Chapter 368

Lily's face turned serious when she heard this. She disagreed with what he said.

"I think you're wrong about this. It's not that there aren't any excellent perfumers in our country. It's just that other countries have scouted them.

"I am a prime example. Right now, I can also choose to stay in my country or move to another. That is why I want to continue to stay and grow in Hyderland. I hope that in the future, the whole world will see that Hyderland produces top-tier perfumers whose fragrances would sell internationally." Her words made Wesley sigh.

"All right, I respect your decision. However, don't hesitate to contact me anytime if you change your mind!"

"Thank you!"

"Haha, I can finally understand why that girl, Lisa, likes being your friend so much." Lily smiled.

"Maybe it's because I'm honest."

With a hearty laugh, Wesley happily sent her out with a smile on his face all along the way.

When Lily saw the car waiting for her, she knew it was Alexander.

After bidding goodbye to Wesley, she confirmed what she had guessed when she got into the car. It was, indeed, Alexander inside.

However, Giselle was not in the car.

"Where's Giselle?" Lily asked.

"I sent her away."

"She listened to you?"

Lily was surprised to hear this.

Giselle was a headstrong woman as she was stubborn and persistent. She was even more on edge, especially after Lily's kidnapping incident. How could she just leave because of what he said?

"I'm the boss. Why wouldn't she listen to me?"

Alexander raised his eyebrows as he seemingly had a powerful aura around him.

Although Lily felt amused by his appearance, she did not believe him.

"Really, now? Although she isn't the bravest person I know, she's still quite hard-headed, and I know she's very protective of me. Don't you dare bully her!"

Since the kidnapping incident, Lily had always felt sorry for Giselle and regarded her as a friend.

"It seems like you're quite protective yourself," Alexander replied bitterly.

"I've gotten George to get her to deal with a more important task back at the hotel and that her job here has been taken care of." Lily was speechless.

'This man is abusing his power!'

"She believed that?"

"You know how she is. Although she'll follow the higher-ups' orders, she is still worried. She wouldn't leave until she saw the car the company had arranged and even confirmed it herself," Alexander explained as he pointed to the car they were in.

Giselle only left to handle the task once she saw and confirmed that the company had sent this car.

As for Lily, she had her phone on silent as she chatted with Wesley.

Thus, she did not receive any calls.

When she took out her phone and glanced at it, sure enough, Giselle had sent her a message.

Within the long text were sentences urging Lily to check with the driver to make sure that it was the company's car before getting in; it was best to call the company to reconfirm this, and that Lily should wait at the lobby of the venue.

Lily felt her heart turn warm when she read the message. She felt lucky that she had so many people who cared for her.
