

## Spoiled by Mr. Russell Chapter 664

"I didn't do anything! Since you're so riled up, I was wondering if you feel dizzy or...nauseous. Do you, though?" Lily asked with a calm expression.

The onlookers who knew nothing about the situation may even think she was asking those questions out of concern for Henry.

Henry felt fine before Lily mentioned those symptoms, but once she said it, he felt a pain in his head and nausea. It was a feeling he could not describe. He tried hard to keep his head clear, but the dizziness that struck him suddenly was not something he could suppress.

In shock, he quickly released her hand.

"You! What in the world have you done to me?!"

Everyone noticed the changes in Henry's expression.

Although they had no idea about what Lily had done, it scared them enough that they all moved back in panic, fearing that they would be affected as well.

That was especially so for Jonathan. He was within the closest proximity to Lily, but he had no idea what was going on at all.
