

Spoiled by Mr. Russell Chapter 1000

A black car was blocking the way at the gate.

Lily's driver frowned and muttered, "Does he not know he's blocking someone's entrance?"

Then he honked twice.

However, the other car did not move, even though it was evident the driver was still in the car.

It seemed the other driver was doing this on purpose.

Lily's driver began to feel anxious as he honked again, and the bodyguards with her were also on guard since this was unusual.

Just as they were about to get down, the car suddenly reversed, turned around, and left unexpectedly.

Everyone thought that whoever was in the car must have had bad intentions.

No one expected the other person to drive away like that.

Still, Lily's driver was tense.

He did not move the car for another two minutes until he could no longer see the other car's silhouette.

Then he let out a sigh of relief.
