

Spoiled by Mr. Russell Chapter 804

"Okay.I trust you too!"

Joseph nodded.

"Think about it carefully.Did she hold a grudge against you because you made a mistake when discussing the endorsement with her? For example, you refused to meet some of her requirements, or she was dissatisfied with the fee paid to her."

Joseph pondered it, 'Could it be that something went wrong during their discussion, and it wasn't rectified in time because he thought it wasn't a big deal? Could they be taking revenge on him because of that?'

"No," Damian recalled the meeting and shook his head.

"It was a pleasant discussion.She said nothing about the endorsement fees and quickly agreed to be our model.During the shoot, everything went well too.She had never requested anything and cooperated well with our team."

Since things were going swimmingly, Damian didn't give it much thought, much less anticipate that it would deal him a fatal blow.

"That's weird."

Elizabeth, who was listening in on their conversation, straightened her back.

"I know!"

"you know?"

Joseph was doubtful.
