

## Mr Han 591

### Chapter 591: Unfair

Even when Lu Man was mean to people, it was only if the other person came to mess with her first.

If someone didn't harm or come with an evil motive, she would never harm them either.

This was what the Han family elders like the most about Lu Man. She wasn't a coward nor a saint, but she could still be kind until she was provoked.

"This matter needs to be investigated thoroughly." Principal Liu said, "Be it to Lu Man or to the school, this matter won't have a good impact. If we allow it to happen once, then the students would think that they can do as they wish and slander anyone they want. We can't let such a culture grow!"

Finding the right time to speak, Lu Man suggested, "Lu Qi was the one who informed me about this matter this afternoon. Why don't we ask Lu Qi who she heard it from?"

Suddenly, Lu Qi's expression changed. She didn't expect that Lu Man could drag her into this so easily.

The reason why Lu Qi dared to provoke and mock Lu Man was because she felt that there were several people spreading the same rumor and so Lu Man also couldn't be sure that she started the rumor. Lu Man won't have any proof so it would be useless even if she suspected her since she couldn't pin the blame on her.

"I just heard this rumor going around in school and misunderstood you. If you have to ask me, I don't know either," Lu Qi said shamelessly, being very thick-skinned.

"Then who did you hear it from?" Lu Man asked. "If you said you heard a rumor, there must be someone who told you about it, right?"

"How would I know! There were so many people gossiping about it, I don't even know them!" Lu Qi said.

Lu Man stared at her silently, studying her for quite a while.

Although Lu Qi clearly felt guilty, she didn't dare to look away. Mustering up her courage, she looked back straight in the eye.

Lu Man snickered. "So I see."

"So young, yet all you know to do is to spout rubbish!" Old Mrs Han lashed out angrily. "Young lady, don't use your own shallow knowledge to judge other people."

Seeing Old Mrs Han seething with rage, Shen Nuo patted Old Mrs Han's shoulder comfortingly.

After all, Principal Liu was here, they also couldn't force Principal Liu to take any harsh action.

Moreover, Lu Man was a student of this school so at least for Lu Man's sake, they couldn't blow this up too much.

Acting stern, Principal Liu said seriously, "As for the rumor, I hope it ends right here! Don't let me hear any fake rumors about Lu Man anymore! Otherwise, even if I can't find the original culprit, if I catch anyone spreading the rumor, they will immediately receive disciplinary action!"

"Lu Qi, since you aren't ready to tell who told you this rumor, I will have to punish you first," Principal Liu said authoritatively.

Lu Qi's face turned ghastly pale. "So many people were spreading it. Why do I have to be punished first?"

"Even if a lot of people are spreading it, I've never heard them, but Lu Man did hear you say it." Principal Liu said coldly, "I said it before, if I can't find the original culprit, whoever is spreading the rumor will receive disciplinary action."

"Also, our school will nominate students to go to New York University's Performance Major as an exchange student. Whether or not you had any intention to be an exchange student, for this year, your chance to compete will be cancelled. No matter how good your results are, even if you are in the top six, or even the first place, you won't be given the chance."

Now, blood had completely drained from Lu Qi's face. She really did think of competing for the exchange student spot.

"This isn't fair! All I did was hear the rumor from someone and seek clarification from Lu Man!" Agitated, Lu Qi wailed, "Besides, can't I just gossip a little during meals?"

It was at this moment that Lu Qi realized that she had been the cat's paw!

Turning around, Lu Qi shot daggers at Zhuang Tingting.

Zhuang Tingting was shocked. She hurriedly lowered her head, cutting off Lu Qi's gaze.

*That idiot!*

*Why is she looking at me!*

"Hehe." Principal Liu laughed coldly. "If you can name me the person behind this, perhaps I can make your punishment lighter."

### **Chapter 592: I'll Report**

"It's her!" Lu Qi accused Zhuang Tingting without any hesitation. "I heard it from her!"

Han Zhuofeng said sarcastically, "Didn't you just say that you heard it from students whom you didn't know?"

While Lu Qi face flushed red in embarrassment, Zhuang Tingting was surprisingly quick-witted under pressure. "Lu Qi, how could you frame me just to get yourself out of this!"

The next second, Zhuang Tingting hurriedly stood up. "Principal Liu, Lu Qi is spouting rubbish! She's framing me, all so that she can get out of this!"

"I'm not framing you. This morning, on the way to class, I heard it from you." Lu Qi said anxiously, "He Zhengbai was there too. He also heard it. You can find him and corroborate from him!"

Finding it amusing, Lu Man curled the corner of her lips upwards lightly. "Yesterday, when I came to school, Zhuang Tingting did see me alight from the car. Back then, she pointed at me and said that I was somebody's mistress."

Anxious, Zhuang Tingting said nervously, "But I didn't say anything else. If I did start the rumor, I would have spread it yesterday, why would I wait until today!"

All this drama was making Principal Liu's head hurt. All they had were their words against each other. Without any factual evidence, it was hard to please everybody too.

Zhuang Tingting looked helplessly at Zhang Xiaoying, begging for help. Her gaze was even slightly threatening.

If Zhang Xiaoying won't stand up for her to help her out of this, she will have to drag Zhang Xiaoying into this too.

Thus, Zhang Xiaoying was extremely furious. What an incompetent thing! Everything she touched turned to dust!

Yet, she could only stand up and say, "Principal Liu, Lu Qi is lying. Zhuang Tingting has been with me and Yu Jingxian all along from the morning. During that time, she didn't even mention Lu Man's name let alone spread a rumor about her."

Yu Jingxian instantly looked hatefully at Zhang Xiaoying.

She only wanted to sit by the side quietly and not participate in anything from start to end, but Zhang Xiaoying just had to drag her into it too.

Left with no choice, Yu Jingxian had to bite the bullet. She said, "Yes, the three of us went to class together. We didn't even see Lu Qi or He Zhengbai along the way."

Both parties stated their perspectives, but there wasn't any more evidence.

Caught in a spot, Principal Liu looked at Shen Nuo. Shen Nuo said coldly, "Principal Liu, we don't wish to make things difficult for you too. This is a school, after all, and you are the principal. You just have to make a decision as you normally do."

As for anything outside of the school, the Han family will have the final say.

Principal Liu then looked towards Old Mr Han and Old Mrs Han. Though Old Mrs Han's face was cold, her tone was still rather amicable. "She's right. Don't feel stressed. If this matter happened under normal circumstances, how would you handle it?"

"Zhuang Tingting, let's temporarily put aside whether it you who told Lu Qi. In the classroom, have you ever mentioned it?" Principal Liu questioned.

Suddenly, Pan Xue suddenly raised her hand. "I'll report it! She said it, in the classroom. I heard it!"

This left Zhuang Tingting was stunned and seething with hatred. What did Pan Xue have to do with this!

Finally, Principal Liu let out a sigh of relief. Now, this would be easier to deal with.

“Zhuang Tingting’s punishment will be the same as Lu Qi’s, and just like Lu Qi, this will be mentioned in their record.”

Instantly color drained from Zhuang Tingting’s face. Though her grades were rather average this time, she was still thinking of giving it a try.

Yet, in the end, Principal Liu didn’t even give her a chance to work hard.

Old Mrs Han glanced at Zhang Xiaoying and said, “Lu Man is the granddaughter-in-law our family wants to have. She is our family’s future granddaughter-in-law, she really couldn’t care being anyone’s mistress!”

This left everyone dumbstruck. Old Mrs Han sounded powerful and influential from her words. Exactly what was their background?

However, no one suspected Old Mrs Han’s words, because on the way to the classroom, quite a lot of people saw Old Mrs Han and the others alighting from the car.

Also, Principal Liu was genuinely afraid that the two elders and Shen Nuo would be unhappy and sternly disciplined Zhuang Tingting and Lu Qi. “You two are our school’s students. Since you made a mistake, the school will also give you a chance to change for the better. It’s only a punishment this time, but if there’s a second time, you will be expelled immediately!”

### **Chapter 593: We Should Bring Forward the Date of the Engagement**

Zhuang Tingting was really scared. She wasn’t already popular like Zhuang Tingting nor was she as rich as Lu Qi.

Right now, she didn’t even dare to look at Lu Man. She didn’t know exactly what background Lu Man’s in-laws had to make Principal Liu want to please them so eagerly.

Meanwhile, Old Mrs Han couldn’t be bothered to look at Lu Qi and the others and so she waved her hand. “Alright, we came here this time for Man Man. Since the matter is cleared up, we will be leaving.”

Even if Principal Liu expected this long ago, hearing Old Mrs Han saying it out loud still made him shocked nonetheless.

The two elders actually came here specially just for Lu Man.

No matter who tried to invite them, the two elders usually didn’t accept any invitations. However, just for Lu Man’s sake, these two elders had involved themselves readily.

“Allow me to send you off,” Principal Liu said hurriedly.

Professor Hong also temporarily stopped the lesson and followed along to send them off.

Lending a hand of support to Old Mrs Han, Lu Man headed out together with them.

Seeing that there weren’t any professor left in the class either, all the students crowded at the window.

After not long, Old Mrs Han came downstairs with Lu Man supporting her and they walked to the car.

As expected Zhuang Tingting and Yu Jingxian both recognized the car to be the same as yesterday's.

"Grandpa, Grandma, Auntie, sorry for making you come all the way here just for my sake." Lu Man didn't know how to show her gratitude towards them.

"Silly child, it's nothing." Old Mrs Han chuckled and patted the back of Lu Man's hand. "Looks like we should bring forward the date of the engagement. If you wear an engagement ring on your hand, there won't be those rubbish rumors anymore."

When Principal Liu and Professor Hong overheard, they were astounded as if they had heard some huge secret in the entertainment industry.

The paparazzi didn't even know about it, but they did!

What a satisfying feeling!

Even Lu Man didn't imagine that Old Mrs Han would suddenly blurt out something like this. Getting engaged had never crossed her mind, and neither had she discussed this with Han Zhuoli before. Right now, she didn't know how to answer, and she didn't know whether Old Mrs Han said it in the spur of the moment.

Old Mrs Han grinned and said, "Alright then, go back to class."

"Yes." After watching the two elders and Shen Nuo's car leave, Lu Man started walking back.

As Han Zhuofeng walked by her side, he mocked her. "Aren't you usually really capable? Why did you let Lu Qi and who's that other person off so easily?"

"Zhuang Tingting." Lu Man reminded him.

Honestly, Han Zhuofeng completely didn't plan on remembering that name anyway and waved his hand. "I think that that Zhang girl is definitely involved too, but you're just letting them off like this?"

"Hehe, how's that possible." Lu Man laughed sarcastically. "Have I ever let those who messed with me off the hook?"

Han Zhuofeng heard Lu Man's words and suddenly felt a gloomy and chilly wind blow past him.

Rubbing his elbows, he silently stepped a little further away from Lu Man.

"..." Lu Man looked at him, speechless. What was this kid up to! "Yesterday, I've already warned Zhang Xiaoying that if she dared to keep spouting rubbish, in the future, I will ruin every single show she acts in."

Smirking, Lu Man rubbed her hands. "I want to see how long she can hold on for."

"As for Lu Qi." Lu Man pursed her lips. "Right now, she is completely in the dump. I'm too lazy to bother wasting time on her."

Suddenly, the corner of Han Zhuofeng's lips smirked slightly.

If Lu Qi found out that Lu Man had already treated her as trash in her heart saying she was even too lazy to bother making a move on her, she would probably go crazy with anger.

Lu Man lowered her head and rubbed her fingers. She still won't let Lu Qi off though.

She still hadn't forgotten their vengeance from her past life.

What Xia Qingwei suffered, what she had suffered. She won't let Lu Qi and her mother run from this so easily.

However, it wouldn't be good to mention this in front of Han Zhuofeng, Principal Liu and the others.

After all, she was the only one who knew about what happened in her past life.

#### **Chapter 594: It Definitely Couldn't Be Han Zhuoli!**

Moreover, for them, she only clashed with Lu Qi this year, and it wasn't to the extreme of fighting to death.

At the side, Principal Liu's face was frozen cold, his teeth aches from grinding so hard.

*If you guys are going to discuss about how to mess with others, can you not do it in front of him the principal?*

This would make things very difficult for him!

Shouldn't he protect the students in the school?

As for Professor Hong, he directly decided to pretend he heard nothing.

Besides, Lu Man also wouldn't mess with them in school. What happens outside of school is beyond their jurisdiction.

Seeing that Lu Man had a plan, Han Zhuofeng didn't say anything more.

And since he didn't have any classes in the afternoon, he directly headed to the work studio.

Whereas, Lu Man followed Professor Hong back to the class.

Because of what happened before, it caused quite a commotion, and it took quite a while for the students to calm down.

After the lesson, when Professor Hong left, all the students turned to look at Lu Man, their gazes were rather conflicted and complicated.

Previously, when they heard that she alighted from a luxury car, they thought that she had become somebody's mistress and derided her a lot.

After all, Lu Man really had way too amazing resources and her luck was honestly extraordinary good.

If she really was so lucky, it would honestly make others too jealous of her.

Why was it that even though they were all the same, some people could be so lucky?

Why didn't such good luck fall in their hands too?

They weren't lacking anything compared to Lu Man. If they also had such opportunities like Lu Man, they would also have achieved results similar to Lu Man's.

Therefore, when they heard that Lu Man was actually being somebody's mistress, being a sugar baby, they were extremely pleased, and also felt like "oh so that was why".

As she was somebody's sugar baby, having someone willing to spend money to support her, she naturally had more opportunities than others.

However, just now, Lu Man's future in-laws even came and firmly rebuked all the rumors!

Lu Man was being supported by somebody and had resources, but that was because of her future in-laws, because of her boyfriend.

There completely wasn't anything as being a mistress!

Everyone instantly felt even more frustrated, they felt like their chests were so tight and suffocating that they wanted to pound on their hearts a little.

Lu Man's luck was really a lot better than they thought!

Not only did she have good opportunities and resources, she even found such influential in-laws.

Right now, no one was even suspecting whether they would break up in the future, as her in-laws had already stood up for her publicly and spoke for her. With such a relationship, would they even break up?

Lu Qi's face scrunched up. Until now, she still didn't know who Lu Man was dating.

She was only sure that Lu Man was indeed dating, and her boyfriend seemed to be pretty amazing.

But exactly who was he?

Lu Qi pondered about it for a long time, but still didn't have a single clue.

As she looked at Lu Man, something flashed past her mind.

Han Zhuofeng. Family name Han...

Could it be...

Lu Qi was shocked but hurriedly tossed the thought aside.

She felt that it was too ridiculous and let out a little scoff.

Maybe they just shared the same family name, that was all.

There were so many people whose family name was Han and who were also rich. It definitely couldn't be Han Zhuoli!

Where did Lu Man get such terrifying good luck to date Han Zhuoli?

It definitely couldn't be Han Zhuoli!

There were tons of people who were rich, maybe one of them also had a family name of Han.

Usually when she looked at Han Zhuofeng, he also didn't look like a son of any grand family or household.

Although Lu Qi consoled herself like this, she for some strange reason still felt a little uneasy.

Thus, she rushed to look for He Zhengbai and told him about what happened today in the Performance class.

"Zhengbai, you are in the same major as Han Zhuofeng, do you know about his family?" Lu Qi asked.

He Zhengbai shook his head. "I asked him before about it. He's quite a sensation in our major."

Remembering how Han Zhoufeng even stole the spotlight from him, He Zhengai's face turned a little dark. "Everyone knows that he comes from a good family, but no one knows exactly which."

He Zhengbai frowned and laughed sarcastically. "I originally thought that he was just puffing himself up at his own cost, and pretended that he came from a good family and intentionally acting to be mysterious, but I didn't expect that he really came from a good family."

#### **Chapter 595: Sure Has a Bad Temper**

He Zhengbai gazed strangely at Lu Qi. "Why are you suddenly asking about this?"

"I was just curious about Lu Man's boyfriend's family. She filmed two movies back to back, and both of them turned out to be blockbusters. Although she was only the third female lead in the first film since it was still a Sun Yiwu film after all. She managed to grab the role of the female lead, I don't believe that it was of her mere good luck and that she didn't rely on anyone and only depended on herself. Today, her boyfriend's family came here especially to stand up for her." Lu Qi clenched her teeth. "You didn't see how the situation was like. The fact that Lu Man could achieve so much today definitely has something to do with her boyfriend!"

Although she suspected Lu Man's boyfriend to be Han Zhouli, Lu Qi didn't say a word about it.

Saying something like that out loud was too terrifying, even she herself found it to be absurd.

"Sure, let me think of a way to find out." He Zhengbai nodded, thinking pensively.

\*\*\*

Because of today's incident, most of the students kept their distance from Lu Man.

Although they didn't dare to mess with her, they weren't willing to get close to her either.

Only Zheng Yuanshi, Pan Xue and Han Leilei behaved the same as usual.

In the past they already had an inkling because of Han Zhuofeng's family background. Even though they weren't exactly sure how amazing Han Zhuofeng's family was, they were still mentally prepared for it.

Moreover, today, when the two elders and Shen Nuo came to their school, the principal was extremely polite, almost revering them.

While that behavior was so shocking that they were left speechless, they accepted it really quickly.

Therefore, they treated Lu Man the same as they did before.

After today's lessons ended, since Han Zhuoli wasn't around, Lu Man could head home early.

Just when she walked to the school gate, she was surprised to see Xiao Chen waiting against Han Zhuoli's Mulsanne.

"Lu Man." Xiao Chen smiled and greeted her.

Surprised, Lu Man asked, "Xiao Chen, this is—"

"I just dropped the two elders home. They instructed me to come here and wait for you." As he spoke, Xiao Chen suddenly raised his voice. "The two elders specially instructed me to drive this car here so as to let your schoolmates familiarise themselves with it. In the future, hopefully they would never make a mistake and misunderstand."

Lu Man: "..."

Xiao Chen sure was blunt. It was probably Old Mrs Han who told him to say this.

At this time, quite some students were coming out of the school and happened to hear Xiao Chen's words and were rather displeased.

*Lu Man's boyfriend's family sure has a bad temper. Is there no end to this!*

Lu Man stifled a laugh and quickly got into the car.

Immediately, Xiao Chen started the car and they drove off and Lu Man instantly called the landline of Old Han mansion to assure Old Mrs Han that she had got into the car.

Pleased, Old Mrs Han smiled. "Did Xiao Chen say the statement?"

"Are you talking about letting my schoolmates familiarize themselves with the car and definitely not make a mistake about the car in the future?" Lu Man chuckled when she asked it.

"Yes yes yes, that statement." Old Mrs Han nodded readily.

"He did his work." Lu Man smiled and said, "And he even said it so loudly that many people heard it."

"That's great, that's great." Old Mrs Han was elated. "In the future, if you suffer at school in any way, don't shoulder it all alone. I know that you are capable, but now that we will always have your back, don't face it on your own. Although Han Zhuoli might not be around, you still have us."

All along, her family only consisted of Xia Qingwei alone.

And although Xia Qingwei wanted to protect her, she was powerless.

However, as long as she knew that Xia Qingwei wanted to protect her, Lu Man already felt warm and loved.

As for the other people in the Lu family, she had already given up all hope.

However, today, the elders in the Han family came together to support her, and Old Mrs Han said this right not too.

Lu Man finally understood the feeling of being protected and surrounded by so many family members, her heart felt warm and fuzzy.

“Yes.” Lu Man’s voice was a little hoarse as tears welled up in her eyes and she tried her best to not let Old Mrs Han know.

However, it didn’t fool Old Mrs Han.

Yet Old Mrs Han didn’t say anything, understanding Lu Man’s emotions.

Because she knew what Lu Man had been through, and thus she was even more understanding of the gratitude Lu Man was feeling right now.

### **Chapter 596: How Badly Was She Treated by the Lu Family in the Past**

Hanging up the phone, Old Mrs Han sighed. “Man Man, this child sure has it tough.”

Shen Nuo looked over inquisitively, Old Mrs Han explained. “Today, we simply went to her school and stood up for her. It’s such a simple, small matter. Didn’t we do this for all our children before? Yet, such a small gesture could move and touch, Lu Man so tremendously. Think about it, how badly was she treated by the Lu family in the past to be moved to the brink of tears by our simple gesture?”

Shen Nuo said frankly and honestly. “Nevermind, isn’t it all ok now? Our in-law Qingwei is already in good health, and Lu Man is only getting more outstanding than ever. Now that she even has Zhuoli and us, no one will be able to bully her ever. She suffered before in the past, but in the future, her life would only get better and better.”

“Yes.” A bit relieved, Old Mrs Han smiled and nodded in agreement. “Lu Man is our granddaughter-in-law now, we will treat her well.”

\*\*\*

When Lu Man returned home, she heard the melodious sound of the violin.

Ever since Xia Qingwei picked up the violin again, she would always practice it a little at home. Her skills had improved a lot, and she was gradually returning back to the standard when she was younger.

After a while, the violin stopped playing. When Xia Qingwei came out holding her violin, she was surprised on seeing that Lu Man was back early. With a big smile on her face, she said, “You’re back so early today? Oh right, Xiao Han is away for work.”

After Xia Qingwei placed the violin down, Lu Man pulled Xia Qingwei to sit together. “Mom, there’s something I need to discuss with you.”

“What’s the matter?” Seeing Lu Man being so serious, Xia Qingwei started to feel nervous.

However, smiling, Lu Man reassured her. “Mom, it’s nothing bad, don’t be nervous.”

Hearing that, Xia Qingwei finally relaxed a bit. “You scared me, I thought something bad happened to you.”

“Something did happen, but it has been solved already.” Lu Man explained her calmly. “Yesterday, Zhuoli dropped me at the school entrance and Zhang Xiaoying and a few others happened to see us.”

Xia Qingwei clearly remembered the name ‘Zhang Xiaoying’.

Previously, when she slandered Lu Man on Weibo, Zhang Xiaoying’s name had been etched in Xia Qingwei’s mind.

“They didn’t see Zhuoli, and so told everyone that I was actually a mistress.” Lu Man said, “And it just so happened that Lu Qi started attending school too. In the past, she took a leave of absence to film shows, but now that she has nothing to act in, she came back to school again and started in Year Two again, so she’s in the same class as me.”

Worry and concern was clearly visible on Xia Qingwei’s face. “How will that do? You and her in the same class, then—”

“Mom, don’t worry, she can’t compete with me.” Lu Man smiled and comforted her. “Otherwise she wouldn’t have been forced to this stage by me where she has nothing to act. Even if she’s in the same class as me, she shouldn’t even think about troubling me.”

Even if Lu Qi wanted to, she should also throw away that thought of scheming against her.

She was no longer the dumb and foolish Lu Man from the past anymore.

“It’s just that Zhang Xiaoying made Lu Qi the cat’s paw to spread the rumor that I was a mistress in school.” Did Zhang Xiaoying really think that because she didn’t admit it, Lu Man wouldn’t know the true culprit?

At school, seeing the blaming game, she had already figured out how the matter started and would end.

Without waiting for Xia Qingwei to feel nervous, Lu Man quickly explained. “Thankfully, Zhuofeng was in school at that time and immediately told Grandpa and Grandma. In the end, the two elders immediately came to school with Auntie to stand up for me, and clear my name.”

Honestly, Xia Qingwei didn’t expect that the two elders would rush to come to Lu Man’s aid. She was instantly overwhelmed with immense gratitude.

“Mom, apart from you, I’ve never experienced such care or protection from the Lu family. Right now, I have you, the Han family and I feel exceptionally satisfied and truly fortunate. I have so many family members now.”

“That’s right.” Xia Qingwei reprimanded herself. In the past, because of her health, even though she wanted to protect Lu Man, she didn’t have the strength.

“However, I can’t lie about Zhuoli and I forever. Zhuoli is so great and it’s not like he can’t be seen by others. I don’t want him to be wronged or suffer because of me, it isn’t like he can’t see the light of day.

All along I didn't think about taking the initiative to announce it publicly. I have just been afraid that if I announce it, the Lu family members would shamelessly harass Han family."

### **Chapter 597: Move House**

Thinking about Lu Qiyuan's personality, Xia Qingwei honestly felt that he could really do anything.

"I'm just scared that for Lu Qi's sake, he would shamelessly go look for Zhuoli. Zhuoli definitely wouldn't agree to anything. Honestly, although he is my biological father, I don't acknowledge him and neither does Zhuoli, so it's useless for him to look for Zhouli either. But that is still very honestly too disgusting of him to pester Zhuoli, and to pester the Han family." Imagining the scenario, Lu Man imagined clenched her fist. "Being together with Zhuoli, I can't help him in any way, but at least I can't let myself drag him down. The elders in the Han family treat me so well too, and genuinely treat me as a part of their family. When I am wronged, they are more anxious than anyone else and so the more I can't let Lu Qiyuan and Xia Qingyang harass and disgust them. I can't let them be implicated and feel annoyed because of me."

Even Xia Qingwei was so furious that her body trembled in rage. "That son of a b\*tch!"

She had not even an ounce of doubt. Lu Qiyuan could really do go to such extent!

For his own benefit, Lu Qiyuan would completely not care about his dignity!

"I really hate it. How can I completely get rid of all ties with him? Even if we don't want to have any relation with him, he can always thicken his skin and treat himself as your father and come looking for us on his own accord. This man... this man..." Xia Qingwei clenched her fist in hatred, her nails digging hard into her palm.

She was really blind in the past!

Worried, Lu Man tried to pull Xia Qingwei's fist apart and rubbed her palm gently. "Today, the two elders and Auntie went to school. Sooner or later, my and Zhuoli's relationship will be known too. Therefore, I want to move house. Perhaps I won't be able to hide forever, but at least for a short period of time, Lu Qiyuan won't be able to come looking for us."

Otherwise, once the relationship between her and Han Zhuoli is announced, it was guaranteed that Lu Qiyuan would definitely come barging on their door again.

"Move house?" Xia Qingwei's heartstrings tugged a little.

Lu Man nodded and explained her calmly. "If we sell this apartment, the money I've earned should be enough to pay for the down payment. The contract I signed with Red Tiger is like this, Director Ji gave me 1 million yuan as my salary but once the movie stops airing, he would split the box office profits with me accordingly. I think that by that time, it should be enough to even afford and pay for the house entirely. Originally, I was thinking of us moving after I get the money not only to avoid Lu Qiyuan's harassment, but also to get a bigger place and a better neighborhood."

"It's just that today, something like this cropped up, so I can only push it forward. Lu Qi would definitely be curious about my boyfriend's family background. In the past, although they had seen me and Zhuoli

together several times, they would never have imagined that Zhuoli would like me. However now if they start connecting the dots and linking the clues, even if they didn't believe it before, they would realize it sooner or later."

Xia Qingwei nodded in agreement. "You're right. I'll listen to you."

Anyway, Xia Qingwei agreed to leave their current apartment as there was no reason to not move.

"As for your money, right now, I've only used a little of the cash prize you won for Golden Finger award. I didn't touch any of the salary you earned from *Greedy Wolf Operation* and *Red Tiger*. I have also been saving up your salary in the past, and together with that cash prize, it should be enough for our expenses this year. I've taken a look at the real estate agency nearby here before, an apartment like ours in this neighborhood can be sold for 3.5 million, so together with your salary from the film, it should be enough for a downpayment."

"Yeah, I've calculated before. We can get a mortgage. Once I get my share of the profits, we can pay up the remaining amount of money," Lu Man said.

Changing an apartment, changing for a bigger one in a better neighborhood, was like completely saying goodbye to her past, and starting a brand new life. And Xia Qingwei was also really looking forward to it.

### **Chapter 598: Her Eyes Had A Problem**

Although the house had two rooms and a kitchen, it was very compact. 62 square meters only sounded big.

Moreover, the two bedrooms were very narrow, otherwise, Lu Man's room could only accommodate one single bed.

Thus, sometimes when Han Zhuoli would sleep over, it would become quite inconvenient.

It was better to have a spacious room.

Thus, Xia Qingwei had already started planning for that.

Later at night, after Han Zhuoli finished his work for the day, he called Lu Man.

It was then that Lu Man came up with the idea of moving houses.

Back then, she had agreed to take up *Red Tiger* without discussing with Han Zhuoli, but this time, having learned her lesson, she definitely discussed it with Han Zhuoli.

Since it was a very simple thing, naturally, Han Zhuoli supported her as even he himself had long wanted to get Lu Man a bigger house.

It was just that Lu Man always refused to spend his money.

Even when Lu Man suggested it, Lu Man still planned on depending upon herself to buy a house.

His girlfriend was prideful and Han Zhuoli respected that.

However as her man, he wanted to help her out.

“You don’t need to find an estate agent, the Qi family is engaged in real estate. Just tell me your location preference, area of the house and your budget, I’ll tell Chengzhi. He will send someone to your house who will find out all the houses matching your criteria. After you choose, I’ll buy the house first. You first move in, and let the old house be placed in the hands of the agent, and there’s no need to worry about it.”

Honestly, Han Zhuoli really wanted to buy the house and gift it to Lu Man, but Lu Man would not accept it.

if even Han Zhuoli first paying for the house, she wanted to fight with him over it, then that was treating him as too much of an outsider.

“Alright,” Lu Man happily nodded to agree.

Pleased, Han Zhuoli smiled happily. This little girl, always knew when she could be stubborn and when she could readily agree with his suggestions.

It made it such that even if he wanted to say anything, he could not say it out, making him find it both funny and helpless.

Han Zhuoli acted very fast, and the very next day, someone contacted her.

Since Lu Man did not have lessons in the afternoon, and directly had the estate agent come at their home, so that she could take Xia Qingwei to see some new houses.

Not long after, they chose a place from where it was convenient to go to school, and also not far from Han Zhuoli’s house.

Although it was expensive, Lu Man had a share of the box office sales of her movie, and thus could afford to pay for it.

Lu Man instantly left the old house the hands of the agent and even though Han Zhuoli was overseas, he helped her contact some movers and packers and thus Lu Man and Xia Qingwei did not need to do anything.

Although it was a new house that had been built for quite a while, it had renovated and painted a long time ago so there was no smell.

It was the kind of house where she could instantly move in as long as she brought her belongings. She just needed to bring along some electrical appliances.

Since Han Zhouli had paid for the house and they needed to pay him back a huge amount of money, Xia Qingwei did not want to spend too much money on electrical appliances. She would just move their original electrical appliances to the new house.

Right now, Lu Man and Xia Qingwei were both cleaning up the new place.

Although the sweeping robot was sweeping and mopping the floor, the rest of the work still fell on Lu Man and Xia Qingwei.

However, the two of them were glad to do it. Xia Qingwei straightened her back, and took a look at their new house which was 100 meters square bigger than their old house. Seeing the spacious well lit house, she brightened up as well.

The third day they finally moved into their new home, and Lu Man planned on going home directly after her class.

In the end, as soon as she got out of the classroom block, she saw a Mulsanne parked outside.

Lu Man blinked her eyes in disbelief, thinking that her eyes had a problem.

However, when she double-checked the car plate, it was indeed Han Zhuoli's car.

These few days, because Old Mrs Han had given strict instructions to Xiao Chen, he always picked her up in this expensive car and thus the students in the school were already used to seeing this car, and now no one dared to say that Lu Man was a mistress.

However, whenever Xiao Chen came to pick her up, he would always stop at the entrance of the school, and would never driven in.

Curious, Lu Man hastily walked over.

Just when she reached the side of the car, the car door opened.

What she saw first was a long leg stepping out.

Lu Man's heart skipped a bit, just from that long leg she could easily make out the person to be Han Zhuoli!

"You're back!" Lu Man exclaimed in surprise.

As soon as Han Zhuoli got down the car, Lu Man did not think twice and jumped into his embrace, her two arms encircling his neck.

Han Zhuoli happily carried her up, and let Lu Man look at his face without utmost care and attention.

She really missed this man!

Seeing her overwhelmed with happiness, Han Zhuoli's gaze intensified, and lowering his head he kissed her on the lips.

The moment his lips met hers, he did not want to separate.

It was just that the location was not appropriate.

With great difficulty, Han Zhuoli separated his lips from hers her, but his gaze could not help but fixate on her lips which had been kissed plump.

Her lips were too addictive and enticing.

“It seems like I don’t need to ask if you missed me or not.” Han Zhuoli chuckled.

“I really missed you,” Lu Man was hoisted high by him such that her legs couldn’t touch the ground at all and this time, acting coy, Lu Man pecked him on his lips. “Even if you don’t ask me, I still want to say, I really missed you!”

Seeing her act coy, Han Zhuoli was extremely surprised and over the moon.

He did not think that after going overseas for a few business trips, there would be such an effect.

If it were an ordinary day, this girl would not say these confess her true feelings so easily.

“Look, who is that?”

At that moment, as the students came out of the class, they saw Han Zhuoli and Lu Man embracing each other lovingly.

But since Han Zhuoli’s back was facing them, they could hardly see his face from the side, let alone from the back side.

Han Zhouli was a charming, handsome man. With long slender legs and good built, he looked handsome even when his face was not visible. His straight back and broad shoulders looked very manly and attractive.

Even if they could not see his face, they could tell that he was a young mature, handsome man.

Standing next to the Mulsanne, with his back against the car, they could tell he was a tall rich and handsome man!

Why was Lu Man so lucky!

Han Zhuoli’s aura way even better than Han Zhuofeng’s.

“Could this be Lu Man’s boyfriend?”

“So young.”

“That’s definitely true, since Han Zhuofeng is not old, even though it’s his older brother, he can’t be too old.”

“What an amazing luck Lu Man has! Finding a tall, rich and handsome man.”

Suddenly, everyone was green with jealousy.

“There are many people here, let’s leave first,” Lu Man said, even though she did not want to let go of Han Zhuoli.

Han Zhuoli nodded, and put Lu Man down.

He was leaning against the passenger seat door, and so Han Zhuoli turned around to sit inside, giving the students only one glimpse of his handsome side profile.

It was too fast, and a lot of people did not even manage to see it clearly.

Those who got the chance to see it for a second were stunned.

Just that split second of side profile was already so handsome that the scene would forever be etched in their minds. Having seen his face clearly, they wondered how he could be heaven-defying handsome!

A lot of the girls could not help but admire his looks, feeling that even if he was poor they would keep him as their boy toy and pay for him.

When Lu Qi came out, Han Zhuoli had already started the car, and was slowly driving away.

Thus, Lu Qi could only manage to see the back of the car.

She could hear everyone gossiping with excitement and envy.

“Lu Man must have saved the universe in her past life. Her boyfriend is so handsome, and so rich, even his family treats her well.”

“I can’t not say that I’m not jealous of Lu Man, how did she manage to get such good luck!”

When Lu Qi heard it, she hurriedly grabbed a person. “You saw Lu Man’s boyfriend just now?”

“Just his back, he’s tall and has a good figure.”

“I did see his side profile, it was too fast, but I couldn’t get a clear view. It was very fast, but his side profile is also very handsome.”

## **Chapter 600: High profile**

As to how he looked like, there was no one who could firmly say anything very substantial.

Lu Qi had originally planned on using their descriptions to confirm who was it, but in the end, all she got was trivial information.

After Han Zhuoli drove the car for a while, he chose an ordinary alley, and drove into it before stopping his car at the side.

Who knew that the alley he found would be completely isolated.

On both the side of the alley, there were trees with yellow-red leaves that provided a thick shade.

He had just stopped the car when she heard the seatbelt being released.

Lu Man’s heart skipped a bit and before she could react her seatbelt had been undone by Han Zhuoli.

The very next second that moment, he pulled her to sit on his lap.

His cologne’s fragrance had completely engulfed the whole car.

And now that she lay in his embrace, that attractive scent hit her even stronger.

Raising her eyes, her gaze fixated on his seductive lips which carried a slight minty scent on them.

Having not seen each other for a few days, Lu Man realized that she missed him a lot.

“Why did you come to fetch me?” Lu Man remember how every time Han Zhuoli had time, he would come and fetch her, and not wanting him to misunderstand, he hurriedly explained. “I’m saying, why did you drive into the school.”

Before this, whether it was Han Zhuoli or Xiao Chen, they did not try to make it grand and never did they drive into the school campus.

It was only on that day when the two Han elders and Shen Nuo came to help her and had especially driven their car into the school campus.

“I need to let people know that your boyfriend is not an old man,” Han Zhuoli said, his face darkening. “The previous few days, when the rumors troubled you and maligned your image, I was not here, so I could not personally stand up for you.”

This was like a thorn in his heart and he just couldn’t forget how his girlfriend’s reputation was tainted by a rumor.

He had got to know about it from Han Zhoufeng the very moment his plane had landed.

Han Zhoufeng had been worried that if he did not tell Han Zhouli about it right away, then if Zhuoli were to find out once he came back, he would definitely come to settle score with him.

In the end, even though Han Zhuoli was working overseas, he did not feel at ease.

Although he knew that Lu Man would not be depressed or harmed by the rumors, his heart still aches for her and he felt guilty.

He was guilty since he was not there to protect and stand up for her when she needed him the most and because he could not do what was the most basic thing he should do as a man.

If it were not for his grandparents and Shen Nuo’s instant reaction, going to school and standing up in support of Lu Man, Han Zhuoli would have flown back the same day.

Right now, Lu Man’s eyes shines brightly as she looked affectionately at Han Zhouli. “So you specially drove a car into school today to let people see you?”

She knew that Han Zhuoli did not like to attract attention, and he would often try to prevent showing his face at a lot of events.

Even at that time when she had just got to know him and they participated in the charity night, he should have walked the red carpet, yet he willingly didn’t.

When it came to such high profile public events, unless there was an absolute need for him to show himself, he wouldn’t.

“Since I’m here to fetch you, I’ll just take the chance to show my face.” Han Zhuoli’s low voice sounded sweet, and seeing Lu Man touched because of his normal actions, he was elated and his heart was filled with warmth.

Knowing that his actions made her happy, warmth filled his heart.

Even if he would have done it because it was his choice, there was a difference between the receiver being grateful for it and acting like it was expected of him and everyone would prefer the former's reaction.

Yet Han Zhuoli did not tell her that he had taken a night flight to B City and the moment his plane landed in the morning, he hurried home to put his luggage down, and quickly changed into new clothes to go pick her up from school.

Having her class timings in mind, he had quickly settled things so that there would be just enough time to come over to fetch her.
