Chapter 981: Wang Juhuai's Plans

Wang Juhuai looked at Xia Qingwei, then smiled and said, "I don't plan on going back at the moment."

Xia Qingwei's eyelid twitched and she looked away, feeling uncomfortable.

"I'm not here most years. I lack understanding of this area, so I need to ask you for help," Wang Juhuai said. "Can you inquire if there are any suitable houses in the neighborhood where Xiao Xia lives? It doesn't matter if it's big or small, the most important thing is for it to be near to her place. The nearer the better. Next door or the floor above or below. If not those, then somewhere in the same building is also fine, just get the nearest one possible."

Han Xijin tsked and said, "Old man, you're already at that age, but you're still so scheming. Alright, I understand. That cluster of blocks is Qi Lin's. Zhuoli's friend is in charge of it. I'll contact him to see if there's anything suitable."

That block of houses was a new area, so there were still quite a lot of houses in "Qi Lin's" hands.

However, it was useless for him to hope for the house next to Xia Qingwei's or for the houses below or above hers. There were people staying in all of them.

Even so, Wang Juhuai was not planning on staying very long in his house.

His final goal was to stay with Xia Qingwei, whether it was in his house or hers.

"Thank you," Wang Juhuai said as he smiled.

"What's there to be polite for? It'll be even better if you can stay here for a long time and not go back so that we won't have to go to America to see you," Han Xijin said.

After he hung up, Xia Qingwei looked at him in shock. "You—"

She did not think that he was actually even planning on buying a house here.

"Originally, I was only planning on spending the New Year here," Wang Juhuai said. "But I did not think that there was a surprise this time, so I am not planning on going back."

This surprise, wasn't it Xia Qingwei?

Not planning on going back?

Xia Qingwei was shocked. Did he mean he was really planning on moving here and not going back to America ever?

Seeing her questions, Wang Juhuai explained, "I said I wanted to be by your side. You are here, so I naturally will also be here. I'll go wherever you go. Unless there is work, I might go back for a while. Just take it as an overseas work assignment. The rest of the time, I will be here. Of course, if you want to go and play, then we'll go together."

Xia Qingwei: "..."

She had yet to decide, but he had already made the decisions.

"You don't need to feel pressured. This is my own decision. I just want to spend time with you here. You can ignore me," Wang Juhuai said.

"Then what about your house in America?" He had stayed there for so many years, and his relatives and friends were all there.

After he'd been living there for so long, many things in his life were already rooted there. It was not easy to just leave it all behind.

But these were not of major importance in Wang Juhuai's eyes. "I'll tell the butler and the domestic helpers later on that if they aren't willing to leave America, I'll give them a sum of money and they can find another job. If they are willing to, they can come over and look for me."

But those people's families were in America, so Wang Juhuai felt that they would probably be unwilling to come. Butler Wei Zhong, however, would probably be willing to.

"As for the rest, I have my own manager, I'll pass everything to him for him to deal with." Wang Juhuai felt that these were not major things.

It was a long process, and in the future, he could slowly relocate his work from America, as well as his assets, over to here.

Xia Qingwei looked at Wang Juhuai, a bit disbelieving and feeling that it was too unreal.

In the future, would he really be a part of her life?

The two of them chatted for very long. Before they knew it, the sky outside had darkened.

Only then did Xia Qingwei realize with shock that they'd been talking for a while. She looked at the time, then asked, "Do you want to... eat dinner here?"

Chapter 982: Grateful for His Intelligence

"Alright!" Wang Juhuai answered quickly, not even waiting for Xia Qingwei to finish saying the words.

Xia Qingwei smiled, then went to the kitchen to prepare.

Wang Juhuai himself could not sit still. He followed over. "Do you need me to help with anything?"

"Do you know how to?" After hearing what he said, that he had a butler at home as well as helpers, she guessed that he had never done this sort of thing.

"I don't, but you can teach me," Wang Juhuai said.

Xia Qingwei shook her head. "There's no need, you can just sit and wait."

Xia Qingwei refused to let him help, and Wang Juhuai could only sit at the side.

Seeing how Xia Qingwei was well-practiced, he knew that she was used to it.

But his heart ached.

Lin Jinshu would never know how to do this her whole life.

The reason Xia Qingwei knew how to do this was that she needed to know it. She'd followed Lu Qiyuan, and she did not have good days.

Otherwise, how could she be so well-practiced?

Wang Juhuai ate, but after he finished his meal, he was still unwilling to leave. However, he did not plan on really refusing to leave.

He and Xia Qingwei needed to slowly advance.

He did not want to be too hurried the first time they met in so many years, causing Xia Qingwei to feel that she was not being cherished.

After staying until around nine or so in the evening, Wang Juhuai slowly got up. "I won't disturb your rest anymore. It's time for me to leave," he said as he looked at Xia Qingwei's face. He wanted to look at it a while longer.

"Where are you staying now?" Xia Qingwei asked.

"I was originally not planning on staying for long, so I'm staying at a hotel." Wang Juhuai had already walked to the doorway.

"Then you should be careful on the way back," Xia Qingwei said.

Wang Juhuai nodded. He was standing outside the door now, and Xia Qingwei was standing inside the door. It was full of light inside, and it shone until it seemed very cozy.

He moved his mouth, suddenly wanting to hug her.

"I... May I hug you?"

Xia Qingwei was stunned, yet Wang Juhuai had already taken one step forward, gently pulling her into his embrace.

Xia Qingwei trembled, her body a bit stiff.

Unable to think, she had just relaxed a bit when Wang Juhuai let go of her.

"I'll go now, then," Wang Juhuai said.

"You..." Xia Qingwei called him back again. "You drove the car here yourself?"

"No," Wang Juhuai said with a smile. "I was not planning on staying for long, so I took a cab over here. But you reminded me, I should buy a car."

Wang Juhuai tilted his head and thought about something, then he asked, "What car do you like?"

Xia Qingwei instinctively said, "I don't have much understanding of cars."

As soon as she finished saying that, she felt that something was wrong.

What was the use of asking her opinion about the car he drove?

Wang Juhuai laughed. "Then you should think about it carefully. After all, the main concern is your comfort. I'll come over again tomorrow to discuss it with you, or the two of us can go to a 4S shop and look at each brand."

After saying that, without waiting for Xia Qingwei's objection, he left.

That was great. He managed to find a proper reason for coming tomorrow.

Xia Qingwei missed the chance to call him back. She watched his figure as he entered the lift, then sighed helplessly.

Just now, she really was about to open her mouth and invite him to stay over.

Anyway, the house had a guest room, which was originally prepared for Han Zhuoli.

But Han Zhuoli had never stayed in it. He kept staying in Lu Man's room.

Xia Qingwei saw that it was late. Wang Juhuai had not come home for many years and was not familiar with the people or the place, so she felt a bit uneasy.

But he left so fast, and she did not even get the chance to call him back.

What about Wang Juhuai, though?

He was happily in the lift, grateful for his intelligence.

He felt that it was especially great that he had a reason to come tomorrow!

He did not know at all that he missed the chance to stay over.

Chapter 983: Really Came

He came out of the building, and the driver Han Xijin had given him was waiting.

Because he came back without bringing anything, it was very inconvenient.

Han Xijin would always specially prepare a driver and a car for him to use when he was in the country.

As he sat in the car, Wang Juhuai was still happy; the smile on his face was not going away at all.

His two hands were trembling a bit. He felt an excitement he could not control.

He could finally be with Xia Qingwei again.

Xia Qingwei was someone he could never let go of his whole life.

On the second day of the Chinese New Year, which was the next day, Lu Man did not feel at ease leaving Xia Qingwei alone, so she returned home with Han Zhuoli.

Yesterday night, she did not dare to call Xia Qingwei, scared that she was troubled and that seeking her out would disturb her.

So she came very early.

She did not expect that when Xia Qingwei opened the door, her mood would appear to be quite good.

At least, she was much more relaxed than she was yesterday.

How she looked like yesterday scared Lu Man a bit.

Seeing that Xia Qingwei was well again, Lu Man let out a breath of relief and did not mention what happened the previous day. She pretended that those strange things had never happened in order to prevent Xia Qingwei from feeling uncomfortable if they were mentioned.

“Why did you two come today?” Xia Qingwei asked as she smiled.

“No real reason. I came over to take a look. I can’t come tomorrow, so I came today,” Lu Man explained as she entered and changed her shoes. “It’ll be the second round of publicity for *Classic X Files* tomorrow.”

Xia Qingwei made to go into the kitchen to help them make tea and prepare snacks.

“Mom, let me do it,” Lu Man said, followed her into the kitchen.

Lu Man boiled the water and Xia Qingwei prepared the snacks and fruits.

At that moment, the doorbell rang.

Xia Qingwei was nervous. It couldn’t be that Wang Juhuai really came, right?

“I’ll go open the door,” Lu Man said and walked out.

Xia Qingwei was not in time to stop her.

Lu Man opened the door and was shocked.

“Mr. Wang?” Lu Man was stunned. She felt that Wang Juhuai and Xia Qingwei had a story between them. She just did not think that Wang Juhuai would come so fast.

Lu Man did not know that Wang Juhuai had come even earlier. Yesterday, as soon as they left, he came, and he stayed all the way into the night!

“I’m sorry, I did not know that you were coming today. Am I disturbing you?” Wang Juhuai looked apologetic.

“No.” Lu Man instantly made way. “Please come in.”

Wang Juhuai entered, and Lu Man prepared slippers for him. Just as he was changing into them, Xia Qingwei came out.

She did not think that he would really come, and certainly not so early.

“Xiao Xia,” Wang Juhuai called, not hiding the familiarity he had with Xia Qingwei.

Xia Qingwei coughed dryly. In front of Lu Man, she felt a little uneasy.

Lu Man looked at Wang Juhuai, then looked at Xia Qingwei, then smiled and asked, "Mr. Wang came yesterday?"

Xia Qingwei: "..."

Her daughter was too smart. It was really headache-inducing.

Lu Man smiled and looked at Wang Juhuai. After all, in the family house yesterday, the atmosphere between the two of them was not as relaxed.

It was as if whatever had troubled them before, they had already solved it.

Wang Juhuai confidently said, "Yes, I came yesterday. There were some misunderstandings before this, and I explained it clearly to Xiao Xia yesterday."

The delayed truth was a bit cruel, and it was not easy to accept it.

But the good thing was that there was no longer any wall between the two of them.

Lu Man understood and politely said, "Quickly enter, Mr. Wang."

Wang Juhuai smiled and looked at Xia Qingwei, then entered the living room and was unsurprised to see Han Zhuoli there as well.

Han Zhuoli found it interesting and smiled. "Uncle."

Wang Juhuai also found it quite interesting, and he sat down.

Lu Man saw that the two of them were chatting about something. It came to her that someone whom Han Xijin and Han Zhuoli interacted with was probably not bad.

Chapter 984: Creating a Chance

Lu Man returned to the kitchen and asked Xia Qingwei in a small voice, "Mom, do you feel that Mr. Wang's morals are trustworthy?"

Xia Qingwei was confused as to why she would ask that.

Xia Qingwei had thought about it before, the possibility that Lu Man would ask about her and Wang Juhuai and about whether she was planning on being with Wang Juhuai. She did not think that her first question would be that.

Xia Qingwei did not understand and said, "They're very good, yes. His morals are to be trusted."

Only then did Lu Man squint and smile. "Wait until I go and ask Zhuoli too. Still, I feel that he's chatting quite well with Mr. Wang, and I feel that Mr. Wang's morals are indeed quite trustworthy. Otherwise, Zhuoli and Uncle Han won't be bothered with him."

Lu Man blinked. "If Mr. Wang's morals are really not bad and the reason you two separated at that time was because of a misunderstanding and not a betrayal or other things, then Mom, just ask yourself, do you like him or not? If you like him, then there's no need to overthink it. Just be brave and be with him."

Lu Man seriously told Xia Qingwei, "Don't forget, you still have me and you still have Zhuoli. We are behind you, supporting you, and protecting you. No matter what, you don't need to be worried. Even if you meet a very big problem, you still have us. That's why, don't be concerned. As long as you like him, it's fine."

And what Xia Qingwei felt towards Wang Juhuai was definitely not dislike. Lu Man could tell.

If Wang Juhuai's morals could be trusted, she supported Xia Qingwei being with him.

But if Wang Juhuai's morals were not good, then she would not give Wang Juhuai the chance to harm Xia Qingwei.

She first needed to confirm what kind of person Wang Juhuai was.

Xia Qingwei was already so old. She was too embarrassed to talk about romance, so her face was hot as she nodded. "I know, you don't need to worry about me."

Lu Man smiled. She was scared that she would say too much and that Xia Qingwei would be too embarrassed.

Wang Juhuai was already in the living room. Lu Man took out some fruits and carried it with Xia Qingwei to where the men were.

It just so happened that she heard Wang Juhuai say, "Xiao Xia and I talked about this yesterday, and I came to discuss with her which car to buy."

They saw Xia Qingwei come at that moment, and Wang Juhuai said, "Did you do any research yesterday?"

"..." The corner of Xia Qingwei's lips twitched. "I don't know where to research. I don't know anything at all."

Lu Man's gaze looked between the two of them, and suddenly, she pulled Han Zhuoli up. "I remembered that we still need to buy something, so we have to go first."

"You just came, why are you leaving? You did not say that you need to buy something when you arrived." Xia Qingwei glared at her.

Did Lu Man think Xia Qingwei did not know what she was doing?

Lu Man chuckled. "Didn't I just remember?"

She pulled Han Zhuoli and ran towards the door, then the two of them hurriedly went out.

Xia Qingwei's face was full of helplessness.

Wang Juhuai asked, "Do you have something on today?"

"No," Xia Qingwei said truthfully.

"What a coincidence. Let's go to a 4S shop," Wang Juhuai said. "You can go and look around, see which one you'd like."

Wang Juhuai stood up. They were about to leave.

“I really don’t know anything.”

“That’s not a problem.” Wang Juhuai pulled her up and walked towards her bedroom. “Hurry and go change. It’s fine if you don’t know about cars. Whichever you feel has a good appearance, whether you like small cars or SUVa, how big of a space you’d like, you can just look at these aspects.”

After saying that, he pushed Xia Qingwei into the room and even helped her close the door.

Xia Qingwei: “...”

She could not do anything, so Xia Qingwei changed her clothes and went out of the house with Wang Juhuai.

Chapter 985: Met by Accident

They first entered a Bentley shop. There, they found that since Xia Qingwei was not tall, if the car was too tall, it would be hard for her to get on it.

So Wang Juhuai’s target was locked on smaller cars.

“Mom, look inside!” Lu Qi was walking with Xia Qingyang and passing by this shop. She just casually looked in, but who’d have thought that she would actually see Xia Qingwei?!

Xia Qingyang looked over upon hearing her words. “Xia Qingwei?”

Xia Qingyang laughed coldly, sounding sour as she said, “Looks like Lu Man really is great. She has earned money already, and Xia Qingyang actually came to look at Bentley cars. If it were in the past, a car would have had the same price as her house.”

Lu Qi sighed. Xia Qingyang was really becoming more and more dumb. It’s hard to talk to her.

“Mom, she’s not alone. Look, there’s a man next to her.” Lu Qi pulled Xia Qingyang, feeling unhappy.

Xia Qingyang finally saw Wang Juhuai next to Xia Qingwei.

Xia Qingyang was stunned.

That was...

“Mom, what is going on?” Lu Qi looked at Xia Qingyang’s strange look.

“B*tch!” Xia Qingyang scolded. “That’s Xia Qingwei’s ex-lover!”

Xia Qingwei was dating Wang Juhuai at that time. At the start, Wang Juhuai was learning violin from their teacher, so of course Xia Qingyang knew Wang Juhuai.

Also, she too had liked Wang Juhuai since they were young.

At that time, she knew that Wang Juhuai was her father’s student. His family had a lot of money, and he was also good-looking. Naturally, she was attracted to him.

Wang Juhuai got more and more handsome as he grew up, and Xia Qingyang had a secret crush on him. But Wang Juhuai always ignored her and, instead, got along very well with Xia Qingwei.

He was always helping Xia Qingwei and kept being around her. No matter what Xia Qingwei said, he listened to it.

Whatever Xia Qingwei liked, he would find it.

As expected, later on, the two of them got together.

Haha!

And even though Xia Qingwei was her older sister, she never knew that Xia Qingyang also liked Wang Juhuai.

No, Xia Qingwei probably also knew. She was purposely pretending not to know. Not just once, but again and again, she bragged in front of her about how good her relationship was with Wang Juhuai, bragged about how much Wang Juhuai liked her.

But so what? Wang Juhuai still broke up with her and married someone else.

After she married Lu Qiyuan, Lu Qiyuan also did not want her and married Xia Qingyang instead.

Xia Qingwei had the fate of someone who would always be abandoned. No man wanted her!

Before this, she was not able to snatch Wang Juhuai from Xia Qingwei's hands, but later on, she managed to snatch Lu Qiyuan.

She would never forget when Xia Qingwei was bragging about Wang Juhuai in front of her.

And she would also forever remember how Xia Qingwei boasted that Lu Qiyuan had money in front of her.

It was like Xia Qingwei had randomly let out some small sum of money for her and Xia Qingyang had to be grateful. As if she was giving alms to a beggar, Xia Qingwei even reminded Xia Qingyang time and time again to make sure she remembered how good Xia Qingwei was, to remember all the things that Xia Qingwei had given her.

Xia Qingwei often stated just how she had helped her.

But what was that!

That little bit that Xia Qingwei had given her, for Xia Qingwei, it was just a small thing!

For just this bit of a thing, Xia Qingwei wanted her to be very grateful?

What right did Xia Qingwei have to have such good luck?

There was Wang Juhuai at the start, and after that, she could even get married to Lu Qiyuan and have such a good life.

Haha!

She could not snatch Wang Juhuai away, but she successfully snatched Lu Qiyuan away!

Xia Qingwei's good days were coming to an end!

Chapter 986: You Are Also a Mistress

After that, she was troubled by poverty and was a mess.

Whatever belonged to Xia Qingwei became hers!

But she did not think that after so many years, Xia Qingwei would actually get together with Wang Juhuai again.

No, wait, wasn't Wang Juhuai already married?

Haha!

Xia Qingwei was already so old, yet she became a mistress?

Wang Juhuai was looking at Xia Qingwei with such deep feelings, the same way he did when they were young and dating. His eyes were stuck on Xia Qingwei.

Furthermore, he would keep trying to find a chance to touch Xia Qingwei's shoulder or her arm, pretending it was an accident.

And yet, that man still had so much charisma.

Originally, Xia Qingyang had felt that Lu Qiyuan could already be considered quite good for a middle-aged man, but compared to Wang Juhuai, Lu Qiyuan instantly seemed very lacking.

She did not think that at this age, Wang Juhuai would actually be even more attractive than when he was young.

What was so good about Xia Qingwei, causing Wang Juhuai to refuse to forget her?!

Wasn't he already married?

What did he come back to find Xia Qingwei for?

Could it be that he still wanted to have an affair with Xia Qingwei?

The jealous look on Xia Qingyang's face caused it to twist up, and she grabbed Lu Qi's hand and walked into the shop.

Lu Qi asked, "Mom, what exactly is going on? What ex-lover?"

"Before she married your father, she was with this man." Xia Qingyang smiled coldly. "However, this man got married to another woman later. I did not think that he would come back to find Xia Qingyang again. Haha!"

Lu Qi's eyeballs turned, and she followed Xia Qingyang into the shop.

"Xia Qingwei!" Xia Qingyang called out impolitely.

Wang Juhuai had long since learned from the Han Family about what horrible things Xia Qingyang did.

He had a lot of reasons to be cruel to her, but for this thing, he was very grateful.

Because of her, Xia Qingwei was currently single.

Otherwise, there would have been nothing left for him to do already.

Xia Qingwei frowned and told Wang Juhuai, "Let's go."

Wang Juhuai nodded, but Xia Qingyang said, "Why? Are you feeling guilty?"

Xia Qingwei sneered. "What do I have to be guilty about?"

"Haha! You two were already caught on the spot by us, and you still aren't guilty?" Xia Qingyang said, laughing coldly.

Xia Qingyang raised an eyebrow. "I've been divorced for over ten years already, and I have been single until now. Even if I wanted to start a new relationship and be with someone else, what is so bad about that? Do I need you, my previous husband's current wife, to judge me? Is this the ancient times where someone can't get married again after being divorced? Where you have to be drowned if you date a man? What a joke!"

There were people present who came to see the cars while there were others who came to have their cars fixed or get maintenance.

Adding on the salespeople, who numbered quite a lot, everyone looked over.

Originally, what they heard were Xia Qingyang's words, and they thought that she was here to catch two people in an affair.

Wang Juhuai and Xia Qingwei were both not young, and they did not think that those middle-aged people were actually having an affair with each other. It was quite modern.

In the end, after hearing what Xia Qingwei said, they instantly felt that Xia Qingyang was crazy.

Yes!

She'd been divorced for over ten years already. Even if she'd been divorced for only one or two years, looking for another person was not considered too much!

She ran over for the sake of her own husband, the other's ex-husband, to complain about unfairness?

This was really very impressive.

What kind of brain did she have? It was so different.

However, Xia Qingyang said, "Am I talking about that? Xia Qingwei, don't you look down on mistresses the most? Why did you become one? This man has a family; he's married. So many years have passed and the two of you weren't together back then, and now, you two have decided to be together and disgust people?"

Chapter 987: Does What You Said Still Count?

Xia Qingyang looked at Wang Juhuai coldly. "I really feel bad for your wife!"

The audience were all shocked. There was a lot of information!

This turn of events was too much.

Who could have known that Wang Juhuai would say, "Sorry, I've been divorced for ten years already, so my being with Xiao Xia now is an honest thing. It is totally considered morally right and it's not letting down anyone. It's you, who's Xiao Xia's younger sister, who went to seduce your older brother-in-law. You successfully took over her position and kicked Xiao Xia out of the door. You were the third party, and yet you are being so arrogant here and calling Xiao Xia a mistress? Aren't you shameless?"

The f*ck!

The h*ck, it changed again!

The people who were watching from the side felt that it was like they were watching a show.

So this woman was the real third party!

Then why was she so arrogantly calling them out?!

If she had been a third party herself, she should be more low-key!

She still had the face to attack other people!

Also, the person she had been the third party towards was her older sister, and now, she came to scold that said sister.

This was really like she had some kind of grudge.

That was true. One had been divorced for ten years and the other had been divorced for over ten years. Now that the two of them were together, who could stop her?!

This woman was really too funny.

Xia Qingyang refused to believe it as she widened her eyes. Wang Juhuai... Wang Juhuai was actually divorced!

What kind of luck did Xia Qingwei have to have actually gotten together with her first love?!

Lu Qi's head was about explode.

If she'd known earlier, she would have pulled on Xia Qingyang and refused to let her in.

Even though she knew that Xia Qingyang was dumb, why did she not remember that every time?!

She was scared that someone would recognize her and publish this on the news again. Lu Qi lowered her head and hurriedly pushed Xia Qingyang out. "Mom, let's go!"

"I won't go!" Xia Qingyang called out arrogantly. "She's just shameless!"

But she was yelling as she was pulled out by Lu Qi.

“Mom! Stop scolding them!” Lu Qi said angrily. “If you continue to be like that, I won’t go out with you anymore!”

“Even you are looking at me in disdain now?” Xia Qingyang exploded instantly. “Your dad disdains me, and you disdain me as well.”

Even Wang Juhuai was looking at her disdainfully!

The gaze Wang Juhuai used to look at her just now was full of hate.

Ever since they were young, Wang Juhuai did not like her.

He had never liked her before!

This thing deeply agitated Xia Qingyang.

Lu Qi impatiently used all her force to push away Xia Qingyang’s hand. “Mom! Enough! Even if you don’t go and stay here and continue berating them, the person who’ll be embarrassed is not only you but also me. The two of them have been divorced for many years, and if they are together, no one would blame them. Instead, if your situation with my dad is pointed out by them, the one who is shameless in the end becomes us. You still want to stay there? Aren’t you finding embarrassment for yourself?!”

Xia Qingyang refused to let Xia Qingwei live happily.

She had managed to cause Xia Qingwei to be harmed so much, and in the end, Xia Qingwei was getting on better and better.

Yet why was it that there were people with such good luck!

Having been caused trouble by Xia Qingyang, Xia Qingwei was no longer in the mood to choose a car at this shop.

Even though they did nothing wrong, it was still a joke to people.

The two of them left, and when they went to another shop, they had only walked a few steps when Xia Qingwei’s hand was pulled on by Wang Juhuai.

Xia Qingwei stopped and turned her head to look at him.

Wang Juhuai said, “What you said just now, does that still count?”

Xia Qingwei was stunned. What did she say just now?

“You said just now that you’ve been divorced for over ten years and this is very normal.” Wang Juhuai’s gaze was full of happiness. “You admitted that you and I were together, right?”

Chapter 988: Cheated On

Xia Qingwei suddenly didn’t know what to say.

She just blurted it out without thinking just now. Who’d have known that...

Wang Juhuai went with the flow, and his hand moved from her wrist to her palm. He held on to her hand. "I don't care, I'll take it that you've agreed."

Xia Qingwei's face was very flushed. However, she didn't say anything ultimately and stayed silent, letting Wang Juhuai hold her hand.

Wang Juhuai was so overwhelmed by emotions that his heart was almost about to jump out. He suddenly really felt like he wanted to jump around in joy like a young man.

Ultimately, both of them chose a car in another Bentley shop. It was a car that suited Wang Juhuai's steady vibe.

Xia Qingyang and Lu Qi returned home. Lu Qiyuan looked at them and asked Lu Qi, "How did the recording for The Performer go?"

"It went pretty well. Don't judge it based on the bad comments about The Performer online. In reality, the live set was pretty lit. The audience's reviews were all not bad. Moreover, even though Gao Zishan and the others had left, the production team invited another batch of young actors who are even more popular. I believe that it would be very popular amongst the young people in the audience," Lu Qi said.

Lu Qiyuan nodded. The Lu Corporation became the main sponsor for The Performer; hence, naturally, it would be green-lit by Lu Qiyuan and he could squeeze Lu Qi into the show.

Also, to express their sincerity, they even scheduled for Lu Qi to appear on the premiere.

"I read the news on the internet. Lu Man has participated in the recording for Classic X Files, and it's also scheduled to air on the night of the fifth day of the New Year. It clearly wants to compete against The Performer. You definitely have to win against Lu Qiyuan. Don't let my money go to waste," Lu Qiyuan said.

As the Lu Corporation was the main sponsor, Lu Qi finally started to enjoy the bliss and comfort of bringing money into the crew.

Lu Qi said confidently, "I can't really speak for how Classic X Files's recording went, but the episode I recorded for The Performer would definitely have high ratings. Even if it's against Classic X Files, they might not even be able to beat us."

Lu Qiyuan nodded. "As long as you can win, that would be good. Then I wouldn't have to see Lu Man acting so obnoxious."

Xia Qingyang immediately said, "Speaking of Lu Man, guess who I met today?"

"You met Lu Man?" Lu Qiyuan asked, his brows raised.

"No, I met Xia Qingwei," Xia Qingyang said. "She has gotten back together with her first love. The two of them were shamelessly flirting with each other out in public."

Lu Qiyuan heard that and immediately felt uncomfortable.

“Haha!” Lu Qiyuan laughed coldly. “How good of a man could she find? She is already so old, so embarrassing!”

Who knew that Xia Qingwei would actually get together with another man?!

Even after being divorced from her for so many years, Lu Qiyuan had never thought of letting Xia Qingwei get together with anyone else.

After all, she was such a frail and sickly woman, who would want her?!

Moreover, no matter what, Xia Qingwei was once his wife too.

Even though they were divorced now, when she got together with someone else, Lu Qiyuan still felt a little like he was getting betrayed and being cheated on.

On the third day of the New Year, as scheduled, *Classic X Files’*s official Weibo started their second round of publicity for the third episode of their show that was to air on the night of the fifth day of the New Year.

Right now, the popularity of the Spring Festival Gala of various stations had more or less dissipated already.

Some of the classic programs for the Spring Festival Gala by various stations, especially those classic language-related programs, were also almost done airing on the internet.

The netizens’ attention and excitement started to fade, and they started to pay attention to other news.

Classic X Files chose this time to begin their second round of publicity.

Classic X Files’ official Weibo: “Today, since our boss is on holiday, I’ll be here to leak out some information about who our secret guests are.”

“Guest L: Someone who makes young girls’ heart flutter and who can also be your boyfriend. Guest S: A famous performance artiste who won Best Female Actress three times from different award ceremonies. Before now, she had never participated in any variety show. She has a really strong presence.”

Chapter 989: The Production Team Is Too Playful

“Guest D: You will laugh when you see him. Guest W: A pioneer in the film industry; he is definitely a super A-list star in the film industry. He had never participated in any variety show before. The third episode will be Guest W’s first-ever appearance on a variety show! Guest C: A pioneer in the film industry, he is definitely a super A-list star in the film industry. He had never participated in any variety show before. The third episode will be Guest C’s first-ever appearance on a variety show! Click the link on the right to enter the production team’s official webpage and check out the silhouette of our guests.”

Guest S was Shen Xijun.

Guest L was naturally Li Youjun.

Guest D was Du Lin.

Guest W was Sun Yiwu.

Guest C was Ji Cheng.

As they were afraid that the netizens would figure out it was Sun Yiwu and Ji Cheng if they used the first letter of their family name, the production team specifically picked the first alphabet of the last word of their name. "W" was for "Wu" while "C" was for "Cheng."

After the netizens saw the post, they almost fell to the ground and couldn't get back up.

"Official Weibo, are you teasing me? What's up with the last two guests? You just copied and pasted everything!"

"Two top A-star pioneers from the film industry who have never participated in any variety show before? Could it be so impressive?"

"Hurry up and head to the official webpage, the production team is too playful."

Many netizens heard that and hurriedly rushed over.

Eventually, on the majestic-looking webpage, there were indeed the silhouettes of the five guests.

However, above the silhouettes of the guests, there was a large sentence: "Did you really think you could see who the guests are in advance?"

And below the silhouettes of the five guests, there was a separate timer.

The countdown timer to the revelation of each guest showed different numbers.

For the first two guests, Guest L and Guest S, the countdown timer was a little shorter.

As for D, W, and C, the countdown timers were a little longer.

Just as various netizens were being puzzled by it, they saw that there was another explanation below the countdown timer: "As the guests will appear at different times based on their assigned order, the countdown timer are different too. As the show is airing, together with the appearance of the guest, the image of the guest will be revealed at the same time!"

The netizens blew up.

"My gosh! They still aren't revealing it yet? They are giving us only a silhouette, are they playing with us?"

"Of course they are. For *Classic X Files*'s final segment where they pay homage to the classics, the secret guests would never be revealed beforehand. Even the audience who went to watch the recording live would never tell anyone either, so how could the production team reveal who the guests are in advance? Let's just wait for the answer on that night."

After that, the netizens started intensely discussing the guests who fit the description.

Most people guessed that Du Lin was Guest D.

That's because right now, if it was an artiste who was humorous and good at cracking jokes whose name also starts with a D, everyone would first think of Du Lin. Other people did not fit these criteria either.

There were also a few other unpopular small artistes, but no one knew who they were!

If they were unpopular, there was also no point for the production team to mention them.

All the netizens guessed that Guest L would be one of the currently popular young male actors. If not, they wouldn't be called a "nation's boyfriend."

All the young male actors who were currently popular whose surname was L, such as "Lin," "Li," "Liang," etc., were all guessed at. Amongst which, people did guess Li Youjun too.

As for the other three people, it was too hard to guess them.

They could only tell their gender through the silhouette. Other than that, the netizens had no other clue.

"Damn it, if they turn out to be unpopular and the production team only showed these to fool us, I will never watch this show again in the future."

"In the past, the production team at most only had one round of publicity before the show. They had never placed so much emphasis like right now. This is already their second round of publicity. Looks like the guests for this episode are indeed really impressive. If not, the production team wouldn't have put in so much effort. Not only for the past three episodes, even for the past three seasons, the production team had never even made a silhouette image of the mystery guests."

Chapter 990: A Familiar Smell

"Oh gosh, the production team is really good at playing this game. First they told us a hint about the mystery guests, then we will still have to wait for the show to start airing and for the guest to finally make their appearance before their identities are finally revealed. Even if you weren't watching the show, once you realize it's a guest that you like, you will still have to rush over immediately and watch. This tactic is too playful."

"This suffocating publicity move seem to smell rather familiar."

"Doesn't it feel pretty familiar? Don't just keep staring at who the mystery guests are, take a look at the list of invited guests for that episode."

Therefore, everyone went to take a look.

"Oh god, Lu Man!"

"Before the Chinese New Year, the production team had already publicized it. Back then, I didn't treat it as much and just felt that the production team was prepared to fight head-on with The Performer. Now that I look at it again, the production team has really planned this out really well! Classic X Files production team, you guys are very sick!"

"I was just wondering why this publicity move was so suffocating. Turns out it's because Lu Man's involved!"

“The production team invited Lu Man to be a guest. Could they have asked her to also help out with the public relations too?!”

“That’s very likely. If that’s the case, Lu Man is really terrifying. Inviting her to be a guest also comes with a free public relations publicity effect. That’s way too impressive.”

“You guys are too gullible, it completely isn’t free. Lu Man’s current net worth is the net worth of an artiste and that of a public relations officer. She is a celebrity now, so people will always tend to forget her identity as a professional public relations officer. In reality, Lu Man probably had never tossed aside her public relations job. Right now, she is still a top expert in that industry. Her net worth as a public relations officer is probably even higher than her net worth as a celebrity.”

“No way. The above comment, are you saying that Classic X Files paid Lu Man twice?”

“If this episode’s publicity really is Lu Man’s idea, then Classic X Files had definitely given Lu Man two salaries.”

“Now that I think about it, it’s probably true. It indeed will be quite a waste if you don’t use Lu Man, a readily-available top public relations officer. If you wanted to ask her for help, you will usually have to queue up, but right now, since Lu Man is also participating in the show, if the show’s viewership ratings is high, it would be beneficial to her too.”

“I’m getting more and more curious as to who Guest W and Guest C are. They are pioneers in the film industry, a top A+-list big shot. Even though the possible candidates are suddenly a lot fewer, I still can’t think of who they could be. Production Team, you better not be bluffing us!”

The production team’s official Weibo replied, “We definitely aren’t bluffing you. If we are, our show’s viewership ratings will definitely drop to last place.”

“Wow, that’s really harsh. Alright, then, we believe you.”

“But it’s really so hard to guess who W and C are. Who exactly are they?!”

Lu Man also reposted the post. There were some audience members who had already watched it on set who came over to join in the fun and tease the other netizens.

“I’ve been to the set to watch it. I guarantee that W and C are indeed who the official Weibo account said they are. They are super A+-list big shots in the film industry, and they had really never participated in any other variety show before. Never mind variety shows, these two people have never even participated in any other event or activity. Classic X Files is their first appearance on a variety show.”

“The official Weibo is being too mean. I’ve been to the set to watch too. Let me give you guys another hint. W and C are good friends.”

Right at that moment, everyone became even more curious.

Everyone guessed every single person whose name started with W or C.

They had to be a big boss in the film industry, a male, and someone who had never participated in a variety show.

“Oh gosh, would C be Cao Jingcheng?! Right now, he is an international film star. He even went to Hollywood to further his career and filmed two business films that both did exceptionally well at the box office. It’s rare for a Chinese to be doing well in America, and he even played an important role in the film. If they managed to invite him, the production team will have been sent to heaven.”
