

## Spoiled by Mr. Russell Chapter 658

Lily knew who Jonathan meant by 'outsider' as he had always viewed Alexander as one.

"What I want to announce today is very important to the Lodge family," Jonathan started.

Though he was not loud, he made sure everyone in the hall could hear him clearly, "Our family has more than a hundred years of history in Sapphire city.

We have always done our part and respected the family's rules.

"However, we did not expect my dear brother, Wilfred, to leave us so suddenly. His sudden passing is a great loss to our family, and we're all very sad about it. Unfortunately, this was no mere accident. It was, in fact, a planned murder!"

He looked at Lily as he finished his sentence. It was as if he was implying that she was the murderer.

Since Jonathan was so crude with his statement, Lily did not shy away. She stood up and said, "Granduncle, I think you're wrong."

"Oh?"

Jonathan smirked coldly, "Do tell me what I said was wrong?"
