

**Mr Han 391**

**Chapter 391: The Ticket Sales Report Has Come Out!**

President Cao's heart was astonished, just that simple?

President Cao and the rest also contemplated it for a while; after all, there could be some schemes involved in Lu Man's suggestion, but their many years of experience also told them that with this kind of incident it was impossible for the ticket sales to be good and the sales would only decrease.

Based on their estimates, the box office collection would at maximum be 50,000,000.

So no matter how confident Lu Man acted, President Cao would still not believe that this little young girl could play any tricks.

Thinking about it now, President Cao was still more confident in his experience, and thought that Lu Man was just acting powerful and was all talk and no action.

"Alright, I'll help Bai Shuangshuang agree," President Cao said.

Lu Man raised her eyebrows. "You don't need to ask for Bai Shuangshuang's opinion? You will help her agree? When you lose, I'm scared that she would refuse to keep to her side of the bet."

"We won't lose!" President Cao said stubbornly. "It's you who will lose, you're so young and so arrogant. When you lose, don't go back on your words and deny it!"

"Then let President He, Director Sun and Assistant Zheng be a witness," Lu Man was not scared or fazed at all. "At least I'm the one making the decision for myself. Don't make it such that you make the decision for Bai Shuangshuang now, and then later on, she will go back on her words because she did not know."

"What a joke!" President Cao said roughly. "For such a small thing, why would she go back on her word? If I can't afford to bet, I won't agree, nonetheless, I would definitely not lose! You're just a little girl, you don't know anything, you don't understand that sometimes, 10,000,000 is a big difference!"

It seemed like it's not a high number, but they just won't be able to not surpass it.

However, Lu Man just smiled, not bothering to acknowledge him anymore.

Sun Yiwu then instructed Xu Fenglai. "Go and hurry them, tell them to speed up the calculation of the results."

The calculation of ticket sales was not simple, aside for all the big online company's ticket sales, there were also tickets from movie theaters, companies booking the venue for their staff, and in some areas like the countryside, it's not convenient to buy tickets online, and especially those who were older didn't know how to buy tickets online, so all these small ticket sales were actually difficult to calculate.

Even then the ticket sales record was not accurate enough, and the final ticket sales report would need to wait until tomorrow.

Approximately half an hour later, Xu Fenglai hurriedly walked in, his face full of shock, and his hands holding the report of ticket sales. "Director Sun, the ticket sales data has come out!"

Sun Yiwu looked at Xu Fenglai's expression, and could not guess whether the box office collection was good or bad.

This caused Sun Yiwu to become nervous, and he hurriedly asked, "What is it? What's the ticket sales?"

Xu Fenglai's palm was still sweating, and his hands shaking as he passed the report to Sun Yiwu. "Look at it yourself, I... I can't say it out loud."

What kind of box office data caused Xu Fenglai to become like that!

Sun Yiwu took it over, full of confusion, and lowered his head to look, and his body stiffened.

He had been a director for many years, and by now, he should have been very used to this, but at this moment, he was quite shocked, and totally not in the correct state of mind.

Sun Yiwu lowered his head again to take another look at the data more closely. After calculating the number of zeros at the back, he exhaled, finally letting out a sigh of relief.

Before this, when Lu Man had told it to him on the phone, although he had said that he believed Lu Man, without the results, a doubt was still lingering in his heart until now.

Even until this second, when Lu Man was betting with President Cao, Sun Yiwu was not entirely confident, but now that the results actually came out Sun Yiwu really let out a breath of relief.

"Hahahaha!" Sun Yiwu laughed loudly and nonchalantly. "Good! Good! Good!"

President Cao and the rest looked at him in confusion, could it be that this Sun Yiwu had received such a big blow that he became dumb!

"How are the ticket sales, tell us!" President Zhou hurried him.

### **Chapter 392: I Don't Believe It!**

Sun Yiwu passed the data to Xu Fenglai, "Read it out for everyone to hear."

Sun Yiwu was over the moon at this moment, seeing the results, his heart felt full!

Xu Fenglai faced President Cao and the rest with his face full of pride. "From today's 12 am midnight's first show to now, ticket sales have already reached 80,000,000, and that's only the morning's ticket sales, not including today's afternoon and evening sales. As for the shows at night, the box office collection will definitely explode, based on my colleagues in the distribution department, today's box office collection may exceed 200 million."

President Cao and the rest were dumbstruck, the collection on the first day exceeding 200 million, what kind estimation was that? There were very few movies that could do that, and normally the movies with such results were only Hollywood's blockbuster films.

Seeing President Cao's face turn ugly, Sun Yiwu laughed. "President Cao, you don't need to wait for today's final ticket sales report to come out, until now, ticket sales have already exceeded 80,000,000. Lu Man has already won, it's time to let Bai Shuangshuang go to Weibo and publicly apologize."

Thunderstruck, President Cao's expression was full of disbelief; he did not dare to believe, he refused to believe, and stared at Lu Man's face, could it be that Lu Man had already planned it from the start?

Was she that good?

No! President Cao just could not accept it.

Sun Yiwu still felt that he did not provoke him enough, and said again, "Earlier, when I gave Lu Man a call, Lu Man had told me that a lot of netizens would choose to watch the movie because they would be curious as to why Bai Shuangshuang's parts were all cut out."

Sun Yiwu knew that this outstanding outcome might not be because the movie was filmed very good, after all, different people like different genres, and not everyone would like action films.

But everyone had curiosity, and that was why the movie's ticket sales on the first day exploded. However, ticket sales for the next few days could not be confirmed to be the same.

Nevertheless, as long as the box office results were good, and the sales were good enough, it was a success.

Like a crazy demon, President Cao snatched the report from Xu Fenglai. "Don't believe it! I don't believe it!"

However, in the report, ticket sales were written in black and white.

"President Cao, is it that you don't wish for ticket sales to be good?" Lu Man mocked coldly. "If ticket sales were bad, you wanted me to take responsibility, but now that the outcome is the opposite of what you wanted, you don't dare to believe it. Is it that all this time you were really hoping for ticket sales to be bad?"

When everyone heard that, they turned their gaze onto President Cao, wasn't it the look of someone who hoped the movie would do badly?

"President Cao, isn't this too much!" President Zhou said unhappily.

If the movie's ticket sales were not good, the ones who would suffer losses would be them, right?

President Cao took in a deep breath. "It's not that I wish for the movie's ticket sales to be bad, it's just that I feel that it's not normal for it to be so explosive."

"What? You still feel that I would fake the data?" Sun Yiwu scowled at him. "Is it that you feel that my movie is not that good that I might as well need to create fake data for the box office?"

President Cao sucked his teeth, and that clearly showed what he thought.

Furious, Sun Yiwu lashed out. "If you don't believe it, you can have your people go and calculate the data!"

“That’s what I’m planning to do,” President Cao said and was about to leave.

“Wait.” Of course, Lu Man would not let him off so easily. “As for the bet we made earlier, President Cao, don’t dare to forget it.”

President Cao’s embarrassment turned into anger. “What are you in a rush for, let me confirm the actual result for the box office collection before we talk about it!”

“President Cao, are you planning on going back on your words?” Lu Man questioned coldly.

At that precise moment, President He opened his mouth. “President Cao, we are all witnesses here.”

“It’s alright if President Cao wants to go back on your word, I hope that you won’t regret it again after you go back on your word,” Lu Man threatened him coldly.

President Cao looked at Lu Man coldly, hmph! Deliberately trying to make things mysterious!

No matter what, President Cao did not believe it.

President He’s gaze turned towards the other three people. “Then are you all still going to hold Lu Man responsible?”

President Zhou and the other two could not really get out of this mess, and could only say with a stiff face. “This incident, we’ll let it go.”

### **Chapter 393: Banned**

“Since you all have let it go now, it’s time for Han Corporation to speak,” President He patted the non-existent dust on his knees away. “This time, Bai Shuangshuang publicly tried to ruin our company’s celebrity, and also caused an extremely negative impact on the movie, moreover during the movie’s promotion period she maligned the image of the crew, bringing bad publicity to the movie, we’ll officially send Bai Shuangshuang a lawyer’s letter to retrieve the money for breaking the contract.”

“What!” President Cao was thunderstruck, Bai Shuangshuang was an artist under his company.

“At that time, it was clearly mentioned in the contract signed up by the artist. Actors have the responsibility of cooperating with all the promotional events of the movie, and during the promotion period, they cannot do anything that would affect the movie negativity or say things that would bring bad publicity to the movie, otherwise, they would have to pay the price of breaching the contract,” Zheng Tianming said with a sly smile on his face. “President Cao, if you don’t believe it, you can go back and take out the contract to have a look.”

Did Bai Shuangshuang really think that if she acted pitiful on the Internet and portrayed herself as a victim, maligning Lu Man’s image, nothing would happen?

Even if Lu Man did not do anything, Han Zhuoli would not let Bai Shuangshuang get away!

Making her pay for breaching the contract was just the first step!

The reason why Han Zhuoli did not do anything up front earlier was that he did not want to interfere and affect Lu Man's plan.

President Zhou and the rest could see how Han Corporation was protecting Lu Man, and no matter what, now they could not afford to offend Lu Man.

Yet they really could not understand why Han Corporation was treating Lu Man, a newcomer with no popularity, so well.

But President Zhou and the rest still put down their schemes, and President Zhouli then said, "Miss Lu, today we have offended you."

He stopped for a bit, and after a long while, he stiffly squeezed out a word. "Sorry."

The rest of the people saw how President Zhou was acting, and it was naturally not good to not do anything, so they all said some polite words to Lu Man.

All of them were forcing themselves, thinking about how with their position right now and how when they go out, they are revered by all those beautiful stars, when did they have to lower themselves before?

Moreover, the other party was just a small celebrity who had yet to debut officially in the entertainment circle.

Afterwards, the four of them left one by one, not willing to stay a second more.

Stay longer? Were they feeling like they had yet to be embarrassed enough?

"President Cao!" Zheng Tianming chased after him and called President Cao.

"Mr. Zheng," President Cao stopped, while the other three left first.

Even if it was just Zheng Tianming, President Cao was still very polite to him.

Zheng Tianming went straight to the point and smiled at President Cao. "President Cao, Bai Shuangshuang didn't care about the important period of the movie's promotion, and brought a lot of negative fame to the movie, and Director Sun has already been angered. You know very well Director Sun's position in the entertainment circle and his contacts, in the future, if Bai Shuangshuang wants to advance in the movie circle, it would likely be hard."

President Cao's scalp went numb, in the beginning, if *Greedy Wolf Operation's* ticket sales were not good, he could use that thing to suppress Sun Yiwu, and Sun Yiwu would not dare to be too arrogant.

But now, he obviously no longer had the advantage of going against Sun Yiwu.

He definitely could not cause the rest of the celebrities under his company to lose their chances in the movie industry because of one Bai Shuangshuang.

Then how could his company continue to operate?

“As for Bai Shuangshuang, she kept provoking our Han Corporation’s celebrity, and our company does not have such a good temper that we would allow her to step over us.” Zheng Tianming smiled and said, “As for the opportunities that Director Sun did not cut off for her, Han Corporation will cut off for her.”

“This!” President Cao was dumbfounded, so shocked he could not even say anything.

“This is Young Master Han’s doing, it’s not that we are discussing this with you, and neither is it us threatening you. There is no room for discussion here, Young Master Han just wanted me to tell you. From now on, it’s over for Bai Shuangshuang.”

“Mr. Zheng, isn’t Han Corporation making a mountain out of a molehill,” President Cao forced himself to smile.

### **Chapter 394: Fighting To Curry Favor**

It was indeed not a big deal for Han Corporation to ban Bai Shuangshuang, a mere small celebrity.

But Bai Shuangshuang was his company’s celebrity, keeping aside his private relationship with Bai Shuangshuang, if Han Corporation were true to their word and really banned Bai Shuangshuang, then he as the boss would lose his face completely.

Moreover, if other celebrities got to know that he could not even protect a celebrity under his company, who would dare to sign with his company?

Even the celebrities currently under his company would be worried sick.

However, Zheng Tianming did not care about that at all. “President Cao, let me make this clear, if you stop putting your head above the parapet to defend Bai Shuangshuang, then you can still salvage the situation and protect the other celebrities signed under your company, otherwise, all the celebrities in your company would not get any opportunity, and at that time no one would dare to sign with your company again.”

President Cao’s eyes widened, he really could not comprehend how Bai Shuangshuang crossed them so much; what she did was neither outrageous nor uncommon in the entertainment circle, so why was Han Corporation dead set on having Bai Shuangshuang’s head and refusing to let go, and they were even going so far!

If the Han Corporation only wanted to deal with Bai Shuangshuang, it was alright, but this would adversely affect his company too!

“Please see yourself out.” With a solemn expression, Zheng Tianming nodded at President Cao and then returned to Sun Yiwu’s office.

Thus, President Cao could only frown and leave.

Right now, since Sun Yiwu’s office had no outsiders, President He finally let his guard down and relaxed. “Miss Lu, I’m sorry, we came late and thus you had to suffer through them wronging you just now.”

"It's nothing, it's not like they can do anything to me," Lu Man smiled and said, "I am really sorry for having you two make a trip down on a Sunday."

"It's nothing, it's nothing," President He hurriedly said, "If there's anything I can help with, just look for me."

As he said that, President He gave her his visiting card,. "There's no need for the CEO to give orders anymore, you can directly call me and give me orders."

Lu Man: "..."

Sun Yiwu: "..."

Zheng Tianming: "..."

*Haha, you directly took away the CEO's chance of showing off how powerful boyfriend Lu Man has! President He, is it that you don't want to keep your position anymore?*

Lu Man accepted President He's card. "Then I'll need to trouble you in the future."

"It's no trouble, it's no trouble," President He hurriedly said.

"Director Sun, there's nothing on after this right?" Lu Man turned her head to ask Sun Yiwu.

"No no, there's nothing, I had to bother you to specially make a trip down for such a small matter." Sun Yiwu was very embarrassed; he was a renowned director yet he needed Lu Man to settle the doubts of the investors, and this instantly made him feel very useless.

"Haha, then let me send you back," President He hurriedly said.

"..." Zheng Tianming coughed. "President He, I can send Lu Man back."

Before this, Zheng Tianming had never seen President He lack in integrity, searching for an opportunity to curry favor with the future CEO's wife.

"Then let's go together." President He seemed to have made up his mind to leave a deep impression on Lu Man.

His only regret was that he, unfortunately, did not know back then that Lu Man was Han Zhuoli's girlfriend, and did not manage to increase Lu Man's impression of him while she still worked in the company.

In the end, Lu Man was going to debut in the entertainment circle, and he probably won't have any more opportunities to interact with Lu Man, thus he had to cash in every little chance to leave a lasting impression!

Meanwhile, President Cao had already returned to a private clubhouse, and the clubhouse employees were already very familiar with him, so they escorted him to his private room.

Later on, President Cao called Bai Shuangshuang over.

More than 40 minutes later, Bai Shuangshuang walked in wearing a fur coat.

“Brother Cao.” Seeing that no one was around, Bai Shuangshuang did not hesitate at all, and directly walked in front of President Cao, wanting to hug him.

### **Chapter 395: This Is Called An Apology?**

Yet who knew President Cao’s face would remain cold, and he would not want to be intimate with her like in the past.

Stunned, Bai Shuangshuang cautiously leaned over. “Brother Cao, what happened?”

President Cao harshly shoved Bai Shuangshuang’s hand that was massaging his shoulder off, and with an expressionless face he ordered her, “Apologize to Lu Man on Weibo publicly, say that what you said before were words spouted in anger and all rubbish.”

“Why!” Bai Shuangshuang was startled; Brother Cao never said this before.

“You’re asking why? You’ve offended Sun Yiwu, and Sun Yiwu had already told a few directors to never cast you in their films! You schemed against Lu Man, but why did you have to involve Sun Yiwu in your schemes too?” President Cao’s lips twitched in anger. “You made trouble online and now it has turned into a big issue, and now Han Corporation is also very upset.”

“What does this have to do with Han Corporation!” Bai Shuangshuang was furious, why was Han Corporation poking their nose into this!

“The Han Corporation is the biggest investor in *Greedy Wolf Operation*, how could it be unrelated to them? Because the movie’s box office is adversely affected, Han Corporation is of course unhappy. Furthermore—” President Cao said in a low voice, “Lu Man is a celebrity signed by the Han Corporation, and Han Corporation is very protective of Lu Man, so you have to apologize, otherwise, if the Han Corporation bans you in the entertainment circle, then I won’t be able to do anything.”

Right now, although Bai Shuangshuang hated Lu Man to the core, she did take her own future as a joke and decided to be less aggressive. “Is it that if I apologize, everything will be alright?”

President Cao answered vaguely, “We’ll see after you apologize.”

Therefore, that night, Bai Shuangshuang went on Weibo to apologize. “Before this, I was too impulsive, I was provoked by people and did not check for the truth before and my mouth ran wild, blaming people without any evidence. I’m extremely sorry for having caused so much trouble for Director Sun and Lu Man. My scenes being cut show that my acting skills are lacking, and I did not perform well, and I could not let my poor acting skills affect the quality of the whole movie. All those words said in anger before show my lack of maturity.”

In that post, she had tagged Sun Yiwu and Lu Man too.

Bai Shuangshuang’s fans were stunned, and one by one expressed that they were not willing to accept it.

“I know, Shuangshuang must have been oppressed.”

“Haha, Sun Yiwu and Lu Man are so disgusting, especially Lu Man, the most disgusting!”

“I don’t know what methods Lu Man used to bully our Shuangshuang and make it such that Shuangshuang has to apologize.”

“Darlings, let’s go, let’s go settle accounts with Lu Man!”

Bai Shuangshuang’s fans all ran over to Lu Man’s Weibo and started scolding again.

At that moment, Lu Man received Sister Li’s phone call. “Lu Man, did you see your Weibo? Bai Shuangshuang’s fans are crazy! Insane!”

“Nope, did her fans come to make trouble again?” Lu Man guessed it right away.

“Why is it that you don’t seem worried at all,” Sister Li was helpless. “Nevermind, anyway, this thing, I’m telling you now, you hurry to look at Weibo. Even if you didn’t do anything, you can’t let them scold you like that! How unreasonable!”

“Alright, I know. Thank you, Sister Li,” Lu Man did not think that Sister Li had been watching out for her all along.

“Ha!” Sister Li laugh in embarrassment. “It’s just that I have nothing to do when I go home, so I just go online when there’s nothing else I have to do.”

After hanging up, Lu Man logged on to her Weibo, and upon seeing Bai Shuangshuang’s apology on Weibo, her lips curved upwards.

*This is an apology?*

Even though it seemed like an apology, the truth was that she made herself seem wronged and emphasized that she was also a victim.

As if her parts deleted for no reason and she was tricked by people; all she did back then was not on purpose, she was just manipulated into doing it.

By saying that her acting skills were not good, she was showing that she was humble.

### **Chapter 396: One Sentence, I’ll Scare You Till You Call Me Dad**

Lu Man scornful laughter caught Xia Qingwei’s attention.

When Xia Qingwei came over, she saw Lu Man typing a Weibo post. “Bai Shuangshuang’s fans, let’s meet tomorrow.”

Lu Man only sent out one sentence leaving all Bai Shuangshuang’s fans stunned and so scared that they stopped posting any messages on her Weibo page.

What a scary authority was this!

Xia Qingwei was also speechless, observing all this from the side.

What did her daughter exactly do to those girls online, scaring them to this extent!

Didn't she just casually say that she'll meet them tomorrow?

What was so scary about that?

Bai Shuangshuang's fans instantly retreated to chatting on their fan group.

"Ah ah ah ah! What does Lu Man mean! What we'll meet her tomorrow! What does she want to do tomorrow?"

"It won't... it won't be that she wants to expose any bad things Shuangshuang has done, right?"

"Don't spout nonsense! What bad things Shuangshuang must have done!"

"If it's not that, then what are we scared for?"

Everybody: "..."

Right, if there was no dirt on Bai Shuangshuang or them, why were they getting all scared and agitated?

However, not having the courage to provoke Lu Man further, what should they do now?

"Sister Lu Man, are you there?" At that moment, Xu Ningxian privately messaged Lu Man.

"I'm here," Lu Man replied.

"Let me show you this screenshot." Xu Ningxian added a secretly smiling emoji at the end of her message.

After that, she sent the screenshot of the conversation in Bai Shuangshuang's fan group over.

Lu Man did not hide such things from Xia Qingwei, and thus Xia Qingwei saw it very clearly from the side.

Xia Qingwei: "..."

She really wanted to ask, what exactly did Lu Man do to them!

"I have a friend who is in Bai Shuangshuang's fan club, and she sent this to me," Xu Ningxian explained, "She's also your fan now, as originally she was not a hardcore fan of Bai Shuangshuang and in these past two days when Bai Shuangshuang stirred up so much trouble she already did not want to continue being her fan anymore, but when she wanted to quit the fan club, I asked her to stay in the group and spy on them."

"I don't often come online Weibo, so it must be very inconvenient for you to contact me, how about we add each other on WeChat?" Lu Man sent.

After all, Xu Ningxian wanted to create a fan club for her, so she might need to reach out to her but what if Lu Man could not be contacted, right?

"Really?" Overjoyed and surprised, Xu Ningxian started jumping up and down on her sofa, giving a scare to her parents.

She was so excited that her face was a bit red and her hands trembling as she typed. "Sister Lu Man, you... you're willing to exchange WeChat with me?"

“Yes, it’s nothing big.” Lu Man smiled, and then sent her WeChat account number to Xu Ningxian.

But to Xu Ningxian, this was something very important. “Thank you for your trust, after all, this is your private account. And I believe that you will definitely become very popular. I am touched that you have so much trust in me to give me your private account. Don’t worry, I definitely won’t let you down!”

Lu Man did not think that this girl would think so much into it.

A private WeChat was indeed not randomly given to people, but she quite trusted Xu Ningxian.

As for whether she would always be her fan in the future or not, Lu Man believed that Xu Ningxian won’t ever have a change of heart.

While the two of them added each other’s WeChat, Bai Shuangshuang’s fans did not dare to make trouble again.

On the other hand, Lu Man’s fans were unhappy.

Their first comment was a row full of ‘666’ on Lu Man’s Weibo.

“My Sister Man is so domineering, with just one sentence she scared those group of brain dead fans into not daring to talk.”

“While talking and laughing, the ashes fly away 1 . With just one sentence, I’ll scare you till you call me Dad.”

“Comrades, let’s go! We can’t always let Bai Shuangshuang’s fans act so arrogant here! We are Lu Man’s fans, and we’ll go and attack!”

In the end, one calls and a hundred answer; do not look at how Lu Man’s fans were not a lot in number as even Bai Shuangshuang did not have that many hardcore fans.

### **Chapter 397: Lu Man Making A Move**

On the other hand, even though Lu Man did not have a lot of fans, the percentage of her hardcore fans was bigger, and they came together because they admired Lu Man’s personality and skills. With their combined strength and number they could easily compete with Bai Shuangshuang’s fans.

Meanwhile, Xu Ningxian had also created Tieba 1 , QQ group, a WeChat group, and a Weibo fan page; everything needed for a fan base was created.

As soon as she called, several people answered her call immediately.

Suddenly, people swarmed over to Bai Shuangshuang’s Weibo, and just spammed her Weibo page with one single sentence. “We’ll meet tomorrow.”

In an instant, the only comments visible on Bai Shuangshuang’s Weibo was that one single sentence, piling up on her Weibo page swiftly.

Even if Bai Shuangshuang had Xiao Li comment on her Weibo, it could not match up to their spamming speed; it was futile.

“Man Man, what exactly did you do to make them so scared of you?” Not able to contain her curiosity, Xia Qingwei finally asked.

“It’s nothing big, it’s just that before this, Yu Xingzhou had instigated his fans to stir up trouble for me, making me expose that Yu Xingzhou was taking drugs,” Lu Man said nonchalantly.

Xia Qingwei: “...”

*How was this called nothing much?*

*No wonder these people were so scared!*

They were scared that Lu Man had scandals waiting for Bai Shuangshuang!

The corner of Xia Qingwei’s lips uncontrollably curved up, how did she give birth to a daughter who people scared to provoke!

\*\*\*

The next day, on Monday, Lu Man needed to go to work.

As soon as she reached the company, she received Sun Yiwu’s call. “Lu Man, yesterday’s ticket sales crossed 200 million! It’s 200 million, 200 million!”

Sun Yiwu was over the moon as the movie premiere had garnered a lot of popularity.

The movies he filmed always received good critic reviews and were considered as blockbusters on the local level. The box office sales had always been stable, never having broken the glass ceiling before.

But this time seeing the box office result his heart was over-brimming with pride!

Lu Man smiled and politely appreciated Sun Yiwu. “Congratulations to Director Sun, it is logical to get such excellent results. After all, you have poured your sweat, blood, and tears into this film.”

“Hahaha, it’s all thanks to you, all thanks to you!” Right now, Sun Yiwu could not admire Lu Man anymore; she was so young, but she had such capabilities and skills, she was meticulous, responsible and always kept her word. If she said she would do something, she would definitely do it.

Working with her, he could really be at ease.

“However Director Sun, you need to be prepared, yesterday, the ticket sales soared high because the curiosity of the netizens led them to the movie theaters. Once their curiosity dies down, today’s results will fall.”

“I understand, I understand.” Sun Yiwu smiled and said, “You don’t need to worry, I’m already prepared for that. But aren’t you preparing to deal with Bai Shuangshuang today?”

“En, I’m going to make a move today, and since it is linked to yesterday’s popularity, so tomorrow, the movie can rise once again,” Lu Man said.

Right now, Sun Yiwu was especially confident in Lu Man, and happily agreed.

After hanging up, Lu Man contacted the people with social media accounts about the entertainment circle she had discussed her plan with beforehand.

In order to ruin Bai Shuangshuang completely, she definitely had to prepare everything beforehand; she simply couldn't just contact them today.

Hence, she already had a discussion on the evidence against Bai Shuangshuang with them.

She had already provided those media companies with the evidence of Bai Shuangshuang's wrongdoings in the past.

Back then, she had promised to work with Da Xiong, thus Da Xiong also had a copy of it.

Not long after, these media gossip accounts put their plan into action.

"Eight Skin Entertainment" was the first one to expose the dirt on Bai Shuangshuang, revealing that before gaining fame, she had been a mistress for some rich man and had been caught by the man's real wife, having her hair pulled and getting beaten by the actual wife.

Following that, a popular verified account of *Draw A Circle For Entertainment* took up the baton and published. "After that, Bai Shuangshuang went for plastic surgery and attended a few social gatherings to catch the attention of rich businessmen. She then acted coy and played with them till they were bewitched with her and started to please her with expensive gifts. After providing her service to many bosses, the bosses started to invest in a few low budget web dramas. Meanwhile, she cunningly kept scheming and finally through the effort of all her under-hand methods, she became a C-list celebrity now. However, she still continues to warm the bed in exchange for favors. She has also helped small celebrities by providing them with opportunities to gain the favor of the rich businessmen."

### **Chapter 398: Exposing Dirt On Her**

Subsequently, a famous media account *Expert At Eating Melon 1* posted some screenshots of a chat.

Vest: "Melon, help me add mosaic to my profile picture, I'm here to expose some evidence."

Expert At Eating Melon: "What evidence?"

Vest: "It's regarding Bai Shuangshuang, isn't she very popular today? Earlier I had told it to my friend, but since she's just a C-list celebrity, nobody paid much attention to her. However, right now, she has attracted a lot of attention, so I'll seize this opportunity."

Expert At Eating Melon: "I've already added mosaic to your name, feel free to expose the dirt."

Vest: "That's great, let me tell you, I work at a private clubhouse. Bai Shuangshuang and the rich businessman she knows often have their activities at our clubhouse, and it's the same as what was mentioned earlier. Bai Shuangshuang often brings a group of small celebrities to participate in the meals, and they even directly do that during the meal, you know what I mean, right? Once, while I was working, I happened to see it and was left flabbergasted with their audacity. They were really... very open, too bold, Bai Shuangshuang's friend circle is really very messy. At that time there was Xu XX, Yang

XX, as for the rest I didn't recognize them. I have censored their names and some have not been exposed as I don't want to strip them of their dignity publicly."

Seeing Bai Shuangshuang get a bad press, it was expected of her to be displeased and unhappy. They instantly spoke up in support of their idol, "Our Bai Shuangshuang is a rich second-generation heir alright? Why would she need to rely on rich businessmen to elevate her status?"

"Shuangshuang's family has a listed company, she has all kinds of resources. Would she really need to curry favor with those small bosses herself? Hmph!"

Unfortunately, right after that, someone exposed that Bai Shuangshuang's rich second-generation heir image was also fake; her parents had a small convenience store in a small neighborhood of her hometown, and later on when Bai Shuangshuang gained a bit of fame, she leased it to someone and her parents refrained from appearing in public.

One more netizen joined the queue to expose news on her. "The convenience store her parents opened is in our neighborhood, and her parents also live in our neighborhood. In the past, the husband and wife ran the store together, and my Mom would often chat with them when she went to buy things. At that time, Bai Shuangshuang had yet to become famous, and was just wandering around in B City. Afterwards, she became famous, and Bai Shuangshuang began to walk the rich second-generation heir route, she probably did not want people to find out about her dark past, so her parents leased the shop, and they also moved away. But even now, the shop has a photo that Bai Shuangshuang had gifted to be hung in the convenience store before she was famous."

Not long after, there was someone who claimed to be Bai Shuangshuang's middle school classmate to prove the evidence that the netizen had exposed just a while ago.

All this while, Bai Shuangshuang's fans were struggling to the best of their ability. "These are all slanders, we won't believe it without evidence!"

On the other hand, seeing the drama unfold the heart's of the netizens aches for Bai Shuangshuang's fans. "Our heart aches for Bai Shuangshuang's fans, as soon as they argue back, they have someone slapping them in their face. If I were you, I would first stop rushing to argue back. Otherwise, how much pain would your face be in?"

It's also quite tough being Bai Shuangshuang's fans, they had just said that it was impossible for anyone to have dirt on Bai Shuangshuang, but in the end, one by one all the dirty deeds of Bai Shuangshuang were coming into the limelight. When it was exposed that Bai Shuangshuang managed to climb up by warming the beds of rich businessmen, her fans used her background as a rich second-generation heir to refute it, resulting in the exposure of her rich second-generation heir background being fake. Now that they said that there was no evidence, won't there be someone coming up with a piece of evidence shortly?

As expected, Da Xiong published some photos of Bai Shuangshuang dining with rich businessmen, and as the private room did not have their curtains drawn, the camera lens managed to capture a photo showing a few rich businessmen and a group of young women where every one of them was in someone's embrace while two women and Bai Shuangshuang were being hugged by one of the men, and the position the man's hand was on Bai Shuangshuang's body was too vulgar to be described.

There was another photo of Bai Shuangshuang and some woman in an embrace on either side of a man and walking into a hotel together.

### **Chapter 399: Heart Aches For Bai Shuangshuang**

There was one more photo where, in a private clubhouse, President Cao was also present but Bai Shuangshuang was not in President Cao's arms and instead was being intimate with someone else while President Cao was embracing someone else at the side.

"This circle is really messy!"

"The Internet says that President Cao is Bai Shuangshuang's backer, but now it seems like it's not that simple."

"President Cao is merely toying and exploiting Bai Shuangshuang to please his clients! Of course, she also entertains him."

"No wonder Bai Shuangshuang's company keeps promoting her and allots their best resources to her. She is basically selling her body for popularity."

All these photos were taken recently and were not photos from the past.

Unlike the previous two times, Lu Man did not slowly ruin Bai Shuangshuang, she instead chose to send everything out at once.

Because she did not want Bai Shuangshuang's popularity to exceed that of the *Greedy Wolf Operation* and grab the headlines for a long time, otherwise, the effects would be the opposite.

Now that all of Bai Shuangshuang's scandals were exposed, everyone was tongue-tied.

All the media companies put down their works at hand and started to report on this case.

Bai Shuangshuang had always been thinking of ways to attract attention but yet was not popular. However, the exposure of this scandal brought her into the limelight, but it was the worst kind of fame.

Bai Shuangshuang's fans were already stunned, was this the idol they followed?

Even if they wanted to refute everything, it was already too clear through the photographs.

Suddenly, chaos erupted in the fan group.

"Is it really Shuangshuang in those photos? Shuangshuang is being forced right? Shuangshuang can you come out to explain this?"

On Weibo, Lu Man's fans and a group of spectators had all gathered under Bai Shuangshuang's Weibo.

"Hahahahaha! We said that we'll meet today, Bai Shuangshuang's fans, how are you?"

"Why didn't you listen? We already warned you not to provoke Lu Man, why did you want to get into trouble?"

"Who asked you guys not to listen! Who asked you guys not to listen! Do you regret it now?"

“We met today! Are you surprised or not?”

“Bai Shuangshuang, is it that you regret it a lot now? Earlier, if you hadn’t attack Lu Man, you wouldn’t have met with so much trouble right now.”

“My heart aches for Bai Shuangshuang, she had originally wanted to ruin Lu Man’s skirt to ruin Lu Man’s debut in the entertainment circle. However, in the end, Lu Man made the skirt even prettier and stunned everyone. She originally wanted to portray her as a victim of abuse and make use of the fact that her parts were deleted to attack Lu Man and *Greedy Wolf Operation*, but even then, the first day of ticket sales exploded. Originally, Lu Man had already warned you not to provoke her, not to provoke her, not to provoke her, important words must be repeated three times! Yet you still provoked her, look at it now, you’ve been totally ruined!”

“The poster above summarized it very well, my heart aches for Bai Shuangshuang.”

In the end, everyone after that added the hashtag #My\_heart\_aches\_for\_Bai\_Shuangshuang.

As a result, the hashtag #My\_heart\_aches\_for\_Bai\_Shuangshuang# instantly became popular.

“I have a question, why is it that you all believe that it is Lu Man who made this happen?”

“Then who else could it be?”

“Of course, my Sister Man is so domineering, after being attacked by Bai Shuangshuang, how could she not retaliate?”

“She already said she would see them today, so it must be Lu Man.”

After browsing through all these comments, Lu Man finally posted on Weibo. “Please support *Greedy Wolf Operation*.”

At that moment, why Bai Shuangshuang’s parts were deleted was no longer important.

Anyway, she had such a dark past, if it was exposed, it would have a very bad impact on the movie.

Perhaps Sun Yiwu knew about that, and that was why he deleted her parts.

The netizens were only interested in watching the drama unfold, they would obviously not care much about the rest.

Lu Man personally posting on her personal Weibo diverted the netizen’s attention back to the movie.

#### **Chapter 400: You Can Only Hope For The Best**

“Hahahaha, you’re so bad! But, I like it!”

“She not only completely ruined Bai Shuangshuang, but also managed to advertise *Greedy Wolf Operation*. Although this cannot be categorized as fake drama to attract attention to the movie, she still managed to gain fame for the movie. Such cunningness, I really admire!”

"I'm totally awestruck. Lu Man is directly telling you that she wants to increase the popularity of the movie, but I still find it so interesting and don't hate it at all, what's going on?"

"Me too!"

"Till now, only Lu Man can achieve this."

"Sun Yiwu was too fortunate to get Lu Man to act in *Greedy Wolf Operation*, along with an actress he also got top public relations officer with it. With her intelligence and schemes, she could turn the tables in her favor; if people really wanted to hire her as a PR officer, her price must be probably quite high."

"When you say that, Director Sun really earned! Just Lu Man's this series of actions helped promote *Greedy Wolf Operation* so much, and it's free! Otherwise, if he privately hired Lu Man, he would have to pay for publicity."

"With Lu Man here, the publicity team for the movie can quit."

"Thinking about it, in the future isn't it that as long as Lu Man acts, they will also get free publicity, then whoever hires Lu Man would earn!"

"Exactly exactly! Just looking at *Greedy Wolf Operation*'s state, currently which movie airing right now has such explosive publicity power?"

"My heart aches for the other movies airing right now."

Not long after, a netizen sent out the ticketing sales report from yesterday, and the web calculated ticket sales until now for today.

Yesterday, it was more than 200 million.

Moreover, today's sale had already exceeded 100 million!

And in the peak period at night, it would continue to increase!

When Bai Shuangshuang saw how the movie ticketing sales were so good but had nothing to do with her, she was so furious that she almost blacked out.

Meanwhile, more dirty scandals of hers kept coming up, and she finally knew that her career was going to be ruined totally.

Panic-stricken, Bai Shuangshuang hurried to the company to find President Cao.

"Brother Cao," Bai Shuangshuang hurriedly and anxiously called, and when she saw President Cao, she started bawling her eyes out.

However, unlike the past, President Cao did not make any effort to comfort her and coldly pointed at the sofa. "Sit."

Sensing his indifferent attitude instantly, Bai Shuangshuang thought about how cold President Cao was to her yesterday and did not even let her touch him, and thus Bai Shuangshuang felt disheartened.

"Brother Cao, you—"

“Shuangshuang, it’s better to call me President Cao.” President Cao refused to acknowledge their relationship. “I know why you are here, it’s just that this thing has become too big, you can think of a way by yourself, I can’t help you.”

“President Cao, stop joking, how can Lu Man be able to fight and win over you?” Bai Shuangshuang smiled hastily and sang his praises. “You have connections in the circle, contact these people, and totally ban Lu Man. As long as she stops, you can let her off, it’s such a simple thing for you!”

Seeing President Cao’s stern, cold gaze, Bai Shuangshuang quickly said, “I know, it’s not good to owe people favors. Don’t worry, I’m so obedient, whatever you want me to do, I’ll do. In the past wasn’t it also the same? When did I reject your request to have me accompany clients? If you help me to settle this, in the future, even if the scale is even... even bigger, it’s not a problem.”

But who knew that President Cao would not be moved. “This scandal, you can just hope for the best, I really cannot help you.”

“How could it be, President Cao, you—”

“I’ll tell you the truth!” President Cao cut her off. “It’s no use even if you find me, Han Corporation has already said that they want to ban you from the entertainment industry. Unless you are able to get through to the Han Corporation, I have no way either. Shuangshuang, you know about Han Corporation’s status. No matter how able I am, I can’t compete with Han Corporation! So this is not about you agreeing to accompany a few clients, it’s that I’m really helpless.”
