

Mr Han 3331

Chapter 3331: The Member of the Xie Family That Walked The Earth

Yan Zhiqing thought about this as well and that was why she didn't ask Hu Kaiyin to stay.

Hu Kaiyin, feeling relaxed, yawned and said to Yuan Jiangyi and Hao Donghuai, "I will go back to the hotel to take a nap. You can pick me up at noon."

"Your command has been accepted!" Hao Donghuai responded like a true bootlicker.

Yan Zhiqing watched as Hu Kaiyin made her way out.

After a while, Shi Xiaoya followed Yan Zhiqing into the room.

"Zhiqing, are you alright?" Shi Xiaoya let out a sigh of relief.

Wei Wucui told her to stay outside earlier. She didn't dare to come in recklessly without hearing from Wei Wucui.

She was worried that she might cause more trouble.

After all, she couldn't allow herself to make the situation messier when it was a fight at that level.

However, she waited for a long time, but it was really quiet inside and nothing seemed abnormal.

After a while, she saw Yuan Jiangyi and Hao Donghuai walking on the left and right sides of an unfamiliar but very beautiful woman.

Shi Xiaoya had a few ideas about what had happened.

And then, Yuan Jiangyi came back and told her that everything was fine and led her into the room.

"I am alright. I am sorry. You must have been so scared, right?" Yan Zhiqing said.

Shi Xiaoya shook her head and said, "I was scared that something bad may have happened to you. it's good you are fine."

Shi Xiaoya whispered as she asked, "The one who just went out was..."

Yan Zhiqing smiled and said, "It was a misunderstanding. She knew we had misunderstood her, so she intentionally came to scare Xiao Cai. Actually, she's a very nice older sis."

Shi Xiaoya had never interacted with Hu Kaiyin before, so she couldn't really judge.

When she heard what Yan Zhiqing said, Shi Xiaoya nodded, expressing that she understood.

Yan Zhiqing gave a brief explanation of the situation to Shi Xiaoya.

Shi Xiaoya then felt completely relieved.

Seeing that Yuan Jiangyi was present while Hao Donghuai was gone...

Yan Zhiqing then asked, “Where is Hao Donghuai? I thought he went out with you?”

“He’s sending Kaiyin off,” Yuan Jiangyi said.

Because Yuan Jiangyi and Hao Donghuai had misunderstood Hu Kaiyin, they both felt really guilty.

Currently, the two were diligently taking turns serving Hu Kaiyin.

The two even discussed it outside. They decided that Hao Donghuai would be the one to send Hu Kaiyin off.

While the two were fighting to send Hu Kaiyin off, Hu Kaiyin felt as though she was some celebrity.

She was so annoyed that she wanted to knife them.

Hu Kaiyin went back to the hotel and rested until noon. Then, she came back on set.

Because of restrictions, they couldn’t eat at a restaurant.

However, Wei Wucai had called the restaurant to deliver food earlier.

They ordered hotpot and stir-fry veggies.

There were a few pots placed on the long table.

This made it convenient for everyone on set to eat together.

They ordered different types of dishes and veggies to make things easier for everyone.

If not, it would really difficult for everyone to take food from the dishes placed on the long table since there would be a lot of people.

Wei Wucai and his friends naturally did not eat with the members of the film crew. After all, they had a lot of things to talk about.

If there were too many people, it would be difficult to engage in conversations.

There were so many people from the Mount Lan Compound, so it was impossible to fit everyone in Yan Zhiqing’s camper van.

As such, they especially reserved the meeting room.

Because it was winter, they couldn’t dine outdoors.

So, they gave the largest room for the staff members.

This meeting room was big enough.

“Hotpot is the coziest meal to have during winter,” Yan Zhiqing said as she rubbed her hands.

Because this was a film studio temporarily constructed by the film crew, there wasn’t a good heating system installed.

Most of the celebrities would bring their electric heaters.

However, those electric heaters wouldn't work well because the studio was very big.

The heat would disperse and disappear immediately.

At this moment, Yan Zhiqing was so cold that she wrapped the coat tightly around herself.

She had a heating pad stuck inside her coat. Even so, she felt so cold that she kept rubbing her hands.

Thankfully, the hotpot was being cooked.

Although the hotpot had yet to boil, it was releasing heat that was spreading upward.

If you leaned closer to the pot, you would feel warm.

"Hai. I haven't eaten properly like this for a long time," Hu Kaiyin commented emotionally as she watched the hotpot.

Hu Kaiyin sat opposite Yan Zhiqing.

Yan Zhiqing winked at Hu Kaiyin and said, "Elder Sister Kaiyin, sit down now and eat slowly. Tell me what's going on with that surnamed Xie?"

Wei Wucai thought about it and immediately connected the dots. "Surnamed Xie? Could it be the family of Xie Jiling?"

Hu Kaiyin felt speechless.

"I was going to ask about that. When I went back to Mount Lan Compound, I didn't find Xie Jiling. I wanted to ask her about it. Didn't she say that she was the one in the Xie Family that traveled the world? Why is there another one with the surname Xie?" Hu Kaiyin said.

"Xie Jiling?" Yan Zhiqing and Shi Xiaoya had no idea.

Back then, Han Zhuoli asked Xie Jiling to save Lu Man, and he kept that a secret as well.

He didn't want everyone to know that Lu Man had reincarnated back to her past self.

That did sound very scary.

Han Zhuoli was worried that the others, even if they were Lu Man's family, might find it unacceptable if they were to discover it.

They would see Lu Man differently and think of her as something strange.

So, only Han Zhuoli and Lu Man knew about it.

Not even Shi Xiaoya and Han Zhuoling knew about it.

So, they were even more unfamiliar with the matter concerning Xie Jiling.

Wei Wucai then explained, "There are many things in this world that science cannot explain. Although they are still events within the field of science, they are not things that the current scientific knowledge can explain. In fact, some of those things cannot be explained by science."

“Things like geomancy and occultism cannot be explained. That is what the Xie Family does for a living. The knowledge that their family possess has been passed down from generation to generation for a thousand years. Each generation has a representative who travelled the world and secretly solves issues that cannot be solved right now.”

“However, only one representative exists every generation.” Wei Wucai said, “Are you sure that surnamed Xie individual is part of the Xie Family?”

“I am sure. He has the mark of the Xie Family.” Hu Kaiyin answered.

“If there is more than one surnamed Xie and that many surnamed Xie individuals are appearing, this means that something horrible is about to happen,” Wei Wucai said, “This has happened before in the past. The Xie Family had once dispatched a few of their members to different places. However, the last time this happened was a hundred years ago.”

At this moment, Wei Wucai’s phone started ringing.

Wei Wucai looked and said, “What a coincidence. Xie Jiling might have found out that you were looking for her. Xie Jiling is calling me now.”

Wei Wucai answered the phone and heard Xie Jiling say, “Do you have Hu Kaiyin’s contact information? I don’t have any way to contact the Hidden Light. Or you can help me pass the message as well.”

“What a coincidence. She is here with me right now.” Wei Wucai said, “I will hand the phone to her. You can talk to her.”

“Alright.” Xie Jiling answered.

Wei Wucai then passed the phone to Hu Kaiyin while explaining, “She couldn’t contact the Hidden Light so she contacted me. You can talk to her yourself.”

Hu Kaiyin took the phone and immediately said to Xie Jiling, “Hello, this is Hu Kaiyin.”

“Hello, Elder Sister Kaiyin,” Xie Jiling replied in a very respectful manner.

Chapter 3332: His Girlfriend Was So Dumb That She Seemed a Little Cute.

Her polite response made Hu Kaiyin feel embarrassed about herself. Hu Kaiyin rubbed her nose and said, “Hello.”

“Elder Sister Kaiyin, why were you looking for me? I had work. I haven’t been at the Mount Lan Compound for a long time.” Xie Jiling explained.

“So this happened. When I was out on a mission, I met someone who claimed to be from the Xie Family. I checked the mark and it is the mark of the Xie Family,” Hu Kaiyin said.

“However, I remembered that you are the one traveling around and representing your generation of the Xie Family. Aside from you, there shouldn’t be anyone else.” Hu Kaiyin said, “Therefore, I just needed to verify this with you.”

Xie Jiling said, "There are others out as well because too many things are happening recently. I can't solve all of them by myself. The members of the other sects in our line of work have limits on their skill levels as well. I don't feel assured to let them do things by themselves, so I asked my family to dispatch more people."

"As for the one you mentioned—" Xie Jiling said, "Can you describe his characteristics? I will try to identify him."

Hu Kaiyin then said, "That person is around 184 or 185cm. He has short hair. The length of his hair on the forehead is slightly longer. He ties his hair into a small pigtail."

"He has a mole at the edge of his left brow," Hu Kaiyin said. She seemed to have thought of something as her face darkened as she said, "He always has this bright smile on his face while he says things that make people want to die."

Xie Jiling didn't know what to say.

"Hehehe..." Xie Jiling dryly laughed. 'It's someone with such a distinct personality.' Xie Jiling thought to herself, so it had to be someone from the Xie Family.

"That is my eldest cousin, Xie Jiwen." Xie Jiling could tell that Hu Kaiyin wasn't very happy with Xie Jiwen.

Of course, Xie Jiling knew...

It was an understatement to say that Hu Kaiyin 'wasn't very happy'.

Based on Xie Jiling's understanding of Xie Jiwen, Xie Jiwen could make someone die of anger. This meant that Hu Kaiyin had to be extremely unhappy with Xie Jiwen.

"That's right." Hu Kaiyin felt reassured when everything she told Xie Jiling matched up, so she said, "I was worried that someone may have been using your family name to scam people. It wouldn't be good if they were doing something dangerous."

"Thank you, Elder Sister Kaiyin." Xie Jiling expressed her appreciation in a very sweet tone.

Hu Kaiyin was speechless.

Were girls these days filled with such sweetness?

The same went for Yan Zhiqing.

Xie Jiling was the same as Yan Zhiqing.

However, Hu Kaiyin was a very assertive person.

Unfortunately, assertive people usually liked those very sweet and cuddly.

Hu Kaiyin couldn't win against people like Yan Zhiqing and Xie Jiling.

"It's alright. It seems that I had been overthinking," Hu Kaiyin said.

She hung up the phone and gave the phone back to Wei Wucai.

Wei Wucai then asked, "What happened? Did you manage to ask everything you want?"

“The one surnamed Xie is Xie Jiling’s eldest male cousin named Xie Jiwen.” Hu Kaiyin’s face darkened as she explained, “According to what Xie Jiling said, a lot of people from the Xie Family are out and about. They are not the only ones.”

Wei Wucai frowned. “Are things that bad?”

“How did you meet Xie Jiwen?” Wei Wucai asked.

“When I was working on my mission, he happened to have been requested for the same task,” Hu Kaiyin said, “My mission was to kill an earl of an ancient aristocrat family who had been behaving abnormally. But then, Xie Jiwen was also requested to investigate this earl.”

“Xie Jiwen was investigating, but that...” Wei Wucai muttered.

“Yes. Therefore, we worked together for a while,” Hu Kaiyin said.

Everyone finally knew how the two met.

Yan Zhiqing looked up and said to Hu Kaiyin, “Based on your description of Xie Jiwen during the conversation with Xie Jiling, he seems like a handsome guy.”

Wei Wucai was speechless.

Was this really the time for Yan Zhiqing to care if other guys were good-looking?

“Am I not good-looking enough or is my presence not strong enough?” Wei Wucai couldn’t help but ask at the side.

Yan Zhiqing didn’t know what to say.

Hu Kaiyin had never seen Wei Wucai being jealous.

She finally saw it today and the corner of her eyes couldn’t help but twitch.

So, she answered Yan Zhiqing, “How is he handsome? You could tell he was handsome through the few things I said?”

“That man is annoying,” Hu Kaiyin said, “He’s really cunning. You might not get the opportunity to meet him. Actually, it is best if you don’t meet him. The people looking for him are in really big trouble, so stay away from him.”

Yan Zhiqing thought to herself. She hadn’t met him yet, so how would she stay away from him?

But...

Yan Zhiqing sneakily turned and said to Wei Wucai, “I think there’s something interesting going on between Kaiyin and that guy named Xie Jiwen. Look at how angry Kaiyin is right now. Doesn’t she look like me back then? Back then, I would be so angry whenever I talked about you.”

Hu Kaiyin raised her brow and said, “You don’t have to whisper. No matter how soft you speak, I can hear you.”

Yan Zhiqing was speechless.

It was quite troublesome to be with all these members of the Mount Lan Compound.

You couldn't even whisper and say something secretly. No matter how soft you spoke, they could hear you.

What was wrong with the anatomy of their ears?!

Suddenly, Yan Zhiqing froze.

She turned and looked at Wei Wucai.

After staring at Wei Wucai for a while, Wei Wucai felt scared. But then he heard Yan Zhiqing ask, "When I whispered secrets to Xiaoya and you were there, could it be that you heard them all?"

Before Wei Wucai could answer, Hu Kaiyin interrupted, "Of course, as long as we are all in the room and there is no wall in between us, we can hear anyone."

Wei Wucai was speechless.

Yan Zhiqing suddenly recalled that she had often secretly talked about Wei Wucai with Xiaoya.

They talked about everything.

They talked about if he was gay and they talked about his relationship with others.

Come to think of it, it seemed like Wei Wucai had always been present when those happened.

Wei Wucai had always been present whenever she was whispering to Shi Xiaoya.

Yan Zhiqing was horrified.

"I wasn't paying attention," Wei Wucai hurriedly explained, "I tried not to listen. If I don't focus, it is hard to hear. Don't worry. Why would I try to eavesdrop on the secret conversations you have with someone else? I have to give you privacy, right?"

Why did Yan Zhiqing feel as though what Wei Wucai said wasn't credible at all?

However, this happened in the past. Even if she wanted to figure this out now, it was of no use.

She just had to be more careful in the future. If she didn't want Wei Wucai to listen, she should just not whisper and have secret conversations whenever Wei Wucai was present.

And that was how Hu Kaiyin had secretly diverted Yan Zhiqing's attention to Wei Wucai.

Yan Zhiqing immediately forgot what she wanted to ask about Xie Jiwen.

Yan Zhiqing didn't even realize it, but Wei Wucai hadn't forgotten that Yan Zhiqing wanted to ask something earlier.

However, he realized that his girlfriend could actually be so dumb, which made her seem cuter.

"How do you feel? Did you get enough rest? Do you want to stay and watch the filming?" Yuan Jiangyi asked.

“There’s no need. Why would I stay here?” Hu Kaiyin said, “I rarely get time to rest, so I have to cherish this time.”

Chapter 3333: Wrap-Up

Time went by quickly, and Hu Kaiyin left to meet up with Xie Jiwen.

Because Yan Zhiqing was filming, she couldn’t see her off. So, the dinner they ate together the previous night served as their goodbye dinner.

They had only just met each other. If you really counted the days, they barely knew each other for a day.

However, Yan Zhiqing and Hu Kaiyin vibed with each other.

They admired each other’s personalities and felt as though they had been friends for a long time.

“You have to be careful when you go this time,” Yan Zhiqing said worriedly.

Hu Kaiyin seemed to always be doing missions that were rather dangerous.

The mission hadn’t been assigned to her by the Mount Lan Compound. It was just something she was helping with during her personal time.

However, whenever there was something dangerous, she would always do it.

That fact alone was heart-wrenching.

Hao Donghuai scratched his head. The more Hu Kaiyin behaved in an ungrudging manner, the guiltier Yuan Jiangyi and him felt.

He then asked, “Why don’t Old Yuan and I accompany you?”

“There’s no need for that. You two have fun here,” Hu Kaiyin replied.

“Look at what you are saying. We are both doing serious things here. How can you say we are having fun?” Yuan Jiangyi tried to justify themselves.

Hu Kaiyin raised her brow and said, “What proper things have you two done since you came here?”

Yuan Jiangyi didn’t know how to answer that question.

Could he say that he had been helping Wei Wucai with work?

But if he were to answer honestly, the two hadn’t really properly assisted Wei Wucai with any work. They would always get distracted by Wei Wucai and Yan Zhiqing’s news whenever they wanted to do something.

Therefore, it seemed... like...

Aside from helping Wei Wucai court Yan Zhiqing, the two hadn’t really done anything serious.

Immediately, Yuan Jiangyi stopped talking.

The next day when Hu Kaiyin left, Yan Zhiqing and Wei Wucui were both on set and couldn't see her off.

Yuan Jiangyi and Hao Donghuai sent her to the airport.

After that, Yan Zhiqing went back to concentrating on filming.

They filmed on set for three months, and Yan Zhiqing finally finished filming all her scenes.

However, even though Yan Zhiqing was done filming her scenes, the others still weren't done.

As such, the special effects team still needed to stay on set.

However, Yan Zhiqing had already left, so why would Wei Wucui bother to stay?

Anyway, the post-processing for special effects wasn't that hard.

Wei Wucui didn't need to stay here.

He only stayed here for Yan Zhiqing.

So, when Yan Zhiqing was done filming her scenes, Wei Wucui left the set with her.

He then gave the work to his subordinates.

On their way out of the studio...

Wei Wucui recalled when they were in Yan Zhiqing's camper van and asked, "When are we going to the Yan's family home to see your grandparents?"

Yan Zhiqing had almost forgotten about it.

She remembered when Wei Wucui mentioned it. Previously, she said that the first thing she would do after she was done filming would be to visit her grandparents.

She had been on set for a long time and had been really busy and tired.

Yan Zhiqing herself couldn't even remember it.

So, she didn't expect Wei Wucui to remember it.

When Yan Zhiqing was done filming, the film crew would obviously celebrate for her since she was playing a lead role.

So, when noon arrived, they organized a feast and celebrated.

When the celebration ended, the two left the studio.

It was already 3:20 pm.

"It is a little late. We haven't been able to get any good rest since we have always been on set. Why don't we take a break first and go back to the family home tomorrow or the day after tomorrow?" Yan Zhiqing discussed the matter with Wei Wucui.

In her opinion, it would be best to do it the day after tomorrow.

She wanted to sleep for a day and a night at home, and she also wanted to sleep for the entire day tomorrow.

Honestly, it would be impossible for her to pay back the three months of sleep debt with just a day's sleep.

Usually, whenever she was done with such long term and exhausting filming project, she would need at least a week to recover.

However, Wei Wucai seemed to be in a hurry to meet her grandparents.

That was why Yan Zhiqing said tomorrow or the day after tomorrow.

But then, Wei Wucai was even more impatient than her.

He responded, "Should we go tomorrow then?"

Yan Zhiqing didn't know what to say.

Clearly, she wouldn't be able to sleep for an entire day tomorrow.

Then, Wei Wucai explained, "Your grandparents know that we have both finished our work, and if they found that we didn't visit them right away, it would be bad."

The grandparents wouldn't be petty and feel unhappy.

However, Wei Wucai thought that Yan Zhiqing's grandparents had been waiting for them to finish their work.

They had to have been anticipating the end of their work.

They waited until Wei Wucai and Yan Zhiqing were done with their work, but when it ended, Wei Wucai and Yan Zhiqing didn't visit them right away.

The grandparents wouldn't feel angry, but they would definitely be disappointed.

Yan Zhiqing nodded and said that she would tell her grandparents.

Yan Zhiqing then stopped pushing the schedule back.

She called the family home number in front of Wei Wucai.

The person who answered the phone was the family home butler.

Yan Zhiqing said something, and the butler called Yan Zhiqing's grandmother over and handed her the phone.

"Zhiqing." Soon, her grandma's happy voice could be heard over the phone.

"Grandma, I'm done filming. We have just made our way out of the studio and are now on the way home," Yan Zhiqing said, "Xiao Cai just reminded me that I had told you I would visit you the moment I'm done with work."

Grandma was really happy. Regardless of whether Wei Wucai had really done that or whether Yan Zhiqing was just saying good things about Wei Wucai to create a better image of Wei Wucai, Yan Zhiqing's grandma thought it was still good.

If Wei Wucai did that...

It meant that he was really putting in the effort.

This meant that he really did like Yan Zhiqing, which was why he cherished her so much and remembered that detail.

In addition, they had just left the studio, and they were already going to visit when they had barely gotten any rest.

He had to be in such a hurry to get approval from the elders and be officially recognized!

However, if it was Yan Zhiqing lying for Wei Wucai so that she could let Wei Wucai create a better impression...

Grandma thought it was good as well.

This meant that the two were in a very good relationship, and Yan Zhiqing knew to be considerate to Wei Wucai.

There was nothing better than a couple being in a good relationship. This would make her even happier.

"That is very thoughtful of Xiao Cai." Old Mrs. Yan smiled and said, "He is even more considerate than you."

Yan Zhiqing pouted and said, "Grandma, with Xiao Cai here, will I become less important to you?"

Yan Zhiqing thought it was possible.

Old Mrs. Yan often praised Wei Wucai. In addition, Old Mrs. Yan was obsessed with good looks.

Wei Wucai could definitely bewitch her grandma with his appearance.

Old Mrs. Yan laughed and scolded, "Kiddo, no matter who I like, you are the one I like the most."

"Grandma, I discussed this with Xiao Cai, and we decided we would visit the family home tomorrow," Yan Zhiqing said.

"That soon?" Old Mrs. Yan was surprised. "I thought you just finished work. You should get enough rest. It must have been really exhausting working on set. You had to wake up early and stay up late. You're finally done with work, so aren't you going to get some rest first?"

"I thought that you would rest for a week first," Old Mrs. Yan added.

"Xiao Cai is impatient. He said that we had promised to visit you the moment we were done with work." Yan Zhiqing responded with a smile.

Chapter 3334: The True Intentions Revealed

“Actually, my initial plan was to rest for a few days, but he said that since we made a promise, you might feel disappointed if we didn’t visit immediately.”

“Why is that kid so thoughtful?” Old Mrs. Yan was extremely happy.

Old Mrs. Yan was initially saying this out of consideration for the kids’ exhaustion levels. However, knowing that the kids were being thoughtful, she felt rather happy.

“When are you two coming tomorrow?” Old Mrs. Yan asked.

“I guess in the afternoon. Let me sleep longer in the morning. Hehe,” Yan Zhiqing smiled and said.

“Sure. It works. We can prepare for your visit in the morning,” Old Mrs. Yan said.

Preparing for their visit meant that they valued Wei Wucai and were very satisfied with him.

Yan Zhiqing hung up the phone and talked to Wei Wucai.

Wei Wucai nodded and said, “I will buy some gifts in the morning.”

“What does Grandpa like?” Wei Wucai asked.

“Grandpa loves fishing and gardening. *Oh*, he likes taking photos as well.” Yan Zhiqing said, “However, he doesn’t do it with a single lens reflex camera. He just takes pictures with his phone wherever he goes. He even changes the filter settings.”

“And then, he would post the edited photos to his social media. He would always be really happy whenever people compliment how well his photos were taken,” Yan Zhiqing added.

Wei Wucai nodded and remembered it.

“What about Grandma?” Wei Wucai asked.

“Grandma loves watching videos of people making food and eating food. She’s following many food bloggers and mukbang content creators,” Yan Zhiqing said, “She has this favorite food vlogger named Fei Xiaomo.”

“Fei Xiaomo is a blogger that makes good food. She has never shown her face before. She doesn’t talk and only has subtitles.” Yan Zhiqing said, “I have seen her videos as well. Her style is very simple and clean, and it gives off a very comfortable vibe.”

“That’s a little difficult. If Grandma wanted to see her, she would have been able to find her,” Wei Wucai said.

It would be very easy for Old Mrs. Yan to find someone.

“What can I buy for her if that’s what she likes?” Wei Wucai felt a little troubled.

Grandma obviously didn’t like to do the work herself. She just loved watching people do it and feel good about it.

As for food, the maid at the house could satisfy her tastebuds.

Grandma's hobby was too simple and cute.

Yan Zhiqing couldn't help but laugh as she said, "Actually, that's okay. Fei Xiaomo came out with a recipe book and any purchase came with a gift, and it was the snowflake crisp that she made herself. Because she personally made the snowflake crisp, they couldn't print a lot of the recipe books. Therefore, those recipe books are considered limited editions."

"Grandma is very interested in that recipe book, but she is really more interested in the snowflake crisp that Fei Xiaomo made. Grandma wants to get a taste of it. She wanted to know what it tastes like and if it's as good as it looked in the video."

"How do you know if she actually made the snowflake crisp herself?" Wei Wucai felt slightly doubtful.

"She probably does this business by relying on the fans trusting her. She is also a person who keeps her promise." Yan Zhiqing said, "However, I do believe that she actually made it. This is because reservations are necessary for you to get a recipe book. If you successfully made a reservation for the purchase of the recipe book, you will be sent a survey."

"The survey will ask you about your taste and the flavors you like. And then, Fei Xiaomo will make snowflake crisps that suit the tastebuds of the buyer. This means that everyone would receive different snowflake crisps depending on their preferences in flavor," Yan Zhiqing said.

Wei Wucai nodded and said, "That's quite unique. It doesn't seem fake then."

Yan Zhiqing smiled and nodded. "Because she is a very sincere person, Grandma likes her even more because of that. Grandma is a big fan of hers."

"However, Grandma tried to reserve, but she didn't get a place, which is really sad," Yan Zhiqing said, "I have asked around to see if anyone was reselling. Because the quantity is limited, there are some sellers who got it. Most of them are fans. Because the flavor of the snowflake crisps is specially created for the buyer, there aren't many resellers."

"And I still can't buy any at the moment," Yan Zhiqing said.

This meant that if Wei Wucai could get his hands on the item, he could easily win her grandma over.

Although there wasn't much time and this task was slightly difficult...

Wei Wucai still nodded and said, "I got it."

The driver drove the camper van and sent Fang Qiaohan home before sending Yan Zhiqing home.

"I am going back. Call me when you get home." Yan Zhiqing said. She then instructed the driver to send Wei Wucai home.

But then, Wei Wucai followed her and got out of the car.

"Since I am here, aren't you going to be a good host and invite me to your house?" Wei Wucai asked Yan Zhiqing.

"..." Yan Zhiqing immediately explained, "I thought you were tired, so I wanted you to go back home and rest as early as possible. You can come to visit my home anytime."

Wei Wucai was very satisfied with her explanation.

He then said, "I am not tired now."

Yan Zhiqing mumbled to herself. "I'm tired."

If he came to visit, she would have to be a good host.

In addition, Yan Zhiqing thought of something else.

What if... he wanted to do that thing. what should she do?

It wasn't that she wouldn't be willing, and she didn't think that it would be too hasty as well.

After all, the two had been together for three months now.

When they were on set, they had to wake up early every day and were exhausted every day.

Wei Wucai would ask her to sleep early every night, so she barely spent proper time with him.

He wouldn't do anything to her as he felt bad for her.

But now, they were both done with work and had enough time.

Those worries were long gone, right?

Yan Zhiqing thought about it. Suddenly, Wei Wucai flicked her forehead.

Lifting her head, she rubbed her forehead and glared at Wei Wucai with a disgruntled look.

Actually, Wei Wucai didn't even use any strength, so it didn't hurt.

"Why did you suddenly flick my forehead?" Yan Zhiqing asked as she rubbed her forehead.

"What nonsense were you thinking? You are already so tired. Do you really think I am a pervert?" In a righteous manner, Wei Wucai expressed his contempt for Yan Zhiqing's dirty thoughts.

"I just wanted to check out your place," Wei Wucai said. But then, he revealed his true intention as he said, "Of course, if you can let me stay here, that would be the best thing ever."

"But don't you worry! I won't do anything at night. I will just hold you while you sleep," Wei Wucai said, "Just like what we have done on set."

When they were on the set, they would occasionally sleep together.

Of course, it was purely sleeping with the blankets covered.

This was because Yan Zhiqing was always filming. Although the two were on set, they rarely had time to spend together.

Obviously, they had to cherish every moment they were together.

However, Yan Zhiqing was exhausted. On the other hand, Wei Wucai had lots of stamina.

Therefore, after a long while, it started to feel like torture.

Since then, the two had no choice but to sleep in separate places.

For Wei Wucai, embracing Yan Zhiqing while she was sleeping felt like torture.

Chapter 3335: Didn't Panic At All

But without her in his embrace, he thought of her again.

Consequently, he behaved like a despicable man and pulled Yan Zhiqing back to him after a few days.

This was how Wei Wucai spent his time on the set; he was stuck between feeling tortured and missing her—between feeling sorrowful and happy.

“Then why don't you pack up your luggage and come over here? You need to wash the clothes you have on the set, anyway. You can't just keep wearing them,” Yan Zhiqing said.

Wei Wucai's face lit up. “So, you're saying you agree?”

Yan Zhiqing didn't say anything in response, so Wei Wucai took her silence as agreement.

In any case, she liked Wei Wucai.

She also possessed the same belief that they would continue to stay as a couple forever.

The two of them were together every day on the set. They were unlike most lovers who, at the start of their relationship, could only see each other during rest periods.

To begin with, the progression speed of their relationship wasn't the same as that of others.

Yan Zhiqing felt that with the way their relationship was progressing naturally, the two of them were already at the stage where they could live together.

As such, she didn't oppose the idea when Wei Wucai proposed it.

Moreover, Yan Zhiqing couldn't bear to be apart from Wei Wucai either.

In fact, she couldn't bear to be apart from him for even a short time.

She had long gotten used to being with him from morning till night. After all, she just had to raise her gaze up, and she could see him no matter what time it was.

Now, having gone for a period without seeing him, she felt uncomfortable and was missing him.

Wei Wucai didn't say a word more and hurriedly took down the luggage bag he had placed in the car.

Although the clothes in his luggage bag needed to be washed, Wei Wucai decided that he would bring them to Yan Zhiqing's place first.

He would bring his clothes back there after sending them off for laundry. In any case, it meant he wasn't moving away.

Yan Zhiqing truly had too many luggage bags on the set.

Fortunately, it wasn't necessary to employ a delivery service.

This time, aside from Yan Zhiqing and Wei Wucai, the only other person who tagged along in the car was Fang Qiaohan.

So, there was plenty of space in the car, which they could fill to the brim with all of Yan Zhiqing's luggage.

Having been at the set for three months, it was just like Yan Zhiqing was moving homes.

She didn't just have luggage bags; she also had many boxes of all sizes.

She had packed up all the items she used in her daily life.

Fortunately, she had a strong laborer, Wei Wucai. So, Yan Zhiqing didn't panic in the slightest.

By the time Wei Wucai was done moving all of Yan Zhiqing's belongings back into her home...

Yan Zhiqing was also done brewing a pot of coffee and poured a cup for Wei Wucai.

"Have a rest first. I'll go tidy up these things," Yan Zhiqing said.

Yan Zhiqing was once again grateful for her OCD.

She was unable to tolerate her home being in such a mess.

She made use of her energy to put away whatever she had to put away. Afterward, she would be able to have a good rest without any pressure.

Otherwise, she would keep on thinking about how her home was a mess that had to be tidied up even while she was resting.

This meant that if she didn't properly tidy up her home, she wouldn't be able to get proper rest.

"I'll help you." Wei Wucai put down the cup of coffee.

"No need. You don't know where everything is supposed to go anyway. You'll be able to help me tidy up after you've stayed here for a long time and have become familiar with everything," Yan Zhiqing said with a breathy voice, panting while she tidied up.

Wei Wucai really loved hearing what Yan Zhiqing just said.

It meant Yan Zhiqing had already decided to let him stay here for a long time.

This made him happy.

Consequently, Wei Wucai cheerfully sat back down to drink his coffee.

However, Wei Wucai felt it wasn't good for him to be sitting around idly while Yan Zhiqing was so busy.

So, after finishing his coffee, he went to unpack his luggage.

During the three months on the set, he normally had the hotel wash his clothes.

As the check-out date approached, there were some clothes he wasn't able to send off to be washed in time. However, there weren't many of them.

Wei Wucai took them all out, intending to have them be sent off for laundry with Yan Zhiqing's clothes.

Like him, there weren't many pieces of clothing that Yan Zhiqing wanted to wash.

She also normally sent her clothes off to be washed by the hotel.

After that, Yan Zhiqing arranged her belongings back in their original positions.

Once Yan Zhiqing was done with that, Wei Wucai placed his belongings next to hers accordingly.

The two people were both busy with their own tasks, moving back and forth around the home. It was a rather lively sight.

Before they knew it, they were done with tidying up.

It went by a lot faster than when Yan Zhiqing normally unpacked by herself.

Yan Zhiqing thought that this was the legendary phenomenon of not being tired when you did things as a well-matched couple.

After unpacking everything, Yan Zhiqing folded up the cardboard boxes and placed them in the storeroom.

It was in preparation for the next time she needed to move to a filming location.

Next, she went to the bathroom and washed her hands.

Unexpectedly, the moment she went inside, she saw Wei Wucai standing in front of the vanity while rubbing his chin. Who knew what he was thinking about?

Yan Zhiqing asked, "What are you thinking about?"

Her OCD meant she really liked organizing things.

The mirror above the vanity was actually a cabinet.

A mirror had been built into the cabinet door.

Behind it was a cabinet with many shelves.

From the top to bottom, everything was arranged very neatly.

Ranging from face and mouth cleaning products to bottles and containers of all sorts of products that one might use in the shower as well as hair care products... The cabinet was completely filled with all those things.

However, it was fortunate that Wei Wucai didn't have many things.

So, it would be acceptable even if he placed his things inside.

At this moment with the cabinet door open, what Wei Wucai was looking at were two sets of toothbrushes and cups.

Coincidentally, the two electric toothbrushes were of the same brand and model.

The color was the only thing that was different.

The one Yan Zhiqing used was pink, while the one Wei Wucai used was black.

They immediately became a 'couple' set.

"What happened to the small cup for charging that came with your toothbrush when you bought it?" Wei Wucai asked her.

"It broke," Yan Zhiqing said. "What about yours?"

Wei Wucai fell silent for a moment before saying, "Mine broke too."

Otherwise, the two of them would have had a matching pair of cups as well.

"How about we go buy matching couple items?" Wei Wucai said. "Not just these cups. We should also get cups for drinks, and phone cases. Whatever we can get couple items for, we should buy them."

Initially, Wei Wucai never even thought of such a thing as having matching 'couple' things.

It had been Yan Zhiqing who said they should change their Weibo and WeChat profile pictures to couple ones.

It seemed that Wei Wucai had finally gotten a good taste of the sweetness that came from having matching things for couples.

Most of all, their mutual friends on WeChat said the two of them were being too excessive with their public displays of affection.

This appeared to have opened up a door to a whole new world for Wei Wucai.

So, he seized this opportunity to have more couple things.

Yan Zhiqing almost wanted to kneel down to him.

Why was this man so energetic? His stamina had to be ridiculously good!

Didn't he know what it meant to be tired?

Yan Zhiqing immediately hung on to Wei Wucai. "I don't want to go out. I'm really tired. Back there, I only slept three or four hours at most every day. I've finally come home and just finished unpacking. I want to catch up on my sleep now. No one can drag me outside."

Hearing this, Wei Wucai felt that his behavior was a little unreasonable.

"Let's just buy them on the internet," Yan Zhiqing said. "It's so convenient to buy online. There are so many varieties, and we don't need to go out. We just need to wait for the things to be delivered."

Wei Wucai thought about it, and he also felt it was reasonable.

The two people then changed into their home wear clothes.

The clothes they brought back in their luggage were enough to last them a few days.

So, Wei Wucai didn't worry about it.

He then pulled Yan Zhiqing over to the bed.

Chapter 3336: You Are Not Lying to Me, Right?

The two sat on the bed together. Yan Zhiqing leaned on Wei Wucai in a very comfortable manner.

She held a bolster in her arms.

They both looked at Wei Wucai's phone together as they searched for household items for couples.

And they discussed the style together.

"This cup is so cute. Hahahaha. Look at the words on the cup. How important am I? No matter how heavy you are, I want you!" Yan Zhiqing couldn't stop laughing. "You can even get personalized cups with your names. Let's get this cup and put our toothbrushes inside. It will be the first thing we see when we go to the bathroom to wash up every morning."

"Sounds good." Wei Wucai nodded and said, "Then should we be called Mr. Wei and Miss Yan?"

"Ehh..." Yan Zhiqing thought about it and responded, "We seem like strangers."

"True." Wei Wucai thought the names weren't good as well.

"The names will be Wei Xiao Cai and Yan Xiao Qing." Yan Zhiqing said.

Wei Wucai lowered his head and stared at her with a smile. "If you told the customer service these names, don't you think they will easily guess who we are?"

"What's there to be afraid of!" Yan Zhiqing wasn't scared at all. "We have publicly announced our relationship. If they were to tell the public about this, it will help us publicize how much we love each other."

"If we display too much affection, the netizens won't like it. However, if others were to expose us for showing affection for each other, it won't be repulsive."

Since Yan Zhiqing didn't care, Wei Wucai had no complaints as well.

So, he told the customer service these two names.

As expected, the customer service representative didn't respond for a long time.

Then, a question was asked, "Erm... Dearest customer, are you perhaps Yan Zhiqing?"

Wei Wucai felt disgusted to see the word "dearest." He replied, "I am Wei Wucai and Zhiqing is beside me."

The customer service representative responded, "Is it really you guys? Oh my! You are not lying to me, right?"

“...” Wei Wucai then said, “You can believe whatever you want.”

“Dearest customer, please confirm your delivery address.” The customer service representative sent another message.

As Wei Wucai knew that their identities might be revealed through this order, he couldn't possibly write Yan Zhiqing's house address.

So, he wrote the address of a parcel pick-up station.

It seemed like the customer service representative wanted to confirm more details about their identities.

However, Wei Wucai ignored her.

He continued to choose other things with Yan Zhiqing.

Yan Zhiqing then found a pair of mugs she liked.

The mugs were of a nordic chic design. One was black and one was white.

The handle of the mug was of light wood color. It looked really simple and clean.

Since Wei Wucai would be staying here for a long time...

They would have to buy a lot of things.

Small towels and bath towels...

“We need a couple of plate sets as well.” Wei Wucai reminded.

“Okay.” Yan Zhiqing felt a little tired.

She was in a blur as she picked the rest with Wei Wucai.

Yan Zhiqing leaned on Wei Wucai and was about to close her eyes.

“No. I'm too tired. I have to sleep,” Yan Zhiqing said, yawning as she covered her mouth.

“Let's sleep together.” Wei Wucai wasn't sleepy.

But because of Yan Zhiqing, he felt a little sleepy.

Wei Wucai then placed the pillow down and slept while holding Yan Zhiqing.

However, Wei Wucai didn't sleep for a long time.

When he woke up, it was already dark.

Yan Zhiqing was still sound asleep.

Considering how tired she was, she might not be able to even wake up for dinner.

Wei Wucai gave her a kiss and carefully pulled his arm away from under her neck.

He then stealthily left the house.

Yan Zhiqing's door had a fingerprint lock system installed.

During the afternoon when they were tidying the house, Wei Wucan very thoughtfully reminded Yan Zhiqing to add his fingerprint to the fingerprint lock.

As a result, Wei Wucan could now move freely in and out of Yan Zhiqing's house.

This time, Wei Wucan had gone out to prepare gifts for Yan Zhiqing's grandparents.

As expected, when he came back, Yan Zhiqing was still sleeping.

Wei Wucan changed back to his home clothes. It was like he had never left before.

He held her again and fell asleep.

Yan Zhiqing slept until noon.

If Wei Wucan hadn't woken her up, Yan Zhiqing would have been able to continue sleeping.

"Wake up. We promised that we would go to the family home in the afternoon," Wei Wucan said as he dragged her up.

Yan Zhiqing felt lazy. She wasn't willing to use any strength.

And so, even though Wei Wucan had pulled her up, she was still leaning on Wei Wucan.

She was even lazily moving backward.

Wei Wucan felt so helpless.

Seeing Yan Zhiqing this way, Wei Wucan had no choice but to let her go.

He watched as Yan Zhiqing immediately fell back to the bed and continued sleeping.

Wei Wucan went to the kitchen.

He opened the fridge and it was just as he had expected, there were morning face masks in the fridge.

Initially, Wei Wucan didn't know about these things. When he was on the set, Yan Zhiqing would often have to wake up early and would not have enough energy.

When she was on the way to the filming location, she would use these morning face masks.

Yan Zhiqing gave him one to try before.

It felt cold and minty. It was extremely refreshing.

Wei Wucan then took a piece out, went back to the bedroom, and applied the face mask on Yan Zhiqing's face.

Yan Zhiqing, who had been falling back to sleep, was shocked. The sudden chill minty feeling surprised her.

It instantly woke her up.

Yan Zhiqing opened her eyes and saw Wei Wucai in front of her.

She immediately knew that he was the culprit.

The corner of Yan Zhiqing's mouth curved up as she said, "You are quite capable nowadays. You even know how to use morning facemasks."

However, Yan Zhiqing didn't take the facemask off.

Since it was on her face, she might as well let it stay there for another five minutes.

Yan Zhiqing even adjusted the face mask so that it would better fit her face.

"I am sorry. If it was during other times, I would have allowed you to sleep," Wei Wucai said.

"What time is it?" Yan Zhiqing asked as she held her phone up to check.

She saw that it was already 11:30 am.

She immediately stopped talking. She got out of bed and started to get ready.

"Although it is noon, let's eat breakfast. You just woke up, so I guess you aren't hungry." Wei Wucai said.

Yan Zhiqing was trying to brush her teeth quickly. She asked in surprise, "Did you prepare breakfast already?"

"You have a lot of food in your fridge. I don't really know how to cook, so I just made a simple sandwich," Wei Wucai said.

A sandwich was simple. You cut the veggies and put them together with some condiments.

He then tried to fry two eggs.

Wei Wucai knew how to do these basic things.

Yan Zhiqing quickly washed up and went to the dining room with Wei Wucai to finish up her brunch.

She often had no make-up when she was with Wei Wucai.

Since she was going back to the family home to see her grandparents, it was even more unnecessary to do her makeup.

Normally, whenever she was participating in events and whenever she was filming, her face would be caked with makeup.

Yan Zhiqing had always thought that make-up was annoying.

She really preferred this clean and refreshing feeling.

As a result, when they were done eating, they didn't waste any more time.

They immediately made their way out.

When they arrived at the family home, Yan Zhiqing saw Wei Wucai bring out something from the car boot.

She asked in surprise, "When did you buy that?"

Chapter 3337: She Will Be In Trouble

"Of course! Do you really think I can visit without any gifts? Didn't I ask what your grandparents liked yesterday?" Wei Wucai said, "I was worried that there might not be enough time, so I went out and bought it while you were sleeping yesterday afternoon."

"I bought fishing rods. Although your grandpa doesn't need any, it's fine to have more of these expendable items," Wei Wucai said.

Yan Zhiqing nodded.

The two then arrived at the door. Yan Zhiqing pressed the doorbell.

Soon, they heard Old Mrs. Yan's voice through the intercom.

"Zhiqing, Xiao Cai, quick come in. The door is open," Old Mrs. Yan said.

The two walked through the gates and through the spacious garden before they finally arrived at the door.

The butler was waiting to invite the two into the house.

"Grandpa! Grandma!" Yan Zhiqing shouted the moment she walked through the door.

"Grandpa. Grandma." Wei Wucai followed along and greeted.

"Hmph!"

The grandparents had yet to even respond when Yan Beicheng suddenly humphed.

"Elder Brother, why are you here?" Yan Zhiqing stared at Yan Beicheng in surprise.

Yan Beicheng was not the only one there. Lin Chu was there as well.

Their two kids were there as well. Yan Shiyu, the older brother of the two, was two-years-old, while the little sister Yan Shian was only 6 months old.

At this moment, Yan Shiyu was crawling on the floor and Yan Shian was sleeping in the stroller.

"I haven't seen you two since you two officially got together. You didn't even know to tell me that you are coming to the family home!" Yan Beicheng said angrily.

Thankfully, Old Mrs. Yan gave him a call and told him that Yan Zhiqing and Wei Wucai were coming over.

"My nephew and niece are here as well," Yan Zhiqing said with joy as she quickly changed the topic.

She was going to meet her grandparents first and find another time to meet with Yan Beicheng and his family.

They should take it slowly!

However, even if she explained, Yan Beicheng would still have things to say.

As a result, Yan Zhiqing simply changed the topic.

Lin Chu walked over and said with a smile, "Since we are here, we might as well bring the two kids over so that grandpa and grandma can see them as well."

Grandma felt bad for them when they first arrived.

Yan Shian was still a little baby. Grandma was worried that she might fall sick if she came out of the house on such a cold day.

"Quick! Come and take a seat," Grandma urged with a smile.

Wei Wucai handed over the long box to Old Mr. Yan and said, "Grandpa, this is a gift for you. I heard from Zhiqing that you like to fish so I bought this fishing rod. I don't know if you like it or not."

Grandpa Yan didn't try to be courteous. He directly opened the gift.

"Young fella, you got a good eye!" Old Mr. Yan was clearly very happy. "I wanted to buy a fishing rod like this. I didn't expect you to gift this to me."

Wei Wucai immediately responded, "I consulted the shop assistant and asked him what kind of fishing rod an experienced fishing enthusiast would buy."

"And he recommended this to me," Wei Wucai said with a smile.

When Grandpa Yan heard this, he immediately burst into laughter. "Hahahaha! You got a good eye! You actually know that I am an experienced fishing enthusiast!"

"Of course. Zhiqing said that you have been fishing for many years. You won't like those ordinary fishing rods."

Wei Wucai's praises made Grandpa Yan really happy.

Yan Beicheng humphed softly. He couldn't believe that this dude could be such a bootlicker!

Afterward, Wei Wucai took out a small box. "Grandma, this is your gift."

Old Mrs. Yan's hobby actually didn't require any actual items. Therefore, even Old Mrs. Yan herself was curious about what Wei Wucai was going to give her if he were to gift her something that matched her hobby.

She opened the box and saw that it was a recipe book and a box of snowflake crisps.

She looked carefully and saw that it was actually the limited edition recipe book and the snowflake crisps made by Fei Xiaomo.

She opened the recipe book and saw that Fei Xiaomo even wrote a personalized gift note on the first page.

A gift to Old Mrs. Yan:

I was very surprised to know that you are my fan and I feel overwhelmed and thankful for the love. Because I don't really know your tastebuds, I made different flavors of the snowflake crisps and specially added less xylitol sugar so that it wouldn't be too sweet. You can eat this without any worries.

Fei Xiaomo.

Even Yan Zhiqing was shocked. "I thought... that was sold out? How did you get that?"

Considering that Fei Xiaomo even wrote a personalized note, this was one of a kind.

This was especially made for Old Mrs. Yan.

"Zhao Gushen knows her well. I begged Zhao Gushen to ask her for it. I went to get it this morning, which was why you didn't know about it," Wei Wucai said, "I was going to pay her, but she said that she didn't want any payment. She wanted to gift this to Grandma. So, this gift is not just from me. It's from Ye Fei as well."

"Ye Fei?" Old Mrs. Yan asked.

"That is Fei Xiaomo's real name. Because you are her fan, she doesn't mind letting you know. She even specially told me this. However, she hoped that you can keep this a secret. If her true identity gets revealed, she will be in trouble."

"What trouble? If she gets into any trouble, just let me know!"

Chapter 3338: I Couldn't Tell

"I don't believe it! With me being here, who would dare to cause her any trouble?!" Old Mrs. Yan immediately said in an arrogant manner.

Wei Wucai smiled as he responded, "You don't need to do anything. Zhao Gushen alone can handle it."

"Oh. Are Xiao Shen and her..." Old Mrs. Yan asked curiously.

"I am not sure. I couldn't tell. But since she is Zhao Gushen's friend, Zhao Gushen won't just ignore it if something happens to her," Wei Wucai said.

Old Mrs. Yan nodded and felt at ease.

She lifted the gift up. She was in so much joy that her eyes curved up along with her grin. "This is such a good gift."

The monetary value of this gift might not be high.

However, the thought that went into preparing this gift was priceless.

"I think it's wrong to say that this gift was not just from you." Old Mrs. Yan said with a smile, "If it wasn't because you found Xiao Shen and contacted Fei Xiaomo, how would I have been able to receive such a good gift?"

"This gift is one of the best gifts I have received so far this year," Old Mrs. Yan said.

Old Mrs. Yan remembered that Yan Beicheng, Lin Chu, and Yan Zhiqing had given her gifts on her birthday.

All those gifts were the best gifts as well!

Old Mrs. Yan didn't exclude anyone of them.

Wei Wucai finally let out a sigh of relief as he said, "It's great that you like it."

"Let me try it now." Old Mrs. Yan opened the box of snowflake crisps.

The square-shaped snowflake crisps were placed inside the box in a very organized manner.

There were pink, red, green, and white snowflake crisps.

The sight of the arrangement of bright colors was very pleasing and delightful.

Grandma then explained to everyone. "Fei Xiaomo does not add any artificial coloring. The pink one is a strawberry. The red one is cranberry. The green one is matcha. The white one is cream flavored."

"I have seen her tutorial. Each one of the snowflake crisps is filled with the right type of dried fruits and nuts. They are really good," Old Mrs. Yan said, "Everyone, taste it. Try one."

Old Mrs. Yan chose a matcha-flavored snowflake crisp. Even though she was old, her teeth could still handle the crispy texture.

The moment she placed it into her mouth, a strong matcha scent pervaded her mouth.

There were pistachio, macadamia nuts, and dried blackcurrants in the fillings.

Fei Xiaomo made the dried blackcurrants herself. She took into consideration of Old Mrs. Yan's age and made it so that even the dried fruits aren't too sweet.

The slight sourness neutralized the unavoidable oily taste of the snowflake crisp.

"How is it?" Old Mrs. Yan asked with anticipation. It was as though she had made it herself.

Lin Chu exclaimed in surprise, "It tastes so good! I have bought snowflake crisps before. But they tasted just alright. They weren't really good and they were quite hard. That was why I never bought any of them for you, but I didn't expect the snowflake crisps made by Fei Xiaomo to be this tasty. She's really thoughtful as well. She made tiny changes with you in consideration."

When Old Mrs. Yan heard Fei Xiaomo being complimented, she felt even happier than when she herself was being complimented.

Even Yan Zhiqing suspected that Old Mrs. Yan wanted Fei Xiaomo to be her granddaughter.

Yan Zhiqing and Wei Wucai both tasted it. The snowflake crisps were very good.

Each and everyone here had tasted a lot of food throughout their life.

It would be a very high evaluation if they rated something as delicious.

Old Mrs. Yan put the recipe book away and placed the snowflake crisps on the coffee table for people to eat with the tea.

“Zhiqing doesn’t make us worry at all,” Old Mrs. Yan was so happy.

Look at how she found such a good boyfriend at such a young age! There was no need for anyone to get worried about her.

And now, their Zhiqing could basically become another family’s example.

So far, grandchildren had resolved the issue of finding someone to get married to for a lifetime!

Yan Zhiqing and Wei Wucui had yet to marry. They were only dating.

But Old Mrs. Yan wasn’t worried about them breaking up at all.

Considering how excellent her granddaughter was, it would be stupid of Wei Wucui to break up with Yan Zhiqing.

It took him so much effort to get Yan Zhiqing to be his girlfriend. Obviously, he would try to marry her as soon as possible.

She knew that Wei Wucui wasn’t a fool.

In addition, Yan Beicheng was Yan Zhiqing’s protector. Wei Wucui wouldn’t be so daring to do such a thing.

Since he had fallen for the girl of the Yan Family, he should not abandon this relationship halfway.

He had to be faithful from the beginning until the end!

“By the way, Xiao Cai.” Old Mrs. Yan had been wanting to ask this question. “You have been working at Mount Lan Compound. How long is your vacation? Are you going back to Mount Lan Compound when the vacation ends? How long will you be there?”

Old Mrs. Yan had always been thinking about this.

Wei Wucui worked for Mount Lan Compound, so he definitely would be staying at Mount Lan Compound for a long time.

Yan Zhiqing would be busy with work as well. Whenever she had to film, she might not be home for two to three months.

But whenever Yan Zhiqing was filming, Wei Wucui would be at Mount Lan Compound.

Whenever Yan Zhiqing was resting, Wei Wucui would still be at Mount Lan Compound.

This would make things a little difficult.

Any relationship would not last long if the couple could barely see each other.

When Grandma Yan asked about this, Yan Zhiqing recalled that fact as well.

Because she had always been with Wei Wucai these past few months, she had forgotten that Wei Wucai would eventually have to return to Mount Lan Compound.

She actually forgot about such an important thing.

Now, she felt reluctant to be away from Wei Wucai, even for a moment.

She couldn't imagine what life would be like if she couldn't see Wei Wucai for a long time when he eventually returned to Mount Lan Compound.

Yan Zhiqing stared at Wei Wucai with gleaming eyes.

She was waiting for her response.

Wei Wucai smiled and said, "I did forget to tell Zhiqing about this. That's my fault. I forgot."

"Actually, I'm going to step down from my position soon," Wei Wucai explained.

"Eh?" Old Mrs. Yan looked at Wei Wucai with joy and surprise.

"I'm already 30. I'm too old to work outside. It's the reason why I have been training my deputy to take over my position for two years now," Wei Wucai said.

"This vacation was an opportunity for the deputy to try leading the team. Although I won't be stepping down from my position in the meantime, I won't reside at Mount Lan Compound like what I have done in the past."

"The deputy and team members are already capable enough to resolve basic tasks. I will just go back if they have to deal with something difficult. Even so, I won't be going back for a long time. If I miss my buddies at Mount Lan Compound, I can just bring Zhiqing along with me and stay there for a while."

"You are willing to come and stay with me there, right?" Wei Wucai turned and asked Yan Zhiqing.

Yan Zhiqing didn't even expect that Wei Wucai was going to retire soon.

This was a surprise and a piece of happy news for her.

"Actually, I'm rarely at home because of my job. And you still aren't retired, right?" Yan Zhiqing asked.

The corner of Wei Wucai's eye twitched.

Why would she say the word retire?

She made it sound as though he was very old.

"You don't have to travel back and forth. If Mount Lan Compound doesn't mind, I can stay there with you."

Chapter 3339: Even Jealous of a Child

"It'll be fine if you do things as usual whenever you have an assignment. We'll come back here again when you retire," Yan Zhiqing said.

It was close, anyway.

"We don't need to stay for long. After all, both of us still have family members around. The elders of our two families are getting older as well, so we should spend as much time with them as possible," Wei Wucai said.

Yan Zhiqing nodded. What Wei Wucai had mentioned was a problem as well.

"So, we can stay here for a period of time. When Mount Lan Compound has work for me to do and it happens that you don't have work, we can go back there together," Wei Wucai said.

Old Mrs. Yan clapped happily. "See, it got solved just like that. This is great!"

"Hang on!" Yan Beicheng heard something that wasn't quite right. "What's going on? You're already living with Zhiqing now?"

Wei Wucai was speechless.

Yan Beicheng truly paid very sharp attention to the conversation.

Wei Wucai couldn't be judged just by how he bothered Yan Zhiqing and asked to stay with her the moment he came back.

After all, this conversation was being held in the presence of her family and elders.

Wei Wucai didn't want to appear that bold.

Unexpectedly, his boldness was unmasked by a single line from Yan Beicheng.

Yan Zhiqing then said, "Older Brother, previously at the set, we saw each other every day. We just weren't together around the lock. With the rate our relationship is progressing, it can't be compared to normal relationships. So, I think that living together is just natural."

After being rebutted by his younger sister, Yan Beicheng was so angry he couldn't speak.

Lin Chu found it amusing, but she also felt her heart ache to see Yan Beicheng so angry.

So, she quietly held his hand.

As expected, once she did that, Yan Beicheng's anger simmered down.

"Your older brother is just showing his concern for you. Look at how you're so simple-minded," Old Mrs. Yan said with a smile.

Afterward, she said to Yan Beicheng, "All right. Zhiqing is an adult now. And you wouldn't let her suffer, right?"

When Wei Wucai heard that, he realized Old Mrs. Yan was attacking him.

So, before Yan Beicheng could say anything, Wei Wucai declared, "I absolutely will not mistreat Zhiqing. Be it now or in the future, I will never do so. Even more so, I will never do anything that will let her down."

Wei Wucai held Yan Zhiqing's hand. "Tomorrow, we'll go to my family home and have a formal meeting with my elders. I haven't told Zhiqing this, but if everything goes as I hope, we'll be able to have our wedding set by the time the year is over."

After all, there was only a month left before the end of the year. Once this month was over, it would be the new year.

Wei Wucai thought it wasn't realistic to get engaged right now.

He would be happy to do so, but the Yan Family definitely wouldn't be happy.

So, it was better for him to be more conscientious about it.

"If Zhiqing doesn't want to get married so soon, we can get engaged first," Wei Wucai said.

Yan Zhiqing was astonished to hear this. "You... Why haven't you mentioned this to me before?"

"Initially, I thought sincerity and surprise were needed for the proposal, so I kept it a secret from you. I wanted to wait for the right time to propose to you," Wei Wucai explained. "However, since we're before your elders today, I need to give them a guarantee so they can be at ease. This is why I had no choice but to talk about it right now."

Wei Wucai hurriedly added, "I didn't have any intention of pressuring you."

Yan Zhiqing rested her chin on her hand and thought about it for a moment. Afterward, she said with a bright smile, "Actually, I'm fine with getting married. I don't have any desire to not get married right now."

"After all, my filming career won't suffer any constraints due to my marriage. To begin with, I don't need to depend on collaborations with actors as a couple to increase my popularity."

Moreover, she wasn't particularly fond of filming purely romance films.

If no one wanted to cast her in romance films because they thought she wouldn't be suitable for them as a married woman...

Then that would be great. She just wouldn't act in them.

There were so many genres she could be an actress in; she didn't need to stick to just one.

Yan Zhiqing was so confident, as she wasn't afraid that she would run out of work.

If it were someone else, they might not be able to be as bold as Yan Zhiqing.

A constraint on their filming career meant there would be one less potential area to expand to, which in turn meant there would be less work for them.

"You'll be going to the Wei Family's home tomorrow, right?" Old Mrs. Yan asked.

Wei Wucai turned his head and asked Yan Zhiqing first, "Can we?"

"Sure." Yan Zhiqing nodded.

They first came here to visit the Yan Family's two elders today.

It wouldn't be good if they didn't visit the two elders of the Wei Family immediately afterward.

She couldn't really say that she was tired either.

Her life right now was much more relaxed than when she lived her extremely busy work life on the set.

For Yan Zhiqing, all this was like a vacation.

So, she wasn't tired.

"In that case, I'll wait for you to head there first before I contact your grandmother. The two of us will have a proper discussion, split up the work, and spread the good news to each of our families," Old Mrs. Yan said.

Wei Wucai was speechless.

This tradition of spreading the news to different families without delay whenever there was good news was truly really well preserved.

In the past, it had always been the lonely fight of each family's female elder.

This time, it was a rare alliance between the Yan and Wei Families.

This meant it was the formidable alliance of Old Mrs. Yan and Old Mrs. Wei.

Wei Wucai shivered on behalf of the unmarried members of their families.

In the evening, Yan Zhiqing and Wei Wucai stayed behind for dinner before leaving.

Yan Beicheng and Lin Chu, as well as their child, left together with them.

The thing that rather surprised Wei Wucai was that after stepping out of the house, Yan Beicheng unexpectedly did not say any hateful words or give any warnings to Wei Wucai.

Yan Beicheng probably had enough confidence in himself, so he wasn't afraid Wei Wucai would dare mistreat Yan Zhiqing.

Yan Shian was still sleeping soundly.

Yan Shiyu was initially still a bit sleepy, but he immediately became fully awake after feeling the freezing air outside.

Before they parted, he even slopped a wet saliva-filled kiss on Yan Zhiqing's face.

Then Yan Shiyu became especially happy whilst in Lin Chu's embrace.

If it were not because Yan Shiyu was still a little kid, Wei Wucai would have stopped holding back against him a long time ago!

Once they were in the car, Wei Wucai hurriedly pulled out a wet wipe for Yan Zhiqing to wipe her face.

After becoming a couple with Yan Zhiqing, Wei Wucai had been particularly attentive to these things.

So, he bought wet wipes that contained the moisturizing ingredient, hyaluronic acid. They could be used to wipe the face directly, without fear of irritating the skin.

Actually, the saliva on Yan Zhiqing's face had long dried thanks to the wind outside.

However, Wei Wucai insisted on wiping Yan Zhiqing's face, anyway.

Yan Zhiqing said frustratedly, "It's just a little kid's saliva. It's not dirty.

"It's not about whether it's dirty," Wei Wucai said. "Even if it's a little kid, he's still male!"

Yan Zhiqing couldn't restrain herself and burst into laughter. "Seriously? You're jealous even of a little kid? He's only two years old!"

"It's exactly because he's only two years old that I restrained myself. Otherwise, if he were a bit older, see if he can even kiss you," Wei Wucai said while gritting his teeth.

Yan Zhiqing didn't know what to say.

Wei Wucai thought that Yan Zhiqing was going to think he was petty.

Of course, even if she thought that way, he wasn't going to change his mind.

He was indeed that petty.

Unexpectedly, Yan Zhiqing reached out with her hands and held Wei Wucai's cheeks.

Chapter 3340: Really Simple

After that, she moved over.

"But I like how petty you look as well," Yan Zhiqing said with a grin.

Wei Wucai couldn't resist smiling, too.

"Let's go back quickly. We still need to meet with Grandfather Wei and Grandmother Wei," Yan Zhiqing said. She was totally oblivious as to what she was going to have to face tonight.

Wei Wucai didn't tell her either.

He just quietly drove home.

They had spent the whole afternoon at their old home.

So, after eating dinner, they didn't continue to linger around.

So, now that they had arrived back home, it was only 8 pm.

Yan Zhiqing took a shower and tidied up. Then she turned on the television and looked for a variety show to watch.

When Wei Wucai was done showering and emerged to see that Yan Zhiqing was unexpectedly watching a variety show, he asked, "Is this what you like watching normally?"

"Yeah. Sometimes, I'll study the acting in some movies and television series, but to me, that's also a form of work."

"If I do that all the time and let work completely take over my life, that would make my life too dull. So, when it's time for me to unwind, I'll watch variety shows to relax my mood and mind. Sometimes, I won't really be paying attention to the show. I'll just set the volume on low and spend time on the Internet while letting the variety shows play."

"That's truly such a really simple pleasure," Wei Wucai said.

Yan Zhiqing turned to him and pouted. "You can just say my life is very boring."

She had nothing else to do when she wasn't working... But even the lives of ordinary people were filled with various activities, let alone celebrities.

Going to a bar or nightclub was an obvious one. They would also make appointments with others to do all sorts of outdoor activities like hiking and exploring, having picnics and barbecues, and diving and surfing.

In short, they could plan out and use their spare time purposefully in many ways.

Yan Zhiqing felt that her life outside of work was indeed rather dull.

She would feel embarrassed if it were to be made public.

She was a homebody.

If she was asked what she liked doing normally...

The answer would be that she normally wouldn't go out at all. She would just hole up at home, where she would watch television and hop on the Internet.

However, Yan Zhiqing was normally too tired from being too busy with work.

So, whenever she finally had time to rest, she truly wouldn't have the energy to go out and about.

Wei Wucai sat down beside her and pulled her into his embrace before saying, "But from now on, your spare time will now be spent on one more thing in addition to watching television and going on the internet."

"What is it?" Yan Zhiqing said curiously.

Could it be that Wei Wucai wanted to drag her along on his workouts?

She knew that after entering a romantic relationship, many men who normally had the habit of exercising would make their girlfriends go work out with them.

However, Yan Zhiqing refused to do this.

She was the kind of person who would sit if she didn't need to stand and lie down if she didn't need to sit.

Unexpectedly, Wei Wucai had no intention of dragging her out to exercise. Instead, he lowered his head and said something by her ear.

What?

Yan Zhiqing was stunned.

She didn't react even when Wei Wucai carried her into the bedroom.

"Can we do it?" Wei Wucai asked Yan Zhiqing for her opinion.

Yan Zhiqing had too many thoughts running through her head.

So much so that her head was almost giving off steam.

She thought about how she had actually been prepared for this situation ever since she agreed to let him stay at her place yesterday.

While Wei Wucai was asking her that ambiguous question...

Yan Zhiqing immediately understood.

She was actually rather addicted to the sight of his body.

Consequently, Yan Zhiqing's head started feeling hot, and she slowly nodded.

When Yan Zhiqing woke up the next day, she recalled last night's course of events.
