

Mr Han 81

Chapter 81: If It's not given to her, She Will Snatch It; If She Can't Snatch It, She Will Steal It; If She Can't Steal It, She Will Ruin It

You Lili frowned. "You are Lu Man's father, what do you have to do with our manager? If you don't have an appointment and you're unwilling to tell us the reason why you want to meet our manager, I can't inform him adequately."

This person must be crazy!

Who did he think he was, thinking that he could meet Manager Wu whenever he wanted!

Could it be that he wanted her to tell him, "*Manager Wu, because this person is Lu Man's father, he has to see you.*"

How shameless was that!

"I'm just asking you to convey my message to him, what kind of attitude is this! You're so inflexible. Why would Han Corporation hire someone like you? If you were in our company, you'd definitely be fired. No, you probably wouldn't even be hired!" Lu Qiyuan shouted the odds.

You Lili laughed mockingly. "If I could get into such a big company like Han Corporation, would I even care about your company? I wouldn't go even if you wanted me to!"

This person was Lu Man's father?

Who was he!

He was an outright lunatic!

Earlier, Lu Man seemed to be rather well-mannered and polite. But why was her father like this?

You Lili couldn't help but deeply question Lu Man's character.

"How could you speak like this! Is this how the Han Cooperation treats its visitors?" Lu Qiyuan was infuriated.

Wu Lize could hear the ruckus even in his office. Hence he walked out and frowned when he saw Lu Qiyuan refusing to give in.

"Xiao You, what's the matter?" Wu Lize asked.

You Lili looked unhappy. "This mister here does not have an appointment, and he refused to say exactly why he wanted to meet you. He just kept insisting that he is Lu Man's father and has to meet you no matter what."

"Manager Wu, your department's employees are useless! How could they have entered Han Media Company at this standard! They're so rude to visitors. I even thought that all employees in Han Media Company behave like this!" LU Qiyuan's words made the other colleagues who heard it uncomfortable too.

By now, You Lili's was beyond infuriated, yet she unwillingly bit back her tongue.

This person must certainly be a lunatic!

He came to another company's department and was ordering their employees about!

"Haha." Wu Lize was speechless too. "Head back first, Xiao You. It's fine."

You Lili nodded, however, her heart was filled with blame towards Lu Man.

Upon hearing what Wu Lize said,, Lu Qiyuan was unhappy.

"Mr Lu, right? Please come with me to the office." Wu Lize led the two of them into the office and closed the door. "Why were you looking for me?"

"My daughter Lu Man just came here for an interview. I've heard that you are hiring her?" Lu Qiyuan asked directly.

"Yes. Lu Man has a talent in this area. She has quick instincts, is creative and is reliable." Wu Lize could not hide his admiration for her.

Needless to say, Lu Man had such a presence that as long as she was there, no matter how big the problem was, others would still feel at ease and comfortable.

That was extremely important for the public relations department.

Moreover, the public relations department was in charge of the various public relations crisis of artists. Thus things would often happen all of a sudden, causing everybody to go into a nervous wreck and the situation would always turn into a huge mess.

However, in the future, with Lu Man around, this situation should probably improve quite a bit.

"She is indeed very creative. She framed her own sister, tried to defame her. She can't stand having anything good happen to her sister. I'm reminding you, if she really works for you here, she would definitely ruin the atmosphere here. Before it's too late, you should quickly change your mind."

"It's my right whoever I want to hire. Lu Man has the ability and I believe that she's not the person you say she is. I believe in my own judgement too," Wu Lize said firmly.

"Ha, is your belief better than her family who has lived with her for 22 years? She did not even graduate from university yet Han Media Company still wants her? She doesn't even respect her parents back at home and goes about trying to drive a wedge between our relationships. She even used all sorts of underhand methods. She wants everything that her younger sister has. If it's not given to her, she will snatch it; if she can't snatch it, she will steal it; if she can't steal it, she will ruin it."

Chapter 82: Don't Even Talk About Being a Second Female Lead, She Can't Even Play the Role of a Tree

"Mr Lu." Wu Lize coldly interrupted him, "I'm starting to suspect, is Lu Man really your own biological daughter?"

"Of course she is!" Lu Qiyuan said unhappily.

“Since she’s your daughter, why would you speak ill of her like this?” Wu Lize found it unbelievable. “Could it be that you hope that she can’t get a job? You even came to her company just to bad-mouth her.”

Lu Qiyuan’s face turned red. “Hmph, I just don’t want you to be fooled by her. Yet you’re so ungrateful!”

“This is my company! I don’t need you here ordering my people around!” The door suddenly opened. Han Zhuoli fiercely strode in, his face was cold and rigid.

Moreover, when he had reached the door, he heard everything that Lu Qiyuan said through the door.

“President.” Wu Lize quickly stood up.

Seeing Han Zhuoli, Lu Qiyuan’s face immediately changed. He was respectful yet fearful of Han Zhouli at the same time and tried to please him. “Mr Han, nice to meet you. I’m Lu Qiyuan, this is my daughter—”

“I know. The one who slept with the director and hurt him. Lu Qi, right?” Han Zhuoli did not even spare them a glance.

Lu Qi’s face blushed furiously. “No... that’s all... all a misunderstanding. It’s because of my older sister...”

“In front of me, stop trying to convince me with this rubbish. On the day when Lu Hanli was injured, I’ve clearly seen it all how the police dragged you away,” Han Zhuoli said coldly.

Lu Qi’s face immediately turned pale. How could she have forgotten! Han Zhuoli was there too that day!

And just like Lu Man, he was only clad in a towel!

Now that Lu Qiyuan had spoken badly of Lu Man, wouldn’t Han Zhuoli...

“Mr Han, you don’t know Lu Man—”

“Then I don’t need to know it from you either.” Han Zhuoli’s eyes narrowed. “You cheated on your wife with her own younger sister, and after the divorce you married your sister-in-law, even forcing Lu Man to quit school to be Lu Qi’s assistant. After Lu Qi injured Lu Hanli, you also forced Lu Man to take the blame for Lu Qi. Since Lu Man was unwilling, you planned to capture her at the hospital, intending to use your sickly ex-wife to blackmail Lu Man. However, your plan was foiled, so now you are trying to slander Lu Man.”

“It’s a misunderstanding, this is all a misunderstanding...” Sweat covered Lu Qiyuan’s entire face.

At the side, Wu Lize was shocked hearing it. How could there be someone who was so ridiculous!

Moreover, he even had the cheek to say that it was just a misunderstanding!

How could he be her biological father! Even a step-father wouldn’t behave this way!

“Mr Han, actually, I’m here today at your distinguished company to ask if there’s any role that’s suited for Lu Qi.” Since he could not bad-mouth Lu Man any further, Lu Qiyuan quickly changed the topic.

Originally, he had an appointment with the manager of the production team. However, since the big boss of Han Media Company was here, why would he still bother finding someone else?

“Ha,” Han Zhuoli laughed mockingly. Lu Man’s father sure was an incredible man. “She wants to find a role here at Han Media Company? No way.”

“This...” Lu Qiyuan was tongue-tied. Then, he said, “With Lu Qi’s reputation, I’m not looking for a lead role for her either. It would even be more than enough if she could have the role of the second female lead. Besides, Lu Qi would bring funds into the production. Our Yi Lu Culture can invest a portion of the production and promotional fees.”

“If it’s a show produced by Han Media Company, there would be tons of people vying for the role of the second female lead. Besides, would I even need that little investment of yours?” Han Zhuoli hit the table furiously. “I’ll say it clearly today. From now on, Lu Qi would not be part of any show produced by Han Media Company! Don’t even talk about being a second female lead, she can’t even play the role of a tree.”

Lu Qiyuan’s face instantly turned purple.

Han Zhuoli was too overboard!

“Are you going to leave on your own, or do you want me to get the security?” Han Zhuoli looked at them coldly.

No matter how shameless Lu Qiyuan was, he still believed that he was the head of a big company. Even if he could not compare to Han Zhuoli, he also should not continue being humiliated here.

Chapter 83: Leave Quickly, Stop Humiliating Yourself Here

Hence, Lu Qiyuan quickly left with Lu Qi. Han Zhuoli said to Zheng Tianming sternly, “Inform the others, from now on, no one is allowed to have an appointment with Lu Qiyuan!”

However, Lu Qiyuan still did not know that he had been black-listed by Han Zhuoli. He only felt that Han Zhuoli did not respect him and thus had humiliated him a lot.

“Dad, hey... Han Zhuoli is protecting Older Sister so much. Could it be that...” Lu Qi strongly tried to hide her jealousy.

Why was Lu Man so fortunate? She actually got into a relationship with Han Zhuoli.

“That’s impossible! With her standards, how could Han Zhuoli like her? He’s just playing with her. When men are playing around, they would protect the girl more or less.” Lu Qiyuan said unhappily.

“But no matter what, Older Sister indeed has indeed some relationship with Han Zhuoli. Maybe, could we get Older Sister to ask Han Zhuoli to give me a role? I’m not expecting much, just a second female lead role will do. To be fair, before the incident, with my viewership ratings, I even had a fair pick of first female lead roles.”

All this was ruined by Lu Man!

Clearly, Lu Qiyuan shared the same thoughts too. Hence, he immediately called Lu Man.

Meanwhile, Lu Man was already on her way to the hospital. When she saw Lu Qiyuan's call, she immediately felt exhausted.

However, if she did not pick it up, who knows what he would do?

She massaged her temples and finally picked up the phone. "Dad."

She was probably the only one who knew how unwilling she sounded.

On the other hand, Lu Qiyuan felt smug. No matter what, Lu Man was under his control and could not do anything. "Come home now, I've something to speak to you about."

Lu Man rolled her eyes. "I'm busy."

"Busy? Sure, since you're busy, I'll head down to the hospital and have a little chat with Xia Qingwei. I know you have two bodyguards there, so I'll just stand outside in the corridor and shout at her, Xia Qingwei will definitely hear me. Not only would she be able to hear me but also everyone else on that floor would hear me. If you're not afraid that everyone will find out about your scandal, then don't come home."

Lu Man's heart raced. She could bear with him hitting and scolding her, but she could not stand him using Xia Qingwei to blackmail her!

Using his first wife to threaten his own biological daughter.

How could Lu Qiyuan do this!

"I've got it. I'll head there now." Lu Man hung up the phone coldly.

Lu Qiyuan smirked. He did not believe that she could ever get out of his control!

Lu Man unwillingly told the driver to change the route and went to the Lu household.

After a while, the taxi stopped at the entrance of the Lu household. Lu Man pressed the doorbell of the Lu household's gate.

However, she did not expect Xia Qingyang to appear on the intercom.

"Lu Man? Why are you here?" When Xia Qingyang saw Lu Man's face, she was filled with anger.

When Lu Man heard it, she raised her eyebrows and asked, "My dad and Lu Qi aren't back yet?"

"No, why did you come here for?" Xia Qingyang still did not have any intention to open the door.

Seeing Xia Qingyang's attitude, Lu Man had an idea.

She purposely did not say that it was Lu Qiyuan who told her to come. "Open the door first and let me in."

Indeed, Xia Qingyang laugh sarcastically, "Do you still think you are the young mistress of this household? Leave quickly, stop humiliating yourself here."

The corner of Lu Man's mouth lifted slightly. "You'd better let me in."

"I just won't let you in and so? You've gone against my entire family and now you still think of coming back? You're dreaming!" Xia Qingyang arrogantly thought that she had figured out Lu Man's motive. "Why, after harming Qi Qi and your father, you're back here to brag and show off?"

"You really won't let me in?" Lu Man asked again.

Chapter 84: Xia Qingyang Was Precisely What They Call a Dumb Teammate

"I won't let you enter!" Xia Qingyang smiled derisively, "Is it that you have no more money? And you're thinking about being nice now, to ask for money? No way! If you have the ability, then you can continue pressing on! At that time, when you were harming Qiqi, you were so impressive! Oh, when you have nothing to do you try to make our lives hard, but now that you have no money, you suddenly remember about us? I'll tell you now, I won't give you a single cent, I also won't give you Qiyuan! You can bring along your sick mother and die together!"

"Repeat what you said!" Lu Man's expression turned frosty.

Xia Qingyang instinctively took a small half step backwards but remembered that Lu Man was standing outside the door and thus could not do anything to her at all.

How weird, Lu Man only glared at her, why was it so scary?

"Haha, let me tell you now, the Lu family money is all mine and Qiqi's. Earlier, when I was willing to give you a salary, that was just me being charitable. The money you spent is all Qiqi's money. From now on, you must stop thinking about spending my family's money!" Xia Qingyang got more and more smug as, through the screen on the video camera, she saw Lu Man's coldness as her fear.

Then Lu Man smiled and said scornfully, "It's you who said that you won't let me in."

Feeling suspicious, Xia Qingyang paused before she straightened her neck, "It's me who said it, so what! Are you trying to scare me?"

However now Lu Man did not want to talk about useless stuff with her any more and turned around to leave.

It took quite a long time for Lu Qiyuan and Lu Qi to return even after Lu Man had left.

As soon as Lu Qiyuan entered through the door, he searched for Lu Man. Upon not seeing Lu Man anywhere, he instantly pulled a long face, "That unfilial daughter hasn't come back yet?"

"Who?" Xia Qingyang paused a bit before asking, "Are you talking about Lu Man?"

"Yes, she hasn't come back yet?" Lu Qiyuan had been embarrassed at the Han Corporation, and already had a bad temper when he returned home.

“She...” At that moment, Xia Qingyang felt that something was wrong and thought back to what Lu Man had told her just a while ago. She suddenly came to a realization; that horrible girl had dug a trap for her!

No wonder she said it would be best if she let her in.

Yet, she refused to say the reason.

If she knew that it was Lu Qiyuan who wanted Lu Man to come back, would she not let her in!

That horrible girl, how could she be so bad!

That girl did not take a break at all, always every opportunity to set up traps!

“Reply me!” As Lu Qiyuan saw Xia Qingyang’s expressions, he immediately knew what had happened, and asked her, “She came, but you didn’t let her in?”

It could be said that Lu Qiyuan actually knew Xia Qingyang quite well and was not that dumb.

Xia Qingyang’s lips trembled, “I... I didn’t know she was called back home by you. She didn’t say, so I thought she came back to make fun of our family.”

“You...” Lu Qiyuan pointed at her angrily, his finger trembling, “What a good thing you did!”

He had, through great difficulty, used threats to call Lu Man over, yet before she had even entered the door, Xia Qingyang had chased her away!

However, this was exactly what Lu Man wanted!

Xia Qingyang was precisely what they called a dumb teammate!

“It’s all... all a trap she set for me, she didn’t even tell me that it’s you who asked her to come home, and led me on to say harsh words to chase her away. If I knew that you had called her here, even if I didn’t want to see her, I still would have let her come in,” Xia Qingyang said, feeling wronged.

“You knew that she was as slippery as a mud fish, yet you—” Lu Qiyuan was angered until he had no more temper, and harshly put down his hand.

He did not know what had happened to Lu Man, she had changed so much that she was no longer controllable at all!

Whereas in the past, she was not at all like this.

Lu Qiyuan immediately took out his phone and called Lu Man.

At that moment, Lu Man was sitting in a taxi, and upon seeing that it was Lu Qiyuan who was calling her, she let the phone ring for a long time before picking it up.

Chapter 85: Don’t Just Make Some Random Pig or Dog My Parent

“Why did you pick up the phone only now!” Lu Qiyuan discontentedly scolded Lu Man.

Lu Man smiled sarcastically. Now, it was even her fault for picking up the phone later. “I didn’t hear it.”

“Did I not tell you to go home?” Lu Qiyuan questioned.

“I did, but Xia Qingyang refused to let me in, what else could I do?” Lu Man said sarcastically.

“Don’t think that I’m clueless. I know that you intentionally let her misunderstand.” Lu Qiyuan said gruffly.

“Ha,” Lu Man snickered. “I didn’t even say a single word when I went there. She was the one who immediately assumed that I went there to mock you guys and beg you for money. Moreover, she kept refusing to let me in. And now you’re blaming me? What a joke!”

“Do you think that you’re not responsible for this since you didn’t say anything?” Lu Qiyuan laughed sardonically. “You said nothing and just kept trying to cause your mother to misunderstand. Didn’t you just intentionally make her chase you away so that it’d be perfectly justifiable that you won’t have to enter the house? You are treating us as idiots and fooling with us, right!”

“First of all, Xia Qingyang is not my mother. If a b*tch like her gave birth to me, I’d even cry in my dreams. Second, no matter what I do, it’s always my fault. I’m always the one who’s responsible, not you.”

“Why is she not your mother? She’s my wife, so she’s your mother!” Lu Qiyuan was furious.

“I only have one mother and she’s currently lying in bed in the hospital. Don’t just make some random pig or dog my parent! Ha, stop talking all this rubbish with me.” Lu Man did not have that patience to deal with it anymore. “What exactly is the matter?”

Lu Qiyuan was livid and mad. “Who are you calling a pig or a dog! Come back immediately.”

She had guessed that Lu Qiyuan must have something that he wanted her to do.

However, using this attitude to ask someone for a favor, did he really think that he could control her so easily?

“Just tell me directly over the phone. You don’t have to use my mother to threaten me anymore. Even though you have gone to the hospital once before, you didn’t even ask how my mother was recovering after her surgery or whether she was feeling better.” Lu Man laughed scoffed, “Ha, even if you didn’t ask, I’d still have to let you know that my mother is recovering very quickly. Her wound is almost healed already and the stitches can be removed soon. Even if you appear before her once again, she won’t be too affected by it.”

“You don’t treat me as your daughter but my mother does. She still cares for me. She would not let you use her to threaten me, so I’m not worried. Besides, now you can’t even enter her hospital room, you’d just have to make a ruckus in the corridor. If you want to humiliate yourself like that, I’m more than happy to oblige. Moreover, all the netizens already know that my step-sister stole my boyfriend from me, so what else is there to say? Do you think you’re only humiliating me? You can’t get away either. With you around, it’s even more impossible for Lu Qi to get away. She’s so ‘well-loved’ by the media, now, if anything happens to her, they would never let her off.” Lu Man did not care at all. “So, if you’ve something to say, just say it. If not, then don’t bother.”

Moreover, she was not the one asking for help either.

Lu Qiyuan's actions had made Lu Man suffer the most. However, now he really could no longer control Lu Man!

"You are going to work at Han Media Company?" Lu Qiyuan asked straightforwardly.

Lu Man was originally glancing out of window carefree way, but Lu Qiyuan's sudden question brought her back to her sense and her eyes narrowed as she squinted. "You've heard about it at Han Media Company? Yes, I've already been hired."

"Resign immediately." Lu Qiyuan ordered furiously, his face was dark with angry. "We have a company at home. Are you not afraid of people laughing at you for going out to work for others!"

"Ha, are people not already laughing at us? Since when were you so shameless. Moreover, from the moment you've started to treat Lu Qi as your daughter and me like trash, it's already one big fat joke." Lu Man was losing her patience. "What exactly is it? If you won't say it, I'm hanging up!"

Chapter 86: Go and Speak With Han Zhuoli and Ask Him to Give Qi Qi a Role

Resign?

As a new employee, her salary at Han Media Company was already five times what she earned when she was working as Lu Qi's assistant.

It was evident exactly how low her pay was back then.

Yet, Lu Qiyuan still had the cheek to tell her to resign?

Lu Qiyuan was enraged, his blood rose to his face making his face turn purple. "With your qualifications, you actually think that you can get hired by Han Media Company? As a person who did not graduate from university nor has any relevant experience, how could you have gotten into Han Media Company by yourself? It must be Han Zhuoli who helped you."

Lu Man's face turned serious. "You don't treat me as your daughter and you have only cared about Lu Qi. All these years, I've already accepted this reality. Ha, yet you still have the cheek to look down at me for not graduating university? Do you not know why I couldn't graduate? Anyway, I've relied on my own ability to get into Han Media Company. Speaking of which, I still have to thank you after all. If you didn't keep forcing me until I was at my wit's end then I wouldn't have the need to retaliate back, I also wouldn't have blown up the matter on the internet. Moreover, Han Corporation happens to admire my ability to blow up a storm."

Lu Qiyuan gritted his teeth tightly and took a deep breath. "I don't care what relationship you have with Han Zhuoli. But since you know him, ask him to find a role for Qi Qi in one of the television shows Han Corporation produces. The first female lead would be best, but at least it has to be the second female lead. Moreover, her screen time can't be shorter than the first female lead."

Lu Man laughed out of anger. How did she never realize how childish and ridiculous Lu Qiyuan could be?

"Ha, with Lu Qi's current situation, she still wants to be the first female lead or a second lead who has equal screen time as the first lead? Who does she think she is?" Lu Man mocked insouciantly.

“If not for this incident, there would be a ton of shows for her to choose from. She would not have even cared about a second female lead role. If not, we wouldn’t also let Han Corporation take advantage of her,” Lu Qiyuan said.

Lu Man did not know from where Lu Qiyuan’s pride towards Lu Qi came from. “Stop joking, even at Lu Qi’s peak, she can’t even appear in any of Han Media Company productions. However, now she wants only the first or second female lead roles?”

“Aren’t you acquainted with Han Zhuoli? With Qi Qi’s popularity, how could she not be picky?”

Lu Qiyuan was just too shameless. Lu Man bit back her tongue. “What popularity does she have now?”

“Even if her reputation isn’t so good now, it’s still considered as popularity. Ask around, is there anyone who doesn’t know Qi Qi? Lu Man, I shan’t talk about how you’ve hurt Qi Qi before. Both of you are my daughters, yet you keep saying that I’m biased. How am I biased? You keep hurting Qi Qi, but now I’m not even blaming you. As the older sister, when your younger sister is facing difficulties, what’s wrong with you helping her out? Why do you keep doing things that make me disappointed in you!”

Ha, only when he was begging her for help, did he finally remember that Lu Man was his daughter too?

“Back then, didn’t you force me to be her scapegoat? Lu Hanli clearly wasn’t going to sue Lu Qi, but you had to ask Lu Hanli to lie and accuse me. You don’t blame me yet you keep forcing me to my wit’s end. If you really do blame me, I honestly don’t know what you can be capable of.”

Lu Qiyuan was shocked. How did Lu Man know about this!

Back then at the hospital room, there was obviously only just him and Lu Hanli. How did Lu Man find out?

Moreover, Lu Qiyuan did not know that since Lu Hanli had received Han Zhuoli’s stern warning, Lu Hanli would naturally tell Han Zhuoli word-for-word what Lu Qiyuan had told him. It was the only way Lu Hanli could prove that he did listen to Han Zhuoli and did not agree no matter what Lu Qiyuan said.

Lu Qiyuan laughed dryly. “Who did you hear that from? They are trying to ruin our relationship! Lu Man, go and speak with Han Zhuoli and ask him to give Qi Qi a role.”

Chapter 87: I’m Just a Small Fry. It’d Be Difficult to Meet Han Zhuoli

“You sure know how to joke. Who am I to speak to Han Zhuoli like that? You aren’t thinking that just because Han Zhuoli helped me once, I have some close relationship with him, right?” Lu Man snickered. “Honestly speaking, I’ve nothing to do with Han Zhuoli at all. I don’t even talk to him. He doesn’t even meet me either.

“Stop pretending! If there’s nothing between you two, why would he help you at the hospital that day? Moreover, if there’s nothing going on, why would he especially leave two bodyguards at the hospital?” Lu Qiyuan shouted, “Are you insulting my intelligence!”

“Haha,” Lu Man laughed mockingly. Intelligence? Since when did he have that?

“Yes, I had the same thoughts as you at first. If I were indeed close to Han Zhuoli that would be amazing. With him around, would I still be afraid of you? I could have ruined the Lu family completely long ago!” Lu Man laughed lightly.

Lu Qiyuan was livid. “You unfilial thing! What good would it do to you by ruining your own family!”

“Don’t get so anxious, I was only dreaming about it. However, I did go to find Han Zhuoli eagerly, but who’d know that he would tell me that he just simply couldn’t stand how you were bullying others and merely lent a hand. As for anything else, he told me to stop dreaming.” Although Lu Man wanted to infuriate Lu Qiyuan, she did not want him to keep harassing her just because of her relationship with Han Zhuoli.

Hence she decided that she might as well say that she was worthless in his eyes as it was the only way Lu Qiyuan would completely give up any hopes.

However, Lu Man had changed too much in this time span. Thus, Lu Qiyuan honestly could no longer tell when Lu Man was speaking the truth and when she was lying. “I don’t care what method you use, just settle it for me!”

Lu Man rolled her eyes. “I can’t do it. I’m just a small fry. It’d be difficult to meet Han Zhuoli, let alone talk to him.”

“Aren’t you working at Han Corporation? Why wouldn’t you be able to meet him?” Lu Qiyuan’s tone changed immediately.

“Ha,” Lu Man scoffed, “Did you not find out which department I had applied for and then went bad-mouthing me to that department’s head just so that they would not hire me?”

Even if Lu Qiyuan denied it, Lu Man would not believe it.

Moreover, Lu Qi was there too. So certainly they would not have done nothing as those two always refused to let anything good happen to Lu Man.

Also, whenever either one of them was around, they could not stand anything good happening to Lu Man, let alone when both of them were there.

What Lu Man had said stunned Lu Qiyuan so much that he was speechless for a while. How did Lu Man know that!

However, Lu Qiyuan would never have thought that Lu Man would know him this well. She could even figure him out using just her toe to think!

His silence right now was equivalent to admitting it.

Even if she had already expected it, rage burned within Lu Man’s chest. Her eyes turned red from anger.

She clenched her teeth and pressed her lips tightly together. After much effort, she finally said, “Dad!”

“You’re my dad, right! What exactly do you want? To what extent will you keep forcing me? Huh?” Even when he was begging her for help, he did not speak nicely to her, it was rather as if she was under his obligation and thus owed them!

She was indebted to many people — her mother, Mi Qiansong, Tang Zi — but she was definitely not indebted to him at all!

“I’m not asking for you to give me 1% of your love for Lu Qi nor am I asking you to remember that I’m your daughter too. I’m just asking you to stop harming me! Am I asking too much? Is it too difficult?” Lu Man was so livid that her eyes were about to burst out of the sockets.

Lu Qiyuan held back his words for a long time before he finally said, “Since when have I ever harmed you! If I had harmed you, would still be able to happily stand there and talk to me over the phone!”

“Ha, if you don’t want to admit it, that’s fine. Your conscience knows exactly what you’ve done.” Lu Man was too tired to be angry anymore. Her fingers were already pale from gripping onto her phone so tightly. “I’ve long expected from you to not care for me as a father, but stop trying to harm me behind my back or dragging me down! On one hand, you’re ruining my life, yet on the other you still want me to help you. Ha, right after you decided to bad-mouth me to my supervisor to make me lose my job, you immediately try to get me to help Lu Qi find a role? Have you ever considered that once I lose my job because of what you did, I will not have the money for my mother’s medical treatment? She’s your ex-wife who went through thick and thin with you for years! You wouldn’t have all these achievements without her! For the sake of Lu Qi, you really want my mother to die?”

Chapter 88: Xiao Han Has the Heart to Purposely Come and See Me

It was even to the extent that he was using Xia Qingwei to threaten her!

“Don’t forget, you don’t just have Xia Qingwei as your mother, you also have me as a father! Without me, you won’t exist! I do everything with my own reasons, so I definitely won’t harm you!” Lu Qiyuan said, which made Lu Man laugh.

If he could be so thick-skinned to say that, what else could Lu Man say?

“I don’t care!” Lu Qiyuan decided to just ignore what Lu Man had said, “She’s your sister, you must help her. I don’t care what you tell Han Zhuoli, as an elder sister, you have the responsibility to help her.”

Lu Man just laughed derisively and directly hung up on him.

This left Lu Qiyuan stunned for two seconds, this horrible girl actually dared to hang up on him!

Furious with her, Lu Qiyuan angrily called her again.

As for Lu Man, seeing that it was Lu Qiyuan again she did not pick up and directly switched off her phone.

She did not care about how angry Lu Qiyuan was on the other side of the phone. Moreover, she had already returned to the hospital.

Just as she was reached the entrance of the hospital room, she saw Zhou Cheng and Xu Hui standing on either side of the door as if they were door gods.

“What’s with the two of you?” Why were they standing so in front of the door right now?

In the morning, when she had left, the two of them were still collapsed on their chairs.

“It’s nothing, it’s nothing,” Zhou Cheng smiled and asked, “Was your interview today successful?”

If she had not met Lu Qiyuan, she could say that it was very successful, but now, she did not know if she still could go to work at Han Corporation.

Furthermore, she did not know whether the Public Relations Department would actually listen to what Lu Qiyuan said and believe it, thus she changed her idea.

Now that she had also she had switched off her phone, in case they had changed their minds, they could not even inform her if they wanted to.

Lu Man quickly switched on her phone and shook her head at Zhou Cheng, “I really don’t know.”

Zhou Cheng found it weird, that was not possible, with Young Master Han, how could it not be successful?

Originally, he had asked even when he already knew the answer but who knew that Lu Man could not confirm it.

However, Zhou Cheng smiled and said, “You should go in first, Auntie has already been asking about you the whole afternoon.”

Lu Man nodded, and just as she opened the door, she heard the voices inside leaving her stunned for a moment.

On the chair next to Xia Qingwei’s hospital bed sat a tall man, and that man was none other than Han Zhuoli!

However, Xia Qingwei was the first one to see Lu Man, and quickly waved her over, “Man Man, why did you come back only now? Come here quickly.”

Lu Man walked over, unsure of what was happening, and heard Xia Qingwei say, “Xiao Han has the heart to especially come over and see me.”

Xiao Han?

What in the world?

When did her mom become so familiar with Han Zhuoli?

“This time Xiao Han really spent a lot of money, he has already helped us so much. The last time he paid for my medical bills and this time he even bought so many things for me,” Xia Qingwei pointed at the corner of the room.

Lu Man saw that there was a whole stack of health products and some supplements.

“Next time, you really don’t need to bring these things. I’m very happy that you came to see me, but I’m not happy that you spent so much money,” Xia Qingwei straightened her face.

With Xia Qingwei in front of him, how could Han Zhuoli dare to act as much of a hooligan as he had acted towards Lu Man back then, thus this time he was sitting upright, and even his smile was an honest one, "I'm Man Man's friend, you're my elder, coming to visit an elder, how could I not bring anything?"

Lu Man raised her eyebrows in dubiety, *what was wrong with this person?*

Moreover, he also called her 'Man Man' and her mom was not even the least bit shocked.

How did he manage to win over her mom?

"I just asked a friend for these. All of these are health products that are beneficial to your heart. Please don't be overly polite with him, and once you finish them, I will send you some more," Han Zhuoli said gaily.

"How can I—"

"It's nothing, these are produced by my friend's company and these are definitely excellent. Since I took them from my friend, I didn't spend that much money," Han Zhuoli said with a smile.

Chapter 89: Looking down, Han Zhuoli Caught a Glimpse of It, and Used His Thumb to Slowly Rub Her Fist Open

How could it be? A Chu Tian product obviously could not be cheap.

When Lu Man peeked at it, she knew with a single glimpse of the wrapping.

"Man Man is really... you take care of her so often, and she still doesn't know to tell me. I'm living in the hospital now, so it isn't convenient, but when I am discharged, you definitely must come to my house to eat," Although it sounded like Xia Qingwei was reprimanding Lu Man, she had a smile in her eyes.

However, Lu Man saw that there was also something else too in her eyes.

"Definitely," Han Zhuoli gladly nodded his head.

Taking a look at the time Han Zhuoli stood up, and it felt as if he suddenly grew a lot taller.

Standing by his side, Lu Man felt a sense of oppression.

"Auntie, I took advantage of my lunch break to come over, so I should be going back to work now. Sorry for disturbing you for such a long time, I'll come by again to see you next time," Han Zhuoli well-behaved look left a profound impression on Xia Qingwei.

"Yes, your work is more important, now hurry back. When I am discharged, you must come over to my house," Xia Qingwei was grinning from ear to ear such that her eyes were squinted. Moreover all this time her eyes had never shifted away from Han Zhuoli, "Man Man, now go send Little Han off."

After saying goodbye to Xia Qingwei, Lu Man sent Han Zhuoli out.

At the door, Zhou Cheng and Xu Hui were still standing upright, "Young Master Han."

Han Zhuoli nodded, "The two of you have done well so far."

Receiving his approval, the two of them felt even more energized.

In the meantime, Lu Man followed Han Zhuoli towards the lift, "Young Master Han, why are you here today?"

"I have a friend who's injured and is also staying in this hospital. I came over to see him, and so dropped by to see Auntie." Han Zhuoli stopped in front of the lift and pressed the button, "I heard that you went for a job interview to the Han Corporation today?"

"Yes," Lu Man was a bit inattentive as she was still pondering about calling the public relations department later, after she sent off Han Zhuoli, to ask if they were still going to hire her.

"You don't have anything that you want to ask?" Han Zhuoli saw that she was not paying attention, and almost could not help himself, wanting to reach out and pull her into his embrace.

Luckily, he remembered Chu Tian's words and forced himself to put the hand that had already reached out back down by his sides.

However, Lu Man was still in her daze just then the lift door opened so Han Zhuoli lightly grabbed Lu Man's arm and entered the lift with her.

As the doors closed, he pressed the button for the first floor, "After you left, Lu Qiyuan came to the public relations department, and slandered you quite a bit."

As expected of Lu Qiyuan!

Lu Man body became stiff with anger and she tightly clenched her fists.

Even when her nails were piercing her skin, she did not feel any pain.

Compared to being framed by her own biological father, this physical pain was nothing.

Looking down, Han Zhuoli caught a glimpse of it, and gently grabbed her fists, and used his thumb to slowly rub her fists open.

After Lu Man's hand was loosened, the purple-red marks made by her nails digging into her skin were revealed.

Han Zhouli frowned slightly as his fingers touching the red marks on her palm, and he slowly rubbed against them.

Suddenly Lu Man acted as if she had been electrocuted, her hand trembled violently and she quickly pulled her hand out of his palm.

Somehow, in a moment of carelessness, she had let him hold her hand just now. Even now she could still feel the warmth of his hand, which eventually spread all the way from her palm to her heart, leaving her numb and quivering.

"I'm sorry, I was too abrupt," Han Zhuoli smiled slightly and retracted his hands that were still in the air.

Lu Man's face had an expression of shock that she could not mask, did this person suddenly have a change of heart?

The last time they had met, he had been not at all respectful, kissing and hugging her on every chance he would get. However, this time, even though it was only holding hands, he sincerely apologized with seriousness

Suddenly, Lu Man came to a shocking realization, this whole afternoon from the time they met him, he had been very well-behaved like a perfect gentleman.

“I had sent you a message last time to say it, but I still feel that formally saying it face-to-face is much better,” Han Zhuoli said seriously, “I’m very sorry for my rudeness before. I’m not the kind of improper person, so I hope you can forgive me.”

Chapter 90: Han Zhuoli’s Breaths Heated up, His Throat Moistening

At that instant, Lu Man turned her head away. Han Zhouli had suddenly become so serious that she did not dare to look him in the eyes anymore.

It was as if he had returned to being the male god from her past life, whom she silently looked up to from far away.

However, in this lifetime, this male god was really acquainted with her.

Right now only the two of them were in the elevator. Moreover, the hospital elevator was very spacious.

Yet with Han Zhuoli in there, the elevator suddenly became a lot cramped.

Instantly Lu Man felt her face starting to heat up, and she shook her head in order to clear her mind and then said, “As for whatever happened in the past, just treat it as if nothing happened before and forget about it.”

“Alright,” After Han Zhuoli answered Lu Man he stopped talking, and lowered his head to quietly look at Lu Man.

The enclosed space in the elevator was just to his liking, with only him and Lu Man. Moreover, the mild perfume on Lu Man seemed to overpower the antiseptic smell of the hospital.

Seeing that she had lowered her head, he could see that her normally fair face was reddened, but he did not know whether it was from feeling his gaze or otherwise.

Also, her beautiful white skin had a faint pink tinge to it, just like the color of cherry blossoms.

Moreover, from Han Zhuoli’s position, he could clearly see her firm nose as well as her soft and slightly plump lips.

All this made Han Zhuoli’s heart beats rise and his throat moistening and an intense desire to kiss her again rose within him.

The beast in his heart called for him to walk towards her, to get closer and press her against the wall of the elevator and kiss her fiercely.

It had been so long since they met, and he longed for her sweet smell.

It was alright if he never had a taste of it before, but now that he had kissed her just a few days back, he could remember that sweet taste and kept dreaming of it over and over again.

Now that the real person was in front of him, how could he contain himself?

The beast in his heart was making so much noise, wanting to burst out.

At that moment, he could not think of anything else, he had tossed away all the notions of being a gentleman and being charismatic to the back of his brain.

As Lu Man's head was lowered, she just happened to see Han Zhuoli move his feet forward as if wanting to come closer to her.

She nervously held back her breath. Although she could take a step back, at that moment, her legs were like jelly and she could not even move them.

Suddenly, there was the sound of the elevator. Although it was not a loud sound, at that moment, it was like the sound of an explosion.

Following that sound, the doors of the elevator opened as they had already reached the first floor.

The leg Han Zhuoli had lifted up changed direction and stepped out of the elevator.

Once Han Zhuoli stepped out of the elevator, Lu Man felt that she could breathe again, and she started taking big gulps of air and panting, after which she immediately followed after him.

"How do you know my dad went to the Public Relations Department?" Lu Man asked, trying to find something to talk about.

"After I finished my meeting, my assistant told me that you met Lu Qiyuan and Lu Qi in the lobby and that you even almost got hit by him. However, by that time you had already left, so even if I wanted to catch up with you I could not. I also heard that he had found out which department you are applying for and went to find the department. Hence, I was scared that he would cause trouble for you, so I went over as well."

"Then..."

"Don't worry," As Han Zhuoli said that, he had already walked to his car. "The choice of the Public Relations Department to hire you has not changed, so you should report like normal on Monday."

However, Lu Man knew that it was definitely Han Zhuoli who had expressed his stand right away.

Otherwise, being a normal worker who had not started work yet, no matter how much ability she had, with Han Corporation being such a big company, they would not lack for talent and would not want to hire her who caused so much trouble.

After all, she was yet to start working officially, and her family members had gone over to cause trouble.

Moreover, no one knew how much more trouble she will cause once she starts working with them.

Hence, no matter how talented she was, the company would not want to hire her.

"Thank you," Lu Man was very clear-minded, "It's you who ordered it, right?"

Even Han Zhuoli did not deny it, “With me here, be at ease and work at my company.”

Hearing what Han Zhouli said, Lu Man almost thought that the recruitment drive by Han Corporation was an opportunity especially created for her by Han Zhouli.

However, as soon as that thought came up, Lu Man instantly rejected it.

Lu Man wasn't full of her own importance and felt that she did not have what it takes the special treatment by Han Zhouli.

So why would Han Zhuoli help her?
