

## Spoiled by Mr. Russell Chapter 697

It didn't take long before Eloise's phone rang, and she did not even have to look to guess who it was.

Eloise's face remained expressionless as she stared at the woman embarrassedly pacing across the street.

Then she slowly picked up the phone.

The moment she pressed the button, she seemed to have changed into a different person as she anxiously wailed, "Honey! My cards are gone! What should I do? What should I do?!"

The other end of the phone was silent.

Even Arianna, who was entirely in on this, could not help but secretly praise her mother when she saw how fast Eloise got into character. She did deserve to be the best actress.

Besides her expressions, even her voice sounded anxious and worried.

No one would think that she did anything.
