Chapter 3261: Nothing Much to Say to Him

When they got around to asking Yuan Jiangyi and Hao Donghuai, Yuan Jiangyi waved his hand. "Don't order for us yet."

After he said that, Yuan Jianyi and Hao Donghuai rushed over to Wei Wucai.

The two people each grabbed one of Wei Wucai's arms.

Yuan Jiangyi then said in a low voice, "Are we not going to look for Zhiqing?"

"You're willing to just watch her leave with Chen Zeqing?" Hao Donghuai asked right after.

Wei Wucai was speechless.

"Who's a 'we' with you guys? I'm going to look for Zhiqing. Why are you guys following me? Stay here and eat with Han Zhuofeng and the others," Wei Wucai said.

While he went to find Yan Zhiqing, were these two people going to be watching and gossiping at the side?

Did he need to prepare some popcorn for them too?

"You're going to look for Zhiqing?" Yuan Jiangyi immediately selectively ignored the latter part of what Wei Wucai had said. "Why didn't you say so earlier? You made the two of us worry about you."

"Then don't just stand around blankly. Hurry up and go!" Hao Donghuai urged.

Wei Wucai had no other choice. If he didn't let them follow him, they would just pretend like they never heard him.

What else could he do?

"It's not..." Wei Wucai felt helpless. "Wouldn't it be inappropriate for you two to want to be around when I want to talk with Zhiqing alone?"

"Listen to what you're saying." Yuan Jiangyi rolled his eyes.

Wei Wucai thought that this guy had finally gained a bit of perceptiveness and realized it would be inconvenient for Wei Wucai and Yan Zhiqing if he were to be around.

Unexpectedly, Wei Wucai then heard Yuan Jiangyi say, "Zhiqing might not even be willing to talk to you, let alone talk with you alone. You think it's going to go so well?"

Wei Wucai was speechless.

"So, we wouldn't even have the opportunity to watch from the side while the two of you talk alone." Yuan Jiangyi's face was showing an expression that said, "What kind of beautiful scene are you thinking of?"

Wei Wucai took a deep breath. It took a lot of effort for him to finally persuade himself not to beat up Yuan Jiangyi right now.

Yuan Jiangyi was seriously...

What nonsensical major truth was he talking about?!

“So are you going or not?” Hao Donghuai urged from beside them. He couldn’t bear waiting any longer.

Wei Wucai felt so mentally fatigued that he didn’t want to continue speaking to the two of them. Filled with the thought of abandoning himself to despair, he agreed to let them accompany him.

Consequently, the three people arrived before Yan Zhiqing’s van together.

That was when they discovered that Shi Xiaoya, Han Zhuofeng, and the others had also come over.

Fang Qiaohan was even carrying a diet-plan meal. It was obvious with one glance that it was for Yan Zhiqing.

This was because Fang Qiaohan didn’t eat those kinds of meals.

Wei Wucai was slightly astounded as he entered the van.

Inside, he saw Yan Zhiqing sitting down at a small dining table.

Immediately after, Fang Qiaohan brought over Yan Zhiqing’s lunch.

When Yan Zhiqing saw Wei Wucai enter, she raised her eyebrows but didn’t say a word.

Just as Fang Qiaohan was about to sit with Yan Zhiqing, she saw Wei Wucai and stopped.

Fang Qiaohan turned around with a stiff expression and gave the empty seat to Wei Wucai.

Yuan Jiangyi secretly gave Fang Qiaohan a big thumbs up.

Fang Qiaohan was very perceptive.

Wei Wucai sat down opposite Yan Zhiqing.

Yan Zhiqing glanced at him coolly, but she ultimately remained in her seat.

Of course, even if she wanted to change seats, there weren’t any other seats for her to move to.

All of the other seats were already filled.

Yan Zhiqing lowered her head and ate a piece of boiled beef. Then she heard Wei Wucai say, “You aren’t eating with Chen Zeqing?”

Yan Zhiqing almost let out a grim laugh.

Wei Wucai had heard it in the morning, but he hadn’t asked about it then.

So why was he asking about it now?

“No,” Yan Zhiqing said coldly.

Actually, Wei Wucai couldn't resist bursting with joy when he saw that Yan Zhiqing was here and that she hadn't left with Chen Zeqing.

It was indescribable joy.

He was so happy that his heart felt like it would jump out.

Yan Zhiqing's reply was cold, but it did not extinguish the happiness in Wei Wucai's heart.

On the contrary, it made him increasingly happy.

Wei Wucai couldn't stop the corners of his lips from rising. They curved up and then back down.

After that, they curved back up again.

Yan Zhiqing's head was lowered, so she didn't see that.

However, everyone else was paying close attention to the two of them and saw Wei Wucai's transformation very clearly.

They watched the corners of his lips rise and fall like he had a cramp.

Wei Wucai couldn't help keeping his smile as he asked, "Why didn't you go?"

Yan Zhiqing initially wanted to ignore him, but she ultimately couldn't resist responding.

Without even raising her head, she said coldly, "Why are you asking about it now?"

Why didn't he ask earlier?

Wei Wucai's gaze lit up, and he couldn't restrain himself from leaning across the table towards her.

His interpretation of her words was that she was very unhappy because he hadn't asked her about it in the morning.

Did she think that meant he didn't really care about her?

The fact that she thought this way showed she cared about him a lot.

Wei Wucai couldn't hold back his joy, and the corners of his lips curved up again. Then he explained, "I didn't ask you in the morning because Chen Zeqing was present. I was afraid you would feel I was pressuring you again if I had asked you in front of him, so I didn't dare ask."

Yan Zhiqing raised her eyebrows slightly. "And if I had gone?"

Wei Wucai was silent for a moment before he asked, "Would you get angry if I were to speak honestly?"

"You can try. I'll see if it's something to get angry over," Yan Zhiqing said.

Wei Wucai hesitated briefly. Then he said carefully, "If you had truly gone with him, I would definitely have followed you there. Even if the two of you didn't welcome me, I would have still wanted to go."

Wei Wucai pursed his lips. "I won't let the two of you be alone together, even if it's just to have a meal."

Hearing Wei Wucai say this, Yan Zhiqing ought to get angry.

The two of them had yet to even establish any romantic relationship, yet he was already this overbearing.

He even wanted to interfere with her friendships.

What did it have to do with him if she were to eat alone with someone?

He had the attitude of wanting to wreck any relations she had, regardless of who she was with.

What if she met someone she truly liked? He would also want to wreck that.

She should definitely get angry since this possibility did exist.

However, she just couldn't get angry. On the contrary, she became really happy.

This was because she liked him.

Thus, the way he did his best to get close to her and wreck whatever relations she was having showed he cared about her.

Yan Zhiqing's mood got a lot better, unlike when she was feeling really depressed in the morning.

At this time, she heard Wei Wucai ask her again, "Why didn't you go?"

Yan Zhiqing didn't raise her head this time either, but she replied, "Why must I go?"

She fell silent for a while. Then she said, "I know his gaze isn't pure. His sense of intimacy, the way he looks at me, and the way he treats me... I don't like all of it. Additionally, if I were to have a meal with him alone... who knows if he would deliberately call paparazzi over to follow us and take our photographs to create scandals?"

She added, "I have nothing much to say to him."

Even if she were angry with Wei Wucai, she wouldn't give another man a chance.

She clearly knew what the other party's intention was, so why would she spend time alone with him?

Moreover, she had no intention to develop any sort of relationship with him, and she had even less of a need to deliberately use this sort of thing to anger Wei Wucai.

Furthermore, Chen Zeqing's character was one filled with ulterior motives, and they were absolutely malicious ones at that.

Yan Zhiqing didn't want to give him a chance at all in order to avoid trouble.

Chapter 3262: It Was His First Time Meeting Someone This Dreadful

It caused her trouble as well.

Her relationship with Wei Wucai was just between them.

They didn't want any outsiders to be a part of this.

Wei Wucai wanted to say something, but then, someone knocked on the van's door.

Fang Qiaohan went to open the door.

She saw Chen Zeqing standing outside the van with a to-go box of food in his hand.

Fang Qiaohan froze before she greeted, "Teacher Chen?"

Chen Zeqing smiled and said, "Do you still have a free space? It's not as fun to eat by myself. I wanted to come and eat with you guys."

While he was speaking, he was trying to look inside the van.

Wei Wucai thought, Chen Zeqing still wouldn't give up on executing his evil plan.

He didn't get to convince Yan Zhiqing to eat lunch over at his place, so he came over instead.

Yan Zhiqing had not even said anything. Hao Donghuai was worried about someone stealing Wei Wucai's girlfriend.

And so, he responded first and said, "No! The seats are all taken!"

Chen Zeqing's face instantly darkened as he asked, "Who are you? Zhiqing has not even talked."

Why was he yelling!

They had all been on set, but Chen Zeqing had been filming in the morning.

Hao Donghuai and Yuan Jiangyi were with Wei Wucai's special effects editing team.

Chen Zeqing had only looked at Wei Wucai and did not bother to pay any attention to other people.

He thought that the others were just employees at Wei Wucai's company and weren't important at all.

When he saw Hao Donghuai's unfamiliar face, he couldn't believe that such a small fry would be in the same place as Yan Zhiqing.

Yet Yan Zhiqing had rejected him.

Hao Donghuai was so angry that his friend did not have an official title.

Wei Wucai was so weak.

Wei Wucai couldn't even get an official title. As Wei Wucai's best friend, Hao Donghuai could not even say anything.

If it weren't for that, Hao Donghuai could have just said that he was the brother of Yan Zhiqing's boyfriend!

Hao Donghuai glared at Wei Wucai angrily.

It was all because Wei Wucai had been a disappointment! It resulted in even his brothers being embarrassed!

Wei Wucai was speechless.

No matter what, Wei Wucai refused to know what Hao Donghuai was thinking right now.

“Zhiqing.” While Fang Qiaohan was still in front of him, Chen Zeqing had called out to Yan Zhiqing.

From this angle, he could see her.

Yan Zhiqing then walked over and Fang Qiaohan moved to the side.

Yan Zhiqing said apologetically to Chen Zeqing, “I am so sorry. All the seats in the van are taken.”

With an apologetic expression, Yan Zhiqing backed away, allowing Chen Zeqing to see clearly that the van was full and there was no space left.

“This...” Yan Zhiqing looked very troubled as she said, “What are we going to do?”

Chen Zeqing looked over and saw that there was truly no space left.

But he still felt annoyed.

Yan Zhiqing must have intentionally called so many people to eat with her!

She made sure that every seat in the van would be taken so that he wouldn’t be able to eat with her if he came over.

After all, Yan Zhiqing had just rejected him in the morning.

Initially, Chen Zeqing thought that it was fine if she had rejected him earlier.

If he couldn’t eat with Yan Zhiqing, then he might as well eat with many people at noon.

Yan Zhiqing would probably feel bad about rejecting him then.

If she was eating with so many people, it would be fine if he joined as well.

But then, Yan Zhiqing was ruthless. She didn’t even bother to save a space for him.

Chen Zeqing had no idea that he had misunderstood Yan Zhiqing.

Yan Zhiqing didn’t do this intentionally.

It was because Yuan Jiangyi and Hao Donghuai just so happened to join. If not, it wouldn’t have been so packed.

“It’s alright. If so, I will just eat by myself,” Chen Zeqing said. “My assistant ate food with someone else and I am the only one left. I just thought it was weird to eat by myself.”

Chen Zeqing didn’t give up. He tried to pretend to be pitiful to win Yan Zhiqing’s sympathy and wanted her to abandon the others for his sake.

Of course, he was dreaming.

Wei Wucai stood up and walked over.

He quietly stood behind Yan Zhiqing. His hands didn’t move at all.

However, when he stood behind Yan Zhiqing, it looked as though he had Yan Zhiqing in his arms.

Wei Wucai raised his brow and asked, "If you can't bear to eat alone, why don't I eat with you?"

Chen Zeqing felt speechless.

Yan Zhiqing felt speechless.

The corner of Yan Zhiqing's mouth twitched. Why did it sound like Wei Wucai was about to force himself onto Chen Zeqing?

Chen Zeqing pouted and said, "Never mind. We don't know each other well."

"You don't know Zhiqing well either," Wei Wucai said. "As far as I know, before you two started filming this movie together, you and Zhiqing had never worked together. Whether it was the filming of another movie, an award ceremony, a brand event, or a variety show, Zhiqing had never interacted with you before.

"Although you two are in the same industry, you have never had any prior interactions. However, Gu Fei had worked with you before. Xu Shunxin had recorded a variety show with you, so you should really know them better.

"It would be more normal if you went to chat with them and talk to them about work. It doesn't make sense for you to come seeking out Zhiqing for these things."

Hearing this, Chen Zeqing wanted to curse at Wei Wucai.

Did whatever he wanted to do have anything to do with Wei Wucai?

Chen Zeqing lowered his head and chuckled before he looked up and said, "Since you said as much, I will just be honest."

He declared frankly, "I like Zhiqing. I want to court her. That is why I am finding every opportunity to spend time with her."

After saying that, Chen Zeqing looked at Wei Wucai belligerently.

At this point, Wei Wucai couldn't possibly still have things to say.

Even if Chen Zeqing and Yan Zhiqing had never interacted before, it should not stop him from courting Yan Zhiqing.

Who said that people couldn't court someone they had never met before?

"That's good." Wei Wucai nodded. "Zhiqing's high popularity shows that she is very charming. However, she has high standards. Therefore, I am not worried about you getting her to fall in love with you." Wei Wucai smiled. "Despite you not being much of a decent person, I do have to compliment you for having a good eye.

"You know that Zhiqing is excellent and you like her. You have a good eye. This is the only good quality you have."

Chen Zeqing was furious.

He really hated how rude Wei Wucai was being!

By pointing out that him being perceptive was his only good quality, Wei Wucai was basically saying that he didn't have any other good qualities.

In addition, Wei Wucai could have just criticized him!

But while Wei Wucai was criticizing Chen Zeqing, he even took the opportunity to praise Yan Zhiqing.

He said that him being perceptive was his only good quality and there were no others. This was basically him pointing out that Yan Zhiqing was excellent.

Chen Zeqing had seen many cunning people in the industry.

But it was his first time meeting someone as dreadful as Wei Wucai.

"I don't need you to comment on how I am as a person," Chen Zeqing said angrily. "I just need Zhiqing to have a good opinion of me. What does any of these have to do with you?"

"It has nothing to do with me, but I just so happened to like Zhiqing as well," Wei Wucai said.

Chapter 3263: Why Are You Two Like Those Ghosts on People's Backs

"Of course, the more inferior you are, the better it is for me."

Chen Zeqing felt speechless.

He had never met anyone this shameless!

However, the important question was, how did he appear inferior!

"Also—" Wei Wucai said, "you are not as good-looking as me."

Chen Zeqing felt speechless.

Everyone around couldn't help but glance over at Chen Zeqing's face before they looked at Wei Wucai's face.

They realized that there was no way to refute what Wei Wucai had said.

Wei Wucai did have a much better-looking face than Chen Zeqing.

Looking at how confident Wei Wucai appeared, Chen Zeqing felt so furious.

He sneered and said, "Are you saying that Zhiqing is someone who only looks at appearance?"

"Whether it's my face or my heart, both are much more genuine than yours," Wei Wucai said. "Of course, she will be happier to look at my face every day than yours."

With this, Wei Wucai placed his hand on Yan Zhiqing's shoulder.

He then dragged Yan Zhiqing back.

Yan Zhiqing didn't even have the time to think about it as she subconsciously followed Wei Wucai and sat back down.

When Yan Zhiqing came back to her senses, Wei Wucai had already sat beside her on the outside, blocking her way out.

Even if Yan Zhiqing wanted to, she couldn't go out.

This was extremely cunning of him.

"Alright, get going," Hao Donghuai said to Chen Zeqing, who remained stunned at the door. "If you don't leave, your food will turn cold."

With this, he ruthlessly shut the van's door.

Chen Zeqing couldn't catch a hot girlfriend. Obviously, he shouldn't miss out on eating hot food.

Thankfully, Wei Wucai did a good job during noon today. His rudeness had finally shown some usefulness.

After the door was closed, Wei Wucai whispered to Yan Zhiqing, "I will disrupt the plans of anyone who wants to court you."

Yan Zhiqing felt speechless.

"You promised to let me calm down by myself, didn't you?" Yan Zhiqing raised her brow and said, "I haven't forgiven you, but you still keep talking to me. What is the meaning of this?"

"At least you are willing to talk to me now," Wei Wucai said.

As Shi Xiaoya had said, no one else was as confident as Wei Wucai.

Yan Zhiqing felt speechless.

"Even if you are not willing to talk to me, I can talk to you." Wei Wucai paused.

Yan Zhiqing thought that Wei Wucai had already finished talking.

But this was just a pause in Wei Wucai's speech.

Wei Wucai then made a move and said, "Because I like you."

Yan Zhiqing felt speechless.

Thankfully, she was not eating. If she was, she would have been so scared that she would have coughed everything out.

"You—" Yan Zhiqing was so angry and helpless. She could not do anything to him.

"Eat. I won't disturb you," Wei Wucai said.

Yan Zhiqing felt speechless.

Why hadn't he been worried about disturbing her earlier?

But then, Yan Zhiqing had barely taken a few bites when Wei Wucai suddenly said, “Now that you are certain of my sexuality, you won’t have to worry about me changing in the future.”

Yan Zhiqing thought to herself, this didn’t guarantee that he wouldn’t like other girls in the future, right?

Of course, Yan Zhiqing knew that she was intentionally finding faults.

Even if it was someone else instead of Wei Wucai...

No one can guarantee what might happen in the future...

However, it seemed like Wei Wucai could tell what she was thinking.

He whispered in a tone of determination, “I am not someone else. I will not change.”

Yan Zhiqing fell silent. She didn’t know how to respond.

She lowered her head and hastily took a few more bites.

With Wei Wucai sitting beside her, she couldn’t help feeling nervous. She felt uneasy.

And so, she could only take huge bites and focus on eating quickly.

Wei Wucai wanted to ask her to eat slowly. But when he saw Yan Zhiqing behaving as though she was about to face a mortal enemy...

He pondered and bit back the words that were on the tip of his tongue.

When Yan Zhiqing had just finished her food, the staff members came to call her away for filming.

Fang Qiaohan opened the door and got out of the van. She casually asked, “Why are we starting so early today?”

“We have to shoot some emotional scenes today. Since the weather and lighting is good right now, we can film,” the staff member said.

“By the way, Zhiqing and Teacher Chen Zeqing are filming an emotional scene later,” the staff member added.

The staff member referred to Yan Zhiqing as Zhiqing, but added the word “Teacher” when he was saying Chen Zeqing’s name. Obviously, the staff was not close to Chen Zeqing.

The staff member was not being disrespectful to Yan Zhiqing.

It was really because Yan Zhiqing had always been very approachable and always had good interactions with the staff members.

In the beginning, everyone was very careful and was very courteous when interacting with her.

They would refer to her as Teacher Yan.

But it made Yan Zhiqing feel uncomfortable as she really didn’t think she should be considered a teacher.

Whenever it happened, she would explain it to the person who called her teacher.

In the beginning, when she had just mentioned it a couple times, people thought she was just being polite and trying to not appear arrogant.

Still, Yan Zhiqing would go through the trouble and explain every single time.

She was not angry about it. However, after she had explained so many times, the people who called her teacher knew that Yan Zhiqing was being serious. She was not faking her politeness.

And so, they changed the way they called her.

In addition, she had interacted with them on set for a while. They did think that Yan Zhiqing had a good personality. She was always joking and had never behaved in an aloof manner.

Therefore, after a long while, even if the staff members weren't her friends, they still became more familiar with her.

Their interactions with each other became more natural.

As for Chen Zeqing, he had just arrived on set.

The staff members had experience.

They first tried calling him Teacher Chen.

Without hesitating at all, Chen Zeqing responded.

After he responded, he then said that he was not at the level to be addressed as Teacher.

But based on his attitude, the staff members could tell that he was just being polite. He was really very happy to be called a teacher.

If anyone believed what he said out of politeness and stopped calling him teacher, Chen Zeqing would most likely curse them behind their backs.

If Chen Zeqing was petty, he would intentionally do things to make that staff's life difficult. That would cause suffering.

And so, the film crew and cast had different terms of address for Yan Zhiqing and Chen Zeqing.

However, this was ironic.

Yan Zhiqing was much more successful and famous than Chen Zeqing.

However, the way they addressed Yan Zhiqing showed their closeness to her.

On the other hand, they were very courteous when addressing Chen Zeqing and would even refer to him as Teacher, a title that he had yet to deserve.

In comparison to Yan Zhiqing, Chen Zeqing just seemed very hilarious.

It was just unknown as to whether Chen Zeqing had such awareness.

Anyway, the staff members were all secretly laughing at Chen Zeqing.

However, Wei Wucai heard the staff members saying the sentence “Zhiqing and Teacher Chen Zeqing are filming an emotional scene later.”

When Wei Wucai heard this, he obviously couldn’t tolerate it!

Immediately, he handed over the rest of the work in the afternoon to his employees and left to keep watch on Chen Zeqing.

He couldn’t allow Chen Zeqing to take advantage of Yan Zhiqing.

He was just about to notify his employees when he turned around and saw Yuan Jiangyi and Hao Donghuai right behind him.

“...” Wei Wucai said helplessly, “Why are you two like those ghosts on people’s backs! Do you two have nothing to do? Why do you keep following behind me?”

Chapter 3264: I Have a Precious Item

Regardless of when and what time...

Whenever he would turn around and look up, he would see these two.

This was quite horrifying!

“Chen Zeqing and Zhiqing are shooting an emotional scene together!” It was unknown as to whether Yuan Jiangyi had done this intentionally, but he spoke in a rather deep and monotonous voice. He sounded like a ghost with a grudge.

“It’s an emotional scene. Will there be a kissing scene?” Hao Donghuai, like Yuan Jiangyi, asked in a monotonous voice as well.

Wei Wucai was speechless.

“I am going to watch the emotional scene that Chen Zeqing and Zhiqing are shooting this afternoon.” When Wei Wucai said the words “emotional scene,” he had intentionally enunciated those two words.

“Therefore, I won’t be supervising the special effects editing team today,” Wei Wucai said. “Do me a favor. Help me supervise my employees, just in case they make a careless mistake.”

“...” Yuan Jiangyi looked at him with suspicion. “You are just trying to send us away.”

“Yeah.” Hao Donghuai looked at Wei Wucai scornfully. “Can’t you use another reason? Whenever you don’t want us to come with you, you tell us to help you with work.”

Wei Wucai didn’t even bother to look at them. They had never once listened to him.

He was naive to have said anything.

Whatever he said was useless.

Wei Wucai was speechless.

Wei Wucai gnashed his teeth and said, “You two—”

Before Wei Wucai could even finish speaking, Hao Donghuai interrupted by saying, “Of course, we have to go watch Chen Zeqing with you!”

“If he shows even a hint of taking advantage of Zhiqing, we won’t let him off the hook!” Yuan Jiangyi said as he rubbed his palms.

“...” The corner of Wei Wucai’s mouth twitched as he asked, “How do you plan to not let him off the hook?”

Yuan Jiangyi pouted. Without a care in the world, he said, “That’s easy. I am sure he must have done something bad to become famous. I will just do an investigation.”

Naturally, the Mount Lan Compound had collected information on the people in the entertainment industry.

However, they had only collected information on the people at the top of the pyramid.

Besides the higher-ups in the entertainment industry, there were also the highly ranked celebrities who had connections in other industries.

As Chen Zeqing was not exactly famous, the Mount Lan Compound had never investigated him before.

The Mount Lan Compound couldn’t possibly collect everyone’s information as they had a lot of other tasks at hand.

“Even if they weren’t shooting an emotional scene this afternoon, we shouldn’t let him off the hook. He has the audacity to court our Zhiqing, after all,” Yuan Jiangyi said.

Wei Wucai was speechless.

There was no “our Zhiqing”!

While Yan Zhiqing went to prepare, Chen Zeqing was discussing the scene with the director.

No matter what, Yuan Jiangyi and Hao Donghuai wanted to come along. There was nothing Wei Wucai could do.

And so, the three went over together.

Coincidentally, they saw Chen Zeqing discussing something with Wu Mosen.

“Let’s go closer and listen,” Yuan Jiangyi urged. “In my opinion, this guy does not have any good intentions and might do something while shooting this scene.”

They did get a little bit closer, but it was just to within hearing distance.

However, in other people’s opinions at least, the maximum distance at which the three could still hear was quite far.

However, this distance was enough for them to still hear.

“Come.” Hao Donghuai gestured towards the two, looking very mysterious.

“What is it?” Yuan Jiangyi asked puzzledly.

“Hehehe.” Hao Donghuai chuckled.

Wei Wucui was speechless.

Yuan Jiangyi was speechless.

Why was this dude laughing like a pervert!

The corner of their mouths twitched as they approached Hao Donghuai.

“I’ve thought of something good,” Hao Donghuai said.

The corner of Yuan Jiangyi’s eyes twitched. Looking at how perverted he looked right now, he was worried that Hao Donghuai might show them some precious family jewels.

They then saw Hao Donghuai take out something from his pocket.

Thankfully, it was from the top pocket of his jacket.

Then, Hao Donghuai said, “I have a precious item here.”

Yuan Jiangyi was speechless.

Wei Wucui was speechless.

This sounded weird.

Then, Hao Donghuai took out a pair of earbuds.

When held in hand, it looked a little smaller than normal earbuds.

The shape of each earbud was asymmetrical.

But when one wore it, they would realize that...

The asymmetrical shape fitted the earhole perfectly when placed inside the ear. It was exactly the shape of the earhole.

“Thankfully, I thought ahead and brought three pairs.” Hao Donghuai gave Wei Wucui and Yuan Jiangyi a pair.

“Hao Zi, good job! You even brought hearing aids,” Yuan Jiangyi said.

“Uncultured. This is a high-tech item, but you degraded it by calling it that,” said Hao Donghuai, feeling disgusted.

This was an invention of the Mount Lan Compound.

After it was worn, the range could be adjusted to focus on one area or the entire area.

The farthest distance from where this could still absorb soundwaves was a thousand meters.

Of course, this was the maximum distance.

If you stood exactly one thousand meters away, you would be able to still receive the normal soundwaves.

However, it would be difficult to hear whispers.

The user could adjust the distance at which the soundwaves were being absorbed.

When this item was made, the people at the Mount Lan Compound were giving it all types of names.

Some people called it the “Clairaudience” but were then obviously roasted for the old-fashioned name.

Yuan Jiangyi was very practical. He just called this item a hearing aid.

He had good reasoning.

This item had the same purpose as a hearing aid.

But compared to a hearing aid, it was more useful and powerful, able to absorb soundwaves from a greater distance.

But this was still a hearing aid.

When Yuan Jiangyi provided his reasoning, he pissed off the research and development team at the Mount Lan Compound.

Of course, some others thought that his reasoning was good.

It was simple and easily understood.

And so, the name “hearing aid” gradually replaced its original name.

However, whenever this name was heard, it would feel as though the function of this device had been downgraded.

Nevertheless, as this term became more commonly used, everyone became used to it.

“I just thought that since this thing is very small and shouldn’t occupy too much space,” Hao Donghuai said, “it’s not troublesome to take it around.”

Wei Wucai placed the “hearing aid” into his ears and adjusted the range.

He found the location of Chen Zeqing and adjusted the setting again.

Then, Chen Zeqing’s voice sounded much clearer.

Hao Donghuai and Yuan Jiangyi adjusted the settings as well.

The three then pretended as though nothing had happened as they listened to Chen Zeqing.

But then, not long after they started listening to Chen Zeqing and Wu Mosen’s conversation...

They heard Chen Zeqing say to Wu Mosen, “Director Wu, I think we should add a kissing scene to this emotional scene.”

“Eh?” Wu Mosen cast a glance at Chen Zeqing.

Director Wu’s expression didn’t change much, but he had a lot of thoughts about this.

Was Chen Zeqing trying to take advantage of Yan Zhiqing through this emotional scene?

Chapter 3265: Can You Two Not Steal My Lines?

Although there were emotional scenes in this movie, Wu Mosen had no intention of letting the actors and actresses engage in any physical contact.

Why must a movie have a kissing scene or sex scene to be considered a movie with emotions?

If the actors or actresses had good acting skills and the director was skilled as well...

By controlling the camera angle and the atmosphere...

A movement and an expression...

A drop of tear...

The hesitation to speak...

Or even a complete silence...

Or just saying a few words.

The audience could resonate with all these things.

Sometimes, these things could leave an even deeper impression than kissing or sex scenes.

Wu Mosen had a habit. He didn’t like filming kissing scenes and sex scenes.

This was often ignored by the audience because of how engrossed they were in the plot of the movie.

In fact, every movie that Wu Mosen had filmed...

Whether it was filmed during his early days when he had yet to become famous...

Whether it was filmed now after he became famous...

None of his movies had kissing or sex scenes.

At this moment, Wu Mosen was slightly unhappy to hear this from Chen Zeqing.

Chen Zeqing was actually not familiar with this habit and belief that the director had had for years.

Back then, when Chen Zeqing was fighting for this role, he had shamelessly said that he was Wu Mosen’s fan and had always admired him.

In Director Wu Mosen’s eyes, Yan Zhiqing and Wei Wucai were already a couple.

But Chen Zeqing wanted to steal Wei Wucai’s girlfriend?

That was definitely not to be allowed!

Not to mention that Wu Mosen had a principle that he would never film kissing and sex scenes...

Even if he didn't have this principle, he couldn't possibly agree with Chen Zeqing.

Because obviously, Chen Zeqing had an ulterior motive.

Initially, Chen Zeqing didn't think much about it. When he saw that Wu Mosen's expression remained the same, he continued, "I read the script a couple of times and analyzed the relationship between Young Master Chen and Yan Jiayin in the movie.

"This scene happens in the middle of the story. In my opinion, Young Master Chen and Yan Jiayin's relationship should be deeper. This way, when Yan Jiayin sacrifices herself in the end, the feelings and mood of every character associated with Yan Jiayin will be accentuated."

"Dream on!" Yuan Jiangyi complained. "I knew this dude had no good intentions!"

"Hehe!" Hao Donghuai said coldly. "He is doomed!"

With this, he turned and tried to get Wei Wucai to agree with him. "Xiao Cai! Isn't that right?"

"..." Wei Wucai said helplessly, "You two have already said everything I wanted to say. What else do you want me to say?"

Wei Wucai was furious. "Can you two not steal my lines?"

Yan Zhiqing was not here right now, so it was fine for them to steal his lines.

It would be outrageous if they had done this in front of Yan Zhiqing.

If they had done that, how would he still be the center of attention?

How would Yan Zhiqing know that he valued her greatly?

"You wanted to say what we said?" Hao Donghuai nodded heavily and said, "Okay. Got it."

Wei Wucai was speechless.

What did he know?

Yuan Jiangyi asked, "Say, what will you do if Director Wu agrees to this?"

"That's easy! I will just go to the head of the Mount Lan Compound and ask him to make an investment. He just has to invest more money than the other investors and things will be fine. Anyway, the person who pays more has the control! As a small actor, Chen Zeqing is nothing."

Hao Donghuai added, "The Head of the Mount Lan Compound is rich anyway. He's been really bored recently, so it'll be good to give him some things to do."

Yuan Jiangyi was speechless.

Boss, do you know that someone is trying to take advantage of you?

"Director Wu is talking," Wei Wucai told them.

These two talkative ones should be quiet.

With this sentence, Wei Wucai successfully hushed Yuan Jiangyi and Hao Donghuai.

Wu Mosen's voice sounded in the earbuds. "This does not match the atmosphere that I am trying to film. I want profound emotions hidden deep down instead of something that is shown on the surface."

Chen Zeqing was very disappointed, but he didn't dare to insist.

"I see. So how should I express my emotions later?" Chen Zeqing asked.

As for how Wu Mosen answered him and what other questions Chen Zeqing had, the three had no interest in knowing.

They turned off the reception setting on the earbuds.

At this moment, they saw Yan Zhiqing walking over.

Before Wei Wucai had even moved, Yuan Jiangyi and Hao Donghuai had already rushed over.

Wei Wucai was speechless.

Yan Zhiqing felt speechless.

Seeing Yuan Jiangyi and Hao Donghuai's enthusiasm, Yan Zhiqing even wondered if they were the ones who liked her instead of Wei Wucai.

"Zhiqing!" Hao Donghuai called out.

"Let me tell you, Chen Zeqing is such a bitch!" Yuan Jiangyi said immediately.

Yan Zhiqing felt speechless.

The two were like crosstalk actors, one serving as the lead actor and the other playing the supporting role.

When Yuan Jiangyi was done talking, Hao Donghuai immediately said, "Do you know what he was just discussing with the director?"

Yuan Jiangyi then continued, "He actually asked Director Wu if he could add a kissing scene with this emotional scene."

Hao Donghuai said, "Absolutely shameless! That dude just wants to take advantage of you!"

Yuan Jiangyi said, "I was so mad when I heard that. Zhiqing, what about you?"

"Eh... Ye..." Yan Zhiqing saw how angry Yuan Jiangyi and Hao Donghuai looked. It was as though they were angry on her behalf.

When it was her turn, she was no longer that angry.

"Aren't you angry?" Hao Donghuai stared at Yan Zhiqing in shock.

Someone was trying to take advantage of her!

Yan Zhiqing was actually not angry?

Could it be that Yan Zhiqing felt something for Chen Zeqing as well!

Immediately, Hao Donghuai started imagining a whole scenario.

“...” Yan Zhiqing looked back at Hao Donghuai, who was showing looks of suspicion. The corner of her mouth twitched as she responded, “My standards are not that low. What are you thinking!”

Hao Donghuai and Yuan Jiangyi both let out a sigh of relief.

Yan Zhiqing felt speechless.

“It’s because I saw how angry you two are. You two are even angrier than me, which is why I don’t feel much anger,” Yan Zhiqing said.

Wei Wucai was really mad at the two for messing up.

What did he say earlier?

The two were taking away all his chances to say things! They didn’t leave any chances for him!

How could he allow this?

In Wei Wucai’s opinion, the strong presence that he had built in front of Yan Zhiqing was going to disappear.

And so, he quickly pushed Yuan Jiangyi and Hao Donghuai away so that he could stand in front of Yan Zhiqing.

“Don’t worry. Director Wu didn’t agree.” Wei Wucai’s voice and expression turned cold. “However, even if Director Wu didn’t agree to this, I will not forgive Chen Zeqing for having the audacity to come up with such an idea.”

Initially, Yan Zhiqing did not want to talk to him.

She already said she would stay mad at him.

But she had already lost control on the second day.

This was too embarrassing.

However, there was nothing she could do.

When Yan Zhiqing heard him say this, she became curious.

She finally couldn’t help but ask, “What do you plan to do?”

“Of course I would dig up his dirty secrets. I will rip his skin off and let the public know about all the skeletons he has hidden in his closet!” Yuan Jiangyi said loudly like he was shouting a slogan.

Hao Donghuai hastily said, “I can definitely make him so busy that he will not have the time to bother you.”

Chapter 3266: Do We Really Have to Make This Such a Big Deal?

“...” Wei Wucai was so angry that the veins on his forehead popped.

Feeling angry, he pushed the two to the side.

These two fellows kept stealing his lines! When would he have the chance to show his best behavior!

Wei Wucai was furious. He hastily said to Yan Zhiqing, “They said what I wanted to say. Don’t worry. I will do this myself! I will not let him live an easy life!”

When Yan Zhiqing saw that Wei Wucai had been bullied, she wanted to laugh.

Uncontrollably, the corner of her mouth curved up.

But within two or three seconds, the corner of her mouth curved back down.

“You don’t have to think that I am doing something for you,” Wei Wucai said quickly. “I am just trying to kill off a love rival for myself.”

He whispered, “It is not your idea to target Chen Zeqing. It’s mine. It has nothing to do with you.”

He didn’t want to cause Yan Zhiqing any trouble and for her to be suspected by Chen Zeqing.

Yan Zhiqing could not deny that his current attitude made her feel warm inside.

However, Yan Zhiqing wouldn’t openly admit it. She only replied, “This is your idea.”

“Yes.” Wei Wucai chuckled and said, “It is my idea.”

With a stern expression, Yan Zhiqing walked past Wei Wucai and went to see Wu Mosen.

Once Yan Zhiqing had approached, Chen Zeqing could no longer say anything to Wu Mosen.

No matter what, he didn’t dare to tell Yan Zhiqing that he wanted to film a kissing scene with her.

Chen Zeqing smiled as he asked Yan Zhiqing, “Zhiqing, shall we practice our script?”

“Alright.” Yan Zhiqing nodded, pretending as though she had no idea what Chen Zeqing had planned earlier.

Chen Zeqing smiled and let out a sigh of relief. He then heard Yan Zhiqing say, “You seem a little guilty. Did something happen?”

“No!” Chen Zeqing immediately responded with an innocent and surprised expression.

Yan Zhiqing smiled and said, “I was just scaring you. Why are you suddenly so nervous?”

Chen Zeqing emitted a dry laugh. Yan Zhiqing really did scare him.

Yan Zhiqing sneered and thought to herself, despite behaving this way, Chen Zeqing still had the desire to take advantage of her?

Thankfully, the characters in the emotional scene written by Writer Hu behaved cordially with each other.

They loved each other, but they remained courteous with each other. That was what it meant.

Therefore, even if Chen Zeqing wanted to use this chance, he would not be able to kiss her. Even if he planned to be closer to her through this scene, he would not be able to succeed.

While Chen Zeqing and Yan Zhiqing were filming, Wei Wucai and the other two had already made their move.

As the team leader of the Day Shadows at the Mount Lan Compound, Hao Donghuai contacted his team.

“Brothers, come forth. Team Leader Xiao Cai’s future marriage depends on us,” Hao Donghuai said. “That actor’s name is Chen Zeqing. I need you to investigate him from his high school days until his college days and check for anything negative.”

Yuan Jiangyi had also contacted the Night Shadows Team. He used the same opening sentence. “Brothers! To help Team Leader Xiao Cai lose his status as a single man, we will do our best to help as well!

“Investigate his personal life after he joined the entertainment industry and check if there has been anything negative.”

Hearing that the two other teams had taken these two tasks, Wei Wucai had no choice but to say this to the members of “Shadowless,” “Investigate all his working opportunities, such as movies, TV shows, brand endorsement, and participation in variety shows, as well as any other work that provides him an income.

“Do an investigation on how he managed to get these jobs. Check any investments outside of work. Find all the projects that he had invested money in. For example, check if he has any stores, whether it’s a physical store or an online store. Check if there were any conflicts with customers or anything that people shouldn’t know. Find everything that is detrimental to him.”

The three assigned tasks for their team members.

Wei Wucai obviously didn’t indicate to the team members that this assignment concerned his future marriage.

After all, he was not as shameless as those two.

Obviously, after Yuan Jiangyi and Hao Donghuai had told it to the members of their teams...

Their team members would naturally pass the message to Wei Wucai’s team members.

And so, this was not kept hidden from Wei Wucai’s team members.

The members from Yuan Jiangyi’s and Hao Donghuai’s teams first passed the message to Wei Wucai’s team members.

The members of the Shadow unit knew that Wei Wucai was courting a girl in B City.

The man who had been single for a million years had finally come to his senses!

Everyone rubbed their palms and fists, wishing that they could fly over to B City to watch this event.

Of course, they couldn't come right away.

However, they spared no effort to spread this news throughout the entire Mount Lan Compound.

Since the three team leaders, Wei Wucai, Yuan Jiangyi, and Hao Donghuai, were gone...

The deputy team leaders of the Shadow unit took charge.

And now, the deputies of the Day Shadows, the Night Shadows, and the Shadowless all grouped together. They crouched down together with their heads facing and touching each other as they exchanged the information they had collected.

But then, they realized that everyone had gathered similar materials.

"There isn't much news." After the discussion, the three deputies all said with regret, "I wish I could be there to watch."

"We will discuss later as to whether we should go to B City. For now, let's notify the other departments," said Wei Wucai's deputy team leader.

"Sure!" Yuan Jiangyi's deputy nodded heavily as an indication that he very much agreed to the suggestion.

"We can easily notify the other departments by sending an email within Mount Lan Compound," Hao Donghuai's deputy said. "However, the Hidden Guards normally hide in the corners to serve their role as protectors.

"Whether it's the guards at the Mount Lan Compound or the guards doing assignments outside, they are not allowed to check their phones while they are on a mission. They won't know even if we sent an email."

The Hidden Guards of the Mount Lan Compound were mainly in charge of protecting the place.

Some significant figures outside of the Mount Lan Compound needed guards as well. If they had the money to pay the price, they would hire Hidden Guards from the Mount Lan Compound.

However, the Hidden Guards of the Mount Lan Compound did not accept long-term employment.

Usually, they were hired when a wealthy person received threats to their physical safety, was almost injured, or had already been hurt.

They could also be hired if a political figure from another country were to visit for a few days.

Such short-term protection required guards at a more advanced level.

That would be the time when the Hidden Guards of the Mount Lan Compound were all dispatched.

For the sake of the customers' safety, the Hidden Guards fulfilled their duties with great earnesty.

While they were guarding people, they would not do things that caused distraction.

“Then all members of the three teams should leave and tell them personally,” Yuan Jiangyi’s deputy said.

Wei Wucai’s deputy team leader gasped in shock. “Do we really have to make such a big deal out of this?”

Chapter 3267: Is It Considered a Personal Use of a Public Resource

Hao Donghuai’s deputy team leader nodded in agreement. “After all, it’s our Team Leader Xiao Cai’s happy occasion!”

Wei Wucai was unaware of what was going on. He hadn’t fully won the heart of the girl he liked...

Yet the Mount Lan Compound wanted to throw him an early celebration.

“That makes sense.” Wei Wucai’s deputy nodded.

“Then let’s split into three groups,” Hao Donghuai’s deputy said. “Our Day Shadows and Night Shadows members will be responsible for contacting the Hidden Guards who are doing assignments outside. Our Shadowless team members will contact the Hidden Guards that are scattered across the nooks and crannies of the Mount Lan Compound.”

There was a reason why he said this.

It would be a bit hard for them to scurry about outside...

However, this matter was related to Wei Wucai. It would be better for Wei Wucai’s team members to stay in the Mount Lan Compound to make communicating more convenient if necessary.

Of course, Hao Donghuai’s deputy still had a plan he did not mention.

After they had gotten in touch with every location, the final stop would be B City!

As the nation’s capital, B City was where the rich and the powerful gathered.

That was also where the Hidden Guards’ protection was most needed.

Once they were done contacting everyone in B City, they would also be able to catch a glimpse of Wei Wucai’s... future girlfriend on the way.

However, Wei Wucai’s deputy instantly saw through the sly intentions of Hao Donghuai’s deputy.

“You’re not planning to go straight to B City to find our team leader, are you?!” Wei Wucai’s deputy asked.

Hao Donghuai’s deputy hastily let out a dry laugh. “Haha.” Then he said, “How could that be? We three teams are such good comrades! How could we possibly ditch your team?”

Wei Wucai’s deputy did not believe those elegant but insincere words. He said, “Then let’s do this. Our three teams will work together first to inform all of the Hidden Guards within the Mount Lan

Compound. After that, we'll split out to inform the ones outside. Lastly, we'll converge in B City and find my team's leader together."

Wei Wucai's deputy then reminded them, "You guys can't go find him first! We have to go together!"

"Okay, okay." Hao Donghuai's deputy nodded in agreement.

Yuan Jiangyi's deputy also nodded. "I promise you, we won't go back on our word."

It was only then that Wei Wucai's deputy felt a bit more at ease.

It was rather painful just thinking about it.

This was clearly hot gossip about his team leader, yet he still had to request that the other two teams not go earlier than his team.

Where would there be such good gossip without their team leader?!

Consequently, such a scene emerged.

The Mount Lan Compound's renowned Shadow unit leaped and jumped, appearing in all the nooks and crannies of the place.

They informed all of the Hidden Guards who had stayed behind to guard the compound about how Wei Wucai was currently in B City, putting in his utmost effort to woo his future wife.

Then, through the special communication network of these Hidden Guards, even Chai Yu, the chief of the Hidden Guards, found out about it.

Chai Yu summoned the three deputy team leaders.

"What's going on? I heard you're even planning to go out and contact every Hidden Guard who is doing an assignment outside?" Chai Yu asked the three people.

The moment the three deputies heard this, they worried that Chai Yu would not permit them to use a public resource for personal reasons.

Chai Yu accompanied Wen Ren every day.

If he said it, his words would naturally have quite a lot of effect.

Upon seeing the three people nod their heads in admission like quails, Chai Yu mocked them, "You three fools! Don't you know that we, the Hidden Guards, have a special internal communication method in our department?"

"Mm?"

The three people were stunned and looked at Chai Yu foolishly with wide eyes.

They truly hadn't known!

"You were even thinking of traveling very far away, running to every part of the country?" Chai Yu said.

"You didn't even think... Would we really need to go find the Hidden Guards in person whenever something comes up and we need to contact them while they're doing assignments outside?"

The three people thought about it and realized that that was true.

They had all been shocked by the gossip about Wei Wucai, so they hadn't thought of it.

Chai Yu now had some doubts about the IQ scores of the Shadow unit's members.

"We, the Hidden Guards, have a special method of internal communication. Furthermore, we communicate using a special secret code, so outsiders won't understand even if they see our messages," Chai Yu said.

"I'll just get them to use this to inform the Hidden Guards outside the compound," he continued. "You guys don't need to travel so far away, making one big trip around the country."

Of course, that was great news. The three people agreed happily.

However, Yuan Jiangyi's deputy then asked while laughing softly, "Chief Chai, is it considered a personal use of a public resource if you do this?"

Chai Yu felt speechless.

This fool, Yuan Jiangyi... Even his team member was just as stupid as him!

They're beyond saving!

Chai Yu let out two grim laughs, "Hehe. You were right to remind me. It is indeed not okay for me to use a public resource for personal reasons like this. In that case, you guys should take some people and travel all over the country."

The three people were speechless.

Yuan Jiangyi's deputy immediately received disdainful gazes from the other two deputies.

Consequently, Yuan Jiangyi's deputy said hurriedly, "No! That's not what I meant! Chief Chai, this is a Mount Lan Compound internal matter. How can it be considered the personal use of a public resource? It's for a public matter!"

When Yuan Jiangyi's deputy finished talking, he gave Chai Yu a foolish grin.

Chai Yu felt speechless.

He truly couldn't bear looking at this little fool.

But of course, Chai Yu merely wanted to give them a scare.

While he was talking to the three deputies, Chai Yu had already instructed the Hidden Guards who were still in the compound.

He had them contact the Hidden Guards who were doing assignments outside and inform the latter of Wei Wucai's happy occasion.

"Alright, I need to quickly let our leader know about this good news," Chai Yu said.

If all of their comrades knew, but Wen Ren, their leader, did not... Wouldn't they just make him extremely angry?!

Once their leader got angry, he would torment someone!

Chai Yu truly knew this too well.

In that case, who would their leader torment?

He definitely could not torment his wife.

He wouldn't dare torment Fang Boran, his wife's older brother.

The ones who remained were his two sons, but they were still in training, so he couldn't torment them either.

So of course, he could only torment Chai Yu, the person closest to him!

The moment Chai Yu thought of this, his expression turned dark.

He dared not delay as he was deathly afraid Wen Ren would hear the news from someone else.

Chai Yu ran hurriedly like his butt was on fire to tell Wen Ren this news.

Meanwhile, the three deputies hurriedly urged their team members to thoroughly investigate the matter their three team leaders wanted them to check out.

This was the first time that not a single member of the Shadow unit was missing.

All members of the unit worked together to investigate one matter.

Chen Zeqing was receiving so much honor and respect.

Due to having so many people investigating...

The investigation was done extremely meticulously even though Wei Wucai and the other two team leaders had requested for an investigation with a wide scope.

Once the tasks were delegated among all their members, it was no longer such a big assignment.

Furthermore, they were extremely proficient in investigating this sort of matter.

Chapter 3268: Who Would Be Bored Enough to Steal This

Therefore, everyone did their investigation quickly.

On that day itself, they worked together and investigated everything about Chen Zeqing.

Chen Zeqing's hands were very dirty.

He had done many things that shouldn't be known.

In fact, to get more job opportunities and to become famous, he had even offered his butt to the CEO of an entertainment company.

Of course, Chen Zeqing had become independent now and had had a peaceful breakup with the CEO.

However, such things really showed how twisted one's values could be.

After all, if Chen Zeqing was gay, it would have been fine. If that was his sexuality, there's no reason to stop him from getting in a relationship.

However, Chen Zeqing was not gay. He did like girls.

And the experience back then did not turn him gay.

He was still very straight now and was very reluctant to think about what had happened back then.

He really wanted to hide that dark past away.

If he was gay, he would not be going after Yan Zhiqing.

Wei Wucai didn't even have to do anything. The people at the Mount Lan Compound would rip Chen Zeqing apart first.

Yan Beicheng was not mentioned because the information was still with the Mount Lan Compound as of now.

Everyone organized the information. They even thoughtfully organized the pages based on the timeline and saved the file.

To prevent losing the file, they even made a couple of copies of the file.

They then uploaded the file to the database of the intelligence department.

Chen Zeqing didn't even know that the shit that he had done in the past was taking up system memory space at the Mount Lan Compound.

This was truly... frightening!

"Alright, alright," Wei Wucai's deputy said. "Let's quickly take this file to Team Leader Xiao Cai."

Everyone knew what was going on.

This could have easily been done by sending an email. Why would there be a need to bring this file over?

It would take a lot of time for them to travel.

An email was much quicker.

The email would only take seconds to send.

The three deputies just wanted to watch the newest gossip in Wei Wucai's life!

The team members thought that the three deputies were giving up their lives for this gossip.

They dared to spectate on someone else's life!

Was it that fun to watch Wei Wucai's life?

Of course, the three deputies weren't the only ones.

Even the team members... wanted to lose their lives to witness this event.

At this moment, Yuan Jiangyi's deputy spoke. "We plan to take some people with us this time to escort these files and personally hand them over to the three team leaders."

"These files are very important, after all. If we just send an email, what if someone steals it?" Hao Donghuai's deputy added.

Everyone thought to themselves, who would be so bored as to steal this shit?

However, since the team leaders weren't here, the deputies were the bosses.

Whatever the deputies said was right.

After all, they needed a reason to visit Wei Wucai.

And so, everyone believed this bullshit.

"However, we can't go all at once," Wei Wucai's deputy said. "Some people would have to stay here to be on standby, right?"

This made sense.

Everyone knew this was true.

But no one wanted to be the one to stay.

Everyone wanted to watch Wei Wucai's life!

"Therefore, we can only choose half of the people from each team to come to B City with us," Wei Wucai's deputy said.

Everyone nodded. No one disagreed.

Of course, they would try to be the ones chosen.

And so, someone couldn't help but ask, "How are we going to choose?"

"Should we fight? Yes! Whoever wins will move up in the rank!" someone else said while rubbing their palms.

"Only simple men compete by fighting!" another said. "We are the intelligence department. Obviously, we have to compete using our technical skills."

"It's easier to just fight!" someone said.

Soon, everyone started arguing.

Wei Wucai's deputy thought to himself, their team leader Xiao Cai was indeed popular.

"Quiet! Everyone, be quiet!" Hao Donghuai's deputy said. "In the past, we have always solved such issues by fighting. The ones who win in the fight would advance further in the competition."

"However, we shouldn't always be this violent!" Yuan Jiangyi's deputy said. "And so, let's use a peaceful method this time."

Wei Wucai's deputy then brought in three small boxes.

"We will give each of you a piece of paper. Write your name and scrunch it into a ball before you throw it into the box. The boxes are labeled based on the name of your team, so throw the ball of paper into the right box," Wei Wucai's deputy said.

And so, the three distributed papers to everyone.

Everyone wrote their names down and threw the paper into the respective boxes.

"And now, we will draw lots," Wei Wucai's deputy said.

Why choose such an old-fashioned method?

Because it was fun!

And so, each of the three picked out half of the people from their respective teams.

Obviously, the people who were chosen cheered in joy. They were very happy.

The people who weren't chosen wanted to beat up the ones who were chosen.

But no matter what, the results were out.

The three deputies recorded the names and went to report this to Fang Boran.

Fang Boran couldn't join the fun, but he very gladly agreed to let them go.

Wen Ren had heard from Chai Yu about what happened to Wei Wucai, but he was busy.

He could only worry about it.

"When you guys get there, take lots of videos and pictures," Wen Ren said. "Of course, if it's convenient for you guys, just use our intranet to live-stream the whole event. Let us know when you can live-stream. We will be waiting."

Chai Yu felt speechless.

He felt bad for Wei Wucai.

Wei Wucai was just getting into a relationship and so many people would be there to watch him.

With Wen Ren's instructions and with the wishes and hopes of the people at the Mount Lan Compound...

A group of people rushed to B City.

At the film site in B City...

There were quite a lot of scenes to be filmed today, so the schedule was tight.

And so, they only finished filming when it was already 10 at night.

In addition, Wu Mosen had a high standard.

For one scene, Yan Zhiqing had had to do the same movement so many times.

And so, when the filming finally ended, Yan Zhiqing felt dizzy and confused.

She didn't even have the energy to move. Her legs felt heavy.

She'd felt tense the entire day because of filming.

And now, she could finally relax, resulting in her entire body immediately feeling the exhaustion.

She leaned her entire body against Fang Qiaohan.

By leaning on Fang Qiaohan, she was able to get half of the strength necessary to step towards the van.

However, she walked in this exhausting manner for only a few steps.

Chapter 3269: Back Off

Suddenly, her body felt light. Someone had lifted up her entire body.

However, her feet were still stepping firmly on the ground. She just didn't need to stand by herself.

Yan Zhiqing was surprised. She turned and saw Wei Wucai, who had appeared beside her before she knew it.

He wrapped his hand around her shoulder and supported her entire body.

However, his other hand supported the side of her shoulder.

Yan Zhiqing felt as though he was holding her in his arms.

"You—"

Before Yan Zhiqing could speak, Wei Wucai said, "Fang Qiaohan has been busy for the entire day and she is tired too. I am fine. You can lean your entire weight on me."

Wei Wucai had spoken in such a righteous manner that Yan Zhiqing even wondered if she had abused Fang Qiaohan.

She turned and looked at her.

Was Fang Qiaohan really that tired?

But all she saw was Fang Qiaohan's confused face.

Fang Qiaohan thought to herself, "Am I tired?"

She felt very energetic right now.

While Yan Zhiqing was filming, she had nothing to do and was just sitting at the side.

She would wait for Yan Zhiqing to come rest after filming.

Then, she would quickly give Yan Zhiqing her down and feather jacket and hand warmers.

She would have already placed the thermos cup beside Yan Zhiqing's hand.

Because the van was parked far away, Yan Zhiqing couldn't go back to the van whenever she finished filming a scene.

Firstly, she did not have the physical strength to do so. Secondly, she would be going back and forth constantly and that would be much more tiring.

Therefore, Yan Zhiqing did the same as the other actors and sat in a folding chair on the site.

Because it was too cold, Fang Qiaohan was wearing a very thick down and feather jacket and held a hand warmer. She'd stuck heating pads onto her body as well.

After she had done all these things for Yan Zhiqing, she would then just add hot water into Yan Zhiqing's thermos from time to time.

Besides that, she had nothing else to do.

Yan Zhiqing was not someone who made a lot of demands.

Normally, if it's something that she could do by herself, she would never ask Fang Qiaohan to do it.

At this moment, she had been described by Wei Wucai as being someone really tired.

Fang Qiaohan felt confused.

She stared back at Wei Wucai.

She then heard Wei Wucai say in a firm tone, "It's hard for the young girl. She's quite tired."

"..." Fang Qiaohan, feeling the threatening gaze coming from Wei Wucai, could only say, "I guess I am?"

Yan Zhiqing felt speechless.

"Let me go," Yan Zhiqing said angrily. "It's not appropriate for you to be hugging me like this!"

People would see!

Did he not see that so many people were looking over here?

But then, Wei Wucai suddenly lowered his head.

An extremely good-looking face appeared before her eyes.

To be able to look at her face to face, Wei Wucai rotated his body around, lowered his shoulder, and turned.

His face suddenly appeared in front and near her side.

This sudden movement caused Yan Zhiqing to feel nervous.

Her lips started trembling.

What... what was he trying to do!

There were so many people watching out here!

No, it shouldn't happen even if they were indoors.

She didn't even say she had forgiven him.

By behaving this way, he was basically ignoring her stance.

Yan Zhiqing felt like pinching Wei Wucai on the waist.

However, before her fingers could touch his waist, Yan Zhiqing suddenly lost her strength. She froze nervously.

Because Wei Wucai's face suddenly drew closer.

It could have been because of her nervousness, but it felt like her senses had heightened. Her senses didn't feel accurate.

Anyway, Yan Zhiqing felt as though the tip of Wei Wucai's nose was sticking to the tip of her nose.

Yan Zhiqing didn't even know what she was thinking. Subconsciously, she inhaled a small breath of air.

She just so happened to inhale Wei Wucai's breath of air.

The two were very close to each other.

Their breaths of air intertwined. They could not even differentiate the breaths of air.

However, Wei Wucai didn't move a step further when they were so physically close to each other.

His face was just really close to hers and was almost touching her.

Yan Zhiqing was just worried that she might actually touch him if she accidentally moved.

If she wasn't careful, her mouth could end up touching his mouth. If that happened, they would not be able to explain this situation.

Yan Zhiqing recalled how he had kissed her when she was having a brain fog.

The two had kissed before.

She was pressed down on the bed in his room.

He also kissed her in her room.

She never forgot that feeling.

At this moment, Yan Zhiqing couldn't help but recall...

She was shocked by the flashback of the kiss with Wei Wucai.

She hurriedly moved back.

But then, she forgot that Wei Wucai still had his arms around her shoulders.

She couldn't even move back.

She was very firmly trapped in Wei Wucai's arms.

Yan Zhiqing could only lean her head back.

However, when she leaned her head back, Wei Wucai followed and moved forward.

He leaned forward as much as she leaned back.

And so, the distance between the two remained the same.

Yan Zhiqing couldn't help but blush.

She didn't dare to breathe. But because she held her breath for too long, she started panting.

Yan Zhiqing said angrily, "Back off!"

"If I kiss you now, will you get mad?" Wei Wucai suddenly said.

"What?" Yan Zhiqing was shocked.

There... were so many people!

Was he really going to kiss her in front of so many people?

Was he crazy?

Of course, Yan Zhiqing had forgotten.

Their postures and positions right now clearly showed their intimacy.

Even if Wei Wucai didn't kiss her, people would still overthink their relationship.

They would think that way even without the kiss.

"Are you not taking my anger seriously?" Yan Zhiqing said, her cheeks bulging in anger.

But in Wei Wucai's eyes, she was just pretending to be tough.

Yan Zhiqing was really very nervous, and yet, she was still pretending to be fierce.

"Will you be my girlfriend? You can still be mad at me after you become my girlfriend," Wei Wucai said as he started leaning closer and closer to Yan Zhiqing.

Yan Zhiqing thought to herself, it was obvious that this man didn't care about her stance.

Yan Zhiqing was so mad that she lifted her foot up and stomped down on Wei Wucai's foot.

Even Wei Wucai felt pain.

The corner of his mouth twitched.

At this moment, Yan Zhiqing immediately took his hand off her shoulder.

“Hmph!” Yan Zhiqing uttered as she stormed off, taking Fang Qiaohan with her into the van.

Yan Zhiqing moved very fast. She no longer looked exhausted like she had before.

Before Fang Qiaohan could close the van door, Wei Wucui hurriedly followed her into the van.

Yan Zhiqing looked and immediately said angrily, “I don’t want to see you right now!”

Wei Wucui knew that it was rash of him to have come inside.

But he couldn’t help it.

He wanted her to know that he liked her.

Because he had told her the truth, he no longer had any worries. He just wanted to pursue her without consideration of anything else.

Chapter 3270: Team Leader’s Madam, You Have Worked Hard!

“I will get out of the van.” Wei Wucui immediately looked dejected. His voice sounded weak.

And then, Wei Wucui was seen stepping outside of the van in a despondent manner.

Fang Qiaohan was speechless.

Yan Zhiqing was not by the window, so she didn’t see.

But Fang Qiaohan saw everything.

After Wei Wucui was out of the van, he still appeared really sad. While he was still in Yan Zhiqing’s field of view, he drooped his head and appeared spiritless.

But when he got out of the van and saw Yuan Jiangyi and Hao Donghuai, he immediately lifted his head up and straightened his back.

The change was very quick!

Who knew if he was actually sad!

With Wei Wucui being at this level, Yan Zhiqing was obviously no match for him!

However, out of consideration for her own personal safety, Fang Qiaohan didn’t tell Yan Zhiqing what she had discovered.

Just in case Wei Wucui planned to ruin her life over it.

Although Fang Qiaohan was Yan Zhiqing’s assistant, she was more afraid of Wei Wucui.

But considering that the two were a couple, it didn’t matter whom she feared.

The driver drove the van away.

Wei Wucai left with Yuan Jiangyi and Hao Donghuai.

They drove behind Yan Zhiqing's nanny van.

Hao Donghuai was driving. Yuan Jiangyi sat on the passenger's seat and looked back at Wei Wucai in a scornful manner as he said, "How can you steal a ride with us?"

Wei Wucai was speechless.

"You can't even get a ride with Zhiqing." Yuan Jiangyi pouted and said, "What can we say? We already helped you so much, yet you are still so useless."

Wei Wucai was speechless.

Were these two people helping him?

Did they not make things worse?

Wei Wucai felt really frustrated.

Why did he ask these two to come here!

While Yan Zhiqing was in the van, Fang Qiaohan said to her, "Zhiqing, Wei Wucai is following behind our van."

Yan Zhiqing quickly looked back and said, "It's fine. We stay in the same hotel so we would definitely go the same way. They are not actually following us."

That was true. However, because this van was huge, the driver drove slowly out of concern for safety.

The smaller cars at the side had already passed the van.

However, Wei Wucai's car was still following behind the van at a moderate speed.

They weren't bothered by the fact that this tall van was blocking their view of the road.

And that was how they drove back to the hotel.

Yan Zhiqing and Wei Wucai's group got out of their vehicles at nearly the same time.

Yan Zhiqing ignored Wei Wucai and stepped into the hotel with Fang Qiaohan.

But then, the moment she stepped through the hotel entrance, she was shocked!

She saw a group of people wearing clothes of different colors. The clothes weren't uniform.

However, they had arrayed themselves into two rows, with each row being on one side of the entrance in the lobby.

They were dressed differently, but they stood in such an organized manner.

Yan Zhiqing recalled the time when she had to go through military training. Subconsciously, she looked down at their feet.

As expected, the tips of their toes were touching the same line.

Fang Qiaohan held Yan Zhiqing's arm and whispered in surprise, "What is this? Is the boss of a gang here?"

Yan Zhiqing felt speechless.

It did seem like it.

"Don't freeze. Let's move quickly," Fang Qiaohan pressured.

Yan Zhiqing was so pretty. What if the big boss fancied her?

With Yan Beicheng being absent, there was no way he could save her.

Yan Zhiqing did not know that Fang Qiaohan had a very good imagination.

However, considering the men's imposing manner, she agreed that it would be best to leave quickly.

Who knew what might happen!

It was better to avoid unnecessary trouble.

When they were rushing forward, the two rows of people on both sides suddenly shouted in a synchronized manner, "Team Leader's Madam, good night to you!

"Team Leader's Madam, welcome back!

"Team Leader's Madam, you have worked hard!"

These three sentences frightened Yan Zhiqing.

She held Fang Qiaohan and the two trembled while they stood between these two rows of people.

What was this situation?

What team leader?

Fang Qiaohan had so many questions in her mind.

However, why did she think that the team leader's madam that they shouted at was Yan Zhiqing?

There was no reason. She just had this intuition.

Fang Qiaohan was always confident in her own intuition.

Fang Qiaohan was just guessing, but Yan Zhiqing was certain.

She knew that Wei Wucai was a team leader at the Mount Lan Compound.

However, what's with this term of address—team leader's madam?

Yan Zhiqing blushed. She was nervous, so she didn't see Wei Wucai come inside.

She didn't notice until these two people greeted, "Team Leader!"

Since the three team leaders were all here, the two rows of guys did not greet all three individually and just used the more convenient term of address.

There wouldn't be an issue if they just called out "Team Leader."

Yan Zhiqing and Fang Qiaohan finally looked back.

They saw Yuan Jiangyi and Hao Donghuai filled with joy and surprise.

In contrast, Wei Wucai's entire face was twitching.

"Why are you guys here?"

The same sentence was uttered.

Yuan Jiangyi and Hao Donghuai had said this in a joyful and surprised tone.

They looked very enthusiastic.

Immediately, they rushed to their respective team members.

Everyone gave a very passionate group hug.

However, Wei Wucai didn't rush to his team members. Instead, his team members rushed forward with such enthusiasm.

They encircled him and Yan Zhiqing.

Wei Wucai was speechless.

"Team Leader Xiao Cai!" Liang Shibo, Wei Wucai's deputy, greeted. He looked so happy that he appeared like the idiot son of a landlord.

Wei Wucai, feeling helpless, placed his hand on his head and asked, "Why are you guys here?"

Did they even complete the investigation!

They actually came all the way here.

At this moment, Yuan Jiangyi and Hao Donghuai brought their team members over.

Hu Xuming, Yuan Jiangyi's deputy, said in a confident manner, "We came to give you the files. We have organized them."

Wei Wucai was speechless.

This was something that could be done by just sending an email, and yet, they came here personally. Obviously, they were just here to witness the newest gossip going on in his life.

But he was able to say such a bullshit reason with such confidence.

This was talent.

Wei Wucai stared at Yuan Jiangyi. His expression was hinting for Yuan Jiangyi to do something about this.

Yuan Jiangyi patted Hu Xuming on the shoulder and said, "Good job. You take work very seriously. You are very careful. You did well."

Hu Xuming straightened his back proudly. He felt really proud to have been praised by the team leader.

At this moment, Hao Donghuai's deputy, Liu Yuhao, said, "We were scared that something might happen to the email. Someone might stop the email from getting sent and steal it. It is safer for us to personally bring the files over."

Wei Wucai was speechless.

Hehe!

"Have you all booked your rooms?" Wei Wucai asked.

"We have," Liang Shibo said. "Because we have a lot of people and we were worried that there might not be enough rooms, we booked only twin rooms."

Even if they had booked twin rooms, they would still have booked a lot of rooms.

Wei Wucai thought to himself, was the hotel's business that bad?

They actually had that many available rooms.

"Let's talk after we go back to our rooms," Wei Wucai said.

Thus, everyone left.

Yan Zhiqing could only follow them.

However, there were too many people. Therefore, they couldn't all fit into one elevator.
