Chapter 331: The Difference Was Too Big

“Miss Lu, can I speak to you in private?” Vice President Yu asked in a soft voice.

At that moment, Zheng Tianming walked over. Lu Man nodded at him as Zheng Tianming said, “Follow me.”

The three of them went into a small meeting room, and as soon as they entered, Vice President Yu could no longer hold himself and said, “Miss Lu, today, I failed to recognize a formidable person, you’re a great person, so don’t take offense at my despicable self.”

“It seems like you still don’t know where you went wrong,” Lu Man said coldly, “If today I wasn’t your CEO’s girlfriend, wouldn’t you have fired me because of an outsider, a small manager? You just wanted to your power in the Public Relations Department, didn’t you? You even happen to disregard the welfare of the company and order around the employees in the company as you like, right?”

Right now, Vice President Yu cursed himself in his heart, feeling very hateful of himself, and beads of cold sweat dripped down drop by drop from his forehead.

Lu Man was really Han Zhuoli’s girlfriend, all her words felt like rehearsed.

“Vice President Yu, you don’t need to beg in front of me, there’s no use asking me for help. I’m a very vengeful person,” Lu Man slowly said, “If you really know where you went wrong, you don’t need me to say anything as Zhuoli won’t do anything to you. However, if you still don’t reflect on your own actions, then it doesn’t matter who you beg. Now, don’t take come find me anymore regarding this matter, I’m just a lowly employee in the Public Relations Department. I definitely can not influence the company’s plans or Zhuoli’s decision. Moreover, if you are really outstanding, he won’t do anything that would affect you professionally just because of his private relations.”

After Lu Man finished saying that, she turned around and left.

“Miss Lu!” Vice President Yu wanted to follow after her, “Miss Lu...”

But Zheng Tianming stopped him. “Vice President Yu, Lu Man has spoken her mind, if you continue to bother her, it would only make CEO angrier.”

Vice President Yu could only stop, unhappy with this situation.

Only when Zheng Tianming left, did Vice President Yu angrily mutter to himself. “Assh*les!”

As expected, there were no rumors in the company related to Lu Man and Han Zhuoli’s relationship, and even now, only the people in the Public Relations Department knew about it.

Just like that, Lu Man lived through two normal days of work before she unexpectedly got a call from Sun Yiwu.

“Lu Man, our movie decided to release earlier.”

“What?” Lu Man found it strange, “Wasn’t it set to air during the New Year?”

At that time, the box office sale would probably be better.

“We saw the movies that would be released at the same time and since it’s the New Year period, all those are mostly comedy movies while our movie leans closer to the law and order and hence not much of a jolly movie that is suited for the New Year period. Thus, at that time, we might not be able to fight against the low budget comedy film by Sesame Productions. So, it’s better if we release it earlier,” Sun Yiwu explained.

“Hence we decided to release it at the end of this month. Also, once it is released, our main group will go on promotion tours, so you must come as well.”

“Alright, no problem.”

The second day, there was a promotional post online for the Greedy Wolf Operation.

When the official Weibo released the list of actors, Lu Man’s name appeared behind the names of those big actors but it had been before Bai Shuangshuang’s name, making the netizens confused.

“Who’s Lu Man? I’ve never heard of her before.”

“A new actor?”

“Really? She doesn’t even have a Baidu page though.”

“Guess what I found?” A commenter even attached a photo with his post.

It was a picture of from the Gold Finger Award night where Lu Man received the Best Newcomer award.

“The f*ck, I didn’t see it wrongly right! She’s in public relations?”

“Her photo is the same as that in the advertisement!”

“What the heck, someone from public relations became an actor, isn’t that too much of a jump.”

Chapter 332: Banned

“She’s not even an actor, can she act well?”

“Why would such a person appear in the movie directed by Director Sun Yiwu?”

“Probably there must be some kind of back story, right?”

“Is it that she has a backer and entered the group with funding?”

“I did not know that Sun Yiwu chooses people based on their background too.”

“So unprofessional, I really don’t want to see it anymore.”

The doubting comments kept increasing as they belonged to the internet water army bought by Bai Shuangshuang to harshly criticize Lu Man's acting skills.

But how could Sun Yiwu not know the culprit behind those fake comments?

Extremely enraged, Sun Yiwu directly smashed his cup. "Is this Bai Shuangshuang an idiot? By talking badly about Lu Man at this time and making the netizens think that the movie's quality isn't good, and affecting the box office of the movie, what benefits does it bring to her! This idiot doesn't even need to hope to be in my movie ever again."

Even after he had thrown his temper and lashed out, Sun Yiwu still felt angry and gave a call to one of his director friends. "Old Zhang, let me tell you something, this woman, Bai Shuangshuang, in the future, if you have a movie, don't cast her even if she brings funding, just don't ever cast her. This idiot, the money she brings in is not more than the box office sales she ruins."

"What's going on?"

"The netizens are doubting one of our actors, Lu Man, you know about it right."

"I know, it was done by Bai Shuangshuang?"

"Yes, I chose Lu Man myself because of her talent. Before this, Bai Shuangshuang wanted to badmouth me and I used the casting couch for Lu Man, however that rumor was forced down by Lu Man's people. Lu Man's boyfriend is Han Zhuoli, would she need a casting couch? Of course, when I first chose Lu Man, I did not know that she was Han Zhuoli's girlfriend. However, Bai Shuangshuang herself gets roles because she brings funds, yet she's not embarrassed to badmouth Lu Man. It's just because of her own jealousy that she doesn't care about the movie at all, you definitely can't have such a person in your movie."

Back then, when Lu Man wanted to enact her revenge on Bai Shuangshuang, she had remembered to discuss it with him beforehand, scared it would affect the movie's ticketing sales.

This had made Sun Yiwu especially satisfied as he did not think that Lu Man would be so considerate.

And now as he looked at Bai Shuangshuang, it left Sun Yiwu fuming with fury and his heart was about to explode with anger.

"I know now, thank you Brother, I'll be careful of her in the future," Director Zhang said.

"You can tell your friends too," Sun Yiwu said, still furious.

Director Zhang was shocked. "You want to ban her from the industry?"

"Hmph, anyway, she won't be able to stay in the entertainment circle, I'm just banning her sooner," Sun Yiwu said angrily.

Director Zhang instantly thought of the reason; by offending Han Zhuoli's girlfriend, she still wanted to continue in the entertainment circle?

That was totally impossible!

After hanging up, Sun Yiwu continued calling others.

“Hello, Xiao Lu, let me tell you...”

“Old Gu, I, Sun Yiwu...”

“Brother Feng, I, Sun Yiwu...”

And so, while Bai Shuangshuang kept gloating upon seeing the negative comments directed at Lu Man, she was unaware of the disaster that was already befalling on her; she had already been totally banned in the industry by the combined efforts of the directors.

Meanwhile, Old Madam Han was at home and saw the news about the *Greedy Wolf Operation* going to be aired.

When she was looking at the comments, she saw the negative comments on Lu Man, causing her to be so angry she almost smashed her phone.

“Ah Nuo, quickly come over and look,” Old Madam Han called Shen Nuo.

“What is it, Mom?” Shen Nuo came over.

“Look at these people, they are really too evil!” Old Madam Han showed Shen Nuo those comments, “Have they seen Lu Man act? Yet they still say that she acts badly! Lu Man’s acting is very good!”

“...” Shen Nuo’s lip corner twitched, “Did you see it before?”

“...” The Old Madam was stunned, “No, but I believe that she acts very well.”

Shen Nuo could not help but laugh. “When did you start to have so much faith in Lu Man?”

Chapter 333: She Bad Mouthed Lu Man, I’ll Badmouth Her Till She Dies

“Hmph, I trust in the famous director’s judgment, if she’s no good, they wouldn’t have chosen her, right?” The Old Madam said as she pointed at the comments on her phone, “Look at this, these comments are too horrible.”

“Look at these comments, the last few comments are all around the same, someone must have hired an internet water army,” Shen Nuo spoke investigated it closely for a while.

“That’s too angering! Who is it, so hateful!” By the time Old Madam finished speaking, she had already guessed who it was.

Even Shen Nuo had managed to guess; along with the Old Madam, their gaze rested on Bai Shuangshuang’s name.

“Is it that only she knows how to find paid commentors, even I also know how to do it!” The Old Madam said, and quickly took out her phone. “If she badmouths Lu Man, I’ll badmouth her till she dies!”

“Mom, don’t do it first,” Shen Nuo hurriedly stopped the Old Madam.

“What is it?” The Old Madam asked her, “Aren’t you going to protect your daughter-in-law!”

Shen Nuo looked at the Old Madam, her lips almost curved up in a smile. "When did you acknowledge Lu Man? She's become my daughter-in-law so fast?"

Old Madam Han: "..."

She had a daughter-in-law who would constantly pick up on her mistakes, how troubling!

Suddenly, she thought about it, Lu Man seemed also to be same like Shen Nuo, constantly tricking her and taking advantage of her mistakes!

Once Lu Man teams up with Shen Nuo, how would she manage to live?

Old Madam Han was suddenly very troubled.

However, this time, Shen Nuo did not take the advantage to bully Old Madam and instead said, "Mom, don't forget that Lu Man is in public relations, she's a professional. If she wants to find paid commentators, she can find them herself. But since she did not find any, she probably has her own reasons."

"But what if she doesn't know about these comments," Old Madam Han frowned and said.

"Then why don't we ask Zhuoli?" Shen Nuo suggested.

Old Madam Han hesitated for a while and pursing her lips. "I'm not worried about Lu Man."

"Yes, yes, I'm the one who's worried," Shen Nuo said, "I'll ask Zhuoli."

"If you're worried, you should have said it earlier!" The Old Madam's expression clearly said 'you are so stubborn'. "Even though you are worried, you still pretend to not like her, how dishonest!"

Shen Nuo: "..."

Haha, she regretted giving the Old Madam a way out.

Hence, Shen Nuo sat at the side and did not make a move at all.

Having waited for a long time, when the Old Madam saw that Shen Nuo had no plans of making a phone call, she asked anxiously, "Why aren't you calling him?"

Shen Nuo laughed. "Actually, for some reason, I'm not very anxious."

Regarding Lu Man, she was really not worried about her.

Lu Man had a brain, how could Lu Man let herself easily suffer losses.

This time, Lu Man was calm and not doing anything, she was definitely waiting to do something big; the one who should be really worried should be the other party.

Old Madam: "..."

This daughter-in-law was really worrying, she did not know how to be filial to her mother-in-law at all.

After that, Shen Nuo even turned around, looking like she was holding back a smile. "If you are anxious, you should just tell me."

Old Madam: "..."

This horrible child!

After pondering for a quite a while, the Old Madam gritted her teeth and said, "Quickly give Zhuoli a call!"

Shen Nuo curved her lips into a smile, before giving Han Zhuoli a call.

"Mom?" Han Zhuoli was shocked upon receiving Shen Nuo's call.

It was rare for Shen Nuo to call him when he was working.

"We saw the *Greedy Wolf Operation* promotion online, why does it seem that there's a water army to badmouth Lu Man?" Shen Nuo asked bluntly.

Han Zhuoli was neither shocked nor angry and instead, smiled before asking, "Mom, you're so worried for Lu Man? Before this, you were pretending to not care, right?"

Shen Nuo: "..."

The tables had turned real quick!

Just now, she was attacking the Old Madam and now she was being attacked by Han Zhuoli instead.

"I was just curious, why did Lu Man not have any reaction? She doesn't seem like the kind of person with a temperament where she would just stay silent upon being bullied." Otherwise, how could she become the wife of the next family head?

Chapter 334: Support Lu Man

"Ohh, I really didn't think that you would understand Lu Man so well." Han Zhuoli teased.

Shen Nuo: "..."

"Don't worry, Lu Man is really not the kind of person who would let others bully her. I've asked her about it already, and right now, she's searching for dirt on Bai Shuangshuang," Han Zhuoli said.

"So, it was really done by that Bai Shuangshuang?" Shen Nuo raised her eyebrows.

As soon as the Old Madam heard it, she started to rub her hands together, and yelled from the side, "You can help her find it, won't it be faster that way."

Upon hearing that, Han Zhuoli laughed lowly. "I've already helped her to find it, just before you called me, Zheng Tianming passed it to me."

Old Madam: "..."

Exposed.

“However, the movie promotions are still going on and it’s inappropriate and inconvenient for Lu Man to take any action right now. But she has already discussed it with Sun Yiwu, she definitely won’t let Bai Shuangshuang off easily, so don’t worry.” Han Zhuoli comforted.

“But you can’t just let those fake users badmouth Lu Man like this!” The Old Madam was still unhappy.

After all, this was her future granddaughter-in-law, how could she let other people badmouth her?

“She’s different from Bai Shuangshuang, Lu Man cares about the whole picture. If she starts to fight with Bai Shuangshuang now, it would only affect the movie more badly. Thus, Lu Man is awaiting the right time,” Han Zhuoli explained.

The Old Madam kept nodding continuously, satisfied with Lu Man for having such a personality.

Even if it was a big family, many a time one could not do what one wanted, thus she just could do anything whenever she wanted to.

As the wife of the family head, she needed to learn to care about the big picture.

Lu Man was excellent!

Unlike Bai Shuangshuang, who at this moment, probably had already offended Sun Yiwu.

The Old Madam’s thinking was really not wrong; she did not know that Sun Yiwu had already banned Bai Shuangshuang completely from the entertainment circle.

Only after Shen Nuo hung up, did the Old Madam stop thinking of getting some paid commenters for Lu Man.

But despite this, the Old Madam was still not satisfied and urged Shen Nuo to leave some comments under her official Weibo account in support of Lu Man.

When Yu Xingzhou found out from Wang Lu that he had been buried by the Han Corporation, he was extremely frustrated and got enraged. Moreover, the harsh scolding from Wang Lu left him breathing with fire.

At this moment, he happened to see the *Greedy Wolf Operation* promotion on Weibo and even saw that there was Lu Man’s name on it.

Yu Xingzhou rubbed his eyes in disbelief, thinking that he had seen wrongly, he instantly let Wang Lu see it and asked, “Look, this Lu Man, isn’t she the one we met at Han Corporation the other day, you even said she’s in the Public Relations Department.”

Wang Lu took a look, and he clicked on her name, leading him onto Lu Man’s Weibo. However, on her Weibo page, there was nothing regarding Lu Man’s profession or even any mention of movies or shows she had starred in; her Weibo account was just like that of an ordinary netizen.

“Wait.” But Wang Lu was a manager and had his own connections.

He immediately called someone and after confirming, he hung up. “It’s definitely her.”

“She caused me to be banned and yet she wants to star in movies now? Sl*t!” Yu Xingzhou cursed in anger.

“What can we do? I told you already, she’s Han Zhuoli’s girlfriend, as long as she wants to act, the Han Corporation can even make a movie just for her, and let her be the lead, let alone acting as a side character in the *Greedy Wolf Operation*,” Wang Lu said in a low voice, “I’m warning you, you aren’t allowed to say this to anyone else. It’s been so many days, and yet there are no rumors of her being Han Zhuoli’s girlfriend, this means that this news has been totally hidden. If you spill the beans, don’t even think about being in the entertainment circle for the rest of your life.”

“Am I dumb? If I say it out, won’t it make Lu Man more popular?” Yu Xingzhou said, impatiently.

Wang Lu gave a cold hmph; if he was not dumb, could he have turned himself from an idol that had a good future originally into a celebrity who was now banned by the company?

Chapter 335: Boycotting Lu Man

“Anyway, just live your life like an honest man now and be low-key. The Han Corporation doesn’t want to assign you jobs, so think of ways yourself to maintain your current fans. If you have the ability to pay the penalty for breaching the contract, or if you can make someone pay it for you, you can go and break the contract straight away and then properly advance. But if you can’t, then wait until your contract ends, and at that time, you will still have the possibility to progress further in your acting. However, if you provoke Lu Man again, not only will your contract be over, but Han Zhuoli will also make it such that you will have to leave the entertainment circle forever!” Wang Lu warned him.

Displeased, Yu Xingzhou unhappily twitched his lips. “Brother Wang, you’re too nervous, although it’s true that Lu Man is together with Han Zhuoli now, who knows how serious their relationship is? To speak the truth, based on what you said, that day, Vice President Yu made Lu Man look bad, and no matter what, Lu Man is Han Zhuoli’s woman, so Han Zhuoli probably lost face, and thus protecting her for a bit is normal. But after such a long time, he still refuses to publicly acknowledge his relationship with Lu Man, that definitely means that he doesn’t care that much about her and does not think of making it official.”

Wang Lu hesitated for a while as he felt that what Yu Xingzhou said really had some logic. “But despite that, you also have to be less scheming. Even if they have yet to make it official, as long as Han Zhouli is romantically involved with Lu Man, if you dare to touch Lu Man, it equals to you not giving Han Zhuoli any face. For his reputation, he would not let you off so easily.”

“I just won’t let him know and it’ll be fine right?” Yu Xingzhou chuckled. “These days, it’s not easy to check or track the things on the Internet. Right now, Lu Man is already getting bad-mouthed, and if I blend in, what’s wrong with that? Furthermore, the fans’ actions have nothing to do with me, they cannot pin the blame on me.”

After saying that, Yu Xingzhou came online on his fan group.

This fan group was also chosen carefully; it was the head of his fan club who had built this group and consisted only of his hardcore die-hard fans.

"It's Zhou Zhou!" The fans who were online became crazy and started spamming upon seeing Yu Xingzhou appear.

The admin switched on the voice chat mode of the group, and the settings changed so that only Yu Xingzhou could talk, but the rest of the people could send messages.

"I'm sorry, it's been a long while since I could come here to chat," Yu Xingzhou's face was full of sincerity.

Earlier, although the web drama was very popular, there were still quite a few people who criticized him saying that he could not act.

But if these people could see Yu Xingzhou at this moment, they would definitely not say that his acting ability still lacked.

"Originally, I was planning on chatting with everyone today, but we met with some kind of unexpected situation and I was not able to greet you all, I'm so sorry." Yu Xingzhou apologized acting all sincere.

"No, no, it's not Zhuo Zhuo's fault, it's that Lu Man's fault, she's ignorant."

"Yes, it's all Lu Man messing with us, otherwise, we could have talked more with Zhuo Zhuo!"

"I just saw the promotion on Weibo, Lu Man is actually acting in *Greedy Wolf Operation*."

"That's not possible, that's a work of a big director, what right does she have to act in it?"

"It's her, look, people in the comments have said so too."

"F*ck! With her in it, I won't watch the movie at all!"

"C'mon people, let's start a movement, we all will boycott *Greedy Wolf Operation* unless they delete all of Lu Man's parts!"

Satisfied with the outcome, Yu Xingzhou left the group chat. Meanwhile, Yu Xingzhou's fans had already started a new topic on Weibo, *Delete Lu Man's parts, otherwise, we'll boycott Greedy Wolf Operation*.

They even beautified the actions of Yu Xingzhou at the entrance of Han Corporation that day and made Lu Man's actions seem ugly.

Saying that she was an evil woman who lacked manners and bullied Yu Xingzhou's fans.

Chapter 336: Counterattack

Yu Xingzhou fans then rushed over to the *Greedy Wolf Operation* official Weibo and started commenting, spamming the comments sections with 'Delete Lu Man's parts, otherwise boycott *Greedy Wolf Operation*'.

Originally, the Lu Man who was totally unknown in the entertainment circle suddenly became a trending search by Yu Xingzhou's fans.

The news even reached the ears of Public Relations Department employees, and Sister Li clutched her chest as she flew into a rage. "These people, they're too much!"

"They are just kids who currently going through the teenage phase of impulsivity. Moreover, getting encouraged by Yu Xingzhou, made them behave this way." Lu Man shook his head in disappointment.

"We all are already so furious, yet why is it that on the other hand, you're much calmer than us?" Chen Shimian asked helplessly.

Upon seeing Lu Man's calm reaction, they felt like they had completely wasted their time getting so worked up just now.

Lu Man smiled lightly. "It's not that I'm not angry, I'm very angry. But I'm angry at Yu Xingzhou, not those kids. I'm furious and upset that he chose to set his fans into actions and mislead them. Right now, they are at a stage where it's easy for anyone to mislead them and he is exploiting the protectiveness his fans have over him to make them do these things. These kids don't know right from wrong and it makes me very angry. As for these children, yes, I'm also angry, but what's the use of being angry at them? It's more of a sense of helplessness."

"These children nowadays, have all been spoiled. If they do anything wrong, a sentence 'he/ she is still a child' lets them off easily and they then act as if nothing happened at all. But they are not very young at all, and yet can't even tell good from bad, it's really very hateful," Chen Shimian gritted his teeth and said angrily.

"Then are you planning on not doing anything?" Sister Li also found it unfair, "Isn't this holding back too much!"

"This is extremely unfair, Lu Man is alone with no fanbase, these fans are illogically attacking Lu Man. Even if we all go and help, we won't be able to survive against such a big group of unruly youngsters. They are illogical and disgust people with their unreasonable, despicable words. Talking logic to them is like playing the piano for a cow, on the other hand, we will be disgusted by their logic till we want to puke our guts out," You Lili harshly put down her phone. Having just seen those new comments, she was so disgusted by their insensitive comments that she completely lost her appetite.

By now, Xia Mengxuan had learned to be good and at least she would not dare to say anything that would disgust Lu Man.

But she was still watching the drama from the side, hearing that Lu Man had become so unlucky, she could not help being happy, and smiled brightly.

Although everyone had seen it, they pretended not to see it.

Right now, they were already disgusted; they did not want Xia Mengxuan to increase their repugnance.

With a smug smile, Lu Man said, "Am I the kind of person who would let people demean me but not do anything?"

Everybody: "..."

That was true, anyone who demeaned, offended Lu Man did not have a good ending.

“I’ll go out for a while,” Lu Man told everyone and went out.

Tang Zi had just quit his job as paparazzi, and had officially joined Nan Ying’s entertainment news section, and was now an entertainment reporter.

Despite that, his connections in the paparazzi circle still existed.

The company he had worked in before was quite big and was considered one of the top groups in the country.

Back then, besides being led by the Big Boss, Tang Zi had also been elevated from being a small paparazzo to a leader of a small group.

However, being a paparazzo was not a long-term plan; there was also no guarantee for his safety.

Tang Zi had been threatened quite a few times, and even their Big Boss constantly received dire threats.

Thus, as soon as he had the opportunity to change profession, Tang Zi did not care about how much effort he had put in these past few years and decided to resign from his job as paparazzi.

Lu Man went to a corner in the staircase and gave Tang Zi a call. “Tang Zi.

“Man Man, I was just about to give you a call.” Tang Zi answered the call. “I knew that you didn’t get along with Bai Shuangshuang for a long time, but what’s with Yu Xingzhou?”

Chapter 337: Be Mentally Prepared

Previously, Lu Man had him find some dirt on Bai Shuangshuang, and Tang Zi had already collected quite a lot and given it to Lu Man.

Therefore, the fact that Bai Shuangshuang was funding an internet water army to badmouth Lu Man online was something that Tang Zi knew but was not worried about.

Lu Man had long wanted to deal with Bai Shuangshuang, but she had her own reasons for not doing it right now.

As to how to mess with people, Lu Man was more professional at that.

But Yu Xingzhou’s sudden appearance left him quite shocked.

But what made him more shocked was Lu Man’s ability to attract hatred; why did it feel that somehow she was like a magnet to such kind of firepower!

Lu Man then briefly explained the situation with Yu Xingzhou to Tang Zi. “He probably thinks that if he secretly aggravates the situation, it would be all the fan’s fault and it would have nothing to do with him, so no one can pin the blame on him or do anything to him.”

“Idi*t!” Tang Zi was so shocked that he just kept staring blankly for a while, *no wonder Yu Xingzhou’s future had been ruined to such an extent* .

Such dumb people! Even if they gave him 100 chances and he became popular 100 times, he could still be ruined 100 times.

“As for Bai Shuangshuang, I won’t touch her as of now, but Yu Xingzhou does not have any clashing benefits with me, so I’ll ruin him right away.” Lu Man pursed her lips tightly.

Honestly, she did not need to do anything herself, she could just have Han Zhuoli make it such that Yu Xingzhou would not be able to show his face and would have to leave the entertainment circle immediately.

But Lu Man did not want to miss out on the fun of taking revenge by herself.

“Earlier, wasn’t there someone who filmed Yu Xingzhou taking drugs in another country?” Lu Man asked.

Back then, this news had been pressed down so that no one would care about it, and thus, its effect was not as large as Yu Xingzhou acting like a diva.

Moreover, the photo of him taking drugs overseas was not taken by a professional paparazzo, some Chinese national who had somehow met him when traveling overseas had taken that photo.

Due to the lighting in the environment and the camera quality being affected by the distance, the image was not very clear and it was hard to accurately determine if the photo was of Yu Xingzhou.

Yet, with just one glance, one could really tell that it was Yu Xingzhou.

At that time, it just happened that Yu Xingzhou was also taking part in the Fashion Week activities overseas.

The timing, the location, everything was correct.

But Yu Xingzhou’s fans strongly thought that the face was not very clear and they could not confirm that this was Yu Xingzhou, so they were adamant on denying it.

Therefore, this case just died down, it did not have as big an impact as Yu Xingzhou acting like a diva.

“Yes, but those photos are really not clear, even if you publish them now, it’s of no use. Moreover, at that time, there were no local paparazzi overseas and he had just become popular, and no one knew how he would fare in the future, so no one followed this news at all,” Tang Zi said.

“I know.” What Lu Man wanted was the source behind it. “Tell me about this netizen who published Yu Xingzhou’s photo at that time, I’ll go find him. Please help me contact your paparazzi colleagues, although those photos cannot be used, we can still find new evidence.”

“Will it be in time?” Tang Zi asked.

After making a rough calculation, Lu Man smiled and said, “It’ll definitely be in time.”

After hanging up, Lu Man quickly received the details that Tang Zi sent over.

The Weibo account of the netizen who had exposed the photo and the contacts of previous paparazzi group colleagues.

Lu Man did not instantly contact that netizen, and first contacted Tang Zi's colleagues.

When Lu Man told the reason she contacted him, Tang Zi's previous colleague, Da Xiong was very polite. "Miss Lu, don't be too polite, you're Tang Zi's friend, and that means you're our friend too. As for this thing, we will definitely help you."

"Thank you, but please charge us for it, I can't let you suffer for nothing," Lu Man said.

"Haha, you treat yourself as too much of an outsider," Da Xiong said politely but did not reject it.

Although Yu Xingzhou was a bit popular, it was not worth for them to find news on him; they were doing this as a favor for Tang Zi, and no one would want to work for nothing right?

Chapter 338: The First Fan

"It's just that, you might have to wait for a piece of news for quite a while as you might not get the desired results in a short amount of time. So, you better prepare yourself mentally," Da Xiong said.

"Since I could contact you right now, I definitely have the confidence that you all can quickly get negative news about him," Lu Man said.

"You have news?" Da Xiong asked, curiously.

At first, he thought that he was just helping Lu Man out as with Yu XingZhou's status, he wasn't worth them following him for news. Honestly, they wouldn't be getting much benefit from putting in so much manpower, resources and time to follow Yu XingZhou.

However, if Lu Man already had some news ready for them to directly take it, it would be a different story altogether.

Moreover, Lu Man was even paying them. So, this was equivalent to them winning.

"Of course I do." Lu Man could be this confident because, in her previous life, Yu XingZhou was eventually reported by someone for taking drugs and got arrested.

In her past life, Yu XingZhou didn't meet Lu Man before. The scandal about him being arrogant and acting like a diva was also shut down by public relations. His career developed pretty well and he eventually became a B-list rising star, ready to walk down the path of stardom. He could also attract quite a sizeable viewership by himself.

Eventually, an enthusiastic member of the public reported that he was taking drugs and he got arrested. After being released from the detainment centre, his image fell to the pits and he never managed to make a comeback ever.

After all, having a scandal involving drugs really had a great impact on a celebrity. In her past life, Lu Man had seen that piece of news in jail.

However, back then she didn't know that Yu XingZhou already had a past record of doing the same, it was just that he had never gotten caught before.

But now, from the looks of it, when he would get caught in the future, it would be something within her expectations.

Although Lu Man had already known about that long ago, she couldn't tell them about the exact date, lest others think that she was a witch who could even predict the future.

"This week, I'll have to trouble you to follow him. I've received reliable news that he has a couple of druggie friends. Either they go to their friends' house or he invites his friends to his own home and they occasionally have a drug party. I've calculated when the next time they would meet again, it's probably next week. Therefore, next week I'll have to trouble you guys. You will have to follow them for an entire week," Lu Man requested.

"As long as the news is reliable, it will definitely be no problem. Don't worry, next week my bros and I will keep a good eye on him," Da Xiong assured her.

That day, Han Zhuoli sent Lu Man back home. On the way back, Lu Man received a call from Sister Li.

"Lu Man, quickly take a look at Weibo," Sister Li said hurriedly, "Never mind, I'll send the link to you. Take a look at it immediately."

Before Lu Man could even say a word, she hung up the phone.

The hurried and rushed speed that she came and left with left Lu Man a little stunned.

"What's the matter?" Han Zhuoli saw that Lu Man received a phone call but didn't say a single word, and she looked stunned and dumbfounded.

It was rare to see her like this. It was rather quite adorable.

Lu Man shook her head. "It was Sister Li from the office. She gave me a call to tell me to take a look at my Weibo. She then hung up immediately once she was done. I don't even know what's going on."

Just then, she received a notification from her WeChat. Opening it up, Lu Man saw the link that Sister Li had sent.

After she opened it, the system switched her over to the Weibo app and she saw the front page of a Weibo user's account.

However, when she saw the content posted by the user, she immediately knew who it belonged to.

It was Xu Ningxian.

She made a Weibo post at 6.35 p.m. that night: "I once was Yu Xingzhou's fan too. I was his fan until this Monday morning. However, when I found out who he really was, I immediately left the fandom. I once was a member of Yu Xingzhou's fan club. Through that, I found out that on Monday morning, Yu Xingzhou would be heading to Han Corporation, thus we all went to wait at the entrance of Han Corporation super early. I even skipped class to go there. That time, Lu Man and another Auntie were heading to the entrance together to collect the coffee they had ordered. They saw us students and advised us that it was fine to chase after idols, but we shouldn't skip class."

Chapter 339: You're Shameless to Jump onto the Bandwagon for Popularity!

"However, back then, the only one I had in my heart was Yu Xingzhou. I felt that they were being a busybody, and I even said a lot of irresponsible and foolish words, blaming them for being a busybody. Back then, I was very ill-mannered and impolite, they were indeed very angry too. Eventually, Yu Xingzhou arrived, and he had his manager and four bodyguards with him too. We, his fans, started screaming and shouting, hoping that he would look at us. However, he was wearing his sunglasses and didn't even spare us a glance. I waved at him, and we were rather far apart because of the bodyguards and I completely couldn't touch him. I just wanted to wave at him, that's all. Yet, I was hit violently on the elbow by his bodyguard. Right now, my elbow is still swollen, and it's even starting to bruise."

"His bodyguard wronged me and said that I was thinking of touching Yu Xingzhou. But that was such a joke. I was at least one meter away from Yu Xingzhou, how could I possibly touch him? I said that I was just waving to him, but the bodyguard insisted on framing me, and even riled up the other fans to pin the blame on me too. And while all this happened, Yu Xingzhou only coldly looked from the side, wearing his super black sunglasses, he didn't even look the slightest in my direction. On the other hand, it was Lu Man whom I had earlier scolded very impolitely who pulled me behind her and protected me. It was Lu Man and the other Auntie who took me to the medical bay in Han Corporation for first aid. She said that a true idol would never want us to skip class just to chase after him. When Yu Xingzhou looked towards Lu Man and my direction, he laughed nonchalantly and sarcastically. However, when he turned around and faced his fans, he showed them his dashing side, telling them that they can't skip class but they can ask for leave. Haha, taking leave to chase after idols. There's probably no other idol who would say something like that."

"At first, after I left the fandom, I still didn't have any negative thoughts about Yu Xingzhou. However, today, on my way home from school, I saw Yu Xingzhou riling up his fans just to take revenge on Lu Man, I really feel disappointed in him. I even regret ever becoming a fan of someone like him. Moreover, now that I think about it, I even feel like I have done way too many stupid things for his sake. I know that after saying all this, I will definitely be attacked by his fans. As someone who was once a fan too, I know that his fans will definitely come to attack me. However, I still have to reveal the truth, because I just can't watch you all bully Lu Man like this. She really is thoughtful and considerate of us. Knowing the truth, I can't just sit and watch silently as she gets wronged and bullied."

After this long Weibo post, there was a picture of a bruise blooming on her elbow.

Lu Man didn't expect that Xu Ningxian would actually stand up for her.

She felt touched and grateful, but she was also worried that this kid would be bullied on the Internet.

When she opened her Weibo comments, there were already quite some Yu Xingzhou fans who had come over to scold her.

"You're lying. You wanted to touch Zhou Zhou. So many of us had seen it back then! Now you're even framing Zhou Zhou instead, you're not worthy of being his fan!"

"You're shameless to jump onto the bandwagon to gain popularity!"

“Hack her account and find out who she is!”

Lu Man sent her a private message. “Are you there? It’s me, Lu Man.”

“Older sister, it’s really is you!” Very quickly, Xu Ningxian had replied.

“Are you still on your way home?” Lu Man asked.

“Yeah, I’m still on the train.” Xu Ningxian replied.

“As of now, not many had seen the post, so you better delete that post quickly. I’m really happy that you’ve protected me. But you’re weak, alone and can’t do much. Don’t offend them.” Lu Man advised.

“Even you are alone and weak too, yet you’re not afraid.”

“I’m different. You’re still going to school, you should focus on your studies. When those fans get crazy, they can do anything. If they really hack your account and find out who you are, it will cause a lot of disturbance and difficulties in your life,” Lu Man said.

Chapter 340: Give Him a Gold Star for His Effort

“I’m not afraid!” Xu Ningxian said, “I’ll just let them hack me! I’m not lying, anyway! Older sister, don’t try to change my mind. I know that I can’t beat them, but I will never give in.”

“I know,” Lu Man said. Then, she closed her Weibo.

Xu Ningxian was puzzled. Lu Man was not going to continue persuading her?

Could it be that Lu Man, too, was different from what she had expected?

After experiencing such a terrible idol like Yu Xingzhou, Xu Ningxian was indeed rather afraid.

On the other hand, Lu Man didn’t know about Xu Ningxian’s suspicions. She then requested Han Zhuoli. “Can we return to the office?”

“What’s the matter?” Han Zhuoli asked, but he had already changed the direction and was heading back towards the company.

Lu Man then told everything to Han Zhuoli. “There are surveillance cameras installed at the entrance of the company and the side of the road. I want to head back to take a look. It probably should have recorded what happened that day at the entrance.”

Han Zhuoli nodded and brought Lu Man back to the office.

On the way there, he had already informed the Security Department of the company. He also gave a call to Mo Jingsheng and asked him to find the surveillance camera recordings of their company’s entrance and the roads.

The head security officer brought two security officers along to the surveillance room.

When Han Zhuoli and Lu Man arrived at the surveillance room, both the head security officer and his two subordinates were shocked.

One of them was even the security officer who had seen Yu Xingzhou's behavior that day afternoon together with Lu Man.

"President!" The three of them greeted hurriedly.

They thought that this was a huge and extremely serious matter that even Han Zhuoli was personally taking care of it.

"Take out the surveillance camera recording from Monday morning around 10 a.m. at the company entrance," Han Zhuoli said.

"Is it about Yu Xingzhou?" The security officer who was previously at the scene asked curiously.

"Yes." Lu Man nodded. "I remember you. You were there too that day."

"Yeah. I'll go find out now. Please wait a moment," the security officer said and left to get the recording.

After not long, he found it. "Here."

Upon playing the surveillance camera recording, they saw that the surveillance camera at the entrance did record what happened that day.

"Make a copy of it too," Han Zhuoli said.

The security officer naturally didn't stop him either.

Lu Man copied the surveillance camera recording onto her phone.

At that moment, someone knocked on the door of the surveillance room.

All this while, the door of the surveillance room wasn't closed. When all of them turned around, they saw a police officer standing at the door. "Hello, Chief Mo asked me to send the surveillance camera video here."

"Thank you." Lu Man received the recording.

"You're welcome." The police officer smiled. "Chief Mo asked me to stay back for a while first. If there's anything you need, just let me know directly, I'll help you with it right away."

"Thank you very much." Han Zhuoli nodded. Mo Jingsheng did consider everything. He wanted to give him a gold star for his effort.

As for the recording sent by the police officer, it was perfectly taken from another angle. It had recorded what happened outside the entrance of Han Corporation.

"This is great. Now we have sufficient evidence." Lu Man copied the recording onto her phone as well.

Just then, she received another WeChat message from Sister Li. "Lu Man, when we were at the entrance of the company, a colleague from another department was there too. She secretly took a video. Just now, she contacted me and sent the video to me. The video length is longer than what could be sent over WeChat so I've sent it to you on email, just take a look."

"Alright, thanks, Sister Li."

“Hey! You’re welcome. Hurry and bring Yu Xingzhou down!”

After Han Zhuoli left the surveillance room with Lu Man, one of the security officers asked, “How big a deal is this matter? Why is the president involved too?”

“It’s probably because Lu Man is acting in ‘Greedy Wolf Operation’. ‘Greedy Wolf Operation’ is the movie in which our company has invested a lot of money. If the movie’s box office sales don’t turn out well because of this matter, our company will lose out too, hence the president came over himself too.” The chief security officer speculated.
