

Mr Han 3311

### **Chapter 3311: Forgot Everything Else**

Dong Muping had always thought that her family in Wei Wucai's generation had nothing to do with the immediate members of the eight great families.

Wei Wucai wouldn't inherit anything from the actual Wei Family.

Wei Wucai had his own business, but it was nothing compared to the businesses the immediate members of the eight great families would inherit.

Dong Muping was worried that some people might say that their family had thought too highly of themselves that they even dared to covet what was beyond their league.

Dong Muping had no intention of reaching for the unthinkable.

She just wanted her son to have a normal marriage. Otherwise, looking at Wei Wucai's situation, he would probably end up being single for the rest of his life.

As such, she never tried to introduce girls with powerful families to Wei Wucai.

She just wanted another family of similar status and wealth.

It wasn't because Dong Muping was snobby. Even if Wei Wucai was not an immediate member of the Wei Family and even if he had started training at the Mount Lan Compound when he was still young...

Although Wei Wucai had not been brought up with a golden spoon...

He had all the necessities that the members of the eight great families had.

His experience and insights were better than others.

Even if she introduced an ordinary girl to him, they might not be able to even have a good conversation with each other.

But now, Wei Wucai suddenly started dating, and he was even dating Yan Zhiqing.

What more could Dong Muping ask for?

She was very surprised and happy.

The complaint she had was not toward Yan Zhiqing.

It was toward Wei Wucai.

This fella didn't even know to tell her when he started dating.

He even wanted his mother to find out about it through the announcement they released like she was one of the netizens.

This was absolutely inappropriate!

“Why? Are you not happy?” Old Mrs. Wei could tell that Dong Muping was not very excited.

She thought that Dong Muping had complaints about Yan Zhiqing.

Dong Muping then said, “I have no complaints about Zhiqing. Zhiqing is perfect. I am just mad at Xiao Cai.”

Dong Muping started complaining to Old Mrs. Wei. “I am telling you. Sons are just not as thoughtful as girls.”

“Why?” Unfortunately, Old Mrs. Wei couldn’t understand how Dong Muping felt.

Her grandson didn’t even have a girlfriend.

Old Mrs. Wei thought that Wei Wucai was awesome, as he was able to get a girlfriend by himself.

He was such a capable young fellow.

What was there to complain about?

Wasn’t this equivalent to the well-fed not knowing the suffering of the starving?

Dong Muping then said, “This stupid son knew that I was so worried about him. He got a girlfriend, but he didn’t even tell me about it.”

“Fortunately, he had driven away so many of the girls in the matchmaking sessions, resulting in me feeling too embarrassed to introduce any more girls to him for the time being. If not, I would have offended Yan Zhiqing.” Dong Muping complained to Old Mrs. Wei.

“Think about it. If I had contacted someone with the intention of introducing him to the girl and something like this suddenly happened, how awkward would I feel? The family that I would have arranged for matchmaking with him might think that I was just messing with them for fun.”

“Both the intermediary and the family matchmaking with Wei Wucai would be very angry,” Dong Muping said.

“Of course, because I was lucky, it didn’t happen. However, it doesn’t mean that he hadn’t done nothing wrong. Don’t you think so?” Dong Muping said.

Old Mrs. Wei nodded and said, “True.”

“In addition, as his mother, I don’t even know that he was already in a relationship. I had to find out about it through social media with all the other netizens. Don’t you think this is...” Dong Muping said angrily, “I was just mad about this.”

“Of course, this has nothing to do with Zhiqing. It’s all Xiao Cai’s fault. Obviously, Zhiqing couldn’t possibly tell Xiao Cai not to tell me. I know it’s because men are careless. He must have forgotten about this, which is why I feel even angrier.”

“He doesn’t think about me during such crucial moments.” Dong Muping said.

Old Mrs. Wei really couldn’t understand Dong Muping’s feelings.

But she thought that Dong Muping's anger was reasonable.

She was just mad at Wei Wucai. She wasn't redirecting her anger at anyone else. So, there was nothing wrong.

However, Old Mrs. Wei felt so jealous as she thought that Dong Muping had finally resolved her biggest worry and could get mad at Wei Wucai however she wanted.

Old Mrs. Wei wanted to do the same as well!

If Wei Zhiqian was able to get out of the single men's club and find a granddaughter-in-law for her...

Even if Wei Zhiqian didn't tell her about it, Old Mrs. Wei might not feel that... mad?

Even if she felt mad, she would have to wait to settle that matter with Wei Zhiqian later.

She would still feel very happy.

"It's really Xiao Cai's fault!" Old Mrs. Wei went along with what Dong Muping said. "Quick, give him a phone call and scold him!"

"Yes!" Dong Muping nodded.

The two chatted for a while before hanging up.

Dong Muping then angrily gave Wei Wucai a phone call.

When Wei Wucai saw Dong Muping's caller ID on the phone...

His heart skipped a beat.

"What's wrong?" Yan Zhiqing asked when she saw him hesitating to answer the phone call despite the phone ringing.

It was rare to see Wei Wucai with a struggling expression. He answered, "It's a call from my mom."

Yan Zhiqing immediately felt nervous as well.

She then heard Wei Wucai say, "I forgot to tell her."

Yan Zhiqing didn't know what to say.

Yan Zhiqing was really mad as she said, "Then, shouldn't you pick up the phone quickly? It's a big thing. How could you not tell Auntie? She must have seen the announcement and must be really mad at you for what you had done!"

Yan Zhiqing was worried that Wei Wucai's mother might not like her.

After all, her career was controversial.

Celebrities had many fans.

However, if a non-celebrity got involved with a celebrity, it would be worrisome.

But if it was a celebrity with no relation to them, they would just treat that celebrity as someone under the spotlight and would have no personal feelings toward that celebrity.

However, once it had something to do with a celebrity's personal life, things would become different.

Of course, Yan Zhiqing had self-control and discipline.

Hence, the reason why she thought that her career wasn't really a shortcoming of hers.

However, Yan Zhiqing still felt really nervous.

She was scared that Dong Muping might not be satisfied with her.

After all, Wei Wucai did not even report back to the elders of the family about such a huge matter.

If Dong Muping thought that she was the instigator and the reason why Wei Wucai had forgotten about his elders, what would she do?

She would be so aggrieved.

After all, she would basically be taking the blame for Wei Wucai.

"I kept thinking about our announcement and forgot about everything else," Wei Wucai said sincerely.

Clearly, he viewed the publishing of the announcement with great significance.

With this, Wei Wucai didn't dare to wait any longer.

He quickly picked up the phone and said, "Mom?"

"So, you still know that I am your mother?!" As expected, the moment he picked up the phone, he heard Dong Muping's loud and incessant berating.

"This is a huge deal. Why didn't you tell me first?" Dong Muping complained.

Wei Wucai was scared that Dong Muping might be unhappy with Yan Zhiqing.

Therefore, he didn't even dare to mention Yan Zhiqing's name.

He didn't dare to explain for Yan Zhiqing's sake.

If Dong Muping heard and thought that he was completely on Yan Zhiqing's side when they had just gotten together, and the former became even angrier, what would he do then?

### **Chapter 3312: As Long As He Is Happy**

Since ancient times, the conflict between the mother-in-law and daughter-in-law was never easily resolved.

Of course, Wei Wucai was just overthinking.

Dong Muping had never and would never blame Yan Zhiqing.

She was just mad at him alone.

However, although Wei Wucui didn't dare to explain anything for Yan Zhiqing's sake, it wasn't as if he wouldn't do anything.

There was one method.

Wei Wucui then said, "Mother, I forgot."

"How dare you even say that?!" Dong Muping said angrily.

He even said that he forgot with such confidence!

"All I could think about was the announcement today and that we could finally feel proud and satisfied with ourselves. In addition, the fact that I had to tell the netizens that I was in a relationship was something new to me. At the same time, I was nervous." Wei Wucui said, "After all, it is my first time."

"It's because I have no experience. Hence, the reason why I forgot. I didn't do it intentionally." Wei Wucui said.

He never mentioned a word about Yan Zhiqing and took all the blame by himself.

Of course, this was his responsibility.

It had been him who had forgotten to tell Dong Muping. Yan Zhiqing had never forbade him from telling.

"In addition, we only got together last night. I confessed to her after we were done with work last night. Zhiqing agreed and we discussed the announcement today." Wei Wucui said, "Because so many things were happening, I forgot about it. It was my fault for not thinking thoroughly."

Dong Muping didn't call to discuss this with Wei Wucui. She just wanted Wei Wucui to know that she felt unhappy that he had ignored her.

As for the fact that Wei Wucui had forgotten about it, what could she say if it had already happened?

There was no point getting tangled up in this.

As such, Dong Muping never really wanted to do anything after she had expressed her complaints.

When she heard what Wei Wucui said, Dong Muping immediately asked, "Was it Zhiqing who asked to announce this?"

She thought that Yan Zhiqing's situation was different from most celebrities.

She couldn't be compared with those celebrities.

But by the end of the day, Yan Zhiqing was still in this industry, and there would always be some concerns due to her profession.

Dong Muping had the hobby of reading the gossip news of the entertainment industry.

She had always thought it was fascinating.

Obviously, she knew that most celebrities would refuse to announce their relationship status.

As for those who had decided to announce, they had their own considerations.

Most of them would do it for profit.

As for people like Yan Zhiqing, who would immediately announce their relationship when it had just started, there were very few people like them.

Not to mention celebrities...

Even when ordinary people start dating, they wouldn't announce it on the first day of the relationship.

They would first spend some time together and make sure that they were a good match before they would tell their relatives about it.

If they broke up within a few days after dating because they had realized that they weren't that compatible and had many irreconcilable conflicts...

It would then be really awkward if they had already announced their relationship.

If someone asked, they would have to explain.

Therefore, many people would choose not to talk and share about it when the relationship had just started...

However, Yan Zhiqing had never been pretentious.

She announced on the first day they started dating.

It was so quick.

And especially decisive...

She wasn't worried that she would have to send another announcement and explanation if she were to break up with Wei Wucai.

After all, she was a public figure with a lot of attention.

Even her relationship status could not be as simple as those of ordinary people.

However, Yan Zhiqing didn't seem to have such worries.

And this made Dong Muping very happy.

Of course, she had no complaints about Yan Zhiqing.

What did Yan Zhiqing's behavior indicate?

It indicated that she had faith in Wei Wucai!

It meant that she really liked Wei Wucai and wanted everyone to know that Wei Wucai was her boyfriend.

She was no longer single.

She now belonged to someone, and no one else should even try to take her.

And they shouldn't approach her as well.

Yan Zhiqing had so much trust in her son and did things with such honesty...

How could Dong Muping not like her?

"Yes." Wei Wucai nodded, "Mom. Why?"

"Nothing." Dong Muping chuckled and said, "I just thought she made a good move."

"Many things have to be considered with Zhiqing's profession," Dong Muping said, "I didn't expect her to unhesitantly announce it. She really showed you a lot of respect."

Dong Muping didn't mention herself.

After all, she had never met Yan Zhiqing before.

Instead of her, Wei Wucai was the one dating Yan Zhiqing.

Obviously, Yan Zhiqing would be doing it for Wei Wucai's sake instead of hers.

The relationship of this young couple had nothing to do with her.

Dong Muping wasn't shameless enough that she would say the reason why Yan Zhiqing had made the announcement so quickly.

"Of course." Wei Wucai was smiling from ear to ear when he said, "Mom, when we are done with work, I will take her home for a visit. And you know how well-behaved she is..."

Yan Zhiqing couldn't hear what Dong Muping was saying.

She had no idea of Dong Muping's opinion on the fact that Wei Wucai was dating her.

Or Dong Muping's opinion of her as a person...

However, when Yan Zhiqing heard Wei Wucai telling Dong Muping this, she felt really shy.

And Wei Wucai was even saying this in front of so many people.

"Alright. Seeing how decisive you are in taking her side and caring about her, I feel at ease," Dong Muping said.

At least, this guy wasn't just dating for fun.

He was actually serious about his relationship with Yan Zhiqing.

Since he was serious, how far ahead would marriage be?

As Dong Muping thought of this, she was overjoyed.

Someone else might feel slightly upset because their son, who had yet to marry and had just started dating, was already complimenting the girlfriend and taking her side.

Aside from the difference in lifestyle and habits being the reason why conflicts between mother-in-law and daughter-in-law exist, another significant reason was that mother-in-laws often thought the daughter-in-laws had married into the family and were the family's property. Hence, the daughter-in-law would have to obey the mother-in-law and would have nothing much to do with her actual family.

Some might think that their son was treating the daughter-in-law too well, and they would feel as though someone had taken away their son from them.

And that they were no longer their son's most important person.

They would find it mentally unacceptable and would feel slightly unfair.

Then, they would have some negative opinions toward their daughter-in-law.

Of course, this was the mentality that most mothers-in-law shared.

Not all mothers-in-law were like this...

At least, not Dong Muping.

It might have been because Wei Wucai had received training at the Mount Lan Compound since young and grew up to become an official member of the Mount Lan Compound, working for the Mount Lan Compound.

As such, he rarely spent time with his family and had never been pampered by Dong Muping. Dong Muping had never thought that Wei Wucai should consider her the most important person in his life.

In addition, Dong Muping thought that Wei Wucai had suffered since young...

Even when he had the chance to grow up comfortably like other kids from rich families, he had to suffer at the Mount Lan Compound.

She felt sorry for Wei Wucai.

As such, Dong Muping thought that as long as Wei Wucai liked it and as long as Wei Wucai was happy...

### **Chapter 3313: Never End**

As long as they weren't some outrageous needs, they could be fulfilled.

They respected Wei Wucai's decision.

In addition, there could not be anyone better than Yan Zhiqing, so why would she have any complaints?

Dong Muping wasn't petty. She wasn't unhappy because Wei Wucai was siding with Yan Zhiqing.

She had never contributed much when Wei Wucai was growing up.

So, she didn't have the right to intervene too much.

In addition, Wei Wucai hadn't done anything wrong.

It was rare for him to find someone he liked.

Moreover, if a man didn't even know to protect his woman, what use did he have?

In Dong Muping's opinion, as she was a woman as well, she should take the woman's side.

Why would she make a little girl's life difficult?

"However, aren't you scared that I would be mad and nitpick here because you keep on protecting her?" Dong Muping asked, attempting to scare Wei Wucai.

However, Wei Wucai wasn't nervous at all.

He casually said, "What is there to be scared about? You are not someone like that, so I am not worried at all."

Wei Wucai smiled and said, "I am more worried that you might treat Zhiqing too well and Zhiqing would end up being closer to you than me."

"If the two most important women to me don't pay any attention to me, how sad would that be?" Wei Wucai said.

This successfully made Dong Muping laugh.

Wei Wucai then seized the opportunity and said, "Mom, I was inconsiderate. I can't believe I didn't tell you beforehand. However, even if I had told you beforehand, I would still be telling you today. After all, we have only just gotten together. It really wouldn't be too far back in the past."

"You must have been courting Zhiqing for a long time." Dong Muping said, "I thought it was weird that you didn't deny the scandal with Zhiqing online."

"You should have told the family that you like someone. Because of that, I kept worrying about you." Dong Muping complained.

"I wasn't confident, and I was worried that my courtship might end in failure." Wei Wucai said with a bitter smile. "So, I didn't dare to tell you."

"If I told you that I like someone, you would be very happy. But if I didn't successfully court her, wouldn't you be happy for nothing?" Wei Wucai said.

"Anyway, no matter what, you have your excuses," Dong Muping said in an annoyed tone.

"Anyway, I have a girlfriend now. In addition, I am definitely marrying Zhiqing." Wei Wucai said.

When Yan Zhiqing heard this, she smacked him on the arm.

This was just the first day of their relationship.

It barely even counted as the first day.

The two were working on set and had never been on an actual date before.

Because they were always working on set and were together every day.

So, even though they had never officially been on a date, they were already very familiar with each other.

They knew each other's habits and personalities very well.

There wouldn't be a conflict of personalities even after all these.

However, they had just officially started dating, so how could they be talking about marriage?!

Who knew what might happen?

Could Wei Wucai really be that confident?

Of course, Yan Zhiqing was more embarrassed than him.

Who talked about marriage so quickly?

Dong Muping couldn't help but curve the corner of her mouth up as she said, "Stop bluffing. You were previously worried that you wouldn't be able to court her. Even if you wanted to, would she be willing to marry you?"

Wei Wucai was speechless.

Wei Wucai was silent for a while before he turned and asked Yan Zhiqing, "Are you willing to marry me?"

Yan Zhiqing didn't know what to say.

In front of so many people!

That wasn't a question you should ask on the first day of the relationship.

It was so casual and insincere.

As such, Yan Zhiqing didn't respond.

She humphed and turned her head away, refusing to look at him.

Wei Wucai then said on the phone with Dong Muping in a serious tone, "You are right. I still have a long way to go."

Dong Muping was speechless as well.

She felt as though it was a miracle that Wei Wucai was able to get Yan Zhiqing to be his girlfriend.

As for marriage, she didn't even dare to rush it.

She simply prayed that Yan Zhiqing wouldn't break up with Wei Wucai.

It was such a waste for this son to have such a pretty face.

Since he was so useless!

"Okay. Okay. Now you know what I mean." Dong Muping said, "Is Zhiqing next to you?"

“...” Wei Wucai was silent for a moment before he said, “Yes.”

“Can I say a few words to Zhiqing?” Dong Muping didn’t want to talk to her son anymore.

She just wanted to talk to her future daughter-in-law.

The two had never met before, but Wei Wucai already felt as though he would soon fall into disfavor.

Wei Wucai moved the phone far away and whispered to Yan Zhiqing, “My mom wants to say a few words to you.”

“Sure.” Yan Zhiqing agreed in a very natural and poised manner.

However, she was nervous.

After all, this was her first time talking to her future mother-in-law.

Pfft!

What future mother-in-law!

Yan Zhiqing got brainwashed by Wei Wucai.

She had yet to marry Wei Wucai.

Why should she call her future mother-in-law?!

Yan Zhiqing concluded that it was because she was too nervous that she thought of that.

She actually recalled that nonsense.

She nervously took the phone from Wei Wucai and said carefully, “Hello, Auntie. I am Zhiqing. I am sorry I did not tell you that we started dating.”

“It’s alright,” Dong Muping responded swiftly.

If Wei Wucai had heard this, he would have commented on the difference in treatment.

“It really was so sudden,” Dong Muping said.

When Yan Zhiqing heard that Dong Muping was being so empathic, she felt even more embarrassed.

“We should have visited you immediately, but we couldn’t leave the set because of work. That’s why we couldn’t visit you right away.”

“In the end, you even had to call us yourself. That was inappropriate of us.”

“That’s nothing,” Dong Muping said in a carefree tone, “We are family. You don’t have to be this courteous. Just treat me like a family member and don’t worry about anything.”

“You don’t usually treat your family with such courtesy, right?” Dong Muping asked.

Yan Zhiqing smiled and admitted in silence.

Dong Muping then said, “Then you don’t have to be this courteous with me. I know you can’t come back just yet. I can just call you, and it’s the same. It’s nothing major. You don’t have to worry about it.”

“You can wait with Xiao Cai on set and talk about this after the filming ends,” Dong Muping said.

“You two just so happened to be in the same crew, and it will be easier for him to take care of you.” Dong Muping smiled and said, “If he makes you mad, tell me. Don’t hide it for his sake.”

“And don’t you worry! I will not take Wei Wucai’s side,” Dong Muping added.

“Thank you, Auntie.” Yan Zhiqing immediately said with a very sweet smile on her face.

“By the way, how did you two—”

Dong Muping didn’t even get to finish her sentence when Wei Wucai snatched the phone out of Yan Zhiqing’s hand.

Wei Wucai had very good hearing, and he obviously heard what Dong Muping was trying to ask.

If Dong Muping continued chatting like this, the conversation would never end.

### **Chapter 3314: Isn’t This Fella Maddening**

“I’m still talking to Auntie.” Dong Muping could hear Yan Zhiqing’s complaints through her phone.

Dong Muping immediately grumbled to Wei Wucai, “Xiao Cai, what’s wrong with you? I’m still talking to Zhiqing.”

Wei Wucai then said, “Mom, we still have a lot of things to do. I will tell you the details of the things you want to know later.”

“Hey, Kid. What’s wrong with me saying a few words to Zhiqing?” Dong Muping said.

How could he take away her chance to chat with Yan Zhiqing?

“Alright then.” Dong Muping couldn’t do anything.

She thought to herself that she would have Yan Zhiqing teach him a lesson.

But for now, she really couldn’t control him.

From now on, Yan Zhiqing would handle Wei Wucai’s matters.

Wei Wucai let out a sigh of relief as he hung up.

He lifted his head and saw the room full of people staring at him.

It was fine if Shi Xiaoya and Han Zhuoling were staring at him.

But the others were all single. How dare these singles stare at him in an amused manner.

They really didn’t know their place!

As such, Wei Wucai pretended to be in a difficult position.

He shook his head and sighed as he said, “You all don’t even have girlfriends, so you won’t understand my struggles.”

Wei Wucai looked at them and appeared hesitant to speak. He sighed and then said, “Hah! Nevermind. You won’t understand my feelings even if I told you guys.”

Everyone: “...”

Isn’t this fella maddening?!

At the very end, Wei Wucai seemed worried that they didn’t get the message.

So, he specially added a comment. “It’s because you all are single.”

“I am different. I have a girlfriend. It is really difficult to resolve the conflict between a mother-in-law and a daughter-in-law. As the intermediary, I have to find the right balance and function as the role to keep things balanced.” Wei Wucai straightened his back as he remained seated.

“This is really difficult. However, you people have no experience with this kind of problem, so you don’t understand my hardships,” Wei Wucai said.

Everyone: “...”

Yan Zhiqing was speechless.

Yan Zhiqing thought to herself about how she had yet to even meet Dong Muping.

What conflict between mother-in-law and daughter-in-law?

Wait. No!

Pfft!

They weren’t in-laws!

They hadn’t even met yet—what in-laws? Those were just Wei Wucai’s words alone.

She had never even said that!

“Alright. You can stop talking.” Han Zhuofeng felt that he had been hurt.

But because there were quite a number of people who had received the same damage, Han Zhuofeng felt better.

“We get it,” Han Zhuofeng said to get Wei Wucai to stop quickly.

He thought to himself. Did Wei Wucai really think that all of them had never been in a relationship?

Yes. He had never been in a relationship.

But his brother had been!

Not only had his brother been in a relationship, but his brother had also gotten married!

If they were to talk about relationships between in-laws, Shi Xiaoya was the actual in-law of Lin Liye.

Of the people present, Han Zhuoling should be the one with the most right to speak.

Han Zhuofeng couldn't stand seeing Wei Wucui behaving like a prideful villain who had just achieved success.

Han Zhuofeng immediately said, "You just started dating Zhuofeng. This is your first day. You are overthinking things."

"In addition, don't you forget that the only married guy here is my brother." Han Zhuofeng proudly gestured with a wave of his hand as he pointed at Han Zhuoling and Shi Xiaoya. "If there are any difficulties, my brother would be the first to experience them. Today is just your first day. What is there to experience?"

"That doesn't even count as being overly worried; you just have nothing better to do," Han Zhuofeng concluded.

Wei Wucui was speechless.

Han Zhuofeng said, "However, my sister-in-law doesn't have any irreconcilable conflicts with my mom!"

Han Zhuofeng felt a chill on the back of his neck as he felt dangerous glares coming from Han Zhuoling.

He immediately said, "My sister-in-law and my mom bond with each other like they were actual mother and daughter. The two have such a good relationship, which is why my brother doesn't need to be in an awkward predicament while stuck between them. To my brother, such difficulties do not exist."

Han Zhuofeng took the chance and won favor from Han Zhuoling.

"..." Wei Wucui didn't expect Han Zhuofeng to be so capable.

Han Zhuofeng actually retorted that he was in an awkward predicament and was stuck between two people...

What predicament?!

There was no issue between Yan Zhiqing and Dong Muping.

After enjoying the sight of Wei Wucui being humiliated, he suddenly recalled his friendship with Yan Zhiqing.

He then realized that they shouldn't be too mean to Wei Wucui.

And so, he tried to distract everyone by saying, "Aiya! Director Wu shared your Weibo post!"

Everyone quickly checked it online.

They saw Wu Mosen sending his blessings not long after they had published their announcement post.

"Congratulations! Congratulations! This is a couple that came into existence through our crew and cast. It's a happy thing! It's a very happy thing!" Wu Mosen said, "Should I be considered the matchmaker? Hahaha! No matter what, I am sincerely happy for Xiao Cai and Zhiqing's relationship. I wish for you two a long-lasting relationship."

The official Weibo account of the film Left Right also made a post. "Congratulations to Xiao Cai and Zhiqing. The first couple in our crew and cast! This is a piece of exhilarating news since the start of our filming!"

Benefactor Come Have Fun commented, "Awesome! Even Director Wu appeared."

My Family's Smart Kid commented, "I am so happy to see that so many people feel so optimistic about Zhiqing and Xiao Cai's relationship."

Sir H Xiang Yang commented, "Amazing! Even the members of the eight great families popped out!"

As expected, aside from Wei Zhiqian...

Han Zhuoling, Han Zhuoli, Qi Chengzhi, Qi Chenglin all appeared.

Because Wei Zhiqian and Yan Beicheng were Wei Wucai's older brother and Yan Zhiqing's older brother, respectively.

Wei Zhiqian and Yan Beicheng obviously appeared first.

The others replied later not because they didn't cherish their relationships with Wei Wucai and Yan Zhiqing.

They were trying to give Wei Zhiqian and Yan Beicheng enough time.

After all, this was a piece of happy news for both the Wei Family and the Yan Family.

As such, Wei Wucai and Yan Zhiqing were the main characters.

Wei Zhiqian and Yan Beicheng were the next important figures in this news, as they represented the Wei Family and the Yan Family, respectively.

Wei Zhiqian and Yan Beicheng had to give the netizens enough time to congratulate Wei Wucai and Yan Zhiqing.

They had to appear after Wei Wucai and Yan Zhiqing had received enough attention.

And now, the few members of the eight great families appeared almost at the same time to congratulate the new couple.

424326 commented, "This is so grand. You only see so many members of the eight great families appear at the same time when a happy event occurs within the eight great families.

The members of the eight great families weren't the only ones who sent their blessings. With Wu Mosen taking the lead, the other people in the entertainment industry appeared as well.

Even though many individuals in the entertainment industry had no relation to Yan Zhiqing...

Some had never even seen her before.

They wanted to ride on this wave of popularity.

They all appeared and posted their congratulations.

Even without the members of the Mount Lan Compound controlling the trending search ranking, the current wave of popularity would have guaranteed that Yan Zhiqing and Wei Wucai's happy news would take up the entire list of the trending search ranking.

The news about the two was so popular that it completely overshadowed the news about Chen Zeqing.

The announcement that the film crew released about replacing Chen Zeqing was initially mocked by some netizens...

But now, that announcement was almost forgotten by everyone.

Because the film crew immediately congratulated Yan Zhiqing, Yan Zhiqing's fans felt really happy.

### **Chapter 3315: Madam! Such Marvelous Tool! Highly Recommended!**

Her fans started to leave comments of appreciation under the film crew's official Weibo account.

And those waves of comments left by her fans buried the negative comments previously left by other netizens.

Wu Mosen happily watched the effect brought by the announcement released by Yan Zhiqing and Wu Mosen.

The film crew was finally able to rid themselves of the negative publicity that occurred because of Chen Zeqing.

It was all because Yan Zhiqing was willing to help the film crew.

Wu Mosen kept this favor in mind.

However, the members of the Mount Lan Compound had total control of the trending search ranking list for Yan Zhiqing and Wei Wucai.

Someone had paid a huge price to buy the second place in the rankings.

But when it was right around prime time, which was 8 pm at night, they lost their place on the trending search ranking list.

Could they allow this to happen?

That was definitely not allowed!

Lin Kexin was the one on the list earlier.

She was trying to promote her new show, which didn't clash with Yan Zhiqing's news.

She was just unlucky to have encountered the news of Yan Zhiqing and Wei Wucai.

Some observant netizens noticed that the place in the Trending Search Ranking that she had purchased was taken over by Yan Zhiqing's news.

Despite having the intention of watching the scene of bustle, most of the netizens, if not all, felt bad for Lin Kexin.

In the end, Lin Kexin wasn't able to get a place on the trending search ranking for her and her show and was unable to promote the TV show that had cast her as the main female lead.

It was all because Yan Zhiqing's news had taken her place in the trending search ranking.

This was not what Lin Kexin wanted.

Because of Yan Zhiqing's news overtaking Lin Kexin's news in the trending search ranking, it created a whole new topic for Lin Kexin. However, this topic wasn't necessarily a good one.

And now, the best solution was to hope that that show of hers would become very popular.

This way, she could use the popularity of the show to create more topics about herself.

Whether it was the couple in the show, the character she was playing, or her acting skills...

By talking about those three things, she could come up with many topics.

And recently, there was a growing trend of sending clips of shows on short video apps to attract more viewers.

The actor could gain a lot of fans through the popularity of the role.

People who became fans because of the show's character were more reliable.

With such intention, Lin Kexin bought a place in the trending search ranking.

But she didn't expect her money to be wasted!

Would Lin Kexin be willing to let this go?

Obviously, she wouldn't be willing!

Lin Kexin's manager immediately contacted the operation team at Weibo.

The operation team then had a talk with the technical department.

What could the technical department say?

Could they say that someone had taken away their control of the backend system?

And now, they weren't in control, and they couldn't control Lin Kexin's place in the trending search ranking anymore?

If they were to say that, they might all lose their jobs!

And so, the technical department could only reply, "It is because the server capacity is running low. The news of Yan Zhiqing announcing her relationship was too sudden and left us unprepared."

"And now, all of our members are trying to stabilize the server, and we do not have time to change the data in the system." The chief said, "I had previously requested for the server to be expanded. If that

request had been approved, we wouldn't have to work on this, and that mistake on the trending search ranking wouldn't have happened."

"As of now, we really do not have the time to deal with the mistake on the trending search ranking. How's this? When Yan Zhiqing's news is not that popular anymore, and the server is not under so much stress anymore, we will give Lin Kexin the ranking she wants," the chief said.

The technical department had already given a solution. In addition, there wasn't even enough staff to deal with such matters because of the issues with the server.

The operation team couldn't say anything. They could only turn back to deal with Lin Kexin.

Even if Lin Kexin had complaints, she couldn't say anything.

After all, she would still be collaborating with Weibo in the future, which meant that she couldn't let this matter make things awkward in the future.

But wouldn't it be hilarious if the same post went on the trending search ranking again?

By then, the netizens would laugh even harder at her than they had today.

Lin Kexin's manager said, "If you want to compensate us, you have to boost the popularity of another topic. You can't boost the same post. If not, wouldn't everyone think of Kexin as a joke?"

This wasn't something difficult. The compensation had to be given anyway. So, Weibo immediately agreed.

But because of what happened today, the netizens still considered Lin Kexin a laughing stock.

No one said that Yan Zhiqing had bought the ranking.

Even if Yan Zhiqing had paid to boost her post, there was no way she could have kicked another buyer out of the ranking.

Business required integrity, after all.

The netizen's attention went back to Yan Zhiqing and Wei Wucai.

However, there was no fun just congratulating Wei Wucai and Yan Zhiqing.

The netizens enjoyed the bustling scene and congratulated Yan Zhiqing and Wei Wucai.

Besides congratulations, there was nothing else to say.

Wei Wucai was a mysterious person. Since not many people knew him, there wouldn't be any news of his bad history.

And Yan Beicheng had already cleaned up the stupid things that Yan Zhiqing had done when she was still young.

They hid those secrets, so there were no more netizens with the capability to find them.

As such, the netizens obviously had to divert their attention and use their energy for someone else or some other matters.

Hence, Wei Zhiqian became the unfortunate target.

Mo Ruoan commented, “[email protected] Zhiqian, your brother has lost his status as a single man. What about you?”

The netizens started taking their turns leaving this comment.

In addition, some netizens excited to watch the fun and weren’t worried about creating a bigger mess went and left comments in Old Mrs. Wei’s official Weibo.

Zu Xiaonaing: commented, “Madam, Xiao Cai is no longer single. When is it Wei Zhiqian’s turn?”

Benefactor Come Have Fun commented, “Old Madam, is your feather duster urging to make a move?”

Queen of Imagination Xin Tong commented, “Old Madam, you should check out this new feather duster on a certain online shopping website.”

Then, she even included the link.

Benefactor Come Have Fun commented, “Hahahaha. The commentor before me is outrageous! She even added the purchase link!”

Hou Manman ice commented, “The new product is very nice. You can stretch it long and short. Madam, you can take it anywhere with you, and it won’t take up much space. This way, you can beat up Wei Zhiqian whenever you see him.”

Yijiao commented, “Not only can the rod be retracted, but you can also extend it to a maximum of one meter. With the length of the chicken feathers, it would be 1.5 meters long. Even if Wei Zhiqian wanted to run away with his long legs, you don’t have to worry. You can still hit him.”

XuanXuan or GuoGuo commented, “Madam, this is a marvelous tool! Highly recommended!”

Wei Zhiqian discovered the netizens’ comments.

He was worried that the netizens might start some weird sh\*t. So, he was constantly switching back and forth from his main page to Old Mrs. Wei’s main page.

As expected, none of the netizens’ ideas were good.

He wanted to say that it was fine if Old Mrs. Wei was the only one worried about whether he would lose his status as a single man or not.

Why would the netizens worry as well?!

He didn’t know if Old Mrs. Wei had seen those comments.

If she had seen those comments and actually made a purchase, what would he do then?

While Wei Wucai was worried about this, Old Mrs. Wei saw the purchase link.

Old Mrs. Wei then called Dong Muping and asked how she could make a purchase on that online shopping website.

Old Mrs. Wei was very modern and could surf the web, but...

## Chapter 3316: Mixed Doubles

However, it was still difficult for her to make a purchase on some online shopping website.

Usually, if she wanted to buy something, someone would do it for her.

There had never been a need for Old Mrs. Wei to buy anything on her own.

If she heard from someone about something new and wanted to buy something, she would just tell the helper in the house, and the helper in the house would just buy it for her.

However, this time, seeing the netizens' recommendation, Old Mrs. Wei thought that she would need to choose a suitable one by herself.

Fortunately, Dong Muping was there, and she just asked Dong Muping.

After she had that phone call with Dong Muping, Dong Muping came over.

It was because of this happy news—Wei Wucai finally lost his status as a single man.

Dong Muping was so happy and wanted to share this joy with someone.

But Wei Hezhang was still working and had yet to come home.

Dong Muping gave Wei Hezhang a phone call and told him the good news of Wei Wucai getting out of that single life.

Wei Hezhang was so happy when he heard about it on the phone and expressed that he would finish work as soon as possible and come back to chat with her about the life they would enjoy after Wei Wucai got married.

But before Wei Hezhang's return, Dong Muping was bored.

So, she went to see Old Mrs. Wei.

She often visited Old Mrs. Wei to chat with her.

Old Mrs. Wei was very good at chatting.

There was no communication gap between them.

And because of what had happened, Dong Muping felt that sharing the joy through the phone wasn't satisfying enough.

It was still early, so she came over in a hurry.

When she arrived, it was still 8:40 PM.

And now, it was only 9 PM at night.

Old Mrs. Wei asked Dong Muping, "Muping, do you know how to buy things on this online shopping website called something... bao?"

"I do. Why?" Dong Muping asked Old Mrs. Wei.

"Help me search for it. I heard from the netizens that it's something-bao. What is this bao? They even said that the newest feather duster could retract and extend to about a meter," Old Mrs. Wei said excitedly.

"..." The corner of Dong Muping's mouth twitched as she asked, "Aunty, why would you want to buy that?"

She couldn't possibly be using it to beat up Wei Zhiqian, right?

"Look a look at it." Old Mrs. Wei just showed the netizens' comments to Dong Muping.

When Dong Muping read it, the corner of her mouth twitched.

As expected, it was to hit Wei Zhiqian.

Wei Zhiqian had gotten involved because of Wei Wucai.

Otherwise, there would be no need to beat Wei Zhiqian up.

Dong Muping felt so sorry for Wei Zhiqian.

Of course, even if she had the choice, she would still feel sorry and choose to let Wei Zhiqian be beaten up.

After all, she couldn't allow Wei Wucai to continue being single, right?

Dong Muping had no idea what to do, so she could only ask, "This... Are you going to beat Zhiqian?"

"Xiao Cai is younger than him, but Xiao Cai is already in a relationship. Zhiqian is still single, so I have to beat him up. If I don't give him a beating, he won't know how to worry for himself! There's a need to threaten him," Old Mrs. Wei said.

Dong Muping quickly said, "Then... isn't it better to ask elder sister-in-law? If not, wouldn't I be an accomplice to beating up her son?"

Old Mrs. Wei immediately said, "Of course, you can't tell her! I'm going to beat her son up! If I asked her to help me buy the feather duster, wouldn't she be the one helping me beat up her own son? She wouldn't be able to mentally accept that."

Although Old Mrs. Wei felt that her daughter-in-law wanted to beat up Wei Wucai as well...

If she really asked her daughter-in-law for help, her daughter-in-law wouldn't even teach her. Her daughter-in-law would just search for the best one on that online shopping website called something-bao and buy it for her.

However, Old Mrs. Wei thought that it would be good not to push Wei Zhiqian too much.

If it were her and her daughter-in-law, they would beat up Wei Zhiqian together like they were in a mixed double match.

They wouldn't let him live at all.

By then, Wei Zhiqian wouldn't even dare to go home.

If they couldn't beat him up in the future, what were they going to do?

Old Mrs. Wei wanted to continue beating him up, so she made sure her actions were conducive to that.

The corner of Dong Muping's mouth twitched as she said, "Take out your phone, and I will download the app for you."

Old Mrs. Wei opened her phone. Dong Muping looked at her phone and saw that she didn't have the app.

So, she downloaded the app and registered an account for Old Mrs. Wei.

She thought to herself. As someone so modern with a Weibo account, Old Mrs. Wei actually didn't have an account for a popular online shopping website.

After the registration was completed, Dong Muping started teaching Old Mrs. Wei every single step. "Take a look at this. It's very simple. Just write the recipient address first."

She saved the address and allowed Old Mrs. Wei to play with the app herself.

"You can search for the feather duster in this search bar," Dong Muping said.

Old Mrs. Wei was old. She was wearing her reading glasses, but she still found it hard to see the small spacebar on the smartphone's keyboard.

So, she would usually type words by gestures.

She clicked search.

So many styles and many updated versions of the feather duster appeared on the screen.

The feather duster that Old Mrs. Wei owned was still the old traditional feather duster.

Old Mrs. Wei immediately clicked one of them.

After checking a few shops...

Eventually, she chose the one that could retract and extend.

Some of the feather dusters had very thick feathers and were known to never shed any feathers.

Old Mrs. Wei didn't need something like that.

She wanted to use the feather duster to beat Wei Zhiqian up. If the feathers were so thick, it wouldn't hurt him.

There were some feather dusters that could dust at a 360-degree angle and autonomously at that. Old Mrs. Wei didn't want any feather dusters that could actually get rid of dust.

She just chose the feather duster with the thickest and strongest rod and the one that could extend the furthest.

This would be more useful to Old Mrs. Wei.

And with Dong Muping's help, she ordered the item and waited for the delivery.

Old Mrs. Wei was confused as she asked Dong Muping, "I didn't expect you to be so familiar with this."

She thought that Dong Muping was someone who usually visited high-end shopping malls.

If there was anything they needed in their daily life, they could ask the house helper to buy it.

She didn't expect Dong Muping to be so advanced in doing these things.

Dong Muping smiled and said, "It's really convenient to just shop online. I'm really lazy to leave the house nowadays. The traffic jam is horrible when I need to go to the mall."

"The brands of the skincare products that I often use have set up official shops in this online shopping app. As for the brands without shops on this online shopping app, I will just buy them at the shopping mall. This will save me the trouble of going out so often," Dong Muping said with a smile.

As for clothes, bags, and jewels...

As the VVIP at many shops, she would regularly get an invitation to their private events.

She could just go to these events.

"Is it that good?" Old Mrs. Wei asked in surprise.

"Yes. Some of the brands that I wear have set up their official online shops," Dong Muping smiled and said, "However, some online shops might claim that theirs are the official shop, but the official brand hadn't actually set those shops up, and the owners do not have the right to set up the online shop. As such, it's hard to tell what's real."

"Someone from the younger generation in my friend's house had told me that. If you aren't sure if the shop was actually set up by the official brand itself, you can search up its business license."

"Look here. Take this shop as an example..."

### **Chapter 3317: He Just Behaves a Bit Dumber**

Dong Muping typed the name of the brand that she usually used and clicked it. "Look at this shop. Click the shop name, and you should see the shop's business license, right? Click it, and you should see the business license after you enter the verification code."

"You can see the name of the company that registered this license. If this name matches up with the brand, then it's okay. You can see the registered capital as well," Dong Muping explained.

"That's convenient. Let me look into it," Old Mrs. Wei said.

Wei Zhiqian had no idea that the Old Mrs. Wei's feather duster would soon get an upgrade.

However, he had already decided to lay low for these few days and was trying to make himself unnoticeable.

He wanted Old Mrs. Wei to forget about him.

As for Wei Wucai and Yan Zhiqing...

Their friends were still sending their blessings.

Yan Zhiqing and Wei Wucai responded to everyone—they even responded to those they weren't familiar with.

After all, those were blessings. Who would complain about being congratulated too much?

While the two were responding, there was another commotion on social media.

Hao Donghuai said, "The leader of our house has appeared."

This would obviously cause a commotion.

Although Wen Ren had registered accounts on various social media platforms, he rarely used them.

He would log-in once every several years.

There was no actual reason why he was doing that.

It wasn't because he was scared that someone might find him through the web.

After all, the Mount Lan Compound was a significant landmark, and it wouldn't be hard to find it.

Wen Ren would be there as well.

The reason why Wen Ren rarely appeared on these social media platforms was that he wanted to maintain a mysterious image.

It wasn't this bad when he was still the young master of the Mount Land Compound. Back then, he would occasionally appear on those social media platforms.

However, ever since he became the leader of the house, Wen Ren felt that he should maintain an aloof and mysterious image.

Since he was now representing the Mount Lan Compound, he would have to protect the Mount Lan Compound's reputation.

But this time, Wei Wucai had gotten into a relationship.

Wen Ren couldn't control himself anymore.

As the leader of the Mount Lan Compound, how could he remain silent when the team leader of his elite unit had gotten out of the single life?

Therefore, after keeping a low profile for several years, Wen Ren reappeared on Weibo.

But to maintain that aloof and mysterious image, he tried to control himself and didn't say a lot of words.

He shared Wei Wucai's Weibo post and included a comment, "Congratulations. Your wedding red packet is ready."

Wen Ren had successfully maintained that aloof and mysterious image.

After all, the netizens wouldn't know Wen Ren's actual personality.

However, Wen Ren's appearance caused another commotion on Weibo.

Teamo commented, "What the f\*ck?! Who is this Wei Wucai? Even if he is a member of the Wei Family, he's connected to Wen Ren as well! It seems like they are really good friends."

Fat Goddess in East Side of Village commented, "Yeah. Not even all the members of the eight great families have a good relationship with Wen Ren. Of course, there must be some we don't know. But didn't they say that Wei Wucai isn't an immediate member of the Wei Family? But he even got Wen Ren to log into Weibo and congratulate him. Wen Ren hasn't been on Weibo for a few years now."

Three Raindrops on Sycamore Leaves commented, "Even if he has, he must have been using an alternate account."

The Soap That Eats So Much And Can't Gain Weight commented, "I didn't expect Wei Wucai to have such a good relationship with Wen Ren. I am more and more curious. Wei Wucai is clearly not just a simple cousin of Wei Zhiqian and the CEO of Ledepic More."

Jiucicicici commented, "When I saw it, I knew it wouldn't be that simple."

Wen Ren's appearance actually crashed the server.

The members of the Mount Lan Compound were maintaining the server, but it still crashed.

It was all because Wen Ren had disappeared for a few years, but then he suddenly appeared today. This was simply too surprising.

The netizens who weren't initially interested in the announcement of Yan Zhiqing and Wei Wucai's relationship...

They came to spectate because Wen Ren appeared.

In addition, with Yan Zhiqing's popularity as the foundation...

Even when the members of the Mount Lan Compound were helping, they could barely keep the server together.

And now, Wen Ren's appearance had basically added fuel to the fire. The server could no longer handle it.

The members of the technical department were stunned.

They thought they could get a good night's sleep.

But they didn't expect Wen Ren to join the fun!

When Weibo crashed, the pages went blank.

The netizens refreshing the webpage thought the same. "Again?"

“Look at this! I told you we needed to expand the server!” The chief took this opportunity to tell his superiors about this on the phone.

In Yan Zhiqing’s room, Hao Donghuai pointed at the white phone screen and said, “Our leader must have done this intentionally. He wanted to tease those people at Weibo’s technical department and wanted to know how it feels to take down a website’s server by himself.”

Yuan Jiangyi nodded heavily and said, “That’s right. Currently, he must be really proud of his high popularity. Although he had disappeared for years, his stories are still known by people. Therefore, the moment he appeared, it caused such a huge reaction.”

Yan Zhiqing didn’t know what to say.

Wei Wucai, who was at the side, nodded and said to Yan Zhiqing, “Don’t be surprised. That is the kind of person Wen Ren is.”

“I will take you to the Mount Lan Compound later on, and you will know it after you meet him.” Wei Wucai said.

Yan Zhiqing wasn’t even nervous.

She knew that regardless of whether it happened soon or later, the day would come eventually.

However, the thought of going back to the Mount Lan Compound with Wei Wucai...

Yan Zhiqing felt even more nervous about this than meeting Wei Wucai’s parents.

At least Yan Zhiqing knew about the eight great families. She was familiar with them.

However, she really didn’t know much about the Mount Lan Compound.

Even if she had the chance to spend days with Yuan Jiangyi and the others.

She still felt nervous.

Considering Wei Wucai’s attitude and tone of words, she knew that Wei Wucai greatly valued House Leader Wen Ren.

She was really worried that Wen Ren might be dissatisfied with her.

Wen Ren wouldn’t intervene in Wei Wucai’s choices in a relationship, but Wei Wucai would definitely listen to Wen Ren.

It would still be sad if Wen Ren didn’t like her.

Yan Zhiqing still wished that she could be liked by the people Wei Wucai cherished.

And that they would approve her.

This way, her relationship with Wei Wucai would receive a complete blessing.

This time, Wei Wucai could tell that Yan Zhiqing was nervous.

He soon realized why she was nervous.

He gently pinched her hand and said, "Don't worry. The house leader is just like Old Yuan and the others. He just behaves a bit dumber."

"In addition, we share similar opinions and views." Wei Wucai chuckled and said, "If I like you... Old Yuan and Hao Zi will like you as well, not to mention the other team members. They really support having you as their team leader's madam."

"I like you. They like you. You don't have to worry about anyone at the Mount Lan Compound. You don't have to worry about any of the members of the Mount Lan Compound not liking you," Wei Wucai added.

Although Wei Wucai's words couldn't really boost Yan Zhiqing's confidence...

### **Chapter 3318: This Ruthless Truth**

However, it still allowed Yan Zhiqing's heart to calm down somewhat.

As for what Wen Ren thought, Yuan Jiangyi and Hao Donghui had truly guessed right.

Meanwhile, at Mount Lan Compound...

Wen Ren arrogantly held out his phone for Fang Jiaran to see.

"Look. Even though I haven't appeared for so many years, I still have such a high level of popularity." Wen Ren was extremely proud of himself. "Look at this. Yan Zhiqing and Xiao Cai went public with their relationship, and the server almost crashed, but our people were able to stabilize it."

"However, I just came up to say one thing, but the server crashed straight after. They couldn't keep it stable," Wen Ren said. "It's clear that my popularity is truly so hair-raisingly high."

Fang Jiaran was speechless.

Fang Jiaran wanted to say that Wen Ren's popularity was admittedly high.

It was indeed very surprising when he suddenly made an appearance, especially after not having appeared in the public for so long.

That was why the netizens had such a big reaction to it.

After all, no one knew how long it would be until Wen Ren appeared on social media again after this.

Would they ever be able to see Wen Ren again while they were still alive?

Of course, Fang Jiaran did not share these thoughts with Wen Ren.

Otherwise, wouldn't he just be provoking Wen Ren?

"Look, they are still repairing it," Wen Ren arrogantly added.

Fang Jiaran didn't know what to say.

She sincerely felt that the little programmer brothers at Weibo's IT department were rather pitiful.

How did they attract the attention of those people at Mount Lan Compound?

"However, the staff in their IT department aren't particularly skilled," Wen Ren said with disdain.

"They actually lost control over the server just because of my popularity alone." Wen Ren's mouth twitched. "They're getting paid for nothing."

Fang Jiaran didn't know what to say.

\*\*\*

At Wei Wucai's side, everyone from Mount Lan Compound finally acted with some conscience.

After watching the lively happenings for a while, they decided to leave.

They had to give Wei Wucai and Yan Zhiqing some alone time, right?

What would they do if they truly pressured the couple too much and had nothing good to see in the future?

They couldn't just catch one person and suck all the blood out of them.

Regardless, they had to pay close attention so that the development was sustainable.

As a result, Yuan Jiangyi was the first to stand up. "That uh, it's quite late now, so we'll head back first. The two of you should head to bed soon too."

Hao Donghuai stood up as well. "Right, don't tire yourselves out too much tonight. We're leaving now."

Yan Zhiqing didn't know what to say.

What did he mean by 'don't tire yourselves out too much tonight'?

They... They didn't even have any plan of doing anything!

Following closely, Shi Xiaoya tugged on Han Zhuoling and stood up as well.

Han Zhuofeng still wanted to stay and mess around.

He was a bachelor, but he was still young and had yet to reach an age where he should start to worry about finding a partner.

The old bachelor Wei Wucai only found a girlfriend at such an old age.

Who gave Wei Wucai the courage to look down on Han Zhuofeng just because he was young?!

Han Zhuofeng really wanted to provoke Wei Wucai before heading back.

However, before he could even say anything, he was dragged up by Han Zhuoling.

"Just let him off today. He seems pitiful, so leave it for tomorrow," Han Zhuoling told Han Zhuofeng quietly.

Despite how cautiously Han Zhuoling spoke, Wei Wucai still managed to hear him.

Of course, Han Zhuoling also knew it would happen. He had no intention to hide it anyway.

Han Zhuoling wanted to let Wei Wucai hear him.

Wei Wucai still had a long way to go!

He still had to continue getting along with all these third wheels.

So, there was no urgency at the moment.

It was pretty late now, so even if Wei Wucai wasn't going to bed, the rest of them still had to head back and sleep, right?

When Han Zhuofeng heard Han Zhuoling's words, he felt they made sense.

As such, he nodded without saying anything else.

Shi Xiaoya then saw that Wei Wucai's entire face had darkened.

Everything went so smoothly for others when they were in romantic relationships.

No one bothered them while they were on dates, and they would happily and sweetly spend time blissfully in their two-person world.

Why was it that there were always so many people present when it was him and Yan Zhiqing?

Initially, he imagined a beautiful scene. The two of them would be alone in the room, and they would make their relationship public together in a quiet and lovey-dovey atmosphere.

With their shoulders and heads resting against each other, they would scroll through Weibo while discussing.

Whoever spotted an interesting comment would immediately show it to the other person.

He imagined such a beautiful scene, but unfortunately, the reality was very cruel.

There had been no sign of such a warm scene at all tonight.

Instead, it had been extremely lively.

The entire room had been filled with the laughter of Yuan Jiangyi and the others.

Whenever they saw an amusing comment...

They would hear Hao Donghuai's deafening yell, "Quick, look! Quickly look at this comment! Hahaha, it's hilarious!"

If it weren't that, then it would be Yuan Jiangyi slapping his leg. "Take a look at this, quick. Xiao Cai's become complacent about his romantic relationship, while Wei Zhiqian's about to run out of luck."

If it weren't that, it would be Han Zhuofeng's voice, "Hahaha, this netizen's comment is so bad. Let me screenshot it for you guys to see!"

Not only were they live streaming the netizen comments they saw, but they were also live streaming the messages being shared in the live streaming group for Wei Wucai's romantic relationship.

Although the people in the group had no way of being present at the scene, they were still enthusiastically participating in the discussions about Wei Wucai and Yan Zhiqing, as well as in the interactions with the netizens.

On one hand, they were on the Internet, interacting with netizens as fellow netizens.

On the other hand, they were chatting in the group.

It was bustling with activity.

Once the liveliness started, Wei Wucai gradually found himself mentally exhausted.

The whole night passed in such hustle and bustle. What lovey-dovey, beautiful atmosphere?

It did not exist.

Now, this group of people finally wanted to leave. Wei Wucai was simply too eager to get them to leave without delay.

As such, Wei Wucai hurriedly stood up.

He rushed over to the door.

Before Yuan Jiangyi and the others could even reach the door, Wei Wucai had already opened it for them. "We won't be seeing you out then. You should hurry up and head back to rest."

His eager appearance suddenly made Yuan Jiangyi and the others not want to leave.

However, everyone still walked to the door anyway.

"No need to send us out. Who are we to you? No need to be so courteous." Hao Donghuai clearly knew this wasn't what Wei Wucai meant, but he deliberately said it like this anyway.

Wei Wucai almost choked on his own breath.

Who wanted to be courteous toward Hao Donghuai?

Wei Wucai was just faking his courteousness!

Finally, he managed to send them out the door.

Wei Wucai shut the door and let out a very long exhale. "They finally left."

"You know, they clearly knew that the two of us needed time and space alone, but they insisted on disturbing us," Wei Wucai said unhappily. "They still don't have partners, so it's definitely because they're envious seeing the two of us so deeply in love."

Yan Zhiqing didn't know what to say..

She didn't feel that way, though.

Those people probably felt it was fun. The biggest reason was probably that they wanted to see Wei Wucai's depressed and defeated appearance.

Yan Zhiqing felt that she had been totally implicated by Wei Wucai.

However, she decided not to reveal the ruthless truth to him.

Wei Wucai was currently immersed in the happiness of having found a partner. Letting him think the way he was thinking would make him even happier.

In that case, she would just let him continue thinking that way.

After shutting the door, Wei Wucai walked over to her.

### **Chapter 3319: The Difficult Question**

During the day, they put on a very poised show of confidence for everyone in the cast and crew to see. Wei Wucai and Yan Zhiqing did it to inform everyone that they were already in a relationship.

They were very confident and poised, with nothing much to hide.

But right now, only the two of them were in the room.

Yan Zhiqing felt shy to act as she had done during the day. Earlier, she behaved very intimately with Wei Wucai in the presence of so many people.

As such, Yan Zhiqing just stood motionless where she was.

Seeing Wei Wucai slowly walk towards her...

Yan Zhiqing felt a little uneasy and at a loss as to what to do.

She hid her hands behind her, with her fingers getting entangled.

She lowered her head, not really daring to look at Wei Wucai.

Then when Wei Wucai stepped right in front of her, Yan Zhiqing couldn't stop her face from reddening.

Wei Wucai's fingers had a slight itch. He rubbed his thumbs and index fingers together twice.

After that, he slowly reached his hands toward Yan Zhiqing.

At this moment when Yan Zhiqing was holding her breath out of nervousness, Wei Wucai ultimately wrapped his arms around her waist.

With a bit of force, he pulled her into his embrace.

"Finally, it's just the two of us here." Wei Wucai sighed, expressing how weary he felt.

It had been a truly difficult task holding out until it was just the two of them.

Yan Zhiqing smiled, even though she did feel rather shy.

As expected, it was still the best when it was just the two of them.

“When the filming is done, come home with me,” Yan Zhiqing said. “My father passed away early, and my mother... Let’s not talk about her.”

Wei Wucui nodded without any doubt.

He clearly had a thorough understanding of what happened with Yan Zhiqing’s parents.

Yan Zhiqing let out a sigh of relief. At least, this meant she didn’t need to explain it all again.

She truly did not want to recall what happened in the past.

The shame she felt toward her father...

And as for her mother... Just thinking of her brought up very complicated feelings.

And among them was hatred.

After what her mother had done, it was impossible for Yan Zhiqing not to hate her.

It was to the extent that she kept thinking it would be good if that person wasn’t her mother.

Why was it that she and Yan Beicheng had that sort of mother?

Why was it that her father, who was such a good person, married that sort of woman?

In the past, she was so dependent on her mother and loved her so much.

Yet, her mother wanted to kill her because of someone else.

Aside from hatred, there was also pain.

Her own biological mother wanted to kill her because of someone else.

Was it even possible to not feel hurt?

Those memories would haunt her for the rest of her life.

She would never forget it.

Although she couldn’t forget them, she did her best to seal those memories in the deepest parts of her heart. She would never recall those memories, and she would never speak of them.

She would do her best to spend every day of the present and the future happily and cram her mind full of happy memories now and in the future, leaving no room for those past memories to resurface.

“Right now in my family, the honorable elders are my grandparents. Next are my brother and his wife,” Yan Zhiqing said.

“You’ll easily pass through the challenge of getting approval from the two elders. Grandfather and Grandmother both like you very much. You were included when Grandfather mentioned the younger

generation of the Wei Family with great future prospects. My grandmother is obsessed with looks. So, needless to say, you'll get her approval effortlessly because of your face."

"My grandmother has even said before, 'who knows which young lady will have the good fortune of becoming a couple with you.' So, I know she would be extremely happy just from seeing your face every day."

There was one more thing Yan Zhiqing didn't say.

Old Mrs. Yan said that Yan Zhiqing's face was deserving of being called "the most beautiful face of the golden age."

She even did a careful count of the girls she had seen and concluded that she had never seen any woman as attractive as Yan Zhiqing.

Of course, her granddaughter Yan Zhiqing's level of attractiveness was definitely not inferior to anyone.

It was just that Old Mrs. Yan knew too well that Yan Zhiqing and Wei Wucai were at odds.

The two people could get into a fight whenever they met. So Old Mrs. Yan couldn't suggest Yan Zhiqing to Wei Wucai as a potential girlfriend.

If she did that, it would irritate Yan Zhiqing a lot.

Back then, Old Mrs. Yan had never even imagined the possibility that Yan Zhiqing would be in a romantic relationship with Wei Wucai one day.

It was just that Yan Zhiqing couldn't tell Wei Wucai about these.

She had to let Old Mrs. Yan maintain her image somewhat, right?

Anyway, Yan Zhiqing was very certain that Wei Wucai wouldn't have any problems at all with these two elders.

"As for my brother's side, you don't need to worry about that either actually. He only looks like he's dissatisfied, making it seem like it'll be somewhat difficult to get his approval. But the fact that he made that post on Weibo means he has already given his approval.

"It's just that ever since the incident, my relationship with my brother became great. From a young age, we rarely spent time together. But since we were on good terms after the incident, he wanted me to stay with him."

"However, he was already married and had a child at that time. How could I go stay there and disturb them?" Yan Zhiqing said. "My brother keeps feeling like has a responsibility to care for me."

"My dad died very early on, so my brother has always felt especially guilty about not being able to fulfill his duty of taking good care of me as my older brother. He also particularly wishes that I'll be able to live well, with everything going favorably for me."

"So, even if it's not you but someone else, my brother wouldn't be fully satisfied even if he felt that person was decent," Yan Zhiqing said with a smile. "I think that older brother of mine thinks no one can be compared to him."

“Then what do you think?” Wei Wucai asked right after.

“What?” Yan Zhiqing blanked out for a moment before realizing what Wei Wucai was asking.

As such, he decided to pretend to be stupid.

This question was just digging her a grave.

Wei Wucai was making her compare him to Yan Beicheng and pick the superior one.

Wasn't this the same as a woman asking her husband who would he save if both she and his mother fell into the water at the same time?

Yan Zhiqing truly never expected that Wei Wucai would create a female version of this difficult question.

This man was truly too dangerous.

Refusing to let Yan Zhiqing pretend she was just naive, Wei Wucai asked her the same question again with clear and plain phrasing, “Do you think I'm better than your brother?”

When Yan Zhiqing saw that she couldn't avoid the question, she let out two dry laughs, “Haha. Well, it's not that you're better. You're as good as my brother.”

It was fine as long as there was no distinction between who was better.

Wei Wucai laughed. It hadn't been a waste to ask for a comparison.

“Anyway, my brother will definitely make things hard for you, but it just shows how important and precious I am to him. He will probably tell you that he won't let you have me so easily,” Yan Zhiqing said. “So, you mustn't get upset. No matter what my brother says or does, you have to bear with it.”

Wei Wucai would naturally behave as such.

Moreover, to him, this wouldn't be considered as having to endure in silence.

This was because to him, Yan Zhiqing was indeed very precious. He felt the same way as Yan Beicheng.

Wei Wucai had stolen Yan Beicheng's most precious younger sister. How could he not allow Yan Beicheng to make things difficult for him?

So, Wei Wucai didn't see this as a problem at all.

It was just that Yan Zhiqing was clearly on Yan Beicheng's side.

Wei Wucai now had a different complaint.

“Didn't you say that your brother and I are equally important to you? Why do you want me to endure for his sake now?” Wei Wucai said.

## **Chapter 3320: He Couldn't List Any**

In Yan Zhiqing's opinion, Wei Wucan most likely wouldn't have to deal with the difficulties of handling a conflict between a mother-in-law and a daughter-in-law.

But she herself would have to struggle to deal with the conflicts between in-laws.

"What about this?" Yan Zhiqing cuddled in his arms. Suddenly, she tiptoed and gave him a kiss on the lips. "If I do this, can you endure for my sake?"

Wei Wucan was surprised and filled with joy.

Initially, he just wanted to see her struggle and find out what choice she might make.

He never expected to get a kiss from Yan Zhiqing.

"There is nothing I can't endure for your sake." Wei Wucan seized the opportunity to make himself more favorable.

Wei Wucan wrapped his arms around Yan Zhiqing's waist and gently supported her back with both his hands. Then, he conveniently held the hands she had placed behind her back.

He lowered his head and kissed Yan Zhiqing on the lips.

'I am kissing my girlfriend right now.' Wei Wucan thought with a smile, 'This feels good.'

It would be even better if he would soon be kissing his wife.

Yan Zhiqing had no idea that Wei Wucan was having such secret thoughts. Since their relationship was now official, there was this particular confidence.

There was nothing better than this.

While they were kissing, Wei Wucan carried Yan Zhiqing.

Yan Zhiqing immediately felt nervous. She froze for a moment and could no longer relax.

As Wei Wucan was holding her, he obviously felt it.

Wei Wucan smiled and said softly, "I am not carrying you to the bed."

Yan Zhiqing's face flushed red.

She didn't think... didn't think about...

Alright. She admitted that she did think about that.

Wei Wucan then teased her. "Perv."

Yan Zhiqing's eyes instantly widened as she glared at him.

Who was the pervert?!

She did have the wrong idea.

But she just thought that was what he was thinking as well.

She wasn't a pervert.

She was at most... thinking that he was the pervert.

However, Yan Zhiqing didn't dare to say these things out loud.

For some reason, after knowing Wei Wucai more, Yan Zhiqing felt even more scared to provoke him, especially since they got together.

If this was in the past, she would dare to say anything while they were arguing!

But now, Yan Zhiqing felt that she had become a coward!

While she was thinking that, Wei Wucai carried her to the sofa.

The sofa was very wide. If the two just curled their legs back a little, they could very comfortably fit on the sofa.

Wei Wucai leaned on the sofa and kept his legs widened as he held Yan Zhiqing in his arms.

"During the day, I was hoping to announce this while we are leaning against each other like this. But it didn't happen because I didn't expect them to follow us to the room." Wei Wucai lowered his head and kissed Yan Zhiqing on the hair.

Yan Zhiqing smiled and laid in Wei Wucai's arms in a well-behaved manner.

"Oh no!" Yan Zhiqing suddenly said.

"Why?" Wei Wucai looked down and asked.

"I only remembered to tell my brother, but I forgot about the most important people—my grandpa and grandma." Yan Zhiqing looked to the back with a guilty expression on her face.

"It has been some time since we announced, and I still haven't told them. They must be really sad." Yan Zhiqing checked the time and said, "Looking at the time now, they must be resting already."

"Regardless of whether they are resting or not, we should tell them immediately." Wei Wucai said, "Don't delay important things."

Yan Zhiqing nodded and quickly called the family home phone.

But expectedly, when Old Mrs. Yan picked up the phone, she sounded very awake. She didn't sound sleepy at all.

"Zhiqing." Old Mrs. Yan sounded very excited.

"Grandma, you haven't slept?" Yan Zhiqing asked.

"No. How can I sleep when we have good news in the family? Your grandpa hasn't slept as well. We just received a lot of congratulations and blessings." Old Mrs. Yan said.

"Grandma, you knew?" Yan Zhiqing said slowly.

“How can I not know about such a big matter? However, it was your brother who had told us first. He was worried that you two might have too much to do and wouldn’t be able to take care of everything. And so, he told us first.” Old Mrs. Yan laughed as she explained.

“We were thinking that we wouldn’t add more to your plate when you have a lot to do already. We were going to wait until tomorrow when you are done with everything today to give you all a call and ask about the details.”

Old Mrs. Yan didn’t blame them at all. Instead, they were worried that they might cause them more trouble.

But this made Yan Zhiqing even more guilty.

“Grandma, I am sorry. I should have thought of telling you at the first moment.” Yan Zhiqing said.

Old Mrs. Yan sounded very carefree as she said, “It’s nothing. Don’t worry about it. We are very happy that you and Xiao Cai got together.”

“Previously, I was wondering about the kind of girl that Xiao Cai, who is such a good kid, might end up dating. At that time, you two were like water and fire, so I didn’t dare to put you two together.”

“But who would have expected this kind of fate to happen? You two were like enemies, but you two ended up together.” Old Mrs. Yan laughed happily, “Thank goodness Xiao Cai wasn’t taken by another family at a cheaper price.”

“I knew that good kids belong to our family. We won’t let any one of them get away.” Old Mrs. Yan said in a very domineering manner.

Thankfully, the Yan Family didn’t have many kids. Otherwise, wouldn’t that mean they wouldn’t let people take even the leftovers?

“Grandma, although you and grandpa aren’t mad, I still made a mistake. It was my fault for being inconsiderate.” Yan Zhiqing said.

Dong Muping was mad because Wei Wucui didn’t tell her first.

If the two elders valued Yan Zhiqing greatly, how would it be possible that they felt no disappointment?

The two elders weren’t mad because they were forgiving.

However, they definitely hoped that she could have told them about it before the announcement.

“You are too kind,” Old Mrs. Yan said.

At this moment, Old Mr. Yan’s voice could be heard on the phone.

Yan Zhiqing couldn’t hear clearly what Old Mr. Yan had said.

After a while when Old Mr. Yan was done talking, Old Mrs. Yan explained, “Your grandpa said that it was wrong of you to not tell the elders at the very first moment. However, it’s okay since you two did have a lot to do.”

“To compensate us, you have to first bring Xiao Cai back to the family house when you are done filming. We must be the first people to see you two.” Old Mrs. Yan said, conveying the message for Old Mr. Yan’s sake.

“Definitely. Definitely.” Yan Zhiqing said, “We have the same thought here. I have to tell Xiao Cai about this. When we are done filming, the first thing we will do is to go back to the family home to see you two.”

“Then, everything is fine.” Old Mrs. Yan said in a carefree manner, “Alright. Don’t overthink this and stop feeling guilty. This is a good thing as well. When your brother was talking about this, he sounded like he had complaints about Wei Wucai. But it’s only because you are his sister and he has high standards for who his brother-in-law should be.”

“Even if he has high standards, when I asked him to tell me what complaints he had about Xiao Cai, he couldn’t list any complaints.”
