Chapter 2971 You Two Know Each Other?

Looking at how confident and narcissistic Wei Wucai was, she would probably be angered again by something that Wei Wucai said.

She would be torturing herself if she found something to be angry at out of nowhere.

So Yan Zhiqing kept quiet firmly.

The conversation between the two was interrupted.

No matter what the two were talking about, at least to others, it seemed like they were having a good conversation.

They whispered to each other as if they were talking about a secret that belonged only to the two of them.

Wu Mosen was sitting on the main guest's seat. Yan Zhiqing and the others had come late. Furthermore, among those who were seated, Yan Zhiqing was considered to have the lowest seniority.

Although there were other side characters at the table, they were people who had been in the industry for many years. There were some who had lower seniority, but they came earlier.

So Yan Zhiqing and Wei Wucai sat near the door.

It was just right that they were almost directly facing Wu Mosen. Wu Mosen could see Yan Zhiqing and Wei Wucai talking softly.

No matter how he looked at it, he felt that this pair of young people really suited each other.

He knew about Yan Zhiqing's background as well.

He did not know Wei Wucai that well; very few people knew that he was from the Wei Family.

There were fewer people who knew his identity as a member of the Mount Lan Compound.

But just from his position as Ledepic More's boss, it was clear he was a proper young talent.

Wu Mosen saw this pair in a good light and felt that the future shooting days of the crew might even be pretty lively.

Wu Mosen was an internationally recognized director. That alone made a lot of actresses swarm around him.

However, Wu Mosen was actually a person with good self-conduct. He would never allow those actresses to come close to him.

Obviously, he did not have any bad habits.

Or else, Lu Xiuse would not have run out of solutions.

Wu Mosen was not so glorious when he was young.

When entering this line of work, there would always be a difficult beginning.

His wife followed him and sold everything in the house to make money for him to shoot movies.

Gradually, he gained the fame that he has today.

Wu Mosen was not a heartless person. He was not like those who became unfaithful, abandoning their wives who had been through hard times with them after becoming successful.

He always remembered the suffering his wife had gone through with him. So even now, although his wife was like him, aged and not looking so good anymore, he still stuck with his wife faithfully.

He only saw these beautiful actresses as his juniors.

When he met those that were his type, he treated them like his juniors even more.

Wu Mosen's impression of Yan Zhiqing was pretty good. Although she was from the Yan Family, she was extremely diligent.

She did not become unscrupulous just because she had her family behind her. So he felt that she was a very rare treasure.

Then he saw that Wei Wucui was a rare talent, so he truly felt that these two suited each other.

So before the two had even done anything, Wu Mosen was starting to get impatient silently.

Right now, Wu Mosen saw that the two had stopped talking

And it seemed like they had had disagreements.

Wu Mosen smiled and asked, "Zhiqing, Wucui, you two know each other?"

Wei Wucui was courteous to Wu Mosen.

He said, "Our families are friends, so we have known each other since way back." Wu Mosen was surprised. He did not expect that not only did Wei Wucui have skills, even his family background was top-notch.

Since his family could become friends with the Yan Family, his family must not be ordinary. Wu Mosen was quick-minded. He immediately thought about Wei Wucui's family name and asked, "Then your family... is the Wei Family of the eight great families?"

Chapter 2972 Actually, We've Only Met a Few Times

Wei Wucui nodded, but he did not want others to misunderstand, so he said, "But my family is not considered to be in the direct line of descent."

Every one of the eight great families was huge.

When the Han Family dealt with the Xia family, for instance.

There were people from the Han Family in every corner of the city.

After generations and generations, they were already not under the Han Family's direct line of descent. They were everywhere, waiting for the Han Family's command. The other families were also the same. However, Wei Wucai's family was actually not very distant from Wei Zhiqian's.

Wei Wucai and Wei Zhiqian also had a good relationship; they were cousins.

Wu Mosen did not expect that Wei Wucai's family background was also extraordinary.

That meant he and Yan Zhiqing were really a match made in heaven.

Unexpectedly, just when Wei Wucai finished speaking, Yan Zhiqing added immediately, "Actually, we've only met a few times."

Wei Wucai was speechless.

Wu Mosen was speechless.

This little girl's EQ was the reason she was single.

Wei Wucai's smile was making people nervous.

Did Yan Zhiqing's attitude mean that she wanted to draw a clear line between them?

However, Wei Wucai was wrongfully suspecting Yan Zhiqing.

Yan Zhiqing really did not think much of it.

She only felt that she was really not very close with Wei Wucai and was simply explaining this.

This was to prevent others from misunderstanding that they were very close. Actually, she did not mean to draw a clear line between Wei Wucai and herself. Ever since Lu Man's wedding, where Shi Xiaoya had met Yan Zhiqing, Shi Xiaoya had been interacting more with her, so she knew Yan Zhiqing quite well.

Right now, she knew that Yan Zhiqing's intention was simple and straightforward.

It was not as complicated as what Wei Wucai thought.

However, the more she was like that, the more Shi Xiaoya could not help but do a facepalm.

It was no wonder that such a beautiful girl like Yan Zhiqing was still single. This EQ of hers was really pulling at people's heartstrings. Yan Zhiqing's words made Wu Mosen uncertain of how to reply. His mouth twitched and he chuckled dryly. "I see that both of you are having a pretty good conversation. Young people will get close after talking for a while, even if they're not close before. Hehehehe."

Gao Zishan pursed her lips, holding in her laughter.

She had also collaborated with Yan Zhiqing before and had always met her during various events.

Although she did not know Yan Zhiqing the way Shi Xiaoya did, she knew her personality, more or less.

Seeing that Wu Mosen was feeling awkward, Gao Zishan took on the task of starting a conversation.

She had also been watching the interactions between Yan Zhiqing and Wei Wucai and felt that it was interesting, so she smiled and asked, "I have also heard about the famous Ledepic More. I just never got in touch. I didn't think that the boss is such a young talent."

"You're flattering me." Wei Wucai smiled faintly.

Gao Zishan was a lot older than him. In the country's acting industry, she was at the top.

So Wei Wucai was very polite to Gao Zishan.

"Looking at your age, you must have started this company not long after you graduated from university, right?" asked Gao Zishan.

Wei Wucai nodded, obviously not talking about the Mount Lan Compound. "This is just my side business. Once my financial power allowed me to do so, I started this company, found some young people who had the same goal, and diligently built up this company with them."

"But what does the name Ledepic More mean? If I hadn't heard it said before, I wouldn't even have known how to pronounce it," asked Gao Zishan.

Wei Wucai explained patiently, "Ledepic More is formed by taking two words apart and rejoining them together. 'Led' is a contraction of the word 'legend' while 'epic' means 'great.' So it's legendary and epic, along with 'more.'"

Chapter 2973 Ruin Her Good Plan

"It embodies the hope that our special effects company can become legendary in the industry while also being able to handle the production of epic films.

"And as for 'More,' it symbolizes that it's not just these two wishes we're after. We hope that our company can become better, develop stronger, and produce greater special effects. Its name holds the many wishes for the company I started."

"I see." Gao Zishan suddenly realized that it was not easy to be young.

Even his company's name carried such meaningful wishes and implications. It could be seen how much thought he had put into this.

Yan Zhiqing thought that Wei Wucai was being so courteous to others.

But to her, he was irritating! Without Lu Xiuse around, the mood was getting better and better.

Lu Xiuse's private room was opposite of Wu Mosen's private room.

As the restaurant was not big, they were near to each other.

Lu Xiuse was having a meal with her own production crew, but her mind was at Wu Mosen's place. She could not sit still.

She came late just now, so she had to make a toast to the director after she entered.

Lu Xiuse did not care about others.

Because in this crew, except for the director, her position was the highest.

The others did not dare to criticize her.

That was why Lu Xiuse could try to gain Wu Mosen's favor first without caring about anything else.

She had seen how star-studded the opposite room was. Not only was Wu Mosen there, but Gao Zishan and Gu Fei were also around.

She looked at the middle- to high-tier actors in this private room, and Lu Xiuse thought they were beneath her.

Her body was here, but her mind had already flown to the opposite room.

So after sitting for a while, Lu Xiuse got up. "I'm going to the restroom."

Jian Shuixin, who was in the same crew, saw this and said instantly, "Big Sister Xiuse, let me accompany you. If you go out like this, people will recognize you and you will be surrounded."

Jian Shuixin had become a high-tier actress because of the popularity of a film.

But after becoming famous, she could not find her direction.

She used all kinds of ways to snatch resources from others, posted news that suppressed others to raise herself up, and publicized herself through brainwashing methods every day.

She probably wanted to copy how Lu Man had used brainwashing techniques when publicizing "Greedy Wolf Operation."

But she did not think that she was in a different situation from Lu Man's back then; she could not use the same method.

The netizens saw the news regarding her, saw her face and various poses of her every day whenever they went online.

They were so sick of it.

So she had actually ruined her appeal to the audience.

Without considering whether the films were good, she starred as the female lead in a few movies in a row, only thinking about earning money. However, she did not have enough fans, so she fell deeper and deeper.

It caused her to begin high and end low. At first, she had a pretty good development, but she ruined it, causing her to drop tiers.

From being the female lead in movies and television shows, she became a side character for Lu Xiuse in a movie.

It was because she could not handle a film by herself.

Before, Jian Shuixin had looked down on everyone, but now, she had to gain Lu Xiuse's favor, hoping to get some resources from her.

And since Lu Xiuse wanted to go to the restroom, Jian Shuixin would not let go of this chance. She wanted to accompany Lu Xiuse.

However, how could Lu Xiuse let her accompany her and ruin her good plan?

So she said, "It's fine, they can't recognize me. I came here by myself just now, but I didn't get recognized until I entered. This restaurant has a lot of people and is lively. The customers are all drinking, so they won't care to look at others."

Chapter 2974 I Won't Let You Have a Good Time

"Besides, they probably don't expect that we'll be here," said Lu Xiuse, smiling.

In front of them, her bitterness towards Yan Zhiqing could not be seen at all.

Whoever saw this would compliment Lu Xiuse for having a good temper.

Without waiting for Jian Shuixin to speak, as Lu Xiuse was scared that she would keep bugging her, she said immediately, "I'll be going now."

Then, she immediately went out alone.

Lu Xiuse let out a sigh of relief and opened the door of the opposite room instantly. Unexpectedly, when she entered, she saw that everyone in the room was standing up and packing their things, as though they were about to leave.

"Director Wu, are you all leaving now?" asked Lu Xiuse dryly.

Wu Mosen saw this and let out a sigh of relief.

Thankfully, they were leaving on time.

Or else, he would have had to deal with Lu Xiuse.

Wu Mosen smiled politely and said, "Yes. We're pretty much done, so we're leaving. We still have to shoot early tomorrow morning, so we can't stay too late. We still have to rest early after going back."

"That's too bad." Even Lu Xiuse's smile froze. "I wanted to come over and give you a few toasts."

"It's fine. There are still many chances in the future," said Wu Mosen. "Today is not a good one to drink too much." Lu Xiuse took a glance and saw that there were not much alcohol on the table.

e were

It was really a Buddhist dinner. Hehe.

Lu Xiuse did not give up. She saw that her cup was still in the same spot and had not been removed.

She took that cup and scanned the table. Seeing that there was still a little beer in one bottle, she poured everything into her cup. Adding up, she had half a cup of beer.

“Director Wu, let me give you another toast. It’s sad that I couldn’t talk much to you tonight,” said Lu Xiuse with a face full of regret.

She even gave Yan Zhiqing a glance. It was unclear whether it was intentional or not.

Yan Zhiqing was so angry that she smiled. Did that mean that it was her responsibility?

Wu Mosen did not want her to pester him, so he quickly drank the tiny bit of beer in his cup with Lu Xiuse.

Lu Xiuse wanted to drink a few more cups with Wu Mosen.

Just as she was about to open her mouth, Wu Mosen had already left the table and was already at the door.

“Our crews are very close to each other anyway. There will still be many chances to meet in the future. Just not for now,” said Wu Mosen, smiling.

Yan Zhiqing immediately opened the door and went out first.

The people in the room followed along one by one.

Since this was the case, Lu Xiuse could no longer pester him and could only watch as they left.

In her mind, tonight’s matter had been interrupted by Yan Zhiqing.

Previously, she felt strange that Yan Zhiqing would let her see Wu Mosen so easily. So it was because she was waiting here.

“Yan Zhiqing, you messed with my stuff. I won’t let you have a good time!” said Lu Xiuse, gritting her teeth as she watched the people in Wu Mosen’s crew disappear after turning in the corridor.

Lu Xiuse did not return to her crew’s private room immediately. Instead, she called Luo Qingxian.

“Qingxian,” called Lu Xiuse.

“Xiuse.” Luo Qingxian did not expect that it was really her. “Do you know who I saw just now?” asked Lu Xiuse.

Luo Qingxian paused and smiled. “How can I guess that? You didn’t even give me a hint. Even if you want me to guess, you have to give me a scope.”

Lu Xiuse did not leave her hanging and said, “I saw Yan Zhiqing and Wei Wucai together.”

“The two of them?” Luo Qingxian froze. “Alone?”

“No,” said Lu Xiuse. “Yan Zhiqing joined the production crew of Wu Mosen’s new movie.”

“They are going to start shooting officially tomorrow. The production crew came to eat tonight.

“Coincidentally, our crew also made reservations at the same restaurant, so I saw them.

“Yan Zhiqing and Wei Wucai are working in the same crew. Yan Zhiqing is the female lead and Wei Wucai is in charge of the special effects of this movie,” said Lu Xiuse.

She looked around and said, “When I asked you last time, you didn’t even know about Wei Wucai’s work. Unexpectedly, I met him today.”

She added, “I didn’t expect that he’s doing special effects.”

As Luo Qingxian listened, she frowned.

She clearly remembered that Wei Wucai told her he did investigative work like those in detective offices, and he worked for someone. How did it become special effects now?

Did this man speak any truth?

What was his job?

“I didn’t expect that he would have connections with our movie industry. Why didn’t you tell me before?” Lu Xiuse’s tone was full of surprise.

These words choked Luo Qingxian.

Because Luo Qingxian also did not know!

Luo Qingxian was so angry that she sneered through the phone.

When she talked to Lu Xiuse previously, she told her that she did not know what Wei Wucai did for a living And now, Lu Xiuse was pretending to ask her why she did not tell Lu Xiuse?

Hehe!

She did not believe that Lu Xiuse was so forgetful at such a young age.

And this was not very long ago.

Lu Xiuse must have asked this on purpose to hurt her feelings.

It was no wonder that Lu Xiuse did not have any close friends.

Looking at how she was, who would really be friends with her?

It was no wonder that throughout these years, she kept changing friends. There was not a single person who had been close to her this entire time.

She was always seen to be suddenly close with someone and publicly interacting with that person online every day. Then, after a while, there would suddenly be no news.

The interactions were not seen again.

And there was even a history of her arguing with people.

If it was one or two times, then it was fine.

However, every single one of Lu Xiuse's friends did not last long. Every one of them did not even want to greet her when seeing her. This was problematic. Because of this, Luo Qingxian was always on guard towards Lu Xiuse, warding against her.

No matter what, Luo Qingxian had to keep something from her.

Just like this time with Wei Wucai, she did not tell Lu Xiuse the truth.

Now, she could see the results.

Luo Qingxian was grateful that she did not tell Lu Xiuse the truth.

Or else, she would have been so enraged by Lu Xiuse.

Even so, she was still angered by her.

Luo Qingxian chuckled dryly, saying, "I didn't know! If you hadn't told me, I wouldn't have found out at all."

Luo Qingxian paused and said, full of surprise, "So he's doing special effects?"

She was not acting surprised. She was really surprised. "Yes. He's working in the same crew as Yan Zhiqing." Lu Xiuse emphasized, "It seems like the two have a good relationship, like they're very close." Lu Xiuse told Luo Qingxian about the time when Yan Zhiqing was using her phone and had almost been bumped by the waiter's food cart. When Wei Wucai saved Yan Zhiqing, he even held her without letting go. The two held each other and talked for a long time. Lu Xiuse only regretted that she did not take pictures of the two. It would have been more convincing that way.

Chapter 2976 What Did You Find Out?

This time, Lu Xiuse did not embellish it. She only told Luo Qingxian everything as it had happened.

Lu Xiuse felt that this matter was already damaging enough, so she did not have to add anything

"If their relationship was just ordinary, how could they hug each other for so long?" Lu Xiuse sighed. "I was too close to them, and there were other people there, so I could not take a picture with my phone. I really wanted to show you.

"But then again, people who have an ordinary relationship would not hug each other for so long. Besides, there were so many people there, making it even more unsuitable. Honestly, those who can do that in front of so many people must not have an ordinary relationship."

Lu Xiuse said, "It hasn't been that long since you met Wei Wucai, right?" Luo Qingxian said dryly, "Indeed, it hasn't been long."

Even if she wanted to guard against Lu Xiuse and knew that Lu Xiuse's call was probably not out of goodwill, Luo Qingxian still could not help but care about this. Through the phone, Lu Xiuse smirked faintly, having no good intentions. "Think about it. The two of them couldn't have become this close in

just this short amount of them. There must have been a process when they met or even had a fling for some time. "But in just that short amount of time, Wei Wucai came to meet you. What did he want to do? Who is he looking down on?" said Lu Xiuse coldly.

Although she knew that Lu Xiuse was trying to increase her rage, Luo Qingxian still could not help but feel angry.

When she did not hear Luo Qingxian's reply, Lu Xiuse was not impatient.

She knew that Luo Qingxian was holding in her anger, so Lu Xiuse smiled and said, "But from what I've seen, Wei Wucai doesn't seem to be as ordinary as he appears."

Luo Qingxian was suffocating from anger, and when she heard Lu Xiuse say this, she got herself together. "Why?" Luo Qingxian subconsciously showed an eagerness to listen. "What did you find out?"

Lu Xiuse thought to herself, she would not be so good-hearted as to warn Luo Qingxian even if she really found out that Wei Wucai was not ordinary. Lu Xiuse said, "That's not it. It's just that I could see that Yan Zhiqing and Wei Wucai are too close to each other. Think about it, if Wei Wucai is really ordinary and is a good-for-nothing, given Yan Zhiqing's family background, do you think she will fall for Wei Wucai?"

"You can't say that it's just because he looks good, right? There are tons of people who look good in our industry. If we're just talking about faces, he has a long way to go," said Lu Xiuse.

"Besides, even if she fell for his face and Wei Wucai is actually worthless, even if Yan Zhiqing is happy, will the Yan Family be happy?" said Lu Xiuse.

"So although I haven't found out anything, just by analyzing it this way, I feel that Wei Wucai is probably not ordinary. He definitely did not tell you the truth."

Luo Qingxian's heart jumped.

She had had this suspicion from the beginning. Now that Lu Xiuse said this, her suspicion became larger and larger.

"Is that so?" said Luo Qingxian calmly. "You have seen more people and been through more than me. I believe in your eyes. If you feel that way, then the truth definitely won't be far from it."

Lu Xiuse said, "Our production crews are pretty near each other. It's convenient for me to go to their side."

Chapter 2977 She Had No Conscience

"Should I find time to go and take a look at their crew? I will think of ways to find things out and see if I can uncover Wei Wucai's true situation."

How could Luo Qingxian let Lu Xiuse find out? She did not trust Lu Xiuse.

If Lu Xiuse really found out something about Wei Wucai and he was really as ordinary as he said, then it was fine.

But if it was like what they had guessed, Lu Xiuse would not give such a good chance to her.

So Luo Qingxian said, "You don't need to. You're busy acting. How can I make you go to another production crew for my sake? One or two times is fine, but if you do it too many times, the people in your production crew will have complaints about you. This is not okay."

Lu Xiuse was just triggering her.

She knew that Luo Qingxian did not trust her.

She just wanted Luo Qingxian to trouble Yan Zhiqing.

Of course, she must go too. However, she would not waste her time and energy on Wei Wucai.

If she had the time, would it not be good for her to get close to Wu Mosen?

Then, Luo Qingxian said, "Regarding Wei Wucai's matter, I'll do it myself."

"Okay," said Lu Xiuse easily. "But if you need any help, feel free to tell me. After all, I am very near and it's convenient."

"Okay." Luo Qingxian pretended to thank Lu Xiuse, then she ended the call.

*

*

*

Yan Zhiqing still did not know that she was being targeted by Lu Xiuse.

Everyone in the crew returned to the hotel.

Everyone did not live on the same floor, so they went out of the elevator one after another.

Before they knew it, there were only Yan Zhiqing and Wei Wucai left in the elevator.

Yan Zhiqing glanced at the buttons. There was only one floor button that was still lit.

"You're on the same floor as me?" asked Yan Zhiqing, surprised.

Wei Wucai nodded. "It's such a coincidence."

Yan Zhiqing also thought that it was such a coincidence.

The elevator stopped, and the two went out one after another.

Yan Zhiqing was a lively person usually; she would not let the scene quiet down awkwardly.

But now, when Wei Wucai was next to her, Yan Zhiqing suddenly did not know what to talk about.

The silence between the two made Yan Zhiqing feel a little stressed.

She was racking her brain to think of something to say to Wei Wucai.

Then, Wei Wucai said, "When we were eating just now, you told Director Wu that we're not close, right?"

Yan Zhiqing could not help but look at him. She cursed silently. They were indeed not close!

Were they very close?

They had not seen each other many times.

And every time they saw each other, there were many people, so there were very few chances for them to talk to each other.

So Yan Zhiqing felt that she did not know Wei Wucai well and that they were not close.

She did not even know that Ledepic More was his company.

How was this being close?

Wei Wucai tilted his head and saw Yan Zhiqing's reaction. He immediately knew what she was thinking.

Wei Wucai laughed angrily.

Yes, the two of them had not met a lot of times, but every single time left a huge impression, right?

Even so, this little girl thought that they were not close?

"So that's how you feel," said Wei Wucai as he showed a hurt expression. "Looks like I was just imagining things, thinking that we're considered close."

They say that those who looked good would take advantage of it no matter what they do.

Chapter 2978 How Could His Spirit Be So Weak?

If another man had put on Wei Wucai's hurt expression, even if it was a male celebrity who looked outstanding even by the entertainment industry's standards, let alone someone who looked ordinary, Yan Zhiqing would have been enraged on the spot.

But Wei Wucai looked good, and he was a guy who looked gorgeous.

Yan Zhiqing was weakest towards this type.

Usually, as Wei Wucai hated it when others say he looked pretty, he always put on a face that looked serious and unfriendly.

However, Wei Wucai knew how much impact his face had. If he had to use it, he would not hesitate.

Who could take it when such a beautiful face showed such a pained look?

Anyway, Yan Zhiqing could not take it; she surrendered to Wei Wucai's beauty attack.

"That's not what I meant," explained Yan Zhiqing hurriedly.

Wei Wucai gave her a glance and asked pitifully, "Then what did you mean?"

"..." Yan Zhiqing said bitterly, "It's just... I just didn't think that you would feel that we're close."

Wei Wucai sighed. "So it was just my imagination."

"No, no!" Yan Zhiqing thought in her heart, how could Wei Wucai's spirit be so weak when he was from the Mount Lan Compound? That should not be the case.

Yan Zhiqing was feeling bitter due to Wei Wucai's hurt expression.

The only thing she could do was raise her hand and press it to her chest, her conscience making her say, "I was just afraid that I was overthinking, assuming that we're close. In the end, if you felt that we're not, it would have been so embarrassing."

Yan Zhiqing unleashed her basic skills as an actress, showing that she was extremely unconfident.

But she was not facing the usual audience. She was facing Wei Wucai.

In Wei Wucai's eyes, acting skills did not exist. Just from Yan Zhiqing's eyes, he could see that she was lying.

Wei Wucai did not know whether he should be glad or mad.

At least Yan Zhiqing cared about his feelings and would lie to make him feel better.

This at least proved that Yan Zhiqing still cared quite a bit about him.

This comforted Wei Wucai a little.

But he forgot something.

It was possible that because Yan Zhiqing was kind, she could not bear to see him get hurt because of her.

Of course, Wei Wucai did not think about this. He was thus happy.

However, he had still seen through Yan Zhiqing's lie, meaning that she did feel that she was not close to him.

When Wei Wucai saw through this, he could not help but feel frustrated.

Extremely frustrated, he thought about how nice it would be if he was not so accurate in seeing these things. At least then, he would be stupidly happy right now.

Wei Wucai thought about Yan Zhiqing's words, then he said, "Then you don't need to worry. I think that we're pretty close."

Yan Zhiqing was speechless.

In a moment, they became close.

"Hehehehe..." Yan Zhiqing laughed dryly. "Then... then we're pretty close."

Wei Wucai smiled in satisfaction. Even his eyes were smiling. This, together with his beautiful face, struck the soul straight away, stripping one's ability to resist.

At least, Yan Zhiqing could not resist.

"Then you have to remember," said Wei Wucai.

Yan Zhiqing showed a confused look, so Wei Wucai explained, "Next time, if anyone asks, you must remember to say that we have known each other since way back and we're pretty close."

Chapter 2979 Even So, I Don't Dislike

Yan Zhiqing was speechless.

Fine.

Anyway, even if they were not close before, after talking for so long tonight, they could not be considered strangers anymore.

Even if Wei Wucai did not say that, if someone asked her in the future, she could not answer as she had today.

"I'll remember it." Yan Zhiqing nodded immediately.

She was seriously too well-behaved right now. She was completely different from how she was at Sheng Yue. She despised those who had bad ideas towards her. She had even made time to hate Luo Qingxian.

She looked so energetic.

If Luo Qingxian knew that Wei Wucai had described the look of Yan Zhiqing hating Luo Qingxian as energetic, it was unknown what Luo Qingxian would have felt.

"What's your room number?" asked Wei Wucai.

Being asked this so suddenly, Yan Zhiqing could not remember for a moment.

Her expression twitched. She was embarrassed to seem dumb in front of Wei Wucai.

Luckily, after thinking for a while, she remembered. "It's 2018."

Wei Wucai nodded. "Mine is 2020." "Eh, we're so close. There's just a number in between." After Yan Zhiqing finished speaking, she felt vaguely that something was wrong. But she could not think of what was wrong right now.

So she only felt a little unsure in her heart for a while and forgot about it afterward.

When she reached the door, she saw that Wei Wucai was still there.

Right after, she heard Wei Wucai say, "Well, then. Goodnight."

Until now, Yan Zhiqing still had not noticed what was wrong, and she replied immediately, "Goodnight."

Then, she saw Wei Wucai walk to the room next door and take out his room card to swipe

it.

Yan Zhiqing was speechless.

She saw Wei Wucai turn his head and smile at her. "We're not just close to each other, we're right next to each other."

Yan Zhiqing was speechless.

She realized what it was she felt was wrong.

According to the number order of hotel rooms, odd numbers were on one side while even numbers were on the other.

Because of that, the room numbers next to hers were not 2017 and 2019 but 2016 and 2020.

As such, Wei Wucai was naturally staying next door.

After she realized this, Wei Wucai's smile appeared to be filled with sarcasm, as if he was mocking her for having a low IQ.

Yan Zhiqing was determined to not admit that her IQ was inadequate.

She puffed her chest out and put on a tough front, saying, "See, I was right. We are very close."

Wei Wucai's smile twitched. He understood Yan Zhiqing's shamelessness, hiding the fact of her low IQ in such a refined way.

However, the first thought that emerged in Wei Wucai's heart was, "It's fine. Even so, I don't dislike it."

The moment that this sentiment appeared, even Wei Wucai got scared by himself.

What was there for him to like or dislike? Why would he have such a thought?

Wei Wucai shivered in his heart and said to Yan Zhiqing, "Since we're so close, if there's anything that you need help with, let me know."

"Okay, thank you," said Yan Zhiqing happily.

Seeing that Wei Wucai had let her off the hook for her small mistake, she felt that Wei Wucai was really a good person. He was not mean and calculative like what she once thought.

"Goodnight," said Wei Wucai.

Yan Zhiqing replied, "Goodnight."

But after saying that, Wei Wucai still did not go in.

Yan Zhiqing's face was filled with confusion.

Chapter 2980 She Did Not Know Why She Was Guilty Either

Wei Wucai said, "I'll go in after you go in."

Yan Zhiqing froze. She felt an intense impact.

It was not like she had never met someone who was this considerate and gentlemanly.

But it felt different with Wei Wucui.

Yan Zhiqing's heartbeat sped up.

"Oh." Yan Zhiqing was dumbstruck. "Then... then I'll be going in first. Goodnight."

After saying that, Yan Zhiqing did not dare to take another glance at Wei Wucui's extremely attractive face. She quickly swiped her card to enter her room. After closing the door, Yan Zhiqing leaned on it, dumbfounded.

She was affected by a simple action and a simple sentence from Wei Wucui.

It was probably because Wei Wucui looked too good.

That must be the case.

Yan Zhiqing told herself that. As if she was not sure enough, she nodded twice again.

"Zhiqing, what are you doing? Why are you not coming in?" Fang Qiaohan came out and saw that Yan Zhiqing was in a daze, leaning against the door and looking abnormal.

"I heard you enter, but I didn't see you even after waiting for a while," said Fang Qiaohan.

The room Yan Zhiqing was staying in was a suite.

Yan Zhiqing tidied her hair, which was not even messy, then she heard Fang Qiaohan ask, "Zhiqing, why are you blushing?" "Ah?" Yan Zhiqing blinked, surprised. She immediately raised her hand and fanned her face.

It was better if Fang Qiaohan had not mentioned it.

The moment she said it, Yan Zhiqing felt that her face was getting hotter and hotter.

"During dinner, I drank a bit." Yan Zhiqing found an excuse. "You know, my face gets red easily when I drink."

Fang Qiaohan's expression changed and she asked anxiously, "Lu Xiuse used the drinking trick on you?"

The drinking trick was when someone thinks of all kinds of ways to force another to drink.

Yan Zhiqing's alcohol tolerance was not very good. Luckily, she did not need to attend any dinner parties to socialize.

So she did not have to suffer because of her alcohol tolerance.

"No, no," said Yan Zhiqing immediately. "Actually, I didn't drink much. It's just that it's the first time everyone met each other, so we raised a toast in the beginning."

She repeated, "You know me. My face becomes flushed after I drink a little."

Fang Qiaohan let out a sigh of relief. "As long as you didn't get treated badly."

Subconsciously, Yan Zhiqing added, "Wei Wucai was there. How could I be treated badly?"

Thinking about it now, she did drink in the middle.

Some actors who were playing side characters in the movie had wanted to become familiar with her.

So, naturally, it started with alcohol.

However, they were stopped by Wei Wucai.

She really did not drink much.

"Hmm?" Fang Qiaohan stared at her instantly. "Wei Wucai?"

Full of surprise, she asked, "He was there too?"

She knew Wei Wucai.

After all, Yan Zhiqing and Wei Wucai had a love-hate relationship.

When Yan Zhiqing was angered by Wei Wucai, she also could not hold back and had told Fang Qiaohan about it.

Because of this, although Fang Qiaohan had not met Wei Wucai officially, she was not unfamiliar with him.

She knew that Yan Zhiqing and Wei Wucai had grudges against each other.

Of course, Fang Qiaohan felt that Yan Zhiqing's feelings were one-sided.

As for what Wei Wucai thought, she did not know.

"What is he here for? Is he here to work due to coincidence or what?" asked Fang Qiaohan.

Yan Zhiqing felt guilty.

She did not know why she was feeling guilty either.

At that point, she was finally willing to leave the door.

She walked towards the living room, and when passing by the counter, she bent down, opened the small fridge, and took out a milk carton.
