

Mr Han 3361

Chapter 3361: Calm Down

She threw them onto the bed.

Unexpectedly, at the very second that the two balls of paper fell onto the bed...

They suddenly transformed into people.

Upon a closer look, the two people on the bed looked exactly like He Qingyang and Yang Lin.

It was just that they appeared somewhat rigid in comparison.

However, without a close examination, it would be impossible to tell that there was anything different from the actual people.

Even He Qingyang and Yang Lin felt a little confused by the sight, even a bit horrified.

“All right. They will take your place in this room tonight,” Xie Jiling said. “You two go outside for a while.”

“Oh, okay.” He Qingyang and Yang Lin were completely shaken by this move of hers.

They were somewhat skeptical of her before this and wanted to wait till after seeing the outcome tonight before changing their minds.

But after seeing the move she just made, they truly had no more doubts about her.

Putting the ‘master’ who was currently present aside, those few from before definitely did not have this level of ability!

He Qingyang and Yang Lin were immediately filled with hope.

The two people felt their hearts had been revived.

They no longer felt apprehensive.

Finally, someone with real ability was here.

They wouldn’t feel any heartache at all, even if they had to pay her 5,000,000.

Now, these two people would heed her words and obey.

They rushed out of the room.

That “master” went into a daze from watching this scene. Then he suddenly trembled and said, “This is the legendary Object Transformation Spell!”

“What?” He Qingyang and Yang Lin expressed that they didn’t understand.

“This kind of skill, which allows the user to casually tear up some paper and transform them into people, died out a very long time ago!” the “master” said excitedly. “I only know that this sort of legendary technique exists due to having seen it in the ancient records of my master’s sect.”

“At the time, when I saw it was written in the documents as a brilliant skill, I thought the people of the ancient times were just exaggerating. However, it’s actually similar to the method of camouflage used in magic tricks. I’ve never seen the technique being used, and it was only briefly mentioned in the ancient records of my master’s sect, without including the method to execute it. So I didn’t believe it was real all this time.”

“I never imagined... that there would be a day when I would actually see it in person!” The “master” was so emotional that he seemed like he was about to kneel down before Xie Jiling.

The corner of Xie Jiling’s mouth twitched, and she said exasperatedly, “Master, calm down a little.”

“Hey! You’re still calling me ‘master’! In your presence, I’ve lost all face.” The “master” was so ashamed that his face was flushed. “You’re the great master. In your presence, I’m nothing at all!”

“It’s truly unexpected that your sage self presents as an ordinary person! You’re of such a young age, yet you’re already so powerful!” The “master” gazed at Xie Jiling in admiration.

Faced with this middle-aged uncle’s admiration, Xie Jiling expressed that it was completely unwanted and regarded it with great disdain.

“You mentioned a sect. Which sect are you from?” Xie Jiling asked.

The Xie Family had a universal record of all the sects that existed from ancient times till now.

Many of the sects from ancient times had died out long ago and no longer existed.

The reason why the remaining few had yet to die out wasn’t that they had robust foundations.

Rather, it was because too much time had passed, so they lost most of their techniques.

To date, they only had some minor arts left.

Of course, every sect had preserved some trump cards.

However, it was somewhat difficult for their current levels of ability, so very few people could learn them.

To the Xie Family, though, those trump cards were simply inadequate.

Back in the day, these trump cards were merely techniques for the junior disciples to learn.

Blushing with shame, the “master” said, “Now that you mention it, I’m truly an embarrassment to my master’s sect. I’m from the Xuan Yi Sect.”

“I’m Luo Dingzhen,” the “master” said.

“I remember that the leader of the Xuan Yi Sect, Hui Hai, is quite powerful. So why are you like this?” Xie Jiling narrowed her eyes. “Moreover, since you’re a member of the Xuan Yi Sect, you should know the

difference between ordinary spirits and vengeful spirits. Yet, you made things difficult for ordinary spirits?”

Luo Dingzhen instantly began to sweat as he regretted his past deeds.

“Great Master, I know I’ve done wrong. It was my pride. We, the disciples of our sect, are normally out in the world, and when we return to the sect every year, we’ll make records of our achievements. I... I didn’t want to lose to the others, so I...”

“So, you harmed ordinary spirits?” Xie Jiling said coldly.

She still remembered the incident.

She wouldn’t let Luo Dingzhen off just because of his admiration for her.

The moment Luo Dingzhen heard the word ‘ordinary,’ he knelt down before Xie Jiling. “Great Master, I know I’ve done wrong. I will definitely change for the better. Could you... Could you please give me a chance?”

“You don’t need to beg me. In any case, if you hurt another ordinary soul in your current condition, you will completely destroy your Qi. As for what will happen after, I’ve already told you about that.”

After having seen Xie Jiling’s methods, Luo Dingzhen now had total belief in Xie Jiling’s words.

He immediately became terrified.

“Then... Then what should I do?” Luo Dingzhen asked in fear. “Great Master, I really do regret my actions. I will never do this sort of thing ever again in the future. I want to change. Could you... Could you please repair my Qi?”

“I could,” Xie Jiling said.

Luo Dingzhen’s eyes lit up, and he was about to hug Xie Jiling’s leg.

Fortunately, he realized just in time that this behavior would not be very appropriate. Luo Dingzhen’s arms hung stiffly in midair for several seconds before he hurriedly withdrew them.

“Great Master, what solutions do you have?” Luo Dingzhen asked hastily. “I guarantee that I will definitely never hurt an ordinary spirit ever again in the future. I will definitely change for the better!”

Nevertheless, with this method, Xie Jiling wasn’t afraid that Luo Dingzhen wouldn’t change.

Consequently, Xie Jiling said, “You can repair your Qi by yourself. You just need to do many good deeds. Slowly accumulate your meritorious deeds, and your Qi will recover.”

“You exhausted your Qi on ordinary spirits, so you’ll have to retrieve it from them. This is your karma,” Xie Jiling said. “When you encounter ordinary spirits and send them to the netherworld, you need to help them achieve their unfulfilled wishes, as long as it does not involve harming others. This is to help them reincarnate without any lingering regrets.”

“If you encounter resentful spirits and are able to deal with them, then go ahead and deal with them. If you can’t, you need to first help prevent the innocent parties from getting harmed, then contact the Exorcist Association,” Xi Jiling said.

“What I’ve said are just examples. There are still many cases where you’ll need to take it case by case. In any case, these are the general methods,” Xie Jiling said.

“Every time you do a good deed, the netherworld’s book of merits will make a judgment on whether you should receive a point of merit or not. As your merits accumulate, so will your Qi. Of course, if you revert to your old ways, you will ultimately suffer the repercussions of that. If you do bad deeds after doing many good deeds, the repercussions will be more severe. So, you better think about it deeply.”

Luo Dingzhen said hurriedly, “I’ve already decided to change for the better. I definitely will not be like I was in the past!”

Xie Jiling merely nodded. She didn’t care about Luo Dingzhen’s sincerity as he made this pledge.

In any case, if Luo Dingzhen cherished his life and wanted to have a good reincarnation, he would definitely change himself.

Chapter 3362: Almost Knelt Down Again

Ordinary people might not believe in the stories of reincarnation, but the people in their line of work absolutely did believe in reincarnation.

“Alright. Please get up.” Xie Jiling was at a loss for words as she said, “Why are you kneeling to me?”

Luo Dingzhen got up and asked, “Great Master, what is your surname? Who is your teacher, and which sect do you belong to?”

When Luo Dingzhen saw Xie Jiling looking over here, Luo Dingzhen hastily explained, “I am not trying to pry into your information. I just thought you are powerful. Despite your young age, you knew so many techniques that had died out long ago.”

Xie Jiling listened to his lengthy explanation and said, “My name is Xie Jiling.”

“So it is Master Xie. Xie—” Luo Dingzhen greeted with a smile. But then, he suddenly froze.

Luo Dingzhen looked at Xie Jiling in surprise. “Xie...”

She had the surname Xie and was very knowledgeable.

“Perhaps you are Xie Family’s...” Luo Dingzhen came from a proper sect and obviously knew about the Xie Family.

Xie Jiling nodded.

Luo Dingzhen almost knelt down again.

Xie Jiling hastily helped him up as she asked, "What is this habit of yours?"

"No. No. It's just... the Xie Family... is very well-known. I didn't expect to meet a member of the Xie Family within my lifetime. What kind of luck do I have?!" Luo Dingzhen was so excited that he started rambling. "Hahahahaha. If my brothers in the sect found out about this, they would be so jealous!"

Xie Jiling had no words.

Why did it feel like this Luo Dingzhen was a little stupid?

"No wonder you are so capable," Luo Dingzhen said excitedly.

Everything would make sense if she were a member of the Xie Family.

Yang Lin, who was at the side, couldn't help but remind them, "Can you talk after the issue is resolved? The... time is running out."

Xie Jiling was obviously someone with real ability. Yang Lin didn't dare to show a tiny bit of dissatisfaction toward Xie Jiling.

However, she still couldn't help but regret that she had asked Luo Dingzhen to stay as Xie Jiling's helper.

After all, Luo Dingzhen wasn't even helping. Instead, he started talking to Xie Jiling and slowed down Xie Jiling's work progress.

Yang Lin didn't dare to blame Xie Jiling. She could only blame Luo Dingzhen, who was clearly the one without real ability.

Xie Jiling nodded and asked Luo Dingzhen to leave the bedroom as well.

Xie Jiling was the only one left in the room. She took out a writing brush and a bottle.

She then dipped the writing brush into the bottle and drew a couple of times in the corner of the bedroom.

Like the talisman drawing on the contract, the drawing in the corner was initially red before it disappeared.

Luo Dingzhen stretched his neck at the door and watched curiously.

He then asked, "Master Xie, is this potion specially made?"

This was amazing.

"No." Xie Jiling didn't even look up. She continued drawing in the other corner as she responded casually. "It's just normal color-changing ink."

Xie Jiling lifted the tiny bottle and showed it to Luo Dingzhen, "The stationary shop sells this to little kids for pranks. It only cost a few dollars. It's very cheap."

Luo Dingzhen was at a loss for words.

Should you really be drawing talisman symbols in such a reckless way?

Xie Jiling then explained, "My drawing is the only thing that is useful. It's not the materials used to create the drawing. It works even with normal ink or pen. However, it's hard to draw something in the corner with a pen."

"Colored ink can be easily noticed. It's best to use this type of color-changing ink," Xie Jiling said.

Soon, Xie Jiling finished the drawing.

She came out of the room and stepped in front of the door.

She lifted her right hand and did a pushing movement with her palm while saying, "Form!"

A dense net invisible to ordinary humans started forming in the room before disappearing.

Although Luo Dingzhen was not capable, he was a true practitioner.

Therefore, he was able to see it.

When Luo Dingzhen saw those densely connected lines, he felt horrified.

Then, the room became peaceful again. it was as though those densely connected lines weren't even there.

Luo Dingzhen almost knelt down again.

"Let's go," Xie Jiling said.

"Where are we going?" He Qingyang asked.

"We are going out. Are you brave enough to stay inside and wait for the arrival of the vengeful spirit?" Xie Jiling asked.

He Qingyang and Yang Lin shivered in fright.

Just the thought of it felt terrifying, not to mention actually waiting for its arrival.

The two quickly followed Xie Jiling outside.

Yang Lin asked, "That's... it? You don't have to do anything at the front door or courtyard?"

"I have placed the fake human figures in your bedroom and set up an enchantment spell formation. That's enough. The enchantment spell formation will recreate your auras, and it will immediately go to your bedroom," Xie Jiling said.

"You can stay in a restaurant, hotel, or anywhere bright. If you don't feel assured, you can stay here." Xie Jiling said.

Yang Lin stared at He Qingyang and waited for him to decide.

He Qingyang thought about it and said, "We will wait here."

He wanted to see if Xie Jiling had truly eliminated that creature.

What if she lied?

Although he had witnessed that Xie Jiling was truly capable, he still had to be careful.

It didn't matter to Xie Jiling. She pointed at the long-bench chair under the street light on the left.

"You can sit here. It's bright and has the aura of humans around. In addition, the moon tonight is creating a very good magnetic field. You will not be in danger there," Xie Jiling said.

"Based on what you said, this means that there's still a chance of us being in danger," He Qingyang said, "You can do spell formations? Can you create one here for us?"

"Sure." Xie Jiling responded as if it didn't matter. "But I have to tell you this first. You must sit obediently within the spell formation."

"If... If it comes out to look for you two, you two must stay here even if it is in front of you. It cannot enter the spell formation, but you can leave at any time. If you forget about this when you are scared, and your first reaction is to run amidst your panic... If you even move just the tip of your feet out of this spell formation, this spell formation will become useless. Even if you go back inside, it will be useless."

"Because you have taken the initiative to leave, the spell formation will automatically open its door and will no longer stop anything or anyone from entering this area."

"Alright." He Qingyang and Yang Lin agreed.

"We can just close our eyes," He Qingyang said.

"Whatever. But don't worry. It won't come after you." Xie Jiling said.

Soon, He Qingyang and Yang Lin could be seen sitting on the long bench chair.

The sky would turn dark in just an hour.

"..." Xie Jiling asked, "Do you two plan to sit here for an hour?"

Yang Lin nodded and said, "It's best to be prepared earlier just in case we panic later."

He Qingyang said, "Please set up the spell formation. We will just sit here without going anywhere."

Chapter 3363: For a Reason

Yang Lin added, "By the way, make the spell formation bigger so that we can move around."

Xie Jiling laughed and said, "Do you think setting up a spell formation is like a game and can be done by just recklessly drawing? This exhausts my mental energy. The bigger the spell formation, the greater the mental energy exhaustion."

"My aftersale service is very good. I can give you a small area of formation for free, but if you want a bigger one, I will have to charge you for it. I will charge you an extra 1 million for every extra ten centimeters."

“Why don’t you just rob us?!” Yang Lin couldn’t help but complain.

She had been enduring. She told herself that Xie Jiling was a truly capable person.

She was a powerful person with real ability.

And they must not offend her.

However, she couldn’t endure it anymore.

Looking at how Xie Jiling was asking for money, Yang Lin was sure that Xie Jiling was a young billionaire!

Xie Jiling shrugged and said without a care, “Whatever. I did offer a free one.”

Yang Lin pulled He Qingyang.

He Qingyang then said, “Just make the free one.”

Xie Jiling was really fast. She took out the writing brush from earlier and dipped it into the ink. Then, she started drawing on the handle of the chair.

And then, she did a pushing movement with her palm in the air.

The spell formation was done.

This time, the color of the ink did not disappear. The symbol was still on the handle of the chair.

Although He Qingyang and Yang Lin couldn’t see the spell formation, they felt more at ease.

“Let’s go. We will wait inside the house,” Xie Jiling said to Luo Dingzhen.

Luo Dingzhen wanted to witness it himself.

Therefore, he tried to overcome his fear.

Still, he couldn’t do it.

And so, Luo Dingzhen asked Xie Jiling softly, “Master Xie, do you have any amulet for protection? I don’t feel safe. This is my first encounter with a vengeful spirit.”

Xie Jiling said, “Yes, but you are not my client. I cannot give it to you for free.”

“How much does one cost? Tell me.” To keep his life safe, Luo Dingzhen asked without any hesitation.

He had earned a lot of money while he was traveling around, and he was worth a lot of money.

“I charge six hundred thousand, but since you are someone in our line of work, I will give you a discount. Five hundred thousand.” Xie Jiling said.

Luo Dingzhen was at a loss for words.

Did she give this price because she heard that he had charged six hundred thousand for his service this time?

She even left him one hundred thousand. Did she do it because he had acknowledged his mistake and showed a good attitude?

“Do you want it?” Xie Jiling asked.

“Yes. Yes. Yes.” Luo Dingzhen said, “Give me your account number. I will transfer the money to you now.”

“Oh. You have money now?” Xie Jiling was surprised.

Luo Dingzhen smiled embarrassedly, “That’s all I have. I can give you five hundred thousand. You have to have some emergency money in your bank account!”

“True.” Xie Jiling nodded and said, “It’s like how I have a contract ready with me at any time.”

Luo Dingzhen didn’t know what to say.

No. It wasn’t the same.

Xie Jiling had those contracts ready to earn money.

But he had the money ready to spend them...

They weren’t the same.

“Just pay me through Alipay,” Xie Jiling said, “She opened her Alipay and clicked on her QR code for receiving payment. “Scan it.”

Luo Dingzhen was speechless.

Luo Dingzhen quickly transferred the money to Xie Jiling.

Xie Jiling then took out an amulet and gave it to him.

The two stayed in the villa until 6 pm. Xie Jiling then felt hungry.

She didn’t want to touch anything in this house.

Fortunately, when she left Lu Man’s house, Xia Qingwei filled Xia Qingwei’s bag with so much food.

There was beef sausage and chicken sausage that Xia Qingwei made by herself. She was worried that it might not be convenient for Xia Qingwei to cook the sausages in her dorm, so she even cooked the sausages.

There were also pickled vegetables and cooked sauced meat.

She even gave Xie Jiling the one-thousand-layer cake that she had baked.

Although there were many types of food, each type of food was just a small portion.

She didn’t want Xie Jiling to save the food for too long. She wanted to give Xie Jiling freshly made food after these portions of food were finished.

At this moment, the food they gave served its purpose.

Xie Jiling took out all the food.

Luo Dingzhen was shocked. "Master Xie, you bring food around as well?"

"I visited an elder sister, and her mom made the food for me to take it back to school," Xie Jiling answered honestly.

"You go to school?" Luo Dingzhen asked.

Although he could tell that Xie Jiling was young, he thought that the members of the Xie Family wouldn't be so down-to-earth and do normal things like attend a normal college.

"Of course." Xie Jiling thought Luo Dingzhen's question was really weird.

"Of course, I have to go to college," Xie Jiling added.

"You are very down to earth." Luo Dingzhen commented with a sigh.

Xie Jiling had no words.

"Do you want to eat?" Xie Jiling asked Luo Dingzhen, "We might have to wait until really late at night. Don't be having no strength later because you are starving."

Luo Dingzhen said, "Why don't I order delivery, and we can eat something good?"

"There's no need for that. I think the ghost will come by at a really late time, but if it actually came early and bumped into the delivery guy, we would be causing trouble for that delivery guy, right?" Xie Jiling said.

"True." Luo Dingzhen nodded.

"Then can I have some?" Luo Dingzhen asked hesitantly, "Do I have to pay?"

Xie Jiling had no words.

Why did Luo Dingzhen think that she was someone who wanted money for everything?

Luo Dingzhen didn't know what Xie Jiling was thinking.

Otherwise, he would have recommended Xie Jiling to ask He Qingyang and Yang Lin what they thought of her.

"Of course not," Xie Jiling said, "But don't eat too much. Just eat enough to not feel hungry. I still have to save some to eat at school."

Luo Dingzhen didn't know what to say.

The longer he stayed with Xie Jiling, the more emotional pain he felt.

And so, Luo Dingzhen took half of the biscuit, a sausage, and quickly started eating.

As expected, the food he ate wasn't filling.

The biscuit and sausage tasted so good.

However, because he was only half full, Luo Dingzhen felt even hungrier.

He watched as Xie Jiling ate heartily. She had no intention of asking him to eat again.

She didn't even fake another invitation out of courtesy.

Luo Dingzhen kept swallowing his own saliva in envy.

When Xie Jiling was full and started packing the rest away...

Luo Dingzhen stopped thinking about the food.

Xie Jiling had nothing to do, so she took out her phone and started chatting with her classmates.

Everyone was making their way back to school, and their group chat became much more active now than it was during the holidays.

During the holiday, all the classmates were busy having fun, going on vacation, and meeting up with their high school friends. They didn't really have the time to chat in the group chat. Conversations in this group chat only happened occasionally.

But now that everyone was either on their way back to school or they had already arrived at school...

They started feeling bored, so the group chat became active once again.

Xie Jiling realized that young people were quite good at torturing themselves.

Some went back home during the new year and heard about some terrifying myths in their hometown.

Some even went for a stroll in the deepest area of a nearby forest.

Xie Jiling thought that these people were scared that their holiday might not be as amazing as the other people's holiday.

They were competing with each other on who could be the bravest.

As such, Xie Jiling couldn't help but remind, "Every myth exists for a reason. Something must have happened for a myth to exist."

Chapter 3364: Trembling in Fear

"Nothing happened to you because you were lucky. Don't do risky things to make people think you are brave."

When Xie Jiling sent this message, the entire group chat instantly became strangely quiet.

"Is that true?"

"No way!"

Xie Jiling would usually explain some pieces of "knowledge."

If unfortunate things were happening to you, Xie Jiling could easily stop it.

If it happened a couple of times, it could be merely a coincidence.

But since it happened to so many people, it wasn't a coincidence.

In addition, the things they thought to be strange suddenly made sense when Xie Jiling provided an explanation.

Sometimes, the problems that had been giving them or their friends and family a headache would be resolved just by listening to Xie Jiling's advice.

And so, all the classmates trusted Xie Jiling greatly. Of course, they didn't think she was a shaman.

And when they saw what Xie Jiling said, they immediately felt nervous.

"No way! Are we going to be okay?"

"Jiling, when are you coming back to school? Can you come and take a look at us and see if anything followed us back?"

"I'm working right now. I will go back to school after I resolve this issue tonight. I will take a look at you guys tomorrow," Xie Jiling said, "You will be fine since I am here, but whose help can you seek if I wasn't here."

"Therefore, don't play such risky games in the future." Xie Jiling instructed.

In Xie Jiling's opinion, young people would feel horrible if they didn't do things that could lead to their deaths.

The boys who had gone on that adventure immediately started sending crying emojis. "We got it. We won't dare to do that anymore."

"But what if something happens to us before you came back tonight?" someone asked.

When they were describing their achievements, they were quite brave.

But now, none of them were competing with each other on who was the bravest.

"Didn't I give an amulet to you all? That can protect you once," Xie Jiling said, "Don't worry."

"However, if something does happen to you, you will have to buy those amulets from me in the future. Don't blame me for not being a good classmate. I just don't trust that you all will have the self-control."

"If you all keep thinking that there's nothing to be scared of and continue doing risky things because you think you have the amulet, what if you encounter one that can break through the amulet and I wasn't there for you, what are you going to do? Being cautious is always better than any kind of amulet." Xie Jiling said.

Xie Jiling wouldn't ignore them if they accidentally got into danger.

However, if they actively pursued dangerous activities, then Xie Jiling would not tolerate that.

When Xie Jiling said that, her classmates couldn't refute it.

They could only cherish the amulets they had.

And then, Xie Jiling stopped chatting. She watched as her classmates chatted with each other.

Luo Dingzhen couldn't help but ask, "Master Xie, are you not nervous?"

"What is there to be nervous about?" Xie Jiling said without a care.

Although Xie Jiling was very capable, Luo Dingzhen still felt a little embarrassed to lose to Xie Jiling, a young girl.

He forced himself to calm down and stop feeling so stiff.

"Sigh. It feels so boring just sitting here. How stiff must those two be sitting outside." Luo Dingzhen was extremely nervous, so he tried to start a conversation to make himself feel better.

However, Luo Dingzhen was right. "It is still winter. They have been sitting outside for such a long time, and they can't even move."

"It's fine in the afternoon since there's some sun, but it's nighttime now, and it's really cold."

Luo Dingzhen thought it was weird. Was there any other place safer than being around Xie Jiling?

What were He Qingyang and Yang Lin thinking?

Instead of staying beside Xie Jiling, they chose to freeze outside.

It was just as Luo Dingzhen had expected. He Qingyang and Yang Lin were having a difficult time.

The two weren't scared tonight, but they were really cold.

Even though they were wearing jackets, the two had to sit here without moving at all.

Yang Lin couldn't help but complain. If she had known about this, she would have spent a few hundred thousand and asked Xie Jiling to make the spell formation a little bigger.

At least they would have an area big enough to move around. It was really freezing.

At this moment, He Qingyang and Yang Lin suddenly saw the lights in the house flickering, turning bright and dark.

The street lights beside them immediately started being affected as well.

The zapping sound of electricity sparks could be heard.

Yang Lin was so scared that she held He Qingyang tightly.

He Qingyang also held Yang Lin tightly while trembling in fear.

They saw the light in the bedroom on the second floor go out.

And then, with a zapping sound, the lights in the living room went out.

The street lights around went out at the end.

They got completely surrounded by darkness.

However, other people's houses were brightly lit and appeared to be very lively.

Compared to their house, which looked very dead and silent, the contrast was startling.

It was as though their house existed in a different world.

Xie Jiling put her phone away and rushed to the second floor with her backpack on her back.

Luo Dingzhen didn't dare to make a sound as he quickly followed behind Xie Jiling.

When Xie Jiling arrived at the door, she saw the vengeful spirit standing by the bed and staring at the two fake human figures made with the two balls of paper.

The aura that Xie Jiling had created on the balls of paper had temporarily fooled the vengeful spirit.

The vengeful spirit could be seen grinning and laughing creepily.

It was smiling so widely that the corner of its mouth reached the end of its ears. Its gum and missing teeth could be seen through its agape mouth.

Its face looked burnt, and its skin looked bumpy with black, scorched scars.

A pungent burning smell could even be smelled in the air.

Black liquid that looked like kerosene would drip out of its eyes and mouth whenever it grinned.

The arrival of this vengeful spirit caused the entire room to smell horrible.

It had been scaring He Zhengbai and Yang Lin for a very long time now.

However, the vengeful spirit seemed impatient tonight.

It suddenly emanated this very strong vengeful aura and pounced toward the two fake human figures.

But the moment it touched the two fake human figures...

"Boom!" The two fake human figures turned back into balls of paper.

Two recklessly made balls of paper could be seen on the bed.

The vengeful spirit knew that it had been fooled.

It was so angry that it started emitting a terrifying scream.

The scream instantly sounded in He Qingyang and Yang Lin's ears.

Actually, no one else could hear this scream.

Xie Jiling, Luo Dingzhen, He Qingyang, and Yang Lin were the only ones who could hear this scream.

He Qingyang and his wife immediately started screaming.

They almost couldn't control the urge to run away.

However, they remembered that Xie Jiling told them that they shouldn't move.

The two held each other tightly. They didn't dare to move at all as they sat on the long bench chair and trembled in fear.

The vengeful ghost then found He Qingyang and Yang Lin.

It looked out through the window and focused its eyes on the two people on the long bench chair.

At this moment, Yang Lin happened to be looking at their bedroom on the second floor.

Chapter 3365: Everyone Became Familiar With Each Other

At this moment, she happened to stare directly at the vengeful ghost.

"Ah!" Yang Lin shrieked. When she saw the vengeful ghost coming downstairs, she immediately wanted to run.

"Don't run!" He Qingyang grabbed her and stopped her from running.

The vengeful ghost was going to dash forward.

But the moment it dashed toward them, it was rebounded as if there was an invisible net.

He Qingyang and Yang Lin saw everything.

The two couldn't see the invisible net.

However, they saw the vengeful spirit spring back into the bedroom.

They then remembered the setup Xie Jiling had done this afternoon.

Yang Lin immediately felt a sense of relief. "I didn't expect. I didn't expect that we could encounter someone with real abilities!"

He Qingyang nodded and quickly urged, "Get rid of it!"

When the vengeful spirit sprung back, Xie Jiling immediately rushed into the bedroom and shouted, "You are already in here. Where do you think you are going?"

The vengeful spirit immediately turned and faced Xie Jiling while saying in a hateful tone, "Mind your own business!"

"Why did you try to kill them?" Xie Jiling could tell that the vengeful ghost was trying to kill He Qingyang and Yang Lin.

"They deserve to die!" The vengeful spirit screamed.

"Are you Lu Qi?" Xie Jiling suddenly asked.

The vengeful spirit was stunned. Suddenly, it started cackling crazily, "Hahahahahahahaha!"

“Since you know, why do you ask me for the reason why I want to kill them? They killed me!” Lu Qi instantly transformed back into what she looked like back then.

Aside from the pale face, she looked the same as before.

“It’s because I became the reason why He Zhengbai couldn’t marry someone else. And so, they wanted to kill me. They worked together and murdered me. They are all murderers! He Zhengbai watched me burn to death in that fire!”

“I treated him with such kindness and sacrificed everything for him. I even gave up my family for him. My dad refused to acknowledge me as his daughter, and my mom went to jail for him. I gave half of the property of the Lu Family to the He Family, but what did I get in the end?”

“Their family worked together to kill me! When He Zhengbai killed me, he didn’t hesitate at all! He didn’t think about how much I have sacrificed for him. But he wanted to take my life!”

“I died. Yet, he luckily survived. Still, I don’t think it was fair!” Lu Qi roared with such hate and anger. She couldn’t control herself.

For a moment, her face distorted terrifyingly.

However, her distorted face instantly changed back to normal.

“How could he kill me and still live well? Initially, I wanted to torture him every day, but I didn’t expect him to be so useless. He died the first time I scared him.”

“He killed me, but I didn’t forget that He Qingyang and Yang Lin had played a part in it as well. Therefore, I came to get my revenge! They killed me! They won’t get to escape!”

This was Lu Qi’s grudge.

Her grudge was getting stronger and stronger, resulting in her reluctance to reincarnate.

She came by every day to torture He Qingyang and Yang Lin.

The more fear He Qingyang and Yang Lin felt, the stronger the grudge became.

Because she was doing evil and because she had so much hate, she completely became a vengeful spirit.

However, she had just transformed into a vengeful spirit. She didn’t have an organization, and she didn’t practice any techniques. As such, she was no match for Xie Jiling.

“When they die, I won’t even let their soul go free.” Lu Qi showed a fierce and ruthless smile.

Although she was evil when alive, she pretended to be sweet and innocent for many years.

When she smiled, she still looked pitiful and beautiful.

However, her current smile no longer looked like the smile she had back when she was alive.

Xie Jiling nodded and said, “I can understand why you wanted to kill He Qingyang and Yang Lin. But what about Lu Man? Why did you try to hurt Lu Man?”

“How did you know?” Lu Qi showed a change of expression.

Xie Jiling said coldly, "Because I detected some aura that shouldn't be there when I was visiting her and tracked your location by tracing the aura. If you didn't seek to harm Lu Man, I wouldn't have known that you were here causing trouble."

Therefore, Lu Qi did it to herself.

"You said that He Qingyang and Yang Lin harmed you, so you wanted to take revenge. What about Lu Man?" Xie Jiling asked again.

"She hurt me as well!" Lu Qi's face appeared distorted. Because of her vengeance, her face became horrifying again.

Lu Qi gave up on transforming her face back.

She continued screaming with that horrifying appearance, "If it wasn't because of her, why would I have such a tragic ending? It is true that He Zhengbai had killed me and that He Qingyang and Yang Lin helped him. However, if it weren't because of Lu Man, I wouldn't have lost everything, and they wouldn't have killed me."

Xie Jiling was just a little curious.

And now, when she heard what Lu Qi said, she understood everything.

Lu Qi's extreme thoughts showed that her temper was the same before and after she died.

Whether it was while she was still alive or after her death, she already had so much grudge.

It wasn't really unusual that she became a vengeful spirit.

"He Qingyang and Yang Lin did the wrong thing. The law will punish them. They shouldn't die in your hands," Xie Jiling said. As for the situation between Lu Man and Lu Qi, Xie Jiling couldn't even bother to say anything.

Lu Man didn't do anything wrong. It was Lu Qi who had gotten a taste of her own medicine.

However, Lu Qi clearly didn't think so.

And so, even if Xie Jiling said anything about this, it would be a waste of energy.

As such, Xie Jiling decided not to say anything.

"Since you met me today, you should behave yourself and leave for the underworld." Xie Jiling said.

"Do you really think you can deal with me just because you are a ghostbuster? You are just a little girl!" Lu Qi was looking down on Xie Jiling as she said this.

Instantly, she took on the form of a vengeful spirit and started attacking Xie Jiling.

Xie Jiling was really calm as she gestured a Movement Mantra.

Then, she smacked the air toward Lu Qi.

The hand motion of the mantra left Xie Jiling's hands and formed this huge handprint in the air before smacking Lu Qi.

Lu Qi instantly froze.

Suddenly, she looked terrified.

Her scary face became even more distorted.

A blazing beam of light struck the top of her head and through her entire body.

Her entire body was filled with this light, and she instantly became half transparent.

When the light dimmed, the bumpy black scars on her face disappeared.

She didn't even have to do it manually; she had already transformed back to how she looked while she was alive.

Lu Qi stared at her own hands.

Her hands had previously been scarred. The skin and flesh on some parts of her hand had disappeared, revealing the bones underneath.

But now, her hands turned back to normal. They looked fair and white like before.

Even if she wanted to transform into that terrifying appearance, she couldn't do it.

Her entire body felt weak and she couldn't muster any energy.

At this moment, a black hole appeared.

Two soul reapers dressed like ancient soldiers came out of the hole.

When they saw Xie Jiling, they didn't act like strangers. They greeted her with such familiarity, "Lady Xie."

They spoke like ancient people.

Xie Jiling had always been in B City and had dealt with many similar cases.

The same soul reapers obviously couldn't be everywhere in the world.

Each region on earth had its own designated soul reapers.

Because of the frequent interaction, they naturally became familiar with each other.

Chapter 3366: Are You Not Going to Pay?

Xie Jiling even knew ghosts from other places.

"Her name is Lu Qi. She has done a lot of evil while she was alive and has killed someone after she died. I have cleared her aura of vengeance, but with the things she had done, she cannot go unpunished," Xie Jiling said.

“Of course,” a soul reaper said.

“Based on her level of sins, she should be going to the Dao of Animals for reincarnation, right?” Xie Jiling asked.

Lu Qi started panicking when she heard this. “No!”

To the Dao of Animals? She would become an animal in her next life?

No!

She was the precious daughter of a rich and powerful family!

She was a popular celebrity with endless glory.

She had gotten the chance to enjoy the life that many people would never get to experience for their entire lifetime.

And now they were telling her that she had to be an animal in her next life?

How could she accept that?

This made things difficult for the soul reaper as he said, “This... This should be decided by the judge. I cannot give you a confirmed answer.”

Xie Jiling nodded and said, “It’s alright. You can tell him that I asked if this person should be sent to the Dao of Animals. If she shouldn’t, then I will personally ask him about this again.”

The soul reaper was speechless.

She should definitely be sent to the Dao of Animals. Definitely!

“She can’t be reincarnated into a pet. If she became a pet, she might get treated better than humans.”

Xie Jiling instructed carefully, “Animals like pigs, cows, sheep, insects, fish, and birds are pretty good choices, but definitely not endangered animals.”

The soul reaper didn’t know what to say.

Why was she making the arrangement?

Lu Qi was dumbfounded.

Who was this person?!

She still wasn’t even in the underworld yet, but her pathway for reincarnation had already been clearly decided.

“No! No!” Lu Qi didn’t know where Xie Jiling came from.

However, Lu Qi saw that Xie Jiling was very familiar with the two soldiers and she could even talk to the judges.

In addition, the two soul reapers did not refute whatever Xie Jiling had said. It was obvious that they had accepted her words.

However, Xie Jiling was human!

Could her words create an impact in the underworld?

Lu Qi was really panicking and unknowingly said what was on her mind out loud.

When the two soul reapers that were grabbing her heard this, one of them said, "Yes. Very impactful."

As for the other things Lu Qi said, the soul reapers couldn't really say much.

Those things concerned the reputation of the underworld.

They couldn't talk about it for fear Xie Jiling might control them.

They also couldn't even talk about the fear of being controlled by the previous generations of the Xie Family!

Anyway, Lu Qi just had to know that Xie Jiling's words were very impactful.

"How is that possible? She's human! How can the members of the underworld listen to her orders?!" Lu Qi screamed, "Aren't you worried about being mocked by others?"

"There are no others. We are all souls here," the soul reaper said.

"In addition, we were not listening to her orders. It's just because what she said was right," the soul reaper said, "Even if she doesn't say so, you would receive the same judgment, so you don't have to be surprised."

Lu Qi was speechless.

She knew that these were all excuses!

They must be embarrassed as well, hence they found such an excuse!

At this moment, Lu Qi just wanted to create a conflict between Xie Jiling and the underworld.

And so, she opened her mouth and was about to say something.

But then, she opened her mouth and couldn't make a single sound.

Lu Qi widened her eyes in fear as she heard the soul reaper say, "How could we allow you to instigate a conflict between us and Lady Xie."

They were the officials, okay?

They could perform some spells and arts. If they didn't want her to speak, she wouldn't be able to do so.

The soul reaper could understand slightly why Xie Jiling was unwilling to let Lu Qi off the hook.

This woman was truly detestable.

In addition, she was very good at digging her own grave.

She was able to find so many ways to dig her own grave.

“Lady Xie, we will be taking her back,” the soul reaper said.

Xie Jiling never wanted to see Lu Qi again.

She had no idea how Lu Man had tolerated her for so many years.

Lu Qi was quite capable to be able to make herself hated by both the living and the dead.

“Alright.” Xie Jiling hurriedly nodded, “You have worked hard. I will burn some food to eat with alcohol as offerings for you two.”

When the soul reapers heard this, they immediately felt energetic. One said, “Why don’t you burn some alcohol? Give us some wine and whiskey.”

Although the soul reaper dressed like ancient people, they were able to keep up with modern times.

They had tried many new things.

“Burn some beer offering for us too,” the other soul reaper said.

“Alright.” Xie Jiling agreed and asked, “Do you have anything else you want to eat?”

“Crayfish.” The two said at the same time.

“...” Xie Jiling nodded and said, “Do you want barbecue skewers?”

“Yes! Yes! Yes!” The two said hurriedly.

“Give us some spicy duck neck for us to eat as snacks.”

“Alright.” When Xie Jiling immediately stopped them when she saw that this conversation was going rampant. “Enough. You can only order these today. We have a long journey ahead of us.”

“Alright. Alright. Alright.”

And so, the two soul reapers took Lu Qi and left.

They weren’t being greedy. These types of food were sold in the underworld.

The underworld was not like the creepy and gloomy place in people’s imagination.

There were cities in the underworld.

The underworld had all kinds of food that the living world had.

But the weird thing was that...

Xie Jiling was not only capable of ghostbusting, but she was also very good at burning food offerings.

The same type of food just tasted better if it was a burnt offering by Xie Jiling.

The quality of the clothes was better as well.

They had no idea how Xie Jiling had done it.

The two were really happy to be out here.

When they thought about how they would have good food upon returning to the underworld, they felt really motivated.

Of course, they had good relationship with Xie Jiling!

Any soul reapers that accidentally encounter Xie Jiling would never return to the underworld without a gift!

The good relationship didn't happen because Xie Jiling was really powerful.

The villa was finally quiet.

Knowing that there were two people freezing outside, Xie Jiling went out.

"Everything is solved." Xie Jiling said. "You can go inside now."

He Qingyang and Yang Lin stood up carefully.

The two carefully walked out of the spell formation. Yang Lin still asked worriedly, "Did you really eliminate it? You didn't lie to us, right?"

"Of course, it was eliminated!" Luo Dingzhen wasn't pleased to hear this. "How could you doubt Master Xie's ability?!"

"..." Yang Lin pursed her lips and said, "I don't believe what you said. After all, you previously said that you were able to eliminate it."

Luo Dingzhen was speechless.

"Why? Are you not going to pay?" Xie Jiling scoffed.

"No. Of course, we'll pay." He Qingyang pinched Yang Lin's arm, hinting for her to stop talking.

He didn't want any bad luck.

He had seen with his own eyes how that vengeful spirit had rebounded after jumping out from the bedroom on the second floor.

"We believe you." He Qingyang said.

"You don't have to worry about me lying to you," Xie Jiling said, "You will sense it after you go back inside the villa."

Chapter 3367: Can This Be Done So Casually

"Come on. Follow me inside," Xie Jiling said.

He Qingyang and Yang Lin followed Xie Jiling and stepped into the villa.

When they stepped into the house, they instantly understood why Xie Jiling had said that they would know they weren't being lied to when they arrived inside the house.

This was because the inside of this villa felt extremely gloomy and creepy even during the afternoon when the sun was shining bright.

Even the beams of sunlight could not eliminate the eeriness.

But now, it was nighttime, and the moonlight was very dim.

Nevertheless, they felt at ease when they entered the villa.

They could sense that the eeriness was being reduced at an obvious rate. The stress they felt was decreasing.

Obviously, the vengeful spirit had been banished.

It was no longer causing the eeriness in this villa.

And so, they no longer felt stressed.

“Is this good enough? Will we be okay from now on?” Yang Lin asked.

“You will be fine,” Xie Jiling said, “Now that the vengeful ghost has been eliminated, the eeriness will dissipate within at most a week. Don’t worry.”

“Is there any way to dissipate this eeriness faster?” Yang Lin asked.

“Yes,” Xie Jiling took out a talisman and said, “This is a cleansing talisman. You can place this in the center of this villa, and the eeriness will disappear within a night. When you wake up the next morning, not only will the eeriness in the house be gone, but the foulness in your bodies will be cleansed as well.”

“Not only will you feel relaxation you have never felt before, but your stress and fear will all be gone,” Xie Jiling said, “Of course, the effect of this talisman is not long-lasting. When it’s done cleansing all those things, it becomes useless.”

“This means that this is a disposable item. After your current stress and negative emotions disappear, you will pursue more things, which will generate more stress and negative emotions,” Xie Jiling said.

“I have promised you all that I would help cleanse the eeriness in your house.” Xie Jiling handed the talisman to Yang Lin. “Therefore, consider this talisman a post-sale gift from me to you.”

Yang Lin took the talisman and immediately felt relaxed. Her entire body felt light. She had never felt this comfortable.

She had no more stress; she felt positive and optimistic.

She felt hopeful about the future.

“Qingyang, try it. It’s amazing.” Yang Lin took He Qingyang’s hand and made him hold onto the talisman with her.

As expected, He Qingyang felt it as well.

“This... This...” He Qingyang felt incredible.

He immediately said to Xie Jiling, “Do you have any more of these talismans?”

"I do, but that will not be considered a post-sale freebie," Xie Jiling said.

"I will buy it!" He Qingyang immediately said, behaving like a typical wealthy person.

Xie Jiling smiled and said, "Since you are my client and this will be my second time doing business with you, I will give you a discount."

Hearing this, He Qingyang felt so much joy. He thought that Xie Jiling at least was not heartless.

Xie Jiling then said, "The cleansing talisman cost six hundred thousand. I will give you a 10% discount and round up the numbers. I will just charge you five hundred thousand."

He Qingyang was speechless.

He changed his mind.

This little girl was truly capable, but she was also truly heartless.

Luo Dingzhen didn't know what to say as well.

When Xie Jiling sold him the amulet for protection, she said the same thing.

It cost six hundred thousand. She gave him a discount and sold it to him for five hundred thousand.

In Xie Jiling's eyes, he was the same as He Qingyang.

Luo Dingzhen felt really sad about this.

"How many do you have now? I will buy all of them," He Qingyang said, acting like a very wealthy person.

"There aren't many. There are only ten left." She gifted a lot to her classmates.

Especially the classmates dealing with academic stress.

Some of them had to get their certificates so that they would become a stronger candidate when they eventually had to go on a job hunt.

Some were already preparing to do their masters.

Some had to take some language tests needed for overseas education.

The University of B City, an elite school, was a place where academically talented students gathered.

Even if they had made it to college, they still wouldn't relax. They still felt a lot of academic stress.

And so, Xie Jiling would gift these students some cleansing talismans.

Of course, only students in her class would receive such treatment.

The other students, who heard about it, had to spend money to get this talisman.

However, she didn't charge them five hundred thousand. She marked the price clearly and stated that each would cost 3000.

After all, it was exhausting to make these talismans.

He Qingyang's face twitched when he heard this.

Ten of these talismans would cost a total of five million.

But then, he heard Xie Jiling say, "If you don't think that's enough, I can draw some for you now. I can draw as many as you want."

He Qingyang didn't know what to say.

Why did it sound like she was selling cabbage?

It sounded really simple. She asked for a price of five hundred thousand. He Qingyang felt as though he had been ripped off.

However, did it even matter if he knew?

"Do you think it's too expensive?" Xie Jiling asked.

He Qingyang didn't answer.

"If you think it's too expensive, then don't buy it." Xie Jiling said, "I don't mind anyway."

He Qingyang was speechless.

"I want four." He Qingyang gnashed his teeth and said.

Initially, he wanted to be that wealthy person and buy all the cleansing talismans Xie Jiling owned.

Who knew it would be this expensive?! In the end, he couldn't purchase all of them. He could only ask for four.

He Qingyang was ashamed of himself.

He paid Xie Jiling five million to bust some ghosts.

And then, he spent two million on the talismans.

Even if he was wealthy, it was still painful.

However, Xie Jiling didn't mock him at all.

She took out four talismans from her bag.

Then, she asked He Qingyang to quickly pay her for the ghostbusting and cleansing talismans.

He Qingyang paid, and Xie Jiling gave him the cleansing talismans. She then said, "Trust me. You will be needing them."

He Qingyang didn't understand what Xie Jiling meant.

Xie Jiling didn't explain. She immediately left.

"Master Xie! Master Xie!" Luo Dingzhen shouted as he chased after Xie Jiling.

Luo Dingzhen was quite the character.

Xie Jiling was very young. She just turned 19 this year. She hasn't even had her 19-year-old birthday.

Luo Dingzhen was a forty years old man. He was old enough to be Xie Jiling's dad.

Yet, Luo Dingzhen was still able to call her "Master Xie" repeatedly. He didn't even feel any stress about it.

He called her that without stammering or feeling awkward.

Thankfully, Xie Jiling didn't move fast.

Therefore, Luo Dingzhen caught up to Xie Jiling within a few steps.

"Master Xie, where are you going?" Luo Dingzhen asked when he caught up.

"Going back to school. I need to look up the things the two soul reapers wanted online, print it, and burn it for them." Xie Jiling said. She still remembered.

"Pri... print?" Luo Dingzhen's eyes widened. Can that be done so casually?

When people burned offerings for the dead, wouldn't they specially visit the store that makes those beautiful items?

In addition, if those items looked more luxurious, beautiful, and real, they would turn out even better when offered to the dead.

Thank you for reading on my

Chapter 3368: Why Didn't You Stay

If it was a house and the house was a villa that looked luxurious, beautiful, and more three-dimensional...

The person in the underworld would receive a better house; they would actually get a villa.

It was the same for food and drinks.

The more realistic they looked, the better they would taste in the underworld.

This was the first time Luo Dingzhen had ever seen anyone look up the pictures online, print them, and burn them as offerings to the dead.

Would that be the same?

Xie Jiling knew everything. She should know the proper way to do this!

Luo Dingzhen really thought that Xie Jiling was someone he should hold onto and never let go of.

But he didn't want Xie Jiling to offend the soul reapers because of such a trivial matter.

Therefore, Luo Dingzhen asked, "Master Xie, have you ever burnt offerings before?"

"I have. I burn offerings frequently," Xie Jiling said, "The soul reapers love to eat and drink the offerings I burn for them. Whenever they see me, they would ask me to burn some for them."

Luo Dingzhen was speechless.

Luo Dingzhen had nothing to say.

Were the soul reapers ignorant?

"No, but I heard that the offerings you burn must look as exquisite as possible to achieve the best effect," Luo Dingzhen said.

"That's true. However, I asked them, and they said that the offerings I burnt for them were better than the ones that look exquisite. And so, that's why I do my offerings that way. That saves me some money." Xie Jiling said.

If it weren't because she couldn't print the papers in black and white, she would have printed them in black and white and burnt them as offerings.

The colored ones were much more expensive than the black and white ones.

Luo Dingzhen felt speechless.

Master Xie truly could not be described as someone ordinary! Hahahaha!

"By the way, Master Xie." Luo Dingzhen said again, "Why did you say that to He Qingyang?"

"What?" Xie Jiling couldn't remember.

Luo Dingzhen then answered, "You said that he would need it in the future. What do you mean?"

"I thought you were hinting something to him." Luo Dingzhen added.

"Oh. You are talking about this." Xie Jiling said, "Didn't you hear about it from Lu Qi? The person who killed her was He Zhengbai. However, He Qingyang and Yang Lin helped."

"I don't know what Yang Lin did. They might not be able to find any clues to arrest her. But think about it. Who was the one who prepared the house where Lu Qi died?"

"If He Zhengbai wanted to kill Lu Qi, there must be someone who helped him with some small and messy things. He can't solve these things by himself. If you say that the helper was Yang Lin, I won't believe it. Yang Lin's temperament isn't suitable for such a thing. She isn't that smart and careful. He Zhengbai definitely won't feel at ease letting her do it."

"Therefore, I am more likely to believe that He Qingyang was the one who helped him. He Qingyang is cunning and has great endurance. He Qingyang and his son believe in themselves more than Yang Lin," Xie Jiling said.

"Although that happened a long time ago, there must be some clues." Xie Jiling said, "It took a long time for Lu Qiyuan to be arrested. The same will happen to He Qingyang."

“No wonder. By then, he would be worried sick. He would need the cleansing talisman to destress.” Luo Dingzhen said.

Xie Jiling nodded.

She walked out of the neighborhood.

When she came here, she was tracking Lu Qi’s aura and walked all the way here. She didn’t use public transportation.

If Xie Jiling could save her energy, she wouldn’t have walked.

However, when she walked out of the neighborhood, she realized that there was no bus station or subway station near the entrance of the neighborhood.

Luo Dingzhen explained, “The people who live here have cars and chauffeurs. Of course, there is no need for a bus station or subway station around here.”

Xie Jiling had no words.

“Master Xie, if you are going back to school, I can give you a ride.” Luo Dingzhen said.

When he saw Xie Jiling glancing over, Luo Dingzhen was really scared that Xie Jiling might feel reluctant. He immediately added, “Don’t worry. It is free.”

Xie Jiling nodded and said, “Thank you.”

“Master Xie, there is no need to be courteous.” Luo Dingzhen said with a smile. “In addition, there are still a lot of things I must learn from you.”

Xie Jiling then followed Luo Dingzhen to his car.

Luo Dingzhen must have earned a lot of money these past few years. He was even driving a luxury car.

Since Luo Dingzhen was driving, the trip back was much faster.

Soon, Xie Jiling arrived at the gates of the University of B City.

“Thank you. I will be leaving.” Xie Jiling said with a smile.

“Master Xie, can I add you on WeChat?” Luo Dingzhen asked, “If I have any questions or any issues that I cannot solve, I can ask you for help.”

“Alright. No problem.” Without any hesitation, Xie Jiling took out her phone and opened her Wechat QR code for Luo Dingzhen to scan.

Xie Jiling then got out of the car and went back to her dorm.

She had just arrived at her dorm building when...

She saw her classmates waiting for her on the ground floor of her dormitory.

“What’s wrong?” Xie Jiling asked when she saw them appearing anxious.

"Jiling, He Yuliang.. is in trouble." Xie Jiling's dormmate, Ren Linna, said. Her face was exceptionally pale.

At this moment, there were still some classmates who had yet to return.

School was starting in a few days. Some were still at home, and some were on their way.

Xie Jiling and Ren Linna were the only dormmates that were back. The other two dormmates would be back in two days.

"Jiling, I'm doomed. I'm in trouble!" He Yuliang was so scared that he didn't even bother to think about whether his actions were appropriate or not. He rushed over and held onto Xie Jiling's arm.

"Because you went into the mountains?" Xie Jiling asked.

He Yuliang started trembling. He couldn't even bear to hear about this.

"Even if you are scared, you have to tell Jiling. If not, how can she help you?" He Yuliang's dormmate, Chen Xing, urged.

Chen Xing and He Yuliang were the only ones back in their dorm.

During the night, Chen Xing was almost scared to death by He Yuliang.

He had no choice but to drag He Yuliang to the dorm next door.

The four from the dormitory next door arrived. With Chen Xing and He Yuliang, there would be a total of six people, which meant that the amount of Yang energy would be greater.

They would at least feel braver together.

"I..." He Yuliang trembled and said, "When I came back from the mountains, I didn't sense anything wrong. I occasionally felt like someone was following me, but I didn't think much about it. Because it was the Spring Festival, it was very lively. We were setting off firecrackers. There were a lot of gatherings and my family and friends were always around."

"When I was on the way back, the feeling was still there, but I thought I was overthinking." He Yuliang said, "It was daytime. Whenever I would look back, I didn't see anything out of the ordinary."

"When we were chatting in the chat group tonight, it still felt the same. People from the other dorms came to talk to us. It was very lively. However, when 10 pm arrived..." He Yuliang said, "They all went back to wash up. Chen Xing went to shower. I was sitting alone on my bed when the voice of a little girl rang in my ears."

"She asked me why I had left and why didn't I stay." He Yuliang trembled and spoke with a sobbing voice. "She even asked me to go back with her..."

"Where is the amulet I gave you?" Xie Jiling asked.

Chapter 3369: You Are So Busy Tonight

"I have been wearing it." He Yuliang said as he pulled out a lucky pouch from underneath his collar.

He attached the lucky pouch to a string and had been wearing it as a necklace.

He Yuliang opened the lucky pouch and took out the amulet inside.

He then realized that only half of the amulet was left.

The other half was missing.

"Something is really following you. The amulet has already protected you a couple of times, which is why you were fine during the holiday and when you were on the way back here," Xie Jiling said, "However, only half of the amulet is left, so it has become much weaker, which is why it couldn't protect you anymore."

"I.. I can hear her again!" He Yuliang actually started sobbing.

Xie Jiling patted him on the shoulder and said, "It's alright. I see her too."

Xie Jiling wasn't anxious at all. She unhurriedly took out an amulet from her bag and gave it to him. "Keep it safe."

He Yuliang felt as though he was grasping at a straw. He held the amulet Xie Jiling gave him tightly.

When the other people heard Xie Jiling say "I see her," they all started screaming.

They all moved and hid behind Xie Jiling.

"Why aren't you staying in the forest? Why did you follow him here?" Xie Jiling said to the empty space behind He Yuliang's back

He Yuliang was so scared that he hid behind Xie Jiling.

However, he didn't see anything.

"I'm going to take him back," the little girl said.

"He is not part of your world. You can't take him away, not on my watch," Xie Jiling said.

"You do not have a vengeful aura. You didn't kill anyone. You are not a vengeful spirit. Why would you pester him? If you really tried to take him away, you would be taking someone's life." Xie Jiling said, "If so, you won't be able to reincarnate."

"I don't want to reincarnate. I want to have fun," the little girl said.

Xie Jiling said, "They can't see you. I look like a fool talking to the air. Show yourself so it's not that awkward for me."

The little girl was very cooperative.

When Xie Jiling said that, she showed herself.

She was not terrifying like how the others had imagined.

The little girl was wearing a floral dress. She tied her hair into a ponytail and looked really cute.

“Did you fall to your death when you were playing in the woods and couldn’t find your way home?” Xie Jiling said.

The girl moved uncomfortably as she answered, “I killed myself because I was too playful. My parents were very sad.”

“Is that why you didn’t reincarnate?” Xie Jiling said.

“This way, I can visit my parents from time to time,” the little girl said, “After I died, they would constantly argue because of me. My dad blamed my mom for not taking good care of me. My mom would say that my dad had always been too busy and never helped her, which was why she couldn’t handle the amount of work she had to do. And now, their life is a complete mess, so I can’t leave them without feeling worried.”

“Then do you know that if you take my classmate away, he’ll die? His parents will be sad like your parents.” Xie Jiling said.

“I’m bored. I wanted someone to have fun with me. I didn’t want to hurt anyone. It has been too long. No one could play with me and talk to me,” the little girl responded.

“You can find your parents.” When Ren Linna saw that the little girl was quite easy to talk to and didn’t seem to have any intention of hurting anyone, she started acting braver.

“My eeriness will affect them. I can’t keep being around them.” The little girl said.

Xie Jiling sneered and said, “I think you are very aware. Since you know that your eeriness will affect humans. Why did you still approach my classmate?”

The little girl froze. She didn’t expect Xie Jiling to say that.

“Are you still faking it? Do you think an ordinary ghost could travel thousands of miles with my classmate for such a long time without receiving any damage?” Xie Jiling suddenly asked.

At the same time, she motioned an Elder Mantra with her hands.

When she struck the ghost with the Zhe Character Mantra, she followed up with the motion of a Jie Character Mantra.

“Exorcist!” The little girl, who seemed harmless and cute, suddenly started growing tall. Her body started distorting and changing.

Her ponytail loosened. Her hair started growing longer and longer as she flew towards Xie Jiling.

At the same time, Xie Jiling’s Jie Mantra struck her.

The vengeful spirit froze. Hatred could be seen on her face.

“How did you notice?!” The vengeful ghost asked grudgingly.

Her face was so deathly pale that the students behind Xie Jiling hugged each other out of fear.

“You almost fooled me. You actually hid your vengeful aura. Who taught you this?” Xie Jiling asked coldly.

Vengeful spirits were incapable of doing this unless someone taught them.

Exorcists rely on detecting this vengeful aura to track vengeful ghosts.

If all the vengeful spirits could do this, it would be very troublesome for an exorcist to track them.

“I admit that you are very powerful, but can you protect so many people? I usually only kill men, but these girls are unlucky to be here today!” The vengeful spirit said.

Everyone behind Xie Jiling held on to the amulet that Xie Jiling gave them.

They initially thought that Xie Jiling was only knowledgeable in this field and could only resolve some of these issues.

They didn’t expect Xie Jiling to be so capable!

This.. this was their first time encountering something like this.

Xie Jiling quickly motioned a Lie Character Mantra and protected the classmates behind her.

At the same time, she dashed toward the vengeful spirit.

She struck a talisman on the vengeful spirit.

“Ah!” The area of the vengeful spirit’s body that the talisman was sticking onto started burning. It was sizzling and burning with smoke.

A large black hole burnt through its body and the black hole was still expanding.

“What is this?!” The vengeful spirit shouted.

She had killed many people, but she had never encountered such a powerful talisman.

At this moment, Xie Jiling motioned a Xing Character Mantra and struck the vengeful ghost.

A beam of light shot through the vengeful spirit’s head.

Like what happened to Lu Qi, the vengeful spirit’s body became half transparent.

After a while, the glow inside the vengeful ghost’s body vanished.

The vengeful spirit’s body became smaller, but not as small as a little girl’s.

She looked like a fifteen-to-sixteen-year-old girl.

“I...” The vengeful spirit lowered her head and looked at herself. “My vengeful aura...”

“It has been cleansed.” Xie Jiling said.

The vengeful spirit must have thought of something as she suddenly started tearing up.

“I... I...”

At this moment, two soul reapers came out from a black hole at the side.

When they saw Xie Jiling, the two soul reapers were stunned for a moment and immediately greeted, "Lady Xie."

These were not the two soul reapers from before.

The two soul reapers from before had taken Lu Qi back to the underworld and were doing the paperwork for her. Obviously, they couldn't come here.

However, these two soul reapers know Xie Jiling well.

When the two soul reapers saw Xie Jiling, one of them started laughing dryly. His face twitched as he said, "Lady Xie, you are so busy tonight."

Xie Jiling had just seized one ghost and there was already another one.

Chapter 3370: Don't You Think It's Weird

"I'm not sure what is going on. But I have been attracting more of these things recently," Xie Jiling said.

The soul reaper was speechless.

Some people attract cats. You attract ghosts?

Xie Jiling said to the vengeful ghost, "The officials of the underworld are here. You should explain everything right now while you can so that things will be better for you in the underworld. It's better if you can get a lighter sentence. Your vengeful aura is not very strong, which means you haven't harmed many people."

"If you can explain yourself right now, the two big brothers here will explain to the judge. It will save you a lot of trouble." Xie Jiling said.

The vengeful spirit helplessly knelt on the ground. "The little girl you saw earlier was me when I was seven years old."

"When I turned seven years old, my parents got a divorce. Life was happy until I turned seven. Therefore, I usually show up as a seven-year-old."

"After my parents got divorced, I followed my mother. Soon, my mom remarried and I had a step-father and little brother. Upon having his own blood-related child, my stepfather started disliking me. He was really cold to me. To continue living with him, my mom chose to be silent about it."

"She knew that my stepfather was bad to me, but she did nothing. She refused to say anything."

"I felt so much hate. I started becoming more rebellious. When I turned 15, I hung out with a group of teenage delinquents. One day, we went camping in the mountains, but I never expected them to do... that to me."

She started crying. "Because they were scared of their crimes being exposed, they killed me and tossed me in the deepest areas of the forest. Since then, I have been missing. The police could not find my body and my stepfather stopped looking for me as well."

“In his opinion, it’s better without me. Both he, my mom, and my little brother are one family. I am just an outsider. Without me, they would be able to live more comfortably. And so, they stopped looking for me. It has been so many years and my body is still in the mountains and I am still a missing person in the police database system.”

“No one buried me. I could only be a wandering soul. I couldn’t even reincarnate.”

“My vengeance started growing. I went to look for the people who hurt me and I killed all of them. But I was still angry. So, I intended to never let any men seeking thrills in the mountains go.”

“However, there were stories going around saying that the place I died was haunted. So, no one went there anymore.” She then pointed at He Yuliang, “But this guy went. And so...”

“And so, you wanted to kill him?” Xie Jiling asked coldly.

She shook her head and said, “I didn’t think it through.”

“This means that you still have a sense of judgment. You are not entirely controlled by your vengeful aura.” Xie Jiling said.

This was why she was willing to give the vengeful spirit a chance.

“Go with them. I will notify the police about your body and they will bury you so you can have peace.” Xie Jiling said.

“If possible... I hope that I won’t be a girl in my next life,” the vengeful spirit said.

“You have killed people, but you did it because they killed you first. There is a cause-and-effect relationship between you and them. And so, this will cancel a lot of the punishment. I can guarantee that you will be a human in your next life, but you will probably not be a rich and noble person.”

“I know. I expected it,” the vengeful spirit responded.

Xie Jiling then said to the two soul reapers, “Big Brothers, can you help me pass a message to the judge?”

“Again?” Before they came here, they had a chat with the other two soul reapers.

They knew that Xie Jiling had asked to pass a message to the judge.

However, they didn’t expect her to have more things to say.

Xie Jiling ignored their astonishment and said, “Ask the judge to find a loving family for her if the conditions allow it. The family doesn’t have to be rich. It can be poor. I am sure she doesn’t mind. Just make sure that it’s a happy family filled with love.”

“Yes! Yes! I don’t mind!” the vengeful spirit hurriedly said, “As long as the family is together, I don’t care if I am poor or if I have to suffer.”

“Alright. We will pass on the message.” The two soul reapers nodded and said.

“Thank you! Thank you!” The soul reaper immediately knelt down and did three kowtows toward Xie Jiling.

“And now, can you tell me who taught you how to hide your vengeful aura?” Xie Jiling asked.

The vengeful spirit appeared to be deep in thought as she said, “At that time, I had just killed someone and had just turned into a vengeful ghost. In the beginning, when I had just turned into a vengeful ghost, I could not control my vengeful aura. My vengeful aura was spreading far and wide and was even stronger than the vengeful aura emanated by older vengeful ghosts.”

“So, this attracted an exorcist,” the vengeful spirit recalled and said, “He looked like an ordinary middle-aged man. There’s nothing special about him. He has a very forgettable face.”

“While we are talking about this, I realized I actually forgot what he looked like.” The vengeful ghost pondered and looked confused.

“He was supposed to seize me, but he pitied me after he heard about my story. He said that there was nothing wrong with me. Even if I killed them, it is not my fault. He said that he wouldn’t seize me if I promise not to hurt any innocent living beings.”

“In addition, he taught me the method to hide my vengeful aura so that my presence would be hidden from the other exorcists and I would be safe. As long as I don’t hurt anyone, my vengeful aura will not increase.”

“He left after he taught me the method,” the vengeful spirit said.

Xie Jiling frowned and said, “Don’t you think that’s really weird? He is an exorcist. How could he think that you were innocent after you had killed someone? And you trusted him because he taught you a method?”

“Aren’t you scared that he had given you a fake method and that method would instead cause you harm?” Xie Jiling couldn’t believe that a vengeful ghost could be so gullible.

Upon hearing the reminder from Xie Jiling, the vengeful ghost thought it was weird, too.

The vengeful ghost looked confused as she said, “I don’t know, but I believed him back then. Back then, I believed every word he said. He sounded very convincing and I didn’t doubt him at all.”

The vengeful ghost felt puzzled. Why had she done that?

Thankfully, that method actually worked. It hid her vengeful aura and kept her safe.

But now that she thought about it, she felt scared.

Of course, even with the effect of that method, she still couldn’t hide her presence from Xie Jiling.

“Therefore, you don’t know his name and you forgot his looks?” Xie Jiling said.

The vengeful ghost nodded puzzledly.

“Although you will be going to the underworld soon, I have to tell you clearly. I can’t let you leave confused,” Xie Jiling said.

“That person had told you the way to hide the vengeful aura. It seemed like he had helped you and kept you hidden from the other exorcists,” Xie Jiling said.

“But he said that he would teach you the method if you promise not to hurt anyone. However, he left after he taught you the method. He didn’t supervise you. As such, he would have no idea whether you’re going to hurt anyone or not.”
