### **Chapter 3141: Forcing Myself to Put On an Act for the Excuse I Came Up With**

Yan Zhiqing felt speechless.

If she had not known that Wei Wucai was gay, after reading these comments and seeing the things Wei Wucai had done, she would have mistakenly thought that Wei Wucai had feelings for her.

Even though she knew that it was impossible, when this thought appeared in her mind, she still couldn't stop her heart from beating faster.

She secretly glanced over at Wei Wucai, who was sitting beside her.

Wei Wucai was holding his phone and looking at its screen with a calm expression.

His expression didn't change much.

Upon noticing Yan Zhiqing's glances, Wei Wucai turned and asked while looking at her, "What's wrong?"

"Nothing." Yan Zhiqing lowered her head guiltily. She flipped open the film script and started reading.

She didn't want those comments to influence her and cause her mind to wander.

However, after she opened the film script, she didn't turn another page.

She couldn't even read a single word.

Wei Wucai had asked her what was wrong...

She couldn't possibly ask him why he had suddenly followed her and wanted them to be mutual follows.

This was not a big deal anyway.

Maybe it never occurred to him to do this. But now, he did so because the comments had reminded him to.

It was not a big deal.

If she were to intentionally ask him why, things would then seem weird.

And so, Yan Zhiqing could only hide this secret in her heart.

Even though she was very curious and really wanted to know what Wei Wucai was really thinking...

After a moment of silence, Wei Wucai suddenly asked, "You memorized all your lines?"

"Ah?" Yan Zhiqing was still deep in thought and answered unconsciously, "Ah, I memorized all the lines in the script we have right now."

The film script in their hands was incomplete.

It was incomplete because the staff members were worried that the movie script might get leaked.

Another reason was due to the later parts of the script still being revised and the film script given to them not being the final version.

They had yet to complete filming this, which was why the production team hadn't given out the next part of the movie script.

Yan Zhiqing had already memorized all the lines in this script.

She was just worried that she might not have consolidated the memorized information and she would become a hindrance when filming restarts.

Although she was the main female lead, there were many senior actors featured in this movie, not to mention people like Gao Zishan and Gu Fei, who were an award-winning actress and actor, respectively.

Yan Zhiqing was very scared that she might not perform well enough or not be professional enough and would then be looked down upon by those senior actors and actresses.

Wei Wucai had been working with Yan Zhiqing these past few days. He had witnessed her professionalism and knew about how dedicated she was to this job.

Before Wei Wucai became familiar with Yan Zhiqing, he'd had no idea that Yan Zhiqing was so dedicated to her job to the extent that her professionalism was admirable.

"Oh. No wonder." Wei Wucai nodded in realization.

Yan Zhiqing, being confused, asked, "No wonder what?"

Wei Wucai pointed at the film script on Yan Zhiqing's lap and said, "No wonder you were reading your script upside down. Have you memorized your lines so well that you decided to try some memorization tricks?"

Yan Zhiqing felt speechless.

Fang Qiaohan was speechless.

Fang Qiaohan was sitting on the other side. She covered her eyes and couldn't bear to watch.

Yan Zhiqing immediately looked down and realized that the script was really upside down!

When Fang Qiaohan handed the film script to her, she had placed it on her lap without looking.

She hadn't noticed it earlier when she flipped open the script.

She didn't expect it to be upside down!

"Hehe!" Yan Zhiqing felt so awkward that her head felt numb. She could only forcefully explain, "Yeah. I was just trying to consolidate what I memorized. It's boring to just read, so I placed the script upside down to make it more challenging. Hehe."

"Oh. I see." Wei Wucai nodded sincerely, pretending to believe her.

Yan Zhiqing lowered her head. Since she had come up with this excuse, she had to force herself to put on an act.

And so, she could only continue reading the script upside down and pretend as though she was busy memorizing her lines. She was muttering softly.

However, no one could tell what she was muttering.

Even Yan Zhiqing herself had no idea what she was saying.

Wei Wucai had nothing to do, so he continued scrolling through the comments.

He even saw some netizens asking him to post some selfies.

Wei Wucai smiled. Upon realizing that there was nothing more to see, he put his phone away.

He was going to say something to Yan Zhiqing when Hu Guangmo called him.

Wei Wucai had no choice but to work.

\*\*\*

Old Mrs. Wei and Dong Muping both saw the news about Wei Zhiqian and Yan Zhiqing.

Even Luo Qingxian saw it.

Luo Qingxian did not expect Wei Wucai to be the CEO of Ledepic More.

She was not very familiar with this company.

However, because of some friends in the entertainment industry such as Lu Xiuse, she'd heard some myths about Ledepic More.

However, she did not expect Wei Wucai to be the CEO of this legendary company.

She recalled the time when she had a meal with Wei Wucai. She had asked him about his job.

But Wei Wucai had told her that he was just an employee.

He said that he worked for someone and was doing investigative work.

Hehe!

He never said the truth!

What was he afraid of?

Was he scared that she might glue herself to him upon finding out about his job?

Or was he scared that she might lust after him if she knew about his job?

Hilarious!

Luo Qingxian finally understood.

She was not the one who looked down on Wei Wucai and disliked him.

It was Wei Wucai who looked down on her and disliked her.

If not, why didn't he tell her the truth?

Luo Qingxian sneered coldly as she thought about what Wei Wucai had said about not being in a relationship with Yan Zhiqing.

And yet, he was pictured taking food deliveries with Yan Zhiqing late at night.

She was not a fan of Yan Zhiqing, nor was she one of those netizens.

She wasn't biased. She didn't think that Yan Zhiqing wouldn't need to boost her popularity by attracting public attention because she was someone with a powerful background.

Those netizens were foolish to think that Yan Zhiqing and Wei Wucai were just friends and that nothing had happened between them.

Before they even explained anything, the netizens had explained everything for them.

But Luo Qingxian considered herself different from those netizens. She had personally witnessed the ambiguous relationship between Yan Zhiqing and Wei Wucai.

And now, the two were working together, making things even more convenient for them.

Wei Wucai and Yan Zhiqing had teamed up and lied to her.

They must be laughing at her secretly.

They must be laughing at her ignorance and over how gullible she was to be fooled by them.

Luo Qingxian stared at the phone screen. She was so angry that the corner of her mouth was twitching.

"Bitch!" Luo Qingxian cursed angrily.

She was only mad at Wei Wucai.

She was mad at Wei Wucai for looking down on her.

She couldn't believe that he lied to her because he looked down on her from the beginning.

Luo Qingxian thought of herself as someone with excellent qualities. Why would Wei Wucai look down on her?

Initially, when Luo Qingxian hadn't known that Wei Wucai was this powerful, she only felt bitter.

She just thought that Wei Wucai was bold to look down on her when he himself was incapable.

This was the reason why she didn't give up.

She wanted to pursue Wei Wucai and get him to be her boyfriend before she dumped him. She wanted to teach him a lesson.

But now, she realized that it was really Wei Wucai who didn't like her and looked down on her.

She wondered to herself, how was she inferior to Yan Zhiqing?

All the hatred she felt was towards Yan Zhiqing.

### **Chapter 3142: Wei Wucai Burned the Bridge After Using It**

She didn't hate Wei Wucai. Instead, all the hatred she felt was towards Yan Zhiqing.

It was as though Wei Wucai had looked down on her because of Yan Zhiqing.

It was as though Yan Zhiqing had snatched Wei Wucai from her.

Luo Qingxian gnashed her teeth as she stared at the picture of Wei Wucai and Yan Zhiqing walking together on her phone screen.

Luo Qingxian held her phone. It was unknown as to what she was planning, but her face turned darker and darker.

She stood up and paced back and forth in the room.

She paced in a circle a few times and finally stopped.

Luo Qingxian then gave Lu Xiuse a phone call.

Lu Xiuse and Luo Qingxian started planning something evil.

At this moment, Lu Xiuse had no idea that something unfortunate was going to happen to her.

She was even in the mood to help Luo Qingxian plot against Yan Zhiqing.

\*\*\*

While Yan Beicheng was still on set, he received a phone call from Zuo Qiu.

Zuo Qiu had completed the investigation on the resources that Lu Xiuse currently had and the resources she was fighting to acquire.

Zuo Qiu said, "Young Master Yan, I found out about something as well.

"On the night before they started filming 'Left Right,' its cast members and production crew all had a meal together. The production crew of 'Left Right' bumped into the production crew of 'A Coincidental Happy Match.' Lu Xiuse was pictured meeting the Left Right production crew members, which had nothing to do with her, before she went back to join her own film crew," Zuo Qiu said.

Yan Zhiqing was the one who had exposed Lu Xiuse.

"I remember this." Yan Beicheng nodded. He was proud of what Yan Zhiqing had done and thought that she had done such a great job.

The corner of Zuo Qiu's mouth twitched slightly before he continued, "Because of what Lu Xiuse did, the director of 'A Coincidental Happy Match' was pissed."

"She did it to herself," Yan Beicheng said.

Yan Beicheng thought to himself that even if Yan Zhiqing hadn't asked him for help, Lu Xiuse would still have dug her own grave.

It was just a matter of time.

“Therefore, Chen Jinglin had already cut off Lu Xiuse’s resources through the use of his connections,” Zuo Qiu said. “However, because they are still filming ‘A Coincidental Happy Match,’ he can’t blacklist Lu Xiuse immediately. If bad news about Lu Xiuse were to be released, the rating of his movie would be affected.

“Therefore, Chen Jinglin informed the others to blacklist Lu Xiuse only after the movie has been released and after the best promotional period for the movie is over. Chen Jinglin is tolerating Lu Xiuse because he still needs to use her fame to promote this movie.”

“It seems like Lu Xiuse really pissed off Chen Jinglin.” Yan Beicheng sneered coldly and said, “However, Chen Jinglin is just a director and has limited connections. In the entertainment industry, people form different groups and help people within their own group. Chen Jinglin couldn’t possibly connect with everyone in the entertainment industry.”

“Yes.” Zuo Qiu nodded and said, “Therefore, I did an investigation on all the connections that Chen Jinglin could contact and found out which resources of Lu Xiuse’s he had taken away from her. We will then cut off Lu Xiuse from the resources that Chen Jinglin couldn’t take away. We will definitely take away all of Lu Xiuse’s resources.”

Knowing Zuo Qiu’s capability, Yan Beicheng felt at ease.

“Send me the list of remaining resources that we need to take away from Lu Xiuse,” Yan Beicheng said.

Yan Beicheng didn’t need to do anything as Zuo Qiu could handle this task by himself.

However, Yan Beicheng was still curious.

Soon, Yan Beicheng received an email from Zuo Qiu.

Yan Beicheng sneered as he stared at the list of resources that remained in Lu Xiuse’s hands.

With only these resources, she still had the audacity to target Yan Zhiqing?

Stupid.

\*\*\*

The filming at night ended. Yan Beicheng and Lin Chu had no intention of going back. They had booked a room in the same hotel that Yan Zhiqing and the others were staying in. As a result, Wei Wucai’s plan to eat dinner with only Yan Zhiqing had failed.

After the filming ended, the group went back to the hotel first.

Yan Beicheng said to Shi Xiaoya, “Is Zhuoling coming over tonight?”

“Yes. I just got a WeChat message from him. He is already at the hotel,” Shi Xiaoya said.

Ever since Shi Xiaoya joined the production crew, her role switched with that of Han Zhuoling.

In the past, Han Zhuoling was the busy one, and it was usually Shi Xiaoya waiting for Han Zhuoling.

But now, because of the filming on set, Shi Xiaoya always finished work late at night.

As for Han Zhuoling, because of the long drive, he had to get off work on time.

Even though it was a long drive, he always arrived at the hotel earlier than Shi Xiaoya did.

He would then continue working while waiting for her at the hotel.

“That’s great,” Yan Beicheng said. “I haven’t seen Zhuoling in a long time. Let’s all have dinner together tonight.”

“Okay.” Hearing what Yan Beicheng said, Shi Xiaoya agreed right away.

She thought that Yan Beicheng had come all the way here to see Yan Zhiqing.

Since they had lunch together at noon, it was assumed that they would have dinner together as a family as well.

She didn’t expect Yan Beicheng to invite her and Zhuoling for dinner.

Yet, this arrangement caused Wei Wucui to suffer.

If Yan Beicheng and Shi Xiaoya weren’t having dinner together, Shi Xiaoya and Han Zhuofeng would definitely get dinner with Han Zhuoling.

Yan Beicheng would take Yan Zhiqing with him. As a result, Wei Wucui would not be able to have dinner with Yan Zhiqing alone.

However, he could then remain shameless and adamantly follow the Yan Family.

If it was just the four of them, Wei Wucui could then make a better impression on his future brother-in-law.

If Wei Wucui was even more shameless, he could forcefully explain that this was a meetup with his in-laws.

It meant that this would be a family dinner.

No matter what, this situation was supposed to have been advantageous to Wei Wucui.

But now, the question that Yan Beicheng had asked completely messed up Wei Wucui’s plans.

Nevertheless, Wei Wucui was very smart.

Wei Wucui, afraid that Yan Beicheng might not invite him, said in a hurry, “I haven’t seen Zhuoling in a long time as well.”

Shi Xiaoya was speechless.

Wei Wucui then started explaining in a serious manner, “When we went back to the hotel last night, you left with Han Zhuoling. You didn’t even give me the chance to have a meal with him.”

Shi Xiaoya was speechless.

Hehe!

Wei Wucai had basically kicked her to the curb once she outlived her usefulness. After she had shown him favor, he even stomped on her.

Last night, she was the one who dragged Han Zhuofeng away to see Han Zhuoling, leaving Wei Wucai alone. Why did she do that?

She did that because she wanted to give Yan Zhiqing and Wei Wucai the chance to be together.

But now, she became the reason why he had lost the chance to eat with Han Zhuoling!

Shi Xiaoya sneered and noted down in her mind what Wei Wucai had just done.

“I am not the one to decide.” Shi Xiaoya gladly retaliated against Wei Wucai.

Wei Wucai felt speechless.

Yan Beicheng finally said something. “Sure. Let’s eat together.”

And so, the whole group went back to the hotel together.

Shi Xiaoya had notified Han Zhuoling while they were on the way.

As a result, Han Zhuoling was already waiting at the hotel lobby when they arrived.

He met up with them and the group went in separate cars.

Han Zhuofeng and Shi Xiaoya hopped into Han Zhuoling’s car.

The moment Han Zhuofeng stepped into the car, Han Zhuoling blurted out, “Why do you keep following us?”

Han Zhuofeng was speechless.

What’s the matter?

Was this really his brother?

Did his brother really hate him this much?

Han Zhuoling had tolerated this for a long time. “You drove here as well. Why do you keep disturbing our couples’ time?”

Han Zhuofeng was speechless.

### **Chapter 3143: He Has an Elder Brother as Well**

“Brother! Your behavior is outrageous.” Sensing his biological elder brother’s betrayal, Han Zhuofeng felt disheartened as he said, “When I am of use to you, you ask me to take care of Sister-in-law on set and make sure that no one bullies her. When I am of no use to you, you kick me away.”

Han Zhuofeng did not care about the cold expression on Han Zhuoling’s face.

Han Zhuofeng sat in the back and left the passenger seat for Shi Xiaoya.

At this moment, Han Zhuofeng suddenly leaned forward and hugged Han Zhuoling, wrapping his arms around the car seat as well.

“Elder Brother, why have I never noticed your potential to be a heartbreaker?” Han Zhuofeng asked.

Han Zhuoling felt speechless.

Han Zhuoling’s face turned so dark as he shouted, “Get your hands off me now!”

Why would Zhuofeng even hug him!

“Alright. Stop messing around.” Shi Xiaoya was laughing so hard.

She wondered how her mother-in-law gave birth to these boys.

Did they experience different prenatal education?

They received the same education and lived in the same environment.

Why did Han Zhuoling become a cold and lofty person who rarely spoke and smiled?

Meanwhile, Han Zhuofeng became a crazy gust of wind.

Similar to the meaning of his name, Zhuofeng was a crazy gust of wind.

“In my opinion, your brother just enjoys roasting you when he has nothing to do,” Shi Xiaoya said while laughing.

Being afraid that Han Zhuoling might actually get angry, Han Zhuofeng hastily released his grip and sat at the back in a well-behaved manner. He was like a well-behaved baby.

“What is going on? Why is being a younger brother so difficult?” Han Zhuofeng cried out pitifully.

“When my elder brother is not here during the day, I am in charge of protecting my sister-in-law. When my elder brother is here during the night, I am in charge of entertaining him?” Han Zhuofeng didn’t think too much about this previously.

But when he said this out loud, he realized that he did seem slightly pathetic for some reason.

Han Zhuoling felt speechless.

He really wanted to kick his crazy little brother out of the car.

Han Zhuoling continued driving in silence while Shi Xiaoya complained in a petty manner to Han Zhuoling about what Wei Wucai had done.

“It’s such a pity that I tried to help him last night.” Shi Xiaoya thought it was funny and started laughing first.

She wasn’t actually angry. She told Han Zhuoling these little things because nothing else happened today. By doing so, they could then laugh together.

“Forget it. He’s doing this to court Zhiqing,” Shi Xiaoya continued. “I will consider this a favor.”

The area around the filming site was not huge. The restaurant that they chose was also nearby.

Since they had been filming for an entire day, they didn't have the energy to go somewhere far away.

And so, they decided to eat somewhere nearby so that they could go back to the hotel and rest earlier.

If it wasn't because the hotel room was too small and because there were too many people today, they would have ordered delivery.

Han Zhuoling had only been driving for about ten minutes when they arrived at the restaurant.

When they got out of the car, they saw that Yan Zhiqing and the others had already arrived.

Yan Beicheng and his wife arrived in Yan Zhiqing's van.

The van was spacious and allowed a lot more passengers.

Wei Wucai, being a shameless person, adamantly got into Yan Zhiqing's van.

When they got off the van, Yan Beicheng turned around and saw Han Zhuoling walking towards them. He then immediately went to greet him.

They knew each other very well, so there was no need to be courteous.

Yan Beicheng waved at Han Zhuofeng and said, "Zhuofeng, do me a favor."

"What?" Han Zhuofeng asked curiously.

"Take a picture for us while we are walking into the restaurant. Make it seem like it has been taken from the point of view of a paparazzi," Yan Beicheng said.

"Why?" Han Zhuofeng asked puzzledly.

Was Yan Beicheng himself doing something to boost Yan Zhiqing's popularity?

"Upload the picture online and explain that we are all having a meal together as friends. The photos of Zhiqing and Wei Wucai being alone together were intentionally cropped out from group photos," Yan Beicheng said.

Han Zhuofeng immediately gave Yan Beicheng a thumbs-up and praised, "Brother Beicheng, you are so smart."

At the same time, he mourned for Wei Wucai.

Clearly, Wei Wucai still had a long way to go.

As of now, Yan Beicheng had labeled Wei Wucai as a friend.

Wei Wucai had very sharp ears.

In addition, he wasn't very far away, which was why he'd heard Yan Beicheng very clearly.

Wei Wucai finally realized that he was outnumbered.

He stepped further away and went to a corner to give Wei Zhiqian a phone call.

Wei Zhiqian was currently hiding in his office. He didn't dare to go home.

He was afraid that Old Mrs. Wei would be waiting for him at home.

Whenever he thought of this, he felt so bitter.

He got trapped in this because he tried to help Wei Wucai.

At this moment, Wei Zhiqian mourned internally as he picked up Wei Wucai's phone call.

"What's wrong?" Wei Zhiqian asked bitterly.

Wei Wucai seemed to have not heard the pain in Wei Zhiqian's voice when he said, "Elder Brother, where are you now?"

"I am in the office," Wei Zhiqian answered.

Wei Wucai frowned and asked, "Are you busy with work?"

"No. What do you need?" Wei Zhiqian asked.

He had completed his work. He just didn't dare to go home.

If Wei Wucai could offer him a place to stay, he would very gladly take the offer!

"Yan Beicheng and Lin Chu are on the set today. They will be staying here for the night and going back tomorrow. Han Zhuoling came over as well and all of us are eating dinner together," Wei Wucai said. "I was just wondering if you wanted to come over if you have nothing to do."

"Eh?" Hearing this, Wei Zhiqian felt that this was a trick. He asked, "What made you think of me?"

Wei Wucai looked up at the starless night sky and answered, "All of them are supported by their elder brothers. I just thought I should be supported by one as well. If not, no one would speak up for me."

Han Zhuoling always sounded as though he hated Han Zhuofeng, but he didn't really mean it.

If something happened, Han Zhuoling would definitely protect Han Zhuofeng.

Han Zhuofeng would do the same as well.

Yan Beicheng, being Yan Zhiqing's elder brother, was here as well.

Yan Beicheng was his future elder brother-in-law. No matter what happened, Wei Wucai didn't dare to bicker too much with Yan Beicheng.

Therefore, he needed someone of the same generation as Yan Beicheng to support him.

And so, Wei Wucai was reminded of Wei Zhiqian.

He had an elder brother as well.

Although his elder brother was still single...

This did not affect Wei Zhiqian's ability to support Wei Wucai.

"Why do you need someone to speak up for you?" Wei Zhiqian thought it was weird. "What's going on? Who bullied you?"

Wei Zhiqian stood up immediately and said, “Who would dare to bully you!”

Wei Wucai felt speechless.

No one would dare to bully him.

However, when Wei Wucai heard what Wei Zhiqian had said, he felt emotional.

It did feel different to have an elder brother.

“Erm...” Wei Wucai, rarely feeling emotional because of Wei Zhiqian, told the truth, “I like Yan Zhiqing.”

“I know.” Wei Zhiqian blinked.

Didn’t he say that during the day?

Because of this, Wei Zhiqian, despite being happy for Wei Wucai, suddenly became wary.

Even his younger brother Wei Wucai had someone to court. In Wei Zhiqian’s own words—Considering that Wei Wucai was a good and reliable man, Yan Zhiqing, provided that she was not a fool, would definitely see the good in him.

In addition, what they did today had even caused Yan Beicheng himself to visit the studio.

#### **Chapter 3144: The Two Flaunted Their Loving Relationships**

Clearly, Yan Zhiqing had some kind of feelings for Wei Wucai as well.

These were two youngsters who had feelings for each other. It’s just a matter of time before their relationship became official.

This meant that Wei Wucai would have a girlfriend in the near future while he would remain single. If this happened, would Old Mrs. Wei let him off the hook easily?

Wei Zhiqian felt his heart ache.

He then heard Wei Wucai say, “Yan Beicheng is her elder brother. Obviously, he would protect his younger sister and would refuse to allow other men to take his little sister away this easily. And so, he would definitely try to make things difficult for me.

“Elder Brother, you know that Yan Beicheng is my future elder brother-in-law,” Wei Wucai said. “And so, I don’t dare to retort blatantly.”

Wei Zhiqian felt speechless.

Wei Zhiqian thought to himself, Wei Wucai and Yan Zhiqing were not even in a relationship. Nevertheless, Wei Wucai already viewed Yan Beicheng as his future elder brother-in-law.

Obviously, Wei Wucai was very confident.

However, did Yan Beicheng know that he was being referred to as someone’s elder brother-in-law?

“If he really wants to make things hard for me, I would be too weak as it would just be me by myself. I have no one to help me and speak up for me...” Wei Wucai said in a pitiful manner.

“Elder Brother, take a look at the dinner arrangement tonight. Han Zhuofeng is accompanied by Han Zhuoling and Shi Xiaoya. Zhiqing is accompanied by Yan Beicheng and Lin Chu. All of them are accompanied by their elder brothers and sisters-in-law while I am just here by myself,” Wei Wucai said.

Wei Zhiqian felt speechless.

“Even if I go, you won’t be accompanied by a sister-in-law.” Wei Zhiqian’s mouth twitched as he said this.

This dude was just intentionally hurting him.

“...” The corner of Wei Wucai’s mouth twitched as he thought that his elder brother was somewhat unimpressive.

As of now, he couldn’t even acquire the support of a sister-in-law.

This basically meant that his combat power was reduced by half.

“At least I would be accompanied by an elder brother,” Wei Wucai said.

To Wei Zhiqian, these words sounded like the phrase—It is better to have something than to have nothing.

“I am sorry you don’t have a sister-in-law.” Wei Zhiqian rolled his eyes as he said this.

Wei Wucai sighed. He realized that everyone else had an elder brother as well as a sister-in-law. As for Wei Wucai, one of the two was absent. This caused Wei Wucai to feel a little sad.

“Elder Brother, are you coming or not?” Wei Wucai asked.

“I am. I am coming,” Wei Zhiqian said. He lifted his wrist and checked the time. “It should take around an hour. There isn’t a lot of traffic at this time.”

Wei Wucai nodded and said, “We will wait for you.”

“Isn’t an hour of wait time too long for you guys?” Wei Zhiqian said. While he was speaking, he had already taken his car keys and was stepping outside with long strides.

Wei Wucai looked back and saw Han Zhuoling and Yan Beicheng chatting with each other at a near distance. He then answered, “My good brother, it’s fine if we wait for you.”

Han Zhuoling and Yan Beicheng had no idea that Wei Wucai had just made a decision for them.

“Alright.” Wei Zhiqian nodded. “I will be as quick as possible.”

“Safety first.” Wei Wucai still expressed his concern for Wei Zhiqian as he said, “Don’t drive fast because you are in a hurry. You will likely cause a car accident.”

Wei Zhiqian felt emotionally moved by what Wei Wucai said. He agreed and went on his way.

Wei Wucai hung up the phone and stepped next to Han Zhuoling and Yan Beicheng.

Yan Zhiqing then said, "Let's go in quickly."

"Wait, we have not taken a picture yet," Yan Beicheng said.

Because Wei Wucai had gone away for a phone call, the group photo was not yet taken.

Yan Beicheng handed the phone to Han Zhuofeng and called the others over as he said, "Come on! Don't stand together in an organized manner.

"Make it appear as though we are just stepping into the restaurant together.

"Wei Wucai, don't look so stiff. You obviously look like you are posing for a photo. Learn from me.

"Don't stand in a row. Stand in two rows.

"Xiaoya, Zhiqing, Xiao Cai, move behind us.

"Zhuoling, stand beside me." Yan Beicheng buzzed with excitement as he continued arranging the group.

But Han Zhuoling was not happy with this arrangement and said, "Why are you moving Xiaoya away from me?"

"If you were beside Xiaoya, Xiao Cai would be standing next to Zhiqing. People will think that Xiao Cai and Zhiqing are a couple," Yan Beicheng explained. "If the couples are all standing together in the photo, people will likely think that the remaining two individuals are a couple as well."

"No." Han Zhuoling adamantly refused and said, "What if people think that Xiaoya and I are experiencing some relationship issues because they don't see us walking together?"

"Our relationship is very good. How can we allow such a misunderstanding?" Han Zhuoling firmly rejected Yan Beicheng's suggestion.

He barely had the chance to show people his affection towards Xiaoya. If it wasn't because they were busy, he would have shown his affection every second of the day.

If this picture caused people to suspect that his relationship with Xiaoya was going downhill, it would be very unfair.

With this, Han Zhuoling grabbed Shi Xiaoya's hand tightly.

His attitude clearly indicated that no words could separate him and Shi Xiaoya.

Yan Beicheng couldn't say anything.

Wasn't Han Zhuoling overthinking this?

Immediately, he heard Han Zhuoling say, "Why don't you and Lin Chu walk separately?"

"No way!" Yan Beicheng blurted out. "What if they get the wrong idea about my relationship with Chuchu? We have a very good relationship!"

Wei Wucai felt speechless.

He felt as though that these two guys were just flaunting their loving relationships.

Han Zhuofeng, feeling helpless, said, "Just ask Zhiqing and Xiao Cai to walk separately! They are not in a relationship, so it shouldn't matter if they are not walking next to each other!"

"Sounds good." Yan Beicheng pondered for a moment and nodded.

He initially wanted to prove that Yan Zhiqing and Wei Wucai were friends anyway.

They were now outside as a group.

Previously, when Wei Wucai and Yan Zhiqing were pictured picking up food delivery together, they were honestly the only ones there.

However, this group photo could potentially trick the netizens into thinking that the photo with just Wei Wucai and Yan Zhiqing had just been cropped out of a group photo.

It might fool them into thinking that there were really many people picking up the food delivery.

This was Yan Beicheng's plan.

This was why he wanted Wei Wucai to walk next to Yan Zhiqing.

Of course, if they didn't walk next to each other, it wouldn't affect much.

Yan Beicheng pondered about it and decided that it was okay.

And so, he asked Yan Zhiqing to walk in the front row beside him and Lin Chu.

Wei Wucai walked behind them, positioned next to Han Zhuoling and Shi Xiaoya.

Wei Wucai was fine with this arrangement because he heard what Shi Xiaoya had whispered to Han Zhuoling. Shi Xiaoya whispered, "In my opinion, it seems like they were brought here by us for a matchmaking meeting."

"Eh?" Han Zhuoling was slightly curious.

Shi Xiaoya kept her voice low as she explained, "Look here. Yan Beicheng brought Zhiqing along while we brought Wei Wucai along. Don't we seem like two parties, each bringing along a single youngster to introduce them to each other?"

Han Zhuoling turned and cast a glance at the others.

It did seem like it!

However, Yan Beicheng clearly did not notice this.

The group posed naturally, making it seem as though they were about to step into the restaurant.

Han Zhuofeng quickly took several pictures, allowing Yan Beicheng to pick out a few pictures that he thought were more agreeable.

The group arrangement and the photo taking took a long time.

After they went into the restaurant, they asked the waiter for a private room.

Fortunately, this restaurant was located in a rather obscure place. Therefore, although business was going fine and there were customers constantly, it wasn't popular to the extent that it had no empty tables.

Considering that it was really late, there was a private room available at the restaurant.

### **Chapter 3145: Wary and Unable to Act Freely**

The group went into the room.

Yan Beicheng was the one buying the meal tonight. Even after they had ordered the food, they still needed to wait a while for it to arrive.

Wei Wucai started calculating. Considering the time spent taking pictures, Wei Zhiqian would probably arrive at the same time as the dinner was served.

Wei Wucai then said, "I invited my elder brother as well."

"Your elder brother?" Yan Beicheng pondered and asked, "Zhiqian?"

"Yes." Wei Wucai nodded and said, "He hasn't seen you all in a while, so he's coming to see everyone."

"Tsk." Yan Beicheng thought to himself, "Wei Wucai obviously called Wei Zhiqian over here for some support."

After all, Wei Wucai, being by himself here, was very weak!

However, so what if Wei Zhiqian, an old bachelor, joined this dinner?

Only the married individuals could be truly confident!

Wei Zhiqian and Wei Wucai did not know what Yan Beicheng was thinking.

Wei Zhiqian arrived even earlier than they had expected.

All the meals were served. Yan Beicheng had just told everyone to wait for Wei Zhiqian.

A moment after that, they heard a knock.

Han Zhuofeng opened the door and saw Wei Zhiqian standing outside.

"Brother Zhiqian," Han Zhuofeng called out.

Wei Zhiqian stepped into the private room. When he saw that everyone had yet to start eating, he said, "Yo, is everyone waiting for me? I am so sorry."

"They just served the food. We didn't expect you to arrive this quickly," Yan Beicheng said with a smile.

"The drive here was smoother than expected." Wei Zhiqian took the seat beside Wei Wucai.

That was the seat that Wei Wucai had saved for him.

"There was no traffic jam throughout the entire drive, which rarely happens. In addition, the traffic lights were mostly green and there were very few red lights," Wei Zhiqian explained with a smile.

The entire drive was so smooth that it was surprising.

“Why did you suddenly come over?” Han Zhuoling asked.

Obviously, Wei Zhiqian wouldn't say that it was because he didn't dare to go home, and when Wei Wucai told him that support was needed, he came over right away.

This was all he said, “Xiao Cai told me that you are all here and he is the only one whose elder brother was absent. He told me that he was a little lonely, so I came over to keep him company.”

Yan Beicheng smiled and said, “Are you staying here tonight?”

“Yes. By the way, are there available rooms at your hotel?” Wei Zhiqian asked.

“Yes. There aren't many guests at the hotel today, so there are a lot of available rooms,” Wei Wucai said.

“Good. I will stay there today,” Wei Zhiqian said. “I will go straight to the office next morning. I am too tired to drive back tonight after dinner.”

Without showing any mercy, Yan Beicheng exposed him, “You don't dare to go home because you are scared that your grandmother might be looking for you.”

Wei Zhiqian sneered and responded, “Why would I be afraid?”

With this, he even raised his brow at Yan Beicheng.

Would Yan Beicheng be daring enough to say that it was all because of Wei Wucai and Yan Zhiqing?

He wouldn't dare to say so!

Yan Beicheng couldn't say anything.

He had made a stupid mistake.

Yan Beicheng completely forgot about this.

He didn't expect this to happen because of Wei Wucai. As Yan Beicheng had something to protect, he became wary and couldn't act freely!

“Hehe.” Wei Zhiqian laughed a couple times. He then looked at Wei Wucai with his brows arched and with a proud expression.

Wei Wucai gave Wei Zhiqian a thumbs up.

It did feel different to have an elder brother.

Wei Zhiqian was indeed reliable.

Since they all drove here, none of them had alcohol.

In addition, Yan Zhiqing and Shi Xiaoya still needed to wake up early tomorrow morning.

And so, all of them had juice.

Wei Zhiqian smiled as he said to Yan Zhiqing, "Zhiqing, if anyone on set tries to make things difficult for you, just ask Xiao Cai for help. If he's there, no one can bully you."

Hearing this, Yan Beicheng frowned.

Yo, what's this?

Was Wei Zhiqian here to be a matchmaker?

Wei Zhiqian was single and hadn't even figured out how to get a girlfriend.

And yet, he was still in the mood to be his brother's matchmaker.

If Wei Wucai managed to get into a relationship, Old Mrs. Wei would probably beat Wei Zhiqian with a feather duster until the feather duster broke.

Wei Zhiqian would never stop crying!

Therefore, although Yan Beicheng had already accepted Wei Wucai to be Yan Zhiqing's boyfriend...

As Yan Zhiqing's elder brother, he just couldn't help it. Out of instinct, he just wanted to make things more difficult for Wei Wucai.

Yan Beicheng didn't think of his actions as an obstruction.

Of course, Lin Chu didn't think this way either.

Before Yan Zhiqing answered, Yan Beicheng said, "Zhuofeng and Xiaoya are on the set as well. They wouldn't just watch Zhiqing get bullied, would they?"

Wei Zhiqian smiled and said, "An additional person guarantees extra safety. After all, our Xiao Cai has real combat power."

Shi Xiaoya watched the interaction between Yan Beicheng and Wei Zhiqian. Seeing how they were behaving like the parents of the family, Shi Xiaoya wanted to laugh.

Wei Wucai did not have much chance to chat with Yan Zhiqing during dinner.

That's because Yan Beicheng was in between them and watching Wei Wucai closely, refusing to give Wei Wucai any chance to interact with Yan Zhiqing.

In addition, he was sitting right across Yan Zhiqing. He took the seat that was far away from her but not across from her.

Even if Wei Wucai wanted to talk to her, it was inconvenient.

It was even more inconvenient to take food for her and pick out the bones for her.

He had no chance to show good behavior.

Wei Wucai felt extremely frustrated.

Whenever he tried to talk to Yan Zhiqing, he would see Yan Beicheng's face.

It was terrifying.

He even lost his appetite.

With a smile, Yan Zhiqing responded to what Wei Zhiqian said. "Xiao Cai has indeed helped me a lot. Because he was by my side, I was able to get out of every accident."

An example would be when Luo Qingxian visited them.

Another example was the night she almost got sexually harrassed.

Because Wei Wucai was here, she was able to remain unharmed.

Wei Zhiqian's eyes brightened as he said, "Yo, are you two this familiar with each other already? You are even calling him Xiao Cai?"

Yan Zhiqing didn't think much about it as she replied candidly, "Yes, we are good friends. We don't have to act like strangers."

Wei Zhiqian smiled and glanced over at Wei Wucai as he thought about how the guy had put on a pretense during the day.

Her response gave it all away.

"By the way, Xiao Cai doesn't have many friends," Wei Zhiqian said. "It's a surprise for you two to have such a fated relationship."

To Yan Beicheng, this didn't sound right at all.

What fated relationship?

Why did Wei Zhiqian phrase their relationship in such an ambiguous manner?

"Xiao Cai is not that cheerful. It's hard for him to show his true self. This is most likely due to him being at the Mount Lan Compound since he was young. While his family members were not around him, he had to go through such harsh training. No matter how much he suffered and no matter how much he missed his family, he could only take it all in. After all, his family was not around." Wei Zhiqian sighed, appearing to feel very sorry for Wei Wucai.

Yan Zhiqing knew that it was tough staying at the Mount Lan Compound.

But the words that Wei Zhiqian uttered left a deeper impression in her heart.

She couldn't help but begin to imagine Wei Wucai as a little boy.

She knew that Wei Wucai was ranked highly at the Mount Lan Compound.

People like Wei Wucai had joined the Mount Lan Compound at the age of four or five. They had lived there and received training there.

### **Chapter 3146: Take Your Younger Brother Away**

In such a strict environment, how could family members be allowed to accompany them?

This was a young kid who had to go through so much hardship without his family being around.

Who could endure this?

Yan Zhiqing looked up and saw Wei Wucai, who remained silent. She didn't see any pitiful expression on Wei Wucai's face.

However, Yan Zhiqing couldn't help but feel sorry for him.

She felt especially sorry about his childhood experiences.

She didn't know nor could she imagine the hardship he had experienced.

She wondered if that four- or five-year-old kid back then had hidden in the corner and cried when he couldn't endure it any longer. She wouldn't know how terrible he probably had felt.

When he missed home, he couldn't go back. When he missed his family, his family members weren't around.

Yan Zhiqing wanted to hug the four- or five-year-old Wei Wucai.

At this moment, she felt horrible.

Yan Beicheng gritted his teeth.

Because he was a very good friend of Wei Zhiqian, he forgot that people who didn't know him well viewed Wei Zhiqian as a cunning and ruthless figure.

If you went out and asked a random person, you would learn that all of Wei Zhiqian's business competitors hated him.

They hated him to the extent that they wanted to put a sack over his head.

Clearly, to outsiders, Wei Zhiqian was cold, ruthless, and extremely cunning.

And now, with just a few words, he had managed to make Yan Zhiqing feel pity.

He was extremely cunning!

He then heard Wei Zhiqian say, "He is very used to enduring hardships by himself. He doesn't tell people about it, and he doesn't seek comfort from others. Because he processes all the hardships by himself, he now has the appearance of a cold-hearted person.

"He's not a bad person, and he's not really cold-hearted. He's just accustomed to not confiding in anyone. For the past twenty years or so, he has been by himself. Even today, he still doesn't know how to interact with people and tell others about his difficulties. Even when he feels sad about something, he doesn't know how to tell people about it." Wei Zhiqian sighed after speaking emotionally.

Yan Beicheng couldn't say anything.

With such eloquence, it's a pity that this dude was not the host of an emotional talk show.

He could see Yan Zhiqing feeling horrible after hearing what Wei Zhiqian said.

Yan Zhiqing's heart went out to Wei Wucai.

She wanted to hug him and comfort him.

How could Yan Beicheng just watch without doing anything?

Wei Zhiqian was brainwashing his sister in front of him.

How could he allow this?

And so, Yan Beicheng sneered and said, "Xiao Cai doesn't have friends? I thought he has a good relationship with Yuan Jiangyi and Hao Donghuai?"

Wei Zhiqian felt speechless, but he replied with an awkward smile, "But they are really business partners. There are many things Wei Wucai can't tell them."

"But it's okay to tell Zhiqing?" Yan Beicheng immediately asked.

"Hey, are you nitpicking?" Wei Zhiqian said angrily.

The two looked as though they were about to start arguing.

Yan Zhiqing hurriedly said, "Xiao Cai is my friend too."

She recalled the time when she was on the phone with Yan Beicheng and she told him that Wei Wucai was just a friend, causing Wei Wucai to be in a bad mood.

During that time, Wei Wucai had appeared to care a lot about this.

Yan Zhiqing just heard from Wei Zhiqian that Wei Wucai did not have many friends.

It all then made sense to Yan Zhiqing. She finally understood why Wei Wucai cared so much and was so sad when he heard her telling Yan Beicheng that Wei Wucai was just a friend.

This was because he didn't have many friends. It brought him so much joy to have her as a good friend.

But then, she denied that they were good friends right in front of him. Even though she didn't do it intentionally, he still felt hurt by what she did.

Yan Zhiqing kept this in mind and felt very sorry.

And so, she took this opportunity to say, "To me, he is a very good friend."

Seeing how serious she looked, Wei Wucai couldn't help but begin smiling.

He thought Yan Zhiqing looked very good when she was being serious.

Yan Beicheng couldn't watch this anymore.

His sister was so gullible.

Wei Zhiqian immediately smiled and said, "Xiao Cai rarely has friends outside of work. Yuan Jiangyi and Hao Donghuai have a good relationship with him, but they are his coworkers and are also part of a small social circle. It's rare for him to have friends outside of that social circle, so I am very happy for him."

He went on, "In your daily life, he can protect you. Don't worry. He's from the Mount Lan Compound. No one else has his skills, and there are no bodyguards as good as him."

Yan Zhiqing nodded and strongly agreed.

She had personally witnessed his abilities.

“Just chat with him more and don’t let him keep everything to himself,” Wei Zhiqian said.

Before Yan Beicheng could object to this, Yan Zhiqing already answered, “Of course. No problem.”

Yan Beicheng couldn’t say anything.

Wei Zhiqian gave a sneaky smile and said, “With you here, I will have nothing to worry about. I was afraid that this dude would keep things to himself and would have no one to share his pent-up thoughts to.”

There was something Wei Zhiqian didn’t dare to say out loud.

He was afraid that Wei Wucui would become so pent up with thoughts and emotions that he would eventually become a pervert.

Wei Zhiqian was worried that if he had said this out loud, Yan Zhiqing would be afraid.

Yan Zhiqing nodded and said with a smile, “Brother Zhiqian, do not worry. Xiao Cai and I have a lot to talk about. We usually chat a lot.”

With Yan Zhiqing here, Wei Wucui would never become a pervert.

In addition, Wei Wucui had even told her that he was gay, which was something very important.

In Yan Zhiqing’s opinion, they were already very good friends who told each other everything.

“As long as you are here, I will not worry,” Wei Zhiqian said, appearing to have been consoled.

“Hehe.” Yan Beicheng sneered internally and thought to himself, “If your grandmother knew that you, who are still single and have not gotten a girlfriend...”

Wei Zhiqian had not even figured out how to get out of the single life, but he was trying so hard to help his cousin get a girlfriend.

Didn’t he know that he should solve his own issue while he was helping his cousin?

Wei Zhiqian was trying so hard to help Wei Wucui. However, when it came to his own relationship status, he remained very passive and didn’t worry at all.

If Old Mrs. Wei found out about this, Wei Zhiqian would cry nonstop!

\*\*\*

The group finished dinner and was heading back to the hotel.

Wei Wucui tried his best to lie low and attempted to sneak into Yan Zhiqing’s van.

However, Yan Beicheng still noticed him.

“Zhiqian is here. Just take a ride in your brother’s car,” Yan Beicheng said as he blocked Wei Wucui.

Wei Wucai felt speechless.

“Why would you sneak into our car when your brother can give you a ride?” Yan Beicheng said ruthlessly.

“Your car is parked much closer. Since my brother came late, he parked a little farther from the restaurant,” Wei Wucai explained.

Yan Beicheng refused to listen to his excuses. He started shouting towards Wei Zhiqian, “Take your brother away!”

Wei Zhiqian tried to leave quietly, intentionally pretending that he had heard nothing and leaving his unlucky brother to Yan Beicheng.

But Yan Beicheng refused to let Wei Zhiqian have his way. Yan Beicheng strode forward and started running towards Wei Zhiqian. He stopped Wei Zhiqian and dragged him back.

“Take your brother away!” Yan Beicheng said coldly.

Wei Zhiqian felt speechless.

Why did Yan Beicheng, his good friend, become so annoying now that he was Wei Wucai’s future elder brother-in-law!

### **Chapter 3147: Brainwashing**

There was nothing Wei Zhiqian could do. And so, he could only drag Wei Wucai away.

“Let’s just leave first,” Wei Zhiqian whispered. “They are only staying here for the night, so you still have a lot of chances.”

Wei Wucai gave it a thought and agreed. He then obediently left with Wei Zhiqian.

Yan Beicheng started nagging and brainwashing Yan Zhiqing in the van. “No matter how much you trust Wei Wucai, he is still a man. You have to keep your distance from him. Don’t make me worry for you! Ah!”

“I got it.” Yan Zhiqing wanted to cover her ears, but she didn’t dare to do so.

She could only look at Lin Chu with a helpless expression.

She was hoping that Lin Chu could stop Yan Beicheng.

However, Lin Chu could only look at Yan Zhiqing with a helpless expression that communicated her inability to help.

And so, Yan Zhiqing had to listen to Yan Beicheng nag throughout the entire drive.

Yan Zhiqing could only promise Yan Beicheng repeatedly, “Brother, please don’t worry. I will keep this in mind. Regardless of how Wei Wucai is as a person, he is a man. I will stay at a safe distance away from

him. I will not go to his room by myself, nor will I allow him to come into my room, especially when it's night time.

Yan Zhiqing said, "In addition, it's not good if someone took a photo of us. We still have to be careful even if he is..."

She wanted to say—even if Wei Wucai was gay.

For some reason, the word was on the tip of her tongue, but she could not utter it.

It was unknown as to when she started disliking the thought of Wei Wucai being gay.

She didn't like talking about it nor thinking about it.

Because Wei Wucai was gay, she was able to get along with him without feeling any stress.

However, she didn't know when she started feeling a little sad whenever she thought about Wei Wucai's sexual orientation.

She even... wished that Wei Wucai was straight. She wished that he wasn't gay.

"Elder Brother, please don't worry, okay?" Yan Zhiqing said in a helpless tone. "You have been nagging throughout the entire drive. I won't forget what you said."

"It's good if you really keep this in mind," Yan Beicheng said worriedly.

As of now, in Yan Beicheng's opinion, Wei Wucai was basically a wolf.

How could he not worry when Yan Zhiqing was around a wolf?

Yan Zhiqing nodded hastily as she replied, "I will really do."

Yan Beicheng himself felt thirsty from talking so much.

Lin Chu hurriedly handed Yan Beicheng a bottle of water so that he could drink some.

When the group arrived at the hotel, they went to their own rooms.

Even when Yan Beicheng was in his room, he still felt worried. He said to Lin Chu, "Do you think Wei Wucai would be daring enough to still go to Zhiqing's room when he knows that we are here?"

Lin Chu replied, "Zhiqing is not stupid. In addition, she's not the kind of person who would simply allow someone of the opposite gender into her room."

She comforted, "Even if Wei Wucai wanted to go to her room, he would need a believable excuse, right? But he doesn't have any."

Actually, she really wanted to say that—even if Wei Wucai wanted to see Yan Zhiqing, there's no rush for him to see her tonight.

After all, Yan Beicheng wouldn't be here every day.

He could just wait until after they leave tomorrow.

And by then, Yan Beicheng would not be able to control whatever Wei Wucai did.

But Lin Chu didn't dare to tell Yan Beicheng this.

She was worried that if she were to remind Yan Beicheng of this, he would then visit Zhiqing every single day.

Yan Zhiqing would then suffer so much.

Wei Zhiqian had a chat with Wei Wucui and confirmed that he did have feelings for Yan Zhiqing and was putting in effort to court her.

Wei Zhiqian then left feeling satisfied.

Before Wei Zhiqian left, he gave Wei Wucui a pat on the shoulder and said in encouragement, "Way to go! If you need help, let me know. If Yan Beicheng is still bullying you, let me know. I will help you deal with him."

Wei Wucui realized that Wei Zhiqian was very reliable. He smiled and thanked him.

Wei Zhiqian walked to the door and rubbed his hands while saying, "You don't have to... thank me. Just don't tell Grandma about this."

Wei Wucui felt speechless.

Old Mrs. Wei had really traumatized Wei Zhiqian.

"I won't say a single word," Wei Wucui said.

He's not bored, so why would he even tell their grandma about this?

"Good." Wei Zhiqian felt at ease. He then reminded him, "If Grandma asks you about this while your relationship with Yan Zhiqing is not yet official, you have to deny it. Just tell her that it was a misunderstanding."

Wei Wucui appeared stumped by this request.

When Wei Zhiqian didn't hear Wei Wucui give his promise, he became worried. "What? You two are not in a relationship yet. Even if you deny it, it shouldn't matter, right?"

Wei Wucui still appeared troubled as he responded, "I could deny it. But if Zhiqing found out that I denied it and reckoned that I have no feelings for her, that would not be good.

"And so, I don't think I can deny it," Wei Wucui said embarrassedly. "I don't want her to have the wrong idea."

Wei Zhiqian felt speechless.

Wei Zhiqian asked, "But I thought she thinks that you are gay?" He then said, "So it doesn't really matter even if she gets the wrong idea."

Wei Wucui felt speechless.

"That's different," Wei Wucui said. "I am willing to be straight for her."

Wei Zhiqian felt speechless.

Wei Zhiqian thought to himself, "But you have always been straight!"

Wei Wucai made it sound as though he was really gay.

Wei Zhiqian looked troubled as he said, "Considering that I helped you, can't you just help me once? If Grandma found out about this, she would beat me until I am bedridden. If that happens, even if I wanted to help you, I wouldn't be able to do so."

Wei Wucai thought about it and realized that Wei Zhiqian was quite pitiful.

Wei Wucai couldn't kick Wei Zhiqian to the curb after he had outlived his usefulness.

Wei Zhiqian had at least worked hard tonight for the sake of his happiness.

Wei Wucai then said, "How's this? If Grandma asks me about this, I won't admit or deny it. I will just be ambiguous."

"Sure." Wei Zhiqian nodded hastily as he thought this suggestion was agreeable.

And so, Wei Zhiqian left happily.

He had no idea that Old Mrs. Wei already found out about this.

She didn't even need to ask Wei Wucai.

Wei Zhiqian was very pleased as he went back to his hotel room.

He took a shower and tidied up.

He then crawled under the covers, turned on the TV, and switched the channel to a funny variety show.

On the bedside table, there was a fruit plate, which the hotel gifted to guests on their first day of arrival.

Wei Zhiqian planned to eat some fruits and watch the show at the same time.

At this moment, his phone rang.

Wei Wucai picked his phone up. The moment he looked at the screen, his hand trembled and his heart quivered.

He took a deep breath and picked up the call. In a sweet tone, he called out, "Grandma."

"Where are you now?" Old Mrs. Wei asked.

"I came to visit Xiao Cai," Wei Zhiqian said. "Xiao Cai is now a member of the production crew for Wu Mosen's new movie and is in charge of creating the special effects. I was somewhere nearby, so I came to see him."

Old Mrs. Wei laughed and asked, "Then did you see Zhiqing as well?"

Wei Zhiqian gave a dry laugh and answered, "Why would I see Zhiqing?"

Old Mrs. Wei smiled sweetly and said, "Didn't you see the news online? Zhiqing seems to be dating Xiao Cai."

### **Chapter 3148: You Are On Par with Xiao Cai**

Wei Zhiqian said wittily, “Those are groundless rumors. How can you believe those rumors? Those two are just friends. They are not in a relationship.”

They were not officially together yet.

Wei Zhiqian didn't think that he was lying to Old Mrs. Wei.

“They just happened to be working together. Since they know each other, they are often together. That's how this misunderstanding happened. Hehehehe...” Wei Zhiqian, feeling guilty, started emitting a dry laugh.

“Beicheng and Lin Chu are both here, and Zhuoling is here as well. When I found out that everyone came here, I decided to join the fun,” Wei Zhiqian said as he laughed awkwardly.

But was Old Mrs. Wei this easily fooled?

“Why did Beicheng suddenly visit?” Old Mrs. Wei asked.

“Probably the same reason as mine. He thought that it was rare for Zhiqing's filming site to be in B City, so he came over to visit,” Wei Zhiqian explained.

“Hehe. Didn't he visit because he saw the news online and wanted to know what was actually going on?” Old Mrs. Wei said. “I followed the news online. Zhiqing did not explain what was going on between them.”

She continued, “And all the things that Xiao Cai did today tells me that there's something wrong. I am sure he likes that girl named Zhiqing.”

Wei Zhiqian thought to himself that although Old Mrs. Wei was old, she had very strong analytical skills.

Old Mrs. Wei could even keep up with the trend and was very good at using WeChat and Weibo.

Wei Zhiqian felt speechless.

This meant that all the instructions he had told Wei Wucai earlier were unnecessary.

Old Mrs. Wei already found out about this.

He then heard his grandma say, “Xiao Cai has always been so rude and has driven away so many girls. He's been living at the Mount Lan Compound since he was young and has a very small social circle. Because of this, your aunt has been extremely worried.

“Even I was worried for him. In my opinion, compared to you, he would have a harder time getting into a relationship. At least you are not as rude as him.”

Unfortunately, Old Mrs. Wei had no idea. Although Wei Zhiqian was not as rude as Wei Wucai, Wei Zhiqian had the brain of a straight heterosexual male!

“In addition, he is younger than you,” Old Mrs. Wei said in a worried tone. “I always thought that I would at least only start worrying about Xiao Cai when I am done worrying about you.

“I didn’t expect Xiao Cai, who has a rude tongue, to be so awesome. I didn’t even need to worry about him as he has already found a girl he liked by himself.” Old Mrs. Wei spoke in a way that conveyed the regret she felt due to Wei Zhiqian not living up to her expectations.

She really wanted to beat Wei Zhiqian up with a feather duster right now.

“He is rude, but he is only rude to the girls he does not like. His rude tongue doesn’t prevent him from finding a girl he likes. Look at him. He has his way of doing things,” Old Mrs. Wei said in a worried tone.

“But look at you! You saw Xiao Cai and Zhiqing with your own eyes. Aren’t you worried about your own relationship? Don’t you think you should work harder and put in some effort?”

Wei Zhiqian could only answer, “I do think I should. But it doesn’t matter if I think this way. I do want to work hard, but I haven’t found the person to work hard for, okay?”

“Tell me. Did you hide at Xiao Cai’s place because you are scared that I might scold you?” Old Mrs. Wei suddenly realized the truth.

“I couldn’t possibly do that!” Wei Zhiqian said. “Since you know about this, I will tell you the truth. I came over because Yan Beicheng is giving Xiao Cai a hard time.

“Xiao Cai already sees Yan Beicheng as his future elder brother-in-law. Obviously, he can’t rebel against his future elder brother-in-law, right? And so, I came over. When Yan Beicheng tried to roast Xiao Cai, I played the role of an elder brother and protected him.”

Old Mrs. Wei was very satisfied with this.

“You did well!” Old Mrs. Wei recognized Wei Zhiqian’s sense of responsibility as an elder brother.

“However, Beicheng doesn’t think Xiao Cai is good enough? Our Xiao Cai is awesome! He’s stable and reliable. He has high combat power and can protect Zhiqing very well. Especially considering that Zhiqing is in the entertainment industry, she has a lot of fans. If she went outside, her fans would bury her. But if Xiao Cai is present, no one can push her or hurt her. He’s so reliable.”

She went on, “In addition, Xiao Cai has a successful career and looks handsome. There are so many rich ladies who want to take him in because of his face!”

Wei Zhiqian felt speechless.

Was it appropriate for her to use such a description on her grandnephew?

No matter what, those rich ladies were not worthy of him!

“In addition, Xiao Cai lives a clean life. He has never had a girlfriend. His relationship history is blank. Which girl would dislike him? Even if they choose someone else, could anyone else be better than Xiao Cai?” Old Mrs. Wei said. “Of course, no one else but you. You are on par with Xiao Cai.”

Wei Zhiqian was very grateful that his grandma had kept him in mind while she was praising Wei Wucai.

“Indeed. I think so too. There’s nothing for Beicheng to complain about.” Wei Zhiqian criticized, “Of course, he is doing this because he is worried about his sister. In his opinion, his sister is extremely excellent and no one is worthy of his sister’s love. He’s just scared that someone will mistreat his sister, right?”

“True.” Old Mrs. Wei nodded and finally admitted that Yan Beicheng had a good heart. “Even so, he shouldn’t make things so difficult for our Xiao Cai. Our Xiao Cai is a very good kid!”

Old Mrs. Wei was finally distracted and let Wei Zhiqian off the hook as she continued saying, “He’s able to do this because he is Xiao Cai’s future elder brother-in-law and he knows Xiao Cai wouldn’t dare to do anything to him.”

The pitiful Yan Beicheng had not even agreed to this relationship and had even instructed Yan Zhiqing to stay away from Wei Wucai.

But Old Mrs. Wei and Wei Zhiqian had already given him a label.

Yan Beicheng was labeled as the elder brother-in-law.

Yan Beicheng, who was waiting for Lin Chu to finish showering in his hotel room, suddenly sneezed.

At the same time, Lin Chu came out after drying her hair and immediately asked, “Why did you sneeze? Are you cold? The seasons are changing, so it is easier to get sick now.”

Yan Beicheng sniffed and said, “No, my nose just feels itchy.”

However, Yan Beicheng was still cautious. If he had really caught a cold, he didn’t want to give the cold to Lin Chu.

Unfortunately, Yan Beicheng, who originally planned to enjoy some couples time with Lin Chu tonight since the kids weren’t here to disturb them, had no choice but to temporarily abandon this plan.

When Wei Zhiqian heard what Old Mrs. Wei said, he asked happily, “Grandma, are you going to do something?”

“For the sake of our Xiao Cai’s happiness, I am going to have a chat with my friend.” Obviously, the friend that Old Mrs. Wei referred to was Old Mrs. Yan.

As an elder, Old Mrs. Wei couldn’t bully Yan Beicheng, who was younger.

Because Old Mrs. Wei was thinking about Wei Wucai, she was in no mood to nag Wei Zhiqian.

Wei Zhiqian hung up the phone and let out a sigh of relief before he hurriedly went to tell Wei Wucai this good news.

### **Chapter 3149: How About Tomorrow?**

It’s even better if their grandma could help.

After hearing the good news from Wei Zhiqian, Wei Wucai felt satisfied and hung up the phone.

He then checked the post online and noticed that this topic was not as popular as before.

This was probably because the subjects in this topic had never publicly said anything. No matter how fervently the netizens discussed, there was only so much to talk about.

And so, these discussions gradually became boring.

And this topic gradually lost its popularity.

Wei Wucai thought about it and immediately sent Yan Zhiqing a WeChat message. "There aren't as many discussions about us online anymore."

At this moment, Yan Zhiqing had just come out from her shower. She even had a face mask on her face.

Filming was extremely tiring. Sometimes, she would go back to the room at midnight and would still be too busy to shower.

She would at least wash her hair.

She would then apply a face mask before sleeping.

Regardless of how late she got home or how tired she felt, applying a face mask was the one thing that Yan Zhiqing stubbornly refused to give up on doing.

If she didn't apply a face mask, her skin would feel too dry and it would be difficult to apply makeup on it.

At this moment, when she received the text from Wei Wucai, she had a face mask on her face.

She searched online and realized that the popularity of this topic was already on the wane.

Yan Zhiqing no longer apologized for getting him involved in this.

This was because Wei Wucai had said repeatedly that he didn't care about this at all.

"Yeah. I saw it," Yan Zhiqing said. "Why are you not asleep?"

"I am about to sleep," Wei Wucai said. "We agreed to have dinner together tonight with just the two of us."

"Ah?" Yan Zhiqing suddenly recalled this. Previously, because she felt very sorry for getting Wei Wucai involved in this scandal and she felt really bad...

She had promised to treat him to dinner with just the two of them.

But she didn't expect Yan Beicheng and Lin Chu to arrive suddenly, ruining this plan.

Honestly, because today had been so crazy, Yan Zhiqing completely forgot about this matter.

She didn't expect Wei Wucai to remember this.

Since Wei Wucai had reminded her, Yan Zhiqing immediately said, "What about tomorrow?"

She added, "Since I couldn't treat you to a good meal today."

Although Yan Beicheng had paid for their dinner tonight, it was different.

She couldn't pretend that she had paid for it even though her brother was the one who paid for the dinner.

"Sure." Wei Wucai looked down as he said, "But if you are busy tomorrow night..."

"Even if I am very busy, I will still eat with you. At worst, we will have late night snacks," Yan Zhiqing said without thinking.

Nevertheless, she must express how sorry she felt.

Wei Wucai chuckled and responded, "Sure."

He paused for a moment and said, "Rest earlier. You have to wake up early tomorrow."

Yan Zhiqing responded, "Yes, you too."

The two bid each other goodnight.

Wei Wucai opened his photo gallery.

There was a photo he had downloaded from the internet.

It was the picture that the food delivery guy had taken when the two picked up the delivery together.

Although this picture only showed his back and the side of Yan Zhiqing's face...

No matter how much he stared at the picture, he still thought that the two of them looked perfect together.

Even though it was a shot of his back, he still thought this picture was beautiful.

Yan Zhiqing's height looked petite and cute when compared to his height.

He could see the smile in Yan Zhiqing's eyes when she turned to talk to him.

Because Wei Wucai was a lot taller than Yan Zhiqing, she could only look up.

She looked as though she was sweetly looking up at her beloved one.

Although the picture only showed his back, his back looked handsome. It added this mysterious vibe to the picture, leaving room for imagination.

The picture was a shot of him carrying the bags of food.

Yan Zhiqing turned and had her head facing him. She was stretching her hand towards him, hoping to take some things from him so that she could help.

As Wei Wucai looked at what was shown in this photo, he felt that this photograph showed a heartfelt moment and depicted a slice of life.

As he stared at this photo, he started smiling.

No matter how much he stared at the photo, he still thought that the two in the picture were a great match for each other.

How could there be such a perfect match?

Wei Wucai smiled cheerfully as he stared at the picture for a long time. While he was looking at the picture, he fell asleep.

Thankfully, Wei Wucai had already trained his biological clock.

He didn't need an alarm clock to wake up the next morning. He woke up by himself.

On the other hand, Yan Zhiqing and Shi Xiaoya were not in the habit of waking up early every day.

They had slept too late last night, so it was extremely difficult for them to wake up this morning.

When Shi Xiaoya woke up, she began massaging her temples.

"What's wrong?" Han Zhuoling didn't need to wake up so early. However, whenever Shi Xiaoya started moving in the morning, he would wake up.

He wouldn't get out of bed, but he would lay in bed and watch Shi Xiaoya leave before he would continue sleeping.

At this moment, he saw Shi Xiaoya frowning and appearing a little sick while sitting on the bed.

Han Zhuoling then sat up.

Shi Xiaoya shook her head and said, "I think my head hurts a little because I slept too little."

Han Zhuoling raised his hand and pressed her temples with his index fingers. "Here? Where?"

"Move a little bit up. It should be around here." Shi Xiaoya pressed the areas near the top of her head and her temples.

Han Zhuoling finally found the location. "Is it here?"

"Yes," Shi Xiaoya responded.

After Han Zhuoling had massaged it a few times, Shi Xiaoya felt much better.

"It's too early now. The pharmacy is not open yet, but it should open when I am about to leave. I will buy some headache relief strips for you," Han Zhuoling said.

"You've slept too little for the past two days. Rest when you are on set if you have the chance. It's good enough if you can take many short naps. They don't need you beside them all the time when they are filming," Han Zhuoling instructed.

"Alright." Shi Xiaoya nodded obediently and said, "You should sleep. I will be fine."

"How can you be fine?" Han Zhuoling frowned and said, "Headaches are torturing."

"I feel better after you massaged it a few times," Shi Xiaoya said with a smile.

Han Zhuoling knew that she hadn't actually recovered, but he couldn't say anything.

He couldn't tie her up and stop her from going to work.

After Han Zhuoling watched Shi Xiaoya leave the room, he got up. He didn't continue sleeping.

Shi Xiaoya had a headache. How could he continue sleeping peacefully?

After Shi Xiaoya left, he changed his clothes and left the hotel.

However, Han Zhuoling did not notice that there were reporters around the hotel.

They were sitting in a car and taking turns working the night shift.

After all, there were so many things happening on set. They never know if they might snap a picture of something good.

The cast members of "Left Right" were well-known and greatly valued their reputation.

These well-known celebrities had already bribed the celebrity news reporters, so none of the reporters reported about them.

But after the breaking news about Yan Zhiqing and Wei Wucai, the reporters wanted to find out more about them.

They really thought that the news about Yan Zhiqing and Wei Wucai was real.

This was why they were keeping a lookout outside the hotel.

They didn't see Yan Zhiqing, but they saw Han Zhuoling.

It appeared as though Han Zhuoling had intentionally waited for Shi Xiaoya to leave before he snuck out of the hotel.

### **Chapter 3150: Suspected to Be Pregnant**

"What is Han Zhuoling doing sneaking around?" a reporter asked.

His coworker, who was beside him, said, "Follow him. It's too early. Work doesn't start at this time. He normally leaves the hotel at around 7:30 to 8 AM, but he left at five-ish today."

"But maybe something happened at the office and he needed to go to the office earlier," someone said.

Actually, the reporters, who knew of how well the sons of the Han Family treated their wives, couldn't bear to see something bad happen in their marriage.

Rich people such as the sons of the Han Family were usually unfaithful and had a messy sex life.

Their wives usually turned a blind eye to their husbands' goings-on.

Naturally, there were people who became mad and started complaining.

But the sons of the Han Family were wholeheartedly good to their wives. They never allowed any other girls to come close to them. Such rich men were rare.

The reporter currently present had seen so much news about such disappointing family affairs.

It was rare for them to see untainted rich fellows like Han Zhuoling. They would rather give away the breaking news in exchange for them to remain untainted and good.

However, someone else said, "If that was the case, he could have left with Shi Xiaoya. He didn't need to sneak around and leave only after Shi Xiaoya had left. I think he looks guilty. He must be hiding something from Shi Xiaoya."

"If that really happened or if he was really having an affair, why would he come here to see Shi Xiaoya every day? He could take the chance to do whatever he wants since Shi Xiaoya is on this set and no one is there to keep him in check," the reporter insisted. He deeply believed that Han Zhuoling and Shi Xiaoya's relationship was still good and there was no one intruding upon their relationship.

"Whatever the reason, just follow him and we will find out," someone said.

And so, they started the car and went after Han Zhuoling.

There were also three groups nearby. Each group was sent by a different company, and all of them went after Han Zhuoling.

With so many cars trailing behind him, Han Zhuoling just needed to be a little vigilant to notice them following him.

Not to mention that Han Zhuoling was extremely alert.

He immediately noticed the cars.

When he saw the cars, he knew that they were the reporters who had been waiting at the hotel entrance.

Therefore, Han Zhuoling didn't bother about it.

If the reporters wanted to follow him, they could do so.

Even if they followed him, they wouldn't be able to create news stories.

Han Zhuoling didn't want Shi Xiaoya to know that he came out.

This was because he had searched up all the pharmacies around this area through his phone and had intended to visit every single one of them.

He didn't want Shi Xiaoya to know that he had left the room so early.

Han Zhuoling followed the GPS and went from store to store.

All the pharmacies he had visited were closed.

He continued searching for a little longer. At this moment, he was going farther and farther away from the hotel.

But he finally found a pharmacy that operated 24 hours a day.

Han Zhuoling immediately went in and bought a dozen headache relief strips.

He bought so many because he knew that Shi Xiaoya's days of very little sleep would continue for a long time.

As long as she continued working here, she would need these headache relief strips.

And so, he bought more.

And if others happened to need these headache relief strips, Shi Xiaoya could give them some.

These items might not look important, but when you were actually in need of them and someone gave one to you, you would feel touched.

Shi Xiaoya could easily do favors for people. It would be good if she could become a people person on the set.

Shi Xiaoya had already gone to the set.

And so, Han Zhuoling went straight there after he bought the items.

The reporters who followed him here hid in the car and didn't dare to go into the pharmacy.

And so, they didn't know what Han Zhuoling had bought.

They were just confused.

When they saw Han Zhuoling leave the pharmacy, each group sent one person inside to ask around while the others in the car continued going after Han Zhuoling.

The reporter who got out of the car immediately saw that the groups from other companies had also sent a person to the pharmacy to ask around.

They were obviously scared that the other groups might get exclusive information.

The four reporters, each representing a different company, greeted each other in a friendly manner and went into the pharmacy together.

Since they bumped into each other, no one would be able to claim this headline. And so, fighting would be meaningless.

The four decided to just work together.

They immediately asked the cashier, "What did the guy who came in earlier buy?"

The pharmacy staff immediately looked cautious as he asked, "Why are you asking this? A customer's purchase history is considered private information. I can't tell you."

"No, we bring no harm," one reporter said. "We..."

What should they say?

Should they say that they were reporters and were following Han Zhuoling to report news about his private life?

If they said this, they would probably be beaten up.

“We are police officers. We are following a suspect,” the reporter said quick-wittedly.

The other three reporters covered their faces.

The first reporter was quite fearless.

Firstly, people who pretend to be police officers can be jailed.

Secondly, if Han Zhuoling found out that he became labeled as a suspect, these reporters would suffer.

Of course, the pharmacy staff was not stupid.

He saw the four behaving sneakily. They didn’t seem like the police officers who represented light and justice.

The staff said coldly, “You don’t look like police officers. Why don’t you all show me your ID cards? If you can’t show me your identity cards, I will call the police and ask you to introduce yourselves to a police officer.”

The four thought to themselves that reporters today were at risk of being taken away by the police.

They didn’t say anything to the pharmacy worker.

They just ran away very quickly.

The result was that none of them got any information.

As for the four groups of people who were still following Han Zhuoling in their cars...

While they were driving behind him, the reporter on the car saw the road they were driving and hissed out in confusion, “Why does this road look a little familiar?”

“It seems like he is going to the set,” someone said.

“Just keep following.”

As expected, Han Zhuoling arrived at the set.

They saw Han Zhuoling step out of the car, holding the bag that he had bought from the pharmacy.

They watched Han Zhuoling step into the set, the place they couldn’t enter.

At this moment, all groups got a phone call from the colleague who had gone into the pharmacy to ask for more information.

“We didn’t get any information. The pharmacy staff refuses to tell us anything,” the colleague said.

They were afraid that the reporters from other companies would find out what had been purchased.

When they heard that the other three learned nothing as well, they felt more at ease.

“What did he buy at the pharmacy early in the morning? He even headed to the set. What he bought at the pharmacy is probably for Shi Xiaoya. Is Shi Xiaoya sick?”

“But we just saw Shi Xiaoya at the hotel entrance and she didn’t look sick. She was chatting and laughing. She seemed to be in a very good condition.”

Suddenly, someone had an idea. “Maybe Shi Xiaoya is pregnant? Han Zhuoling went to the pharmacy to buy pregnancy test kits for her.”

“You never know. It’s possible.”

“We report celebrity news anyway. Most of the news are just conjectures. We can try reporting this news story. Regardless of its authenticity, this news story will be somewhat popular. In addition, we are merely saying that she is suspected to be pregnant. It’s not defamation, so it should be okay.”
