

Mr Han 581

Chapter 581: Rumors

Pan Xue knew herself well and had always known that her brain was not that smart or sharp as others. Especially in terms of EQ, she lacked behind.

So normally when it came problems require one to racking their brain, she preferred to let Zheng Yuanshi and Han Leilei do it.

But now that they had Lu Man, they could just let her do the high EQ and IQ work.

“You’re not mistaken.” Han Leilei frowned. “What are they being like this?”

Being the class representative, Zheng Yuanshi was skilled in maintaining relations with everyone and thus had good connections. “I am going to find out more about it, you guys can go to the canteen first. I will be back in a while.”

Hence, Lu Man and her two classmates went to the canteen first while Zheng Yuanshi went to find out the reason behind these deriding gazes.

As expected, when they reached the canteen, all the students started pointing fingers at Lu Man and kept gossiping about her in a low voice.

And they maintained quite a distance from Lu Man as if they would contract a disease if they were to get close to her, thus treating her like an outcast.

Hence, although the sound of all of them chattering was quite obvious, Lu Man and her two friends couldn’t make out the exact first.

“Let’s go and buy our meals first,” Lu Man said mildly, ignoring everything.

Unlike other universities, the number was students in National Film Academy was limited, moreover, hardly a few people had their meals in the canteen, thus there was no need to queue up.

Having bought their meals, Lu Man followed Han Leilei and Pan Xue to look for a seat.

Not long after, Zheng Yuanshi returned, and sat by their side, panting heavily.

“Catch your breath first and then go and buy your meal.” Lu Man said caringly.

“Ah, I’ll first share the news with you all,” Zheng Yuan said, panting as she spoke.

“However, you still need to eat,” Lu Man said, advising her, “You can first buy your meal and use the time to relax. We can talk once you come back with your meal.”

Concerned and anxious, Zheng Yuanshi said helplessly, “I’m scared you won’t have much of an appetite at that time.”

“I won’t be affected to that extent.” Lu Man smiled knowingly. “Although I don’t know what’s going on, it’s definitely not something good so I have already prepared myself for it.”

Feeling a bit relieved, Zheng Yuanshi gave her a thumbs up in admiration. "How did you grow up like this? It's one thing to have a sharp brain but even your attitude is admirable! Before this, you had the same attitude during our examinations; we were having examinations it was like that too, you were so confident that nothing could deter or scare you. It's the same now, you are so fearless. I wish I had your attitude."

"It's alright," Han Leilei said, comforting her. "Hurry up, go buy your food and quickly come back to tell us about it."

"Right right right!" Being reminded by her, Zheng Yuanshi hurriedly took out her food card to buy her meal.

Very soon, she came back with her food tray and sat down. She did not even bother to start eating as she started speaking, "I found out the reason behind it and honestly I don't know who spread such thing. There's a rumor going around that the reason you have such good resources as soon as you even though you didn't have any acting experience before this and also the reason that you already filmed two movies, and got cast as the main lead in the second movie is that you are being maintained by someone."

"Who is it, spreading such vile rumors!" Pan Xue's bad temper exploded right then.

Suddenly, everyone looked over. These people were the ones who were pointing at Lu Man just now, and this made Pan Xue lash out in rage. "What are you looking at! Eat your food!"

Seeing her burst out in rage, Lu Man tried calming Pan Xue down, but even her face had darkened as well.

"The one who spread the rumor sounded very confident, claiming that someone saw a Mulsanne dropping you at school with their own eyes. Everyone knows your background, the Lu Family..." Zheng Yuanshi hesitated as she said, "The Lu family would definitely not escort you, much less drive a Mulsanne. So —"

Hearing that, the first ones to come to Lu Man's mind were Zhang Xiaoying, Zhuang Tingting, and Yu Jingxian.

But if they wanted to start a rumor by spreading this, they would have done it yesterday, why wait till today?

However, no matter what, this was definitely related to the three of them.

Chapter 582: Han Zhuofeng Is Here

Seeing Zheng Yuanshi, Han Leilei and Pan Xue keeping mum and looking anxiously at her, Lu Man just smiled. "That was my boyfriend's car, he dropped me off yesterday, and this happened to be seen by Zhang Xiaoying and her two sidekicks."

This left the three of them gasping in shock, *Lu Man's boyfriend was that rich?*

Earlier Lu Man had said that Han Zhuofeng was her boyfriend's younger brother.

Based on Han Zhuofeng's age, Lu Man's boyfriend was definitely not very old!

How could they say that she was being maintained by a chubby, middle-aged man with a big belly?

"Then what's our move now? Just let them spout rubbish?" Pan Xue grumbled angrily.

Upset, Han Leilei frowned as she said, "The people who spread rumors always think of the worst scenario. Even if Lu Man explains that it was her boyfriend's car, probably no one who would believe it, and they would rather prefer to believe the worst case."

Just then, Lu Qi walked over with He Zhengbai.

"It's Lu Qi," Zheng Yuanshi said in a low voice.

As the four of them looked over, they saw Lu Qi walking in their direction.

"Lu Man," Lu Qi called her name coldly.

Intrigued, Lu Man raised her eyebrow. Lu Qi had always liked to be pretentious, however this time, she didn't even address her as 'older sister'.

"You have no dignity or self-love, so you don't deserve me to call you 'older sister' at all!" Lu Qi said, her face full of awe-inspiring righteousness.

He Zhengbai shook his head as well and expressed his disappointment. "Lu Man, I really did not think that you would sell yourself to be famous."

"Isn't that Lu Man's younger sister from the same father but different mother?" The students around gossiped, pointing fingers.

"Yes, it's her, Lu Qi."

"Now that even Lu Qi said that, it's probably real, right?"

"I was always wondering how Lu Man got such amazing resources! Not only did she film two movies on her debut but she also isn't an original student of our school who has been learning Performing Arts from the beginning. She transferred over when she wanted to, and I heard she did not even need to take a test and was accepted through the back door. This year, our school's acceptance rate was 1 out of 495 students and all the previous years it has almost been the same. It's so hard to get in, yet she could transfer in as she wished, is she claims she did not have someone open the back door for her, who would believe it? Anyway, I don't believe it."

"Exactly! It isn't like she has a great family background. Although the Lu family is well off, her dad doesn't recognize her anymore, so he would definitely not make any investments for her to be cast in films." Someone mocked Lu Man. "Moreover, if he was really this powerful, he would spend it all on Lu Qi, why would he spend on her?"

"I heard that Lu Man had a boyfriend before, our school idol Han Zhuofeng is her boyfriend's younger brother."

"Perhaps they already broke up."

“Haha, perhaps they have yet to break up, and she’s cheating on him already.”

“If she hasn’t broken up yet, it would be interesting, Han Zhuofeng is still in school, if he knows that his brother is being cheated on by Lu Man, I wonder how much trouble he would cause for Lu Man.”

“Lu Man is really brave, daring to let her rich backer send her to school.”

“Does she think that people can’t see it?”

“Haha, no wonder she has such good resources! I knew something was on.”

“Shut up!” Suddenly there was an angry yell, which scared the gossiping students.

When they turned their heads to look, it was Han Zhuofeng who arrived.

None of the students knew Han Zhuofeng’s family background, they just knew that his background was not bad.

Anyway, they had never seen him appear in the school canteen before.

Seeing Han Zhuofeng taking big strides in anger, everyone thought gloatingly, *he was probably here to settle accounts with Lu Man!*

Instantly, Lu Qi became even more forceful and harsh. “Lu Man, I heard that you told your classmates that you are dating Han Zhuofeng’s older brother. I did not think that you would be like this, did you really think that even though you boastfully claimed this, it would not reach Han Zhuofeng’s ear? You are a woman with no dignity and love for herself, why would his brother be blind to like you?”

Chapter 583: Don’t Take Advantage Of The Chance To Randomly Touch Her

Lu Qi then turned her gaze at Zheng Yuanshi and her two friends. “Don’t be tricked by Lu Man, I’m her younger sister, of course, I would know her true personality.”

“I said shut up, are you deaf?” Han Zhuofeng lashed out.

Shocked, Lu Qi asked defiantly, “How could you speak to me like that?”

“Who are you? Why can’t I speak to you like this? Ha, if you weren’t causing trouble for my sister-in-law today, don’t even think of being worthy to talk to me. I can’t even be bothered to look at you.”

Han Zhuofeng then directed his fierce gaze at Lu Man. “Isn’t your mouth very great usually? Why is it that now you don’t even know how to speak?”

Han Zhoufeng’s words left everyone speechless.

Sister-in-law?

What sister-in-law?

Wasn’t Han Zhuofeng here to settle accounts with Lu Man, why was he scolding Lu Qi for spouting rubbish instead?

Was Lu Man really Han Zhuofeng's brother's girlfriend?

But if it were like that, shouldn't Han Zhuofeng scold Lu Man?

On the other hand, Lu Qi couldn't care less about Han Zhuofeng giving her face at the moment. Instead with a face full of disbelief, she asked, "Who are you calling sister-in-law?"

"Not only do you have a horrible mouth, but even your brain is no good? Can't you tell who I'm calling sister-in-law?" Han Zhuofeng mocked.

"Could it be that you are calling Lu Man?" Lu Qi asked in disbelief.

"If I'm not calling Lu Man, could I be calling you? Are you even that worthy?" Although Han Zhuofeng did not curse, his words were worse than curse words.

"You!" Lu Qi was flushed with agitation. "Since she is really your older brother's girlfriend, aren't you furious at all?"

Pointing an accusing finger at Lu Man, Lu Qi laughed provokingly. "She cheated on your older brother!"

Seeing Lu Qi point a finger at her, Lu Man was a bit angry and she narrowed her eyes as she grabbed Lu Qi's finger and curve it upwards harshly.

Suddenly, Lu Qi cried in pain. "Zhengbai, it's so painful!"

On the other hand, Han Zhuofeng looked at Lu Qi like she was an idi*t, why did she call out for He Zhengbai when her hand was painful?

Would she still not be pain after she called for him?

What was she if not an idi*t?

The very next moment, He Zhengbai reached out his hand wanting to grab Lu Man's wrist, but Han Zhuofeng blocked He Zhengbai before he could even touch her hand.

"Get out of my way!" He Zhengbai anxiously yelled.

"Didn't you see my sister-in-law educating her younger sister? It's their family matter, what are you meddling?" Han Zhuofeng grabbed He Zhengbai harshly, stopping him from interfering.

"What is it? Is it that you want to manhandle my sister-in-law?" Han Zhuofeng raised his eyebrow. "You want to abuse a woman? What a despicable person! Look at how much of a b*tch Lu Qi is, yet I didn't resort to physical strength!"

With that one sentence, Han Zhoufeng scolded both He Zhengbai and Lu Qi.

"Pft!"

"Pft!"

"Pft!"

Meanwhile, Zheng Yuanshi and her two friends could not help but laugh.

In Film Academy, Han Zhuofeng was extremely cold towards everyone who wasn't in his major.

His handsome looks made him school idol, but sadly his attitude made girls from his class to admire him from a distance.

Much less to say them who were taking a different major.

They only knew that Han Zhuofeng was handsome, but they did not know that his mouth was so bad.

However, he still looked dashing handsome even when his mouth ran wild.

With her finger being turned up by Lu Man and Han Zhuofeng calling her a b*tch, her face was flushed red with anger.

Right now her finger was in so much pain that she burst out into tears.

He Zhengbai said anxiously, "I just wanted Lu Man to let go of Lu Qi!"

"If you want her to let go, you can just say it, don't use this opportunity to touch her!" Han Zhuofeng lashed out in rage, anyway, the one who was losing out here was not Lu Man, so he was not anxious at all. "If you had managed to do what you intended, then you would be touching my sister-in-law, how could I let you do that?"

He Zhengbai was enraged upon being insulted; Han Zhuofeng clearly meant that he was doing it to take advantage of Lu Man.

"Moreover, it's an issue between two women, let the women solve it, why are you trying to meddle!" Han Zhuofeng twitched his lips. "If Lu Qi can't outscold my sister-in-law nor can she match my sister-in-law strength, then she's clearly dumb and inept. You can't blame other people for your incompetence!"

Chapter 584: Demonstrating Her Power

Much less to say, Lu Man's physical strength and fighting skills were really powerful!

This fact made Han Zhuofeng gloat with happiness.

Not only could Lu Man pierce one's heart with her words but she could also beat someone black and blue.

Instantly, the image of He Zhengbai being beaten black and blue at the entrance of the school came to his mind. Lu Man was definitely strong and skilled!

On the other hand, He Zhengbai was dumbstruck by Han Zhuofeng's words.

He was talking about skills at this juncture?

How could he bring out incompetence right now?

Seeing Han Zhuofeng's arrogant and prideful face, He Zhengbai instantly knew that he could not reason with this man.

Was this Han Zhuofeng a crazy person?

Spouting nonsense!

If Han Zhuofeng knew that He Zhengbai calling him crazy in his mind, he would definitely leave him even more speechless by saying, "I'm a young master of the Han Family, when I go out, I never speak with logic!"

Finally, after quite a while, Lu Man let go of Lu Qi's hand. Then she took out a pack of wet tissue from her bag and used one wet tissue to wipe her hands clean, behaving as if she touched something dirty.

"Next time, don't point at me with your finger, otherwise I'll break it off," Lu Man threatened her.

Hiding behind He Zhengbai, Lu Qi tended to her finger and wailed in pain.

Wanting to provoke Han Zhoufeng, she asked, "Since she's really your brother's girlfriend, aren't you angry?"

"What's there to be angry about?" Han Zhuofeng cursed in his heart; had these words been heard by Han Zhuoli, he would misunderstand that he, Han Zhoufeng, had inappropriate thoughts towards Lu Man, and thus skin him alive!

Lu Qi is really crazy!

Right after that, he heard Lu Qi say, "Although she's your older brother's girlfriend, she is cheating on your older brother and being someone else's mistress, so aren't you furious?"

"If you say one more time that she's being maintained by someone, I will have to break my rule of not beating a woman up!" Han Zhuofeng snapped at Lu Qi. "Isn't it just a Bentley which dropped her to school? That's my older brother's car, you f*cking idiot women!"

"My older brother dropped her here, how come that turned into a big mess?" Han Zhuofeng sneered. "You have obviously not seen the world, it's just a Bentley, don't think that it's something great and link it to the dark dirty things in the world. My sister-in-law has already been bullied enough by you guys from childhood. On the other hand, you were brought up with care by Lu Qiyuan, so how could you not have even a little view of the real world, such a narrow-minded person, how embarrassing!"

"No, impossible!" Lu Qi screeched in a high voice, "You're scared of embarrassing yourself, that's why you said that! You just want to settle it in private later!"

"Hmm, your imagination is not bad." Right now, Han Zhuofeng was seething with rage. Currently, Han Zhuoli was going out for a work trip in the afternoon and was probably on the plane already.

However, before he got on the plane, Han Zhouli had called Han Zhuofeng, ordering him to take good care of Lu Man at school and not to let people bully her.

Coincidentally, just at that moment, Han Zhuofeng's phone rang.

When he took out his phone, he was suddenly very happy as the call was from the Old family mansion.

"Hello?" Han Zhuofeng asked.

"Zhuofeng, it's me, Grandma." Old Mrs. Han's voice sounded from the phone.

“Your older brother is out on a work trip today, while Lu Man is in school, so you must take care of her well, don’t let her get bullied.” Old Mrs. Han instructed in a domineering tone.

“Grandma, your phone call came at the right time, my sister-in-law is being wrongly accused by people right now,” Han Zhuofeng instantly complained.

“What’s going on!” Old Mrs. Han’s voice instantly raised a level. “What’s the use of you, how can you keep watching your sister-in-law get bullied?”

Han Zhuofeng: “...”

“Am I not helping my sister-in-law? How can I let her get bullied.” Han Zhuofeng hurriedly tried appeasing her. “It’s that some people are narrow-minded and haven’t seen the real world. So upon seeing Older brother drop her to school, they started a rumor. You know what brother’s car is, right? At that time, he did not get down the car, but my sister-in-law’s classmates saw it, and are still claiming that she’s being maintained by someone. I already came forward to clarify matters, yet Lu Qi is stubborn to believe the truth. She says that I’m refusing to admit because I wanted to maintain my reputation, don’t you think that’s such a joke!”

Chapter 585: Announced It To The World

“Too angering!” Suddenly, Old Mrs. Han hit the table and scared Old Mr. Han who was listening intently at the side so much that he trembled in shock.

“You wait, I’m coming over to the school now!” Old Mrs. Han didn’t even wait for Han Zhuofeng to say anything and just hung up.

Han Zhuofeng’s mouth was left open as he was planning on responding, but he did not even have that chance.

Honestly, Old Mrs. Han was really a short-tempered person.

“Was it Grandma’s call?” Lu Man asked.

“Yes.” Han Zhuofeng rubbed the corners of his eyes, this time he had hit a beehive. “My brother’s out on a work trip, so Grandma just called me to instruct to look after you at school, and not to let you get bullied.”

“You don’t need to tell this to Grandma though,” Lu Man said helplessly.

“That’s not alright! I have to tell her!” No one can bully their Han Family members!

Pei!

But within a second, Han Zhuofeng instantly spit in his heart.

Lu Man was just dating his brother, and they had yet to get married, how was she considered a Han Family member? He hadn’t accepted her yet!

Meanwhile, after Old Mrs. Han hung up the phone, she looked for Butler Wang. "Which is the most expensive car in the garage right now?"

Pushing his glasses onto his nose bridge, Butler Wang answered, "The most expensive car in the garage is a race car, Koenigsegg's One:1 which is worth 100 million yuan. The next is Lykan Hypersport, worth 70 million yuan, and Hennessey Venom GT, also worth 70 million yuan."

Old Mrs. Han waved her hand in dismissal. "All these cars were bought for fun by Zhuoli bought, they are not suitable for us, an old man and an old woman."

Even Old Mr. Han laughed at her statement. "Moreover, those people think highly of a Mulsanne, and if we were to drive those over, they might not even recognize them."

Those three cars were limited edition cars in the whole world.

While studying overseas, Han Zhuoli was young and wild. Thus he would ship back one every year.

But now that he was mature, he did not really like a sports car and preferred luxurious ones like Mulsanne.

At that instant, Old Mrs. Han suddenly rubbed her hands in excitement. "Then we won't drive anything else, we'll drive Zhuoli's Mulsanne. Go and check if Xiao Chen went overseas with Zhuoli, if he didn't, have him drive that car over."

"Right!" Old Mr. Han agreed with her. "Didn't they think Lu Man was someone's mistress because of this car? Then let's drive that car over! Let them open their eyes wide and see properly!"

Thus, Butler Wang instantly contacted Xiao Chen, and then replied to the elders, "Xiao Chen did not go on the work trip with Young master Han, he'll drive the car over now."

The Old family mansion also had a chauffeur, but since Xiao Chen had come over, it was better to have Xiao Chen drive them.

As Old Mrs. Han nodded her head in approval, her phone rang.

Seeing the phone screen, she saw that it was a call from Shen Nuo.

Accepting the call Old Mrs. Han instantly heard Shen Nuo say, "Mom, Zhuofeng just informed me that Lu Man is being bullied in school."

Old Mrs. Han chuckled in her heart, this boy announced it to the world!

"Right, this young brat, I entrusted him with such a simple task, yet he could not do it. Thus, we need to make an appearance ourselves. I had Zhuoli's driver Xiao Chen drive Zhuoli's car to the Old family mansion. Right now, I am preparing to go to school and open those close-minded children's eyes wide."

"I'm coming too, I'll meet you directly at the entrance of the school," Shen Nuo said; it was clearly a waste of time to take a trip down to the old family house.

"Alright." After discussing with Shen Nuo, Old Mrs. Han hung up the phone and got stood up. "I need to choose my clothes."

“I’m coming too.” Old Mr. Han also stood up.

It was clearly a huge issue, if he didn’t follow and Han Zhouli got to know about it, he would blame him for not standing up for his granddaughter-in-law.

At that moment, the Old Mr. Han had completely forgotten how he had abused Han Zhuoli and treated him badly when he did not have a girlfriend.

Chapter 586: Furious Yet I’ve Have to Smile

When Old Mrs Han did not let Han Zhuoli eat at the table, Old Mr Han had been helping her discriminate against Han Zhuoli.

But now that he had a girlfriend, Old Mr Han suddenly improved his view of Han Zhuoli and had started favoring him over others.

While he and Old Mrs Han changed their clothes, Xiao Chen just happened to reach and then he drove Old Mrs Han to school with Old Mr Han accompanying her.

Even Butler Wang followed as he was responsible for taking care of them.

On the way there, Butler Wang contacted Principal Liu.

The principal and leaders had a separate canteen for themselves, and Principal Liu was having a meeting with a few business partners this afternoon, and he was about to have a discussion over lunch with some veteran artists and a few directors.

But before Butler Wang’s call, he had just received a call from his secretary, and found out that chaos had erupted in the school.

Although he maintained a smile on his face, he was cursing his luck in his mind.

Principal Liu cursed Lu Qi and now he would never forget her. It was her first day at school yet she had already started making trouble and she even dared to mess with Lu Man, someone who really should not be offended!

Now, how could Principal Liu have the mood to continue dealing with the business partners. Even all the people sitting at the table could not compare to Lu Man.

As long as Lu Man was happy, any casual investment would be a big earning for the school.

Hanging up the call, with a troubled look on his face Principal Liu said, “Everyone, I’m sorry, today I have to spoil the mood, something has happened in school. Something has suddenly cropped up in school, and I need to rush back.”

“It’s official matters, how can we stop you, hurry and go.” Fortunately, the veteran artists were understanding and did not like to make trouble for people.

Standing up, Principal Liu held up the alcohol cup and apologized. "Thank you everyone for your understanding. Since today I had to spoil the mood, the next time when I have no work, I'll officially apologize. I'm extremely sorry for ruining everyone's mood today."

"What are you saying, your work is important," someone said, "Don't take it to heart, we don't bother about these."

Then everyone else chimed in too.

Before leaving Principal Liu still drank the alcohol in the cup.

Also, before leaving, he called for the waiter and paid the bill for everyone without informing others.

Then Principal Liu hurriedly got in the car, and had his chauffeur drive him back to school.

It was at that moment, in the car, Principal Liu received Butler Wang's phone call.

Neither did Principal Liu nor did Butler Wang have each other's phone number. However, Butler Wang was Butler Wang after all. Finding Principal Liu's phone number was a child's play for him.

"Hello." Principal Liu answered the phone.

"Hello, I'm the butler at the Han old family mansion, my surname is Wang," Butler Wang said politely.

Suddenly, Principal Liu's heart was in his throat.

The two Han Family elders rarely made an appearance, let alone make a call to anyone. Even their butler was a mysterious person. Just the opportunity of being able to contact them was a very great deal.

Regarding the Han family Butler Wang was referring to, could it be the same Han family as Han Zhuoli?

Confused and shocked, Principal Liu subconsciously asked his doubt.

"That's right," Butler Wang answered firmly.

This left Principal Liu's astonished, and his head almost bumped into the car roof in excitement and shock.

"Hello, hello, hello!" Principal Liu greeted excitedly.

However, Butler Wang did not bother with formalities and asked directly, "Have you heard about the rumors in school about Lu Man being maintained?"

"Yes, before your call, I just received a phone call from my secretary, and found out about that," Principal Liu explained with a bitter expression. "I wasn't not in school now since I had a business lunch. However, the moment I found out, I immediately left and right now I am rushing back to school. Don't worry, tell the two elders not to worry too, I'll definitely deal with this."

Chapter 587: Arrival of Shen Nuo

After he tried to appease and calm Butler Wang, Principal Liu's heart skipped a bit as it was a big commitment from his side.

This matter wasn't a huge one yet it wasn't a negligible one too not something either.

If it involved some ordinary student, he wouldn't be so worried.

Honestly, after joining the entertainment industry, hardly anyone was pure and virtuous.

Even if they were still in school, being someone's mistress or being accused wrong, or being involved in altercations wasn't anything new.

The students who were accusing Lu Man weren't virtuous too.

Usually, in such situations, once the school authorities solved the matter and pressed it down, it was over.

However, now that it involved Lu Man, this situation had turned into a big deal for Principal Liu.

Moreover, he never imagined that it would reach the he did not think that this thing had spread to the two elderly in the Han Family!

The two elders were even personally looking into this!

This made Principal Liu understand that he was wrong about Lu Man and Han Zhuoli's relationship not have a good ending.

Although the two of them were just dating, Han Zhouli really loved her and seemed very serious about her.

He even realised that Lu Man had been accepted by the Han Family and had long gained the affection of the Han family seniors.

Therefore, right then and there, Principal Liu decided to improve his attitude towards Lu Man even more.

Before this, Lu Man was just Han Zhuoli's girlfriend in his eyes, but from now on, he would treat Lu Man as Han Zhuoli's fiancée!

Feeling Principal Liu's anxiety, Butler Wang chuckled and said, "I believe that you can definitely deal with it. I didn't call you to make you deal with this, and I want to inform you that after the two elders found out about this, they immediately left for National Film Academy."

Principal Liu: "..."

D*amn! He was wrong, he could not treat Lu Man as the fiancée of Han Zhuoli.

He should treat Lu Man as the granddaughter-in-law of the Han Family!

"Alright, alright, I know now. I'm already reaching the school," Principal Liu said hastily and told them that he would wait at the entrance of the school.

"The Han elders want to be low-key, and they do not want to create a ruckus over this, so please don't make it too big or grand," Butler Wang said.

After all, the two of them were away from the public eye for a long time, and now there were very few people in the world who could recognize them.

The two elders really like this as it was convenient to go out too since they won't attract attention.

Thus, Principal Liu noted it down.

After he hung up, he rushed the chauffeur to drive faster.

Upon reaching the school, Principal Liu office waited at the entrance of the school instead of going to his office.

Being informed about his arrival already, the secretary hurriedly rushed to the entrance, carrying a thermos bottle containing tea for Principal Liu to sober him up.

Also, since Butler Wang had told him to keep it low-key, Principal Liu did not tell the other leaders of the school.

After waiting for around a quarter of an hour, a Rolls-Royce Phantom slowly drove towards the school gate.

Principal Liu rushed over, thinking that the Han elders had arrived.

But when the car window rolled down, he realized that it was Shen Nuo.

"Madam Han!" Principal Liu suddenly tenses up.

As Shen Nuo got down the car, she said, "Principal Liu, I took the liberty to come over, sorry for disturbing you."

"It's not a disturbance, it's not a disturbance, it's an honor," Principal Liu hurriedly said, "Did you come because of Lu Man's matter as well?"

"Yes, Man Man, that child is scared we would worry, and would never tell us about these kind of things. This time, luckily Zhuofeng was around and informed me, and so I rushed over."

Principal Liu was shocked; not only had Lu Man managed to make her way into the Han Family, but she was also liked by her mother-in-law so much.

This girl, how did she do it!

"It's my mistake that someone bullied Lu Man under my nose," Principal Liu hurriedly apologized.

As if silently agreeing with him, Shen Nuo just smiled, not expressing her disagreement.

Sweating heavily as Principal Liu stood in the sun, he said, "You can first sit in the car, it's tiring standing outside."

Chapter 588: What A Coincidence

"There's no need, I'll just wait here for the two elders," Shen Nuo said politely.

But Shen Nuo stood beside him, Principal Liu was under a lot of stress.

He did not know what to talk to with Shen Nuo, and could only be thick-skinned and chat awkwardly.

Being an elegant, proper lady, no matter what Principal Liu said, Shen Nuo did not show any annoyance or awkwardness on her face.

Although Principal Liu's sounded dumb, Shen Nuo still smiled and replied, making Principal Liu feel that they were having a good conversation.

Just when Principal Liu was becoming exhausted both mentally and physically, he saw a Mulsanne drive over.

Instantly, Principal Liu recognized it to be the same car in which Han Zhuoli had brought Lu Man to school for the first time.

Seeing Principal Liu and Shen Nuo waiting at the school gate, Xiao Chen slowly stopped the car in front of them.

Butler Wang quickly got down from the front passenger seat of the car and greeted them. "Madam, Principal Liu."

"Butler Wang," Shen Nuo greeted back with a smile.

Excited and anxious, Principal Liu hurriedly grabbed Butler Wang's hand. "Butler Wang, hello, hello."

The Old Mrs Han and Old Mr Han were down to earth people and did not make a big fuss, and got down the car themselves.

Principal Liu was shocked upon seeing them, "Why did you two seniors make a trip here personally?"

Old Mrs Han laughed and said, "We're not Buddhas, don't treat us like that."

Principal Liu hurriedly said, "Are the three of you going to find Lu Man?"

At the vital moment, Old Mrs Han looked towards Old Mr Han, asking for his opinion.

"Cough." Old Mr Han cleared his throat. "Now that we have already come here, let's have a tour of this place. That way we can also meet Zhuofeng."

"Alright," Principal Liu hurriedly replied, and invited the two elders and Shen Nuo for a tour, and they drove into the school.

For the Han family, the rule of not driving the car inside the school compound didn't apply.

Right now, the lunch break was just about to end, so the students who were out on the school grounds were walking back to their class.

Thus, there were a lot of students around.

Principal Liu sat onto Shen Nuo's car, which was behind the Mulsanne in which the two elders were seated. Principal Liu saw the grand entrance made by the cars which attracted the attention of all the students.

Principal Liu: "..."

Where was low-key arrival?

Was this the low-key that the two elders were talking about this?

After they parked the car, Principal Liu hurriedly got down the car.

Butler Wang helped the two elders open the car doors and helped them get down.

Principal Liu politely led the way at the side, and introduced to them a few famous landmarks.

When they passed by a construction site, Principal Liu gladly said, "This is the theater sponsored by Han Corporation and it just started its construction work last week."

Meanwhile, the students who were walking back to their class could not help but look over.

In the past, there was also a few high status leaders who came to look around, and had Principal Liu accompanying them. But never ever had Principal Liu revered them so much, carefully following by the side the whole way round.

"Did you see their car? One's a Phantom, one's a Mulsanne!" Someone exclaimed.

"A Mulsanne? What a coincidence! It seems that nowadays all the rich people like Mulsanne."

"Hei, that's true, doesn't Lu Man's sugar daddy have Mulsanne too?"

"Just now, in the canteen, Lu Man still refused to admit it."

"But seeing Han Zhuofeng speak up in her favor and protect her so much, could it be that it was a misunderstanding? Although we don't know about Han Zhuofeng's family background, from his looks and attitude, his family background seems to be very good. It's possible that Lu Man's boyfriend is really very rich."

"Haha, no matter how well off his family is, could he be so good to invest a lot for Lu Man? Just those two movies that Lu Man filmed, I don't believe that her backer did not invest in them. Although, in the end, they both earned a lot, but before investing, no one can tell with certainty that the movie would be a blockbuster right? Much less the fact that they are supporting a newcomer. Being able to invest so much, surely the backer doesn't have a simple background. A person might manage to buy a Mulsanne, but it's not the same for investments."

Chapter 589: Scaring Them By Saying Some Big Truth

"Right, look at the Lu Family, they are considered rich, right? They can drive a luxury car, and Lu Qiyuan even opened a management company for Lu Q to become popular, and she is the only artiste signed with his company yet he couldn't make her debut in the movie industry, and currently she isn't even getting any show offers at all."

"Right, also if Han Zhuofeng's family has money, why didn't they invest in some films in which he would be the director? Honestly, money can't solve everything. You need connections as well."

“Right, look at He Zhengbai, the He Family’s Long Qing Corporation isn’t any small company yet recently He Zhengbai had already finished discussion for a show and it was fixed that he would be the director for it but still his role as the director was snatched away by someone else? So clearly money won’t take you anywhere. Hence I don’t believe that person who dropped Lu Man at school is Han Zhuofeng’s older brother.”

“When you guys analyze it like that, it really seems true. Looks like it could be like what Lu Qi said, probably Han Zhuofeng did not want to be embarrassed so he couldn’t do anything but deny it. Lu Man will probably have to break up with her boyfriend later.”

“Of course, no one can stand their partner cheating on them.”

At that moment, someone slowly opened their mouth. “Then did you think about it, if Lu Man’s rich backer really is so powerful, can he allow you guys to speak ill of Lu Man like that?”

Everybody: “...”

Who was this person !

Scaring them like this!

Although they cursed in their heart, they did not dare to say anything else.

When Principal Liu brought the two Han elders, Shen Nuo and Butler Wang outside Lu Man’s classroom, Lu Man’s class was having a theory lesson on Performing Arts.

“Grandpa, Grandma, Auntie!” At that moment, Han Zhuofeng ran over.

“Why aren’t you in class, why did you run here?” Old Mr Han glared at him.

Han Zhuofeng: “...”

Weren’t they kicking him to the curb after he outlived his usefulness?

Had he not informed them, would Old Mr Han and Old Mrs Han even got to know about this matter at school?

“I don’t have lessons in the afternoon, so I especially waited for you guys to come over here. Now that you guys have come, of course, you must include me in your plans!” If there was drama, how could he not watch it?

“Alright,” Old Mr Han agreed reluctantly.

Han Zhuofeng: “...”

“Now tell me, did Man Man feel aggrieved?” Old Mrs Han grabbed onto Han Zhuofeng and asked worriedly.

A bit unhappy, Han Zhuofeng pursed his lips. “How could she feel aggrieved? For a person skilled highly in martial arts, such a thing is child’s play.”

“Get away!” Old Mrs Han hit the back of his head unhappily. “Lu Man is a young girl, not much older than you, no matter how strong she is, she needs to be protected!”

Upset, Han Zhuofeng rubbed the back of his head helplessly.

“Quickly knock on the door,” Old Mrs Han then looked at the Principal Liu who was silently enjoying the show from the side.

“Oh, oh alright,” Principal Liu rushed forward.

Usually, in theory lessons, professor would ask students to perform to see whether they had managed to absorb the theory.

When Principal Liu knocked on the door, Professor Hong coincidentally called Lu Man’s name, and had her go to the front of the classroom to act it out.

Hearing the sound of knocking, Professor Hong opened the door, and was left stunned upon seeing the people at the door. “Principal.”

Principal Liu chuckled and said, “Don’t worry, continue your lesson as usual, I just brought these two elders and Madam Han to take a look.”

Professor Hong’s eyebrows twitched, and although she could not recognize the two elders and Shen Nuo, from the principal’s address, she could guess who were they.

Professor Hong was considered one of the few people in the school who knew the relationship between Lu Man and Han Zhuoli.

Because besides for the incident with the previous counselor, Principal Liu had told Professor Hong and Professor Yao about Lu Man being Han Zhuoli’s girlfriend, so that they could look out for Lu Man and not let the same incident happen again.

Otherwise, Principal Liu had to tell them explicitly that he really could not afford to offend them.

Originally, Professor Hong did not know Han Zhuofeng’s identity, but now that she saw Han Zhuofeng following behind, and thought about how his surname was also Han, how could she not know?

Chapter 590: Isn’t This What He Should Do?

Her heart skipped a beat, she did not think that the school had two big figures they could not afford to offend.

Professor Hong hurriedly invited them in, the smart Secretary Li had long gone to the next room to arrange for a few chairs, letting Old Mrs Han and the rest join in the session by seating at the last row.

As soon as Old Mr Han and Old Mrs Han entered, they saw the Lu Man standing in front of the whole class.

“Grandpa, Grandma, Auntie,” Lu Man greeted. “Butler Wang.”

The students in class were perplexed, they did not know what was going on, and naturally did not know who Old Mr Han and the others were.

But upon seeing how the principal was so polite, and Secretary Li was busying himself to make them comfortable, they knew that they were influential people without knowing them personally.

Thus, when Lu Man greeted the man as “Butler Wang”, everyone was left speechless.

Nowadays, it was common to see nurse nannies in rich families but not any family could have a butler.

Seeing Butler Wang’s personality and aura, he was really looked like those intelligent, respectable old butlers of aristocratic families.

“Ah, good child!” Old Mrs Han caressed Lu Man’s hair lovingly. “You all are—”

With a smile on her face, Professor Hong explained, “It’s the theory session for Performing Arts right now, but we still need to have actual practice, so we had Lu Man come up to perform the act.”

“Oh,” Old Mrs Han understood instantly, and spoke in grievance as her heart ached for her. “I have heard about that degrading incident in the afternoon. My good child, you must be aggrieved.”

“There was Zhuofeng to protect me,” Lu Man smiled as she tried to make them worry less.

“Isn’t this what he should do?” Old Mrs Han looked harshly at Han Zhuofeng.

Han Zhuofeng coughed, and used his index finger to scratch the tip of his nose, and didn’t dare to meet her gaze.

“Professor Hong, I’m sorry for disturbing your class time,” Shen Nuo stood up and spoke firmly. “It’s just that the rumors concerning Lu Man today have reached our ears. I’m Lu Man’s future mother-in-law, and our family members like Lu Man a lot so we can’t just watch her be aggrieved and wrongly accused. Even though it’s my son who sent her to school, there are rumors flying around that she’s being maintained by her sugar daddy.”

“Right, so we especially drove over the car in which she dropped to school that day. Which one of you saw Lu Man get down from the Mulsanne, stand up now, we can go and confirm whether it’s the same car!” Old Mrs Han said in a domineering tone.

Furious, Shen Nuo laughed coldly. “It’s just a Mulsanne, and they spread such a horrible rumor, they are really looking down on our family!”

At that moment, Zhang Xiaoying and Lu Qi’s face turned pale.

In her heart, Lu Qi vehemently denied the scene in front of her, saying that it was impossible!

Lu Man really had a boyfriend, and wasn’t lying?

Moreover, her boyfriend’s family were really that well-off?

Hearing Shen Nuo and Old Mrs Han make such big statements as if their standards couldn’t be matched, Zhang Xiaoying’s face scrunched up, whose family would consider the girlfriend as part of the family even before she became a fiancée?

This meant that they had accepted Lu Man, and really loved her.

When all the other classmates heard that, lowered their heads in guilt for believing in the rumors.

Lu Man's future's husband's family had personally come down to dispel the rumors, and they had even driven the same Mulsanne, what else was there to say?

Lu Man was really not someone's sugar baby or mistress.

"Principal Liu, regarding today's situation, please investigate it in detail. The ones who spread the rumors were clearly trying to malign Lu Man's reputation!" Shen Nuo's face was darkened. "When Lu Man just started to advance in the entertainment industry, such malicious rumor started, making people doubt Lu Man and look down on Lu Man, their motive is clearly visible"

Shen Nuo already knew that Zhang Xiaoying as well as Lu Qi did not get along with Lu Man.

Her gaze slowly flitted across Zhang Xiaoying and Lu Qi's face. "So young yet full of evil thoughts. Just because you're jealous you shouldn't slander people. In the end, it is difficult for people like you to advance anywhere."
