

## Spoiled by Mr. Russell Chapter 814

"It's true you've never said it, but that's what you're thinking!"

Eloise angrily smashed a plate.

"No wonder you looked at me funny when you came back. You were struggling to decide whether to ask me, weren't you? Oh, Joseph, is this how you see me after we've been married all these years? "I've devoted my life to the Tanner family, and I kept quiet when you started keeping a mistress and bringing her son to run the show. Yes, I did complain about it once or twice, but how could you suspect me?"

She sobbed as she spoke and swept the dishes off the table onto the floor.

"Why? Do you want me to go to jail on your precious son's behalf? Sure, why not? I know that model, and I conspired with her to frame your son and bring destruction to you, the Tanner Corporation, and our whole family, okay?"

Judging from what she said and her tone, Joseph knew she only said it out of spite. He quickly tried to coax her.

"Okay, I shouldn't have asked you, all right? Look at yourself. Ari is still here, okay?"
