

Mr Han 3291

Chapter 3291: Don't Be Too Proud of Yourself

"Tsk. Tsk." Yuan Jiangyi shook his head as he watched the video. "Why do I think that Xiao Cai has the potential to be one of those f\*ckboys? He knows his tricks well. He doesn't seem like a virgin boy who had been single for thirty years."

The team members, especially, Liang Shibo, were shocked. Liang Shibo wanted to cover Yuan Jiangyi's mouth.

"Team Leader Yuan, be quiet. Our team leader's ears are very good. What are you going to do if he hears you?" Liang Shibo said.

No one liked to seek death like Yuan Jiangyi.

That was what he had concluded when he was at the Mount Lan Compound because Yuan Jiangyi and Wei Wucai fought too frequently.

!!

How diligent was he for him to compete with Wei Wucai every day?

However, at this moment, Liang Shibo felt as though he had seen the truth.

It might have been because Yuan Jiangyi was too strong at making life worse for himself. He would always bother Wei Wucai whenever he had nothing to do.

What was the result?

Obviously, Wei Wucai would always drag and give him a good beating.

Unbeknownst to Liang Shibo, he had predicted the truth.

\*\*\*

At this moment, Yan Zhiqing came out and closed the door.

Wei Wucai turned and just so happened to see the tiny flying machine hiding behind him.

Wei Wucai was speechless.

These people were really becoming better at what they were doing.

To film his life story, they even used professional equipment from the Mount Lan Compound.

Should he thank them for seeing him as someone so important?

Wei Wucai didn't say a word. He suddenly stretched his hand out quickly and grabbed the mini flying machine.

Liu Yuhao was controlling the flying machine with the watch. The screen on the watch was showing the video filmed in real-time by the flying machine.

When he saw Wei Wucai's hand quickly grabbing the flying machine, Liu Yuhao was frightened.

He quickly controlled the flying machine to dodge toward the side.

But Wei Wucai was too fast, and Liu Yuhao hadn't reacted in time.

When Wei Wucai noticed the flying machine, he didn't look in the direction of the flying machine.

As a result, Liu Yuhao thought that Wei Wucai hadn't noticed the presence of the flying machine.

Liu Yuhao was happy about it.

He thought that he had improved and could actually successfully control and sneak a flying machine near Wei Wucai.

It could actually escape Wei Wucai's eyes.

But then, although Wei Wucai was not looking at the flying machine, he had already noticed it.

Liu Yuhao was really frustrated.

How did he even see it?!

The flying machine was so small.

Normally, it would be difficult to notice even a mosquito flying nearby.

Why was Wei Wucai so alert?

Liu Yuhao could successfully become the deputy team leader in a fierce competition.

His skills were obviously not average.

And his technical skills were even better than the other average members.

Of course, even the ordinary team members were considered godly outside.

And this clearly showed the level of the deputy team leader.

Back then, when they would leave for missions, Liu Yuhao would never make such a mistake.

But because of Wei Wucai's sudden attack, he panicked.

Liu Yuhao's plan was very reasonable. He planned to control the flying machine to the left and then control it downward.

He would use Wei Wucai's blindspot and dodge his grab successfully.

Perfect!

Unfortunately, it only worked great in Liu Yuhao's mind.

But when he controlled the flying machine to the left, he could not execute the second step of his plan.

Or you could say that he had barely completed the first step.

It was all because Wei Wucai had already predicted the direction that the flying machine was flying.

In fact, Wei Wucai's hand had moved to the left even before the flying machine.

When the flying machine headed left, Wei Wucai's hand was already there.

When Liu Yuhao realized it, he wanted to control the flying machine in another direction, but it was too late.

He could dodge, but Wei Wucai would move his hand as well.

And so, the flying machine flew straight into the trap.

It flew into Wei Wucai's palm.

Liu Yuhao was speechless.

He felt like he had behaved like an idiot in front of Wei Wucai.

This was too embarrassing!

He was not trying to show off his skills in front of Wei Wucai, and he wasn't trying to prove his ability in front of Wei Wucai either.

But the moment Wei Wucai made a move...

Liu Yuhao wanted to know the level of his skills in comparison to that of Wei Wucai.

Was he about the same level as Wei Wucai?

Had he become skilled enough to challenge Wei Wucai?

Although Liu Yuhao knew that he shouldn't have much hope that the answers to the last two questions would be yes.

He still couldn't help but imagine...

But the reality was cruel.

Before he could do anything... Liu Yuhao felt that he had yet to even show his skills when he was immediately overpowered by Wei Wucai.

Wei Wucai was indeed teaching him how to be a humble human being.

He now realized that the difference in level between him and Wei Wucai was huge.

And it was obvious that Wei Wucai didn't even show one-tenths of his ability.

Accurately speaking, Liu Yuhao didn't even let Wei Wucai show his true strength.

Liu Yuhao wasn't capable enough to do that. He was not qualified.

Liu Yuhao was shocked and sad. Then, he recalled the series of controls he had done earlier.

He did an analysis in his head.

And he realized that he had been slower than Wei Wucui from the beginning.

He subconsciously panicked the moment Wei Wucui had made his move.

When he panicked, he became slower and messed up his controls.

Due to psychological reasons, he had made a mistake from the beginning.

He pondered on the whole process of the controls.

Wei Wucui could predict his movement, but he couldn't predict Wei Wucui's movement.

That had to be the difference.

In addition, the micro flying machine was so tiny and was extremely fast.

You might not even be able to smack a mosquito with such speed and accuracy, not to mention catching a mosquito with bare hands.

However, Wei Wucui was able to accurately grab the flying machine in his hand.

Liu Yuhao thought that he had to yield.

He still had a long way to go before he could be promoted to team leader.

At this moment, the screen on the watch turned pitch black.

Wei Wucui grabbed the flying machine in his hand.

He covered the camera.

At this moment, Yuan Jiangyi and the others gathering in the corner watched the whole process through the live stream in the chat group.

Hao Donghuai took advantage of this opportunity to give his members a lecture. "Did you all see that? That is the difference between you and your team leader."

"Just because you guys are performing well and that your skills have improved, don't assume that you are approaching the level of your team leaders," Hao Donghuai said.

"You guys are improving. However, it's not as if the team leaders are doing nothing," Hao Donghuai said, "You guys are making progress, but we are making progress as well."

"So, don't be too proud of yourselves," Hao Donghuai concluded in a serious tone.

Chapter 3292: I Made a Random Guess

"Of course, we will be stepping down soon. After all, we are at that age."

No matter what, as one's age progressed.

There would be a reduction in their physical strength and mental energy.

Even though no one could compete with them in terms of their technical skills.

However, they still wouldn't be at their prime anymore.

!!

As time passed, no one could guarantee whether an accident might happen or not during a mission.

As such, stepping down was unavoidable.

"By then, I will be needing you all to take over," Hao Donghuai said, "I do not want to see you all bring the prestige of the Shadowless to ruin. You must not do worse than us!"

That was what he said, but no one was happy about this.

They felt a little sad.

Because Yuan Jiangyi and the other two would not remain in their positions for a lot longer.

They could still stay at the Mount Lan Compound after they stepped down...

But they would only be doing tasks related to technology and logistics as well as training newcomers.

Of course, they wouldn't always be at the Mount Lan Compound.

Most of the time, they would be dealing with their work outside.

In other words, fighting would no longer be their priority.

The thought of this made everyone depressed.

After all, they had been together for so many years.

Whether it was training, normal livelihood, or during missions, they had always been together.

They would usually joke around with each other. But regardless of how dangerous the mission could be, they had always been able to rely on their teammates.

They had experienced life-and-death situations and survived those together. They had been with each other for such a long time that their bonds were even more tight-knit than a family bond.

The team members were much younger than the three team leaders.

When they were still teenagers, they were chosen to join the Hidden Shadows and become the subordinates of these three team leaders.

The three team leaders taught and took care of them.

The thought of them leaving in the future...

And that they would never be able to rely on these three team leaders as they had done so in the past.

Everyone kept quiet.

The atmosphere instantly became depressing.

Yuan Jiangyi watched the group of people with their heads drooped in sadness. They looked like withered plants.

He then said to Hao Donghuai, "Look at you. Why did you even tell them these things?"

Hao Donghuai pouted and said, "I was just giving them an injection of precaution so that they will be mentally prepared at an earlier time."

Yuan Jiangyi then said to the team members, who all looked like wilted plants, "What kind of reaction are you guys showing? There are still a few years before we step down. Even if you want to take our positions, your dreams will not come true anytime soon."

"At your current level, how can we feel safe to hand over the entire team to you? You saw how Liu Yuhao, as the deputy team leader, could not even make it past Wei Wucai's one move." Yuan Jiangyi said scornfully.

The group felt embarrassed, but they still laughed.

"Therefore, if you want to take our places, you still have a long way to go. We still have to watch over you and at least make sure that your three deputies are able to lead the team before we can step down without any worries.

Hearing this, everyone let out a sigh of relief.

No matter what, Yuan Jiangyi and the others could still stay for a while.

As long as they were still here, they would feel safe.

If not, they would feel as though they had become spineless.

\*\*\*

Liu Yuhao had no idea that Yuan Jiangyi was currently giving an emotional speech.

Wei Wucai held the flying machine in his hand. He didn't dare to break this thing.

After all, it had to be really difficult for the technical team at the Mount Lan Compound to make this item.

And so, Wei Wucai left some space in his palm. He didn't dare to use much strength.

It might seem like a lot had happened during this brief competition between Wei Wucai and Liu Yuhao.

But actually, it has only been one or two seconds and no more than that.

As such, Yan Zhiqing only saw Wei Wucai wave his hand.

It seemed like he had grabbed something in the air.

But Yan Zhiqing didn't see what Wei Wucai had caught.

Because his movement was too fast.

“What did you catch?” Yan Zhiqing asked curiously.

Wei Wucai didn't keep this a secret. “Despite being single, Yuan Jiangyi and the others want to watch us being together so that they can torture themselves. I don't know who it was that released a micro-sized recorder made by the Mount Lan Compound.”

Wei Wucai pinched the tiny flying machine.

He didn't dare to open his palm as he was worried that the flying machine might fly away if he wasn't careful enough.

And so, he had to pinch it in his palm.

But the flying machine was too small.

Even as he pinched it with his index finger, it was unnoticeable and difficult to see.

Yan Zhiqing observed for a long time and finally saw the black dot.

Even though she was looking at it, she still couldn't comprehend it.

“That's so small. Did they actually make that?” Yan Zhiqing said in surprise, “There must be a camera. How is it so small?”

Yan Zhiqing lowered his head and leaned close to Wei Wucai's finger. “So what did it record?”

Wei Wucai didn't dare to tell Yan Zhiqing.

Yan Zhiqing would definitely feel really embarrassed.

“Let's go check it out,” Wei Wucai said.

While the two were talking, they arrived at the corner.

He just so happened to see Liu Yuhao squatting there in a suspicious manner.

Liu Yuhao wanted to run.

But where could he escape to?

In the end, Wei Wucai would still know that it had been him. He might as well not run.

Liu Yuhao squatting by the corner felt a shadow being cast upon him.

He froze for a moment before he looked up slowly.

Just as he had expected, he saw Wei Wucai and Yan Zhiqing.

Liu Yuhao laughed dryly and slowly stood up.

“Team Leader Xiao Cai and Team Leader's Madam,” Liu Yuhao said while laughing dryly, “Team Leader's Madam is the correct term of address this time, right?”

“Don't talk so much. Don't assume that I don't know what you did.” Wei Wucai opened his palm and showed the flying machine sitting on his palm. “Take it away.”

“Hehehe.” Liu Yuhao took the flying machine back and said, “Team Leader Xiao Cai, I really felt the disparity between you and me. It was huge.”

“Are you trying to distract me?” Wei Wucai raised his brow.

Of course, that was one of Liu Yuhao’s goals.

“No. No. No. I am serious.” Liu Yuhao said quickly, “Team Leader Xiao Cai, how did you know that I would control the flying machine leftward? Did you observe something? Was it the angle of the flying machine that gave it away?”

The corner of Wei Wucai’s mouth twitched. This was such a tiny thing. It was as small as a mosquito. His eyesight wasn’t that good.

“It was not the angle that the flying machine was moving that gave it away.” Wei Wucai said, “It’s because I know you too well.”

“In order to hide from me, you would only dispatch one person.” Wei Wucai said calmly, “Liang Shibo, being my deputy, does not have the guts to do something like this.”

“The only ones left are you and Hu Xuming.” Wei Wucai said, “There is a fifty percent chance that it would be one of you, so I made a random guess.”

Wei Wucai raised his brow and said, “I guessed that it was you. If it were you, your first reaction would be to fly it toward the left.”

### **Chapter 3293: Who Came Up With This Name?**

“If it were Hu Xuming, his first reaction would be to go downward,” Wei Wucai said.

“But I guessed that it would be you, so I waited on the left in advance,” Wei Wucai continued.

“However, I divided my focus and placed some attention downward so that if it did turn out to be Hu Xuming, I would still be able to react in time,” Wei Wucai explained. “But my luck was pretty good. It truly was you.”

Liu Yuhao was speechless.

Sure, Wei Wucai could truly react that quickly, but it was unexpected that he would have such great luck as well.

This left Liu Yuhao speechless.

All he could say was that his luck was truly horrible.

To think that Wei Wucai managed to guess correctly...

“Where are the others?” Wei Wucai asked

After getting discovered, Liu Yuhao didn’t have the slightest intention of covering for his teammates.

"I'll take you there," Liu Yuhao said without even thinking about it. He had no intention of fighting for his teammates.

Yan Zhiqing was speechless.

"Just what did you capture in the video?" Yan Zhiqing asked.

.....

After asking that, she thought of what she and Wei Wucui had done at the door earlier.

They just shared a light kiss and then separated.

However, it would be very distressing if that were truly what was captured.

The moment Yan Zhiqing thought of that, her face turned red.

Seething with anger, she glared at Liu Yuhao. "How could you do this?!"

Weren't she and Wei Wucui merely in a romantic relationship?

They were violating their privacy by taking a video of that!

Liu Yuhao immediately became terrified.

Once Yan Zhiqing got angry, she had a greater effect than anything Wei Wucui could say.

"I'm sorry, I'm sorry," Liu Yuhao said hurriedly. "We'll never do it again."

"Where's the video you took?" Yan Zhiqing asked angrily.

Liu Yuhao's gaze drifted about for a moment. "It... It was sent to them instantaneously."

"You people!" Yan Zhiqing became extremely furious.

"Are you the paparazzi?" Yan Zhiqing raged. "You're too much!"

"Precisely! How could you do this?!" Wei Wucui tagged on.

Liu Yuhao felt Wei Wucui was totally like a fox exploiting a tiger's might.

When Liu Yuhao saw Yan Zhiqing react like this, he thought about it and felt that the others had truly been too much.

The couple was just doing what lovers normally did. It was too inappropriate for them to take such videos of the couple.

"We won't dare to do it again. We've made a mistake," Liu Yuhao said without delay. "Actually, I didn't really capture much in the video, so you don't need to worry about it."

"Let's go over there first. We'll see exactly what you captured in the video," Wei Wucui said coldly.

"Okay, okay, okay," Liu Yuhao agreed hastily.

When they were done talking, he brought them over to where Yuan Jiangyi and most of the team members were.

Yan Zhiqing saw the dense crowd of people, and her face immediately stiffened.

There were so many people crammed in here.

This scene was truly pretty spectacular, haha!

Upon seeing Yan Zhiqing's dark expression, everyone suddenly became well-behaved.

Liu Yuhao took the chance to say, "Team Leader Yuan, Team Leader Hao. I feel that what we're doing is truly something we should not do!"

Liu Yuhao's words stunned Yuan Jiangyi and Hao Donghuai.

"I feel... that it's fine when we're just having some fun normally, but taking an intimate video of Team Leader Xiao Cai and Zhiqing kissing and whatnot is just improper," Liu Yuhao said with a face filled with righteous anger.

Yan Zhiqing didn't know what to say.

So, he had indeed taken a video of them kissing?

Yuan Jiangyi and Hao Donghuai immediately took note of this rascal.

He was talented at acting pragmatically!

"Where's the video you took? Let me see them." Yan Zhiqing reached out her hand toward them.

Yuan Jiangyi obediently handed over his phone.

However, how could Wei Wucai let Yan Zhiqing look at another man's phone?

How could another man's phone be worthy of being held in Yan Zhiqing's hand?!

So, Wei Wucai moved a step quicker and placed his phone in Yan Zhiqing's hand first.

"Look at mine instead," Wei Wucai said.

Everyone: "..."

In particular, Yuan Jiangyi and Hao Donghuai, who had both known Wei Wucai for 20-odd years...

And knew Wei Wucai very well...

Perhaps, the other team members didn't quite understand what was going on.

However, Yuan Jiangyi and Hao Donghuai understood.

Wei Wucai just didn't want to let Yan Zhiqing hold their phones!

Look at him being so petty!

He was being ridiculously jealous.

Yuan Jiangyi narrowed his eyes and shot Wei Wucan an extremely disdainful glance.

Hao Donghuai, on the other hand, was very relaxed as he mocked Wei Wucan.

'He was once a man who wouldn't even look at women, but now, he could actually get jealous so easily!'

This was truly unexpected!

Yan Zhiqing looked at the phone in her hand and fell into a momentary daze.

Since the video was on his phone, why didn't he give her the phone to have a look earlier?

Clearly, Wei Wucan had forgotten this point.

Now, he didn't even know Yan Zhiqing was ridiculing him in her thoughts.

All he saw was Yan Zhiqing turning her head to look at him.

"What's the matter?" Wei Wucan asked softly.

Aside from Yan Zhiqing, everyone else who heard Wei Wucan's voice cringed.

Goosebumps broke out all over their skin.

They had never heard Wei Wucan speak with such a gentle and soft tone before.

This was their first time hearing it.

So they were extremely unaccustomed to it.

They had never imagined that Wei Wucan would ever have such a time where he would behave this warmly.

Yan Zhiqing was the only one who felt that there wasn't anything peculiar about his behavior.

To begin with, Wei Wucan had always used a soft tone whenever he spoke to Yan Zhiqing.

Yan Zhiqing had gotten used to hearing it, so she didn't think there was anything unusual.

After the establishment of their romantic relationship, Wei Wucan treated Yan Zhiqing with tenderness.

Of course, the most important thing was that the two of them were currently very lovey-dovey as they had only just begun their first day of being passionately in love.

It was truly the stage when whatever they heard from each other sounded beautiful, and whatever they saw the other was doing would look sweet.

Even if Wei Wucan were to let out a snort, Yan Zhiqing would think it sounded pleasant.

Naturally, this meant she wouldn't think there was anything strange about him talking tenderly.

"Your phone uses facial identification, and I don't know your password," Yan Zhiqing said.

Wei Wucan was speechless.

He had forgotten about that.

Wei Wucai took the phone and unlocked it. Afterward, he said, "Later, I'll add your face to it, so you'll be able to unlock my phone yourself next time."

Yan Zhiqing wanted to say... was he not afraid that she would look through his phone as she pleased?

However, there were too many people around at the moment.

Yan Zhiqing finally had a deep understanding of just how passionate the people at Mount Lan Compound were regarding Wei Wucai's private life.

So, Yan Zhiqing didn't want to give those who were present any more fuel for gossip.

As such, Yan Zhiqing didn't comment on it and simply once again accepted Wei Wucai's unlocked phone.

"Where do I go to look?" Yan Zhiqing asked.

Wei Wucai opened the WeChat app and then entered their group chat.

The first thing Yan Zhiqing saw was the group name.

Yan Zhiqing was speechless.

She could not help but fall silent.

"Who came up with this name?" It's rather 'refined,' hey!

The people of Mount Lan Compound had shrunk back like a flock of quails due to Yan Zhiqing's anger.

But when they heard her question, they immediately perked up and raised their hand enthusiastically one after another.

Hu Xuming distinguished himself from the others by moving one step ahead and saying, "I know who it was. It's our Leader who came up with it!"

Yan Zhiqing didn't know what to say.

It was no wonder that the future successors of the eight great families—in other words, her elder brother, Yan Beicheng's generation...

All had a totally unified assessment of Wen Ren...

He was an idiot.

Chapter 3294: Throw Them All Into The Fire

Just what sort of mind did one need to have to come up with this sort of name?

Before Yan Zhiqing could get over the shock of seeing the group name, she saw the people chatting in the crowd.

They were all yelling that they wanted to see a live stream of Wei Wucai's relationship.

Yan Zhiqing's expression darkened as she wondered what Wei Wucai was usually up to.

Why did it seem like both the people and the deities were angry with him? All these people wanted to see the details of his private life, and they wanted to watch him be forced into surrender.

!!

Yan Zhiqing scrolled up for a long time before she finally found the video that Liu Yuhao sent.

She played the video, and as she expected, the scene it showed was of her room's door.

However, it was fortunate that her figure was mostly blocked by Wei Wucai's figure.

The drone had indeed filmed them from behind Wei Wucai earlier.

As such, Wei Wucai could be clearly seen walking forwards and leaning toward Yan Zhiqing.

Roughly less than half of Yan Zhiqing's face could be seen.

However, it was a fleeting moment.

When the drone flew over, Wei Wucai had already been preparing to step back.

Consequently, the drone only filmed that very short moment, which passed by extremely quickly.

Right after that, Wei Wucai noticed the drone and grabbed hold of it.

The drone wasn't shut down, so it continued to transmit the stream.

However, the latter part of the video was just a black screen as the drone's camera had been covered by Wei Wucai's hand.

So, this meant that the useful part of the video was indeed very short.

Yan Zhiqing let out a small sigh of relief.

However, this didn't mean she wouldn't get angry just because nothing much had been captured in the video.

Yan Zhiqing had no sense of fear whatsoever while she faced this crowd of people from Mount Lan Compound.

To her, this group of people could neither terrorize others nor intimidate them.

"From now onward, you are not allowed to do such things," Yan Zhiqing said, seething with anger.

"How are we supposed to have a proper relationship with you doing things like this? We'd be afraid of you taking videos of us no matter what we do," Yan Zhiqing said.

Wei Wucai nodded vigorously beside her.

Yan Zhiqing was right.

"I understand. In the beginning, you just wanted to help him, and you were curious. You wanted to know what the woman Xiao Cai likes is like," Yan Zhiqing said. "Simultaneously, you were happy for him. It's also understandable that things got livelier when everyone got involved."

Everyone nodded, expressing that Yan Zhiqing's words were accurate.

"However, we're already together now," Yan Zhiqing said. "There's no need for you to help anymore."

Her words didn't feel like she had burned the bridge after crossing over.

Everyone: "..."

Wei Wucai nodded even more vigorously. "Zhiqing is right!"

Zhiqing was right about everything!

Everyone: "..."

"How could you secretly film us when we're on a date?" Yan Zhiqing said. "In that case, you guys better be careful. Xiao Cai won't let you off when you have a girlfriend in the future."

"In any case, we'll be an old married couple by then," Yan Zhiqing said without thinking. "So we won't be afraid of you counter-filming us."

Her skin would have already become so thick by the time they became an old married couple.

No one thought there was anything wrong with what Yan Zhiqing had said.

Everyone from Mount Lan Compound had already taken Yan Zhiqing as their team leader's wife.

To them, there was no difference between dating and getting married.

Wei Wucai had gone through so much difficulty before finally falling for someone.

This meant Yan Zhiqing had to become his wife.

In their eyes, it was only a matter of time before Yan Zhiqing and Wei Wucai got married.

It was bound to happen.

As such, when they heard what Yan Zhiqing said, everyone felt that it was right.

Their brains had automatically overlooked Yan Zhiqing's slip of the tongue. However, they then saw that Wei Wucai was unable to nod in agreement and say, 'Zhiqing is right!'

Everyone: "..."

It hadn't been long, yet Wei Wucai had already become an overly doting boyfriend.

Wei Wucai turned his head toward Yan Zhiqing and said, "However..."

"What's the matter?" Yan Zhiqing turned her head and asked Wei Wucai.

Wei Wucai then said, "With our current pace, we will likely truly be an old married couple by the time they find themselves a partner."

His words were a double entendre!

He wasn't just saying that it would be difficult for everyone in Mount Lan Compound to find a partner. He was also freely imagining the life they would have when they truly became an old married couple together in the future.

Feeling deeply moved, Hu Xuming let out a long sigh. "This must be his legendary moves."

Their team leader was truly their team leader; he was unlike no other.

When Yan Zhiqing heard those words and understood what they meant, she blushed. However, she was also very afraid that she had misunderstood Wei Wucai's words.

She then muttered, "What old married couple..."

Wei Wucai immediately looked at Yan Zhiqing with an expression that was as if she had just cheated on him.

Yan Zhiqing felt speechless.

"Wasn't it you who just said about us being an old married couple?" Wei Wucai said.

Yan Zhiqing felt speechless.

It seemed like she had indeed said such a thing.

She hadn't realized it when she said it earlier, though.

Now that Wei Wucai had pointed it out, Yan Zhiqing suddenly wanted to hit her mouth in annoyance.

Her lips were too loose. There was no precursor to it, so why did she mention becoming an old married couple with him?!

Nevertheless, after she was done with her internal monologue, she also let her imagination run wild for a moment.

Her relationship with Wei Wucai in the future might not be as passionate as it was today.

However, she thought that it wouldn't be like the relationships of many others, where it would simply peak as familial love between a married couple.

Instead, their relationship would still be intense, becoming deeper and more profound.

Two hearts, which were initially intensely passionate for each other, would fuse together completely, in harmony and total understanding.

This was the kind of relationship that Yan Zhiqing had always wanted to have.

"In any case, I'm very certain," Wei Wucai spoke first without waiting for Yan Zhiqing to reply. "We would definitely get married first before they could find their partners."

"..." Yan Zhiqing asked without any restraint, "Then what if one of them finds a partner next year?"

Everyone: "..."

This was a beautiful blessing!

Since it was presumed to happen, why not presume it would be next month or, even better, the next day?

And let them have the blessing of finding a partner a bit earlier....

They knew it was impossible to happen so quickly, but it still made them happy hearing it.

However, Yan Zhiqing and Wei Wucui didn't have the time to bother about the others right now.

Wei Wucui replied without thinking, "I think we are probably married by next year."

Wei Wucui said it with such certainty that it didn't seem at all like the two of them had only just confirmed their romantic relationship in the middle of the night.

It was as if the two people had discussed their marriage long ago and already had a tacit agreement to get married next year.

Yan Zhiqing even wondered if she had lost her memory and forgot that she had previously discussed this matter with him.

Yan Zhiqing was just about to say something when she received a call from Shi Xiaoya.

"Aiya! I forgot that Xiaoya and the others are still waiting for us in the lobby on the ground floor," Yan Zhiqing said.

"It's all their fault for insisting on stirring up trouble. They interrupted our usual work routine." Wei Wucui took the chance to throw the others into the fire.

Everyone: "..."

"Let's hurry up and leave," Yan Zhiqing said.

Yuan Jiangyi and Hao Donghuai followed behind.

In the end, Liang Shibo, Hu Xuming, and Liu Yuhao also tried to tag along unbeknownst to the couple.

Wei Wucui noticed them with one glance. "Why are you following us?"

"Team Leader, we want to help you, too," Liang Shibo immediately said.

#### Chapter 3295: How Do They Charge For the Service?

The corner of Wei Wucui's mouth twitched as he said, "That's enough! Director Wu allowed Yuan and Hao Zi to join the crew out of respect for me. He doesn't want to make a fuss about it."

"If you guys join as well, how ridiculous will it be? If you three went as well, are the others going to join too?"

As expected, the others appeared eager to join as well.

If one went, the others wanted to go as well.

The corner of Wei Wucai's eyes twitched as he said, "If you all go, the filming site won't have enough space for all of you to occupy."

!!

"Just behave yourselves and stay here. When you are done with your missions, report back at the Mount Lan Compound," said Wei Wucai.

But then, Hu Xuming lifted his hand and said in a weak tone, "The Head of the Compound told us that there is no rush for us to go back as there are people at the Mount Lan Compound."

Wei Wucai was speechless.

Yan Zhiqing didn't know what to say.

However, Wei Wucai still didn't agree to let the three deputies join.

If not, this would never end. There would just be more and more people joining.

Wei Wucai couldn't allow it to start.

Because he remained insistent, the three deputies and the other team members didn't get to join the crew in the end.

However, they still followed them to the lobby.

"Didn't I ask you all not to follow us?" Wei Wucai asked in a helpless tone.

"We won't be going to the film site. We will just be guarding outside," Liu Yuhao said.

"Yes. This time, we will work part-time as Hidden Guards," said Hu Xuming.

"Isn't the film crew trying to prevent the reporters from recording or taking any pictures about the movie?" Liang Shibo said, "We will just guard outside the filming site and ensure that the secret is safe. We won't give the reporters a single chance."

"..." The corner of Yan Zhiqing's mouth twitched as she said, "Director Wu is earning big this time. He first had the three team leaders of the Mount Lan Compound work for him, and two of them were working for free. And now, he has half of the Hidden Shadows Unit working as guards for free."

The cast members were getting a bad reputation. Last night, she thought that...

She had been the one who caused these troubles for Director Wu.

She felt a little sorry.

But the result today showed that...

Because of Wei Wucai, there were so many guards on set.

These guards were overqualified.

And she was Wei Wucai's girlfriend.

It meant that it was because of her that there were so many free and impressive guards on set.

Yan Zhiqing felt less guilty toward Wu Mosen.

As long as they didn't go into the filming site, Wei Wucai couldn't do anything to them.

He just wanted to question what was the point of them doing this.

Since Wen Ren was in no rush to ask them to go back...

They should have given themselves a holiday and let themselves get a good rest!

It was so tiring to be stuck outside the studio entrance for the entire day.

While they were on the way, Yan Zhiqing's mind started to wander. She thought back to the matter that had been interrupted by Shi Xiaoya's phone call.

Wei Wucai said that there was a chance that the two might get married next year.

Wei Wucai seemed to have just said it for the sake of saying it.

He didn't actually have a serious discussion with her about it.

But the fact that he could say it meant that he had such thoughts.

Yan Zhiqing couldn't help but be filled with expectations.

In addition, she felt even more determined.

She earnestly trusted him even more, and she no longer felt confused.

In the lobby, Shi Xiaoya saw the huge group from the Mount Lan Compound.

The corner of her mouth started to twitch.

Why did the number of people increase?!

It felt as though this place had been attacked and seized by the Mount Lan Compound.

Yan Zhiqing couldn't help but laugh as well as she explained to Shi Xiaoya.

When Shi Xiaoya saw Yan Zhiqing's reaction, she had a feeling that things weren't as simple as they appeared.

"Zhiqing." Shi Xiaoya's sixth sense was very strong. "Something about you feels different..."

"Rea... really?" Yan Zhiqing was never going to keep it a secret.

But when Shi Xiaoya suddenly asked her, she felt a little embarrassed.

Yan Zhiqing was going to tell Shi Xiaoya when Wei Wucai walked over.

He then stood behind Yan Zhiqing.

He was going to wrap his arms around Yan Zhiqing's waist.

But then, he remembered that it would be too early now even though they were going to announce it today.

Shi Xiaoya was not the only one in the hotel lobby, after all.

There were hotel employees as well.

It was really easy for someone else to make a post about this before their announcement could come out.

Since this was very important, Wei Wucai thought that it would be better for them to be the ones to reveal that they were now in a relationship.

Therefore, Wei Wucai forcefully endured it.

However, he still couldn't help it. To show his intimacy with Yan Zhiqing, he stood really close to her.

He was almost touching her back.

When Shi Xiaoya saw this, she was shocked and happy, but she was also unsure.

She could only ask softly, "Are you guys..."

As of now, Yan Zhiqing knew very clearly what she thought of Wei Wucai.

She couldn't help but laugh. She then whispered to Shi Xiaoya and said, "We are together."

"Oh my god!" Shi Xiaoya gasped and immediately covered her mouth. "Seriously... Congratulations!"

"When did this happen?" Shi Xiaoya asked.

It was just yesterday when Yan Zhiqing still had a negative opinion of Wei Wucai.

She felt slightly conflicted, but she couldn't guard her heart. She would still respond if he came to talk to her.

When Shi Xiaoya saw how conflicted Yan Zhiqing felt, she knew that Yan Zhiqing would not be able to control herself from not having any feelings toward Wei Wucai.

"It... it happened when we came back last night," Yan Zhiqing said.

To be more accurate, it happened during midnight.

However, the specific time would cause others to overthink. Saying it could lead people to misunderstand that they had done the deed.

Therefore, Yan Zhiqing felt embarrassed to say it, so she just gave a vague answer about the time.

Anyway, this was after they came back at midnight.

Of course, it was not that easy to fool Shi Xiaoya.

Shi Xiaoya thought about the time they came back last night.

And she thought about how Chen Zeqing had suddenly gotten into trouble.

And the large-scale ruckus on social media. This was not something that ordinary people could achieve.

In addition, so many members from the Mount Lan Compound had come over here.

If these people were here, then it was easy to understand how the matter concerning Chen Zeqing had blown up.

With that matter blowing up on social media and the matter concerning Yan Zhiqing and Wei Wucai...

Shi Xiaoya soon analyzed the entire situation and deduced the time that the two had gotten together.

However, Shi Xiaoya remained considerate, and she did not say it out loud.

She was very careful to the point that she didn't even talk about what she had deduced regarding the situation with Chen Zeqing because she was scared that someone might hear her.

"Let's go to the car first." Shi Xiaoya reminded, "We have to get to the set quickly. If not, we will be late."

"Yes, yes," Yan Zhiqing hastily said.

As such, everyone got into the van.

But among the members of the Mount Lan Compound, Wei Wucai was the only one who came.

The others remained.

Shi Xiaoya asked puzzledly, "They..."

"They said they are going to guard outside the studio and be in charge of ensuring that all matters on set will remain unknown to the public." Yan Zhiqing still felt amazed as she mentioned this.

"..." Shi Xiaoya was stunned for a while before she asked dryly, "How do they charge for the service?"

Chapter 3296: 3296: I Won't Feel Bored if I Look At You

Yan Zhiqing held her laughter in as she said, "For free."

"That is truly..." Shi Xiaoya couldn't help but say, "Director Wu is earning big."

Yan Zhiqing and Wei Wucai being part of the crew attracted so many members of the Mount Lan Compound.

This was similar to tying a white wolf with bare hands!

Of course, it was unknown whether the members of the Mount Lan Compound were willing to be described as white wolves or not.

!!

Wei Wucai no longer had that many worries after he arrived on set.

All the cast and crew members knew about what had happened to Wei Wucai and Yan Zhiqing.

Even when the two weren't together, everyone thought the two were bound to be together.

Therefore, there was no need to keep their relationship a secret when they were on set.

Everyone could already tell, right?

Of course, this was because Wu Mosen was very strict.

The crew and cast members were banned from posting anything on their public social media accounts while they were on set.

They weren't allowed to even take selfies.

What if those observant netizens deduced a piece of information from some details in an unnoticeable corner? What would they do?

Wu Mosen didn't dare to underestimate the netizens' wisdom.

Therefore, Wei Wucui was not worried about the people on set secretly taking photos of him and Yan Zhiqing and announcing it to the public first.

They parked the car when they arrived on set.

The group then got out of the car.

As usual, Shi Xiaoya went to the dressing room and started making preparations.

Yan Zhiqing went with Shi Xiaoya.

But then, Wei Wucui followed them and went as well.

The corner of Shi Xiaoya's mouth twitched.

Since they officially started dating, Wei Wucui couldn't control himself!

Look at how clingy he was! He had to have endured for a long time!

Yan Zhiqing felt slightly embarrassed as she whispered and asked Wei Wucui, "Why are you following me?"

Wei Wucui showed a pitiful expression as he said, "Do you not want me to come with you? Do you think I am annoying?"

Yan Zhiqing didn't know what to say...

She didn't think he was annoying!

Stop throwing fake accusations!

Wei Wucui still looked pitiful as he said, "I just wanted to spend more time with you."

Wei Wucui didn't intentionally lower his volume.

He just spoke in a volume that was slightly softer than usual.

As such, Shi Xiaoya easily heard what he said.

In fact, she even heard the flirty tone in Wei Wucai's voice.

The voice gave Shi Xiaoya goosebumps.

Why was a man speaking in such a coquettish tone?

Shi Xiaoya felt as though Wei Wucai was seducing Yan Zhiqing.

The pitiful Yan Zhiqing appeared to have no resistance to this.

In fact, because of what Wei Wucai said, she blushed and grinned sweetly.

However, the observer Shi Xiaoya obviously just found it cringey.

Of course, Yan Zhiqing didn't think so.

Shi Xiaoya thought that since Yan Zhiqing was directly involved, she must not have found it out of the ordinary.

Today was the first day they officially started dating. They were exactly in the love bubble stage.

"Me too," Yan Zhiqing said and started snickering.

Wei Wucai was very happy.

He immediately stretched his hand out and grabbed Yan Zhiqing's hand.

The two looked like fools as they held each other's hands and stared at each other.

Shi Xiaoya couldn't stand to watch this anymore.

She wondered if the two might fall into a trance and start kissing?

Shi Xiaoya felt embarrassed to watch and quickly turned away.

If Wei Wucai and Yan Zhiqing actually fell into a trance, she would at least be able to look away.

Shi Xiaoya turned away and wondered if she had been like this with Han Zhuoling.

Of course, Wei Wucai and Yan Zhiqing were still aware that Shi Xiaoya was present.

The two didn't continue doing anything.

"Don't you have things to do?" Yan Zhiqing asked Wei Wucai.

"They are there. In addition, Yuan and Hao Zi are here. It's enough." Wei Wucai said, "Actually, there was no need for me to be here. They don't need my help for the visual effects at this level."

Why was Wei Wucai here then?

This question suddenly popped into Yan Zhiqing's mind.

Wei Wucai asked, "What do you think?"

Perhaps it was because of her?

Yan Zhiqing didn't dare to think this way.

After all, even if Wei Wucai liked her, there was no way that he had liked her that early on.

If she said it out loud, she would feel like a narcissist.

However, Yan Zhiqing's thoughts were basically written on her face.

Therefore, Wei Wucai could tell what she was thinking by just a glance.

Wei Wucai thought she was so cute.

Wei Wucai pondered what had happened. Back then, he wasn't asked to come.

Wu Mosen had contacted his company and signed a contract with them.

His subordinates were capable of making visual effects at this level. He was not needed at all.

However, when he found out that the lead female character was played by Yan Zhiqing, he came without a second thought.

Back then, he had no idea why...

Back then, he hadn't actually fallen for her just yet.

Or maybe he had already fallen for her, but he simply hadn't noticed it. Maybe he was unaware of his own feelings and was just acting out of instinct.

Knowing that Yan Zhiqing was there, he instinctively wanted to be where she was at as well.

Maybe he was initially curious about Yan Zhiqing.

Initially, the two didn't have an enjoyable interaction. They had always been arguing.

Although they weren't actually mad at each other, they did not see each other eye to eye.

But the more frequently it happened, the more he wanted to interact with her.

But now, Wei Wucai felt lucky and happy that he had shown up personally.

If not, how would he have gotten a girlfriend?

The thought of this was really marvelous.

The two initially were against each other and didn't see each other eye to eye.

They wouldn't have expected that they would one day have feelings for each other.

At this moment, Wei Wucai said, "I will tell you when we go back tonight."

With this, he even glanced over at Shi Xiaoya.

This was a very cunning move.

In addition, he even took this chance to ask Yan Zhiqing out for the night.

Thankfully, Shi Xiaoya wasn't facing them, so he didn't see what he had done.

If not, Wei Wucui would have made her furious.

This was such a big accusation.

This was her dressing room and her workplace, okay?

He was here making a public display of affection. And yet, he thought she was disturbing them.

He had basically kicked her to the curb when she had outlived her usefulness! What an ungrateful man!

Back then, when Wei Wucui and Yan Zhiqing weren't together yet, she was so supportive of him.

Wei Wucui must have forgotten about the suffering he had experienced back then.

"Alright. Go work," Yan Zhiqing said. When she saw that Wei Wucui wanted to say something...

Yan Zhiqing interrupted, "I know the special effects team doesn't need you, but I have to do my makeup."

"It's not convenient for me to speak when I am doing my makeup." Yan Zhiqing said, "It will just be boring for you if you watch from the side."

"It's not boring. I won't feel bored if I look at you." Wei Wucui said, "Whenever I saw you back then, it was always when the makeup for the character in the film had already been applied."

"I want to see the makeup process." Wei Wucui said, "How did you go from looking like who you are now to looking like the character in the movie?"

#### Chapter 3297: Don't Look Where You Shouldn't Look

Yan Zhiqing burst out in laughter and said, "Both are me. Is my appearance going to change?"

"Of course, the appearance doesn't change." Wei Wucui smiled and said, "However, the temperament does. You become someone in the movie. The entire vibe changes, and it's different from who you are as a person."

When Yan Zhiqing heard this, she was really happy.

Wei Wucui was such a sweet talker!

In addition, he even said it in such a sincere way. It was like he actually felt that way.

!!

That made Yan Zhiqing very happy.

This meant that she had been very successful in building her character.

He was so good at giving compliments!

Yan Zhiqing was already numb to people saying she was pretty.

She obviously wouldn't feel anything when she heard a compliment like that.

But if it were Wei Wucai who complimented her, she would still feel happy.

Regardless of what kind of compliment Wei Wucai gave her, she would still feel happy.

However, she was happiest when she was complimented for her acting skills.

Yan Zhiqing immediately said, "If you are not busy, stay with me then."

"Can I watch you when you are filming? I'm scared that I might distract you if I was at the side watching you filming," Wei Wucai quickly asked.

Shi Xiaoya, who was at the side, thought that Wei Wucai was the kind of person who went with the flow and demanded more after getting what he had already requested.

"Of course. That's fine." Yan Zhiqing immediately said, "It will feel good to look up and see you whenever I am practicing my lines or after I am done filming."

Shi Xiaoya thought that Yan Zhiqing and Wei Wucai were worthy of being a couple!

They were both cringey.

"Cough." Shi Xiaoya felt helpless. She wanted to pretend she was invisible, but time didn't allow her to do so.

She could only force herself to clear her throat and cough out loud. "Zhiqing, we have to do our makeup, or we will be late."

"Oh. Okay. Okay." Yan Zhiqing hastily nodded.

She then sat before the dressing table in a well-behaved manner.

While Shi Xiaoya was pretending to be invisible, she had been arranging the makeup.

And then, she cleaned her hands with the wet wipes

Then, she started doing Yan Zhiqing's makeup.

Wei Wucai carried a chair over and quietly sat behind Yan Zhiqing.

He intentionally chose an angle that would allow him to see the side of Yan Zhiqing's face.

Of course, he could also see her front profile through the mirror in front.

Then, Shi Xiaoya saw Yan Zhiqing's face turning red at a visible rate.

Yan Zhiqing felt a little shy as she smiled at Wei Wucai.

Wei Wucai immediately smiled sweetly back at her in the mirror.

Shi Xiaoya was speechless. "..."

She decided not to shift her gaze anywhere else.

This time, Shi Xiaoya tried her best to do Yan Zhiqing's makeup at the fastest speed possible.

She wanted Yan Zhiqing and Wei Wucui to leave, pronto.

The moment these two started dating, the affection they were showing was lethal.

Because they were announcing their relationship tonight, Wei Wucui didn't intend to avoid showing affection in front of people.

Similarly, Yan Zhiqing also didn't intend to keep this a secret.

The two were very honest about it.

Before Wei Wucui could react, Yan Zhiqing held Wei Wucui's hand the moment they came out of the dressing room.

Wei Wucui was a little surprised as she turned and looked at Yan Zhiqing.

Yan Zhiqing explained with a smile, "We are going to announce it tonight. Since we are on set and it's very strict here, no one will spread this news. And so, it won't minimize the effect we hope to achieve when we release a public announcement tonight."

Wei Wucui was surprised and very happy.

He was surprised not only because Yan Zhiqing had held his hand first.

This obviously filled him with such joy.

But when Yan Zhiqing did this, he instantly realized that she shared the same feelings for him as he had for her.

She took the initiative and showed through her behavior how she valued and cherished him in her heart.

While he was putting in the effort, she was trying to do everything she could.

She wanted him to know that this relationship was a mutual and equal relationship.

Wei Wucui didn't care if he had to invest more.

But knowing that Yan Zhiqing shared the same feelings and cared so much about his feelings...

He was moved.

But he was even more surprised and happy to know how they had both agreed on something even without talking about it.

They had not discussed this.

However, Yan Zhiqing shared the same thoughts as him.

Wei Wucui thought that they had a mutual understanding.

Wei Wucai held Yan Zhiqing's hand tightly. There wasn't anyone in the hall at this moment.

In addition, people rarely come here.

As such, Wei Wucai felt at ease. He bravely lowered his head and approached closer to Yan Zhiqing.

His lips gently touched Yan Zhiqing on the lips.

Yan Zhiqing forgot that she had just done her makeup and allowed Wei Wucai to kiss her.

She was wearing her costume and was currently dressed as Yan Jiayin when Yan Jiayin was in her most attractive state.

The style of her hair was ancient and beautiful.

Because of what Yan Zhiqing looked like right now, Wei Wucai felt as though he was kissing the character played by Yan Zhiqing in the movie.

Whenever he watched Yan Zhiqing film a scene and saw the actors who do the scene with her...

Although Yan Zhiqing barely had any intimate scenes in the entire movie...

There were hugging or hand-holding scenes.

Wei Wucai's eyes still hurt whenever he saw those scenes.

He couldn't tell if he was jealous or envious.

If it were jealousy, that would be too much.

After all, Yan Zhiqing was an actress.

Even if she insisted on not filming intimate scenes and kissing scenes, she couldn't avoid filming hugging scenes.

Since he liked her, he would need to accept her career.

Moreover, this career was something she loved.

As such, Wei Wucai had already prepared himself mentally not to feel jealous.

He treated this as a normal job.

It was just like how Yan Zhiqing would not interfere in his job at the Mount Lan Compound.

He wouldn't interfere in Yan Zhiqing's job as well.

As for the feelings of envy, he definitely wouldn't envy those actors.

Why should he be envious of them?

Should he be envious of them for having successful careers?

But Wei Wucai's career was even better.

Should he envy them for being able to film with Yan Zhiqing?

But his girlfriend was Yan Zhiqing.

Wei Wucai himself couldn't even say what exactly was on his mind.

But at this moment, he felt like Yan Zhiqing belonged to him regardless of whether in real life or in the movie.

As Wei Wucai thought about this, his kiss became deeper.

Initially, he was holding Yan Zhiqing's hand.

At this moment, he suddenly dragged her into his arms.

Yan Zhiqing went along with the force and fell into his arms.

Wei Wucai didn't let her hands go. Instead, he interlocked his fingers through hers.

Then, he pushed her hands behind her back so that she could be even more intimate with him.

Wei Wucai had forgotten about the lipsticks on Yan Zhiqing's lips as he deepened the kiss.

At this moment, Shi Xiaoya was just organizing the makeup since Yan Zhiqing and Wei Wucai had left the dressing room first.

Shi Xiaoya was organizing.

She placed some of the makeup that wouldn't be used anymore into the pouch and neatly arranged the ones that were still being used to fix Yan Zhiqing's makeup; she placed them outside.

Shi Xiaoya might be showing some symptoms of OCD.

After all, she really liked to keep things organized.

Chapter 3298: Who Knew Things Would Be Awkward The Moment He Arrived

At the same time, this allowed her to organize everything very quickly and efficiently when she was done with work.

As such, Shi Xiaoya had just come out of the dressing room.

Who knew she would receive such a huge blow the moment she came out of the room?!

Shi Xiaoya wanted to fly to Han Zhuoling's side. She didn't want to be subjected to such pain anymore.

When Han Zhuoling came over tonight, she had to ask him to comfort her well!

!!

Shi Xiaoya covered her face and faced the wall. She felt embarrassed to look at the two sharing a deep kiss.

Shi Xiaoya had decided not to remind that Wei Wucai had almost kissed away all of the lipstick on Yan Zhiqing's lips.

Anyway, when she came out, Yan Zhiqing and Wei Wucai had already been kissing for a while.

Yan Zhiqing's lipstick was already smeared away. Even if she reminded them now, it would already be too late.

However, Shi Xiaoya was very sweet and considerate, as she did not disturb them.

But there were still others around...

At this moment, Wu Mosen hurried over here with Han Zhuofeng.

Wu Mosen's voice sounded even before he saw Wu Mosen and Yan Zhiqing.

"Xiao Cai, I heard from Xiao Yuan that you are here—" When Wu Mosen said this, he saw what Wei Wucai and Yan Zhiqing were doing.

His voice stopped abruptly.

Even Wu Mosen felt so awkward he didn't know what to do.

He froze and stood on the spot.

He felt embarrassed to disturb Yan Zhiqing and Wei Wucai.

However, it was even more awkward if he left right now.

Wei Wucai and Yan Zhiqing immediately separated when they heard him.

But their lips were still slightly puffy...

Yan Zhiqing's lipstick was stuck on Wei Wucai's lips.

Because of what the two looked like at this moment, it was really hard not to pay attention to their lips.

However, Wu Mosen thought that he himself was such an old man.

Yet, he was looking at their lips, which was quite inappropriate.

Wei Wucai felt fine, but Yan Zhiqing felt so embarrassed that she couldn't keep her head up.

Wei Wucai stepped forward and hid Yan Zhiqing behind him.

Seeing this, Shi Xiaoya quickly pulled Yan Zhiqing away.

"Let... Let me take you to fix your makeup." Shi Xiaoya said.

Yan Zhiqing felt even more embarrassed.

But at least she wouldn't have to face Wu Mosen.

As such, Yan Zhiqing went with Shi Xiaoya.

Shi Xiaoya pressed Yan Zhiqing down on the chair.

She poured some lipstick remover on the cotton pad and was going to clean up the remaining lipstick on Yan Zhiqing's lips.

Because even Yan Zhiqing's lip line was smeared.

For the character in the movie, Yan Zhiqing's lip lines had to be clean and clear. There had to be a distinct line.

And so, Shi Xiaoya needed to clean up the lipstick at the edges of Yan Zhiqing's lips and fix the makeup around her lips.

But when she touched Yan Zhiqing's lips with the cotton pad...

Yan Zhiqing made a "hiss" sound and gasped.

"What's wrong?" Shi Xiaoya asked.

Yan Zhiqing said embarrassedly, "It's a little... a little painful..."

"..." The corner of Shi Xiaoya's mouth twitched, "Fortunately for you, you don't have to film a kissing scene later. If you can't even touch your lips, how can you film that scene?"

Yan Zhiqing said in an indifferent tone, "I don't film those things anyway."

"Just endure. Your lips look horrible. I will have to clean it up and redo the lip makeup for you." Shi Xiaoya had no choice but to say, "I will be gentle."

"Alright." Yan Zhiqing nodded like she was going to die.

Shi Xiaoya pressed on her lips softly and cleaned up well for Yan Zhiqing.

She then quickly fixed Yan Zhiqing's makeup.

Yan Zhiqing's lips still looked slightly puffy. However, with the gorgeous red lip makeup, she looked even sexier and more attractive.

"You actually look very nice. Since your lips are puffy, I will apply the liner to the outer corners so that your lips will look fuller. This will provide a better visual effect." With this, Shi Xiaoya finished doing everything.

She organized her things and left the door with Yan Zhiqing.

When the two came out, they heard Wu Mosen say to Wei Wucai, "What's going on at the entrance? I was shocked when I arrived earlier. There are an array of tents set up at the entrance."

"I thought they were entertainment news reporters. I was wondering why they were working so hard and sacrificing even their personal life for work. They were even prepared to station and live here for a long time. I know my film is receiving a lot of attention, but I don't think it has reached such a level."

Wu Mosen was not so shameless as to think his movie was already getting this much attention.

"But when I went over and asked them, they said that they came with you, but you wouldn't let them in..." Wu Mosen felt so confused at that time.

Why were there this many people?!

Wei Wucai's team was getting bigger and bigger!

"So I came to ask you..." Wu Mosen quickly went on set.

He first went to see the special effects team, but he didn't see Wei Wucai there. But then, he heard from Yuan Jiangyi that Wei Wucai was here.

As such, he came over here.

But then, who knew things would be awkward the moment he arrived?

Hahahahaha...

Wu Mosen secretly gave a dry laugh and looked up at the sky, questioning why this had happened.

When Yan Zhiqing left, Wu Mosen first congratulated Wu Mosen to alleviate the awkwardness.

And so, when Yan Zhiqing came out, Wu Mosen had just started talking about the serious matter.

Wei Wucai said helplessly, "You don't have to worry about them. If they want to stay there, they can do that. They won't be here for long. They will go back in a few days."

"Since they are willing to be here for the next few days, I can promise you that not even a mosquito can fly into the studio, not to mention reporters." Wei Wucai said, "They are even more useful than the security cameras set up all over the studio."

Shi Xiaoya couldn't help but say the truth. "It's winter now. There are no mosquitoes."

Wei Wucai was speechless.

Wei Wucai muttered to himself secretly, "For Han Zhuoling's sake.."

"Think about the fact that Shi Xiaoya had supported him."

Shi Xiaoya had no idea that she was almost going to die.

Wu Mosen burst out in laughter because of the truth that Shi Xiaoya had said.

He then remembered what Wei Wucai said and suddenly realized in shock, "Are... are they..."

"They are my coworkers." Wei Wucai said.

"That was disrespectful of me." Wu Mosen had great respect and admiration for those with godly technical skills.

"I have to go out and apologize to them. My attitude earlier didn't show how much I value them." Wu Mosen said.

The corner of Wei Wucai's eye twitched.

He wouldn't have known previously. But after spending much time with the respectable Wu Mosen, he realized that Wu Mosen had a funny side.

“You really don’t have to.” Wu Mosen believed in Wu Mosen’s character and knew that he wouldn’t be disrespectful to his team members.

As such, his team members would never suffer.

“No, no. I still have to get to know them. Since they are your coworkers, they are my friends too!” Wu Mosen said, “Let’s go! Let’s go! There’s no rush to start filming now. Let’s go outside and get to know them.”

### **Chapter 3299: Who Wouldn’t Be Willing To Get A Few More Glances**

“They came all the way here. How could I let them sleep in a tent?” Wu Mosen said, “Since they are your coworkers, I trust them. You all already have a lot of information. I am sure mine is not needed.”

“I also believe that they won’t tell the public about what happens in this movie.” Wu Mosen said, “In addition, what is there to talk about? You all have even more important information. What I have here is not important to you all...”

Would the members of the Mount Lan Compound care about what was going on with his movie?

This type of information wasn’t important to them.

They had to have seen so much more.

As such, Wu Mosen was not worried at all.

Wei Wucai was speechless.

Director Wu was too enthusiastic.

He even wanted to bring those people in here.

Wu Mosen had no idea of how scary those people were!

Clearly, Wu Mosen hadn’t seen much of this world just yet!

Wu Mosen was about to drag Wei Wucai outside.

But he saw that Yan Zhiqing had come out of the dressing room, he immediately smiled and said, “Zhiqing, congratulations!”

“Hahahaha! That is awesome.” Wu Mosen said with a smile, “I was previously looking forward to you two being together. I didn’t expect you two to actually get together.”

“Congratulations! Congratulations!” Wu Mosen said.

He was laughing so hard that it almost seemed as though he had forgotten he was going to meet the members of the Mount Lan Compound.

Yan Zhiqing felt very happy and embarrassed.

She walked to Wei Wucai's side and asked Wu Mosen, "Director Wu, us being in a relationship won't affect the filming of our movie, right?"

"No. Of course not. How could it?" Wu Mosen said, "In addition, I had been thinking that you two were a very good match. I first saw you two arguing a lot, and then your relationship started to get better and better."

"I just thought it would be a shame if you two didn't get together." Wu Mosen smiled and said.

Hearing what he said, Yan Zhiqing felt embarrassed.

Then, she heard Wu Mosen ask, "By the way, are you two going to..."

Wu Mosen didn't know how he should ask this question.

Yan Zhiqing was a celebrity.

He knew that many celebrities would keep their relationship a secret and wouldn't dare to announce it to the public.

Of course, there were also people willing to announce their relationship to boost their popularity.

Anyway, there were different reasons why...

But usually, the celebrities willing to announce their relationship were either at the top, or they didn't care about their popularity...

Or they weren't famous and had to boost their popularity.

Usually, in a situation like this, both celebrities in the relationship weren't very popular.

So, they became a couple to use their relationship for more exposure. They would then seize the opportunities to participate in some reality TV shows, and they would publicly show there how much they love each other.

As for Yan Zhiqing, she wasn't considered one of the best, but she was very popular.

Wu Mosen couldn't figure out if she were willing to announce this relationship.

Wu Mosen himself really liked Wei Wucai.

Wei Wucai was a handsome young fellow. Who wouldn't want to get a few more glances at his face?

The more you looked at his face, the more comfortable your eyes would feel, right?

It would put you in a good mood!

In Wu Mosen's opinion, it would be a shame for Wei Wucai if they didn't go public with this relationship.

Wei Wucai was such a nice fella.

Although Wu Mosen didn't actually ask the question, Yan Zhiqing knew what Wu Mosen was about to say.

Yan Zhiqing smiled and said, "We have both discussed it and decided to release a public announcement at 8 pm tonight."

"Alright. Alright. Alright." When Wu Mosen heard this, he was very happy to know that Yan Zhiqing was so straightforward without even considering keeping the relationship a secret.

He loved straightforward and honest people.

And because of this, he found Yan Zhiqing to be more likable.

And initially, Wu Mosen hadn't realized it.

But while he was smiling, he suddenly understood why Yan Zhiqing and Wei Wucai had decided to release a public statement at 8 pm tonight.

The two could have announced this last night.

Obviously, the two didn't start dating this morning, right?

The two didn't seem this intimate during day time yesterday.

And Yan Zhiqing barely gave Wei Wucai any attention.

It had only been a night, and everything had already changed.

They obviously got together last night.

"Are you two waiting until tonight to announce the news because of our movie?" Wu Mosen asked.

Wei Wucai nodded and took the initiative to explain in Yan Zhiqing's stead. "Because of what happened to Chen Zeqing, Zhiqing discussed with the manager and thought that it would be more suitable to release the public statement tonight as it will help the film crew. The news about us being in a relationship will serve as a way to distract the netizens."

Wei Wucai remained placid even as he said this.

It was as though he had completely forgotten that he had been the one who did all that to Chen Zeqing.

When Wu Mosen said this, Wu Mosen felt touched; his emotions were revealed on his face.

"This..." At this moment, Wu Mosen didn't know what to say. He felt so emotional that he couldn't organize his thoughts into words.

"You... This..." Eventually, Wu Mosen's words came out as a sigh. "Sigh. No matter what, I will remember this favor."

"Honestly, when I found out about what happened to Chen Zeqing last night, I couldn't sleep. I was so worried. It's easy to just fire Chen Zeqing, but it's not so easy to erase the damage he had done to the film."

Wu Mosen shook his head and sighed as he muttered, "What are we going to do...?"

Wei Wucai took the chance and asked, "What do you intend to do about it?"

Wu Mosen really liked Wei Wucai, so he only thought it was right for Wei Wucai to ask this question.

“Anyway, our official team will announce today. I won’t keep it a secret from you. Let me just tell you frankly.” Wu Mosen said.

“We had an overnight meeting at midnight yesterday to discuss it.” Wu Mosen said, “Eventually, we decided to fire Chen Zeqing.”

“The production crew will have to deal with some stress and be called ruthless by people.” Wu Mosen said.

After all, many people were bound to have so many different thoughts.

Some people would blame the production crew for what happened to Chen Zeqing.

If they saw that the production crew had fired Chen Zeqing, they might think that the film crew was being too practical as they disengaged from Chen Zeqing the moment Chen Zeqing had gotten into trouble.

No matter what you do, people could still pick on your flaws.

As such, Wu Mosen could only choose to ignore a small group of people.

Therefore, he chose the solution that would minimize their losses.

“We did a comparison and realized that despite some stress we would have to deal with, this decision would minimize our potential losses.” Wu Mosen said.

“I will tell Chen Zeqing when he arrives later, and the film crew will release an announcement through the official Weibo account.” Wu Mosen said.

“If you announce your relationship at 8 PM tonight, you can help us divert the attention away.” Wu Mosen said.

“I know why you chose this time. You must have done it to distract the netizens’ attention from our crew.”

### **Chapter 3300: Quite Unbothered**

Deeply moved, Wu Mosen said, “It’s truly all thanks to you this time.”

“Don’t say that,” Yan Zhiqing said. “It’s just a coincidence. It just so happened to coincide with our matter this time. I thought that since we’re going to make an announcement anyway, it wouldn’t be any extra effort to do this. Why not wait a while more? It wouldn’t be too late even if we made the announcement tonight.”

Wu Mosen nodded and pulled on Wei Wucai’s arm. “Let’s go, go, go. Let’s head to the entrance first and inform the young guys, get them all to come inside. What’s the point in setting up tents at the entrance?”

“After that, I’ll go look for Chen Zeqing again and have a good talk with him to strive for an amicable parting, rather than to part with such unpleasant conflict,” Wu Mosen prattled on about his plan to Wei Wucai. “After that, I’ll quickly get someone to make an announcement.”

“Then you can make your announcement this evening without delay,” Wu Mosen said.

Wei Wucai did not expect that Wu Mosen actually hadn’t forgotten about his intention to find that group of guys from Mount Lan Compound.

Initially, Wei Wucai thought that Wu Mosen would forget about it once the topic of conversation changed.

At this moment, Wu Mosen was dragging Wei Wucai outside. It was unexpected that even the matter regarding Chen Zeqing wasn’t being given priority.

Wu Mosen was truly... truly too naive!

While being dragged by Wu Mosen, Wei Wucai no longer resisted.

Instead, he just went with Wu Mosen.

Since Wu Mosen wasn’t present, they obviously couldn’t start filming.

So Yan Zhiqing thought she might as well go with him as well.

Shi Xiaoya glanced at them and thought there was going to be something exciting to watch.

She sent a signal to Han Zhuofeng with her eyes.

The two people then followed the others towards the entrance together.

As Yan Zhiqing and Shi Xiaoya had arrived here first, the guys from Mount Lan Compound only arrived after them.

That meant the guys from Mount Lan Compound had yet to set up the tents when the two women arrived.

So now, when the two of them headed out and saw the line of tents that had suddenly appeared at the entrance...

They were immediately shocked by the sight.

The display of tents was a little too spectacular.

Shi Xiaoya whispered to Yan Zhiqing, “This was the scene Director Wu saw when he arrived earlier?”

“Director Wu’s mental endurance is truly pretty good. After seeing these, he could actually calmly think that the entertainment reporters are preparing to settle down here,” Shi Xiaoya added softly.

However, this was not an attitude the entertainment reporters would have, no matter how you looked at it!

Yan Zhiqing nodded in agreement. “He’s pretty stoic.”

At this time, the entrance door opened.

Wei Wucai and the others stepped outside.

He wouldn't be able to hide anymore once everyone from Mount Lan Compound saw him.

So, he took the initiative to step outside.

"This... We've truly burdened them with too much." When Wu Mosen saw that the people from Mount Lan Compound were all young, he felt that it had to be rather difficult for them to work like this.

"Not at all," Wei Wucai said calmly.

This group of people was doing this deliberately for Wu Mosen to see.

Needless to say, Wu Mosen understood very little about this group of people from Mount Lan Compound.

If they truly didn't want Wu Mosen to know, he simply wouldn't have realized that there were suddenly so many people in the surrounding area.

They had plenty of ways to hide in places where no one would be able to notice them.

So the reason why this group of people had all these tents erected at the entrance of the cast and crew's building in such a grand display was so that Wu Mosen would see them and feel very apologetic toward them. When that happened, wouldn't he invite them inside then?

This was all a trick. Wei Wucai truly understood them too well.

As such, Wu Mosen could truly be considered too naive in this aspect.

"Team Leader Xiao Cai!" Liang Shibo called out as he ran over. "Director Wu!"

Wu Mosen immediately held Liang Shibo's hand. "Earlier, I didn't know who you were. I was so disrespectful. I was so inconsiderate in my treatment toward you, I was very inconsiderate."

"It's fine. You don't need to be so polite," Liang Shibo hurriedly said with a smile.

"To begin with, we were the ones who came without notifying you, and we even brought so many inconveniences with us," Liang Shibo said very courteously.

"Moreover, our Team Leader Xiao Cai said that the cast and the crew should keep all internal matters secret from outsiders. And you also don't permit unrelated personnel from entering the premises," Liang Shibo said. "Additionally, we were afraid of disturbing your normal filming processes. There are so many of us after all."

Liang Shibo even had an honest and sincere expression as he scratched his head in shame.

He had truly somewhat picked up the essence of Hao Donghuai's honest, sincere, and guileless appearance.

However, was Hao Donghuai guileless?

Was he honest and sincere?

Not at all!

It was all fake; it was all a facade!

Those who believed him had been truly deceived!

It was unexpected that Liang Shibo, Wei Wucai's deputy, had actually picked up that skill.

Wei Wucai raised the corners of his lips darkly, directing a sneer at Liang Shibo.

Liang Shibo didn't pick up the good habits of his own Team Leader and instead picked up the bad habits of another team leader.

Wei Wucai would remember this.

Liang Shibo suddenly quivered at the sight of Wei Wucai's sneer.

He immediately felt that he would soon have a stroke of bad luck.

"You won't, you won't," Wu Mosen said. "I trust that you won't leak out any information. If even you guys are unable to keep things confidential, then no one else would be trustworthy..."

Liang Shibo immediately nodded. "Of course. We definitely would not leak any information to the outside."

Liu Yuhao walked over, patted his chest, and guaranteed. "We of Mount Lan Compound are the best at doing confidential work!"

Wu Mosen was smiling so much that his eyes became narrow slits. "Okay, okay, okay..."

"Come, come, come. All of you, come in. I'll have some people pack up this area for you. If you want to rest or do whatever, you can do it all."

Hu Xuming then said, "We definitely can't take up space inside. We'll help our team leader with his work. If there's anything else that you need us to do, don't hesitate to tell us."

"That's right. There are many of us, so we'll be highly efficient," Liu Yuhao added. "We'll definitely have it all done for you clearly, happily, and swiftly."

Wei Wucai was speechless.

He felt that this group of people had come here just to be free laborers for the cast and crew.

If Wen Ren were to find out about this, how would he feel about it?

However, Wei Wucai didn't say much in the end.

He just watched as Wu Mosen invited everyone inside.

"Director Wu, is there anything we can help the crew with today? Go ahead and tell us," Liang Shibo said from beside Wu Mosen.

"Okay. Since it's rare to have such talents like you here, I definitely won't hold back," Wu Mosen said.

“All right. I’ll let Han Zhuofeng escort you in. I have to go find Chen Zeqing and talk to him for a bit,” Wu Mosen said.

The moment Chen Zeqing was mentioned, the group from Mount Lan Compound immediately understood the situation.

This was because they were the ones who had caused it in the first place.

It was impossible for anyone else to have a better understanding of it than them.

“Director Wu, I suppose you’re looking for Chen Zeqing because of last night’s matter?” Liu Yuhao asked immediately.

The news was all over the internet last night, so Wu Mosen wasn’t surprised that these guys from Mount Lan Compound knew about it.

As such, he didn’t hide it when Liu Yuhao brought it up.

He directly told them, “Yes, it’s because the matter regarding Chen Zeqing got really big. It greatly affected the cast and the crew in a negative way.”

“So, today, I’m going to look for him and have a good talk with him,” Wu Mosen added.

“Then, if I may be so bold as to ask a question,” Hu Xuming said, “How are you planning to resolve Chen Zeqing’s matter?”

Since this issue ended up being brought up, Wu Mosen simply decided not to hide it from them.
