

## Mr Han 401

### Chapter 401: I Want To Call Lu Man Grand aunt

“Ban me?” Earlier, Bai Shuangshuang was only anxious as she kept feeling like there was a way out, but now she was so scared she began to tremble. “When did this happen? I’m just fighting with Lu Man a bit, and these things are common in the entertainment circle, why is it that in the past I didn’t see the Han Corporation jumping out?”

“Lu Man is signed by Han Corporation, and it seems like Han Corporation is placing emphasis on her and wants to help her become famous, but you came in their way and caused a scandal for Lu Man at this time, and since Han Corporation is so protective of her, they definitely would not be happy. Furthermore, you also offended Sun Yiwu, I just got the news that Sun Yiwu has already told his other director friends to refrain from casting you and even he wants to ban you from the movie industry. Anyway, as long as Sun Yiwu still has power in the movie industry, you can never think of acting in a movie. As for the Han Corporation — ”

President Cao sighed. “If they want to ban you from all areas, it’s really no use finding me.”

“Why? I’ve already apologized to Lu Man, on the other hand, it’s Lu Man who refuses to let me go, why would they do this to me!” Bai Shuangshuang was so anxious that she couldn’t stop crying.

But crying at this time was already too late.

“Enough,” President Cao could not be bothered to deal with Bai Shuangshuang anymore. “Now no one can help you unless you get the Han Corporation to change their mind.”

But looking at the Han Corporation’s actions, they were definitely not going to change their minds.

However, Bai Shuangshuang misunderstood and now treated Han Corporation as her only resort to save herself.

\*\*\*

While Bai Shuangshuang was in big trouble, Lu Man was picking up phone calls till her hands were tired.

All the calls were from investors; all these investors had movies and dramas that were scheduled to air soon, some were going to start filming while some had already finished filming and were about to air, all of them wanted to Lu Man to do publicity for them.

It could not be helped, right now, Lu Man was practically an undefeatable existence in the public relations industry.

Honestly, *Greedy Wolf Operation* was filmed well, but it was really not of the standard to surpass all the other movies airing currently, as for Sun Yiwu’s standard all along, everyone knew very well.

But this time, what was shocking was that Lu Man managed to make it such that all the other movies airing currently were totally being suppressed.

Hence, all the other movies' production groups were having emergency meetings, finding people doing public relations, even if they could not overtake *Greedy Wolf Operation*, they definitely could let the movie be a complete flop.

The movie doing the worst was a comedy movie had an actor who had won the Best Actor Award, and usually had his movies crossing six billion ticket sales, paired along with a newly popular actress who was famous for her good acting skills, also as long as it was a movie she starred in, it would do very well.

Furthermore, it was close to the end of the year, didn't everyone want to see some relaxed and loud movies?

Earlier, the production groups were rubbing their palms, expecting that once the movie aired, it would rule the box office.

Even though the script was not bad, and the acting was good, and the actors' popularity was also enough, unfortunately, they had to compete with Lu Man, and as soon as the movie aired, it flopped.

The production company really wanted to cry for Lu Man to see now. *Leaving public relations even though you are good at it and acting in a movie was fine, just properly be an actress, why was it that you were now also doing the publicity for the movie?*

They all wanted to call Lu Man Grandpa 1 !

Currently, that comedy movie's production company was having a meeting with the publicity team. "Have you all thought of a method already?"

Everyone in the publicity group was quailing before them.

Furious and frustrated, the production group hit the table. "Lu Man is not even professionally doing this, yet she oppressed all of you to such an extent that you can't find a way to compete against here, aren't you embarrassed?"

"This... we really cannot come up with a good method now. Unless we have our celebrities stir up some gossip. But Gu Fei is already married and has a daughter, and is also famous for having a clean image with no scandals, so Gu Fei will definitely not agree. Moreover, even if we do that, we can't get the same effect as Lu Man."

#### **Chapter 402: Mr Han, I'm Bai Shuangshuang**

Lu Man's current status was unique in the entertainment industry.

She clearly told everyone that she was seizing this opportunity to increase her popularity, yet in the end, not only did the netizens bought her tale, but they weren't even repulsed by it.

This clearly didn't follow the typical rules of stirring up one's popularity!

Eventually, left with no choice, the in-charge of the promotion team was resigned and gave Lu Man a phone call. After briefly introducing himself, he finally said, "Miss Lu, when exactly do you plan to end this promotion?"

Raising her eyebrows, Lu Man let out a small smile and then said, "Look at what you just said. The promotion period would not end till the movie is screening in theatres, who would end it ahead of time. You should be more knowledgeable in this area than me."

"..." The in-charge put on a smiling face that looked even worse and painful than a crying face. "Of course I do. I'm referring to this exceptionally aggressive promotion. When would it end?"

"That would depend on Bai Shuangshuang." Lu Man said bluntly, "If she is willing to cease fire, then I won't keep clinging onto it and not let go. Of course, no one else too should come and mess with me again, if not, I definitely still would..."

The in-charge really wanted to cry. He wanted all those stupid people to cease fire and stop messing and riling Lu Man up even if they had nothing else better to do!

"Alright, I've got it. with those words of yours, I've some confidence too. if tomorrow Bai Shuangshuang still comes looking for trouble, you won't be using this matter as the key point for promotion, will you?" The other party confirmed with her once more.

"Yes." This wasn't a positive or good matter either. If it gets talked about too much, it would be easier for the opposite outcome to happen instead.

The in-charge finally hung up the phone and prayed that no one would ever mess with Lu Man.

\*\*\*

At night, Han Zhuoli had a business gathering and hence Lu Man went home alone.

Seeing Lu Man alone, Xia Qingwei was very surprised. "You didn't come with Xiao Han?"

"He has a business gathering tonight." Lu Man explained. "Mom, what are you frying?"

"I'm frying dough twist 1 . Isn't it almost time for Chinese New Year? Although this might not be some rare delicacy, if I don't make it, it just won't feel like it's Chinese New Year," Xia Qingwei smiled and said.

Meanwhile, Lu Man had already walked over and pinched a piece off that wasn't too hot and took a bite of it. It was crispy and flakey.

"Tomorrow, I'll prepare some braised food too," Xia Qingwei said cheerfully.

It had been a long time since Lu Man had eaten the braised food prepared by Xia Qingwei. In her previous life, ever since Xia Qingwei divorced Lu Qiyuan, Lu Man never had the chance to eat it during Chinese New Year, until she eventually passed away.

In this life, she had finally moved out of the Lu family house and moved in with Xia Qingwei. Therefore, she finally had the chance to eat the braised food that Xia Qingwei usually prepared for Chinese New Year.

Overwhelmed with emotion, Lu Man hugged Xia Qingwei. "Mom, I really miss the braised food you made."

"This child, if you wanted to eat it, why didn't you tell me earlier? I can cook for you on normal days too!" Xia Qingwei smiled and poked Lu Man on the tip of her nose lightly.

“It’s different eating it during Chinese New Year.”

\*\*\*

At around 9 p.m., Han Zhuoli and Zheng Tianming took their leave.

At the entrance, they bade goodbye to their guests from afar.

After walking the guest and sending them off in their cars, Xiao Chen drove the car and stopped it at the entrance,

Han Zhuoli had just entered the car. Before the cold could leave his skin, the car door beside him suddenly opened, and a person dashed inside. The action was so fast that Zheng Tianming and Xiao Chen didn’t even have the time to react.

Han Zhuoli turned around and looked. To his surprise, it was Bai Shuangshuang.

“Mr. Han, I’m... I’m Bai Shuangshuang,” Bai Shuangshuang said pitifully.

She really had no other choice too. How else would she have the chance to get close to Han Zhuoli?

In the morning, she had gone to Han Corporation but couldn’t meet him without an appointment and was rejected from entering.

However, she found out that Han Zhuoli had a business gathering and thus rushed over. She had been waiting all along. When Han Zhuoli came out, she dashed forward like a rocket and ran into the car.

“Mr Han, I’ve already apologized to Lu Man and know that I’m at fault too. I’m begging you to not ban me completely from the entertainment industry. Please, I... I’m willing to do anything,” Bai Shuangshuang looked at Han Zhuoli pitifully.

### **Chapter 403: Disinfect**

This was still her first time being in such proximity with Han Zhuoli.

Although the car was clearly very spacious, his long legs were still bent with his knees almost hitting against the back of the seat in front of him. He was exuding a domineering, royal aura.

Being in such close proximity, she realized that Han Zhuoli looked even more handsome in person than pictures.

There was a light minty fragrance on him with not even a single hint of alcohol. He smelled fresh and clean.

Unlike those bosses she knew, including President Cao. Each and every single one of them was a middle-aged, greasy and slimy man, having the stench of alcohol.

On the contrary, Han Zhuoli was a sight for sore eyes, refreshing like the spring, while those bosses were like dross.

She was 100% willing to make a deal where she had to give herself to this man. After all, she wouldn't be at a disadvantage with a handsome hunk like him.

Han Zhuoli didn't expect that in a moment of negligence, he had actually let this thing tumble her way into his space!

Within a second, he instantly opened the door and got out of the car, casting an unhappy, cold look at Xiao Chen and Zheng Tianming.

Xiao Chen and Zheng Tianming immediately felt a chill running down their spine. Without waiting for Han Zhuoli to even open his mouth, they instantly opened the car door and dragged Bai Shuangshuang out.

The two of them didn't even have any sense of chivalry or courtesy. Bai Shuangshuang had been dragged by the back and pushed straight onto the floor.

Stunned, Bai Shuangshuang's laid frozen, sprawling pathetically on the ground, not able to comprehend what just happened.

Lifting her head up, she saw Han Zhuoli standing just one step away from her. However, it felt like they were worlds apart, a distance that no matter how hard she tried, she wouldn't be able to close in.

Standing tall, Han Zhuoli looked like he was high up in the air. His face was completely cold, looking askance at her; it seemed like he was squinting at a piece of rubbish.

Seeing Han Zhouli exude a cold, aloof aura, Bai Shuangshuang shivered even more when she heard Han Zhuoli sneer at her, "Who gave you the audacity to disgust me!"

In a flash, Bai Shuangshuang's face turned ghastly pale. She had come to see him, but to him, she was actually disgusting him!

"From now on, you will be banned for life."

Bai Shuangshuang froze. Why did it turn out differently from the way she expected?

Even if Han Zhuoli didn't like her, he still wouldn't be this heartless and ruthless!

Bai Shuangshuang cried and begged with regret. "Mr. Han, I was wrong, Mr. Han. I'm begging you, please don't ban me!"

Bai Shuangshuang tried to stand, and grabbed onto the hem of Han Zhuoli's pants, but was held back in time by Zheng Tianming and Xiao Chen.

Han Zhuoli bit down his disgust and said coldly, "If you dare appear before me again, it won't simply be just one or two dirty things from your past that would be exposed. Look at your current state, you really don't know to take a look in the mirror before coming here to disgust me!"

Bai Shuangshuang started trembling in fear. Han Zhuoli's words were surprisingly like a knife straight to her heart. She was still pretty, she wasn't expecting Han Zhuoli to deride her and not even find her attractive.

This was something she wouldn't even dare to dream.

Don't all men open their doors to whoever comes?

She had already taken the initiative and hinted it. She had presented herself to him and he might as well take it. A one-night-stand, yet he surprisingly didn't want it, and felt disgusted?

Bai Shuangshuang couldn't help but think, it couldn't be that something was wrong with Han Zhuoli right?

Was he asexual or perhaps gay?

Right now, Han Zhuoli was making her feel that she was not even worth a piece of trash.

Han Zhuoli said to Xiao Chen, "Drive the car away and disinfect it. Make sure every single spot she has touched is cleaned spotless."

He didn't want his car to be touched by such a disgusting woman, especially since Lu Man would still be sitting in his car in the future, he absolutely couldn't allow this woman to leave any trace of herself behind.

"Yes." Xiao Chen didn't dare to stall and hurriedly drove Han Zhuoli's car away.

Being treated like dirt, Bai Shuangshuang was left dumbfounded. Right now, how would she still even dare to say anything to Han Zhuoli?

Genuinely afraid that Han Zhuoli would expose every single dirty deed of hers from the past, Bai Shuangshuang didn't dare to ask why Han Zhuoli hated her this much and insisted on banning her. Even if she really wanted to ask, she dared not ask why he was so ruthless to her, not even leaving behind any alternative path.

#### **Chapter 404: I'm At Your Doorstep**

"Mr. Han, do you want to take my car instead?" Zheng Tianming asked.

Han Zhuoli's car had been driven away by Xiao Chen. Thankfully, Zheng Tianming had also driven his own car over too.

Han Zhuoli nodded and stepped across Bai Shuangshuang. Without even sparing her a glance, he got into Zheng Tianming's car.

After boarding the car, Han Zhuoli pinched the bridge of the nose. He finally felt a little tipsy and rested his head on the headrest of the seat, closing his eyes to take a rest.

Zheng Tianming dropped Han Zhuoli at Lu Man's building. Han Zhuoli alighted from the car and let Zheng Tianming head back first before climbing the stairs engulfed in darkness to Lu Man's apartment.

He then took out his phone and gave Lu Man a phone call. Xia Qingwei was already asleep, while Lu Man was in her own bedroom, and was just about to call and ask Han Zhuoli whether he was done with his work when she happened to receive a call from Han Zhuoli.

She quickly picked up the phone and asked softly, "You're done with work?"

Hearing Lu Man's soft voice, he instantly felt happy. All his disgust and frustration due to Bai Shuangshuang dissipated with her voice.

Right now, he was standing right outside the door of Lu Man's apartment. His voice slightly husky and rough as he said, "I'm at the doorstep of your apartment."

Lu Man was dumbfounded. "What did you say?"

Just as she spoke, she had already started walking towards the door.

Even if she might have heard wrongly, she still couldn't resist walking towards the door.

Han Zhuoli's husky and light laughter came through the phone. He repeated softly and lowly once more, "I'm at the doorstep of your apartment. Open the door, you silly girl."

Although Lu Man had already reached the door, she was still staggered.

After quite a while, she finally remembered to open the door.

Immediately, she saw Han Zhuoli holding onto his phone standing right before her. "Why are you here?"

Surprised, Lu Man asked, "You're done with your business gathering, right? Why didn't you hurry back home to rest first and come here instead? It's already so late."

Lu Man always felt heartache watching him rushing about from place to place.

"I didn't drive here, Zheng Tianming who drove me here. Take me in for tonight," Han Zhuoli's voice was low and husky as he quietly pulled Lu Man's hand.

In this dark night, his voice was a little lower and softer, as if he was trying to act cute in front of her.

Usually, this guy wasn't so coy, always acting arrogant and cold, sometimes even shameless before, but she had never seen him act cute before.

However, hearing his cute and playful tone, Lu Man even heard a tinge of sadness accompanying it, as if he had suffered.

"Come in quickly." It was too cold outside, so without any hesitation, Lu Man instantly pulled him in.

"What exactly happened?" She still felt that Han Zhuoli's reaction was rather out of the ordinary.

Han Zhuoli's heart clenched slightly. He had already tried his very best to hide it, yet who knew that Lu Man could still tell.

Unknowingly, this little girl had already understood him so well.

She could even directly see whatever he was thinking and feeling.

Han Zhuoli always had confidence in himself, as long as he wanted to hide, others would never be able to tell anything from the look on his face.

Otherwise, if he were to be understood so easily by others, he couldn't even stay as the CEO anymore. He would have long since been played a fool by those sly old foxes in the business field.

Yet, no matter how he tried to hide all his expressions and not show anything, Lu Man still could understand.

Han Zhuoli's heart oozed with warmth, spreading across his cold body.

His gaze focused on Lu Man and he tightly held onto her hand, desperately wishing he could squeeze her right into his own flesh and bones.

How could this little girl be so amazing!

He definitely would not let her go away from him ever!

Han Zhuoli suddenly strode forward and pulled Lu Man into her bedroom. His strong and dominating nature could barely wait and wanted to tear her apart and devour her immediately.

Lu Man hurriedly pulled onto Han Zhuoli's elbow. "What exactly happened?"

Closing the door, Han Zhuoli's plan was spoiled by Lu Man's words. He sighed, feeling resigned.

Should he say that this little girl was oblivious to what was happening, or that she was too smart?

#### **Chapter 405: Couldn't Help but Feel a Little Excited**

Lu Man looked at her quietly, waiting patiently for his explanation.

At this moment, this tiny, little girl who was much smaller and shorter than him had a strange, imposing aura.

Han Zhuoli instantly softened, like someone afraid of their wife.

"I met Bai Shuangshuang at the entrance of the hotel today. In a moment of negligence, she burrowed her way into the car, begging me not to ban her from the entertainment industry."

As to how she begged, Han Zhuoli didn't say anything but Lu Man could still guess it.

Immediately, a gush of anger rushed up to her brain.

Previously, Bai Shuangshuang targeted her, tarnished her reputation, insulted her, but Lu Man was never that angry. She just had her revenge on her convenience, to let Bai Shuangshuang know that she's neither a softie nor a pushover who anyone could easily mess with.

But, back then she was actually not angry, she never was.

However, now when she heard that Bai Shuangshuang had actually intended to touch Han Zhuoli, just even the thought of Bai Shuangshuang approaching Han Zhuoli made Lu Man furious.

Even if she knew that Han Zhuoli completely wouldn't let Bai Shuangshuang get what she had wanted, Lu Man bristled with rage.

Seeing her small figure seething with anger, Han Zhuoli's mood lifted up even more. "Bai Shuangshuang didn't touch me. When she entered my car, I immediately got off. I got Xiao Chen and Zheng Tianming to

drag her out and didn't even touch her one bit. I also got Xiao Chen to disinfect my car and came over here in Zheng Tianming's car. If you still find it disgusting and nauseating, I will get a new car too."

Only then, Lu Man finally broke into a smile. "You don't have to change your car. This is pretty fine."

Standing on her tiptoes, she pecked lightly on Han Zhuoli's lips. "You did well today. This is your reward."

Han Zhuoli seized the moment and wrapped his arms around Lu Man's waist. "Should I just stay over tonight then?"

"Hurry up and go rest," Lu Man said, blushing furiously, "Stop... stop fooling about if you drank some alcohol."

Han Zhuoli lifted up his elbows and sniffed them. He tugged his collar up and sniffed them too, but couldn't smell any hint of alcohol on him.

In this aspect, he always had a lot of self-control.

However, feeling worried, he still asked, "You can smell the alcohol? Is it really bad?"

"Not at all, it's just a faint smell." Lu Man smiled softly. "But it smells pretty nice."

As soon as Lu Man said it, she suddenly closed in on Han Zhuoli's neck and chest and smelled, sniffing like a little hamster, her nose twitching lightly. Just like this, unconsciously, the distance between the two of them got shorter and shorter.

Surprisingly, Han Zhuoli was even a little uncomfortable. He lowered his head and saw her the pink cheeks glowing through her fair skin and wrapped his arms around her body. "What are you smelling?"

As Lu Man sniffed him, he decided to just lower his head and by the side of her ear and her cheek, he took the opportunity and smelled her soft fragrance.

"I'm smelling if there's any perfume or something. didn't you say that Bai Shuangshuang got into the car?"

Han Zhuoli was a little dumbfounded and suddenly smiled. He mumbled softly, "Then can you smell anything?"

"Thankfully, no." However, while she might not have smelled anything, when she thought about Bai Shuangshuang entering his car, sitting close to him, she felt very unhappy, distressed.

Han Zhuoli hugged her, and surprisingly, Lu Man didn't tell him to let go. Instead, she hugged onto Han Zhuoli even tighter.

A thought suddenly came to Lu Man's mind, she might as well rub her scent all over Han Zhuoli's body so as to let her scent cover everything on Han Zhuoli's body.

As soon as that thought came to her mind, still in his embrace, she instantly rubbed herself against him, trying to rub all of her smell onto him.

Han Zhuoli: "..."

In this beautiful night, having a beauty in his arms, rubbing herself all over him, he couldn't help but feel a little excited.

He lifted Lu Man up a little higher, making her as tall as him. Closing in, his lips pressed against Lu Man's.

All the air in Lu Man's lungs was sucked away by him, squeezed out of her. All the breath between her lips were also stolen by him, leaving her breathless.

Only then, Han Zhuoli finally let her go slightly, letting her breath.

Chapter 406: This Little Girl Must Be Feeling Embarrassed

Lu Man was holding onto her breath really hard. Her lips parted as she breathed heavily, trying to catch her breath, but Han Zhouli seized the opportunity and closed in once again, not letting go any inch of her lips.

Gradually, Lu Man lost all her strength. Her hands held onto his shoulders limply.

Thankfully, Han Zhuoli was still holding onto her. When he released his lips, even Han Zhuoli's breath was a little rushed and heavy.

Those beautiful thin lips were now a little fuller and plumper, and the sweet fruity fragrance of her lip gloss clinging onto his lips, making his lips looked so soft and so tender.

Lu Man also didn't know whether she was possessed or something but she felt an unknown force take over her as she pressed forward and licked his lips a little, delicately tasting his lips, tasting the minty taste of his lips intermingling with the fruity fragrance of her lip gloss that lingered on his lips.

Han Zhuoli's gaze violently darkened. In his eyes, a small spark of fire started flaring.

*Hold back, hold back.* Recalling that Xia Qingwei was still at home, Han Zhouli really couldn't just enter her home and take her daughter right in the middle of the night.

But he still couldn't help but moan excitedly, and kissed her repeatedly, kissing her fervently.

Until Lu Man became like a puddle of water softly flowing in his arms. Then, Han Zhuoli carried her to sit on her bed.

In his arms, he carried a soft and fragrant small person and couldn't help pinching her, and rubbing his hands all over her, and his heart filled with an indescribable satisfaction. Then, he kept pecking softly and delicately at her ear lobe and her neck.

After quite a while, Lu Man finally regained some strength and hurriedly jumped up from his lap.

"I've bought two sets of pajamas as a spare, just in case you'll need them when you stay here," Lu Man said, her voice was strangely fast and rushed.

Even with her back was facing him, Han Zhuoli still knew that this little girl must be feeling flustered, embarrassed and shy.

That was why she didn't dare to look at him, trying to busy herself instead to hide her embarrassment. Even the speed of her voice was faster because of her nerves.

Right now, adoration overflowed from Han Zhuoli's eyes.

He stood up, and without speaking a word, got behind Lu Man.

Lu Man was just about to stand up, yet unexpectedly, all of a sudden, Han Zhuoli hugged her from behind.

And coincidentally, the protruding zip of pants fit perfectly right there on her hips.

Lu Man: "..."

Han Zhuoli: "..."

Han Zhuoli was baffled and dumbfounded too. He didn't expect to be... to be this straightforward.

Originally, he was just thinking of hugging her from behind to tease her.

Who knew that they would be stuck in such a compromising, sensual position. Han Zhouli felt his soul leave his body.

Lu Man: "..."

*Thisgangster!1*

Lu Man's face blushed furiously. She felt an electric current course through her body, and she hurriedly held onto the closet to calm her nerves.

As if being possessed, Han Zhuoli grabbed onto her waist as pulled her back into his embrace, closing the distance between them.

Lu Man was so shocked that she hurriedly stood up straight and stuffed the pajamas into his hands, afraid of looking at Han Zhuoli.

Who knew that just as she lowered her gaze to avoid looking at him in the eyes, her gaze would land on little Han instead.

Whoosh!

Lu Man felt like being struck by lightning.

"Have a good rest!" Lu Man said hastily and left hurriedly.

Han Zhuoli suppressed his impulse of wanting to make her stay. He didn't want Lu Man to think that he was just a horny, vile man who would force her to stay no matter what the occasion was.

Lu Man quietly entered Xia Qingwei's bedroom. Just as she laid down, she heard Xia Qingwei ask in a sleepy voice, "Xiao Han is here again?"

The warmth on Lu Man hadn't left one bit. Lu Man still could feel his lingering touch.

It was just like his palm was still on her body.

Hearing Xia Qingwei's question, she didn't forget to help put in a good word for Han Zhuoli and told Xia Qingwei all about what happened with Bai Shuangshuang. "That's why she gave his car to Xiao Chen to clean it and he took Zheng Tianming's car to come to meet me."

#### **Chapter 407: Seducing Her Man, How Could She Let Her Go?**

When Xia Qingwei heard it, why did she feel like Han Zhouli seemed to have got bullied outside and came to find Lu Man to seek justice for him?

She instantly lost her smile. "Xiao Han is really not bad, really interesting."

He had even got his car to be disinfected; it was quite good that he was such a cleanliness freak.

Xia Qingwei went to sleep again, and Lu Man turned her body, her hands clutching the bedsheet, her mind was occupied with Han Zhuoli and she couldn't fall asleep at all.

\*\*\*

On the next day, in the morning, Xiao Chen drove the car over.

After having breakfast with Han Zhuoli, Lu Man went to the company together with him.

As soon as she sat in the car, Lu Man was engulfed with the strong smell of the disinfectant in the car.

Lu Man: "..."

She had thought he just had his car washed, but she did not think that Xiao Chen really had the car to be disinfected so harshly.

She gave up!

Whereas, Han Zhuoli was extremely satisfied, and praised Xiao Chen. "You did well."

Xiao Chen proudly puffed out his chest, extremely happy.

\*\*\*

After going to the Public Relations Department, Lu Man contacted the "Eight Skin Entertainment" and other media companies having popular accounts on social media.

She had originally decided to stop targeting Bai Shuangshuang, she really did not want to keep chasing and hitting her.

But who knew that Bai Shuangshuang would actually have the courage to go and seduce Han Zhuoli.

Don't think that after a night, Lu Man would forget it, her mind was still occupied by it!

Seducing her man, how could she let her go?

When "Eight Skin Entertainment" saw that it Lu Man contacting them, they were very attentive.

Now everyone knew of Lu Man's ability.

Ever since Da Xiong started to work together with Lu Man, he was doing extremely well.

Their media companies had managed to get quite a lot of benefits; Lu Man really knew how to scheme.

Because of that, when they worked together with Lu Man, they did not talk about the price at all, as long as Lu Man gave them the news, they would post it. Naturally, then many people would ask them to do public relations and bid them a higher offer.

So, they definitely wanted to continue working together with Lu Man in the long term.

“Lu Man, do you have any news?”

“Yes, but it’s still news about Bai Shuangshuang, will you take it?” Lu Man asked.

Bai Shuangshuang had too much dirt, and back then Lu Man did not post everything.

She had let out only a portion, and the effects were already enough, so she had originally wanted to stop.

“We’ll take it! The popularity has just begun, originally when you said yesterday it would only be for one day, I still felt that it was quite a pity,” Eight Skin Entertainment said.

As to why Lu Man suddenly changed her plan, he did dare to not ask.

Lu Man then instantly sent over Bai Shuangshuang’s explosive material to “Eight Skin Entertainment”.

Yesterday, the one in charge of the publicity team who had called Lu Man yesterday was currently rubbing his hands and fists together, ready to lead his subordinates to help his movie do publicity.

Just as he sent out his movie promotion statement on Weibo, he had already discussed it with a few big accounts to give good reviews for the movie together, also they had already bought the trending topic slot.

Just as he saw that their movie was up on the trending news, they started expecting today’s ticket sales to finally increase.

Yet who knew new details of Bai Shuangshuang would be exposed, and it would be the same group of people from yesterday!

This was obviously done by Lu Man!

Look at how lazy Lu Man was; not finding new accounts to work with, and still using the same media accounts, making everyone know that Lu Man was obviously behind it.

The main thing was, didn’t Lu Man already say that she would not expose anything else?

But what he found strange was, it was one thing for Bai Shuangshuang to be on trending, but why was *Greedy Wolf Operation* there too?

Shouldn’t it have been pressed down by Bai Shuangshuang’s trending?

Why was it even higher than Bai Shuangshuang, and also in the second place?

The person in charge rubbed his eyes in disbelief, his hands trembling, and he almost cried.

Lu Man had reposted every Weibo post exposing Bai Shuangshuang's dirty deeds. " *The Greedy Wolf Operation* is airing now, and there's no Bai Shuangshuang in it."

It was too direct and too rough!

Yet none of the netizens were scolding her.

"What a scheme!"

"Even though I know what she is doing, I just don't hate her."

#### **Chapter 408: Group of Frenzied People!**

"New methods every day..."

"I'm definitely going to watch *Greedy Wolf Operation*."

"I've already bought the tickets, I'll go and see it tonight."

Bai Shuangshuang and Yu Xingzhou's fans were scolding Lu Man, but as soon as a fan came out to scold her, they would instantly be attacked by the netizens.

So who else would dare to show themselves?

The person in charge: "..."

The f\*ck... Lu Man reposting it like that, how could it not be on trending!

Why did he not think of this method!

The person in charge of the publicity team gave a call to Lu Man again, "Miss Lu, didn't we agree to stop exposing details? I trusted you and thus contacted those public media accounts and even bought my spot on the trending news just to garner attention for my movie!"

"..." Lu Man could hear that person's heart ache even through the phone, and said apologetically, "I really did plan on stopping, I didn't trick you yesterday."

Furious, the publicity team in charge started trembling with rage. "Then what's going on today? The whole Internet is full of posts about *Greedy Wolf Operation*!"

"..." Lu Man's lips twitched. "I don't know if you believe it or not, but Bai Shuangshuang came to seduce my boyfriend yesterday, and I'm very angry, so I suddenly decided to continue stepping on her. And since the popularity was already high, I felt that it would be a big waste not to publicize *Greedy Wolf Operation*."

The person in charge: "..."

A big waste... A big waste...

That phrase was the only thing he could think about.

Gritting his teeth, he ended the call harshly and cursed Bai Shuangshuang in his heart.

When Lu Man said that Bai Shuangshuang seduced her boyfriend, he did not suspect that at all.

This was quite logical, although they did not know who Lu Man's boyfriend was, perhaps he was just an ordinary person, but just to take revenge against Lu Man, Bai Shuangshuang really would dare do that.

He was furious, seething with rage, but he was not angry at Lu Man at all, he was angry at Bai Shuangshuang instead.

Provoking Lu Man when she had nothing to do, she was really crazy!

"Then what should we do now?" His colleague asked, feeling that they had wasted their money.

"What to do?" Squinting his eyes, he stared at Weibo for a while before coming up with an idea. "If Lu Man can repost it, we can also do it! Repost everything concerning the dirt on Bai Shuangshuang on Weibo! Remember to not repost Lu Man's! We can't help to promote *Greedy Wolf Operation*, learn from Lu Man, repost it and advertise for our own movie!"

Therefore, the publicity team started reposting in a frenzy, making Bai Shuangshuang's news explode even more.

Meanwhile, as Bai Shuangshuang refreshed Weibo, she completely lost it and started trembling.

She had always wanted to become very popular, but not this way!

The publicity team of another martial arts movie, *King of Fists*, which was also airing currently, scolded, "Can *Divorce Master* be more shameless? We'll... we'll also do that!"

And so, *King of Fists's* official Weibo started to crazily repost the posts concerning Bai Shuangshuang's dirty deeds and scandals to promote their movie.

When the other movies saw it, they could stay silent!

They could not lose!

Hence, all the movies, tragedy movies, humor movies, romance movies, war movies, and even animated movies started reposting.

Bai Shuangshuang's name instantly exploded on Weibo.

The netizens instantly felt that this group of people were all frenzied!

Bai Shuangshuang had indeed become more well-known, but she was totally ruined.

\*\*\*

Very quickly, when was the 30th, the last day of work before the New Year.

*Greedy Wolf Operation* was also set to stop airing today.

When the final box office collection reached 3 billion, it broke Sun Yiwu's personal box office record.

Moreover, it also now ranked first in the country's locally produced firms' ticket sales!

When Sun Yiwu received Lu Man's phone call to congratulate him, he even teased her. "Lu Man, from now on, you're also an actor with a box office of 3 billion."

#### **Chapter 409: Come and Pay A New Year's Visit**

Lu Man also received congratulations from her colleagues in Han Corporation.

Even those colleagues who lived in another part of the country and had already taken a holiday leave to go home especially called her or sent a WeChat message to congratulate her.

At night when she ended work, Han Zhuoli sent Lu Man home.

When his car stopped below Lu Man's building, Han Zhuoli said, "The Old Master and Old Madam asked if you have time on the third day of the New Year to come home with me."

"Alright." Lu Man agreed with any hesitation or nervousness.

If it were before, she would probably be nervous, but ever since she met Old Madam and Shen Nuo, Lu Man was no longer nervous about meeting his family.

Han Zhuoli leaned over and kissed Lu Man. "I'll come over tomorrow to pay a New Year's visit."

"Alright."

Getting down the car, Lu Man waved to Han Zhuoli before turning and going up.

Only when Han Zhuoli could no longer see Lu Man did he drive his car to leave.

When Lu Man returned home, she saw Xia Qingwei preparing their new year dinner.

Although this new year, it was just the two of them at home, Lu Man did not feel lonely, or a cold atmosphere at all.

Instead, it felt a little warmer like having a big family around.

As soon as Lu Man entered, she was hit by the delicious aroma of the rice and other delicacies.

"Mom, what delicious food are you making tonight?" Lu Man had not even changed into new clothes and went straight away to the kitchen after removing her shoes at the doorway.

"Besides the pot-stewed fowl that has been cooked before, I also roasted chicken, made an oil stewed fish, and steamed two big crabs. The rest of the food is cold cut," Xia Qingwei said.

"So many, can we finish eating?" Lu Man had just reached out to a piece of chicken meat when Xia Qingwei hit the back of her hand.

"You haven't washed your hands yet, eat after you wash your hands," Xia Qingwei chided her and said, "If you can't finish eating the pot-stewed fowl we can keep it for later, and for the rest, if it can't be finished, then we'll just throw it. Besides for the New Year dinner, the movie you acted in has also broken the box office record to become the first-ranked movie having highest ticket sales in the history of local films, so no matter what we have to have a proper celebration in your name."

Recently, Han Zhuoli had already settled Lu Man's school admission, unlike other classmates Lu Man was not following procedure and entering the drama academy through tests.

Moreover, Lu Man was going to join the school in the second semester, and she was much older than her classmates in the same class, so she might feel that she does not fit in and was not legitimately qualified.

Hence, Xia Qingwei had always been worried that once Lu Man started school, she would be given strange looks by her peers and would not be able to mix with them.

But, now it was alright, *Greedy Wolf Operation* had sold well, and the box office results were super amazing.

No matter what, with her background of having acted in the *Greedy Wolf Operation*, Lu Man would have confidence.

Now she was not a total newcomer.

She had a work to represent her, and her getting the admission the school became more legitimate.

Seeing that Lu Man was still wearing her same work clothes, Xia Qingwei smiled and hurried her. "Quickly go and change your clothes, be prepared to eat soon."

Lu Man hurriedly ran to change her clothes.

After coming back to the kitchen, she took out a bottle of red wine from the cupboard. "Mom, it's the New Year, let's drink a cup."

"That's good too," Xia Qingwei smiled and nodded.

If it were in the past, they would not have had the means to even spare money to drink red wine.

Not to mention such a grand display of dishes.

Seeing that the days were getting better and better, Xia Qingwei was genuinely happy.

A person's health goes hand in hand with their emotions.

In the past, she was worried about Lu Man and also had financial difficulties, so naturally, her health worsened as the days passed.

But now she was living a peaceful, stress-free life, so her body got better day by day.

Lu Man and Xia Qingwei carried the dishes to the table together, and Xia Qingwei habitually set the channel to CCTV to wait for the Spring Festival Gala that would air in a while.

Even though they often said that the Spring Festival Gala became less and less meaningful, it had already become a habit for them to listen to the Spring Festival Gala music on the television.

**Chapter 410: The Mother and Daughter Pair Are Vixens**

Lu Man and Xia Qingwei drank the wine leisurely as they chatted and ate their new year dinner at a pace that was neither too fast nor too slow.

After having their meal, Xia Qingwei along with Lu Man listened to the music of the Spring Festival Gala and made the dumplings to be eaten after midnight.

Meanwhile, in the Lu household, the atmosphere wasn't lively and peaceful like that in Xia Qingwei and Lu Man's home.

Recently, Lu Qiyuan's business wasn't going smoothly, he did not know whether it was because the year was not favorable for him as he had messed up quite a few business deals, and many business deals that had already been settled had the other party changing their minds suddenly.

He was very troubled and frustrated with his running of the company.

In Lu Qiyuan current success and his company's large growth, Xia Qingwei had a large part to play.

When he had divorced Xia Qingwei, the company was already set on the right track, and as long as Lu Qiyuan was not overly bad, although the company could not improve anymore, maintaining it was definitely not a problem.

It was just that the foundation Xia Qingwei had laid for him was too good.

To the extent that Lu Qiyuan had a misunderstanding, and thought that it was all because of his skills.

But recently the company was experiencing several setbacks, and Lu Qiyuan could no longer remain in the illusion of everything going well.

Moreover, it just happened that Xia Qingyang only knew how to spend money, not knowing a single thing about saving and neither about Lu Qiyuan's company's current dire situation.

Even if Lu Qiyuan was too stressed and wanted to share his problem with her, it was not possible, much less to say having Xia Qingyang come up with any ideas.

These few days, Lu Qiyuan missed the wise Xia Qingwei tremendously, and many a time while reminiscing the past, he subconsciously wanted to ask for Xia Qingyang's opinion, but upon returning to his senses and seeing the confused look on Xia Qingyang's face, his heart would begin to have a very strong helpless and depressed feeling.

Having no way to tell Qingyang about how the company was not doing well, he could only burrow it deep in his heart, and all this time Xia Qingyang kept urging him to think of methods to solve Lu Qi's current problem.

In the end, Lu Qiyuan could not find someone to talk to and was already annoyed that he was always getting pressured by Xia Qingyang, and was unwilling to return home every day.

Since today was the New Year's eve, he reluctantly went back home for the new year dinner, yet this time too as he sat at the dining table he had to listen to Xia Qingyang's complains.

“Lu Man is getting better day by day, *Greedy Wolf Operation*’s box office sales is already 3 billion, no matter what, in the future, she can flaunt herself as an actress with 3 billion box office sales, how good for her!” Xia Qingyang said sarcastically, “Look at our Qi Qi, she can’t even film now, haha!”

These past few days, she had been always worried about Lu Qi, and thus her mood was no good, even her face seemed to have aged a lot.

Recently, Xia Qingyang was so troubled that she could not even be bothered to wear makeup, and the wrinkles on her face became even more obvious.

Annoyed with her cribbing, Lu Qiyuan slammed his chopsticks onto the dining table with a lot of force, scaring both Xia Qingyang and Lu Qi.

“It’s the New Year and you keep nagging about this, are you done or not?” Lu Qiyuan saw Xia Qingyang’s pale face and felt more and more annoyed.

Stunned, Xia Qingyang instantly broke into tears. “What do you mean? I can’t talk about Lu Man now? Now she’s something precious while I and Qi Qi are grass, so now we can’t even talk about her, isn’t that right? Lu Qiyuan, don’t think that I did not see you stare at Xia Qingyang in a faze last time! What is it? Do you feel that your ex-wife is good again?”

“Crazy! So unreasonable!” Lu Qiyuan stood up in vexation and walked to the front door, took his coat that was hanging on the clothing rack, and put it on as he walked out.

When Xia Qingyang saw it, she started to cry, and chased after Lu Qiyuan till the door of their villa, and then screeched, “Lu Qiyuan, is it that you are tired of me, and you don’t want to be with me anymore, and you want to be with your ex-wife? The mother and daughter are vixens, they only do bad things!”
