Spoiled by Mr. Russell Chapter 803

"Dad, I've given this some thought, and I can't be blamed.I have no idea who I offended, and that woman, Naomi, was trying to scam me!"

Damian cried.

After wiping away his tears, he continued.

"All of them set me up for this!" Joseph said, waving his hand, "That's enough.Naomi's allergies were obvious, and they couldn't be faked.I also saw the photos and videos, and I can tell you those are real.There's even the report from the hospital..."

"Maybe it's all part of her plan!"

Damian interjected hastily.

"She added an allergen to the perfume just to frame me!"

Joseph threw him a glance and took a seat on the couch.

"Why would she do that to you? Do you have beef with her? Have you wronged her?"

Damian shook his head.This was something he could not wrap his head around either.
