she really saw Han Zhuoling as her own big brother.

Han Zhuoling nodded, saying, “From now on, take care of Xiaoya while she’s with the production crew.”

Yan Zhiqing had been in the entertainment industry longer than Shi Xiaoya, so she was considered Shi Xiaoya’s senior. “Don’t worry,” said Yan Zhiqing. “Even if you don’t tell me to, how can I not take care of Xiaoya? Look at you being all worried. You’re treating me like a stranger.” Han Zhuoling thought that it was because Yan Zhiqing was like a little kid herself.

If he did not urge her, could he be at ease?

“Then I’ll leave it to you,” said Han Zhuoling, nodding. After sending Shi Xiaoya here, Han Zhuoling did not leave immediately.

He wanted to send Shi Xiaoya straight to the production crew and greet Wu Mosen and the others.

He wanted to support Shi Xiaoya.

Although he would not be there, he would protect Shi Xiaoya in whatever areas that he could.

The three entered the set together.

It was said to be a set, but actually, it was a small cineplex.

It was a cineplex built in the suburbs by the production crew just for this movie.

Wu Mosen was serious about shooting movies, so he treated these details with great importance.

He was unwilling to simply build one or use a ready-made one and beautify it using the lens.

If he had to do it, he would make it as real as possible.

Whether it was real or fake, people could see it with one glance.

Because of this, Wu Mosen created a design diagram according to the world in the movie.

He drew the scenes that were in the script and edited them repeatedly to ensure that they were as close to what Wu Mosen wanted as possible.

Then they recreated every scene.

“No wonder Director Wu can become an internationally famous director,” said Shi Xiaoya. “The desire to perfect the production, the demands on the details, and the kind of attitude he has are required to make a good movie.”

With a good script and the sincerity of production, it was impossible that this movie would be bad.

Art films would be favored by professionals.

While commercial films would be favored by the audience.

The former would receive an award while the latter would receive greater profit.

Both of these were a form of success.

“We can’t say for sure that this movie will have high box office sales or receive an important award. However, we can at least show the audience our sincerity. As long as we can receive the recognition of our audience, we’re satisfied,” said Writer Hu, full of pride.

“Although it’s not my first time working with Director Wu, I have felt a huge admiration for him every time I saw how much he values the production.”

Chapter 2940 Making a Big Deal

“He’s definitely not like many of those impetuous producers or directors that we have now, the ones who produce movies quickly to deal with the market and the audience just for money.” Writer Hu had a face full of admiration.

“You, while I am not paying attention, you’re praising me again.” Wu Mosen walked over and heard what Writer Hu said. He shook his head, feeling embarrassed. “Young Master Ling,” greeted Wu Mosen immediately after seeing that Han Zhuoling was also here. Han Zhuoling smiled. “I am here to send Xiaoya, and while I am at it, I can familiarize myself with everyone. Xiaoya will be here for a long time, so I have to trouble Director Wu and Writer Hu to take care of her.”

Shi Xiaoya was a makeup artist and was different from the actors.

After the actors had finished shooting their part, they could leave after a month.

However, as a makeup artist, Shi Xiaoya had to be there the whole time and could not leave early.

Yan Zhiqing would leave early after finishing her part. At that time, Shi Xiaoya would be left behind and would have nobody to help her if she got into trouble.

How could Han Zhuoling be at ease?

Thus, after sending Shi Xiaoya here today, he decided to meet up with Wu Mosen and Writer Hu.

He wanted to let the two see this as something important. If anything happened, they had to help Shi Xiaoya. “Don’t worry.” Wu Mosen naturally understood what Han Zhuoling meant.

Anyway, Han Zhuoling was not trying to add more people to his movie and did not want to disturb his shooting.

He just wanted them to take care of his wife.

This was such a normal thing to do.

“I won’t let Xiaoya get hurt here,” Wu Mosen promised.

Shi Xiaoya also felt pretty embarrassed. She felt like a child being dropped off by her parent.

After being urged by Han Zhuoling, Shi Xiaoya was blushing from embarrassment.

But she knew that Han Zhuoling felt uneasy like this because she was very important in his heart.

If it was someone else, Han Zhuoling would have been too lazy to care about that person’s wellbeing

So although Shi Xiaoya felt embarrassed, she also felt joyful.

Even when she turned into an old lady, she also wanted Han Zhuoling to care for her like that. “Don’t worry. I am not a small kid, and I am not that easy to bully.” Besides, she would not be so unlucky as to meet a person that liked to bully others, right?

Before this, Han Zhuoling had publicly shown off their affection in such a crazy manner.

Those who knew about her relationship with Han Zhuoling would not give her a hard time because of him.

So Shi Xiaoya did not really worry and also did not know where Han Zhuoling’s worry was coming from.

However, Han Zhuoling thought that there were always those who were brainless. He had no idea what they were thinking; they just had to look for trouble.

There were clearly no conflicts of interest, but because of whatever problems they had with their brains, they just had to go against others.

It was as though they had been put under a spell.

Back then, after Lu Man and Han Zhuoli announced their relationship, there were still a lot of people who went against Lu Man.

They did not dare to cross the line, but there were always people talking bad about her.

They would toe the line in the sand, testing her.

Han Zhuoli would be within his rights to deal with them directly, but it would only be after Lu Man had already felt disgusted.

And if Lu Man asked Han Zhuoli to deal with them just because of this, then people would say that Lu Man was too petty and was making a big deal.

They would say that she wanted to ruin people’s careers just because of such a small thing.

If she did this every time she met someone like that, would there still be people in the acting industry?

Could Lu Man not deal with it?

Lu Man was not someone who liked to argue with others.

If they did not cross the line, Lu Man would not do anything to them.
