Chapter 3321: What Comes Out of a Guy's Mouth Cannot be Believed!

"He pondered for almost half a day and finally said that Wei Wucai was too old," Old Mrs. Yan wanted to laugh as she thought about Yan Beicheng's tone of speaking.

"He was just faking it; he was clearly rather satisfied with Xiao Cai," Old Mrs. Yan said.

Wei Wucai heard what Old Mrs. Yan said.

At this moment, he stretched his hand toward Yan Zhiqing, gesturing for her to give him the phone so that he could speak a few words to Old Mrs. Yan.

Yan Zhiqing was so impressed at the fact that Wei Wucai wasn't even nervous.

She had been so nervous when she was talking to Dong Muping on the phone.

But Wei Wucai actually asked to talk to Old Mrs. Yan.

"Even if I am nervous, I still need to say a few words to the elders so that they can feel assured and would let me take care of you," Wei Wucai said.

At this moment, Yan Zhiqing felt that Wei Wucai was so reliable.

Wei Wucai didn't try to lower his volume. Therefore, Old Mrs. Yan heard what Wei Wucai said through the phone.

Old Mrs. Yan nodded to herself, sharing the same thought as Yan Zhiqing.

She also felt that Wei Wucai was really reliable.

In this situation, he was still able to take the initiative to ask to speak to the elders. This showed that he was extremely reliable.

Simultaneously, it was because Wei Wucai was confident. He didn't think he was someone who couldn't face the elders of his partner.

The Old Mrs. Yan really admired these qualities.

Old Mr. Yan was watching at the side and saw Old Mrs. Yan nodding in agreement.

He thought that Yan Zhiqing had said something.

And so, before Old Mrs. Yan hung up, Old Mr. Yan asked in a hurry, "What happened? What did Zhiqing say?"

Old Mrs. Yan covered the phone and whispered to Old Mr. Yan, "It's not Zhiqing. It's Xiao Cai. He wants to talk to us. This child is very reliable. He's not scared at all. That's good. Zhiqing has good taste!"

When Old Mr. Yan heard this that Wei Wucai was the one being complimented...

He immediately showed the same disgusted expression that had appeared on Yan Beicheng's face as he said, "He just has a slick mouth and likes to say sweet things. You are normally very smart. You fell for it just because he said a few good words?"

Knowing that it was just Old Mr. Yan being petty, Old Mrs. Yan simply ignored his words.

Old Mr. Yan was just like Yan Beicheng.

He felt as though someone had taken away Yan Zhiqing from him.

"Where is Xiao Cai? Pass the phone to him," Old Mrs. Yan quickly said to Yan Zhiqing.

Yan Zhiqing didn't expect Old Mrs. Yan to have such a good hearing at this old age.

She wasn't like other old people with difficulty hearing.

"I will pass the phone to him." Yan Zhiqing said.

And she then handed the phone to Wei Wucai and even raised her brow at Wei Wucai.

It was you who said that you wanted to talk to Old Mrs. Yan.

You can't back out from this now.

Of course, Wei Wucai wasn't thinking about backing out.

He quickly took the phone and placed it next to his ear. He then called out, "Grandma, I am Xiao Cai."

Yan Zhiqing's jaw dropped; shocked.

She wasn't shocked because Wei Wucai referred to Old Mrs. Yan as 'Grandma'.

Considering Wei Wucai's shamelessness, Yan Zhiqing had totally expected this.

And so, she wasn't surprised when she heard him say that.

She was surprised to hear Wei Wucai introduce himself as Xiao Cai.

It had to be known that only people close to him could call him Xiao Cai.

No one else was allowed to call him that.

And when Yuan Jiangyi and the others first started calling him that, they were beaten up a few times.

And now, Wei Wucai had accepted this nickname.

Yan Zhiqing was the only exception. He had asked Yan Zhiqing to call him Xiao Cai.

As for the others, he could take it if others called him Xiao Cai as well.

However, for the longest time being, Yan Zhiqing had never heard him introduce himself as Xiao Cai.

Clearly, he was trying to create a good impression for Old Mrs. Yan.

Wei Wucai was really trying very hard.

As expected, when Old Mrs. Yan heard what he said, she responded in a very approachable manner.

Old Mrs. Yan obviously knew about the origin of the nickname Xiao Cai and was aware of what Wei Wucai's attitude indicated.

Seeing that Wei Wucai was taking the initiative, she knew that he wanted to leave a good impression.

Wei Wucai was doing this because he liked and cherished Yan Zhiqing.

This made Old Mrs. Yan happier than ever.

Old Mrs. Yan chuckled and said, "Your grandpa is at the side as well. Should I turn on the speaker so we can all talk together?"

When Old Mr. Yan heard this, he wondered what magic potion Wei Wucai had brewed through the phone to make Old Mrs. Yan smile from ear to ear and hope that Wei Wucai could become her grandson-in-law right now.

"Is Grandpa still awake? If that's the case, then, of course, we should," Wei Wucai's voice sounded surprised and cheerful. "I will turn on speaker as well and have Zhiqing join our conversation, too"

"Alright." Old Mrs. Yan obviously didn't object to this.

She immediately turned on the speaker.

Wei Wucai did the same as well.

Yan Zhiqing first called out, "Grandpa, can you hear me?"

"I hear you." Old Mr. Yan changed the topic and said in an annoyed tone, "What time is it now? Why are you two still together?"

Wei Wucai was speechless.

Yan Zhiqing had to explain, "Grandpa, what are you thinking? You should behave like a respectable old man."

Old Mr. Yan didn't know what to say.

This naughty girl...

How was he not being a respectable old man?

"We had just released the announcement tonight, so we still have a lot to do. That's why we are still together. We received a lot of blessings and are replying to all the messages and checking for other people's reactions. Anyway, there are a lot of things to do and before we knew it, it was already really late," Yan Zhiqing explained.

"Grandpa, please don't worry. Zhiqing and I know our boundaries. We didn't break any rules or tradition." Wei Wucai said, "And we just started dating. We are not... this liberal."

Actually, he wanted to be liberal.

He was just worried that Yan Zhiqing might not like it.

Old Mr. Yan humphed. He didn't believe a single word that Wei Wucai said.

Words from a guy's mouth couldn't be believed!

He didn't care if Wei Wucai could hear him as he said to Yan Zhiqing, "Zhiqing, I am telling you that you have to protect yourself well on set since we can't be there with you."

"Don't fall for the sweet lies that a guy feeds to you. You have to be careful," Old Mr. Yan said, "What comes out of a guy's mouth cannot be believed. You have to remember this! To achieve their goals, they can say any lies."

The corner of Wei Wucai's eye twitched uncontrollably.

Did Old Mr. Yan forget that he was a guy as well?

Why the double standards?

He had no idea that Yan Beicheng was the same as Old Mr. Yan.

Hearing what Old Mr. Yan said, Yan Zhiqing felt embarrassed.

"I know," Yan Zhiqing, feeling embarrassed, said, "Grandpa, how can you tell me these things! That's inappropriate."

"What did I say?" Old Mr. Yan was very confused.

Old Mrs. Yan pushed Old Mr. Yan to the side and scolded him, "Look at you worrying for nothing!"

Chapter 3322: Do You Think Xiao Cai Had Forgotten About Her As Well?

"Zhiqing, don't bother with him. Your grandpa was overthinking," Old Mrs. Yan said, "However, your grandpa said some reasonable things as well."

Old Mr. Yan felt furious at the side.

If he had said something reasonable, why did this old woman complain about him?

"You are alone on set and we are not there with you. As a girl, you do have to be more careful." Old Mrs. Yan said.

Wei Wucai was speechless.

He thought that Old Mrs. Yan liked him.

With this, Old Mrs. Yan smiled and said, "Xiao Cai, I am not talking about you. I believe that you are definitely not someone who only knows how to say sweet nothings and lie to girls. You are not someone who can't control himself when you are alone with a girl."

Wei Wucai was speechless.

According to what Old Mrs. Yan said, if he were to lose control of himself, would he be considered a beast?

Old Mrs. Yan was much more cunning than Old Mr. Yan!

She was so cunning!

“Grandma, don’t worry. I promise you I won’t,” Wei Wucai said.

Yan Zhiqing couldn’t say a single word.

She wanted to tell the two elders that they should worry about her losing her self-control instead of Wei Wucai not being able to hold himself back.

She wasn’t certain as to whether Wei Wucai could hold himself back or not.

However, Yan Zhiqing knew that she would struggle to control herself if Wei Wucai, with his good looks, were to appear in front of her every day.

Old Mr. Yan and Old Mrs. Yan finally hung up.

It was unknown as to whether they had truly felt reassured.

Anyway, Wei Wucai no longer had to hide from the two elders. In Yan Zhiqing’s words, he had passed the grandparents’ first test.

Why did she say the first test?

It was because both grandparents had a good impression of him and had agreed to let him date Yan Zhiqing.

His future prospects still depended on how well he performed.

If not, he would still be kicked away.

Wei Wucai felt like he still had a long way to go. The journey ahead was difficult.

The grandparents’ words still rang in their ears even after the phone call.

Initially, Wei Wucai had been thinking about doing something, but he didn’t even dare to have such thoughts anymore.

After being threatened and instructed by Yan Zhiqing’s grandparents, Wei Wucai didn’t dare to conjure such thoughts anymore.

Wei Wucai even felt as though it was outrageous to even be holding Yan Zhiqing.

Seeing how well-behaved he was, Yan Zhiqing wondered if the grandparents had scared Wei Wucai.

Yan Zhiqing thought to herself. Why not give Wei Wucai some time to process this?

And so, Yan Zhiqing said, “It’s late. I will go back first and we can meet tomorrow.”

“Alright.” Wei Wucai didn’t think it was late because of what the grandparents said. He truly thought so, hence, he didn’t ask Yan Zhiqing to stay longer.

However, Yan Zhiqing misunderstood.

She blinked. She totally did not expect Wei Wucai to let her go without a single complaint.

He didn't even try to get her to stay.

Yan Zhiqing felt a little disappointed.

She stood up silently and saw that Wei Wucai stood up as well, sending her to the door.

Yan Zhiqing placed her hand on the door handle before she suddenly turned around.

She faced Wei Wucai who had been standing behind her.

"Are you doing this because of what my grandparents said?" Yan Zhiqing suddenly asked.

"What?" Wei Wucai didn't realize it in the beginning.

After a few seconds, Wei Wucai finally understood.

Wei Wucai smiled and stared at Yan Zhiqing. The little girl actually felt puzzled that he had allowed her to leave easily.

Did she not want to leave?"

"Do you not want to leave?" Wei Wucai asked with a smile.

"It's not that," Yan Zhiqing hurriedly said.

Wei Wucai chuckled when he saw how nervous she looked. "I just thought that it was really late and you do need to rest early as you have to wake up early."

"However, your grandparents did influence me," Wei Wucai said, "However, it's not what you are thinking. I just thought that I might not be able to control myself if you continued to stay here. I would then break the promise I made to your grandparents."

Yan Zhiqing felt as though he had read her mind.

Immediately, she felt embarrassed to even set eyes upon him.

If he knew that she didn't like that he didn't try to get her to stay...

That.. would be so embarrassing.

"I.. I wasn't thinking of anything," Yan Zhiqing immediately responded, "I'm leaving. Goodnight."

With this, Yan Zhiqing turned to open the door.

But when she was just about to turn, Wei Wucai grabbed her shoulder and pulled her back.

Simultaneously, he kissed her on the lips.

He pressed her on the door.

Wei Wucai was much taller than Yan Zhiqing. He lowered his head and arched his back down, kissing her in a rather tiring position.

As such, he subconsciously carried Yan Zhiqing.

After a while, Wei Wucai freed her mouth and said, "Are you saying that you'll allow me to proceed to the next step?"

"No. That's not what I meant." Yan Zhiqing hastily asked Wei Wucai to let her down.

After she could stand firmly, she said, "I'm going back."

This time, Wei Wucai didn't stop her.

Yan Zhiqing quickly opened the door and ran out.

Wei Wucai followed her at a moderate speed to her door.

When he saw that she had gone into the room and closed the door, he then went back to his room.

Wei Wucai had no idea that Yuan Jiangyi and Hao Donghuai didn't go back to their own rooms after they had left.

Yuan Jiangyi went with Hao Donghuai to his room.

Hao Donghuai thought it was weird and asked in a disgusted tone, "Why are you following me back to my room?"

He wasn't a girl. Why was Yuan Jiangyi being so clingy?

Yuan Jiangyi could instantly tell what Hao Donghuai was thinking.

He rolled his eyes and said, "What nonsense are you thinking?! You are a rough old dude. Don't think too highly of yourself!"

Hao Donghuai pursed his lips and said, "Then, why are you coming back with me to my room? You should know that you have your own room. We don't share a room!"

"F*ck you." Yuan Jiangyi rolled his eyes again with an annoyed attitude as he said, "I am here to discuss some serious matters with you. It was difficult for me to talk about it in front of Zhiqing in her room."

It was rare for Hao Donghuai to see Yuan Jiangyi being so serious.

As such, he stopped joking.

Yes. Hao Donghuai had been joking with Yuan Jiangyi.

"What is it?" Hao Donghuai was curious. "Why are you being so mysterious about it?"

"It has nothing to do with my mysteriousness." Yuan Jiangyi said, "Did you forget about Hu Kaiyin?"

Hao Donghuai shuddered in shock, "F*ck! I forgot!"

"Isn't she out completing a mission? If I remember correctly, she has been away for a year." Hao Donghuai said, "Because she has been away for too long, I forgot about her."

“Do you think Xiao Cai had forgotten about her as well?” Yuan Jiangyi lowered his volume.

They were the only ones in the room, but Yuan Jiangyi was still whispering like he was mentally ill or something.

However, at this point, Hao Donghuai couldn't bother to roast Yuan Jiangyi.

“Don't even mention Xiao Cai. I almost forgot her. The members of the Hidden Light Unit usually do missions outside Mount Lan Compound. They usually leave for a minimum of 6 months to a year,” Hao Donghuai said.

Chapter 3323: Know About Hu Kaiyin?

In the past, Wei Wucai had explained to Yan Zhiqing about the Hidden Light Unit.

Missions completed by the Hidden Light Unit were extremely difficult.

Members of the Hidden Light Unit would have to collect all sorts of information and plan thoroughly before the start of the mission.

They had to consider all scenarios.

They also had to plan their escape.

They also had to keep track of their target's location for a very long time.

They had to figure out every little detail and habit that the target had acquired over time.

This ensured that the success rate would be above ninety percent.

There were so many things to prepare for before the mission...

So, members of the Hidden Light Unit would take a long time to complete a mission.

“Do you think Zhiqing knows about Hu Kaiyin?” Yuan Jiangyi asked Hao Donghuai.

“She couldn't possibly? I don't think Xiao Cai is someone who will talk about this himself. Plus, Xiao Cai never liked Hu Kaiyin and had never considered her as someone important. Why would she specially mention her to Zhiqing?” In Hao Donghuai's opinion, if it wasn't someone Wei Wucai considered important, Wei Wucai wouldn't even think about them.

This meant he wouldn't even mention them to Yan Zhiqing.

“Even so, Hu Kaiyin is the only female member in the Mount Lan Compound, excluding the back office, which includes the medical department,” Yuan Jiangyi said.

The members of the back office rarely interacted with them.

There were extremely high requirements to become a member of the back office.

Especially the medical and IT department... Unless someone was a unique genius, very few people could achieve a lot in these fields.

Mount Lan Compound had very high requirements. The high-tech inventions weren't easily created and the medical skills of the members of the medical department couldn't be acquired by an average human being.

Therefore, the members of these departments were highly skilled.

They had a lot of experience and high technical skills.

Of course, they weren't young.

Even the age of 40 was considered young among them.

Even if Wei Wucai was injured during a mission and received treatment at the medical department, there was no way he could have developed a relationship with someone from the medical department.

The people that interacted with them the most were the field team members.

As for Hu Kaiyin, she was the only female field team member in the Hidden Light Unit.

They received training together since young.

When they passed the test and officially joined the Mount Lan Compound, they were sent to different departments based on their specialty.

Aside from the daily basic training, they then had to be trained by their own departments.

However, they would still be doing the basic training.

This meant that Wei Wucai had been training with the members of the Hidden Light Unit.

The interaction with the only female member Hu Kaiyin was naturally inevitable.

When they were at work, there was no differentiation based on gender.

However, when it wasn't during work, everyone thought that since Hu Kaiyin was the only girl in the department...

They thought that it was really hard for her, as a girl, to also receive the same cruel training since young.

Therefore, they tried to take care of her more.

Yet, these acts of care had nothing to do with the love between a man and a woman.

Hu Kaiyin had always behaved in a cold and aloof manner.

They had never expected her to like anyone.

It was more likely for her to kill someone.

Hu Kaiyin had always exuded this aura of death.

But expectedly, on Hu Kaiyin's eighteenth birthday, she went over and confessed to Wei Wucai.

Obviously, the confession was done privately instead of in front of everyone.

But Yuan Jiangyi and Hao Donghuai still heard it.

Yuan Jiangyi and Hao Donghuai could swear that they hadn't done it on purpose.

They had accidentally heard the confession.

Chapter 3324: I Don't Dare to Overdramatize Her Feelings

They could still remember the aura of death emanating from Hu Kaiyin when she realized that they had heard everything.

The two literally felt a shiver down their spines.

However, Hu Kaiyin's confession was obviously rejected by Wei Wucai.

And it had been so many years, but Wei Wucai had yet to change his mind.

However, similarly, it had been so many years and Hu Kaiyin hadn't changed her mind as well.

And since the two members of the Mount Lan Compound famous for having loose mouths heard her confession, she seemed to have felt that there was no longer a need to keep it a secret anymore.

She couldn't keep it a secret anyway.

Therefore, Hu Kaiyin stopped trying to hide her feelings.

Even when she was in front of people, she was blatantly showing her feelings toward Wei Wucai.

Wei Wucai had very firmly rejected her. Still, Hu Kaiyin didn't give up.

As they were teammates, they often saw each other at the Mount Lan Compound.

Wei Wucai could only ignore her and avoid her. He tried his best not to see her.

Once, Wei Wucai was really annoyed and rejected her in front of everyone, refusing to prevent her from being embarrassed.

Although he didn't say anything horrible, he had a stern look and rejected with a cold and firm tone, which was enough to express how annoyed he felt.

Unfortunately, he couldn't reciprocate Hu Kaiyin's affection.

Although Hu Kaiyin felt embarrassed, she still didn't give up on liking Wei Wucai.

Even so, she still liked him for over a dozen years now.

Some might be touched by such feelings.

Even a heart as hard as a rock would soften by such a deep feeling.

However, Yuan Jiangyi and Hao Donghuai thought this was scary.

It was understandable to like someone for a year or two or even three, or four.

But relentlessly pestering someone was annoying.

Hu Kaiyin's refusal to give up on liking Wei Wucai after over a dozen years might be described euphemistically as deep love.

She knew he had no feelings for her and that he had firmly rejected her...

Yet, she still wouldn't give up even though she had already caused trouble for the person she liked for over a dozen years now.

She still liked him.

That wasn't touching at all.

That was terrifying!

However, eventually, Hu Kaiyin started doing missions outside of the Mount Lan Compound as an official member of the Hidden Light Unit.

The type of mission conducted by the members of the Hidden Light Unit had been explained before.

The completion of a mission would take at least six months to a year.

This time, half of the people at the Mount Lan Compound, including the members of the Hidden Shadows, visited the film studio.

Anyway, everyone was actively participating in gossiping about Wei Wucai's love life.

The only people who couldn't join were the members of the Hidden Guards and Hidden Light as they were out on missions.

Eventually, everyone started doing their own assignments and everyone became busy.

Hu Kaiyin had less chance to come to see Wei Wucai.

And so, a long time had passed. Wei Wucai didn't think Hu Kaiyin was anyone of importance, and the possibility that he had long forgotten her was present as well.

Even Yuan Jiangyi and Hao Donghuai had forgotten about her as well.

However, Wei Wucai and Yan Zhiqing had announced their relationship.

This caused Yuan Jiangyi to remember that there was a girl who liked Wei Wucai in Mount Lan Compound.

If it was just a normal crush, it would have been fine.

There aren't many people who were so stubborn and fixated.

And there were people who would still want to be homewreckers, even when they were aware that the person they liked already had a girlfriend or a wife.

But such people were few in number.

Most people would have a sense of moral decency.

If they see that the person they liked had a girlfriend, they would retrieve their feelings and find someone else to crush on. They wouldn't stubbornly fixate on one person.

The person didn't like you, as you weren't good enough.

Why would you be someone else's bitch?

There were people who liked you and could see the good in you.

Wasn't it better to just walk away in a carefree manner without saying a word?

In comparison, someone like Hu Kaiyin would be a little terrifying.

Hao Donghuai shuddered and rubbed his arms as he whispered to Yuan Jiangyi, "This... Hu Kaiyin liked Xiao Cai, but Xiao Cai was single, so it was fine if she did like him. Although she did like him for a very long time, we can't say that she was doing something wrong, right?"

Although it did seem like an obsession since she liked someone for over a dozen years, she hadn't been doing anything wrong.

You couldn't say that she had been doing something wrong.

Was it wrong to like someone?

Nope.

"But Xiao Cai has a girlfriend now, so he isn't single anymore." Hao Donghuai said, "In this case, Hu Kaiyin can't continue to bother Wei Wucai, right? She should have some self-respect."

Yuan Jiangyi smiled and said, "If she had some self-respect, why won't she change her mind after being rejected so many times? She was even publicly rejected by Xiao Cai..."

Initially, Yuan Jiangyi thought the same as everyone else. After all, Hu Kaiyin was the only girl in the field teams.

He did think that it wasn't easy for a girl to do that kind of work.

It had nothing to do with love. He just thought Hu Kaiyin was suffering more than them, so he cared for her more just like everyone else.

In the beginning, when Hu Kaiyin had a crush on Wei Wucai, Yuan Jiangyi didn't think it was anything strange.

That was normal.

He soon saw that Hu Kaiyin wouldn't give up on Wei Wucai to the extent that Wei Wucai was distancing himself from her and was even openly disliking her.

Hu Kaiyin had already caused trouble for Wei Wucai.

But she still continued to ignore Wei Wucai's show of dislike and persisted in showing the affection that had already troubled Wei Wucai.

At that time, Yuan Jiangyi had some complaints about Hu Kaiyin.

He had become much colder toward her.

He used to help her with some things, but he refused to provide her with any help.

In the end, even when Wei Wucai had publicly said that she had caused her trouble and that he found her to be annoying...

Hu Kaiyin still chose to ignore what Wei Wucai said.

Since then, Yuan Jiangyi had gotten really cold toward Hu Kaiyin and tried to minimize any interaction with her.

Wei Wucai hadn't been unreasonable.

Since Wei Wucai was reasonable and since Wei Wucai was Yuan Jiangyi's friend...

Yuan Jiangyi obviously chose to take Wei Wucai's side without any hesitation.

"Therefore, I was just worried that she hadn't seen the announcement that Xiao Cai and Zhiqing had released since she is out on a mission. Even if she saw the news, she still wouldn't be able to respond to it on time." Yuan Jiangyi said to Hao Donghuai.

"What if it was after she's done with her mission? Will she come after Zhiqing because Wei Wucai didn't reciprocate the dozen years of feelings she gave him?"

"I don't dare to overdramatize her feelings," Yuan Jiangyi said, "Considering how determined she was to have Xiao Cai, I think she is mentally sick."

"In the past, we admired her because she was able to be on par with us in training even though girls have weaker physical strength and endurance than men. She had never been behind in training and she persevered and successfully became the only female member of our team."

"However, the thought of her determination in regards to her feelings for Xiao Cai, it feels like her endurance and persistence stemmed from her obsession."

Chapter 3325: How Can You Scold Me

"If she wasn't this persistent, she wouldn't have held on to her affection until now."

"If she has such obsession, do you think she will give up even if Xiao Cai has already started dating Zhiqing?"

"She has persistently kept her affection for years. If you suddenly ask her to give up one day, would you be able to accept it if you were in her shoes?" Yuan Jiangyi asked Hao Donghuai.

“From another point of view, if you have had a hobby for years and someone suddenly told you to give up on pursuing your hobby and throw everything related to your hobby away, will you be able to accept it?”

Hao Donghuai immediately shook his head and said, “I definitely can’t accept that.”

However, that was different...

Still, Hao Donghuai didn’t say what he thought.

Because he had realized...

He might think that those were two different things, but they might be the same to Hu Kaiyin.

“Hu Kaiyin is not like any other love rival. If she was any other woman, they would at most play tricks and plan schemes like what Lu Xiuse and Luo Qingxian had done. However, with the absolute power exerted by the Yan Family, any tricks and schemes are just jokes. Therefore, there’s no need for Zhiqing to be afraid of them.”

“However, Hu Kaiyin is different. She might not have a powerful family background, but she is extremely capable in fighting. She learned skills that can kill at first strike.” As Hao Donghuai thought about this, he realized even more that Hu Kaiyin was extremely dangerous.

“She would neither reason nor plot schemes against you. However, she would wound and even kill you at first strike,” Hao Donghuai said, “She’s so straightforward that she is a menace to Zhiqing.”

Yuan Jiangyi nodded and said, “That’s what I am worried about.”

“And it’s of no use to report this matter to the house leader. After all, we are only guessing and, she hasn’t made a move just yet.” Yuan Jiangyi frowned.

“If we waited until she made a move, it would be too late,” Hao Donghuai said in a deep tone.

“That’s what I thought as well.” Yuan Jiangyi said, “That’s why I brought this up with you. What should we do now?”

“Sigh. Why does Hu Kaiyin make us worry?” Hao Donghuai scratched his head and said, “It would be great if she wasn’t so strong in fights, right?”

Hao Donghuai and Yuan Jiangyi were able to win against Hu Kaiyin in a fight.

Wei Wucai could win against her as well.

So, what if they could beat her in a fight?

Ordinary bodyguards wouldn’t be able to beat her.

Do you think those important figures would not have bodyguards around them?

However, those bodyguards were all taken down by members of the Hidden Light Unit.

Wei Wucai couldn’t stay beside Yan Zhiqing every hour of the day as well.

Even if Yan Beicheng hired bodyguards for Yan Zhiqing, she could still be in danger if Wei Wucai wasn't beside her.

"However, Zhiqing can hire the Hidden Guards," Hao Donghuai said.

"Eh?" Yuan Jiangyi was so surprised that he smacked Hao Donghuai on the shoulder and said, "Hao Zi, I am surprised. Your brain actually works fast!"

Hao Donghuai: "..."

Yuan Jiangyi made it sound as though he had always been stupid.

"You can't even think about this, which means you are stupid," Hao Donghuai said in a disdainful tone.

Yuan Jiangyi started explaining for his own sake, "It's hard to see your own shadow. Because I have always been in the Mount Lan Compound, I forgot about the Hidden Guards."

"No matter what, let's talk to Xiao Cai about this tomorrow," Hao Donghuai said, "We will see how he plans to deal with this."

"Right." Yuan Jiangyi nodded and said, "Even if we spent half a day analyzing this situation, it's still conjectures."

"Alright." Hao Donghuai said, "You should get some rest soon. It's been a busy day."

"Sure." Yuan Jiangyi bid goodnight to Hao Donghuai and left Hao Donghuai's room.

The next morning. Because Yuan Jiangyi and Hao Donghuai were thinking about the issue concerning Hui Kaiyin.

They woke up early.

They didn't sleep well.

Wei Wucai had just tidied up himself and was just about to tell Yan Zhiqing that he was awake.

But then, he heard knocks on his door.

Wei Wucai thought that it was Yan Zhiqing.

He couldn't help but grin widely.

He immediately opened the door.

But then, the moment he opened the door, he was disappointed.

He didn't see Yan Zhiqing's sweet and beautiful face at the door.

He saw Yuan Jiangyi and Hao Donghuai's faces, which looked like old ass cabbages.

Wei Wucai immediately stopped smiling.

"Why are you two here so early in the morning?" Wei Wucai said scornfully.

He was happily hoping to see Yan Zhiqing and didn't expect to see these two.

The expectation and reality were so different.

How could Wei Wucai not feel any disappointment?

Yuan Jiangyi and Hao Donghuai were like thieves, rushing through the door.

They closed the door, with one on the left and one on the right, each of them held Wei Wucai's arm.

Wei Wucai was speechless.

"What are you two doing?" Wei Wucai asked with a helpless expression.

"Xiao Cai, have you forgotten Hu Kaiyin?" Hao Donghuai asked immediately.

Wei Wucai's face instantly darkened as he said, "Why are you talking about her?"

Wei Wucai had really forgotten about her.

Wei Wucai felt grossed out by Hu Kaiyin. It took him a lot of effort to forget about Hu Kaiyin, but Hao Donghuai had to bring her up again.

The thought of Hu Kaiyin immediately put Wei Wucai in a bad mood.

"We don't want to talk about her, too," Yuan Jiangyi said, "However, you are dating Zhiqing now. I am worried that she might harm Zhiqing if she finds out about it."

As expected, Wei Wucai's reaction was much quicker than Hao Donghuai's.

Without Yuan Jiangyi explaining anything, Wei Wucai had already thought of so many things.

Wei Wucai's face immediately became gloomy.

"Dispatch some Hidden Guards here." Wei Wucai had the same idea as well. It was impossible for him to be constantly around Yan Zhiqing.

He couldn't be with her when Yan Zhiqing was filming.

Hao Donghuai, who was at the side, said, "Old Yuan, look! Xiao Cai's reaction is much faster than yours."

Wei Wucai instantly thought of using the Hidden Guards.

Unlike Yuan Jiangyi, he wasn't worried about the bodyguards.

"How can you scold me?" Yuan Jiangyi, refusing to yield, said, "You didn't even react when I mentioned Hu Kaiyin."

Hao Donghuai decided not to lower himself to the same level as Yuan Jiangyi as he asked Wei Wucai, "Are you going to tell Zhiqing about Hu Kaiyin?"

"I will still tell her. It wouldn't be good if this caused any unnecessary misunderstandings," Yuan Jiangyi said.

Wei Wucai nodded and said, "You have to tell her the truth."

“If Hu Kaiyin could really give up in a carefree manner, that would be great.” Wei Wucai said, “But if she still intends to seek trouble with Zhiqing, I can’t let Zhiqing be confused. I have to tell Zhiqing about her.”

These were the types of troubles you would have to deal with when you were in a relationship.

For some reason, Yuan Jiangyi felt that it was rather good to be single.

He didn’t have to deal with so much trouble.

“Alright,” Hao Donghuai said, “We came early just to tell you this. It wouldn’t be good if we talked about it in front of Zhiqing, especially if you didn’t want her to know.”

“Then we will be leaving first.” Yuan Jiangyi said.

The two then left the room. This time, Wei Wucai muttered sincerely to the two, “Thanks.”

Chapter 3326: Are You Sure?

“We are brothers. Don’t need to be courteous.” Yuan Jiangyi waved his hand and left with Hao Donghuai.

Wei Wucai didn’t hesitate. He closed the door, turned around, and stepped in front of Yan Zhiqing’s door.

Yan Zhiqing heard the doorbell and immediately opened the door.

It was just as she had expected. Wei Wucai was here.

“Why are you so early today?” Yan Zhiqing was still getting ready. She thought that there was still some time, so she didn’t rush and was preparing herself in a calm and comfortable manner.

But then, she didn’t expect Wei Wucai to be here.

“I forgot about one thing that Old Yuan and Hao Zi remembered. They just came by early in the morning and reminded me about it. I thought I should come to tell you about it,” Wei Wucai said.

He went into the room and closed the door. He then asked Yan Zhiqing, “Are you busy now?”

Yan Zhiqing was just going to drink a cup of water.

When she heard what he said, she immediately stopped what she was doing and turned to ask, “What happened? Is it something important? You are being really serious.”

“It is very important.” Wei Wucai walked over and pulled Yan Zhiqing to take a seat. “I didn’t mean to hide this from you. I really forgot about it because I didn’t care. It was never on my mind, so I never thought of telling you about it.”

“But Old Yuan and Hao Zi just reminded me and I thought I should tell you about it,” Wei Wucai said.

“What is it?” Yan Zhiqing asked nervously, “If you are acting like this, it scares me even more.”

Wei Wucai himself felt worried as he didn't know how to explain this to Yan Zhiqing.

He pondered for a while before he said, "Do you remember what I told you about the situation at Mount Lan Compound?"

"I remember." Yan Zhiqing remembered it very well.

Wei Wucai scratched his nose and said, "You asked me if I had liked anyone at the Mount Lan Compound and I told you no. Because the Hidden Light Unit only has one female member and the rest are all guys."

Yan Zhiqing felt her heart sink. "Are you going to tell me that you lied to me about this? Did something happen between you and that female team member?"

"What are you thinking?" Wei Wucai didn't know whether to laugh or cry as he explained, "That is a definite no. Nothing happened between me and her. However, she likes me and I never liked her back."

Wei Wucai hurriedly explained, "When she first confessed to me, I firmly rejected her. Yet, she wouldn't give up. I rejected her a few more times but my rejections were useless. She was so annoying that I had to reject her in front of everyone."

"But even so, she still didn't give up," said Wei Wucai. The mention of this made him feel really gloomy.

Yan Zhiqing sneered and said, "I knew it. How is it possible that no one liked you? I didn't expect you to hide this from me."

"No." Wei Wucai felt so wronged as he explained, "Do you remember what I told you about the Hidden Light Unit?"

Yan Zhiqing nodded.

Wei Wucai then said, "She's part of the Hidden Light Unit. Later on, she went on a mission and would never come back to the Mount Lan Compound for over a year. Since then, I rarely saw her and my life had always been comfortable. Therefore, I simply forgot about her. It is really because she hasn't been in my life for so many years."

"If so, are you sure she still likes you?" Yan Zhiqing asked.

"..." Wei Wucai hesitated for a second. When Yan Zhiqing asked this, he suddenly felt uncertain. "Erm... I remember that she still liked me when I last saw her."

"Anyway, she has been pursuing me for years," Wei Wucai said, "You should know what the Hidden Light Unit does. Her fighting skills are considered decent enough at the Mount Lan Compound."

"Old Yuan, Hao Zi, and I are all really worried that she might do something extreme if she discovered our relationship," Wei Wucai said.

"How extreme?" Yan Zhiqing asked.

"You know. The missions done by the members of the Hidden Light consist of injuring someone or taking someone's life," Wei Wucai said, "Therefore, I was worried that she might harm you out of embarrassment and anger."

Yan Zhiqing suddenly felt at a loss for words.

Wasn't she just dating him?

Why would her life be at risk now?

"Are you sure?" Yan Zhiqing asked, attempting to put up a desperate struggle. "Do you think maybe you had misunderstood her? What if she wasn't as obsessed as you thought she was?"

Chapter 3327: What Do You Mean It's Out of the Question for the Future?

"..." The corner of Wei Wucai's lips twitched. He said, "Of course, it's would be better if I misunderstood.

"However, I'm not afraid of the possibility of it being true; I'm just afraid of the unexpected. We need to be prepared for the worst-case scenario so that there won't be any trouble," Wei Wucai said.

"If something happens to you because we overlooked this issue, it will be too late then," Wei Wucai said.

Yan Zhiqing was silent for a moment before slowly asking, "Then what do you want to do?"

"I intend to have a few Hidden Guards dispatched here to protect you," Wei Wucai said. "Normal security guards are of no use at all. They're like paper tigers in front of her. The only people who are capable of stopping her are those who have the same kind of background as those of us from Mount Lan Compound.

"But I'm afraid that if it's just me protecting you alone, there are bound to be moments of carelessness," Wei Wucai said. "I would feel more at ease if we request for a few Hidden Guards to come here."

At present, Yan Zhiqing naturally wouldn't arrogantly say it was fine and that she didn't need anyone to protect her.

"But just when can this situation come to an end?" Yan Zhiqing said depressedly. "It can't be that I'll need to always have Hidden Guards at my side, protecting me for the rest of my life, right?"

"Even if I can tolerate it, it can't be that even our future children will have to be guarded like this, living a life without freedom and trembling with fear all day long? Preventing them from being like normal children, living happy lives... That's something I can't do."

Wei Wucai suddenly looked at her with a smile.

His pitch-black eyes curved upwards and stared at Yan Zhiqing without blinking.

It was an extremely gentle gaze.

Yan Zhiqing stared back blankly for a moment before saying puzzledly, "I'm talking to you about something serious."

Wei Wucai laughed and said, "Do you know what you said earlier?"

Yan Zhiqing was still engrossed in her thoughts, so she didn't realize what she had said even with Wei Wucai pointing it out.

Her mind was currently occupied by the sudden appearance of her terrifying rival in love, who could truly kill someone.

Seeing Yan Zhiqing continue to look at him with a bewildered expression...

Wei Wucai frustratedly let out a light sigh and said, "Earlier, you mentioned your whole life and even spoke of our children."

Yan Zhiqing blanked out for a moment and pondered about it. Then she realized... it did indeed seem like she had said such things.

Then Wei Wucai said, "Hearing you plan so far ahead for us, getting married and giving birth to kids... It makes me really happy."

"You said previously that you didn't know what we would be like in the future and that perhaps, we would break up... But in your subconscious, you were actually already certain about us. Moreover, you have a lot of faith in our future together."

"Otherwise, you wouldn't inadvertently blurt out our future and our children together. It's all because you already firmly believe that we'll definitely always be together," Wei Wucai said with a soft laugh.

Yan Zhiqing inwardly conceded that it was indeed just like Wei Wucai said.

Actually, she hadn't even realized that she had already developed such great confidence in their relationship a long time ago.

She had no idea of it until earlier when she blurted out those words.

It was only after Wei Wucai pointed it out that Yan Zhiqing finally realized she had so much faith in their relationship.

In her subconscious, she believed the two of them would walk to the end of the road together, and it would be a very, very long road.

It wasn't at all like at the beginning when words of worry had always been on her lips.

However, Yan Zhiqing was now raising her eyes and gazing at Wei Wucai for a moment. Then she said, "Before this, I did have confidence in us. But now, I'm not so sure. After all, our circumstances have changed. There's now this additional love rival, who could actually kill someone."

"I don't have any confidence in us anymore. I might be killed by her midway, let alone staying together until the end. There will be no future to speak of then," Yan Zhiqing said with a twitching mouth.

"What nonsense are you saying?!" Wei Wucai got so angry that he pinched her waist.

This girl truly dared to say anything!

She even dared to curse herself. She really didn't have the slightest bit of superstitious fear.

Fuming with anger, Yan Zhiqing let out a harumph. "Hmph!"

A dangerous love rival had suddenly appeared for no reason, yet she wasn't allowed to get angry?

Wei Wucai explained helplessly, "As long as there are Hidden Guards around, we won't need to be afraid of her taking action. And if she does dare to do something, I'll have a reason to file a complaint against her in Mount Lan Compound."

"With the Hidden Guards around, she won't be able to succeed in whatever she attempts to do. However, regardless of whether she succeeds or not, it will be a fact that she attempted to do something," Wei Wucai said. "As long as this fact exists, Mount Lan Compound will not protect her."

Mount Lan Compound's training coaches taught the members of Hidden Light the skills to kill and injure people. However, the training they went through wasn't for them to go around assaulting others due to personal matters.

The heavier the weapon one possessed, the more they had to restrain themselves.

This was one of the reasons why Mount Lan Compound had always been able to stay standing.

Otherwise, it would be too dangerous if Mount Lan Compound's great killing machines were let out. If Mount Lan Compound didn't restrain their people well, how could Mount Lan Compound be allowed to exist until now?

If someone were to violate their rules, Mount Lan Compound would not let that person off.

Although Wei Wucai said this, the matter still left a mark in Yan Zhiqing's mind.

It was impossible for her to be like before, without a single worry.

The two people left together and converged with Shi Xiaoya and the others in the lobby before heading off towards the set.

On the way there, Wei Wucai contacted the Hidden Guards and had them swiftly dispatch a few people over.

Everyone in Mount Lan Compound knew about how Hu Kaiyin liked Wei Wucai, including the Hidden Guards.

It was just that Hu Kaiyin had been away most of the time. So like Wei Wucai, Yuan Jiangyi, and Hao Donghuai, it had been a long time since the Hidden Guards last saw Hu Kaiyin hanging around Wei Wucai and making her presence known.

Therefore, they had also all forgotten about the matter regarding Hu Kaiyin.

It was only at this moment when Wei Wucai called them and requested for a few Hidden Guards to be dispatched to the set that...

Everyone finally remembered.

Hu Kaiyin still existed.

They couldn't help but sweat nervously on behalf of Yan Zhiqing. Not daring to waste time hesitating, the Hidden Guards reported the matter straight to Chai Yu.

The moment Chai Yu heard the report, he immediately dispatched four Hidden Guards to the set.

Four Hidden Guards was quite a big number compared to the norm.

However, they would still need time to get to the set.

Nevertheless, Hui Kaiyin was currently away on an assignment.

So it would be quite some time before she returned.

It would be a few days at the least. That was why Wei Wucai wasn't particularly nervous.

Upon reaching the set, Yan Zhiqing rushed toward the dressing room.

The public displays of affection that Yan Zhiqing and Wei Wucai showed Shi Xiaoya yesterday morning were a bit excessive.

So, Yan Zhiqing felt that she couldn't let Wei Wucai enter the dressing room today no matter what.

After all, it would be too much for them to always subject Shi Xiaoya to their public displays of affection, right?

As such, Yan Zhiqing hurriedly sent Wei Wucai away.

She then linked arms with Shi Xiaoya and headed toward the dressing room.

Once inside, Shi Xiaoya first opened her make-up box. She took out and arranged all the tools she would need for today's make-up.

Meanwhile, Yan Zhiqing went into the inner room and changed into her filming costume.

After Shi Xiaoya finished arranging her tools, she waited another ten minutes, but she still didn't see Yan Zhiqing come back out.

Shi Xiaoya's pulse started to race.

She couldn't help recalling that phone call Wei Wucai had in the car earlier.

Chapter 3328: Heh, Men

Wei Wucai contacted the Mount Lan Compound to dispatch Hidden Guards over here to protect Yan Zhiqing. Everyone in the car heard the conversation he had on the phone.

In Wei Wucai's opinion, there had been no outsiders in the car.

Especially considering that Shi Xiaoya and Fang Qiaohan were with Yan Zhiqing every day...

The two would be more alert if they knew about it.

Firstly, they would be more on guard if they were with Yan Zhiqing.

Secondly, Wei Wucai was worried that those two might get implicated in Yan Zhiqing's matter.

It would be better if all three of them could be more careful.

Therefore, Shi Xiaoya knew about Hu Kaiyin.

And now, Shi Xiaoya was instantly reminded of Hu Kaiyin.

If not, under what circumstances would Yan Zhiqing remain in the changing room for such a long time?

The changing room was very small and Yan Zhiqing's costume was the only thing stored in there.

Yan Zhiqing wouldn't even have the chance to hit anything.

Yan Zhiqing being in the changing room for such a long time caused Shi Xiaoya to have butterflies in her stomach.

Shi Xiaoya quietly walked to the door of the changing room and tried asking, "Zhiqing, is there an issue? You have been changing for a very long time. Why aren't you out yet?"

Inside the changing room, Yan Zhiqing's mouth was covered by a tall woman's hand.

Yan Zhiqing could feel a really hard, cold metal prodding her waist.

Yan Zhiqing's arms felt cold. Her mind went numb.

Wei Wucai had just mentioned Hu Kaiyin this morning.

Hu Kaiyin couldn't possibly be here so quickly, right?

Yan Zhiqing's face turned pale white.

She could hear Shi Xiaoya's voice, but she couldn't make a sound.

Her mouth was covered.

However, even if her mouth wasn't covered, Yan Zhiqing wouldn't dare to make a sound.

If she asked Shi Xiaoya to come inside, she would be implicating Shi Xiaoya in this situation.

And so, even if the person wasn't covering her mouth, Yan Zhiqing wouldn't make a sound.

Shi Xiaoya's heart sank.

The room was only that big.

She didn't hear Yan Zhiqing knocking or bumping into anything.

But Yan Zhiqing still wouldn't make a sound.

She had to have been held hostage by someone.

Shi Xiaoya hurriedly rushed out of the dressing room.

She staggered as she ran. Her whole body felt cold and her hands and feet felt numb.

“Wei Wucai!” Shi Xiaoya rushed outside while screaming.

Wei Wucai heard Shi Xiaoya’s voice and immediately had this ominous feeling.

He felt literal chills. It was as though the blood that circulated his limbs were taken out.

He quickly set the things in his hands aside and ran toward Shi Xiaoya.

Yuan Jiangyi and Hao Donghuai instantly realized that something was wrong and hurriedly followed.

Hao Donghuai lifted his wrist up. He was wearing a watch, which contained the communication system at the Mount Lan Compound.

Hao Donghuai ran as he connected to a channel through the watch and contacted all the members of the Hidden Shadows on set. “Quick! Gather at the dressing room and find a way to get inside the room.”

“Zhiqing might have been taken hostage. Pay attention. Make a move only if you are sure that Zhiqing will not be injured!” Hao Donghuai said hastily before he cut off communication.

He quickly went with Yuan Jiangyi and followed Wei Wucai to the dressing room.

They met Shi Xiaoya halfway.

When Shi Xiaoya saw Wei Wucai and the others, she knew that they had heard her scream. Immediately, she explained everything that had happened as quickly as possible. “There is a small changing room in the dressing room. Zhiqing’s costume is inside. But Zhiqing has been in the changing room for over twenty minutes now. I thought something’s off, so I called her a few times, but there was no response. Something is not right.”

Wei Wucai nodded and said, “Stay outside. Don’t go in.”

If it was really Hu Kaiyin, they wouldn’t even get Shi Xiaoya back if they were to send her inside.

Shi Xiaoya nodded. She didn’t want to cause more trouble for them. As such, she could only wait outside nervously.

Wei Wucai, Yuan Jiangyi, and Hao Donghuai then rushed inside through the main door.

Initially, they were thinking about how they could break through the changing room door without hurting Yan Zhiqing.

If they forced their way in and frightened Hu Kaiyin, Hu Kaiyin might assume that they were here to fight and might choose to hurt Yan Zhiqing.

But then, they didn’t even need to break the changing room’s door down.

When they rushed into the dressing room, they saw Yan Zhiqing sitting there as if nothing had happened.

The person sitting beside Yan Zhiqing was indeed Hu Kaiyin.

The two didn’t seem nervous at all.

Yan Zhiqing wasn’t afraid.

She was smiling.

When they came inside, Yan Zhiqing seemed to be chatting with Hu Kaiyin.

The atmosphere seemed very laid back.

Everyone was stunned.

They were so worried and rushed here in a hurry, breaking out in cold sweat.

But they didn't expect to see this!

Wei Wucai was still watching carefully.

Yan Zhiqing and Hu Kaiyin weren't exactly intimately close.

There was nothing being used to threaten Yan Zhiqing's safety or her life.

The two seemed to just be chatting.

"Xiao Cai." When Yan Zhiqing saw him, she immediately stood up and walked toward him. "You guys... must have been scared?"

They were scared to death!

Without any hesitation, Wei Wucai examined Yan Zhiqing carefully in front of everyone.

"Are you hurt?" Wei Wucai asked while checking her arms and legs.

He checked her face, neck, and the area behind her ears. There were no injuries at all.

"No." Yan Zhiqing said.

"Did she threaten you?" Wei Wucai asked.

He patted her down and didn't find any bombs being tied to her body.

Wei Wucai then let out a sigh of relief.

He then heard Yan Zhiqing say, "There are really none! Kaiyin is very nice. She is nothing like the person you described."

Hu Kaiyin switched to a very lazy posture and crossed her arms. "What did they say about me?"

Yan Zhiqing was speechless.

Seeing Hu Kaiyin being petty and vengeful, Yan Zhiqing immediately started sweating. "No. No..."

"Heh. He thinks too highly of himself that he must have assumed I still have feelings for him. He had to be worried that I might hurt you because I discovered your relationship with him." Hu Kaiyin blew the dust off from under her nails. "Men."

Yan Zhiqing nodded and gave Wei Wucai a very meaningful look.

Men.

Wei Wucai didn't know what to say.

"Wait. What is going on?" Yuan Jiangyi was confused.

"Why did you come here so quickly?" Yuan Jiangyi asked Hu Kaiyin.

Hu Kaiyin rolled her eyes and said, "I wasn't going to come. I had just completed my assignment and was going to come back and report about it and give myself a vacation."

"But then, I saw that the Hidden Guards had been dispatched." Hu Kaiyin harrumphed out of anger before saying, "Do you really think I couldn't guess why they were dispatched?"

"It must have been because you all were worried that I might hurt Yan Zhiqing, so you quickly dispatched Hidden Guards to protect her."

"I was so mad. I was going to say that since you all are so scared, I might as well kill her," Hu Kaiyin said, "I can't bear such a reputation and not live up to it, right?"

Yan Zhiqing had a great conversation with Hu Kaiyin because she was a very straightforward and carefree person who spoke in a very direct manner.

Chapter 3329: Hyper Again

But when she heard Hu Kaiyin say such words, she rubbed her hands together and was very happy that she was still alive.

"But thankfully, it was just a thought that came to mind. I couldn't possibly hurt another girl just because of you guys' imagination, right?" Hu Kaiyin spoke with pursed lips.

"Therefore, I just came by to visit. You guys were scared, right? Which gives me even more reason to be here. Even if I don't hurt her, I have to give you all a fright," Hu Kaiyin said.

Wei Wucai didn't even know what to say.

However, as long as Yan Zhiqing was fine, it didn't matter.

"Then why didn't you respond when Shi Xiaoya was calling you outside the changing room?" Wei Wucai asked.

"I really couldn't respond." Yan Zhiqing said, "When I... I went inside, Kaiyin covered my mouth. She wasn't just scaring you guys. She scared me as well."

"She asked me to be quiet and even prodded a very hard item against my waist. I thought it was a gun and I was so scared that I felt chills running through my body, much less talk."

"In addition, even if I could talk, I knew it was dangerous. I knew that I was the target of the threat so, I couldn't let Xiaoya come inside and die with me as well," Yan Zhiqing said.

Hu Kaiyin smiled and said, "Little sister, you are very loyal."

Yan Zhiqing said in a serious tone, "That's what friends are for. If it was Xiaoya, she would have made the same choice."

"Wait. You said that there was something prodding your waist," Wei Wucai said.

"It's a finger." Yan Zhiqing said.

Hu Kaiyin curled her finger and showed her hard knuckles. "Like this."

Wei Wucai was speechless.

"I was too nervous, which was why I couldn't tell. In addition, Kaiyin's knuckle felt really stiff," Yan Zhiqing said.

"Of course. If not, my years of training would have been a waste of time." Hu Kaiyin said.

Hu Kaiyin rolled her eyes at Wei Wucai, annoyed.

"Anyway, I was just checking things out and clearing things up with you all. I am not going to do anything to Zhiqing. You don't have to be so nervous." Hu Kaiyin scoffed.

"That's not right." Hao Donghuai scratched his head and very frankly asked the question that had left him feeling perplexed, "You liked Xiao Cai for such a long time. How can you let it go just like that?"

The corner of Hu Kaiyin's eyes twitched. This inconsiderate idiot. It had been so many years but why hadn't she taught him a lesson just yet?

"To be honest, this mission took me three years, which meant that I haven't seen Xiao Cai for three years now." Hu Kaiyin spoke with raised brows.

"You all make it sound like I have liked him for so many years. However, I have only actually been around him for a few years. I have been out on missions and the most recent mission took me three years to complete. Is my affection for him to the extent that I would ruminate about him after not seeing him for three years?"

"In addition..." Hu Kaiyin froze and waved her hand out of frustration. "Nevermind. There's nothing more to talk about."

Hu Kaiyin tried her best to forget about his face in annoyance.

He was always smiling but would do things that were so infuriating.

He was such an annoying man.

Why did she meet this person when she had just finished the mission that took her three years to complete?

"Anyway, I have nothing to do with you," Hu Kaiyin said in an annoyed manner, "You don't have to worry about me doing something."

Hu Kaiyin didn't say it out loud, but everyone could tell what Hu Kaiyin's current attitude meant.

She had stopped liking him, so he should stop imagining things.

Yuan Jiangyi looked at Wei Wucai as if he was pitiful.

Although Wei Wucai had never liked Hu Kaiyin, Yuan Jiangyi still thought that it was pretty obvious that Hu Kaiyin was now completely disgusted with Wei Wucai

He was quite pitiful.

Yan Zhiqing could see it even clearer than these men.

When she saw Hu Kaiyin behaving this way, Yan Zhiqing asked, "Do you have someone you like now?"

Previously, Yan Zhiqing was worried about her own life.

And now, she realized that her life was no longer threatened.

Yan Zhiqing immediately started feeling hyper.

She wasn't nervous. In fact, she was in the mood to tease Hu Kaiyin.

Back then, the people who dared to tease Hu Kaiyin had all suffered injuries.

Yuan Jiangyi truly admired Yan Zhiqing.

Even though Yan Zhiqing was weak like a chick, she still dared to tease Hu Kaiyin.

Hu Kaiyin was the type of person who wouldn't care who you were while she was beating you up!

But then, Hu Kaiyin treated Yan Zhiqing differently.

She didn't make a move!

And now, everyone at the Mount Lan Compound felt that it was unfair.

Of course, they weren't hoping that Yan Zhiqing would get beaten up.

They were just thinking that if it really had been necessary for them to receive those beatings.

Why did Hu Kaiyin beat them up in the past?

"What do you mean someone, I like?!" Hu Kaiyin reacted dramatically.

Why would she like that smelly Taoist priest?

Of course, he wasn't an actual Taoist priest.

He didn't do his hair like how a Taoist priest would, and he didn't wear a Taoist cloak.

He would usually take out Taoist papers and throw them out. However, those papers were actually effective, so he wasn't a scammer.

It had definitely challenged her worldview.

Yan Zhiqing covered her mouth and snickered. She then poked Wei Wucai with her elbow.

Wei Wucai looked down in a helpless manner. Then, he heard Yan Zhiqing whisper to him, "Someone else clearly won't let her go. She has no time to bother you. You were so nervous previously, but it turned out to be a misunderstanding."

Wei Wucai, feeling annoyed, flicked her on the forehead. He was nervous for whose sake?

It was for the sake of this ungrateful girl!

But now, when she realized that there was no danger, she became hyper.

At this moment, Hu Kaiyin's phone started ringing.

Hu Kaiyin took her phone and glanced at it. Immediately, while everyone was watching, her face darkened.

After struggling for a while and appearing like she didn't want to pick up the call but had no choice, she answered the phone and said, "What?"

"Got it."

"..."

"You are so annoying!"

"..."

"Alright. I got it."

"..."

"I'm hanging up!"

"..."

"Mm?"

"..."

"Mm?"

Later on, all Hu Kaiyin said were "Mms," but at least she was responding.

However, she was clearly becoming more and more patient with the caller.

Although she was only responding with "Mms," she didn't hang up.

This shocked the members of the Mount Lan Compound present.

Considering Hu Kaiyin's temper, anyone who annoyed her may get stabbed to death.

Even if she couldn't stab that person to death because it was on a phone call, she would still remember that grudge.

She would hang up and stab that person to death.

Of course, she wouldn't actually stab that person to death.

After all, Hu Kaiyin couldn't allow herself to kill recklessly.

It was just a metaphor. A metaphor.

However, even if she didn't stab that person to death, she would make sure to deeply wound that person, figuratively.

Considering Hu Kaiyin's temper, she shouldn't even respond.

She should have hung up the phone and left to teach the caller a lesson.

But now, Hu Kaiyin was still trying to patiently respond. This was shocking!

"Got it. I'll go check it out." Hu Kaiyin seemed to have been trapped.

Chapter 3330: Amazing Logic

"However, although this is done during my personal time, I am not doing unpaid work! You must pay me!"

In the end, they finally reached an agreement.

Hu Kaiyin then said, "Sure. I will head back the day after tomorrow."

"..."

"Tomorrow? I can't tomorrow. I still need to rest. Is it really this urgent? There should be enough time until the day after tomorrow," Hu Kaiyin said.

The caller seemed to have agreed. And so, Hu Kaiyin said, "Alright. I'm hanging up."

"..."

"Got it."

"..."

"I'm not telling you."

It was unknown what the caller wanted her to say, but the two continued arguing back and forth about it for a while.

Then, Hu Kaiyin said, "Alright. Alright. I will tell you. Are you satisfied?"

"..."

"See you the day after tomorrow."

With this, Hu Kaiyin hung up the phone with a very gloomy expression.

Yan Zhiqing asked deviously, "Is the caller a guy?"

Hu Kaiyin didn't know what to say.

Hu Kaiyin, the talented fighter who could take someone's life at first strike, was no match for Yan Zhiqing when it came to dating.

She was instantly dumbfounded.

She couldn't even think of a lie.

Her silence was her admission of guilt.

When Yan Zhiqing saw that, she became happy, as she sensed gossip.

Wei Wucai wrapped his arms around her waist, trying to stop her from digging her own grave.

However, Yan Zhiqing was so hyper. She didn't even think about why Wei Wucai was doing this.

She stretched her neck and asked, "Why was he bothering you and what was he asking you to tell him?"

Hu Kaiyin was speechless.

She really wanted to just ignore this girl.

For some reason, Hao Donghuai used his imagination and gossiped as well, "Could it be that he was asking you to say that last sentence—See you the day after tomorrow?"

Hao Donghuai couldn't think of anything else.

Yuan Jiangyi looked at him with disdain as he said, "How did you even think of that?"

Hao Donghuai explained confidently, "The caller asked her to say something and she refused to say it. In the end, she said 'see you the day after tomorrow' and ended the call. If so, isn't the last sentence 'see you the day after tomorrow?'"

Yuan Jiangyi: "..."

What amazing logic.

There was nothing wrong with his explanation!

Hu Kaiyin was speechless.

She didn't want to admit that Hao Donghuai was right.

The psychotic dude of the Xie Family. The Taoist scammer.

He wouldn't hang up unless she said 'see you the day after tomorrow.'

If she didn't say it, he wouldn't hang up.

If she were to hang up, he would call again.

Wasn't he sick?

Hu Kaiyin didn't expect Hao Donghuai to guess correctly on the first try.

Hu Kaiyin suspected that the dude with the surname Xie might be the same type of person as Hao Donghuai. They were both crazy.

If not, why would there be such synchrony?

"I came to explain this to you all so that you all don't have to feel scared and worried," Hu Kaiyin pursed her lips and said, "Look at you all weaklings."

Everyone: "..."

"And now, you are all not worried, right?" Hu Kaiyin said in an annoyed tone.

"I'm sorry, I misunderstood." Wei Wucai said guiltily, "I'm sorry."

"Not only I had doubted your character, I had doubted the standards of Mount Lan Compound." Wei Wucai said, "I should believe that there is nothing wrong with anyone at the Mount Lan Compound."

"Me too. I doubted you first and reminded Xiao Cai. If it wasn't because of me, Xiao Cai wouldn't have had such thoughts." Yuan Jiangyi stepped forward and said, "I am sorry."

"Me too." Hao Donghuai stepped forward and said, "I doubted you as well. Old Yuan and I were the first to think this way."

"What are you all doing?" Hu Kaiyin frowned and said, "I didn't ask you guys to be here to die for your sins. Why are you all acting like you are about to give up your life, heroically?"

Hu Kaiyin waved her hand out of frustration as she said, "Back away. I'm leaving."

"Kaiyin." Wei Wucai called out. "Since you are here, we might as well all eat lunch together."

"Sure." Hu Kaiyin humphed and said, "I am leaving the day after tomorrow. I can get some rest here for two days and leave by then. This way, I won't have to travel around."

When Yuan Jiangyi and Hao Donghuai heard this, they immediately started serving her like they were their dogs.

"Did you bring your luggage? Are you missing anything? I will prepare it for you!" Yuan Jiangyi said.

"You haven't booked your plane ticket for the trip in two days, right? I will book it for you. Business class. I will pay!" Hao Donghuai said.

The two felt really guilty, which was why they were even more friendly than usual.

They stood on the left and right sides of Hu Kaiyin like they were her protectors.

Hu Kaiyin didn't try to be courteous as well.

She had been suspected for no reason and still felt angry about it.

"I will give you all the information during lunch. I do need to get some tools again. I will organize a list and send it to you at lunch. You two can get it done for me," Hu Kaiyin said.

“Sure thing!” Yuan Jiangyi and Hao Donghuai said simultaneously.

Hu Kaiyin pursed her lips and looked back at Yan Zhiqing. She then said, “I scared you earlier.”

Yan Zhiqing didn’t try to be courteous as well.

In the beginning, she was frightened. She was really scared.

Yan Zhiqing smiled and gestured as she said, “I was indeed a little scared. But just a little.”

“In the beginning, I was very afraid.” Yan Zhiqing said, “However, I realized later on that you were just scaring me, so I wasn’t afraid anymore. I calmed down and it was fine.”

Hu Kaiyin watched as Yan Zhiqing tried to explain in detail what she had felt. At the same time, Yan Zhiqing was worried that Hu Kaiyin would mistakenly think that she was really scared.

But then, Yan Zhiqing was also worried that Hu Kaiyin might think that she wasn’t actually scared.

Hu Kaiyin just thought that Yan Zhiqing was really cute.

Even though this girl was a love rival from many years ago, Hu Kaiyin still thought she was cute.

It was no wonder that Wei Wucai would fall for Yan Zhiqing.

Yan Zhiqing had this particular innocence and purity that no one else in the Mount Lan Compound had.

Hu Kaiyin was very different.

Hu Kaiyin had gone through rigorous training. Her temper was bad, and she was an aggressive attacker.

She couldn’t be like Yan Zhiqing, who was naturally sweet, beautiful, and hyper.

Hu Kaiyin had seen so much of the dirty things at the Mount Lan Compound.

If she were in Wei Wucai’s shoes, she would like Yan Zhiqing as well.

“No matter what, I did frighten you.” Hu Kaiyin smiled and said, “You can ask me for help with anything in the future. I can solve anything that Wei Wucai can’t solve.”

There was nothing that a fight couldn’t solve.

“I just sent you my phone number. Keep in touch when you have nothing to do,” Hu Kaiyin said.

“Alright.” Yan Zhiqing’s eyes curved as she smiled from ear to ear.

She felt safe to have another friend with extremely high fighting capability.

Hu Kaiyin waved her hand at Zhiqing and went back to the hotel first.

When she completed her mission, she flew back on a plane ride that took over a dozen hours. She rushed back to the Mount Lan Compound before hurrying over here.

She hadn’t taken a break during those trips, and she didn’t even have the time to deal with the jetlag.

As such, even if Hu Kaiyin wanted to stay to watch what it was like to film on set, she was too tired to do so.
