

Mr Han 371

Chapter 371: Limitless Potential

The emcee was purposely trying to make things difficult for Lu Man because the rich backer behind Bai Shuangshuang had contacted her, telling her to stir up some trouble and embarrass Lu Man.

But who would have known, for some reason, she had a feeling of being threatened by Lu Man.

It must be... it must be that she's mistaken!

Lu Man really did not know who ordered the emcee to do that, but the emcee was continuously setting a trap to scheme against her, she could still feel it.

"Well-said!" The Old Madam said, feeling her anger lessen, her Han family's granddaughter-in-law needed to be domineering, did they really think that they could bully anyone?

Moreover, Lu Man did not need to use the Han family name, just her domineering reply was enough to clamp all mouths shut.

"Eh, A Nuo, Lu Man's skirt, why does it not look like the one she bought that day?" No wonder she kept feeling like Lu Man seemed quite different today, it was now that she finally realized that Lu Man's skirt was different.

Shen Nuo frowned and took a look, but they were still quite far away and she could not see it clearly.

So she immediately took out her phone and zoomed in to take a picture for the Old Madam to look in detail. "Mom, I think that Lu Man's skirt seems like the one that day, but she altered it. Look, the original waistband became the hem of the skirt and hem of the skirt became the waistband, and the ribbon was added on later. If you remove these, you can return it to how it was before."

The Old Madam was perplexed. "Why would she go and alter her skirt?"

"I feel like Lu Man doesn't seem like the kind who would change her skirt, didn't she say it that day? She bought these clothes so that she could wear them on casual days too. Now that she's changed it, it isn't very suitable for wearing casually already," Shen Nuo said in a low voice.

At that moment, Han Zhuoli had finished making his phone call, and just happened to hear what Shen Nuo said, and hence explained, "I just asked Lu Man's make-up artist, her skirt was cut up by Bai Shuangshuang's assistant, and she had no other way but to let Lu Man alter it at the last minute."

"Little—" The Old Madam hit the armrest, and almost cursed.

She finally remembered that she was in public, and muttered in her heart, *Mind your image, mind your image*.

At last, she managed to control her temper.

“Thankfully Lu Man is smart enough, under such a situation she could even think of ways to save the day. Although now she can’t wear it as casuals now, for tonight’s event, her re-designed dress is even nicer than before,” Shen Nuo smiled and said.

“That’s right, Lu Man was originally learning fashion design. At that time, she was forced by Lu Qiyuan to quit school and be Lu Qi’s assistant, otherwise, right now, she would probably still be in school. She has a background in fashion designing and thus could redesign the skirt so quickly, it’s just a small thing for her,” Han Zhuoli’s face was full of pride.

His Man Man kept giving people surprises!

It seemed like she had limitless potential!

Old Madam Han had already found out about how Lu Man was planning to go to the National Drama Academy to learn to perform. “Hmph! Lu Man being skilled is good but we can’t let Bai Shuangshuang off so easily!”

At that moment, a crew member from the movie’s promotion team who was on stage warned the emcee in a low voice, “Don’t ask questions unrelated to the movie.”

The emcee laughed dryly, “Lu Man’s answer is so domineering, just like dialogues from *Greedy Wolf Operation*, forceful! I request Lu Man to take her seat and rest for a while, now let’s invite—”

The emcee just wanted to say to ask Bai Shuangshuang to come up on the stage to say a few words when she got instruction from her earpiece. “It’s time to air the movie, stop talking.”

The emcee was stunned, *this fast?*

That was not right, she had calculated the time, the amount of time she had left for Bai Shuangshuang was very sufficient.

Accepting the money, she had already agreed to keep more time aside to interview Bai Shuangshuang.

But now, besides for the group greeting at the start, Bai Shuangshuang did not even have the opportunity to be on stage at all?

Chapter 372: All Scenes Deleted

Being rushed by the organizers through their instructions from the earpiece, the emcee did not dare to go against it and could only persevere on with her stiff smile. “Let’s not talk about these things anymore, let me invite all of you to enjoy the movie!”

Originally, Bai Shuangshuang had been smiling and already started to stand, but in the end, when she was halfway standing, she saw how the emcee directly skipped her and said that the movie would be shown now.

Bai Shuangshuang stiffened awkwardly, staring at the emcee in disbelief, really hoping that the emcee would say something else too.

However, the emcee had already gotten off stage, looking straight ahead and not noticing Bai Shuangshuang's gaze on her at all.

All the lights in the movie theater were switched off, and someone tugged at Bai Shuangshuang, left with no choice she could only sit down.

As she wore her 3D glasses, dissatisfaction and displeasure coursed through her heart.

What right did Lu Man have to be able to spend so long on stage, and when it came to her, she could not even go on stage!

Bai Shuangshuang loathed it a lot and hatefully glared at Lu Man who was seated next to her.

However, right now, Lu Man's attention was not on Bai Shuangshuang at all. The moment she noticed the strange situation where the emcee did not invite Bai Shuangshuang on the stage, she thought about Han Zhuoli going out to make a phone call.

She wasn't sure whether Han Zhuoli was involved, after all, this was too coincidental.

Finally, the movie officially started to screen and Lu Man stopped thinking about things and got engrossed in the movie.

This was her first time seeing the final finished product after filming as after Sun Yiwu had finished cutting and editing he did not let anyone see including Zhang Shuidong. He had said that he wanted to let them watch it with the audience as that would be the most realistic response.

The movie's pacing and editing were very good, and as expected, there was a lack of Bai Shuangshuang's scenes, but it did not have any effect, and instead made the pacing seem more bright and the movie's plot seemed more logical.

But for the Bai Shuangshuang next to her, her mood turned worse and worse.

She had originally thought that it was alright that they did not let her go on stage as once the screening end she would definitely go and find the emcee to settle accounts with her!

She would first watch the movie and see her performance.

In the end, even after waiting for 30 minutes and reaching the moment where she was to appear, she was still not there.

In Bai Shuangshuang's heart, she thought, it was probably that that part got cut off.

It was very normal to cut out some scenes in movies and dramas.

But after waiting for an hour, she was still not there on the screen and the scenes she should have had originally been in were all gone.

One and a half hour, there was still no scenes of her.

At the end, when the movie ended, and the credits were being shown, she was not even in the list of actors!

Bai Shuangshuang was furious!

What was going on!

After the credits finished being shown, the lights of the movie theater lit up, and a lot of people looked towards Bai Shuangshuang, obviously as confused as her.

Bai Shuangshuang was in the main cast of the movie, why did she have no parts?

At that time, the emcee came on stage, but it was no longer the one from before, and it was a male emcee now.

The female emcee from before had disappeared.

The movie premiere was over and the audience left first.

“Director Sun...” Bai Shuangshuang called out, her face dark.

“Let’s leave this place first, if there’s anything, we can talk about it in private later.” Sun Yiwu cut her off and cast a look at Xu Fenglai.

Xu Fenglai hurriedly called up the crew and the bodyguards and had them leave from the VIP exit.

However, as Lu Man did not follow them, she informed Sun Yiwu, and then went to find Xia Qingwei.

There were too many people when the movie premiere was over; there were the audience, celebrities, and also reporters, it was very messy. Lu Man could only manage to find Xia Qingwei among the crowd, and as for Han Zhuoli and his family, she could not find them.

Xia Qingwei grabbed Lu Man’s hand in excitement. “Man Man, you acted so well!”

Xia Qingwei wiped the tears in her eyes. “It was too touching.”

“After I finished learning the performing curriculum at the school, I’ll definitely act even better,” Lu Man smiled and said.

“Right!” She acted even better than Lu Qi!

Chapter 373: Wait Till New Year, Let Me Bring You Home

Lu Qi was already studying at the National Film Academy, but what kind of acting skills did she have, she could not even comparable to her Man Man!

Lu Man had never learned it before, and yet she could act so well, she left Lu Qi so far behind!

When everyone left, Lu Man brought Xia Qingwei to leave.

Who knew that as soon as they walked out of the movie premiere theater, she would meet Han Zhuoli.

He was standing straight at the doorway, and she saw him as soon as she left the door.

Lu Man almost directly threw herself into his embrace, but she remembered that Xia Qingwei was still next to her and so she tried to control herself.

But she could not control her surprise.

Han Zhuoli lifted up his long legs and took a step closer, and was already standing so closely in front of her.

"I saw you while I was on the stage just now." Lu Man was like a child who was seeking approval and seemed to be saying, *I noticed you instantly, aren't I great?*

"I know, I saw you look over." Han Zhuoli raised his hand, and in front of Xia Qingwei, he rubbed Lu Man's head, and then turned to greet Xia Qingwei. "Mom."

Xia Qingwei was stunned by him calling her 'Mom', even now she had yet to get used to it.

"Just now, Grandpa and Grandma, as well as Dad and Mom came to see. But they were worried that they would scare you and they went back first, and during the New Year they want me to bring you home," Han Zhuoli said.

The fact that the Old Master could say that meant that he was also quite satisfied with Lu Man.

It seemed like Lu Man's domineering response on stage just now suited the Old Master's temper.

"Alright," Lu Man readily agreed. "When did you come back?"

"Today."

"It can't be that you came over as soon as you got off the plane right?" Lu Man was shocked.

"Didn't you say that you wished I would come to see your movie premiere?" Han Zhuoli smiled. "Then I must definitely find a way to satisfy your request."

"Don't do it next time, I was just saying, I don't want you to rush over when you are tired." Lu Man blamed herself, if she knew earlier, she would not say this kind of thing to him.

"I know my body," Han Zhuoli said and then brought Lu Man and Xia Qingwei to walk towards the carpark.

"Was your business trip successful?" When they sat in the car, Lu Man asked.

"It was alright, at the start, I was just comparing the companies to see which one is suitable to partner with," Han Zhuoli did not give her a vague answer even though Lu Man was not familiar with this area.

"This time I went there to interact with Maxus Company, but no matter what the other party thinks, I don't plan on working with Maxus Company."

"Maxus Company is an old company, and a lot of their ideas are very old, they have natural racism towards Asian movies, discriminating even against their country's native Asians. With this kind of company, there's not much future working with them. Even if we come to a consensus to work together, we can't advance." There was another point that Han Zhuoli did not say, it was also because of Wang Qianyun.

How could he not see Wang Qianyun intentions?

Just because Wang Qianyun was in Maxus, he would not work with Maxus, otherwise, for some reason, Wang Qianyun would bother him.

They could not work together, and if Maxus did not ask, then it was fine, but if they insisted on asking him for a reason.

Haha, then that would be Wang Qianyun's misfortune.

Because Wang Qianyun was an employee of Maxus, that was why he did not want to work with Maxus.

It was just that simple.

By the time Han Zhuoli drove Lu Man and Xia Qingwei home, Sun Yiwu and the rest had gone backstage.

Bai Shuangshuang could not wait any longer and questioned Sun Yiwu, "Director Sun, why is it that my scenes were all deleted?"

Sun Yiwu had a look of a smiling tiger and laughed evilly as he said, "Because of the script, when I was editing in the later parts, I needed to cut away the unnecessary scenes. But who knew as I cut and cut, haha, I cut away all of your scenes."

Chapter 374: Giving Her Face But She Doesn't Want It

Bai Shuangshuang was so furious that her lungs were about to burst, what kind of sh*tty reason was that!

Sun Yiwu was not even willing to find a good reason, this was so obviously just placating her, did he think she could not understand it?

Enraged, Bai Shuangshuang raised her voice. "Director Sun, at that time, when I joined the production group, we had already discussed it."

"Yes, and I didn't break the contract either," Sun Yiwu laughed, mocking her. "You wanted to film, and you wanted a role in my movie, I gave it to you. You even wanted to appear at the movie premiere, and see, aren't you here? It's just that later on while editing I cut all your parts out, and this was just something I had no choice but to do for the quality of the movie, just feel a bit wronged and make a sacrifice!"

The Zhang Shuidong and Yu Yanshu who were earlier planning on leaving were stunned upon hearing this conversation.

It seemed like Bai Shuangshuang had somehow offended Sun Yiwu!

"Director Sun, your doing one thing after saying something else, I must get an explanation!" Bai Shuangshuang said in a low voice.

Giving her face but she doesn't want it!

Sun Yiwu's face also darkened. "You want an explanation? You can try to get one! Even if it's your rich backer President Cao, it'll be the same, if you have so much power then let him come and talk to me!"

“Director Sun, you’re the one who said that!” Bai Shuangshuang raised her eyebrows, and in front of Sun Yiwu, she gave President Cao a call.

The phone call went through, and Bai Shuangshuang’s face changed instantly, “Brother Cao, it’s me Shuangshuang, tonight was the movie premiere, you didn’t come, so you don’t know, they really bullied me!”

“What happened?” On the other end of the phone call, President Cao asked.

Bai Shuangshuang explained what happened, and in front of Sun Yiwu, she did not dare to add details to exaggerate it, but her crying was already enough to make President Cao furious.

Bai Shuangshuang then gave the phone to Sun Yiwu. “Director Sun, Brother Cao wants to talk to you.”

Sun Yiwu laughed coldly, and took the phone, his voice stiff and cold. “President Cao.”

“Director Sun, you didn’t keep your word!” President Cao said unhappily,

Sun Yiwu smiled coldly. “President Cao, you forced Bai Shuangshuang into my production group, and that caused a lot of trouble for me. You must already know about Bai Shuangshuang being at loggerheads with Lu Man.”

“It’s very normal to have competition,” President Cao was not concerned.

Sun Yiwu just laughed, “If she did not like Lu Man, she can compete with her, no one would care about that. But after Lu Man finished her scenes, our production crew wanted to celebrate, so all the females and males ate together, but because Bai Shuangshuang did not get along with Lu Man, she did not tag along. But Bai Shuangshuang dared to have someone take a photo and cut out everyone else just to accuse me and Lu Man of have a special relationship. Haha, although it’s not good to hear but I won’t be able to interfere if she schemes against Lu Man, that’s something between her and Lu Man. Whoever has the ability to step the other down that’s their own business.”

Although he said that, in Sun Yiwu’s point of view, how could Bai Shuangshuang be considered Lu Man’s opponent.

Even without Han Zhuoli’s backing, if she annoyed Lu Man, Lu Man could still totally ruin Bai Shuangshuang.

It was just that Lu Man did not want to lower herself to their standard.

While Bai Shuangshuang was still gloating, she did not know that Lu Man was already planning to ruin her totally.

Sun Yiwu continued to say coldly. “But she should not have added me to her schemes! As a director of this movie, having a scandal with an actor in the movie is not at all helpful to this movie, and would cause the box office sales to be lowered! Thankfully, I found out about it early, and did not let this thing be known, otherwise, I would not even be able to have the premiere today!”

Bai Shuangshuang’s eyelids started to twitch intensely, no wonder no matter what she did she could not send that news out before.

No matter who she found, there was no one willing to publish it, she had even tried to let Xiao Li open a small account to publish it, but it was deleted in an instant. The netizens did not even have time to notice it before it was deleted.

Chapter 375: Mother-in-law Is Too Open-Minded

“This incident is one thing, this time, our reaction was fast, and thus there was no bad effects on the movie premiere. But Bai Shuangshuang doesn’t know when to stop, she even paid an internet water army to badmouth Lu Man. Still if she wants to cause Lu Man to have a bad reputation, I can’t stop her, but right at the critical period before the movie was to be premiered, no one related to the movie can have bad news reports. Bai Shuangshuang doesn’t care about the big picture, and did not care about the effect it would have on the box office sales. For you sending Bai Shuangshuang a dumb arrogant person into my crew, I am yet to get even with you! Yet you dare to come and question me?”

“I don’t have a lot of regrets in this life, but now I’ll add one, that is agreeing to let Bai Shuangshuang join the production group at that time!”

Bai Shuangshuang did not think that Sun Yiwu would actually know about all these things.

Furthermore, he had told everything to President Cao.

President Cao was already not able to say anything, he also did not know that Bai Shuangshuang was so good at setting traps for herself!

Facing Sun Yiwu’s accusations, President Cao knew that he was in the wrong.

Bai Shuangshuang was also anxious and was not as bold, domineering and arrogant as before.

“President Cao, everyone in the industry knows my temper. If people respect me, I’ll respect them back. But if someone wants to make trouble for me, I’m not a person to be trifled with. Bai Shuangshuang kept testing my limits, and in the end, I just couldn’t stand it anymore. If she wants to ruin my movie, ruin my hard work, it’s impossible!”

“Alright.” President Cao took a deep breath. “This time, it’s Bai Shuangshuang who is being insensible and causing trouble for you.”

President Cao’s tone softened, and Sun Yiwu naturally did not keep harping on it, and returned the phone to Bai Shuangshuang.

At this precise moment, Sun Yiwu could not even be bothered to care about Bai Shuangshuang. Today he let her attend the premiere only because he wanted to see her reaction once she realized she did not even have a scene in the movie, otherwise, he would not give her even this little bit of exposure!

The next moment, Sun Yiwu left along with Xu Fenglai.

“Xiao Yu, after this do you have any other arrangements? If you don’t, then older brother will treat you to a meal,” Zhang Shuidong told Yu Yanshu, as if there were no one around.

Excited, Yu Yanshu hurriedly smiled. "I don't, I don't. I'm just waiting for Brother Zhang to take me out for fun."

Zhang Shuidong laughed. "You've come to B City, let this person who is familiar with this city in and out be your guide, I'll treat you to some fine food and drinks, and I'll also call up a few friends, so that you all can get to know each other."

After saying that, the two of them people left, and from start to the end, they did not even bother to acknowledge Bai Shuangshuang.

The rest of the crew members started to pack up, not daring to stay any longer, scared that they would have some kind of relation to Bai Shuangshuang.

Bai Shuangshuang was extremely furious, these group of inhumane people stepped on the lower people to get to a higher position and followed where the power was!

Since Sun Yiwu had totally fallen out, she won't need to be polite anymore!

Meanwhile, Lu Man did not know that the crew had already fallen out with Bai Shuangshuang till they would no longer be able to be friends anymore, and had already returned home with Xia Qingwei.

Seeing that Han Zhuoli's gaze was fixated on Lu Man, Xia Qingwei smiled and said, "Alright, the two of you can quickly go out and have fun, just go anywhere, don't rot away at home."

Han Zhuoli had gone for a business trip for almost a week, and the two of them had not met for quite a long time. And since they were still in the honeymoon phase of their relationship, they definitely missed each other a lot. Having this little bit of understanding and awareness, Xia Qingwei did not want to delay the two of them from being intimate.

Although it was night time, the two of them might do something once they go out.

Xia Qingwei had already been prepared for Lu Man to not come home at night, her child was already big, and as for the rest, she would not care either.

She believed that Lu Man had her own boundaries in her heart and knew where to stop.

Han Zhuoli's eyes were shining with surprise and excitement, his mother-in-law was too open-minded and knew what he wanted so well!

Chapter 376: You Don't Miss Me?

On the other hand, Lu Man was extremely embarrassed, and upon seeing Han Zhuoli's happy look, she could not help but secretly pinch Han Zhuoli's waist to get him to hold himself back a bit and not overdo things.

Han Zhuoli did not avoid it and just let her pinch him. But he did not expect that because of Lu Man's anxiety, her strength would be quite big, and she pinched till Han Zhuoli's mouth could not help but twitch.

Looking at Lu Man in amusement, he decided that later on once he gets the chance to be alone with Lu Man, she would definitely have to suffer!

Xia Qingwei saw their secretive interactions and chased them away with a smile on her face. "Go, go. You've already dropped me here, there's no need to worry about me anymore."

Scared that Lu Man would not agree, Han Zhuoli hurriedly grabbed Lu Man's hand and told Xia Qingwei. "Then we'll take leave first."

"Go, go," Xia Qingwei smiled and sent them off.

Han Zhuoli pulled Lu Man out of the door, and as they climbed down the stairs, Lu Man kept nagging at him. "When you came back, you didn't even have the chance to rest, and you haven't gotten over your jet lag, isn't it good to go back home early to rest?"

If they wanted to meet, they could meet tomorrow too.

It was just that her heart ached for Han Zhuoli, who was probably too tired, even though she also really missed him.

"You go back first—"

Lu Man had yet to finish speaking when she was lifted up by Han Zhuoli, and his strong hands supporting Lu Man's back as his hot, moist lips accurately found Lu Man's lips in the dark stairway.

At that moment, how could Lu Man still remember what she was going to say just now, she was being kissed so fervently by him that she could not was about to lose her sanity.

"Let me go back myself, you anyway don't miss me, right?" Han Zhuoli tightened his hold on Lu Man's waist, and his tone was one of feeling wronged and complaining.

Honestly, he missed her so much and thus rushed back and as soon as he got off the plane he instantly came to see her.

"..." Lu Man's hands tightly grabbed his shoulders. "I miss you, but my heart aches for you because you've not rested at all."

In the dark, she heard Han Zhuoli laugh lightly. "I already slept on the plane."

Because the journey was too long, Han Zhuoli had directly taken his private plane over, and so he had relaxed quite well.

As he said that, Han Zhuoli put her down.

When Lu Man's legs finally got placed on the staircase, she wobbled as her knees went weak, needing Han Zhuoli to quickly support and pull her back.

He lowered his voice and laughed. "How can you be so like clumsy?"

Lu Man secretly glared at him in the dark.

In response, Han Zhuoli pinched her waist. "Don't think that I didn't see you glaring at me."

Without waiting for Lu Man to say anything further, Han Zhuoli hoisted her up in his arms, carrying her like a little child as he had Lu Man sit on his arm.

This position made Lu Man extremely scared, especially worried that she would fall backwards, and her two hands could only tightly wrap around Han Zhuoli's neck.

In the end, her actions made Han Zhuoli's face almost rest on her chest.

Thankfully right now, the stairway was extremely dark, and even if Lu Man's whole body was on fire and her face extremely red, at least Han Zhouli not being able to see her flustered state made her more relaxed.

But very soon, Lu Man felt that she had been happy too early.

Han Zhuoli carried her down the stairs, and after walking a few steps, suddenly his face turned to face her and he buried his whole face into her chest.

The stairway was extremely quiet, and the only audible sound was of two people breathing and Han Zhuoli's footsteps.

Lu Man seemed to hear Han Zhuoli's breathing when his face was buried in her chest.

Her face instantly turned red and she instinctively held her breath.

She was messed around with Han Zhuoli till her chest was hot, and a fire was burning in her chest that now seemed to be coursing through her whole body, and she felt her herself become dumbstruck.

Her hands tightly held onto Han Zhuoli's shoulders as she trembled a lot and did not dare to breathe either.

Chapter 377: Did Not Have Any Good Intentions

With each breath, her chest heaved up, then...

She did not even dare to imagine it!

Only after taking a deep breath did Han Zhuoli turn his head back to look at Lu Man again.

Lu Man's chest was already burning hot, and when he walked out of the doorway and they came outside, Lu Man hurriedly said, "Quickly put me down."

Although it was already night-time, it was hard to say that no one would pass by.

If someone came, how embarrassing would it be to be seen like that!

"Then can you stand properly now?" Han Zhuoli raised his head, and asked in a low voice.

This was the first time she was looking at him while lowering head from such a high position. Even from the angle of a raised head, Han Zhuoli's handsome face was still so good looking, and did not show any flaws at all, it was really a flawless handsome face without any bad angle.

People say that when moonlight shines on a person he looks extremely good-looking, and at this moment, seeing Han Zhuoli under the moonlight left Lu Mans dumbstruck.

Han Zhuoli saw Lu Man was staring at him dumbstruck, and he did not remind her either, enjoying how she mesmerized and captivated she was with his looks.

Seeing how the little girl liked him so much, he was reassured.

There was quite a big age difference between them and he had no way of making up for that, and thus he could only rely on his handsome, charming looks.

Han Zhuoli did not find it heavy carrying her and was carrying her very steadily. The edges of his mouth curved into a slight smile, and under the moonlight, his dark eyes shone like stars.

If it was someone else who kept getting stared at by one person, they would long have become embarrassed.

But Han Zhuoli was not an ordinary person, while Lu Man kept staring at him, and he too happened to be looking at Lu Man, no matter how much he looked, it was not enough.

In the end, he could not control himself, and closed his lips on hers again, kissing Lu Man till she returned to her senses, and then her brain had a loud explosion and she finally realized that she had kept staring at him all this while!

This was practically... like a lovestruck girl!

Lu Man was very frustrated, it was too embarrassing!

It was all this man's fault, everyone admired a charming, handsome prince under the moonlight, this man was one!

At this moment, although Han Zhuoli knew that it was time to stop and he did not continue gloating, but could not help but kiss her lips proudly.

"I can stand properly now, put me down," Lu Man hurriedly said, she did not want to be embarrassed anymore.

Finally, Han Zhuoli let her go, and her legs stepped on the ground steadily.

Under the moonlight, Lu Man's flushed red face was highlighted and as the blush reached the tips of her ears she quickly walked forwards with her head lowered.

Just as she passed by Han Zhuoli, her hand was grabbed by him. "Wait for me!"

Lu Man's palm heated up, but she did not pull her hand away.

The two of them walked towards Han Zhuoli's car and chivalrously Han Zhuoli then opened the door for Lu Man and guided her in.

"If I don't spend some time with you properly, then even if I go back, I won't be able to rest well." That sentence cut off Lu Man's thoughts of having him go back home and rest alone.

When Lu Man sat into the car, only then did she realize the door Han Zhuoli opened for her was the backseat!

This man, he did not have any good intentions!

Lu Man looked down on herself in her heart, normally she was quite smart, but why was it that whenever she faced Han Zhuoli, she would become dumb!

Meanwhile, Han Zhuoli had already seated himself inside and had closed the car door to stop the cold wind blowing outside to flow into the car.

Originally, when there was just Lu Man in the backseat, there was still a lot of space in the car, but as soon as Han Zhuoli came in, it instantly turned extremely crowded.

Han Zhuoli's movements were well-practiced as he pulled Lu Man into his embrace, "I'll ask you again, have you missed me?"

His lips were so close to hers such that when he spoke, they seemed to rub against her lips and face, and his minty breath blew on her cheek, making Lu Man feel ablaze on fire all over again with her heart beating rapidly.

"Have you missed me?" Han Zhuoli asked once again.

"I missed you." Lu Man's eyelashes fluttered, and she was too embarrassed to look at him. She could feel his lips brushing past her cheeks and lips, sometimes giving her a small peck on the lips and the next moment pecking on her cheeks, and now her face also had his scent.

Chapter 378: Staying In The Same Room

"Then why are still chasing me away?" Han Zhuoli hugged her tightly. "I miss you a lot."

Especially when Wang Qianyun bothered him, he missed her extremely!

At that time, he especially wished for Lu Man to be by his side and chase away all the women who were like flies and harassing him.

"I really hope that the next time when I go on an overseas business trip, you can accompany me." Han Zhuoli tightened his hold on her, and did his best to close any gaps between them, and in the end, they were closely stuck together.

Lu Man could not help but laugh. "Really? There's no problem with you bringing me on your overseas business trips?"

"En, if you agree, then I can take you along." But Han Zhuoli felt that Lu Man probably had no time.

Having such a capable girlfriend was also something to be troubled over.

Lu Man was already as busy as him, and it was alright that she was returning to school, but in the future, when she would officially start to film, then her schedule would be even more hectic than his, where in the world would she have the time to go on business trips with him?

Lu Man felt that, if she had a chance to go on a business trip with him, it would be quite good. "If you feel that it's suitable, it's alright to bring me along."

"Alright," Han Zhuoli rested his head on her shoulder, and his forehead just rested on the middle of her neck.

The curve of her neck was as if born to be so suited for him.

It was too warm in the car, and with Lu Man in his embrace, his whole body also relaxed, as if his heart had a home now, and so his tiredness from running around also caught up to him.

As he smelled Lu Man's natural body fragrance, Han Zhuoli's heart became more and more calm.

Not long after, his eyelids also became quite heavy, and unknowingly, they slowly closed, and even his breathing became slower, and in the end, he fell asleep on Lu Man's shoulder.

Lu Man did not hear Han Zhuoli speak again for a long time, and felt that his quietness was a bit weird, and when she lowered her head to take a look, she was amused to see that he had fallen asleep and was sleeping soundly.

His long eyelashes hid the dark circles which showed his exhaustion, and Lu Man did not dare to move at all, scared that she would wake him up. Right now, all she wanted was for Han Zhuoli to have a good rest.

Her heart ached as she left light kisses on his eyes, and then supported the back of his head, letting him sleep more comfortably.

She did not know when, but Lu Man herself fell asleep, and in her dreams, she felt like there seemed to be someone kissing her lips and her face, it was very wet and very sloppy.

Lu Man opened her eyes in a daze, and realized that Han Zhuoli had already woken up sometime back.

"When did you wake up?" Lu Man was troubled, she had originally wanted to take care of Han Zhuoli, to let him sleep at ease, but she did not think that she would also fall asleep, and in the end, she would still need Han Zhuoli to take care of her.

Lu Man hit her head in frustration, but Han Zhuoli hurriedly grabbed her fists, "What are you doing?"

Such a smart girl, if she hit herself dumb, what was he to do?

"How long did you sleep?" Lu Man asked.

"I just woke up, and I found that you were also asleep."

Lu Man saw that he really seemed to have just woken up, and heard Han Zhuoli ask, "Why didn't you wake me up since I fell asleep?"

Lu Man glared at him. "You told me you weren't tired, but as soon as you came in, you fell asleep, I just wanted you to sleep for a while, so I didn't call you. What time is it now?"

Saying that, Lu Man took out her phone from her pocket, and found out that it was actually past three in the morning.

A while later and the sky would be bright already, so she said, "With you driving while you're tired like this, I don't feel reassured, accompany me back to sleep. Anyway, today is Saturday, you don't need to go to the company, right?"

"I don't." Han Zhuoli was a bit troubled. "Although our Mom is very liberal, it's not good for me to sleep in the same room as you in front of her right?"

"..." Lu Man looked at him speechless, was this man still asleep?

What kind of dream was he having!

"I'll sleep with my Mom, you sleep in my room," Lu Man said, her face stiff.

Chapter 379: Staying Over

Han Zhuoli, "..."

Alright, at least he entered her bedroom.

And so, the two of them got down the car and walked back.

While climbing up the stairs, Han Zhuoli said again, "Do you think that we would be misunderstood because we are coming back again even after being out for so long?"

Lu Man: "..."

"I'll explain briefly and it'll be alright, she trusts me." Lu Man felt that Han Zhuoli desperately wanted Xia Qingwei to misunderstand.

The good thing was that Lu Man had brought her keys as right now Xia Qingwei was already asleep.

Lu Man opened the door lightly, and came in with Han Zhuoli.

Usually, at home, it was just the two of them, her and Xia Qingwei and both were women, so she did not have any sleepwear suitable for Han Zhuoli and he could only make do with what he had.

She then got him a new toothbrush and passed a cup to Han Zhuoli to let him use them temporarily.

When Han Zhuoli was done cleaning up, Lu Man pushed him into her room. "Hurry and rest. You don't need to go to work tomorrow, so you should sleep longer, don't be in a rush to get up, I and my Mom won't wake you up tomorrow."

Seeing that Lu Man wanted to run away so quickly, Han Zhuoli held her arm and pulled her towards himself. "You're really not staying?"

"Good night." Lu Man tip-toed, then pecked his lips, "Rest well, that way, I'll be reassured, don't let me worry."

Lu Man's worry for him made Han Zhuoli feel very happy.

"Alright." Han Zhuoli finally let go of her. "Goodnight."

After all, Xia Qingwei was in the house too, and although Han Zhuoli really did not want to let Lu Man leave, he also did not dare to do that in front of Xia Qingwei.

Lu Man helped him close the door and Han Zhuoli lay onto Lu Man's bed.

Han Zhuoli was really tired, and did not look at Lu Man's room in detail, and planned to take a good look at her room tomorrow morning.

At this moment, lying in Lu Man's bed, Lu Man's scent engulfed him completely.

From the bed sheets to the pillows, then to the blankets, it was all Lu Man's scent.

Not having any suitable sleepwear, Han Zhuoli directly slept in the nude, and with Lu Man's scent everywhere, he felt a bit stirred up instantly.

He buried his nose into the blankets, and closed his eyes and took a deep breath.

If only Lu Man was here, that would be good.

Lu Man also hurriedly cleaned herself up, and secretly went into Xia Qingwei's room.

But just as she lay down next to Xia Qingwei, Xia Qingwei turned around. "Xiao Han also came back?"

"Did I wake you up?" Even though she did not do anything with Han Zhuoli, facing Xia Qingwei now, she actually felt a bit guilty.

"No, I always sleep lightly, and I always wake up around three to four o'clock," Xia Qingwei said.

"He's too tired today. When we sat in his car, I didn't even get to talk to him much before he fell asleep as his tiredness got to him, and because the car was warm, so I did not wake him up. When he woke up, I did not feel that it was safe for him to drive home in that state, so I had him sleep here," Lu Man said.

Xia Qingwei: "..."

Could it be that these two people had been in the car all along, and did not go anywhere else!

She yawned, "Then you sleep quickly now."

The next day, having remembered that Han Zhuoli was sleeping here, Lu Man woke up early.

She cleaned herself up, and went to secretly open the door to her room, and upon seeing Han Zhuoli sleeping soundly, she closed it again.

Meanwhile, Xia Qingwei had already prepared breakfast, so Lu Man and Xia Qingwei ate it first.

"Don't call Xiao Han, that child is really very tired. When he wakes up, I'll make him some hot food," Xia Qingwei said.

"I was thinking the same too." Lu Man nodded.

Xia Qingwei sighed, "Don't see how everyone is always jealous of Xiao Han, he's in such a high position and has such a high responsibility, no one knows how tough he has it."

Chapter 380: Is There Anything You Can't Do?

"That's right," Lu Man sighed. Outsiders often thought that Han Zhuoli was impressive and talented, but who would know that actually, everyone had their own difficulties.

After breakfast, Lu Man headed out to buy clothes for Han Zhuoli. She also bought two sets of sleepwear to keep at her home, just in case of an emergency.

After she was done with her purchases, on the way back, Lu Man received a WeChat text from Tang Zi. "Man Man, you are already trending in the top searches online, and your popularity just keeps soaring high, it might be possible that you would even be the top trending searched actress."

"Ah?" Lu Man was dumbfounded. She didn't do anything recently.

She opened up her Weibo and took a look at the top trending searches. Surprisingly, the trending search term was "Lu Man's skirt".

Opening that link, she realized that netizens were all asking about the brand of Lu Man's skirt.

"Hope to find the same brand that Lu Man is wearing."

"My shopping agent 1 has been searching for it too but she can't find it either."

"There's already a similar looking one on Taobao 2."

"Ahhh ahhh ahhh! Exactly what brand is it! I really really want it!"

Lu Man: "..."

They all probably all couldn't find it as her skirt was altered by herself.

Lu Man thought for a moment and then took the skirt out. After clicking a photo of it, she uploaded it on Weibo. "I made some modifications to this skirt by myself. Yesterday, before the premiere, something cropped up while I was putting on my makeup and getting ready. My skirt was ruined by someone and I didn't have the time to head out and buy a new one, so I just made some amendments to it."

In the photo, Lu Man blurred out the brand of the skirt. She didn't want others to misunderstand that she was advertising for that brand.

One photograph was of the original skirt with the tear before she made any alterations, followed by another photograph of the altered skirt with ribbons.

The tear mark on the skirt was very obvious and clear.

"Who was it, they are too shameless!"

"666 3 . You're talented!"

"Lu Man, I just wanted to ask, is there anything you can't do?"

“At first, I thought that Lu Man was a public relations elite, but in the end, after winning the most impressive award in the public relations industry she ran off to acting. I thought that Lu Man was going to focus on breaking through the acting world, but who knew that she designed a new skirt too. Lu Man, I just wanted to ask you, is there anything in the world that you don’t know how to do?”

“You’re really so multi-talented, you can do everything! But I don’t feel jealous at all, only admiration!”

“Lu Man how could you be so amazing, please teach us too!”

“I want to be as amazing as you too.”

“Don’t try to change the topic. Let me highlight what’s important. Someone deliberately ruined Lu Man’s skirt.”

“I don’t know if I should thank that person or hate that person instead. I hate her for intentionally ruining Lu Man’s skirt, but also because of her, I another talent of Lu Man was revealed.”

“Is no one going to guess who was it that ruined Lu Man’s skirt?”

“Focus on the main point. The skirt was destroyed on the day of the premiere of *Greedy Wolf Operation*. The production crew would definitely have arranged a hotel for the actors to stay in and let them head to the premiere together. Those staying in the hotel are people from the production team or cast. That means that back then, the biggest suspect is most probably someone from the *Greedy Wolf Operation* crew. Other people didn’t really have any conflict of interest with Lu Man. From the articles released by the media, on that day, other than Sun Yiwu, the people who appeared during the premiere included Zhang Shuidong, Yu Yanshu, Lu Man and Bai Shuangshuang. Zhang Shuidong has always had a good reputation. He is famous in the entertainment industry for being a righteous and hardworking man. Yu Yanshu is even more out of the question. He has many good friends in the industry and I’ve never heard of anyone speaking badly of Yu Yanshu. When any negative news got released and it was unclear who it might have been referring to, no one ever pushed it onto Yu Yanshu. Moreover, there isn’t a lot of competition between male and female actors. So, that only leaves one person, which is Bai Shuangshuang. She’s the most suspicious!”

“This comment is sick. Over here there should be the background music from Detective Conan.”

“This comment is right. Earlier on, I’ve heard that Bai Shuangshuang and Lu Man aren’t on good terms, and it’s mainly because Bai Shuangshuang was one-sidedly antagonizing Lu Man. Bai Shuangshuang’s reputation has always been so-so. She has acted in so many shows for so many years yet she never became popular, and the negative news regarding her is never-ending. It really might be her who did this.”
