

Mr Han 361

Chapter 361: Whom Did You See?

Many films and television shows produced by Han Corporation often hired Shi Xiaoya and her partner Cris's team.

Even many top actors and actresses would hire Shi Xiaoya and Cris when they went for all sorts of famous film festivals abroad.

Speaking of which, for tonight's premiere, the other actors probably had their own personal stylist already or someone whom they have habitually worked with.

But definitely, none of them could compare to Shi Xiaoya.

"Miss Lu." Shi Xiaoya lead her team along and walked over. She handed Lu Man a name card. "Nice to meet you, I'm Shi Xiaoya. Zheng Tianming must have told you about it too, I'll be your make-up artist for you today."

"Yes, he informed me. I'll be in your care today," Lu Man smiled and said.

"No problem."

Lu Man then checked in at the reception and after getting the room keycard, she, Shi Xiaoya and her team went to the room allotted to her.

There were many people in Shi Xiaoya's team. It included Shi Xiaoya's assistant, students, and hairdressers, etc, each and every one of them specializing in different areas.

Therefore, when they entered the room, it was rather chaotic with so many people around.

"Sister Shuangshuang, guess who I saw just now when I was walking along the corridor?" Xiao Li rushed inside the room. Right now, Bai Shuangshuang was putting on make-up too.

On her side, a short gown that she was going to wear tonight was hanging on the portable rack. By her side, a couple of make-up artists were crowding around her, busy working on her alone.

"Whom did you see?" Bai Shuangshuang was busy playing on her phone and upon hearing Xiao Li's surprised tone, she asked nonchalantly.

"I saw Lu Man," Xiao Li said, "and Shi Xiaoya's team. There are so many people, it was really crowded."

"She could invite Shi Xiaoya for her?" Bai Shuangshuang jerked her head up in shock. The action was too sudden making the make-up artist who was drawing her eyebrows to draw it across her forehead.

Seeing her look in the mirror, Bai Shuangshuang yelled, "Do you not know how to put on make-up!"

The make-up artist pursed her lips. Bai Shuangshuang jerked her head up on her own without giving her any intimation while she was drawing her eyebrows, how could she still blame her?

If she didn't know how to put on make-up, then Bai Shuangshuang could jolly well find Shi Xiaoya if she had the ability to!

"Please don't move about so much," the make-up artist said.

"You're just putting on make-up, and I can't move?!" Livid, Bai Shuangshuang sneered.

"I didn't say that you can't move at all. Please, just move a little less and slowly, wouldn't that be fine?" the make-up artist said.

"You think you're being reasonable? Thankfully, you've only messed up my eyebrow, if this was the eyeliner, wouldn't you have poked me in the eye and blinded me?" Bai Shuangshuang roared angrily, raising her voice suddenly.

Haha!

Right now, the make-up artist indeed felt like poking Bai Shuangshuang in the eye just to make her words come true.

However, she composed herself and held back her anger. After all, this woman was her employer and no matter what, she still wanted to receive her payment for today.

"Well then, I'll be drawing the eyeliner now, so please don't move," the make-up artist said.

"Wait!" Bai Shuangshuang rudely shoved the make-up artist away. She turned around and asked Xiao Li, "You really had a good look and are you sure that they were Lu Man and Shi Xiaoya?"

"Yes, even though I haven't seen Shi Xiaoya in person before, I've watched a couple of her programs. I'm sure I wasn't mistaken," Xiao Li said, confirming immediately.

Bai Shuangshuang felt that it was unfair. "It's so difficult to book Shi Xiaoya. I've heard that last time when Qiao Ni herself tried to book her, she couldn't even get an appointment."

Qiao Ni was considered to have the lowest status among all those A-list celebrities. She dominated the television dramas and was the queen of viewership. Her only shortcoming was that she had never appeared in a film before, but now she was about to lose this shortcoming too.

During the Chinese New Year period, a film she starred in was about to air. It was a fantasy movie. But who can predict box office sales?

Even in the movie industry, no matter how Qiao Ni performed or her A-list status in the nation, she couldn't even book Shi Xiaoya, how could Lu Man even get Shi Xiaoya to do her make-up?

No matter what, Bai Shuangshuang refused to believe it. At the same time, she looked despisively at her make-up artist.

The make-up artist: "..."

Haha, despising me huh? If she is so capable, why doesn't she try to book Shi Xiaoya then?

Chapter 362: Someone Behind Lu Man Supporting Her

Originally, the make-up artist was about to be more detailed and exquisite with Bai Shuangshuang's makeup, but now she was getting rather fed up and decided that she will just do a perfunctory job.

"How much time do we have until we have to leave?" Bai Shuangshuang asked.

Xiao Li glanced at her watch. "Another one and a half hours."

"Come here." Bai Shuangshuang waved her hand, beckoning at Xiao Li.

When Xiao Li walked over, Bai Shuangshuang waved her hand again at the makeup artist, shooing her away. "Move aside for a while."

Right now, the makeup artist was still calm upon being shooed away. Getting angry at this idiot Bai Shuangshuang was equal to degrading herself to her level.

Therefore, without a word, the makeup and her two assistants left the room.

"Sister Shuangshuang, what are your orders?" Xiao Li asked softly, trying to appease her.

"Go to Lu Man's room and confirm if it's really Shi Xiaoya. Of course, this is not the main reason I'm getting you to go there, it's just one of it," Bai Shuangshuang said.

Suddenly, Xiao Li had a rather bad premonition. "Then... then what's the main reason for me going over there?"

Bai Shuangshuang curled her lips upwards schemingly. "Head in there and take a look if Lu Man has changed into the dress she's wearing for tonight's premiere, however people generally don't wear it so early. Try to think of a way to destroy her dress. Remember to find a good time, don't let her have any time to be able to buy a new one."

"This..." Xiao Li was reluctant to do so. "This is too difficult. There are so many people in her room."

"Precisely because there are so many people it will be easier for you to do it. It's so chaotic and noisy in there, who would care about you?" Bai Shuangshuang stood up. She then took out a pocket knife from the stationary box on the desk. "Take this."

Xiao Li's eyes widened in shock. This pocket knife definitely wasn't kept by the hotel staff.

To put in more seriously, this was a weapon. Why would a hotel provide such a dangerous tool!

Bai Shuangshuang must have prepared this beforehand. She had already firmly decided to ruin Lu Man's appearance tonight.

"Take it!" Bai Shuangshuang's face darkened.

Xiao Li shook her head. "Sister Shuangshuang, there are so many people looking, what... what if I get caught?"

Bai Shuangshuang pursed her lips unhappily. "Can't you just be more careful? Don't keep thinking about getting caught. I've already told you, there are so many people in there, who would notice you? Besides, if you really get caught, could Lu Man even call the police to arrest you? All you did was just ruin a dress,

it's no big deal. So be it if you get caught. You're not even depending on her for work or money, why are you so afraid!"

Xiao Li gritted her teeth. If that was the case, why won't she do it herself then?

Although she really wasn't relying on Lu Man for employment to have an income, she wasn't willing to offend Lu Man out of the blue without any reason.

Back then when they were in South Yunnan, she really oblivious to everything. Even if she had heard from Xu Fenglai that Lu Man was very impressive in the PR industry, as someone not from the field, she didn't know much about the public relations industry in depth and so she couldn't tell how impressive Lu Man was either, and hence didn't really care about Xu Fenglai's words.

However, that was until the matter about Yu Xingzhou came up. Lu Man alone had played with Yu Xingzhou's fans until they were silent but still fuming. Even now, Yu Xingzhou had yet to make an appearance.

Xiao Li finally realized just how capable and strong Lu Man was. She was such a ruthless and domineering person. Who would dare to anger her?

Xiao Li was really afraid that she would offend Lu Man. Even if Lu Man wasn't her direct employer, Lu Man would still be able to find a way to mess with her terribly.

Moreover, Bai Shuangshuang should consider this too, even though Lu Man was a little famous these past few days, she was only a little more famous than an average person.

Right now, she still wasn't an official celebrity or anything, and yet she could still hire Shi Xiaoya?

Definitely, there was someone supporting Lu Man behind the scenes.

She didn't know how impressive that person behind Lu Man was, but at least that person could invite Shi Xiaoya while Bai Shuangshuang's sugar daddy couldn't.

Chapter 363: Why Is She Running?

Perhaps, it wasn't that this thought never occurred to Bai Shuangshuang; it was just that she felt that it was all fine since wasn't the one going to get her hands dirty doing the deed, anyway.

Bai Shuangshuang saw that Xiao Li was hesitant and refused to agree. Her face darkened and her voice turned cold. "If you are being so hesitant, coming up with all sorts of excuses just to avoid doing such a small matter, then you don't have to continue working for me either. Go and find some other better employer."

"I... I got it. I'll head over." With trembling hands, Xiao Li took the pocket knife and hid it in her sleeve.

"Go now!" Bai Shuangshuang chased her away unhappily.

If Xiao Li hadn't listened to her, she definitely would have fired her on the spot.

Dawdling, Xiao Li said, "I'll... I'll head there in a while. If I go in there too early and stay around without leaving, it will make others suspicious."

"That's up to you." Bai Shuangshuang said coldly, "But you definitely have to finish what I've told you to do."

"Sure, sure."

Xiao Li stayed until 50 minutes were left and then finally left the room, her heart beating nervously.

She stopped right outside the door of Lu Man's room. After much time, she still didn't dare to go in and kept taking in deep breaths.

Seeing that time was slowly ticking away, if she still didn't enter now Lu Man would probably get dressed already and then it would be too late.

Thus, with a heavy heart and gritted teeth, Xiao Li finally pressed the doorbell.

Someone from the inside called out in acknowledgment and the door was opened after that.

The one who opened the door was a stranger. It was someone from Shi Xiaoya's team.

"I'm here to meet Lu Man." Xiao Li smiled.

Seeing that it was someone who knew Lu Man, the other person let Xiao Li in.

Shi Xiaoya was currently putting makeup on for Lu Man, while someone else was busy doing Lu Man's hair.

The others were working by the side too. Everyone had crowded around Lu Man.

Looking at Lu Man's current state, she was more a top-star than an actual top star.

Shi Xiaoya stopped and turned to look at Xiao Li.

At that moment, Xiao Li confirmed that it was Shi Xiaoya indeed.

Lu Man was surrounded by people and could barely even see the mirror. Just then, she gestured to the hairstylist, asking her to pause for a moment.

Turning around, Lu Man saw Xiao Li. Suspicious, she raised her eyebrows. "What's the matter?"

Xiao Li tried her best to compose her own expression. She laughed dryly. "Sister Shuangshuang got me to come over to take a look and see if you're ready."

Lu Man raised her eyebrows. "Soon."

"Then that's fine. Mainly because this your first time attending such an event, Sister Shuangshuang was afraid that you might face some issue or need help, so she got me to come over to take a look. If there's anything that you don't know or anything you need help with, feel free to tell me."

Lu Man laughed inwardly. *Bai Shuangshuang would be so kind?*

Perhaps Bai Shuangshuang was finally not being an idiot, and had the heart to fix their relationship. Even if she can't make it such that they were close friends, at least she didn't want to create an enemy either.

However, Lu Man still felt that Bai Shuangshuang wasn't someone who was so smart.

Anyway, no matter what Bai Shuangshuang had planned for her, she will take what comes at her in stride and deal with Bai Shuangshuang had prepared for her.

Not letting any of her thoughts be expressed on her face, Lu Man said, "Help me to thank Miss Bai then. As you can tell, I'm busy right here, so I can't care about you and won't ask you to stay."

"Oh, sure." Xiao Li said, dawdling. She saw that Lu Man's dress for tonight was hanging somewhere not too far away from the door.

Seizing the opportunity now when no one was noticing her, Xiao Li hurriedly scooted over.

She was so nervous that she completely couldn't even care which part of the dress she was going to ruin. Without even bothering to look, she hurriedly took out the pocket knife and ruthlessly slashed across the leather skirt.

The sharpest tip of the pocket knife directly pierced through the leather skirt.

Still worried that it wasn't be ruined enough, Xiao Li held onto the pocket knife and heartlessly slashed across again, making a long tear across the leather skirt. Then, she hurriedly kept the pocket knife back.

At that moment, she couldn't even care whether others would realize her strange behavior and directly dashed out of the room.

Having just finished Lu Man's lip makeup, from the corner of her eye, Shi Xiaoya happened to see Xiao Li's figure running away like she was escaping from something. Finding it strange, she frowned. "Why is she running? She looks so nervous like a thief running away from the police."

Chapter 364: You Can Fix It?

Lu Man furrowed her brows. She just knew that Bai Shuangshuang wouldn't be so kind.

"Ah!" An apprentice of Shi Xiaoya's screamed in shock.

The scream shocked the hairstylist so much that her hand shook violently. The hair-curler in her hand almost burned Lu Man's ear.

"What are you doing! Why are you shouting and scaring people!" The hairstylist reprimanded unhappily.

If she hurt Lu Man's ear, it would make her seem so unprofessional!

"It's Miss Lu's skirt. It's ruined!" The apprentice brought Lu Man's leather skirt along as she ran over.

Everyone stopped what they were working on. Lu Man saw that there was a very big and obvious hole on her skirt. From the hole, there was a big tear all the way to the hem of the skirt, but it wasn't completely split open.

The first name to pop up in Lu Man's mind was Xiao Li.

No wonder she ran away so quickly just now.

Shi Xiaoya's face darkened. "Just now when she entered, why didn't anyone keep an eye on her!"

Everyone lowered their heads. No one had imagined that with so many of them in the room, Xiao Li would actually be so bold.

It was really too busy and chaotic. No one had the time to care about her!

"If I knew this would happen, I would have brought Cris along." Shi Xiaoya held the skirt, feeling extreme regretful.

Raising her wrist, she took a look at the time. "There's only 20 minutes left now. Even if we want to buy a new one, we still wouldn't make it."

"Pass me the skirt so that I can take a proper look." Lu Man took the skirt from the young apprentice.

Upset, the apprentice said, "It's torn really badly. There's no way it can still be fixed."

At that moment, the hairstylist came up with an idea. "Why not we ask the hotel if they have any suitable skirts that we could borrow for a while?"

"There's no need to be anxious. I'll just sew up the skirt," Lu Man said calmly; she wasn't nervous at all.

On the other hand, Shi Xiaoya and the rest were even more worried than Lu Man.

At that moment, seeing how composed Lu Man was, surprised, Shi Xiaoya asked, "You can fix it?"

"Actually, I was learning fashion designing, but I only learned it for a year," Lu Man smiled as she explained. "But it should be enough to deal with the matter at hand right now."

"Xiaoya, is my makeup and hair done?" Lu Man asked.

"Yes," Shi Xiaoya said.

"Then could I trouble you to help clean up the table. I'll sew the skirt." Then, Lu Man requested the apprentice. "Please help to borrow a pair of scissors, a needle, and thread from the hotel."

"Sure." The apprentice immediately called for room service.

Lu Man then spoke to the hairdresser, "I remember that this year there's a popular trend of using ribbons to tie hair up. Do you have any on you right now?"

"Yes I do, I do." The hairstylist immediately took out all sorts of ribbons made of various materials and of different colors and lengths.

As a professional hairstylist, she always carried these accessories with her so that she wouldn't run around asking for them when required.

Lu Man picked two shiny ribbons, boldly choosing a rather antique red color.

Other than making it striking by matching the black of the black leather skirt, it was also because Shi Xiaoya chose to apply pure red lipstick on her, so it would match her makeup too.

Just then, the room service hotel employee brought the scissors, a needle, and thread that Lu Man asked for.

After sewing the two ribbons together, Lu Man cut the skirt through the line, even cutting the waistband.

Everyone watched Lu Man's bold and decisive moves. A proper leather skirt was cut into a big leather cloth by her. All of them broke into a cold sweat, worried for Lu Man.

Originally, it could still be fixed. But now, if something bad happens, perhaps it can't even be fixed anymore.

The moment that thought came into their mind, they saw Lu Man flip the skirt over. At the original hemline of the skirt, she cut a couple of holes with the scissors and put a ribbon through the holes.

After that, along the line where the skirt was cut apart, she cut another couple of holes and threaded the ribbons through those holes one by one.

Chapter 365: How Dare You Lie to Me

The original hem of the skirt now became the waistband as Lu Man sewed the waist part together. At the side of the skirt, there was a hole that was naturally formed in the shape of "A". The ribbons criss crossed and came together again, ending at the hem of the skirt in a butterfly tie.

As the ribbons were much longer than the hem of the skirt, they dangled by the side of Lu Man's leg.

The original black leather skirt instantly had a clash between black and red. With the ribbon decorating it, the skirt turned even more fashionable.

Once Lu Man put on a white blouse, Shi Xiaoya had already forgotten how this skirt originally looked.

"If Cris was here, he would definitely want to take you in as his apprentice," Shi Xiaoya praised.

Only with the help of Cris, she could have a complete studio. She was responsible for the makeup while Cris was in charge of costumes.

"It's amazing, it looks so much better than before!" The hair stylist complimented too.

Seeing Lu Man's current fabulous, stylish look everyone couldn't help but wonder how red Bai Shuangshuang's face would be with fury upon seeing this.

They really wanted to see Bai Shuangshuang's expression!

Honestly, everyone had the exact same thought.

If you really want something with a pure, honest heart, it will come to you. Surprisingly, the doorbell rang precisely at that moment.

“Lu Man, it’s me,” Bai Shuangshuang called from outside the door.

The hairstylist lost her temper. “She still has the cheek to come here? Does she think that we are all fools and don’t know that Xiao Li did it? What’s wrong with this person? She’s so shameless!”

“Hehe,” Shi Xiaoya snickered coldly. She turned and asked Lu Man, “Are you letting her in?”

She really wanted to see what reaction Bai Shuangshuang would be after seeing Lu Man’s current outfit.

Lu Man smiled. “Why don’t we head out now, it’s almost about time, anyway. I should visit her along the way too.”

“That sounds great,” Shi Xiaoya agreed.

Lu Man walked to the door to personally open the door. “Miss Bai, you got ready really quick. I just finished packing up too. Are you here to ask me to head there with you?”

Before Bai Shuangshuang could even keep the smug expression on her face, it was frozen on her face.

She saw Lu Man’s outfit that looked extremely fashionable and trendy. Without caring to hide anything, she turned her head and glared angrily at Xiao Li.

Didn’t she say that she had already ruined her dress?

How does this look like it was ruined at all!

Lu Man scoffed, “Miss Bai, excuse me.”

After she spoke, she saw that Bai Shuangshuang was so livid that she forgot to have any reaction. Hence, she just ignored her and just walked off straight ahead.

Bai Shuangshuang had to take a couple of steps back to give way to her, and in the end, she was squeezed to the side by Shi Xiaoya and the others who were following closely behind Lu Man.

Lu Man nonchalantly said to Bai Shuangshuang, “We’ll be heading off first then. See you there, Miss Bai.”

After the grandiose exit of these people, Bai Shuangshuang finally came back to her senses. She immediately slapped Xiao Li across the face. “Didn’t you say that you ruined her dress? How dare you lie to me! You made me embarrass myself here. Do you really think that you could lie to me and pretend everything is fine after doing nothing!”

Xiao Li cradled her face, feeling wronged and sad. “I really did destroy her skirt. Her skirt didn’t look like this at first. It definitely must be Shi Xiaoya and the others who brought a new skirt along with them and let Lu Man wear it.”

It wasn’t Xiao Li’s fault that she couldn’t tell. Based on an average person’s logic, even if it’s just a fix, you could still tell how it looked like originally. However, Lu Man had flipped the skirt the other way round and wore it like that!

After such a change by Lu Man, one could hardly tell how it looked like at first.

Moreover, just now, Xiao Li was completely occupied being nervous and worried. She didn't even manage to take a good look at Lu Man's skirt.

Furious, Bai Shuangshuang's face contorted. "Do you take me as a fool? How could it be so coincidental? How could they have already prepared for Lu Man's outfit to be ruined?"

Chapter 366: Acting Like She Owned the Entire Red Carpet

Bai Shuangshuang just could not stop thinking how pretty Lu Man's skirt was!

Even though it wasn't very grand, it was still very striking. Not only would it steal the limelight from the main leads, but it could also make others notice her.

If she were to walk side-by-side with Lu Man, she could guarantee that everyone's gazes would be fixated only on Lu Man.

Meanwhile, since Shi Xiaoya and her team were done with their work, Lu Man gave them tickets to the premiere so they could watch the movie together.

Coincidentally, Shi Xiaoya was also thinking that if need be, she could still help Lu Man to touch up her makeup or something.

Moreover, Lu Man didn't have her own assistant while she had so many people under her so that in case anything happens, it would be easier to deal with, and hence she went with Lu Man.

In the grand lobby of the hotel, Lu Man, Sun Yiwu and the rest gathered around for a brief meeting.

Zhang Shuidong and Yu Yanshu were present there too. However, since both of them were extremely popular, they had waited in the car earlier to avoid making the lobby too chaotic and cause a ruckus.

"Bai Shuangshuang still isn't here yet?" Sun Yiwu already didn't have a good impression of Bai Shuangshuang.

"I met her just now. She should be coming over soon," Lu Man said.

Just as she finished speaking, Bai Shuangshuang came over with Xiao Li.

There was still a bright-red palm-sized print visible clearly on Xiao Li's cheek. That part of her face was swelling up.

However, Lu Man didn't feel any sympathy towards Xiao Li. So what if the mastermind behind it was Bai Shuangshuang? Xiao Li still listened to Bai Shuangshuang.

Now that she was hit by Bai Shuangshuang instead, it was indeed difficult for her to sympathize with Xiao Li.

"Let's go," Sun Yiwu impatiently said to Bai Shuangshuang and walked off.

Lu Man walked away with Shi Xiaoya. Shi Xiaoya and the others drove their company car over while Lu Man sat in the car prepared by the crew.

Apart from them, many other celebrities were invited to help promote the premiere of “Greedy Wolf Operation”.

Lu Man and the others stopped their cars right in front of the red carpet, waiting for the signal to walk down the red carpet.

Before Lu Man, many celebrities have already walked the red carpet.

As the main cast of “Greedy Wolf Operation”, Lu Man and the crew would naturally be the last to appear on the red carpet.

Finally, the staff informed them that it was time to walk the red carpet.

After all, this was still Lu Man’s first time experiencing something of this grandeur and fame. She was still very nervous.

The cast appeared together at the red carpet. After they walked over, Sun Yiwu and his wife walked down the red carpet too.

Lu Man walked steadily. She kept a pleasant expression on her face, and occasionally, she waved her hands with a gentle smile, while sometimes she even showed some teeth.

As of now, very little fans and media recognized her, hence Lu Man didn’t interact with them and didn’t stop to let the media take any photos too.

She left all the time and space to Zhang Shuidong and the rest of the cast. It was very respectful and polite of her.

Unlike Bai Shuangshuang who was completely acting like she owned the entire red carpet.

She stood in front of the cameras and refused to budge as if she wanted all the cameras to take a photo of her only.

However, she was not some big-shot actor. The reporters would just take a couple of shots of her. Who would bother to keep taking photos of her?

After getting fed up with her, but unable to publicly chase her away, they all moved their camera to focus on taking some photos of other celebrities.

Who knew that Bai Shuangshuang’s skin sure was thick. She even followed the cameras.

She would be wherever the cameras were.

The media and reporters all scoffed in disbelief upon seeing Bai Shuangshuang’s shameless behavior. Someone directly shouted, “Zhang Shuidong, look over here!”

With his lead, the others started shouting too, “Yu Yanshu, look over here!”

“Director Sun Yiwu, look over here!”

Someone even shouted, “Lu Man, look over here!”

They shouted for Lu Man but not for Bai Shuangshuang!

Now, wasn't that infuriating!

Anyway, it did infuriate Bai Shuangshuang tremendously.

Lu Man didn't even expect that the media and reporters to even remember her. When she saw that their camera was indeed directed at her, she stopped to let the reporters take some photos.

Even though Lu Man's wasn't very famous yet, she was still the talk of the town.

Chapter 367: There Really Are All Sorts of Rare Creatures in This World

She had just stomped on Yu XingZhou, and single-handedly fought with his fans till they couldn't even say anything.

The reporters really wanted to interview her.

Besides, Lu Man never blocked any shots or fought for attention. She didn't disturb their work, so they had a rather good impression of her.

Suddenly, more and more reported shouted to attract Lu Man's attention.

Only Bai Shuangshuang stood alone in the center of the red carpet, her face dark and she seemed to be extremely awkward.

However, no one gave a d*mn about her!

"Miss Bai, please continue walking forward. We have to continue with the event." A security officer maintaining order on the red carpet came over and politely asked Bai Shuangshuang to move forward.

Bai Shuangshuang face darkened as she refused to budge. "The rest of the cast still hasn't moved. I will wait for them."

But everyone was busy getting their photos taken, unlike Bai Shuangshuang who was causing such a disturbance!

"Then please move forward just a little," the security officer repeated.

Bai Shuangshuang's lips pressed into a straight line. She only took one step forward and didn't move anymore, continuing to pose.

The security officer: "..."

Haha, there really are all sorts of rare creatures in this world. There was particularly a big and rare one tonight.

Thankfully, the premiere still had to begin on time, so amidst the requests from reporters asking them to stay, Zhang Shuidong and the others still left. Having no choice, Bai Shuangshuang had could only follow along.

"How does it feel to walk the red carpet for the first time?" Zhang Shuidong asked kindly.

“I was so nervous. Even my breathing was weird just now.” Lu Man still felt like her whole body was on fire. She didn’t even feel cold wearing so few layers in the winter.

“Haha, it will be better once you get used to it. I personally think that you were really elegant just now!” Yu Yanshu walked over. As he said, he side-eyed Bai Shuangshuang.

Although they were all busy facing the cameras just now, they didn’t miss Bai Shuangshuang’s behavior.

Compared to Lu Man, Bai Shuangshuang was honestly too hilarious.

Even Zhang Shuidong, who had even won a Best Actor award, almost the “king” of the industry, had never even seen any juniors be so rude and fight for shots.

In the entertainment industry, not only was popularity important but seniority too.

Moreover, Zhang Shuidong was just a level below Sun Yiwu. He, too, had a bad impression of Bai Shuangshuang already.

When the premiere officially started, they didn’t immediately play the movie. Instead, amidst the loud and bright voice of the host, with Sun Yiwu leading them, the main cast headed up on stage to greet the audience.

For the premiere this time, other than the invited celebrities, they also managed to sell all the tickets at a high price.

However, they also gave free tickets to Lu Man and the others.

Naturally, Lu Man immediately gave her ticket to Xia Qingwei.

This was her first movie, and she had quite some screen time too. She definitely had to let Xia Qingwei be her first viewer.

Right now, Xia Qingwei was already seated amongst the audience, just right beside Shi Xiaoya.

The tickets given to Lu Man were for the front few rows.

When Shi Xiaoya sat down, Xia Qingwei was already there.

Upon hearing the host introduce the main cast and crew present on the stage, despite Xia Qingwei’s typically calm and composed nature she couldn’t help but feel excited. She turned her head to Shi Xiaoya who was a stranger to her and said, “That’s Lu Man, she’s my daughter.”

“So you are Lu Man’s mother.” Shi Xiaoya smiled and said, “It’s a pleasure to meet you, Auntie. I’m Shi Xiaoya, a makeup artist. I did Lu Man’s makeup for today.”

“Oh really? What a coincidence.” Xia Qingwei was surprised. She turned back and looked at Lu Man’s makeup. “You really made her look very beautiful.”

The main cast and crew started introducing themselves one by one.

Sun Yiwu’s fame was obvious. Just the celebrities invited alone applauded for him loudly, they were even afraid that they weren’t clapping loud enough.

It was even more obvious for Zhang Shuidong and Yu Yanshu. The two of them had a massive amount of fans. After introducing themselves, the cheers for them were the loudest.

Chapter 368: Didn't You Not Want to Come at All?

Just then, it was Lu Man's turn. She took the microphone in her hands. Facing so many people, she was definitely very nervous.

After taking a deep breath, she then introduced herself, "Hello everyone, I'm Lu Man."

Unexpectedly, thanks to Yu Xingzhou, there were even some people who instantly recognized Lu Man.

Amidst the applause, there were some shouts. "Lu Man! Lu Man!"

"That's Lu Man!"

"She's very beautiful!"

"From her looks, it's really hard to tell that she's so cool and strong."

Lu Man: "..."

When it was Bai Shuangshuang's turn, other than some weak and perfunctory applause from the celebrities who came to support and there wasn't any special, exciting applause from the audience.

Bai Shuangshuang's face darkened.

Hiding amidst the audience, Old Mrs. Han who had intentionally booked four tickets further away from the front rows said softly to Shen Nuo, "Looks like the audience still has some common sense after all. Even they know that Bai Shuangshuang isn't a good person."

Old Mr. Han was seated beside Old Madam Han. Wearing his long-sighted glasses, he kept complaining all the time. "Why did you choose a seat so far behind? I can't even see Lu Man clearly."

Old Mr. Han regretted not bringing a pair of binoculars along with him.

Yet the thought that others may find him crazy for bringing a pair of binoculars never came to his mind.

Old Madam Han pursed her lips. "Didn't you not want to come at all? I thought you weren't coming, so I got them to give me two seats hidden amidst the crowd. Who told you to go against your word and come?"

Initially, Old Madam Han wanted to come along with Shen Nuo to watch Lu Man's movie premiere. No matter what, this was Lu Man's first movie, they had to come and support, right?

Old Madam Han wanted to continue to play that game where she was hiding her identity from Lu Man. After all, even though many people haven't seen her before, they knew Shen Nuo.

Afraid that Lu Man would find out their real identities, she especially hid amongst the crowd.

In the end, Old Madam Han couldn't hold back her tongue and asked Old Mr. Han if he wanted to come along too.

However, Old Mr. Han stayed stubborn and insisted that he had absolutely no interest in Lu Man.

Ultimately, in less than two days, after realizing that upon Shen Nuo's request, Han Xijin was coming along too, Old Mr. Han finally couldn't hold back anymore and said that since everyone was going, he would also just give in and came over reluctantly.

But who knew that Old Madam Han would book seats so "hidden amongst the crowd". Since they sat down, Old Mr. Han never stopped nagging and complaining. It was so frustrating that Old Madam Han really wanted to chase him away.

"Why isn't Zhouli here for something this important!" Old Madam Han was rather unhappy about this.

Lu Man was his girlfriend, how couldn't he take this so lightly.

"Zhouli is away for work, he probably couldn't rush back in time," Han Xijin helped to voice out his son's reasons. "Besides, aren't we all here to support?"

Meanwhile, other than Sun Yiwu, the rest of the cast headed to the first row and took their assigned seats. Sun Yiwu stayed on the stage, answering the host's questions and talked about the process and difficulties of creating this film.

After that, the host invited Zhang Shuidong and Yu Yanshu up on stage to say a few words.

Especially because Yu Yanshu was single, naturally he was asked questions about any relationships he might have.

"From what I know, this movie is a manly film. There aren't many female characters in the movie and today we have only two actresses here with us, Lu Man and Bai Shuangshuang." The female host started to lay her traps in her questions. "Between these two, who do you have a better impression of?"

"Haha," Yu Yanshu laughed a little. He smiled at the host. "You aren't being very kind, setting traps in your questions. I'll let you know that Lu Man knows kung fu, she is very skilled. If you don't have a couple of moves up your sleeve, you wouldn't dare to offend her."

As for Bai Shuangshuang, she was automatically ignored by Yu Yanshu.

Chapter 369: You Have A Boyfriend Already?

Like Bai Shuangshuang?

Of course, he wasn't an idiot.

Yu Yanshu managed to solve a big issue with little effort and changed the topic.

Although the audience failed to notice it, it did not mean that Bai Shuangshuang did not understand it too, and her face turned even darker offstage.

The emcee followed the flow and called Lu Man up on the stage. "I didn't think that Lu Man would really know martial arts? Then may I invite Lu Man on stage to say some words!"

Lu Man was a bit stunned, she was just a small side character, why were they even calling her up?

They had not told her beforehand!

But in the midst of the clapping, Lu Man could not be scared and not go up, so she naturally walked on to the stage.

“Lu Man, I think that everyone really wants to get to know you. I heard that your original occupation was being a public relations officer?” The emcee asked curiously.

“Yes, I’m still a public relations officer.”

“Many people might not know this but just some time back Lu Man got the Best Newcomer Award in the Gold Finger Award. The status of the Gold Finger Award is like the status of an Oscar in the movie world. The Best Newcomer Award is only for newcomers who have joined the industry for less than a year back, and the competition is very intense. As can be seen, Lu Man does have lots of talent and skills. It’s just that we never imagined her to not only excel in public relations but acts very well too. Perhaps, a public relations officer who doesn’t know martial arts is not a good actor.”

The emcee’s words made everyone in the audience laugh loudly.

“You did not have any experience in acting, and the first time you acted, you got an opportunity to act in Director Sun Yiwu’s movie, what are your feelings on this? I think that a lot of actors are jealous of you.”

“Yes, even I feel that I’m very lucky,” Lu Man said, at that moment, she saw someone enter from the door at the end of the platform.

It was Han Zhuoli!

Lu Man stopped talking for a while, and her gaze could not help but fixate on Han Zhuoli, following him as he moved.

Han Zhuoli did not sit in the front row.

It was probably because if he went over, then the people in the first row would have to move.

Lu Man saw him walk to an empty seat in the middle and sit down.

And next to him, was actually Old Madam Han and Shen Nuo.

Besides them, there was an old man and a middle-aged man. Lu Man instantly guessed them to be Han Zhuoli’s father Han Xijin, and Old Master Han.

She then saw Han Zhuoli sit down and smile at her in the crowd.

Even in the huge crowd, Han Zhuoli still had a dazzling existence, and she could instantly locate him with one look.

Lu Man did not think that Han Zhuoli could actually come.

She had thought that he would only be able to come at the earliest on Monday.

The movie premiere had already started for a while, but he arrived just now, was it because he just came back?

As soon as he got off the plane, he hurried over here?

Lu Man looked towards Han Zhuoli and smiled. "I'm indeed very lucky, I'm an outsider who doesn't know anything, but I was picked by the director, and got the chance to star in *Greedy Wolf Operation*. I am fortunate to have Zhang Shuidong as my teacher and Yu Yanshu as my senior. Both of them did not look down on me because I'm a newcomer, and instead very patiently acted with me, and taught me a lot of things, and I'm also especially thankful to Director Sun Yiwu, who gave me this chance and was very patient with me. I'm also thankful for my mother and my boyfriend for supporting me so much."

"You already have a boyfriend?" The emcee was shocked, this was exciting gossip!

Normally, a person who wanted to advance in the entertainment circle would never be willing to admit their romantic status before getting a firm foothold in the industry.

Even among those celebrities who were currently popular, there were very few who would admit it so directly.

The emcee really did not think that as soon as Lu Man came up, she would admit it so freely!

If they wanted to say that she did not know this silent rule, that was not possible!

She was working in the public relations industry, and was a professional, how could she not know?

"En," Lu Man readily nodded.

Chapter 370: If People Attack Me, I'll Return It To Them Tenfold

As soon as she said that, she totally destroyed the trap the emcee had laid for Yu Yanshu just now, making it impossible for the public to make an issue out of it.

As expected of someone working in public relations!

Even Yu Yanshu let out a breath of relief, actually just now, facing such a difficult situation, he really could not find any suitable way to deal with it immediately and could only change the topic.

Thankfully, later on, Lu Man came up on the stage.

Awesome!

The Old Madam in the audience seats was also extremely happy, and tugged at Old Master, "Did you see that? Did you see that? Lu Man is just so awesome, directly announcing to the world that she has a boyfriend to stop all those messy rumors! Girls should be like that! If they have a boyfriend they should admit it and not let people misunderstand that they are single and cause problems in the future."

"I see, I see," The Old Master's mouth twitched, "Now, stop tugging at me!"

"Isn't Lu Man very good!" The Old Madam asked Han Xijin, wanting to Old Master Han and Han Xijin praise Lu Man too.

The Old Master harrumphed, "You're no longer the same as the one back then who did not like Lu Man at all. You even said you didn't like people in the entertainment circle because it's too messy. Lu Man is too scheming, it's no good!"

The Old Mr. Han pinched at his throat, imitating how the Old Madam had spoken back then.

"Hmph!" The Old Madam gloatingly said, "I'll take the chance to explain, I'm not that kind of stubborn person who refuses to admit my mistakes. After getting to know Lu Man in person, I've seen her good points, and I'll admit it, I won't keep holding on to that old wrong impression of hers and refuse to change."

The Old Master twitched his lips, not willing to lower himself to the Old Madam's standards.

"I believe there are a lot of people who are very curious about you," At that moment, the emcee said, "Not only because as someone not from the entertainment circle and suddenly starring in *Greedy Wolf Operation*, but also because of the sensational news that you created online in the past few days."

Sun Yiwu frowned, *what is wrong with this emcee!*

He looked around, wanting to find the person in charge of movie promotion and not let the emcee stir up even more trouble!

Before this, when the emcee had asked those questions to Yu Yanshu, Sun Yiwu was already very upset.

Instead of asking more questions related to the movie, the emcee kept thinking of trying to find ways to create gossip news, what was wrong with her!

In the audience seats, the Old Madam grunted, "What's wrong with this emcee, so unprofessional!"

"It seems like she's purposely making trouble for Lu Man." Shen Nuo frowned.

"Now I won't steal the job of the reporters anymore, I'll let the reporters ask you themselves." As soon as the emcee said that, there were instantly reporters who instantly raised their hands.

The assistants at the event passed the microphone over to a reporter who asked Lu Man, "Lu Man recently, you openly hit back at Yu Xingzhou's fans, this kind of action has never been done by anyone before, and most celebrities choose to take everything silently, and refrain from calling someone out in public. Will you continue to do the same in the future too?"

At that moment, the employee from the movie promotion side came up secretly, wanting to stop the reporter's question.

Lu Man signaled him with her hands slightly, indicating him to stop and held the microphone in her hand firmly and boldly answered, "I'm the kind of person whose personal morals are above that of your so-called industry rules and as to your question, I only have a sentence to answer. If people do not attack me, I won't attack them. If people attack me—"

For some reason, Lu Man turned to look at the emcee with a threat hidden behind her smile.

"I'll return it to them tenfold."

The emcee almost could not maintain the smile on her face anymore.

Did Lu Man know something?

The emcee did not notice it, but Lu Man saw Han Zhuoli take his phone and leave his seat, going outside to make a phone call.
